Tom,

Ms. Ramos called today to see if you can make a phone call to the Senate or fax a letter to the Senate regarding AB327. I explained to Ms. Ramos I would send this on to you, and in the future she needs to make requests such as this further in advance.

Juliene

Subject: URGENT Please write a letter to oppose AB327 unless amended

Dear Honorable Mayor Tom Owings,

I am writing to request that you write a letter to the Office of the Governor, and the State Senate, to oppose Assembly Bill 327 (AB327) unless amended to protect the investments that have been made in solar energy. The bill will allow the utilities to unfairly target solar producers. The proposed bill is going in front of the Senate this Friday, and time is of the essence. If passed as currently written, AB327 will flip the economics that solar generators signed up for, and change the rules of the game for all 150,000 California homeowners, schools, businesses, and municipalities that have invested in solar. If passed as currently written, this bill will forever create uncertainty in solar power and will kill the industry. I have attached a template letter that you can easily put onto your personal letterhead which addresses the issues of AB327, and request that existing protections for solar generators are to remain intact. Please protect the interests of all your constituents and local businesses by writing a letter to the Governor and Senate to oppose this bill unless amended to protect the investments that have been made in solar energy in the State of California. Thank you for your time and consideration, I look forward to hearing from you soon. Have a beautiful day!

For more information on the impacts of AB327, visit www.SaveOurSolar.com

Subject: Injury collision with road closure

Good afternoon,

About 1220 hours, officers responded to the intersection of Cactus and Heacock reference an injury accident involving two vehicles. The driver of the first vehicle, a 63 year-old male, suffered minor injuries and declined medical attention at the scene. The occupants of the second vehicle had to be extricated from their vehicle by the Fire Department. A 40 year-old female suffered unspecified injuries to her lower extremities and a 3 year-old male passenger appeared to be uninjured. Both were transported to Kaiser hospital for examination and treatment. The intersection was closed until about 1:45 PM while the accident was investigated and the roadway was cleaned up. It does not appear that alcohol or drugs were a factor in this collision.

Subject: Major injury and fatal accident updates

Good afternoon,

As you are aware, we experienced two separate major injury accidents yesterday. The victim in the first collision, a 63 year-old man, is still in critical condition at a local hospital. His prognosis is unclear. The second victim, a man believed to be in his 40's or 50's, did not survive his injuries. Both drivers involved in these collisions were found to be driving on suspended or revoked driver's licenses. Although alcohol and/or illegal drugs are not believed to be a factor in either case, prescription medications may have played a role in one or both collisions. The drivers will be charged with the appropriate criminal violations based on toxicology results. Neither driver should have been operating a motor vehicle because their driving privileges were suspended/revoked. Both drivers will minimally be charged with that vehicle code violation.

RE: City Council Appointment of Yxstian Gutierrez on September 24, 2013 in violation of the Brown Act

Greetings:

This letter is to call your attention to what I believe was a **substantial violation** of several central provisions of the Ralph M. Brown Act which jeopardize the finality of the action taken by the Moreno Valley City Council on September 24, 2013. I hereby submit this letter on behalf of concerned area residents and Residents for a Livable Moreno Valley.

At that meeting, the agenda item read: "G.1 Consider the Procedural Option to Fill the Vacancy on the Council in District 4 and Take Possible Action to Fill the Vacancy (Report of: City Attorney Department." The agenda recommendations stated the same. The Staff Report for this item cited the options of the City Council to fill the council vacancy: 1) appoint a successor for the unexpired term; or 2) call a special election to fill the vacancy. Gov. Code § 36512. There was zero discussion of potential candidates to fill the vacancy.

Yet, when this agenda item came up, it became apparent that an individual, Mr. Gutierrez, had already been considered and selected to fill this vacancy. Mayor Owings called for someone to make a motion to fill the City Council vacancy caused by the resignation of Councilman Co. Councilwoman Baca nominated Gutierrez, and Mayor Owings immediately called for a vote. Mayor Owings, Councilman Molina, and Councilwoman Baca voted to appoint Gutierrez, who was in the audience and who was immediately sworn in. Gutierrez was also there with a typed speech regarding the appointment.

Councilman Stewart rightly questioned how Gutierrez was selected, appointed, and came prepared with a typed speech given the allegedly impromptu nomination. It is clear that the nomination and appointment of Gutierrez was coordinated in private by the Mayor and two council members, without notice to or the knowledge of the public.

The action taken was not in compliance with the Brown Act for several reasons. First, there was no notice to the public on the posted agenda for the meeting that Gutierrez in particular would be discussed for appointment and/or appointed. Additionally, it appears that the action taken to appoint Gutierrez occurred prior to the September 24th hearing via secret meeting by a majority of the council including Mayor Owings, Councilman Molina, and Councilwoman Baca. There was no notice of this meeting and it quite obviously occurred outside of the public hearing, contrary to the Brown Act's presumption in favor of public access.

As you are aware, the Brown Act creates specific agenda obligations for notifying the public with a "brief description" of each item to be discussed or acted upon, and also creates a legal remedy for illegally taken actions—namely, the judicial invalidation of them upon proper findings of fact and conclusions of law.

Government Code Section 54952.2 defines a "meeting" as any congregation of a majority of members of a legislative body, and prohibits such a meeting from occurring outside of a public hearing where the matter discussed is within the subject matter jurisdiction of the legislative body. Such a wrongful meeting may occur through communications of any kind to discuss, deliberate or take action on any item of business that is within the subject matter jurisdiction of the legislative body. It appears that a meeting by Mayor Owings, Councilman Molina, and Councilwoman Baca occurred outside of a public meeting authorized by the Brown Act in which the Council discussed appointing Gutierrez to the vacant Council seat.

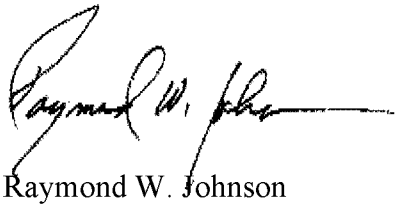
Government Code Section 54952.6, also defines "action taken" as "a collective decision made by a majority of the members of a legislative body, a collective commitment or promise by a majority of the members of a legislative body to make a positive or negative decision, or an actual vote by a majority of the members of a legislative body when sitting as a body or entity, upon a motion, proposal, resolution, order or ordinance." Again, it appears there was "action taken" here by a majority of the Council, Councilman Stewart excluded, in violation of the Brown Act.

Pursuant to Government Code Section 54960.1, I demand that the City Council of Moreno Valley cure and correct the illegal appointment of Yxstian Gutierrez.

Corrective action should include the formal and explicit overturning of any appointment made. The public should then be provided a full opportunity for a vote to fill the vacant council position. At a minimum, notice and a full opportunity for public comment regarding any such appoint to fill Co's vacant council seat must be provided. Moreover, any and all documents in possession of the City of Moreno Valley, the Mayor, and council members concerning any appointment must be made available to the public prior to any meeting concerning such appointment.

As provided by Gov. Code Section 54960.1, you have 30 days from the receipt of this demand to either cure or correct the challenged action or inform our office of your decision not to do so. If you fail to cure or correct as demanded, such inaction may leave no recourse but to seek a judicial invalidation of the challenged action pursuant to Section 54960.1, in which case I would seek court costs and reasonable attorney fees in this matter, pursuant to Section 54960.5.

Sincerely,



Raymond W. Johnson

Subject: Dollar Tree robberies- arrests

Good morning,

During the past two weeks, we have investigated at least three robberies or attempted robberies involving the Dollar Tree store at Perris x Cottonwood. On Saturday 10-05-13, about 5:15 PM, an officer made a vehicle stop in the area of Perris X Cottonwood.

The officer soon learned the occupants of the vehicle were brothers involved in a local criminal street gang. The driver did not have a valid driver's license. Both subjects were detained and the vehicle was searched. A loaded handgun was found inside the vehicle.

Ultimately, the suspects confessed to committing three armed robberies involving the Dollar Tree store, including the robbery early Saturday morning. Both suspects were booked into RPDC on multiple counts of armed robbery and gang enhancements. Multiple search warrants will be served to further this investigation.

Joel

Subject: Prostitution Operation - Sunnymead Blvd.

Good afternoon,

The MVPD POP Team, supported by the other units in the Special Teams Division, conducted a prostitution operation on 10-10-13 between the hours of 12:00 noon and 10:00 PM. Using hotel rooms donated by the Comfort Inn (23330 Sunnymead Blvd) undercover officers arrested 19 men who solicited an undercover female officer for prostitution. Two women were also arrested when they solicited an undercover male officer. Of the 21 people arrested, four attempted to barter using marijuana instead of cash as payment. They each were charged with possession with intent to furnish marijuana, a felony. A total of 5 ounces of high quality marijuana was seized. Suspects arrested reside in communities throughout Southern California, including Menifee, Perris, Riverside, Moreno Valley, Eastvale, Lake Elsinore, Tustin, Ontario, Burbank, Victorville, and Alta Loma.

The four suspects arrested for furnishing marijuana were booked into RPDC. The remaining suspects were released with a citation for solicitation of prostitution.

On May 15, Ms. Morales and her daughter Liana Jordan came to City Hall requesting to meet with Council Member Molina.

Ms. Jardon stated when her parents purchased the property they were not aware that the patio had not been permitted. She stated they received a Citation C06639 for unpermitted patio, landscaping, and inoperable vehicles in public view.

Ms. Jardon stated the patio has since been permitted and the landscaping is fine. She stated James Verdugo, Building Inspector, has confirmed the corrections. She stated Summer Looey, Permit Tech, advised that they made an agreement and still owe $100. Ms. Jardon stated they did not make any agreement.

Ms. Morales stated she is very frustrated and feels they are being singled out. She stated she has met all of the city requirements and the property looks better than the others in the neighborhood. She would like to resolve the matter and requested to meet with Council Member Molina. She stated she is available on Mondays and Thursdays.

Council Member Molina requested Mayor Owings be invited to attend the meeting

Subject: Media Inquiry: 10/22 Agenda Report

Honorable Mayor and Council Members,

PE Reporter Suzanne Hurt contacted our Office just before 5 p.m. this afternoon regarding Item A-10 on the Council's 10-22 meeting agenda. While the item is a routine update to the City's Records Retention Policy (agendized by the City Clerk), Ms. Hurt's line of questioning implied that the City was intentionally destroying records in an attempt to conceal them or preclude release.

Specifically, Ms. Hurt referred by name to the attorney representing several laid-off employees (Paul Early, Anne Schneider and Albert Brady) and asked if records were being destroyed in association with pending litigation…so they would not be available. I responded clearly and directly that this had nothing to do with litigation and would not affect records associated with matters of litigation. I also stated that such an allegation is "preposterous."

Although this is the first time I've seen a newspaper reporter inquire about a routine update to an organization's Records Retention schedule, we wanted to make you aware of the pointed line of questions being directed toward this item. Ms. Hurt indicated that she will contact Jane on Monday to discuss in greater detail.

Respectfully,

Tom

Subject: Cassie McDuff/Press Enterprise

Mayor Owings, Mayor Pro Tem Molina & Council:

I spoke to Cassie McDuff this afternoon and covered the items below. I made it clear that Council meeting videos would not be destroyed, "videos are too valuable to our public as well as staff." I also discussed the Code Compliance Case retention, reiterating that if there is an investigation or involved in litigation it would be placed on hold. Records destruction was also discussed and I informed her how the process works. Employees do not shred documents without authorization.

Topics covered:

- Retention on: emails, code violations, videos, (videos will not be destroyed), audios (gave her an example of recordings for Closed Session before and after meeting)
- Code Compliance Case Files retention – 5 year retention, but if there is an investigation or involved in litigation it would be placed on hold
    - Who advises? City Attorney
- Emails may be destroyed right away if they are transitory; emails with informational content are printed for future reference
- Investigations – only FBI
- Active Records Requests – City Clerk's Department estimated 11 active at this time
- Revisions of Retention Schedule
    - She asked why now, I informed her this was in the works for over 1 year
- Process on shredding documents, process and approval from Dept. Head, CA, & Clerk
    - Sometimes departments will shred their own documents, other times more cost effective for off-site storage to perform this function
- Will send her copy of Email policy
- Attorney General Opinion Consultant references
- Media Options Legend (these are on the retention schedule under Media Options)

Let me know if you have any questions.

Thank you.

Subject: Update on investigation, subpoenas, etc.

City staff: I want to continue updating you on what little I do know about the investigation that began last May with the search warrants served at the residences of our Council Members (the ones in office at that time) and others. Subpoenas were delivered to the Clerk's Office today for documents related to the items listed below (most of which, the Clerk indicates, have already been provided to them). In addition, I was served with a subpoena to appear before a grand jury next Wednesday, as was Tom DeSantis. Our testimony is being requested just as witnesses.

Also, some in the media have tried to make an issue of an item on tonight's Council agenda; it is a routine update by the City Clerk of the City's record retention policy. This is done every few years to keep current with technological advancements and to comply with State law. Other cities do this as a routine update as well. Prior year updates were approved by the Council in 2003 and again in 2007. An outside consultant has been working on this update for over one year, obviously well before any investigation began. Tonight's item is on the consent calendar, as was the previous update. The City Clerk will be pulling this item from the agenda and preparing a comprehensive report to present to the City Council at a later date when the consultant can attend and provide information regarding this routine update. I don't know if the record retention update prompted today's influx of subpoenas, but as always the Clerk's Office and City staff will comply fully in providing copies of these items.

I apologize for any distraction and thank you for your continued hard work serving the City of Moreno Valley.
--Michelle

Items subpoenaed today included the following:

1. All documents relating to the following development projects in Moreno Valley: Any development by Ridge Property; Project Numbers P08-133; PA08-0098; PA10-0017, PA08-0097; and PA09-0022.

Good afternoon,

Attached you will find the award nomination for MVPD Deputy Richard Dixon. The annual Trauma Intervention Program "Heroes with Heart, Top Cop" award was created in memory of fallen Riverside County Deputy Sheriff Kent Hintergardt. Deputy Hintergardt was murdered in the line of duty while handling a domestic dispute in May 1993. The award is given to a law enforcement officer who has gone beyond the call of duty and shown extraordinary care and compassion for citizens in crisis. I am extremely proud to inform you that Moreno Valley SET Gang Deputy Richard Dixon has been selected as the 11th annual recipient of this prestigious award. I will work with Kandace to get this on the special presentation calendar for an upcoming council meeting.

MVPD has the honor of displaying the perpetual trophy for the next year. Please take a moment to read the compelling award nomination attached.

Thanks,

Joel

City of Moreno Valley

Council Summary

Michele Patterson, ATCM, 10/23/13 - from email by Chief Ontiveros:

Deputy Chico is handling this case and is working with the detective bureau in trying to track down the ex-tenants, who are the alleged suspects. Mr. Wang does not have a forwarding address for the ex-tenants, so it is going to take a little work. On another note, the Burglary Suppression Team is currently investigating a previous burglary that Mr. Wang reported, so he should be reassured that we are fully investigating all of his calls for service. I would encourage Mr. Wang to contact the police department directly in the future if he has concerns about the progress of any investigations he is involved in. If he does not feel he is getting satisfaction from the deputy, he should ask to speak to a sergeant. We are very accommodating and have no problem answering questions about anything we can legally discuss. In any event, contacting us directly is the most expedient way for him to get answers to his questions.

Sgt. Bright spoke with Mr. Wang and advised him we are still conducting follow-up on the MV132810119 case. He also explained that we referred MV121420129 to BST and are taking another look at the case. Sgt. Bright told him he would contact him on Monday when he returned to work to provide an update to the investigations. Mr. Wang was very appreciative and said he looked forward to speaking to Sgt. Bright in the future.

We will continue to work with Mr. Wang to resolve his cases.

Case Information

Issue Category: Police Adminstration

Issue: **Other**

Council District: 4

Issue Description: Please investigate Mr. Wang's complaint on behalf of Mayor Owings and Council Member Guiterrez, contact Mr. Wang, and advise the outcome.

Mr. Wang stated he owns several rental properties in Moreno Valley. He requested to meet with the Mayor to discuss his concerns regarding the Police Department's responses to past and recent complaints.

Mr. Wang recently evicted a tenant from one of his properties located at 24512 Beal Ave. (District 4). He stated the tenant stole $3,000 of fencing material and a stove. He stated a neighbor witnessed the former tenant breaking into the property. He stated the former tenant resides with two blocks of the Beal property. He stated he has filed a police report – MV132810119. He stated in the past he felt that PD did not pursue his complaints, and he is concerned they are not addressing his most recent complaint.

Hi Cindy,

There has been one cancelation for the upcoming Traffic Commissioners Workshop and I wanted to extend the opportunity to City Council. The workshop is on 10/26/13 (Saturday) from 8:00 am – 4:00 pm in Buena Park. Please see the attachments for additional information. If one of the council members would like to attend, please, if possible let me know by 4:00 pm today.

Thank you,
LaSonja

Subject: 2013 Traffic Commissioners Workshop Registration

Hi CTE Members,

I am excited to announce CTE's upcoming **Traffic Commissioners Workshop**. The purpose of the Workshop is to provide participants with information relevant to traffic issues in their communities. One or two professionals with traffic engineering, public service, or enforcement experience will present each session. It will be interactive, fast-paced, and loaded with practical knowledge.

The workshop is scheduled for **Saturday, October 26th** from **8:00 am to 3:30 pm**. The City of Buena Park has graciously offered to host the workshop in Heritage Hall at the Ehlers Community Recreation Center (8150 Knott Avenue, Buena Park, CA 90620).

The registration fee for the workshop is $80 which includes a continental breakfast, lunch, refreshments, and a reference binder ($40 for students). The deadline to register is October 17th.

A registration form and instructions for payment are attached to this e-mail. Should you have any questions about the workshop, you can reply to Scott (sma@hartzog-crabill.com) or me (edunlap@dpw.lacounty.gov).

Please pass on my e-mail including attachments to anyone you feel might be interested in the workshop.

Subject: Update

Good afternoon,

Here is a recap/update of all the cases we have in progress related to the recall effort:

· MV132040186 – Allegation that an adult male vandalized a car belonging to an adult female. The case has been submitted to the DA. As of 10-23-13, the case is still under review and charges have not yet been filed.

· MV132040209 – Allegation that an adult female was involved in the theft of anti-recall signs – same incident that spawned the alleged vandalism listed above. Elements of the alleged crime do not exist, DDA agrees the allegation is unfounded and no charges will be filed.

· MV132490077- Allegation that unknown suspect(s) stole or vandalized more than 100 signs around the city. Citywide camera system did capture footage of 3 incidents, but the video was not sufficient to make an identification of the suspect. This case is currently suspended for lack of suspect information.

· MV132490171 – Allegation that an adult male and an adult female stole three anti-recall signs. Photos were taken of the suspects and their vehicle by witnesses. Case submitted to the DA who filed 3 counts of theft against the suspects; arraignment is scheduled for 11-08-13.

· MV132850106 – Allegation that an adult male battered an adult female and stole her purse during a public meeting at a local school site. This investigation is continuing. There were numerous people present and interviews are still being conducted to obtain all available witness statements.

Subject: SWAT search warrant

Good afternoon,

On September 5, 2013, MVPD Patrol and SET deputies investigated a gang-related attempted murder in the area of Gentian and Lasselle. This shooting was later determined to be one of the catalysts that ultimately led to the murder of 6 year-old Tiana Ricks. SET deputies continued the investigation into this case and ultimately identified two suspects. Through extensive investigation, they tracked one of the suspects to an apartment in the city of Riverside. The SET Team conducted extensive surveillance on the apartment to determine if the second suspect was also hiding out in the apartment. Eventually, they confirmed that both suspects in the attempted murder were holed up in the apartment. Because of their obvious propensity for violence and the belief that they were armed, the decision was made to have the Sheriff's SWAT Team serve a search warrant on the apartment.

This morning about 4:30 AM, the Special Enforcement Bureau- SWAT Team served the warrant on the apartment in the 6500 block of Doolittle Avenue in Riverside. After a brief standoff and the use of two flash-bang devices, the suspects surrendered to deputies and were taken into custody without incident. A search of the apartment by SET Team members revealed several grams of methamphetamine and more than 100 prescription pain pills.

The suspects are identified as follows:

Monte Walker (20) - Booked for attempted murder, possession of methamphetamine for sales, and gang enhancements

Jeron Hall (18) - Booked for conspiracy/attempted murder, possession of methamphetamine for sales, and gang enhancements

Leonard Harbor – (19) Booked for possession of prescription pain meds without a prescription, conspiracy, and gang enhancements

The investigation is ongoing, but today's events help bring the case much closer to conclusion.

Subject: WEST PACT (AB 109) Task Force activity

Good morning,

During the month of September 2013, the AB 109 WEST PACT Task Force conducted operations in Moreno Valley on six separate occasions. During those operations, task force members conducted 27 checks on parolees/probationers living in Moreno Valley and one pedestrian check for a total of 28 contacts in September.

- On September 6th, they arrested/booked a probationer on Dream Street for being under the influence of a controlled substance and for possessing ammunition.
- On September 12th, they arrested/booked a probationer/gang member for interfering with their probation search at his residence on Running Deer Rd.
- On September 17th, they discovered evidence of drug possession and probation violation at a residence on Bello Way. The suspect was not present, but an arrest warrant has been requested.
- On September 19th, they conducted a pedestrian check at Atwood x Perris and arrested/booked the subject for 5 felony arrest warrants.
- On September 27th, they arrested/booked a probationer for possession of ammunition at a residence on Hawthorne.
- On September 27th, they arrested a parolee wanted by MVPD for identity theft at a residence on Victor.

August 29
Well, this does explain why Tom Owings is so intent on keeping Richard Stewart out of the loop. Seems fishy to me. Isn't this how Law Enforcement works? Take somebody you have something on and get them to turn on the others in exchange for immunity. I don't know, but I'm just saying.....

MORENO VALLEY: Investigation spreads to City Hall documents; Stewart says he is 'not a target'
www.pe.com
Councilman Richard Stewart says he is no longer a target of the federal corruption investigation, while agents have subpoenaed some

http://www.pe.com/opinion/editorials-headlines/20130925-editorial-explain-hubristic-appointment-to-moreno-valley-council.ece

Meli Van Natta · Top Commenter · Owner/Broker at Rancho Belago Realty
I have been taking a "wait and see" position regarding the actions of this Council, urging restraint until the investigations were completed, but this action really strains my resolve. To deny one Council Member's right to participate in the process is unconscionable, and will do more to further the recall effort than anything the petitioners could have done themselves.

October 7
Having written on this subject before, I remain convinced that there MUST have been some prior discussion or agreement on the appointment of Mr. Gutierrez. It would strain credibility for it to have happened any other way. Mayor Owings is not the type of person to blindly agree with Mrs. Baca's choice of a candidate absent any prior knowledge. However, it is very likely that, knowing the rules of the Brown Act, those were the only two people who discussed the appointment of Mr. Gutierrez in advance of the meeting, feeling that it was not likely that Mr. Molina would vote against them. As I have said before, the APPEARANCE of impropriety is to be avoided when one's integrity is already being questioned.

https://www.facebook.com/askmeli

Meli Van Natta @askmeli 10 Oct

@**SuzanneHurt** I hope Jesse Molina starts using his own mind instead of going along with Owings and Baca on everything.

https://twitter.com/askmeli

Meli Van Natta But if only Baca and Owings are recalled? Molina and Gutierrez were both supported by Baca, would they choose another of her friends? And two against one, would they outvote Stewart? Or would they, out of an abundance of caution, choose someone less controversial? Tune in next week for the next installment of "As the Council Churns."

Subject: State Controller's Office Audit of RDA/Successor Agency

Mayor, Mayor Pro Tem and Members of the City Council:

Last week, the City was notified by the State Controller's Office that their auditors will begin a comprehensive Asset Transfer Review of the former RDA and the Successor Agency on Monday November 4th. This is a routine review of all RDAs throughout the state that City staff has been expecting. The review will take about two weeks to complete. The purpose of the audit is to determine whether the disposition of the former redevelopment agency's assets were in compliance with Assembly Bill X1 26. Based on news reports of reviews of other Cities/former RDAs, the review will be thorough and in-depth to ensure all assets transferred, accounting and payments have been performed within the context of the law and subsequent interpretations of the law. Please know that the outcome of these audits at other cities has oftentimes resulted in the State Controller's Office issuing information to the media regarding RDA/CITY fund transfers, etc. As an example, the P-E printed the following story based upon information from the audit done at the City of Riverside:
http://www.pe.com/local-news/politics/jim-miller-headlines/20130516-redevelopment-state-audit-faults-riverside-on-asset-transfers.ece

Rick Teichert will update you on the progress of the review and any significant issues that may occur during the course of the audit work.

Subject: Town Hall Meeting

Greetings Mayor & City Council Members,

As part of the City of Moreno Valley, Rising Stars Business Academy YouthBuild Charter School wants to thank you for serving as our Mayor and Councilmembers. Rising Stars Business Academy (RSBA) is a 501(c)3 non-profit organization in the city of Moreno Valley, CA. In order for the students to get their WASC accredited High School Diploma, RSBA partnered with YouthBuild Charter School of California (YCSC).

Since the beginning of the year, September 3rd, the students projects all revolved around the essential question which is "What are the needs of our community?" At the end of every trimester the students are required to participate in the culminating project in order to receive full credit. This trimester the students want to coordinate a Town Hall Meeting.

We are scheduled to have a Town Hall Meeting at our school on Thursday, November 14th at 11:00AM. It is essential to have our City, County, District & State officials present. We would love to have you present at the meeting. The students have been studying the importance of the Mayor and Councilmembers. All next week the students will formulate questions that will be directed toward the symposium guests.

We understand that you must be really busy, but it would be of great honor to have you present at the meeting. We want this to be a great educational experience for our students and allow you to hear from firsthand what the youth in your city feel is a concern and need more attention. In appreciation, there will be a catered lunch for all of our honorary guests.

Thank you for taking the time out to read this message and if you can please notify me by November 6th if you or a representative can attend to address the youth.

Respectfully,
Benedito Orduno

Subject: Sheriff's Academy Graduation - Invitation

Good afternoon,

The graduation ceremony for the Sheriff's Basic Academy Class 191 will be held on November 21, 2013 at 6:00 PM. The ceremony will be held at The Grove Community Church located at 19900 Grove Community Dr., Riverside, CA 92508.

I'd like to invite you to attend this special event and watch as newly minted peace officers are sworn in. The ceremonies are impressive and reflective of the sacrifices made by both the academy recruits and their families during six months of arduous training. Recruits from several agencies will receive their badge of office during the ceremony. Hundreds of family members and supporters will be present, but don't worry, there is plenty of seating available. I look forward to seeing you there!

Subject: MVCEA Ratification Vote

Honorable Mayor and Council Members,

Following recent approval of a Tentative Agreement by the Moreno Valley City Employees Association Board and the City Council, a ratification vote for all MVCEA members has been scheduled for Thursday.

At this point, some controversy has been generated by employees who appear to oppose the re-opening of the Public Service Counter on alternating Fridays. MVCEA will inform us of the vote tally on Thursday; we will keep you fully informed.

Respectfully,

Tom

Subject: MVCEA Ratification Vote

Honorable Mayor & City Council Members,

The Moreno Valley City Employees Association just informed me that the Tentative Agreement was ratified today by a vote of its members. The final vote was 105 in favor and 50 opposed.

Next week, the Management Team will Meet & Confer with the Moreno Valley Management Association Board.

Respectfully,

Tom

Answer to Grounds for Recall by City Councilman Tom Owings:

DON'T SIGN THIS PETITION. There are NO valid reasons for this Recall. Nothing has happened since the November Election to justify the recall of Mayor Owings – a mere six months ago. It is the ANTI-JOB recall supporters' unfounded allegations which are embarrassing and shameful.

DON'T LET THEM STOP OUR MAYOR. The Mayor was candid with voters and did what he said he would do. He has delivered on his promises to create new jobs, balance the budget, increase graduation rates, and appoint new management with new vision at City Hall. The Mayor may be too blunt or too passionate for some but that's not a reason to remove him from office.

VOTERS NEED TO STOP THIS INSANITY! No elected official should ever be fearful of taking a firm stance or making an unpopular decision for fear of being removed from office by a frivolous and costly Recall.

VOTERS SHOULD REFUSE TO SIGN this Recall Petition and demand supporters stop this dishonest recall.

This is something we should all be able to agree on - - because it is the right thing to do and because it is the fair thing to do!

PETITION FOR RECALL

TO THE HONORABLE COUNCIL, of the CITY of MORENO VALLEY.

Pursuant to the California Constitution and California election laws, we the undersigned registered and qualified electors of the Third Council District, of the City of Moreno Valley, County of Riverside, California, respectfully state that we seek the recall and removal of Thomas Owings, holding the office of Councilmember for the Third Council District, of the City Moreno Valley, in the County of Riverside, California.

We demand an election of a successor to that office.

The following Notice of Intention to Circulate Recall Petition was served on the Twentieth Day of June, 2013 to Thomas Owings.

NOTICE OF INTENTION TO CIRCULATE RECALL PETITION

TO THE HONORABLE Thomas Owings: Pursuant to Section 11020, California Elections Code, the undersigned registered qualified voters of The City of Moreno Valley, Council District Three, in the State of California, hereby give notice that we are the proponents of a recall petition and that we intend to seek your recall and removal from the office of City Council Member Council District Three, for the City of Moreno Valley, California, and to demand election of a successor in that office.

The grounds for the recall are as follows:

You have failed to meet the expectations of the electorate and have brought shame and embarrassment upon our City.

The printed names of the proponents are as follows: Alicia Espinoza, Jose Luis Espinoza, Joan Givens, Craig Givens, Craig Givens, Byron E. Johnson, Barbara Jean Johnson, Maria Elena Encinas, Lisa Encinas, Kyle Kollar.

The answer of the officer sought to be recalled is as follows:

DON'T SIGN THIS PETITION. There are NO valid reasons for this Recall. Nothing has happened since the November Election to justify the recall of Mayor Owings - a mere six months ago. It is the ANTI-JOB recall supporters' unfounded allegations which are embarrassing and shameful.

DON'T LET THEM STOP OUR MAYOR. The Mayor was candid with voters and did what he said he would do. NOTICE OF INTENTION TO CIRCULATE RECALL PETITION

TO THE HONORABLE THOMAS OWINGS: Pursuant to Section 11020, California Elections Code, the undersigned registered qualified voters of The City of Moreno Valley, Council District Three, in the State of California, hereby give notice that we are the proponents of a recall petition and that we intend to seek your recall and removal from the office of City Council Member Council District Three, for the City of Moreno Valley, California, and to demand election of a successor in that office.

The grounds for the recall are as follows:

You have failed to meet the expectations of the electorate and have brought shame and embarrassment upon our City.

The printed names of the proponents are as follows:

Alicia Espinoza, Jose Luis Espinoza, Maria Elena Encinas, Lisa Encinas, Carolina S. Diaz-Ramos, Roberto A. Velasco, Lindsay J. Robinson, Byron R. Johnson, Barbara Jean Johnson, Lauretta Jean Phillips, Mary Kimberlin, Darrin Hammond, Joe Brobowsky, Joan Givens, Craig Givens, Linda Gilbert-Williams, Musna S. Locke, Kyle Kellar, Janice Babler, Terri Hall, Michael Mandelbaum, Tracy Mandelbaum, Jesus Ramos, Roberto Benavidez.

A copy of this notice and proof of service will be filed with the City Clerk for the City of Moreno Valley.

MV00243122

This petition is done in Times New Roman 8 point font, with ½" margin on both right and left sides and ½" along page bottom. 1" margin at the top of the page.

Residential address for Tom Owings removed based on laws governing non- publication of elected officials residential addresses.

Ten proponents selected at our choosing as stated in elections code section 11041 (a) (2).

The "answer" by Tom Owings has been included in the petition as a "courtesy," as Tom Owings failed to personally sever a proponent of the recall via personal service or through certified mail as required under elections code section 11023 (b). Any mailing by your office be it certified or not which is called a "courtesy," does not equal personal service of service by certified mail by the official whose recall is being sought.

Re: Notice of Intention to Circulate Recall Petition – Mayor Tom Owings

Dear Mr. Givens:

This is to inform you that the Notice of Intention to recall Mayor Tom Owings has been found to be valid. The incumbent's "Answer" to the Notice of Intention to Circulate Recall Petition has been filed with my office on June 27, 2013. I've enclosed a copy for your convenience.

Please note according to EC 11042, within 10 days after filing the Answer to the Notice of Intention, the proponents shall file two blank copies of the petition form along with the proof of publication of the Notice of Intention to Circulate Recall Petition with the Elections Official. The recall petition process is outlined in EC 11040 through 11047.

Let me know if you have any questions.

Sincerely,

Jane Halstead
City Clerk

June 23, 2013

Answer to Grounds for Recall by City Councilman Tom Owings:

DON'T SIGN THIS PETITION. There are NO valid reasons for this Recall. Nothing has happened since the November Election to justify the recall of Mayor Owings – a mere six months ago. It is the ANTI-JOB recall supporters' unfounded allegations which are embarrassing and shameful.

DON'T LET THEM STOP OUR MAYOR. The Mayor was candid with voters and did what he said he would do. He has delivered on his promises to create new jobs, balance the budget, increase graduation rates, and appoint new management with new vision at City Hall. The Mayor may be too blunt or too passionate for some but that's not a reason to remove him from office.

VOTERS NEED TO STOP THIS INSANITY! No elected official should ever be fearful of taking a firm stance or making an unpopular decision for fear of being removed from office by a frivolous and costly Recall.

VOTERS SHOULD REFUSE TO SIGN this Recall Petition and demand supporters stop this dishonest recall.

This is something we should all be able to agree on - - because it is the right thing to do and because it is the fair thing to do!

Subject: Meetings with City Managers today re: public safety options

Mayor, Mayor Pro Tem, and Members of the City Council: Following up on the effort to explore any possible options for cost sharing, etc. for public safety services, I have meetings scheduled with several City Managers today and tomorrow to discuss this effort. Tom DeSantis and I are meeting with the managers from several surrounding cities per the schedule noted below. From the Strategic Policy Partnership we will have with us Bernard Melekian, the former Chief of Police in Pasadena and most recently the Director of the U. S. Department of Justice's Office of Community-Oriented Policing. The purpose of these meetings will be to discuss each city's current and future budget status as it relates to public safety, request data for Strategic Policy Partnership's use, and identify the level of interest in reviewing any options.

Monday July 29th
City of Temecula
City of Wildomar
City of Hemet
City of Menifee

Tuesday July 30th
City of Murrieta
City of Lake Elsinore
City of Canyon Lake
City of Banning
City of Calimesa

The City Managers from Perris and San Jacinto were unable to meet this week but I have had conversations with them and they are forwarding the requested data from their cities. The City of Beaumont declined to meet.

Subject: Meeting w/ Mr. Sopher

Rick:

My 2nd meeting w/ Mr. Sopher was shorter than the first, but he did not leave as satisfied as the first time. He has worked his appeal of the false alarm citation thru the City & PD as much as he can and has been denied a dismissal of the citation. I told him that if he was still not satisfied that his best recourse was to contact a Councilmember b/c the City Council created the ordinance, the PD followed it, and staff on both sides have exhausted their abilities to help him further. He said that he intends to ask for the Mayor's help or initiate a class action law suit. I understand from Cindy Miller that he has already requested a meeting w/ the Mayor.

His primary contention is that the PD has altered their call log so that it does not document that the officer responding to the false alarm call was waived off within 1 minute of arriving at his house. He claims to have a copy of the call log obtained last Thursday that is different than the one shown to him today. He preferred to not give me a copy of his documentation so that I could share it with the PD; I suggested that he give it to the Mayor to share with the PD in a last attempt at a non-political and non-legal resolution.

Several facts would need to be understood prior to substantiating his claim. For example, he claims his alarm company called the PD twice, not once, but the PD altered their logs to delete the first call so that the second call was clearly after the officer arrived at his house. Clock differences between the PD and the alarm company. Why the officer chose to cite him: because she responded to the call or because she found additional cause once she was there.

He is also concerned about various other aspects of his interaction with the City. Below are some of the themes he mentioned more than once.

Lack of ability amongst City & PD staff to accurately direct him to responsible parties for false alarm citations; he didn't appreciate the bureaucratic finger pointing and the travel required among buildings to search for the correct staff to talk to.

Lack of ability amongst City & PD staff to thoroughly describe the appeals process and the basis for filing, granting, or denying an appeal. His contention here is that due process was denied because he could not ascertain the above information to help him craft his appeal.

PD requirement to file a public records request to obtain a copy of their call log; he believes it to be a public document.

He mentioned that he looks forward to seeing Rick again on the 21st.

Subject: Stephen Sopher [redacted]
Importance: High

Stephen Sopher would like an answer today. He stopped by to talk to you regarding his visit to you earlier concerning the following:

1. How can one request a criminal investigation concerning the MVPD "Contact Logs" beings altered?
2. Mr. Sopher received a false alarm on July 8, 2013; he returned from out-of-country (has the incoming/outgoing passport stamps to prove) on 7/21 (3 days too late to file appeal).
3. Mr. Sopher's alarm company shows call came in on 7/8 at 2252; Officer Padilla advised Mr. Sopher that the dispatch received a call at 2315 to stand down; a second call from alarm company was made to dispatch at 2316 again to stand down (Mr. Sopher has call log from alarm company)
4. After Padilla advised Mr. Sopher on how to send his appeal in after the fact, today, Rasmussen advised it was denied due to the contact log shows timer was off at 2320, but refused to give a copy of the contact log.
5. Mr. Sopher came to visit Council office for Mayor to look into this issue and was asked by me if he has had the opportunity to discuss with the Chief of Police's office, which he had not, so he went over there and returned after with a copy of the "call log" from Rasmussen. Mr. Sopher will compare to the one he has at home for any alterations after the fact.
6. Mr. Sopher has issues with the Code; watch commanders have advised his HOA (Hidden Springs) to call dispatch for anything out of the ordinary and there will not be any charge for the call for service, although a simple false alarm under the circumstances mentioned above where the officers were to stand down doesn't count for anything and the homeowner is charged. He stated this is an abuse of City Resources. If a proven legitimate false alarm, he doesn't have a problem with, but in this case he does. Also in regards to the noise abatement law, he stated he could have a loud party and the officers could come out as many as three times before actually being cited – he doesn't understand the inconsistencies in one code v. another.

Mr. Sopher also mentioned that he hopes this is not of anything "racial" towards himself, as he is a minority.

Thanks,

Kathy Gross

Tom Owings
Mayor
City of Moreno Valley
14177 Frederick Street
Moreno Valley, CA 92552

Dear Mayor Owings:

It is with great sadness I submit this letter of resignation to you. This letter will serve as formal notification that I am leaving my position with the City of Moreno Valley Planning Commission as of August 13, 2013.

I appreciate the opportunities this position has provided me. I am confident the City of Moreno Valley is in good hands and decisions will continue to be made with great thought, consideration, and benefit to the city. In my short time with the Planning Commission, I have had the opportunity to understand the inner workings of our city. I encourage the community to stay involved, work together, and make the city what we all want it to be. Even though I no longer live in Moreno Valley, this city will always be my home, where I grew up, where I graduated from high school, and where I purchased my first home.

I would like to say thank you to my fellow Planning Commissioners for their help, patience, and differing points of view. We may not have agreed on every project but we did a great job with expressing our opinions without discounting other opinions. I will miss all of you.

If I can be of any assistance during this transition, please let me know.

Sincerely,

Amber Crothers

Subject: Meeting Today Regarding The Contract With Moreno Valley Chambers

Thank you Mr. Terell for sending this communication to me giving the opportunity to the Moreno Valley Black Chamber of Commerce about the meeting today regarding funding contracts with the Moreno Valley Chambers. Unfortunately I left town to go back home on Wednesday for my aunt's funeral in Little Rock, Arkansas and will be returning until next Thursday. Please accept my apology for not be present. One of our Board of Directors, William will attend for the Moreno Valley Black Chamber this evening at 3:00 PM.

We have desired to have a meeting with whomever would meet with us ever since this chamber made decision to not have contract with the city. This was decided because of what was discussed in a city council meeting in 2009 of 2010, if we do not agreed with city council members that stated what we should do or they would agree to continue to give us a contract for those various reasons that they want us to do. We did not for the record say that we was not going to work with the city because we have never stop, we are constantly doing things that the city gets credit for doing and in fact you shook my hand welcoming me to the business round table last month, which I had not gotten from previous director ever. I asked Mayor Tom Owens for a meeting several months ago regarding this after I pasted a note on my business card for meeting and I am still waiting for call for that meeting.

We have been mistreated and negatively talked to and about throughout within the City Hall, city council and community; for other to turn their face toward us as not being a viable organizations. We have willingly gave so much that the city could or would not do to and helped to keep peace and build a city. Not only do we represent the chamber that was founded 02/14/2004 but a foundation that has worked within the city doing working sometimes with several past mayors, since 1986 and the foundation will be 27 years old and now another sister, Moreno Valley Black Chamber Toastmasters Club with former council member and mayor William Batey being one of the charter member that is going 7 years.

Please know that organization starts out of a need that not being met, they have missions, visions and goals to make it happen and they usually are 501(c) 3's or 501 (c) 6's such as the chambers. These organization has gone through IRS to get the nonprofit status that has to abide according to that status that they were granted; not the outside influences that take them off their missions that may cause them to lose their nonprofit status, their funding for grants and sponsors according their giving missions. So please take everything I said above in consideration and know that we will always try to make sure that we are abiding according to the reason why we became an organization in the first place to meet needs that were not met and to make sure we do not jeopardized our nonprofit status(s).

Sincerely,

Linda D. Wright

Subject: Robbery arrest - again

Good morning,

On Tuesday 9-10-13, officers responded to the CVS pharmacy at 25070 Alessandro Blvd reference a strong arm robbery just occurred. Witnesses provided an excellent description of the suspect and MVPD SET Team officers were in the area. Officers spotted the suspect, later identified as Traytwion Fuery (20) of Moreno Valley, and gave chase on foot. After a short foot pursuit, Fuery was taken into custody without incident. Officers discovered that Fuery was out of custody on bail for a robbery at a Moreno Valley Rite-Aid pharmacy. Officers requested and were granted a bail enhancement to keep Fuery in custody. He was booked into RPDC on the new charge of robbery and for committing a felony while on bail. He is being held in lieu of $250,000 bail.

Good Evening Mr. Lucas:

Thank you very much for acknowledging staff's efforts to resolve the issues on Jennings. I am pleased that we were able to address the problem and find a solution.

I'll forward your email to the City Council members, City Manager, and Public Works staff.

Again, thank you.

Cindy

Subject: Street Maintenance

Cindy Miller,

I want to take this opportunity to thank Mayor Stewart, the Street Maintenance Department, and you in resolving my street issue in a timely manner. Over the course of five years, dirt and debris had accumulated at the end of my street, and Street Maintenance couldn't clean it up because my street was never "Accepted" by the City. After speaking with the Public Works Director Ahmad Ansari, and Mayor Stewart I was able to get the ball rolling and your office became

involved in finding a solution. In fact Mayor Stewart called me directly and insured me that he cares about my concerns and would look into the matter. I want to personally thank the Mayor for taking time to speak with me. I'm sure he's a busy man and for him to take time to speak with me, surely impressed me. I also want to thank you for keeping me informed during this process, and as of recent my street has been cleaned and now properly represents the homes that are on the street. My neighbors are also ecstatic from the city's immediate response.

Sincerely:

Melvin Lucas

Subject: Robbery on Sunnymead Blvd- arrest

Good evening,

Tonight about 7:30 PM, Officers responded to an armed robbery on Sunnymead Blvd near the Comfort Inn. A 55 year-old long-haul truck driver from Michigan was walking on Sunnymead Blvd when a hispanic male adult walked up behind him and poked something in his back, simulating a knife. The suspect ordered the victim not to move and reached into his pocket, taking property from the victim.

The suspect fled and the victim called police. The victim provided a detailed description of the suspect to two POP officers. They recognized the suspect as a man they spoke to earlier in the evening.

The officers located the possible suspect and conducted an in-field line-up. The victim positively identified the suspect as the person who robbed him.

Suspect Genaro Trejo Jr., 20, is a transient known to live in Moreno Valley. The suspect was booked into RPDC on a charge of armed robbery.

Subject: Medical Aid call at Vista Heights Middle School

Good morning,

As you know, we experienced the tragic death of a student yesterday at Vista Heights Middle School. The victim has been identified as 11 year-old Elijah Allen. Although life-saving efforts were attempted by both first responders, and later hospital staff, the young man succumbed to unknown injuries or illness. An autopsy was completed today, but no immediate cause of death was determined. Several additional tests, including toxicology, will be conducted and a determination as to cause and manner of death will be made by the Coroner's Office at a later date.

MVPD detectives are investigating this incident. At the moment, foul play is not suspected or alleged.

Hi Cindy,

There has been one cancelation for the upcoming Traffic Commissioners Workshop and I wanted to extend the opportunity to City Council. The workshop is on 10/26/13 (Saturday) from 8:00 am – 4:00 pm in Buena Park. Please see the attachments for additional information. If one of the council members would like to attend, please, if possible let me know by 4:00 pm today.

Thank you,
LaSonja

Subject: 2013 Traffic Commissioners Workshop Registration

Hi CTE Members,

I am excited to announce CTE's upcoming **Traffic Commissioners Workshop**. The purpose of the Workshop is to provide participants with information relevant to traffic issues in their communities. One or two professionals with traffic engineering, public service, or enforcement experience will present each session. It will be interactive, fast-paced, and loaded with practical knowledge.

The workshop is scheduled for **Saturday, October 26th** from **8:00 am to 3:30 pm**. The City of Buena Park has graciously offered to host the workshop in Heritage Hall at the Ehlers Community Recreation Center (8150 Knott Avenue, Buena Park, CA 90620).

The registration fee for the workshop is $80 which includes a continental breakfast, lunch, refreshments, and a reference binder ($40 for students). The deadline to register is October 17th.

A registration form and instructions for payment are attached to this e-mail. Should you have any questions about the workshop, you can reply to Scott (sma@hartzog-crabill.com) or me (edunlap@dpw.lacounty.gov).

Please pass on my e-mail including attachments to anyone you feel might be interested in the workshop.

Subject: WCNTF activity

Good afternoon,

On 10-23-13, the West County Narcotics Task Force (WCNTF) served a search warrant at a residence in the 23000 block of Hemlock reference the sale of methamphetamine. During service of the warrant, officers seized several grams of methamphetamine and evidence indicating that sales of meth were occurring from the residence. The suspect, probationer Eddie Thompson (37) was arrested and booked into RPDC on charges of possessing methamphetamine for sale and probation violation.

Subject: Gang related shooting

Good evening,

Officers are working on a gang-related shooting in the 28000 block of Calle Agua. Information is very preliminary at this time and subject to change. I will send an update in the morning when more details are available.

At this time, we have one 20 year-old male victim suffering from serious but non-life threatening gunshot wounds. Two teenage girls were in the line of fire, but thankfully were not injured. The victims were inside the open garage of a single family residence when a car stopped in the street in front of the house. Suspects inside the vehicle fired several shots into the open garage, striking the victim.

The victim is being treated at a local hospital and is expected to survive. Gang officers are processing the scene and will coordinate with the MVPD Investigations Bureau as the investigation progresses.

Subject: SWAT search warrant

Good afternoon,

On September 5, 2013, MVPD Patrol and SET deputies investigated a gang-related attempted murder in the area of Gentian and Lasselle. This shooting was later determined to be one of the catalysts that ultimately led to the murder of 6 year-old Tiana Ricks. SET deputies continued the investigation into this case and ultimately identified two suspects. Through extensive investigation, they tracked one of the suspects to an apartment in the city of Riverside. The SET Team conducted extensive surveillance on the apartment to determine if the second suspect was also hiding out in the apartment. Eventually, they confirmed that both suspects in the attempted murder were holed up in the apartment. Because of their obvious propensity for violence and the belief that they were armed, the decision was made to have the Sheriff's SWAT Team serve a search warrant on the apartment.

This morning about 4:30 AM, the Special Enforcement Bureau- SWAT Team served the warrant on the apartment in the 6500 block of Doolittle Avenue in Riverside. After a brief standoff and the use of two flash-bang devices, the suspects surrendered to deputies and were taken into custody without incident. A search of the apartment by SET Team members revealed several grams of methamphetamine and more than 100 prescription pain pills.

The suspects are identified as follows:

Monte Walker (20) - Booked for attempted murder, possession of methamphetamine for sales, and gang enhancements

Jeron Hall (18) - Booked for conspiracy/attempted murder, possession of methamphetamine for sales, and gang enhancements

Leonard Harbor – (19) Booked for possession of prescription pain meds without a prescription, conspiracy, and gang enhancements

The investigation is ongoing, but today's events help bring the case much closer to conclusion.

Subject: Residential berglary - arrest

Good afternoon,

Today about 10:10 AM, officers responded to the report of a residential burglary in progress in the 24000 block of Wild Calla Drive. The victim reported that someone rang her doorbell. She looked through the peep hole and saw a person she did not know wearing a backpack and pacing nervously on her front door step. She elected not to answer the door. A few minutes later, the suspect broke into the residence through a back door. Officers arrived on scene just as the suspect fled from the residence on foot. Officers established a perimeter and called in the Sheriff's helicopter and an MVPD K-9 unit. A Motor officer assisting with the perimeter found the suspect's backpack and secured it as evidence. The backpack was later found to contain identification belonging to the suspect. Another Motor officer spotted the suspect in the greenbelt area near Hyacinth and Sunnymead Ranch Pkwy and detained him without incident. An in-field show-up was conducted and the suspect was positively identified by the victim and a witness who lives next door to the victim.

The suspect, a 17 year-old male resident of Moreno Valley, was found to be in possession of burglary tools. He is currently being interviewed by the Burglary Suppression Team and so far has admitted to committing three residential burglaries in Moreno Valley. By interesting coincidence, the suspect's father came to the police department yesterday with several pieces of property he found in his son's room. He advised officers he had no idea where the items came from and turned them over to police. BST is following up on that and will make every effort to return all stolen property to its rightful owners.

Subject: Sheriff's Academy Graduation - Invitation

Good afternoon,

The graduation ceremony for the Sheriff's Basic Academy Class 191 will be held on November 21, 2013 at 6:00 PM. The ceremony will be held at The Grove Community Church located at 19900 Grove Community Dr., Riverside, CA 92508.

I'd like to invite you to attend this special event and watch as newly minted peace officers are sworn in. The ceremonies are impressive and reflective of the sacrifices made by both the academy recruits and their families during six months of arduous training. Recruits from several agencies will receive their badge of office during the ceremony. Hundreds of family members and supporters will be present, but don't worry, there is plenty of seating available. I look forward to seeing you there!

2013 REXIE
nalists NAIOP Inl

From: Barry Foster
Sent: Thursday, January 17, 2013 11:51 AM
To: Cindy Miller; Juliene Clay
Cc: Karyn Kiefer; Henry T. Garcia; Cathy Parada
Subject: 2013 REXIE Finalists NAIOP Inland Empire

Moreno Valley has been notified that it will be selected as the NAIOP Public Partner of the Year. I would like for Mayor Owings and Henry Garcia to join John Terell and myself in accepting the award this coming Tuesday 1/22 at the event which starts at 11:30 at the Ontario Hilton. Moreno Valley was nominated by a number of industrial developers and real estate brokers doing business in Moreno Valley who are also in the running REXIE awards including Alere, First Industrial, Panattoni and Trammell Crow.

Hi Christina,

Cindy is out of the office today, but I can help you with scheduling this meeting.

Mayor Owings is still available for February 4 at 11:30 a.m. Do you have a suggestion for a place for lunch in Riverside? I will place a hold on Mayor Owings' calendar until I hear from you.

Thank you.

Hi Cindy,

Is the Mayor available at 11:30 a.m. on the 4th? Superintendent Young has a meeting at the Moreno Valley Conference & Recreation Center at 2:00 p.m. and you mentioned that Mayor Owings has one in Riverside at the same time, that would give them enough time for both to make it to their meetings on time in case the meeting goes longer.

Hi Christina,

Mayor Tom Owings requested to meet with Superintendent Young. Mayor Owings is a newly elected council member and the purpose of the meeting is to "meet and greet." Mayor Owings is available on the following dates/times:

Mon, Feb 4, Noon-1:30 p.m. –meet for lunch? (Mayor Owings will be in Riverside to attend the WRCOG meeting at 2 p.m.)
Thurs, Feb 7, any time

Mon, Feb 11, 1:30-5 p.m.
Wed, Feb 13, 8-9 a.m. meet for coffee? (Mayor Owings will be in Riverside to attend the RCTC meeting at 9:30 a.m.)
Thurs, Feb 14, anytime in the morning

Thanks,

Cindy

Larry Cochrun of First Industrial will be here at 6 pm on February 12 to present the NAIOP award.

By the way--there is a meeting scheduled for Tuesday January 29 at 10:30 am between Mayor Owings and Larry Cochrun. Can you make sure the meeting is on the mayor's schedule?

Subject: visit of students from France

Dear Mayor Owings,

Moreno Valley High School is going to host ten students and two teachers from our sister high school in Caen, Normandy from February 20 to March 5. This is the 7th visit of students and teachers from our sister school, the Lycée Malherbe. The students are hosted by students and their families of our school. They will attend our classes and participate in school activities. My French Club students will be in Normandy over spring break and attend classes at our sister school. They will also live with French families.

Every time, we host students and teachers from France, they get the chance to meet with the Mayor of Moreno Valley at City Hall. They spent an hour with our mayor and learned how an American city is run and what the job of a mayor consists of. Being a mayor of a French city is very different. When I am in France with my students, we are also welcomed at City Hall in Caen. I attached a picture of my students and their French host brothers and sisters in front of city Hall in Caen.

Would you be so kind and meet with the students from France in February or March? We still have Monday, February 25, Tuesday, February 26 or Wednesday, February 27, or Monday, March 4, available. We can be at City Hall during school time between 8 a.m. and 3 p.m.

I am attaching the program we have prepared for our sister school students for your information.

Please let me know if you might have time to meet for an hour with our sister school students and teachers from France. The students all speak English and are very interested in Moreno Valley.

REVISED AGENDA

(Additions are noted by ***Bold Italics***,
Deletions are noted by ~~Strikethrough)~~

RIVERSIDE COUNTY TRANSPORTATION COMMISSION

www.rctc.org

AGENDA*
****Actions may be taken on any item listed on the agenda***

9:00 a.m.
Friday, February 1, 2013

EMBASSY SUITES LA QUINTA
50-777 Santa Rosa Plaza
La Quinta, CA

In compliance with the Brown Act and Government Code Section 54957.5, agenda materials distributed 72 hours prior to the meeting, which are public records relating to open session agenda items, will be available for inspection by members of the public prior to the meeting at the Commission office, 4080 Lemon Street, Third Floor, Riverside, CA, and on the Commission's website, www.rctc.org.

In compliance with the Americans with Disabilities Act and Government Code Section 54954.2, if special assistance is needed to participate in a Commission meeting, please contact the Clerk of the Board at (951) 787-7141. Notification of at least 48 hours prior to meeting time will assist staff in assuring that reasonable arrangements can be made to provide accessibility at the meeting.

1. CALL TO ORDER

2. PLEDGE OF ALLEGIANCE

3. ROLL CALL

4. PUBLIC COMMENTS – *Each individual speaker is limited to speak three (3) continuous minutes or less. The Commission may, either at the direction of the Chair or by majority vote of the Commission, waive this three minute time limitation. Depending on the number of items on the Agenda and the number of speakers, the Chair may, at his/her discretion, reduce the time of each speaker to two (2) continuous minutes. In addition, the maximum time for public comment for any individual item or topic is thirty (30) minutes. Also, the Commission may terminate public comments if such comments become repetitious. Speakers may not yield their time to others without the consent of the Chair. Any written documents to be distributed or presented to the Commission shall be submitted to the Clerk of the Board. This policy applies to Public Comments and comments on Agenda Items.*

Under the Brown Act, the Commission should not take action on or discuss matters raised during public comment portion of the agenda that are not listed on the agenda. Commission members may refer such matters to staff for factual information or to be placed on the subsequent agenda for consideration.

5. APPROVAL OF MINUTES – TO BE SUBMITTED AT THE NEXT MEETING

6. ADDITIONS / REVISIONS – *The Commission may add an item to the Agenda after making a finding that there is a need to take immediate action on the item and that the item came to the attention of the Commission subsequent to the posting of the agenda. An action adding an item to the agenda requires 2/3 vote of the Commission. If there are less than 2/3 of the Commission members present, adding an item to the agenda requires a unanimous vote. Added items will be placed for discussion at the end of the agenda.*

7. CLOSED SESSION

7A. CONFERENCE WITH LEGAL COUNSEL – INITIATION OF LITIGATION Pursuant to Government Code Section 54956.9(a)

7B. CONFERENCE WITH LEGAL COUNSEL – EXISTING LITIGATION

Pursuant to Government Code Section 54956.9(a)
Case Number(s): RIC 1113896

8. AGREEMENT FOR CONSTRUCTION OF THE PERRIS VALLEY LINE COMMUTER RAIL EXTENSION

Page 1

Overview

This item is for the Commission to:

1) Award Agreement No. 13-33-049-00 to Ames Construction, Inc., for the construction of the Perris Valley Line (PVL) commuter rail extension project in the amount of $132,202,749, plus a contingency amount of $16 million for potential change orders, for a total amount not to exceed $148,202,749;
2) Authorize the Chair or Executive Director, pursuant to legal counsel review, to execute the agreement on behalf of the Commission; and
3) Authorize the Executive Director to approve contingency work up to the total not to exceed amount as may be required.

9. FUNDING OF THREE ADDITIONAL PROJECTS IN THE FISCAL YEAR 2012/13 SB 821 BICYCLE AND PEDESTRIAN FACILITIES PROGRAM

Page 27

Overview

This item is for the Commission to approve the allocation of incremental SB 821 funding to fund three projects (Nos. 15, 16, 17) from the ranked FY 2012/13 SB 821 Bicycle and Pedestrian Facilities program call for projects list.

10. 2013 STATE AND FEDERAL LEGISLATIVE PLATFORMS

Page 30

Overview

This item is for the Commission to adopt the 2013 State and Federal Legislative Platforms.

11. COMMISSIONERS / EXECUTIVE DIRECTOR REPORT

Overview

This item provides the opportunity for the Commissioners and the Executive Director to report on attended meetings/conferences and any other items related to Commission activities.

12. ADJOURNMENT

The next Commission meeting is scheduled to be held at **9:30 a.m., Wednesday, February 13, 2013,** Board Chambers, First Floor, County Administrative Center, 4080 Lemon Street, Riverside.

Subject: Riverside County Transportation Commission (RCTC)
Location: EMBASSY SUITES LA QUINTA, 50-777 Santa Rosa Plaza , La Quinta

Subject: Interim Urgency Ordinance

Unfortunately, I was not able to attend the City Council meeting this last Tuesday when the decision to impose a 45 day "interim urgency ordinance" placing a moratorium on issuance of land use entitlements along the SR-60 corridor so that you can spend $50K to hire a land use consultant and be better able to decide on long term land uses. I did not hear about the meeting until very late and regret not being able to attend. I want to assure all of you that my absence is not in the remotest sense a lack of interest on Prologis part. As a matter of fact, I am more than a little frustrated that after being in the entitlement process for going on 5 years, going back to our acquisition of the site in 2007, that such action is happening now. In 2007, Prologis made the decision to acquire the site after having meet with most of the Council at that time and hearing their support of our initiative. We felt that M.V. was underserved in industrial and over committed in residential and retail. We still feel very positive about our site and the potential it offers to provide a product that is in demand and provides numerous benefits to the community.

As you may know, we are, or should I say were, very close to scheduling a Planning Commission hearing and likely be before City Council within the next 60 or so days. Now we will be delayed and it is my hope that this will be only temporary. We have worked very closely with your Planners in accommodating changes on a number of fronts to make this a successful project. We have closely engaged with your planning department for the last year, in the processing of an EIR and similarly in 2008 and 2009 before putting the EIR on hold due to the economic downturn. We have done community outreach to engage the residence of the immediate area and throughout the City. We have responded to the routine Sierra Club's assault and feel certain that we have been able to address the concerns they have raised and mitigated wherever possible.

Prologis is the largest owner of industrial properties in the world, including over 32 million SF in the Inland Empire and has been in the forefront of developing projects globally, just as our proposed MV project. We feel that our propose project will provide the City with a "best in class" development and make all of the council proud and satisfied that they have done the best thing for MV. I respect Councils desire to have additional input to assist in long range land planning but am disappointed that this includes our property, a)since our proposed project has been on the City's radar for so long, only to now raise such concerns and b) that we are the only meaningful property on the south side of the SR-60 included in the study area. With what is being contemplated on the Highland Fairview site and not to even mention this in the "land planning discussions" is puzzling. To that end, I would like to arrange a tour of Prologis projects in the I.E. so that you can see firsthand the quality, thought and ongoing care that you should expect and anticipate from a Prologis project. I think it would be very meaningful for all the council to have this firsthand experience. We would provide a bus tour, picking you up at City Hall and should be able to complete the tour in 2-3 hours tops. I hope you take this invitation seriously and that we at Prologis can better familiarize you with our business and our approach to development.

I would welcome the opportunity to discuss our Company and the proposed project with you personally and welcome your call. Please give me your feedback on scheduling a tour and allow us to show you what we are doing in other cities throughout the Inland Empire. The sooner the better!

Ms. Harris stated the Moreno Valley Elks lodge is holding a fundraiser on Saturday, February 23, at 6 p.m. She is seeking a prominent person in the community to speak at a fundraiser and asked if the Mayor would be available to attend.

Ms. Harris stated the purpose of the event is to raise funds to "Save the Moreno Valley Elks Lodge." She stated the MV Elks are hopeful they can raise enough funds to remain in Moreno Valley and not have to merge with the Riverside Elks Lodge.

To: towings123@gmail.com; Tom Owings
Cc: Jane Halstead; Juliene Clay; Ewa Lopez; Kathy Gross
Subject: Phyllis Harris, Moreno Valley Elks Lodge, [redacted] (cell)

Ms. Harris stated the Moreno Valley Elks lodge is holding a fundraiser on Saturday, February 23, at 6 p.m. She is seeking a prominent person in the community to speak at a fundraiser and asked if the Mayor would be available to attend.

Ms. Harris stated the purpose of the event is to raise funds to "Save the Moreno Valley Elks Lodge." She stated the MV Elks are hopeful they can raise enough funds to remain in Moreno Valley and not have to merge with the Riverside Elks Lodge.

Subject: WRCOG Mediation Ad-Hoc Subcommittee meeting

Good morning,

Thank you for responding so promptly. I recognize the fact that you all have very busy calendars, so I appreciate any flexibility you can provide. The majority of responses favor holding the meeting on **Wednesday, February 20th, from 2 p.m. – 3 p.m.** Meeting location will be here on the 3rd floor in **Conference Room C**, which is the conference room just outside of WRCOG's doors, to the left.

If anyone would like to call-in to the meeting, please let me know as soon as possible and I will establish a conference call.

Respectfully,

Janis L. Leonard
Executive Assistant to Rick Bishop
Western Riverside Council of Governments

Tom,

Ms. Nelson stated she is the Chairman of the Recreational Trails Board. Ms. Nelson stated she would like to meet with you to discuss issues regarding the Equestrian Center and the trails, and the direction the Board should be going in. Please advise if you would like me to schedule this meeting for you.

Ms. Maxwell [redacted]

Ms. Maxwell requested to meet with the Mayor regarding the issue below, which has been resolved with the intervention of the owner of the shopping center. Ms. Maxwell would still like to meet with the Mayor to discuss the problems/issues small business owners are facing.

On Mar 4, 2013, at 2:44 PM, "Cindy Miller" <cindym@moval.org> wrote:

Valerie Maxwell requested to speak with you. She stated she recently met you at an event and discussed general real estate issues with you.

Ms. Maxwell is a real estate agent who is representing Emagine U at Play Child Care Center, located at 14420 Elsworth St., Suite 103 (Council District 5). Ms. Maxwell stated Emagine is having problems securing the Certificate of Occupancy for its expansion into Suite 106, where a travel agency was originally located. She stated each time her client contacts B&S, there is something new added – licensed architect site plan (the site plan for the facility has not changed), fire inspection requirements…. Ms. Maxwell stated her client is currently paying rent on an unused space and cannot go forward to secure a State license until the process has been completed with the city.

Ms. Maxwell [redacted]

Ms. Maxwell requested to meet with the Mayor regarding the issue below, which has been resolved with the intervention of the owner of the shopping center. Ms. Maxwell would still like to meet with the Mayor to discuss the problems/issues small business owners are facing.

On Mar 4, 2013, at 2:44 PM, "Cindy Miller" <cindym@moval.org> wrote:

Valerie Maxwell requested to speak with you. She stated she recently met you at an event and discussed general real estate issues with you.

Ms. Maxwell is a real estate agent who is representing Emagine U at Play Child Care Center, located at 14420 Elsworth St., Suite 103 (Council District 5). Ms. Maxwell stated Emagine is having problems securing the Certificate of Occupancy for its expansion into Suite 106, where a travel agency was originally located. She stated each time her client contacts B&S, there is something new added – licensed architect site plan (the site plan for the facility has not changed), fire inspection requirements…. Ms. Maxwell stated her client is currently paying rent on an unused space and cannot go forward to secure a State license until the process has been completed with the city.

3/27/13: Confirmed to reschedule meeting to April 2, at 4:30 p.m.

Mr. Chavez: [redacted]

From: Juliene Clay
Sent: Wednesday, March 06, 2013 3:26 PM
To: Tom Owings; Tom Owings
Cc: Jane Halstead; Cindy Miller; Ewa Lopez; Kathy Gross; Juliene Clay
Subject: Youth Sports Budget Concerns - Caesar Chavez 951.378.6283

Tom,

Mr. Chavez stated he would like to meet with you regarding the park light fees not being lowered yet. He stated he had just come from Iddo Benzeevi's office as Mr. Benzeevi stated he would help them with their fees. Mr. Chavez stated Mr. Benzeevi told him to make an appointment with you to see why the city hasn't done anything with the fees yet.

I talked to Mike McCarty, and Mike stated they had met with Mr. Chavez and had given him money generating ideas to help. Mike stated Parks made it more equitable with the snack bar for Mr. Chavez' group, and Parks gave Mr. Chavez their snack bar at the skate park. Mike stated Mr. Chavez' group has yet to implement any of the ideas given to them, and he sent the email shown below stating staff will be reviewing the fee structure as part of this fiscal year's budget process in conjunction with assessing the City current fee structure.

Mike offered to meet with you to discuss this matter further. Please advise if you would like to meet with Mike. Would you like to meet with Mr. Chavez?

Thank you.

Subject: FW: Youth Sports Budget Concerns

Please forward to the City Council

As a follow up to the last City Council meeting I wanted to provide the Council with an update as to where Parks and Community Services is in regards to working with our local youth athletic organizations in trying to help them meet any and all budgetary issues. Currently all youth groups (football, soccer and baseball) are current in paying their field rental and lighting fees except Moreno Valley Little League. As indicated in my staff report, collaborating with MVLL as well as Diamond Girls Softball and Canyon Springs Little League has allowed us to offer significant revenue generating possibilities to MVLL for this year's season. Staff is anxious to review the outcome of these new revenue possibilities and evaluate their success with the organization. Staff will also be reviewing the fee structure as part of this fiscal year's budget process in conjunction with assessing the City's current fee structure. If I can provide any further information please let me know.

Thank you.

Mike

Tom,

Mr. Chavez stated he would like to meet with you regarding the park light fees not being lowered yet. He stated he had just come from Iddo Benzeevi's office as Mr. Benzeevi stated he would help them with their fees. Mr. Chavez stated Mr. Benzeevi told him to make an appointment with you to see why the city hasn't done anything with the fees yet.

I talked to Mike McCarty, and Mike stated they had met with Mr. Chavez and had given him money generating ideas to help. Mike stated Parks made it more equitable with the snack bar for Mr. Chavez' group, and Parks gave Mr. Chavez their snack bar at the skate park. Mike stated Mr. Chavez' group has yet to implement any of the ideas given to them, and he sent the email shown below stating staff will be reviewing the fee structure as part of this fiscal year's budget process in conjunction with assessing the City current fee structure.

Mike offered to meet with you to discuss this matter further. Please advise if you would like to meet with Mike. Would you like to meet with Mr. Chavez?

Subject: Prudential Thanks you

Hello Mayor Tom Owings,

I wanted to thank you for helping us with our Re-Grand Opening last Thursday. I was honored to have you cut the red ribbon for us. I also wanted to thank you for your patience and waiting for our Company Presidents who were late arriving for the ceremony due to traffic coming from Orange cCunty. I appreciated your being here and for bringing your dog Molly. I would like more information regarding the dog rescue program that the City is involved in as I know I have agents that would be interested in participating.

Again thank you for helping to welcome Prudential back to Moreno Valley. Please let me know what I can do to get involved in the City of Moreno Valley.

Best Regards!

Sandy Johnson

4/4/13: Confirmed meeting with Bryan Clymer [redacted] (jc)

From: Juliene Clay
Sent: Monday, April 01, 2013 2:42 PM
To: Tom Owings; Tom Owings
Cc: Jane Halstead; Cindy Miller; Ewa Lopez; Kathy Gross; Juliene Clay
Subject: Bryan Clymer [redacted]

Tom,

Mr. Clymer is part of Ben Clymer Body Shop, and every year they give away a refurbished car to a needy person in Moreno Valley, Riverside, and Yucaipa as that is where their three stores are located. AAA supplies wrecked cars, and the people at Clymers fix them up for give away. Mr. Clymer stated he would like to know if you would like to be part of the event when the car is given away in Moreno Valley in September of this year. He stated he would like to speak to you for 5 or 10 minutes. Please advise if you would like me to schedule a meeting for you.

Subject: Speaker Request

Mayor Tom Owings
City of Moreno Valley

I would like to invite you to be the speaker at The Salvation Army's Annual Appreciation Luncheon on **Thursday, June 6 at 12 noon.** This event will be located at the March Field Air Museum. The theme will be National Doughnut Day. For more information check out: http://blog.salvationarmyusa.org/tag/doughnut-lassies/.

The purpose of the event is to: 1) honor & recognize our major donors, community partners & volunteers; 2) install new Advisory Board members; and 3) raise community awareness of our new & existing program & services. Funds raised will help us send 60 local children to summer camp and provide 30 local children with a back-to-school Target shopping spree.

We would like you to speak for about 5-7 minutes. Are you available to be our speaker for this event?

Thank you for your consideration. If you need add'l information please let me know.

Good afternoon Cindy,

I recently spoke to Miceal Kelly who works for the San Bernardino County Office of Education regarding Mayor Tom Owings's interest in supporting AVID at the elementary level. He had mentioned that I should contact you directly to get some more information. I wanted to see if I could schedule a time for you and our Director of Elementary, Shannon McAndrews to talk sometime in the next week? She will be out of the office tomorrow and Friday but will be back in the office Monday. We look forward to hearing from you soon, have a wonderful afternoon!

Our Streetlight Solutions program gives municipalities control and ownership of their LS-1 streetlight pole infrastructure and immediately generates net cash savings of 10 to 15% versus current SCE tariffs at no net cost to your city. Our program had been pre-approved by, and acquisition costs are 100% funded through, the California Municipal Finance Authority (CMFA). Only upon owning your streetlight infrastructure can you benefit from deploying new cost saving energy and operational technologies. I have attached a brochure that briefly outlines the Muni-Fed Streetlight Solutions program and some of its benefits.

Over the past two years, my company, Muni-Fed Energy (www.munifedenergy.com), has worked closely with the staff at Moreno Valley Utilities (MVU), Southern California Edison (SCE) and the California Public Utility Commission (CPUC) to develop a program allowing Moreno Valley to purchase their LS-1 streetlights (excluding those on distribution poles) from SCE. Our experience with MVU to date has been excellent, especially with Jeannette Olko and Ahmad Ansari.

At your convenience, I would very much enjoy the opportunity to meet with you to discuss our program further. Please let me know a date that works for you.

Thank you for your consideration. – Phil Bowman

Our Streetlight Solutions program gives municipalities control and ownership of their LS-1 streetlight pole infrastructure and immediately generates net cash savings of 10 to 15% versus current SCE tariffs at no net cost to your city. Our program had been pre-approved by, and acquisition costs are 100% funded through, the California Municipal Finance Authority (CMFA). Only upon owning your streetlight infrastructure can you benefit from deploying new cost saving energy and operational technologies. I have attached a brochure that briefly outlines the Muni-Fed Streetlight Solutions program and some of its benefits.

Hi Alicia:

Mayor Owings advised that for this meeting he would like to meet with only you and Chief Ontiveros, not a large group of people.

I also left you a voicemail message this afternoon.

Thanks,

Cindy

- Mtg with Alicia Espinosa to hear about her allegations that the Sheriff is utilizing MVPD officers at other locations (RCC, other colleges, etc.)
- Ms. Espinosa will be bringing eight other attendees

Hi Denise,

I have April 23 from 2:00 to 4:00 p.m. available on the calendar, but I would need to check with Tom and Marcelo. Please advise if this time works.

Juliene

Hi Juliene,

I received the out-of-office message from Cindy. Will you look at calendars and let me know?

Thanks,
Denise

Subject: Finance Sub-Committee

Hi Cindy,

We need to schedule a Finance Sub-Committee meeting before the April 30th Study Session about the proposed budget. Rick said April 24th. Will you look at calendars for Owings and Co.

Thanks,

Denise Hansen

Mr. Owings,

I am wondering if you could give me a call, or let me know when would be a good time for me to either call or meet with you.
I live in your district. The address below in my signature is that of my office.
I am having some difficulty resolving an issue I have with police services in our area of the community.
I know you're a pretty busy fellow, and as this is not a matter of great urgency, I am hoping you could respond sometime within the next several days.

Best wishes,

Michael J. Zwirn

Subject: My Request
Reply-To: "Michael J. Zwirn" <mz2431@verizon.net>

Mr. Owings,

I am wondering if you could give me a call, or let me know when would be a good time for me to either call or meet with you.
I live in your district. The address below in my signature is that of my office.
I am having some difficulty resolving an issue I have with police services in our area of the community.
I know you're a pretty busy fellow, and as this is not a matter of great urgency, I am hoping you could respond sometime within the next several days.

Best wishes,

Michael J. Zwirn

Tom,

Ms. Deveaux would like to schedule a meeting with you to discuss having the City involved with their event and have you reach out to the churches in the community to have their involvement, too. This event is being held on May 18. Please advise if you would like me to schedule a meeting for you.

I received calls from Ms. Ammons and Ms. Deveaux from Black Diamond Community Outreach Entertainment Fund Raising Service. They stated they fund raise for foster children, children with autism, community outreach and global ministries. They stated they are holding a fund raiser, which is a gospel music festival, and they asked if you would attend. They also asked if the city would purchase one or two tables. The tickets are $15 for an individual or $150 for a table. Please advise if you would like to attend.

Subject: RE: Conflict Waiver Meeting - Mayor Owings

Thanks. It is most kind of the Mayor to meet with me. Next Monday would be fine. Would the Mayor like to meet me next Monday at Duane's in the Mission Inn for dinner at 6:00? If the Mayor prefers I would be happy to meet him at a place of his choosing as well. John Brown

Good morning. Thanks for your patience and agreeing to meet with me. I am on the firm's investment committee and was out of the office attending our annual investment conference with our financial advisors in St. George, Utah. After a

day of mountain biking outside of Zion National Park I managed to take a spectacular fall over the handlebars of my bike and dislocated my shoulder. It is back in place now and I am feeling fine. I am available to meet at your convenience. I know you are busy and would be happy to buy you dinner this evening or Wednesday or if you prefer I could come to Moreno Valley and meet you anytime this afternoon, all day Tuesday until 3:00, and Wednesday afternoon. John Brown

Help Bring Meetings to Moreno Valley - USA

We Can Impact Moreno Valley's Economy

Dear Business Owner:

Your investment in Moreno Valley is an important contribution to the economic well-being of our City. As you are aware, community support can make a huge differencein creating a hospitable environment forgroups which are in the process of selecting future destinations. If we work together to make Moreno Valley's reputation more inviting, we can generate hundreds of thousands of dollars in incremental revenue for the City and your property.

As a major stakeholder in the City, I would like to invite you to attend a brainstorming session aimed at creating a strategic partnership to increase business and maintain the March Air Reserve Base (MARB) contract. Possible topics of discussion are:

1. Sunnymead Boulevardcleanup effort
2. Improved communications with March Air Reserve Base (MARB)
3. Formation of a "mini" trade association
4. Hotel occupancy tax
5. Advertising
6. Distribution of promotional material
7. Direct sales
8. Combined City, hotel, and Chambers of Commerce efforts
9. Familiarization tours and other hospitality functions

Other communities have found a collective marketing strategy to reach decision makers is usually more cost effective. Should we have a collective strategy? If so, how can the City help? The meeting will be held:

3 p.m., Monday, June 17, 2013
Conference and Recreation Center
14075 Frederick St.
Alessandro Room

Your business is important and appreciated by the City Council, and I am confident that if we work together to generate incremental income, all parties will benefit.

Please RSVP to Cindy Miller, Executive Assistant to the Mayor and City Council, at 951.413.3006 or cindym@moval.org.

Sincerely,

Tom Owings
Mayor

Subject: Ms. Morales / 24338 Via Vargas
Location: Mayor's office

Start: Thu 6/6/2013 2:30 PM
End: Thu 6/6/2013 3:00 PM

Recurrence: (none)

Meeting Status: Meeting organizer

Organizer: Tom Owings
Required Attendees: John Terell; Jesse Molina; towings123@gmail.com

On May 15, Ms. Morales and her daughter Liana Jordan came to City Hall requesting to meet with Council Member Molina.

Ms. Jardon stated when her parents purchased the property they were not aware that the patio had not been permitted. She stated they received a Citation C06639 for unpermitted patio, landscaping, and inoperable vehicles in public view.

Ms. Jardon stated the patio has since been permitted and the landscaping is fine. She stated James Verdugo, Building Inspector, has confirmed the corrections. She stated Summer Looey, Permit Tech, advised that they made an agreement and still owe $100. Ms. Jardon stated they did not make any agreement.

Ms. Morales stated she is very frustrated and feels they are being singled out. She stated she has met all of the city requirements and the property looks better than the others in the neighborhood. She would like to resolve the matter and requested to meet with Council Member Molina. She stated she is available on Mondays and Thursdays.

Council Member Molina requested Mayor Owings be invited to attend the meeting

5/30/13: Confirmed with Steve Healton [redacted]. (jc)

Sent: Monday, April 22, 2013 1:38 PM
To: Ewa Lopez; Juliene Clay
Cc: Jane Halstead; Cindy Miller
Subject: Steve Healton - [redacted]

Steve Healton stopped by to schedule an appointment with the Mayor. He stated he recently saw the Mayor at the Historical Society dinner and the Mayor requested he contact his secretary to schedule a time to meet. He also mentioned he wasn't sure of what the discussion would be, but that he did recently apply for the Arts Commission.

Mr. Healton will be out of state beginning tomorrow through the end of the week, but he said you can contact him on his cell.

Thanks, Kathy

Ms. Harris called to invite you to a community meeting at the Elks Lodge at 6 p.m., Thursday, June 13, to discuss the sale of the synthetic drug "bath salts" that can be purchased at smoke shops. The POP Team will be attending.

Thanks,

Cindy

Cc: Jane Halstead; Cindy Miller
Subject: Steve Healton - [redacted] cell

Steve Healton stopped by to schedule an appointment with the Mayor. He stated he recently saw the Mayor at the Historical Society dinner and the Mayor requested he contact his secretary to schedule a time to meet. He also mentioned he wasn't sure of what the discussion would be, but that he did recently apply for the Arts Commission.

Mr. Healton will be out of state beginning tomorrow through the end of the week, but he said you can contact him on his cell.

Thanks, Kathy

Subject: CONFIRMED: Special Meeting of the WRCOG Executive Committee

Good afternoon WRCOG Executive Committee members,

Thank you everyone for your responses to my request for availability to schedule a special meeting of the Executive Committee. As Chairman Hyatt announced at the last Executive Committee meeting, the special meeting date has been confirmed for **Monday, July 15, 2013, at 2:00 p.m.**

The purpose of the meeting is to accept new jurisdictions into the California HERO Program, to hold a Public Hearing for the City of Temple City, and to accept any new jurisdictions that were accepted into the Program on June 14, 2013.

In order to accommodate your respective calendars, we will be providing a teleconference number. If you decide you will be calling in, I do need the address location in which you will be calling in from, as it must be listed in the agenda, and you must post an agenda at your call-in location.

For those of you who would like to attend in person, the meeting will be held here on the 3rd floor in Conference Room C.

If you have any questions, please don't hesitate to contact me.

Sincerely,

Janis L. Leonard

It's with great excitement that the time has finally come for the Grand Openings for Moss Bros. Volkswagen, Moss Bros. Buick GMC and Moss Bros. Chevrolet. I would like to invite you join us for these celebrations.

We are kicking it off with the official Grand Opening ceremonies on Wednesday, July 3rd. In attendance will be the Chambers of Commerce, corporate management from Chevrolet, Buick, GMC, and Volkswagen and employees. The ribbon cutting ceremonies will begin at Moss Bros. Volkswagen at 11:15am, followed by Moss Bros. Buick GMC and Moss Bros. Chevrolet. In celebration of the openings, we will be having a catered BBQ for all those attending.

We will continue the celebration throughout the 4th of July weekend with a carnival themed atmosphere including DJ, catered BBQ, appreciation gifts for current and previous customers, activities for the kids including a bounce house and face painting- a great time for everyone in attendance.

I know how busy your schedule is and I'm hoping that you will be able to attend this great event. I have attached some fun videos of the construction process for your viewing.

Please let me know if you will be attending. Hope to see you there.

Sincerely,

Glenn

Required Attendees: John Terell; towings123@gmail.com; Tom DeSantis

Alex Capiz [redacted]

7/8/13: A very frustrated Alex Capiz and Julio Soto requested to meet with the Mayor ASAP. Mr. Soto stated he would like for the Mayor to be aware of how difficult the process has been to secure the permit for the Lumber Liquidators' trash enclosure, and he is asking for the Mayor's assistance to process the permit through staff. Mr. Soto stated he has already spent several thousand dollars on the project; the owner is getting anxious and is considering canceling his contract.

7/3/13: Mr. Capiz owns Interstate Concrete Cutting and Demolition. Mr. Capiz stated he has a contract with Lumber Liquidators on Day Street to demolish their trash enclosure so they can place it in a different area. He stated he received the job six months ago, and since then he has been having problems getting the permits he needs. He stated Lumber Liquidators wants to cancel the contract because it has taken so long to do the job. Mr. Capiz stated Lumber Liquidators' lease is almost up at the shopping center, and they are talking about moving to a different city due to the problems with obtaining permits.

Subject: Ben Clymer's Benevolence Program

Hello Cindy Miller,
My name is Brett Clymer and we have a auto collision repair business in Moreno Valley. We have a Benevolence Car Giveaway program that we do annually for a family in need. We would like to see if we could meet with you and Mayor Tom Owings next week, possibly Wednesday or Thursday. We would like for you to come to the event. It will be in Moreno Valley at 22335 Alessandro Blvd., 92553. It is within a mile of the City and Public Safety building.

At the proposed meeting we can go over the details and show you some information of the past Benevolence Events that we have done. We started doing these events in 2009 at our Riverside facility. We did our first Benevolence Giveaway in Moreno Valley last year August of 2012.

The event will be on September 12th this year. Would you be able to check the Mayor's schedule to see if he would have a couple hours in the middle of the day on September 12th to attend? It would greatly appreciated.

Please let me know if next week will work out for a meeting and we can go over any details and questions in person.

Thank you

Best Regards

Brett Clymer

My name is Micki Poole Clowney. I am the Director for the Moreno Valley College Upward Bound Math and Science (UBMS) Program. UBMS is funded through US Department of Education to work with low income, first generation high school students to strengthen students' skills in science, technology, engineering, and math (STEM).

On June 17, 2013, the Moreno Valley College Upward Bound Math and Science (UBMS) Program launched its inaugural Summer Institute. Over the past few weeks, approximately sixty students from Vista Del Lago High School have participated in this interactive summer program designed to engage students in a variety of interactive hands-on STEM activities. The Summer Institute ends on July 31, 2013.

During the summer experience, UBMS Scholars have the opportunity to work closely with faculty, industry professionals, and other community partners to learn about common core principles in math, science, and literature. Scholars also participate in student development workshops on topics such as financial literacy, college preparation, career planning, and test preparation. Each Friday, scholars participate in unique field experiences visiting the Ocean Institute, the Columbia Memorial Space Museum, and more. So far, we have taken trips to the Palm Springs Aerial Tramway and Mount San Jacinto State Park where students learned about botany, life sciences, plant pathology, and ecosystems. We also visited Lake Perris State Recreation area where students raced boats they designed and made out of cardboard.

On July 31, 2013, we are hosting a dinner and symposium to honor the UBMS Scholars and to allow them to showcase their work to families, local educators, community members, and elected officials. As one of our area's esteemed public service officials, given your passion for educating the next generation and understanding the critical need for preparing students for careers in science, technology, engineering, and math (STEM), we would be honored to have you join us that evening during the awards ceremony. The theme of the program is: ENGAGE AND EMPOWER…STEM "U" LATE YOUR MIND. The UBMS Summer Institute Symposium and Awards Program is scheduled from 6:30pm to 8:30pm in the Theater at Vista Del Lago High School. Dinner will be served in the Commons/Multipurpose Room from 5:30pm to 6:30pm.

If you have any questions or need additional information, please feel free to contact me at (951) 571-6382 or via e-mail at micki.clowney@mvc.edu<mailto:micki.clowney@mvc.edu>.

Thank you. I look forward to seeing you.

RIVERSIDE COUNTY TRANSPORTATION COMMISSION

TUMF AD HOC COMMITTEE
MEETING AGENDA

TIME: **2:00 P.M. – OR DIRECTLY FOLLOWING THE WESTERN RIVERSIDE COUNTY PROGRAMS AND PROJECTS COMMITTEE**

DATE: **Monday, September 23, 2013**

LOCATION: **CONFERENCE ROOM A**
County of Riverside Administrative Center
4080 Lemon Street, Third Floor, Riverside

COMMITTEE MEMBERS

Ella Zanowic, City of Calimesa
Adam Rush, City of Eastvale
Bob Magee, City of Lake Elsinore
Tom Owings, City of Moreno Valley
Daryl Busch, City of Perris
Andrew Kotyuk, City of San Jacinto
Ron Roberts, City of Temecula

RIVERSIDE COUNTY TRANSPORTATION COMMISSION

TUMF AD HOC COMMITTEE

2:00 P.M. OR DIRECTLY
FOLLOWING THE WESTERN RIVERSIDE COUNTY
PROGRAMS AND PROJECTS COMMITTEE
MONDAY, SEPTEMBER 23, 2013

CONFERENCE ROOM A
Riverside County Transportation Commission
4080 Lemon Street, Third Floor, Riverside, 92501

AGENDA

1. **CALL TO ORDER**

2. **TUMF REGIONAL ARTERIAL DEVELOPER REIMBURSEMENT POLICIES**

   Overview

   This item is for the Ad Hoc Committee to discuss and consider potential changes to the reimbursement policy for developer funded TUMF Regional Arterial improvements.

3. **ADJOURNMENT**

AGENDA ITEM 2

RIVERSIDE COUNTY TRANSPORTATION COMMISSION	
DATE:	September 23, 2013
TO:	TUMF Ad Hoc Committee
FROM:	Shirley Medina, Planning and Programming Director Theresia Trevino, Chief Financial Officer John Standiford, Deputy Executive Director
THROUGH:	Anne Mayer, Executive Director
SUBJECT:	TUMF Regional and Arterial Developer Reimbursement Policies

STAFF RECOMMENDATION:

This item is for the Ad Hoc Committee to discuss and consider potential changes to the reimbursement policy for developer funded TUMF Regional Arterial Improvements.

BACKGROUND INFORMATION:

At its September meeting, the Commission approved the formation of a TUMF Ad Hoc Committee to discuss the reimbursement policy for developer funded TUMF Regional Arterial improvements.

Attachment: WRCOG TUMF Administrative Plan Dated October 1, 2012

Administrative Plan for the
Western Riverside County Transportation Uniform Mitigation Fee (TUMF) Program

Preamble

Future development within Western Riverside County will result in traffic volumes exceeding the capacity of the Regional System of Highways and Arterials (RSHA or Regional System) as it presently exists. The Regional System needs to be expanded to accommodate anticipated future growth; current funds are inadequate to construct the Regional System needed to avoid the unacceptable levels of traffic congestion and related adverse impacts.

The TUMF Program will provide significant additional funds from new development to make improvements to the Regional System, complementing funds generated by Measure A and the Reauthorized Measure A, local transportation fee programs, and other potential funding sources. By establishing a fee on new development in the sub-region, local agencies can establish a mechanism by which developers will effectively contribute their "fair share" toward sustaining the regional transportation system. This is a twenty-five year program and will be influenced by a variety of market factors that could cause a shortfall or surplus in the revenue projections. The TUMF Program shall be reviewed at no less than five-year intervals to ensure the integrity of the Program with the first review occurring in June of 2005. The Program is not designed to be the only source of revenue to construct the identified facilities, and it will be necessary for matching funds from a variety of available sources to be provided.

It is the intent that TUMF requirements may be met by paying cash, building eligible facilities or through public financing, such as Community Facility Districts and Assessment Districts, or private financing vehicles consistent with local jurisdiction policies.

General TUMF Program parameters, definitions and procedures are described in the TUMF Program Ordinance adopted by participating Western Riverside County jurisdictions. The Western Riverside Council of Governments (WRCOG) is designated as the TUMF Program Administrator, and as such will work closely with member jurisdictions, the Riverside County Transportation Commission (RCTC), the Riverside Transit Agency (RTA), and Riverside County Regional Conservation Authority (RCA) to coordinate the TUMF expenditures to maximize the effectiveness of future transportation investments. As the Program Administrator, WRCOG, agrees to indemnify, defend and hold harmless any TUMF Program participant, and its respective agents, officers, members, officials, employees, and attorneys, whose TUMF Ordinance is challenged in court, from and against all claims, liabilities, damages, or costs of any kind whatsoever, including attorneys' fees and court costs; provided, however, that such indemnity and defense shall not extend or apply to challenges alleging procedural defects in the adoption and implementation of the TUMF Ordinance.

"TUMF Administrative Plan" means the Administrative Plan for the Western Riverside County TUMF Program prepared by WRCOG dated March 24, 2003, in substantially the form approved by the WRCOG Executive Committee on April 7, 2003, as may be amended from time to time, provided that, any material amendments to the TUMF Administrative Plan shall be approved by WRCOG Executive Committee."

This Administrative Plan serves as the guideline to implement the TUMF Program and will be amended as needed to address changing conditions over the life of the Program.

MV00248638

I. **Purpose** - The Purpose of this Administrative Plan is to provide those jurisdictions and agencies that are participants in TUMF Program with guidelines and policies for implementation of the TUMF Program. This Administrative Plan specifies implementation and responsibilities for the TUMF Program.

TUMF Program funds may only be used for capital expenditures associated with the Regional System of Highways and Arterials and for capital expenditures for transit system improvements consistent with the TUMF Nexus Study. These purposes include expenditures for the planning, environmental review, engineering and design costs, right of way acquisition, and administrative costs.

II. **Authority** - The TUMF Program applies to those jurisdictions in Western Riverside County (County of Riverside and the Cities of Banning, Calimesa, Canyon Lake, Corona, Eastvale, Hemet, Jurupa Valley, Lake Elsinore, Menifee, Moreno Valley, Murrieta, Norco, Perris, Riverside, San Jacinto, Temecula, Wildomar and the March Joint Powers Authority (JPA) that have adopted and are implementing the TUMF Program Ordinance. The TUMF Program has been developed pursuant to and consistent with authority provided in the requirements of California Government Code Chapter 5 Section 66000-66008 Fees for Development Projects also known as California Assembly Bill 1600 (AB 1600 or the Mitigation Fee Act), which governs the assessment of development impact fees in California. The Mitigation Fee Act requires that all local agencies in California, including cities, counties, and special districts follow three basic rules when instituting impact fees as follows:

A. Establish a nexus or reasonable relationship between the development impact fee's use and the type of project for which the fee is required;
B. The fee must not exceed the project's proportional "fair share" of the proposed improvement; and
C. The fee cannot be used to correct current problems or to make improvements for existing development.

III. **Imposition of and Participation in the TUMF Program** - Participating jurisdictions in Western Riverside County are responsible for collecting the fees on new development within their jurisdictions. To be considered a participant in the TUMF Program a jurisdiction must have an effective date for the TUMF Ordinance of no later than June 1, 2003 and adopt any amendment of the TUMF Ordinance within ninety (90) days of approval by the WRCOG Executive Committee unless otherwise directed by the WRCOG Executive Committee. The local jurisdictions must adopt the Model TUMF Ordinance and any amendments as prepared by WRCOG staff and approved by the WRCOG Executive Committee. Participating jurisdictions shall not modify the Model TUMF Ordinance, except to meet local municipal codes and references. Further, in order to be considered a participating jurisdiction, local jurisdictions shall collect the full TUMF and transmit the fee to WRCOG as provided herein.

Those jurisdictions that have ordinances with an effective date after June 1, 2003, or opt out of the TUMF Program and decide to participate at a later date must remit to WRCOG the amount of TUMF Program revenue for new development that was not collected by the jurisdiction. In order to verify the amount of revenue that would have been collected during the period in which a jurisdiction did not participate, said jurisdiction shall provide WRCOG with an annual report of building permit activity by the land uses identified in the Nexus Study. The remittance of the fee can be accomplished either in a lump sum

MV00248639

or through a separate Memorandum Of Understanding with WRCOG with a repayment schedule. Those jurisdictions that are not considered participants in the TUMF Program shall not be eligible to participate in the TUMF Program or the decision-making processes as more fully described in this document.

Non-participating jurisdictions will be ineligible to vote on any TUMF Program item and to receive their share of an estimated $1.02 billion in local streets and roads funds that will be allocated from the Reauthorized Measure A.

A. **Calculation of the TUMF** - Each participating jurisdiction shall calculate and collect the TUMF for new development projects as outlined in the Fee Calculation Handbook. For residential, the fee is based on the number of units and for non-residential the fee is based on the square footage. This method of calculation may be different from how the local development impact fee is determined.

The TUMF shall be calculated using the most current fee schedule in effect at the time the fee is due. Participating jurisdictions are prohibited from freezing TUMF by such means as "locking" a fee rate by paying a deposit or a portion of the fee prior to the date the fee is due or by entering into a Development Agreement or other agreement with a developer that freezes the fee at a certain level.
Partial Payments or Deposits: WRCOG discourages the use of deposits and partial payments as it will create additional reporting requirements for the jurisdictions and may give the developer the impression that the fees are not subject to change. However, if a jurisdiction allows for deposits or partial payments, it will transmit the partial payment/deposit to WRCOG in accordance with the TUMF ordinance along with a remittance report. In the variance column of the Remittance report, the jurisdiction shall indicate that the fee collected is a portion of the total due. When the balance is paid, the jurisdiction shall calculate the total fee for the project based on the TUMF fee schedule in place at the time the balance is paid and deduct the partial payment against the total. The balance will be transmitted in accordance with the TUMF ordinance and this Administrative Plan. The variance column of the Remittance report shall indicate that the balance is paid. If there is a fee adjustment between the deposit/partial payment and the payment of the balance, the fee that is required to be paid will be based on the most current TUMF fee schedule.

For the purpose of calculating the TUMF obligation for non-residential development the applicable land use category for a non-residential development is determined based on the predominate authorized use of the building or structure permitted by the underlying zoning associated with the new development. Projects could be subject to higher fee if the land use intensifies during the development process from what was originally proposed to the jurisdiction.

B. **Refunds** – Under certain circumstances, such as double payment, expiration of a building permit, or fee miscalculation, an applicant may be entitled to a TUMF refund. In all cases the applicant must promptly submit a refund request with proof of TUMF payment to the local jurisdiction that collected the TUMF. The jurisdiction will forward the request to WRCOG for verification, review and possible action.

1. **Expiration Of Building Permits** - If a building permit should expire, is revoked, or is voluntarily surrendered and is, therefore voided and no construction or improvement of land has commenced, then the applicant may be entitled to a refund of the TUMF collected which was paid as a condition of approval, less administration.

The applicant shall pay the appropriate TUMF in full if he reapplies for the permit.

If a development project is partially under construction at the time of the effective date of the TUMF Ordinance, the TUMF shall be paid only on that portion of the development for which a building permit is next issued.

2. **Double Payments** – on occasion due to a clerical error a developer has paid all or a portion of the required TUMF for project twice. In such cases, a refund of the double payment may be required. If, however, it is determined that the developer paid the fees to the jurisdiction to expedite the project with the intent of entering into a credit agreement at a later time the refund process is different and is more fully described in section VI of this document.

C. **March Joint Powers Authority** - The March JPA shall not have a separate vote at the WRCOG Executive Committee as it has representation by elected officials from the County of Riverside and Cities of Moreno Valley, Perris, and Riverside. The Executive Director of the March JPA shall be a voting member of the WRCOG TAC for TUMF Program items only. The March JPA is a unique partner in the TUMF Program in that it has land use authority and therefore will need to adopt and implement the TUMF Program in the same manner as the cities and county.

IV. **Allocation of Funds** – After the administrative costs and MSHCP are allocated (as specified in Section IX herein), TUMF funds shall be distributed in accordance with WRCOG Executive Committee actions, the Nexus Study, this Administrative Plan and any future amendments thereto.

A. **Allocation to Regional Transit Improvements** - Of the TUMF funds received by WRCOG, 1.64% shall be allocated to the RTA for making regional transit improvements.

B. **Allocation to Regionally Significant Transportation Improvements** - Of the TUMF funds received by WRCOG, 46.39% shall be allocated to the RCTC for programming improvements to the arterials of regional significance on the Regional System of Highways and Arterials.

C. **Allocation to Zones** - Of the TUMF funds received by WRCOG, 46.39% shall be allocated to the five Zones for programming improvements to the Regional System of Highways and Arterials as determined by the respective Zone Committees. The amount of TUMF funds allocated to each Zone shall be proportionate to the amount of TUMF revenue generated from the zone.

MV00248641

D. **Allocation to Mitigate TUMF Construction Projects** – Of the TUMF funds received by WRCOG, 1.59% shall be allocated to the RCA to purchase habitat for the MSHCP, to mitigate the impacts of TUMF construction projects.

V. **Administration of the Program** - WRCOG shall administer the TUMF Program as described in the enabling Ordinance adopted by participating jurisdictions and further defined in this Administrative Plan.

VI. **Administration of Credits** – The TUMF Ordinance has a provision that if a developer constructs a TUMF facility he will receive credit against the TUMF obligation for the project improvements. Typically, major infrastructure, such as rail grade separations, interchanges, transit projects, etc., is constructed by the local jurisdiction rather than the developer, and involves multiple parties. As such, this section makes the distinction between credit agreements for major infrastructure with the local jurisdictions and the standard arterial improvements with developers. Each jurisdiction shall be responsible for the administration of TUMF credit agreements. Each jurisdiction shall transmit all TUMF credit agreements to WRCOG within 60 days of execution by that jurisdiction. WRCOG may administer credit agreements upon written request from that jurisdiction. Fee credit shall be in accordance with the following:

A. **Developer Credits** -

1. If a developer, as a requirement of the Conditions of Approval, constructs improvements identified on the RSHA, the developer is entitled to a TUMF credit up to 100% of the TUMF obligation, if the developer follows the requirements outlined in Exhibit "B" of the Administrative Plan. The developer shall enter into a credit agreement that will identify the maximum TUMF credit, which is determined by the most current unit cost assumptions for the RSHA, or actual costs, whichever is less. TUMF credit shall be determined based on approved improvement plans and after conditions of approval have been determined. The credit agreement at a minimum shall identify the facility, the dimensions of the facility, number of lanes and applicable unit costs used to deliver the improvements. The unit costs shall be based on the fee in effect at the time the agreement is approved and the maximum TUMF value for the facility (ies) on the RSHA and shall remained fixed through the completion of the project/improvement(s) identified in the agreement.

2. **Credits** – Prior to receiving any credit or payment of fees, a written credit agreement shall be executed between the jurisdiction and the developer. A jurisdiction may not allow a developer to pay the TUMF obligation and at a later date enter into a credit agreement with the expectation of receiving a refund. Parties that operate outside the policy outlined in this section and Exhibit "B" shall experience delays, sometimes significant, and possible denials in reimbursement for the project which is dependent on the transportation improvement program of projects.

3. **Credit for Right-of-Way (ROW) Dedication** – A developer may receive credit for dedication of ROW for RSHA improvements. This section addresses the crediting of ROW dedications that are not part of construction projects. The ROW component in the current Nexus Study determines the maximum share of credit available. An appraisal is

MV00248642

required to determine the value of the ROW being dedicated. One of the following methods determines the appraisal of the ROW:

a. The developer provides to the jurisdiction a current appraisal (no more than two years old), of the ROW to be dedicated. The jurisdiction reviews it and determines if the appraisal is valid and acceptable; or

b. The developer accepts the appraisal of the jurisdiction.

4. Any improvement made to the RSHA that is obligated through an existing fee district (prior to June 1, 2003) shall not be eligible for TUMF credit.

5. Should it be determined that a jurisdiction granted credits exceeding the maximum TUMF credit, that jurisdiction shall provide WRCOG payment in the amount equal to the excess credit amount.

6. Any project that is exempt from the fee is not entitled to fee credits or reimbursement.

B. Use of Credit by Developer – All TUMF credit shall be used first by the developer to offset the TUMF obligation for the project.

1. Credits may not be transferred or sold to other development projects.

2. Developers must exhaust all credits before they are eligible for reimbursements. Any reimbursement shall be made only in accordance with a reimbursement agreement as provided in Section VIII, hereof.

3. Credits shall run with the sale of the land.

C. Local Development Impact Fees and other funding programs - The local jurisdiction shall compare facilities in local fee programs against the RSHA and eliminate any overlap in its local fee program.

1. New Financing Districts and Bond Issues:
For a financing district created or bonds or other evidence of indebtedness issued on or after June 1, 2003, the local jurisdiction may allow a property owner, in lieu of the payment of TUMF to participate in such a financing district and receive credit against the TUMF obligation if the district is funding the following facilities: (i) a Regionally Significant Transportation Improvement, as defined as those facilities that typically are proposed to have six lanes at build out and extend between multiple jurisdictions, or discrete useable segment thereof, as determined by WRCOG, (ii) any interchange on an interstate or state highway with an estimated construction cost of twenty-two million dollars ($22,000,000) or more, (iii) any railroad crossing with an estimated construction cost of more than ten million dollars ($10,000,000), and (iv) any bridge located on a regionally significant arterial as defined in (i) of this section.

MV00248643

1. Prior to and in lieu of payment of TUMF under this Section VI.B. the local jurisdiction must do all of the following:

   (a) Sell bonds within 3 years in an amount sufficient to construct the improvement for which the financing district is created;
   (b) Receive written approval from the WRCOG Executive Director, or designee; and
   (c) In the event that a local jurisdiction is unable to satisfy the requirements of section I (a), above, the local jurisdiction may still excuse the payment of bonds if the local jurisdiction enters into an agreement with WRCOG in which it commits to pay the full amount of any excused Fee, plus interest at the average rate earned by WRCOG over the past twelve months, in the event that the bonds may be extended up to an additional 5 years with the approval of the WRCOG Executive Committee.

2. If a local jurisdiction proposes to issue a credit in lieu of requiring the payment of TUMF as provided in this Section VI.B, then the jurisdiction shall enter into an MOU with WRCOG, and provide reasonable information to account for the credit.
3. If credit is issued in lieu of requiring the payment of TUMF as provided in this Section VI.C, then the jurisdiction shall be responsible for construction of the improvements and those improvements shall not be eligible for TUMF Program prioritization or funding.
4. As used in this section, a financing district means a community facilities district, a local road and bridge district, or an assessment district.
5. Where there is an existing financing district or an existing fee program established prior to June 1, 2003, with bonded indebtedness, then the local jurisdiction may credit payment of the TUMF for that portion of the facility identified in both programs. Notwithstanding the previous sentence, a local jurisdiction shall not issue a TUMF credit for any facilities for which bonds have been issued after February 4, 2008, regardless of when the financing district was first created.
6. Any dispute regarding this implementation of this Section VI.B. may be appealed by the local jurisdiction to the WRCOG Executive Committee for a final determination.
7. This Section VI.C is not intended to impact the administration of credits under Section VI.A. of the Administrative Plan.

VII. Administration of Reimbursements - Local jurisdictions/agencies and developers are eligible for reimbursement for construction of TUMF facilities. The processes for local agencies is different than for landowners/developers; the processes are described below:

1. Developer Reimbursements: Each jurisdiction shall be responsible for the administration of reimbursement agreements (Exhibit "D" of the credit

MV00248644

agreement). WRCOG may administer reimbursement agreements upon written request from the jurisdiction.

Should a developer construct RSHA improvements in excess of the TUMF obligation the developer may be reimbursed for eligible expenses based on actual costs or the approved unit cost assumptions, whichever is less at the time of the agreement. Reimbursements shall be made through an agreement between the developer, and the local jurisdiction, and contingent upon funds being available. In all cases reimbursements under such agreements must coincide with construction of the transportation improvements as scheduled in the five year Transportation Improvement Program (TIP) adopted annually by WRCOG.

The developer may enter into a reimbursement agreement with the jurisdiction to reimburse the developer/owner for the direct and verifiable costs of constructing improvements to the RSHA when all of the following conditions have been met:

a. All available credits have been exhausted;
b. The improvements received prior approval from the jurisdiction and WRCOG based on the review of the TUMF project priority list; and
c. The jurisdiction and WRCOG have reviewed and approved the scope of the project to be constructed.

In no event shall the developer be reimbursed for improvements to the RSHA in excess of the most current approved unit cost assumptions for the TUMF at the time of the agreement.

A development that is exempt from paying the TUMF is not eligible for a reimbursement.

2. **Local Jurisdictions/Agencies:** Local jurisdictions are exempt from paying TUMF, as such, there is no credit given for projects constructed by a local jurisdiction, however, the contribution to the RSHA may be considerable. In such cases where a local jurisdiction constructs TUMF facilities it is eligible for reimbursement for eligible expenses, up to the maximum share identified in the Nexus Study or actual cost whichever is less, in accordance with the prioritization schedule in the adopted Transportation Improvement Program.

Local jurisdictions are required to enter into a reimbursement agreement with WRCOG in order to be eligible to receive TUMF revenue.

VIII. Administrative Responsibilities

A. **Program Administration** - As set forth in Section II, WRCOG is designated as the TUMF Program Administrator. As Administrator, WRCOG shall receive all fees generated from the TUMF as collected by local jurisdictions. WRCOG shall invest, account for and expend such fees in accordance with the TUMF Ordinance and applicable state laws.

For jurisdictions that are not participating in the TUMF Program, the representative for that jurisdiction shall not be eligible to vote on any matter

MV00248645

related to the TUMF Program that goes before the WRCOG TAC and WRCOG Executive Committee.

1. **The WRCOG Executive Director** - Reporting to the WRCOG Executive Committee, the Executive Director shall be responsible for the following TUMF Program activities:

    a. Administration of the TUMF Program, including development of credit and reimbursement agreements, fee collection process and processing Program appeals;
    b. Conduct an audit to report on the evidence that the collection and expenditure of funds collected is in accordance with the Mitigation Fee Act. The audit shall be presented to the WRCOG Executive Committee and made available to the public;
    c. Establishment and management of the "TUMF Program Trust Fund" for the purposes of depositing TUMF revenues and income interest earned on Trust Fund deposits;
    d. Preparation of an Annual Report for consideration by the WRCOG Executive Committee detailing the status of the TUMF Program including but not limited to fees collected and disseminated, capital projects planned for, prioritized, and built;
    e. Preparation of periodic comprehensive TUMF Program review and required by the California Mitigation Fee Act. The review of the TUMF Program will include a review of the various Nexus Study inputs and assumptions, and preparation of recommendations on potential TUMF Program revisions for consideration by the WRCOG Executive Committee. Such reviews and updates may include, but are not limited to recommended fee adjustments based on changes in the facilities required to be constructed, and revenues received pursuant to the Ordinance;
    f. Preparation of technical studies/analysis required to select and prioritize Regionally Significant Arterial projects;
    g. Development of a 10-year Strategic Plan that identifies long term planning goals and objectives for implementation of the TUMF Program;
    h. Development of a five-year TIP that identifies projects that are scheduled and funded for construction over a specified period of time and is reviewed on an annual basis;
    i. Staff support to and coordination with each of the TUMF Zone Committees as necessary;
    j. Other related activities as directed by the WRCOG Executive Committee;
    k. Approve Zone and RTA TIP Administrative Amendments; and
    l. Execute amendments to TUMF reimbursement agreements.

2. **The WRCOG Executive Committee** - The WRCOG Executive Committee shall be responsible for reviewing and acting on the following:

    a. Recommendations for project selection and prioritization of the Regionally Significant Arterials, 10-year Strategic Plan, and the TIP;

MV00248646

b. Review and consider recommendations on projects from the Public Works Committee (PWC) and WRCOG TAC;
c. The approval of the TUMF Program Administrative Plan and any subsequent amendments thereto;
d. Recommend changes to the Ordinance for consideration by participating jurisdictions; and
e. Review and take action on reimbursement agreements.

In developing recommendations on Regionally Significant Arterials for consideration by the WRCOG Executive Committee, WRCOG staff and the Committee structure shall work with RCTC to coordinate compatibility with Measure A project priorities and schedules of area transportation improvements. WRCOG staff and the WRCOG Executive Committee shall also work with WRCOG jurisdictions and each Zone Committee for the same purposes.

For jurisdictions that are not participating in the TUMF Program, the WRCOG Executive Committee representative for that jurisdiction shall not be eligible to vote on any matter related to the TUMF that goes before the WRCOG Executive Committee.

3. **The WRCOG Technical Advisory Committee** - The WRCOG TAC shall review and make recommendations to the WRCOG Executive Committee on the following:

a. Program updates and reviews and all supporting technical documentation;
b. Revisions to the Administration Plan, 10-Year Strategic Plan, Fee Calculation Handbook and any other Program document;
c. Ordinance revisions;
d. Annual fee adjustments; and
e. Reimbursement Agreements.

The WRCOG TAC shall also provide additional assistance to the TUMF Program as requested by the WRCOG Executive Committee. For jurisdictions that are not participating in the TUMF Program, the WRCOG TAC representative for that jurisdiction shall not be eligible to vote on any matter related to the TUMF Program that goes before the WRCOG Executive Committee.

4. **The Public Works Committee/TUMF PWC** - The PWC shall be comprised of the Public Works Director or designee from each participating jurisdiction of WRCOG, RCTC, RTA and WRCOG and shall be responsible for the following:

a. Provide technical assistance and guidance for program updates;
b. Developing objective criteria for project selection and prioritization including but not limited to the following factors: traffic safety issues potentially created by growth, regional significance, availability of matching funds, mitigation of congestion created by new development, system continuity, geographic balance, project

MV00248647

readiness, and completed projects with reimbursement agreements;

c. Provide additional assistance to the TUMF Program as requested by the WRCOG Executive Committee, RCTC and/or the WRCOG TAC;
d. Prepare the 10-Year Strategic Plan;
e. Prepare the 5-Year TIP, which will be reviewed annually and amended every two years;
f. Review and recommend the RCTC Regional Arterial TUMF Program of Projects; to the WRCOG TAC, WRCOG Executive Committee and RCTC;
g. Select a lead agency for each of the projects in the TIP;
h. Review Annual Report prepared by WRCOG;
i. Review and revise the RSHA as may be necessary (at a minimum every 5 years); and
j. Review and revise Unit Cost Assumptions to the RSHA as may be necessary (at a minimum every 5 years).

B. **Regional Arterial Administration** - RCTC through an MOU with WRCOG (effective October 1, 2008) is the responsible agency for programming and delivering the Regionally Significant Arterials designed under Measure A and defined in the Nexus Study. WRCOG and RCTC have established a committee structure that incorporates the Public Works Directors, City Managers the WRCOG Executive Committee, and the RCTC Board for the development, review and approval of the Regional Arterial TUMF Program of projects.

1. **The RCTC Executive Director** - The Executive Director shall be responsible for the following TUMF Program activities:

a. Establishment and management of the "TUMF Program Trust Fund" for the purposes of depositing TUMF revenues and income interest earned on Trust Fund deposits;
b. Development of the RCTC Regional Arterial TUMF Program that identifies projects that are scheduled and funded for construction over a specified period of time and is reviewed on an annual basis;
c. Staff support to and coordination with the TUMF Committees as necessary; and
d. Other related activities as directed by the RCTC Board.

2. **The Riverside County Transportation Commission** - RCTC shall be responsible for reviewing and acting on recommendations for project selection and prioritization of the RCTC Regional Arterial TUMF Program. RCTC shall review and consider recommendations on the RCTC Regional Arterial TUMF Program project on TUMF Regional Arterial projects from the TUMF Public Works Committee, WRCOG TAC and WRCOG Executive Committee.

C. **Zone Administration** - Each Zone shall establish a committee structure, similar to Exhibit "A", for the purpose of preparing a Zone Transportation Improvement Program (TIP) with the TUMF revenue that has been returned to the Zone and

MV00248648

develop policies that impact the Zone, such as how to close a funding shortfall in the Zone. The Executive Committee has determined that the 5-Year TIP shall be balanced to the most reasonable extent possible and that program shortfalls will need to be closed or projects could be reduced or eliminated from the TIP. The Zone shall be responsible for prioritization of projects, selection of the lead agency for each project, and to review all the projects for consistency within the Zone.

All Zones shall approve their TIP by consensus and forward their recommendations to Executive Committee for review and approval to ensure compatibility with the other Zones and the 10-Year Strategic Plan.

Zone dollars are to be allocated by the Zone Committee only and cannot be utilized or borrowed for projects located outside the zone unless such projects are: 1) proposed and approved by the Zone Committee and have a direct benefit to the Zone and 2) it is consistent with the Nexus Study. In furtherance of this Section VIII.B, each Zone shall abide by the Guidelines set forth in Exhibit "C".

The Riverside County Transportation Improvement Plan approved by Riverside County voters on November 5, 2002 states "Funding which is not allocated to a city or county because it is not a participant in the TUMF Program in the Coachella Valley area and the TUMF and MSHCP in the Western County area shall be allocated to the Regional Arterial Program in the geographic area in which the city or portion of the county is located".

Each City and a portion of the unincorporated area of Riverside County are assigned to each of the zones. The five Zones are as follows:

1. Northwest Zone – The Cities of Corona, Eastvale, Jurupa Valley, Norco, Riverside and the County of Riverside, and the March JPA;

2. Southwest Zone – The Cities of Canyon Lake, Lake Elsinore, Murrieta, Temecula, Wildomar and the County of Riverside;

3. Central Zone – The Cities of Menifee, Moreno Valley and Perris, and the County of Riverside, and the March JPA;

4. Pass Zone – The Cities of Banning and Calimesa, and the County of Riverside; and

5. Hemet/San Jacinto Zone – The Cities of Hemet and San Jacinto and the County of Riverside.

D. Local Administration - As described in the TUMF Ordinance, participating jurisdictions are responsible for collecting the TUMF. Fees collected and a corresponding Remittance Report are required to be transmitted to the Executive Director of WRCOG. In accordance with the TUMF Ordinance and the Mitigation Fee Act, WRCOG shall deposit, invest, and expend the transmitted fees. Participating jurisdictions are required to transmit reports as set forth below to WRCOG which will include, but not be limited to the following information regarding the TUMF Program status.

MV00248649

1. **Monthly Remittance Reports** – Participating jurisdictions are required to submit the standard Remittance Reports to WRCOG by the tenth (10th) day of the month end for the previous month's activity, for example; June's Remittance report is due July 10. The report shall contain information necessary for WRCOG to determine the total amount of fees collected within each fee category as it relates to the number of building permits, certificates of occupancy, or final inspections issued during the same period of time. Remittance reports are required even when no fees have been collected, and will show building permits or certificates of occupancy have been issued. In addition the participating jurisdiction shall provide WRCOG the following information: the name of the developer or payee, project address, APN, total square feet, credits issued, and such other information as requested by WRCOG. This information will assist WRCOG in tracking new development, total revenue received and revenue projections for purposes of Program audits and program updates.

2. **Remittance Delays** - If a participating jurisdiction does not transmit the fees along with a corresponding Remittance Report by the tenth (10th) day of the close of the month for the previous month in which fees were collected, the following fiscal policy shall be applied:

   On the eleventh (11th) day after the close of the month WRCOG staff shall notify, in writing, the delinquent jurisdiction of the delinquency and request that said jurisdiction remit by the fifteenth (15th), the fees and the required Remittance Report;

   If fees and Remittance Report have not been received, by the fifteenth (15th) day, WRCOG staff will invoice the jurisdiction for the approximate amount owed plus interest and penalties which is calculated at the current interest rate earned by the Riverside County Investment Pool plus thirty-five basis parts beginning from the first day of the month following the closing of the month being reported;

   WRCOG staff will continue this notification until sixty (60) days after the close of the month. At which time, WRCOG will determine if an audit is necessary of the jurisdiction's TUMF account, general ledger and any other financial data. If an audit is conducted, WRCOG will investigate the amount owed and the cause of delay. Upon completion of the audit, WRCOG staff shall make any recommendations to resolve any outstanding issues; and

   If an audit is required due to reporting and remittance irregularities, the jurisdiction shall incur the cost of the audit.

E. **Riverside Transit Agency** – In accordance with the Nexus Study 1.64% of funds received will be made available to the RTA to make capital facilities improvements for transit purposes as identified in the Nexus Study. The RTA

MV00248650

shall provide a report to the WRCOG Executive Committee each year, which has been reviewed by the technical committees, detailing its expenditures of TUMF Program funds received, as well as future commitments for transit facilities using TUMF Program revenues as determined by the RTA Board of Directors.

IX. **Administrative Costs.** The TUMF Ordinance authorizes WRCOG to expend funds generated from TUMF that are necessary and reasonable to carry out its responsibilities to implement the Program. The WRCOG Executive Committee adopted a series of policies that clarify the expenditure and retention of program funds for the Administration of the Program and they are as follows:

1. WRCOG will retain no more than one percent (1%) of the total TUMF Program revenue for administration salaries and benefits;
2. Administration costs will be budgeted at whatever is reasonable and necessary, but not to exceed four percent (4%) of the TUMF revenues collected (inclusive of the one percent administrative salaries and benefit cap) unless otherwise directed by the Executive Committee.
3. Beginning July 1, 2006, WRCOG will take the administrative component from the revenue collected based on the total fee obligation inclusive of executed credit agreements.
4. Beginning July 1, 2006, all CFD's, SCIP and other financing mechanisms will pay the maximum (4%) administrative component in cash to WRCOG. When the administrative component is less than 4% then the surplus revenue will be allocated in accordance to their adopted percentages to the Multi-species Habitat Conservation Plan, RCTC, RTA and the Zones.
5. For refunds, whether it is because the project is no longer going forward or expiration of building permits (where no construction has commenced), the applicant is entitled to a refund less the administrative component. Refunds will be processed based on available cash and will not take precedence over the projects identified as funded on the approved TIP. Refunds will however take precedence over the addition of new projects to the TIP.

X. **Appeals.** Appeals shall only be made in accordance with the provisions of this Section X.

A. **Persons or Entities Who Having Standing to Appeal.** No person or entity shall have standing to avail themselves of this Section X, except those persons or individuals who are responsible for paying the TUMF and have an unresolved appealable issue or matter.

B. **Appealable Issues and Matters.** No issue or matter shall be heard or reviewed under this Section X unless the issue or matter is appealable. An issue or matter is appealable, if a qualified person or entity ("Appellant") has a good-faith dispute directly related to Appellant's Property ("TUMF Dispute") regarding (i) the amount of Appellant's TUMF obligation; (ii) the administration of TUMF Credits; (iii) exemption of Appellant's property from the TUMF Program; or (iv) administration of TUMF reimbursements.

C. **Appeal Process.**

1. If a qualified person or entity has a TUMF Dispute, he or she shall first attempt to resolve the dispute informally with the staff of the local jurisdiction. If the TUMF Dispute remains unresolved after a reasonable attempt to address it at the local level, the qualified person or entity may submit a written appeal to the appropriate department of the local jurisdiction. The written appeal shall thoroughly identify the TUMF Dispute. If the staff of the local jurisdiction determines the issue or matter is not a TUMF Dispute, the written appeal shall be rejected. Staff's decision shall be provided in writing to the Appellant. In such cases, if the Appellant desires further review from the Board of Supervisors/City Council of the affected local jurisdiction, the Appellant must submit a written request for review to the Clerk of the Board/City Council within five (5) days of receiving staff's written decision. The decision of the Board/City Council shall be forwarded to the WRCOG Executive Committee in the same manner set forth in Paragraph 3 of this Section.
2. If the written appeal identifies a TUMF Dispute, the Appellant and staff from the local jurisdiction shall attempt to resolve the issue within thirty (30) days of the local jurisdiction's receipt of the appeal. At the request of the local jurisdiction, or on its own accord, WRCOG staff may also participate in such discussions. At the conclusion of the thirty (30) day period, staff of the local jurisdiction shall render a written decision on the appeal.
3. The issue or matter shall be heard by the Board of Supervisors/City Council of the affected local jurisdiction; provided, the Appellant submits a written request for further review to the Clerk of the Board/City Council within five (5) days of Appellant's receipt of the local jurisdiction's written decision regarding the Appellant's appeal. The Board/City Council shall forward its written decision to WRCOG for review and concurrence. If the WRCOG Executive Committee disagrees with the decision of the City Council/Board of Supervisors the WRCOG Executive Committee shall determine a proper course of action and notify the jurisdiction of its findings.

XI. **Arbitration.** When there is a dispute among the Zone members that cannot be resolved and prevents the adoption of a project prioritization schedule, the matter shall be forwarded to the WRCOG TAC and WRCOG Executive Committee for a determination. Once the WRCOG Executive Committee takes action on the issue the decision is final.

If there is a dispute at the WRCOG Executive Committee level regarding project prioritization of a specific project(s) and a consensus cannot be reached, that project shall be tabled until such time as new information is presented and the matter can be resolved.

XII. **TUMF Program Amendments.** WRCOG shall undertake a review of all components of the TUMF Program in accordance with AB 1600 and other applicable laws, and, if necessary, recommend Program amendments and/or adjustments. Amendments to the Administrative Plan will be subject to the approval of the WRCOG Executive Committee. Amendments required to the TUMF Program Ordinance shall be approved by each participating jurisdiction, acting on recommendations provided by the WRCOG Executive

MV00248652

Committee. The review shall consider whether future administration costs to participating jurisdictions are needed.

1. **TUMF Network Revisions**: The TUMF Network is reviewed and revised at regular Nexus updates, with minor adjustments such as name changes, distances, and other errors that may be found from time to time occurring on a more frequent basis. However, there could be instances when certain assumptions were made during a Nexus Update that did not come to fruition that should be addressed. The primary cause is when a new city is incorporated and inherits the TUMF Network, which may not reflect the new jurisdiction's General Plan or priorities; another example is if a jurisdiction needs to "trade" a facility on the Network due to a rapid change in development patterns that should not wait for the normal revision cycle.

   For new cities there would be an opportunity to review the TUMF Network with WRCOG staff to ensure that the Network identifies their priorities and allows them to make recommendations and to have the ability to swap out facilities. Any revision request must meet the criteria to be on the Network before the PWC will consider the request.

   Jurisdictions that are not part of the above mentioned group that need to swap out facilities, must justify the swap by demonstrating that it provides continued regional circulation, meets the criteria to be on the TUMF Network, and does not provide an advantage to a specific land-use, community, developer/project for the purposes of TUMF credits or reimbursements. These jurisdictions must also demonstrate that the impacts mitigated in the swapped facilities are substantially similar to those impacts that would have been mitigated in the abandoned facilities.

   This process is intended to be applied on an annual basis during interim years between revisions to the TUMF Nexus Study that would inherently include a revision to the TUMF Network. The deadline to submit any revision is June 30th. The focus of this process is the ability to shift projects on the TUMF Network with the intent to incur minimal fiscal impacts to the Program fee and Nexus determination, rather than adding new projects that would have a far more significant effect on the Program fee and therefore would be more appropriately addressed during the regular Nexus Study reviews. The exception to this policy is the ability for newly incorporated cities to request new additions during the initial cycle of this adjustment process to ensure appropriate facilities are designated to address their individual city's needs.

   The process requires the jurisdiction to submit a written justification of the requested TUMF Network facility shift. Elements to be addressed in the written justification should include an explanation of the rationale for the proposed facility shift specifically explaining why the facility should be addressed as part of the TUMF Program and cannot be addressed as part of an equivalent local program, and verification that the proposed shift in facility does not unduly favor or disadvantage a specific developer or development interest. Proximity to areas of significant recent development activity (i.e. shifts in development patterns resulting in changes in transportation system impacts to be mitigated) and the net cost differential to the program following the facility adjustment are key elements

MV00248653

to be addressed in the written justification. The written justification must also demonstrate that the impacts mitigated in the proposed facility shift are substantially similar to those impacts that would have been mitigated in the abandoned facilities.

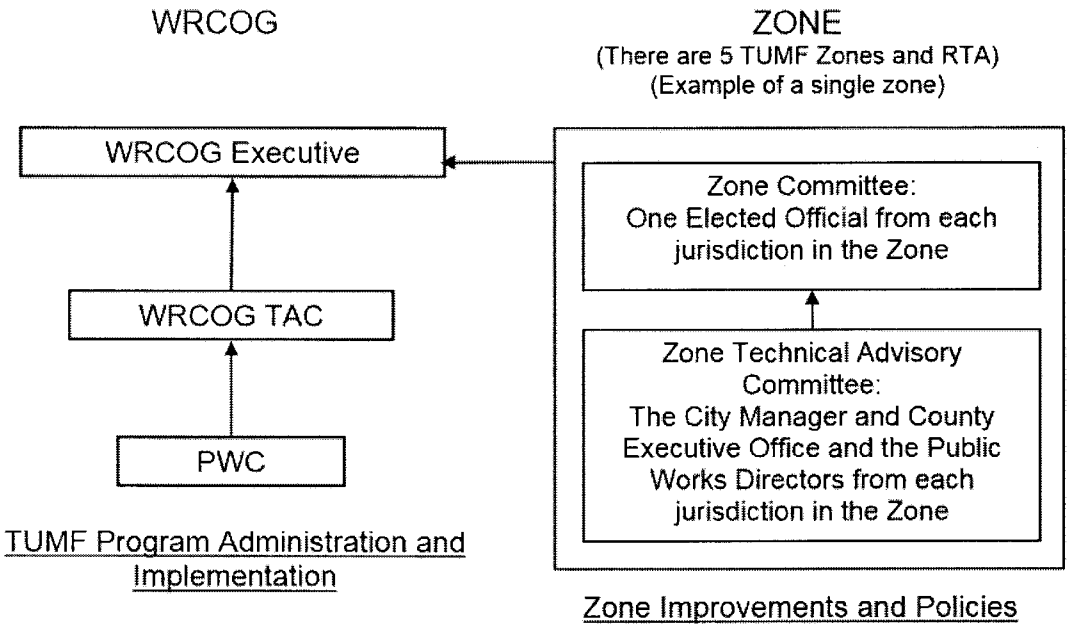
The existing criteria contained in the TUMF Nexus Study for identifying facilities to be included in the TUMF Network was refined for the purposes of evaluating requests for TUMF Network Amendments. All requested Network adjustments will be evaluated and scored using a point system based on key performance indicators consistent with the existing criteria contained in the TUMF Nexus Study. The scoring criteria is "Exhibit D" of this Plan. Only facilities defined in a participating jurisdiction's General Plan Circulation Element (or equivalent document) as an arterial highway facility with a minimum four (4) lanes at build-out will be evaluated for inclusion in the TUMF Network.

XIII. **CEQA.** The TUMF Program currently is a financing mechanism dependent on future actions of the WRCOG Executive Committee for improvements to the RSHA. WRCOG and its associated committees will be prioritizing and scheduling improvements on the RSHA, as such, the appropriate environmental documentation, shall be completed before a project can commence construction.

The TUMF Program was developed to mitigate the cumulative impacts of future growth on the RSHA. It was not developed to mitigate project-specific traffic impacts. Accordingly the program does not relieve any development project of the responsibility to mitigate project-specific impacts identified in the environmental analysis prepared for the project. When a development project is required to construct RSHA facilities as project-specific mitigation, it shall be eligible for credit and or reimbursement.

EXHIBIT "A"

TUMF Decision Making Process



MV00248655

EXHIBIT "B"

TUMF Credit / Reimbursement Eligibility Process

1. Prior to the construction of any TUMF Improvement, Developer shall follow the steps listed below:

   a. Prepare a separate bid package for the TUMF Improvements.
   b. The plans, cost estimate, specifications and contract document shall require all contractors to pay prevailing wages and to comply with applicable provisions of the Labor Code, Government Code, and Public Contract Code relating to Public Works Projects.
   c. Bids shall be obtained and processed in accordance with the formal public works bidding requirements of the City/County.
   d. The contract(s) for the construction of TUMF Improvements shall be awarded to the lowest responsible bidder(s) for the construction of such facilities in accordance with the City's/County's requirements and guidelines.
   e. Contractor(s) shall be required to provide proof of insurance coverage throughout the duration of the construction.

2. Prior to the determination and application of any Credit pursuant to a TUMF Improvement and Credit Agreement executed between City/County and Developer ("Agreement"), Developer shall provide the City/County and WRCOG with the following:

   a. Copies of all information listed under Item 1 above.
   b. Surety Bond, Letter of Credit, or other form of security permitted under the Agreement and acceptable to the City/County and WRCOG, guaranteeing the construction of all applicable TUMF Improvements.

3. Prior to the City's/County's acceptance of any completed TUMF Improvement, and in order to initiate the construction cost verification process, the Developer shall comply with the requirements as set forth in Sections 7, 14.3 and 14.4 of the Agreement, and the following conditions shall also be satisfied:

   a. Developer shall have completed the construction of all TUMF Improvements in accordance with the approved Plans and Specifications.
   b. Developer shall have satisfied the City's/County's inspection punch list.
   c. After final inspection and approval of the completed TUMF Improvements, the City/County shall have provided the Developer a final inspection release letter.
   d. City/County shall have filed a Notice of Completion with respect to the TUMF Improvements pursuant to Section 3093 of the Civil Code with the County Recorder's Office, and provided a copy of filed Notice of Completion to WRCOG.
   e. Developer shall have provided City/County a copy of the As-Built plans for the TUMF Improvements.
   f. Developer shall have provided City/County copies of all permits or agreements that may have been required by various resource/regulatory agencies for construction, operation and maintenance of any TUMF Improvements.
   g. Developer shall have submitted a documentation package to the City/County to determine the final cost of the TUMF Improvements, which shall include at a minimum, the following documents related to the TUMF Improvements:

MV00248656

i. Plans, specifications, and Developer's Civil Engineer's cost estimates; or Engineer's Report showing the cost estimates.
ii. Contracts/agreements, insurance certificates and change orders with each vendor or contractor.
iii. Invoices from all vendors and service providers.
iv. Copies of cancelled checks, front and back, for payments made to contractors, vendors and service providers.
v. Final lien releases from each contractor and vendor (unconditional waiver and release).
vi. Certified contract workers payroll for City/County verification of compliance with prevailing wages.
vii. A total cost summary, in spreadsheet format (MS Excel is preferred) and on disk, showing a breakdown of the total costs incurred. The summary should include for each item claimed the check number, cost, invoice numbers, and name of payee. See attached sample for details.

4. The amount of the development credit shall not exceed the maximum amount determined by the most current unit cost assumptions for the RSHA in the adopted Nexus Study, or actual costs whichever is less. This shall be known as the maximum credit. The maximum TUMF credit shall be determined based on an approved Improvement Plan and after the Conditions of Approval have been determined.

EXHIBIT "C"

Guidelines for the Administration of the Programmed Projects in the Zone's Adopted 5-Year TIP

Once each Zone's 5-Year Transportation Improvement Program (TIP) is adopted by the WRCOG Executive Committee, said TIPs shall be incorporated into and governed by these guidelines, the Administrative Plan, and 10-Year Strategic Plan in accordance with AB 1600. Annually, WRCOG staff meets with the Zone Technical Advisory Committees to review the status of all programmed projects on the 5-Year TIPs and bring the subsequent project adjustment requests to the Zone Committees for approval. The goals of the annual review process are as follows: (i) to update project cost estimates; (ii) to review project status; (iii) to determine the continued viability of projects; (iv) review the backlog of reimbursement projects;(v) to address local jurisdiction issues; and (vi) address compliance with AB 1600.

Adjustments:

In accordance with the 10-Year Strategic Plan and the original reimbursement agreement entered into with the lead jurisdiction, all approved projects' funding and schedules are directly tied to critical milestones. As such, requests to change a project's funding or schedule shall necessitate an amendment to the original agreement and the adopted TIP.
Annual 5-Year TIP adjustments could include, but are not limited to:

- Scope of work reductions or additions;
- Project or phase delays;
- Project or phase cancellations;
- New shelf-ready network projects being added as replacement projects;
- Project or phase advances; and
- Request to transfer funding beyond a programmed project's limits within a Zone.

Levels of Approval:

A. Zone Committee/WRCOG Executive Committee

The following shall be approved by the Zone Committee and adopted by the WRCOG Executive Committee as required in the Administrative Plan:

1. Annual updates to the Zone TIP.

2. Requests to increase total TUMF funding allocations to projects in the Zone TIP. These requests may be made by the local jurisdiction administratively outside of the annual TIP update cycles if deemed necessary by one of the Zone participating jurisdictions and WRCOG management due to unforeseen circumstances that necessitate immediate action. Such unforeseen circumstances shall include, but not be limited to, higher than expected bid prices, Might want to give more examples] WRCOG staff will obtain action from the Zone Committee in these cases either by calling for a Special Zone Committee meeting or through individual consultation.

MV00248658

3. Administrative requests to advance funds or adjust project schedules on TIP approved projects, upon the recommendation of the Public Works Committee. Such advancements are subject to:

   - Jurisdiction's proof of readiness to move forward with project, and
   - Zone's current cash flow can support the advancement or change.

B. WRCOG Executive Director

The WRCOG Executive Director shall be responsible for the review and approval of the following changes to an approved Zone TIP, including the review and approval of any agreements, for:

1. Change in Lead Jurisdiction, with the written consent of the transferring and accepting Lead Jurisdiction.

2. Cancellation of project upon request of the local jurisdiction. In the event of cancellation, all funds shall revert to the Zone TIP Trust account.

3. Approval of final completion of the project. Upon notification from the Jurisdiction that the Project has been completed, all unused funds programmed for that Project shall revert to the Zone TIP Trust account.

4. All other administrative requests, upon consultation with the Public Works Committee.

C. Public Works Committee

The Public Works Committee shall be responsible for the review and approval of the following:

1. Requests to move funds within project categories (environmental, design, etc.) administratively, contingent upon participating jurisdiction's certification of viability of all phases.

2. Provide recommendations to the WRCOG Executive Director on any other requests that are deemed administrative in nature by the Director.

All administrative adjustments will be submitted to the WRCOG Executive Committee as part of the next Annual Review Report for final adoption.

D. Obligating Programmed Funds

The TUMF Program has established the policy that construction projects take priority and therefore WRCOG limits the obligation of TUMF dollars. WRCOG has two options by which to obligate TUMF. In both options, steps 1, 2 and 3 (Option A) or 6 (Option B) must be completed by the local jurisdiction to ensure TUMF funding can be made available for use on an eligible project. Since TUMF project funds are generally obligated on a first come first served basis, failure to follow the prescribed steps for either option may preclude a project sponsor from receiving TUMF payments for completed work until sufficient funds are available to be obligated.

Option A:
Funding for a project programmed on Zone 5-Year TIPs is not considered obligated by WRCOG until certain steps outlined below have been accomplished by the local jurisdiction.

1. Ensure that funding for the project phase is **programmed in the current year** of an adopted 5-Year TIP.
2. Ensure that there is a **signed (executed) reimbursement agreement** that matches the funding amount with the funding amount of the project phase in the adopted TIP.
3. Submit **an invoice for TUMF eligible work** prior to the end of the fiscal year to obligate the project phase funding. At the time of submitting the first invoice, the project sponsor will be required to submit all necessary supporting documentation (not previously submitted) in accordance with the provisions of the reimbursement agreement.
4. WRCOG will obligate the entire phase of the project if there is available revenue at the time the invoice is submitted.

Option B:
Funding for a project programmed on Zone 5-Year TIPs is not considered obligated by WRCOG until the steps outlined below have been accomplished by the local jurisdiction.

1. Ensure that funding for the project phase is **programmed in the current year** of an adopted 5-Year TIP.
2. Ensure that there is a **signed (executed) reimbursement agreement** that matches the funding amount with the funding amount of the project phase in the adopted TIP.
3. Send WRCOG a letter of **notice of intent** to issue RFP, solicit bids, make offer to purchase ROW or other similar action to verify that sufficient funding is available and that funds are obligated and reserved exclusively for the particular project phase.
4. Receive a **notice of obligation** from WRCOG within fourteen working days of receipt of the notice of intent confirming the amount of funding that is obligated and reserved exclusively for the particular project phase. Alternatively, the project sponsor will receive a notice of deferred obligation if WRCOG determines that insufficient funds are currently available for the project phase to be obligated.
5. Award the project and execute a contract within four months of receipt of the notice of obligation from WRCOG and send a letter of **confirmation of award** to WRCOG including evidence of a Board/Council action relating to the project award and contract execution.
6. Commence project work and submit the **first invoice** for payment within nine months of receipt of letter of obligation by WRCOG to preserve fund obligation. At the time of submitting the first invoice, the project sponsor will be required to submit all necessary supporting documentation (not previously submitted) in accordance with the provisions of the reimbursement agreement.

If a contract has not been executed within four months of receipt of the notice of obligation from WRCOG (step 5), there will be a review of the project status. Based on the review of project status, WRCOG will either:

i. extend the fund obligation for up to a total of nine months from the notice of obligation if the project sponsor can demonstrate a realistic expectation that the project will be awarded and a confirmation of award can be provided to WRCOG within that time frame; or
ii. de-obligate the funds.

Similarly, if the first invoice has not been submitted to WRCOG within nine months of receipt of the letter of obligation (step 6), there will be a review of the project status. Based on the review of project status, WRCOG will either:

i. extend the fund obligation for up to an additional nine months if the project sponsor can demonstrate a realistic expectation that the project work will commence and a first invoice is submitted within that time frame; or
ii. de-obligate the funds.

E. Programming the Cost Assumption's 10 Percent Contingency

The TUMF Program has established the policy allowing local jurisdictions the ability to choose how to apply the available 10 percent Contingency costs historically assigned to the construction phase of a project when it is programmed on a TUMF 5-Year Transportation Improvement Program (TIP). The Contingency fund is 10 percent of the sum of the new lane, right-of-way, bridge, interchange, and railroad costs.

Under this new policy, some jurisdictions may opt to continue applying the 10 percent Contingency to the construction costs, while others may choose to apply a portion of the 10 percent Contingency to help defray their administrative costs incurred during the planning and engineering phase delivery.

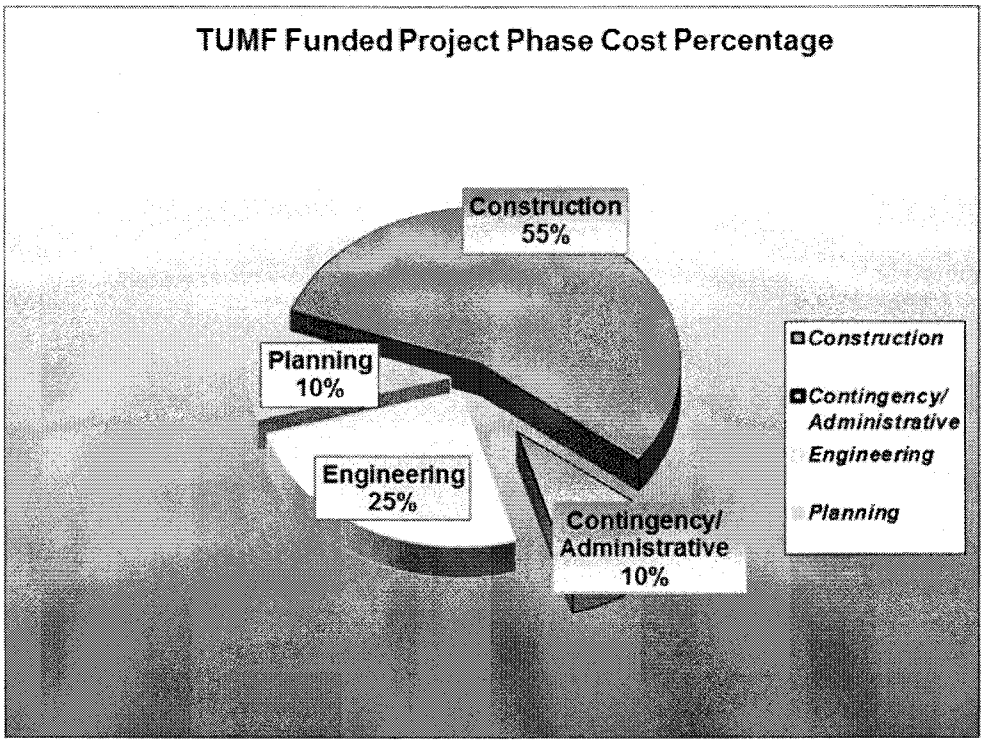
Since currently programmed construction funds already reflect the eligible 10 percent Contingency, the policy only applies to those projects that have not obligated or received payments on their construction phases.

For those jurisdictions who wish to recapture administrative costs of ongoing projects programmed on the TIP that do not involve an obligated construction phase, up to 10 percent of each of the programmed planning and engineering phases would be eligible for administrative costs and would be deducted from the available 10 percent contingency (leaving the remaining balance to be applied to construction costs or construction administration costs.)

Scenario –

Construction costs	= $1,000,000	
Contingency	= $ 100,000	(or 10%)
Planning costs	= $ 100,000	
Engineering costs	= $ 250,000	
Admin costs (PA&ED)	= $ 10,000	(or 10% of $100k)
Admin costs (ENG)	= $ 25,000	(or 10% of $250k)
Balance Contingency	= $ 65,000	(for construction admin or contingency costs)

MV00248661



Jurisdictions may apply a portion or all of the available 10 percent Contingency to reimburse accrued administration costs for all three phases by requesting the amount to be programmed as a separate line item on the TIP during a biennial TIP review or amendment as any other project adjustment.

All existing and future reimbursement agreements, cost estimates, and scopes of work will need to be amended to include specific language covering the jurisdiction's individual contingency use option.

EXHIBIT "D"

The following table summarizes the criteria, evaluation thresholds and point values for evaluating TUMF Network adjustment requests for approval. For each evaluation measure, the maximum point value has been highlighted in **bold** font for easy reference.

Criteria	Evaluation Thresholds	Points
Minimum number of lanes at build-out	Less than 4 lanes	not eligible
	4 or 5 lanes	5
	6 or more lanes	**15**
Jurisdictions served	1 jurisdiction	0
	2 jurisdictions	5
	3 or more jurisdictions	**10**
Future forecast traffic volumes	Less than 20,000 vehicles per day	0
	20,000 to 24,999 vehicles per day	5
	25,000 to 29,999 vehicles per day	10
	30,000 to 34,999 vehicles per day	15
	35,000 to 39,999 vehicles per day	20
	40,000 or more vehicles per day	**25**
Future forecast volume to capacity ratio	< 0.80 (LOS A/B/C)	0
	0.81 – 0.90 (LOS D)	5
	0.91 – 1.00 (LOS E)	10
	> 1.00 (LOS F)	**15**
Regional fixed route transit services accommodated	No service	0
	1 or more services	**10**
Net fiscal impact of TUMF Network adjustment	More than $1,000,000 cost addition	-15
	$200,000 to $1,000,000 cost addition	-5
	$199,999 cost addition to $199,999 cost savings	5
	$200,000 to $1,000,000 cost savings	15
	More than $1,000,000 cost savings	**25**
Maximum Possible Score		**100**

FOLLOWING THE WESTERN RIVERSIDE COUNTY
PROGRAMS AND PROJECTS COMMITTEE
MONDAY, SEPTEMBER 23, 2013

CONFERENCE ROOM A
Riverside County Transportation Commission
4080 Lemon Street, Third Floor, Riverside, 92501

AGENDA

1. **CALL TO ORDER**

2. **TUMF REGIONAL ARTERIAL DEVELOPER REIMBURSEMENT POLICIES**

   Overview

   This item is for the Ad Hoc Committee to discuss and consider potential changes to the reimbursement policy for developer funded TUMF Regional Arterial improvements.

3. **ADJOURNMENT**

AGENDA ITEM 2

RIVERSIDE COUNTY TRANSPORTATION COMMISSION	
DATE:	September 23, 2013
TO:	TUMF Ad Hoc Committee
FROM:	Shirley Medina, Planning and Programming Director Theresia Trevino, Chief Financial Officer John Standiford, Deputy Executive Director
THROUGH:	Anne Mayer, Executive Director
SUBJECT:	TUMF Regional and Arterial Developer Reimbursement Policies

STAFF RECOMMENDATION:

This item is for the Ad Hoc Committee to discuss and consider potential changes to the reimbursement policy for developer funded TUMF Regional Arterial Improvements.

BACKGROUND INFORMATION:

At its September meeting, the Commission approved the formation of a TUMF Ad Hoc Committee to discuss the reimbursement policy for developer funded TUMF Regional Arterial improvements.

Attachment: WRCOG TUMF Administrative Plan Dated October 1, 2012

Administrative Plan for the
Western Riverside County Transportation Uniform Mitigation Fee (TUMF) Program

Preamble

Future development within Western Riverside County will result in traffic volumes exceeding the capacity of the Regional System of Highways and Arterials (RSHA or Regional System) as it presently exists. The Regional System needs to be expanded to accommodate anticipated future growth; current funds are inadequate to construct the Regional System needed to avoid the unacceptable levels of traffic congestion and related adverse impacts.

The TUMF Program will provide significant additional funds from new development to make improvements to the Regional System, complementing funds generated by Measure A and the Reauthorized Measure A, local transportation fee programs, and other potential funding sources. By establishing a fee on new development in the sub-region, local agencies can establish a mechanism by which developers will effectively contribute their "fair share" toward sustaining the regional transportation system. This is a twenty-five year program and will be influenced by a variety of market factors that could cause a shortfall or surplus in the revenue projections. The TUMF Program shall be reviewed at no less than five-year intervals to ensure the integrity of the Program with the first review occurring in June of 2005. The Program is not designed to be the only source of revenue to construct the identified facilities, and it will be necessary for matching funds from a variety of available sources to be provided.

It is the intent that TUMF requirements may be met by paying cash, building eligible facilities or through public financing, such as Community Facility Districts and Assessment Districts, or private financing vehicles consistent with local jurisdiction policies.

General TUMF Program parameters, definitions and procedures are described in the TUMF Program Ordinance adopted by participating Western Riverside County jurisdictions. The Western Riverside Council of Governments (WRCOG) is designated as the TUMF Program Administrator, and as such will work closely with member jurisdictions, the Riverside County Transportation Commission (RCTC), the Riverside Transit Agency (RTA), and Riverside County Regional Conservation Authority (RCA) to coordinate the TUMF expenditures to maximize the effectiveness of future transportation investments. As the Program Administrator, WRCOG, agrees to indemnify, defend and hold harmless any TUMF Program participant, and its respective agents, officers, members, officials, employees, and attorneys, whose TUMF Ordinance is challenged in court, from and against all claims, liabilities, damages, or costs of any kind whatsoever, including attorneys' fees and court costs; provided, however, that such indemnity and defense shall not extend or apply to challenges alleging procedural defects in the adoption and implementation of the TUMF Ordinance.

"TUMF Administrative Plan" means the Administrative Plan for the Western Riverside County TUMF Program prepared by WRCOG dated March 24, 2003, in substantially the form approved by the WRCOG Executive Committee on April 7, 2003, as may be amended from time to time, provided that, any material amendments to the TUMF Administrative Plan shall be approved by WRCOG Executive Committee."

This Administrative Plan serves as the guideline to implement the TUMF Program and will be amended as needed to address changing conditions over the life of the Program.

MV00248673

I. **Purpose** - The Purpose of this Administrative Plan is to provide those jurisdictions and agencies that are participants in TUMF Program with guidelines and policies for implementation of the TUMF Program. This Administrative Plan specifies implementation and responsibilities for the TUMF Program.

TUMF Program funds may only be used for capital expenditures associated with the Regional System of Highways and Arterials and for capital expenditures for transit system improvements consistent with the TUMF Nexus Study. These purposes include expenditures for the planning, environmental review, engineering and design costs, right of way acquisition, and administrative costs.

II. **Authority** - The TUMF Program applies to those jurisdictions in Western Riverside County (County of Riverside and the Cities of Banning, Calimesa, Canyon Lake, Corona, Eastvale, Hemet, Jurupa Valley, Lake Elsinore, Menifee, Moreno Valley, Murrieta, Norco, Perris, Riverside, San Jacinto, Temecula, Wildomar and the March Joint Powers Authority (JPA) that have adopted and are implementing the TUMF Program Ordinance. The TUMF Program has been developed pursuant to and consistent with authority provided in the requirements of California Government Code Chapter 5 Section 66000-66008 Fees for Development Projects also known as California Assembly Bill 1600 (AB 1600 or the Mitigation Fee Act), which governs the assessment of development impact fees in California. The Mitigation Fee Act requires that all local agencies in California, including cities, counties, and special districts follow three basic rules when instituting impact fees as follows:

A. Establish a nexus or reasonable relationship between the development impact fee's use and the type of project for which the fee is required;
B. The fee must not exceed the project's proportional "fair share" of the proposed improvement; and
C. The fee cannot be used to correct current problems or to make improvements for existing development.

III. **Imposition of and Participation in the TUMF Program** - Participating jurisdictions in Western Riverside County are responsible for collecting the fees on new development within their jurisdictions. To be considered a participant in the TUMF Program a jurisdiction must have an effective date for the TUMF Ordinance of no later than June 1, 2003 and adopt any amendment of the TUMF Ordinance within ninety (90) days of approval by the WRCOG Executive Committee unless otherwise directed by the WRCOG Executive Committee. The local jurisdictions must adopt the Model TUMF Ordinance and any amendments as prepared by WRCOG staff and approved by the WRCOG Executive Committee. Participating jurisdictions shall not modify the Model TUMF Ordinance, except to meet local municipal codes and references. Further, in order to be considered a participating jurisdiction, local jurisdictions shall collect the full TUMF and transmit the fee to WRCOG as provided herein.

Those jurisdictions that have ordinances with an effective date after June 1, 2003, or opt out of the TUMF Program and decide to participate at a later date must remit to WRCOG the amount of TUMF Program revenue for new development that was not collected by the jurisdiction. In order to verify the amount of revenue that would have been collected during the period in which a jurisdiction did not participate, said jurisdiction shall provide WRCOG with an annual report of building permit activity by the land uses identified in the Nexus Study. The remittance of the fee can be accomplished either in a lump sum

MV00248674

or through a separate Memorandum Of Understanding with WRCOG with a repayment schedule. Those jurisdictions that are not considered participants in the TUMF Program shall not be eligible to participate in the TUMF Program or the decision-making processes as more fully described in this document.

Non-participating jurisdictions will be ineligible to vote on any TUMF Program item and to receive their share of an estimated $1.02 billion in local streets and roads funds that will be allocated from the Reauthorized Measure A.

A. **Calculation of the TUMF** - Each participating jurisdiction shall calculate and collect the TUMF for new development projects as outlined in the Fee Calculation Handbook. For residential, the fee is based on the number of units and for non-residential the fee is based on the square footage. This method of calculation may be different from how the local development impact fee is determined.

The TUMF shall be calculated using the most current fee schedule in effect at the time the fee is due. Participating jurisdictions are prohibited from freezing TUMF by such means as "locking" a fee rate by paying a deposit or a portion of the fee prior to the date the fee is due or by entering into a Development Agreement or other agreement with a developer that freezes the fee at a certain level.
Partial Payments or Deposits: WRCOG discourages the use of deposits and partial payments as it will create additional reporting requirements for the jurisdictions and may give the developer the impression that the fees are not subject to change. However, if a jurisdiction allows for deposits or partial payments, it will transmit the partial payment/deposit to WRCOG in accordance with the TUMF ordinance along with a remittance report. In the variance column of the Remittance report, the jurisdiction shall indicate that the fee collected is a portion of the total due. When the balance is paid, the jurisdiction shall calculate the total fee for the project based on the TUMF fee schedule in place at the time the balance is paid and deduct the partial payment against the total. The balance will be transmitted in accordance with the TUMF ordinance and this Administrative Plan. The variance column of the Remittance report shall indicate that the balance is paid. If there is a fee adjustment between the deposit/partial payment and the payment of the balance, the fee that is required to be paid will be based on the most current TUMF fee schedule.

For the purpose of calculating the TUMF obligation for non-residential development the applicable land use category for a non-residential development is determined based on the predominate authorized use of the building or structure permitted by the underlying zoning associated with the new development. Projects could be subject to higher fee if the land use intensifies during the development process from what was originally proposed to the jurisdiction.

B. **Refunds** – Under certain circumstances, such as double payment, expiration of a building permit, or fee miscalculation, an applicant may be entitled to a TUMF refund. In all cases the applicant must promptly submit a refund request with proof of TUMF payment to the local jurisdiction that collected the TUMF. The jurisdiction will forward the request to WRCOG for verification, review and possible action.

1. **Expiration Of Building Permits** - If a building permit should expire, is revoked, or is voluntarily surrendered and is, therefore voided and no construction or improvement of land has commenced, then the applicant may be entitled to a refund of the TUMF collected which was paid as a condition of approval, less administration.

The applicant shall pay the appropriate TUMF in full if he reapplies for the permit.

If a development project is partially under construction at the time of the effective date of the TUMF Ordinance, the TUMF shall be paid only on that portion of the development for which a building permit is next issued.

2. **Double Payments** – on occasion due to a clerical error a developer has paid all or a portion of the required TUMF for project twice. In such cases, a refund of the double payment may be required. If, however, it is determined that the developer paid the fees to the jurisdiction to expedite the project with the intent of entering into a credit agreement at a later time the refund process is different and is more fully described in section VI of this document.

C. **March Joint Powers Authority** - The March JPA shall not have a separate vote at the WRCOG Executive Committee as it has representation by elected officials from the County of Riverside and Cities of Moreno Valley, Perris, and Riverside. The Executive Director of the March JPA shall be a voting member of the WRCOG TAC for TUMF Program items only. The March JPA is a unique partner in the TUMF Program in that it has land use authority and therefore will need to adopt and implement the TUMF Program in the same manner as the cities and county.

IV. **Allocation of Funds** – After the administrative costs and MSHCP are allocated (as specified in Section IX herein), TUMF funds shall be distributed in accordance with WRCOG Executive Committee actions, the Nexus Study, this Administrative Plan and any future amendments thereto.

A. **Allocation to Regional Transit Improvements** - Of the TUMF funds received by WRCOG, 1.64% shall be allocated to the RTA for making regional transit improvements.

B. **Allocation to Regionally Significant Transportation Improvements** - Of the TUMF funds received by WRCOG, 46.39% shall be allocated to the RCTC for programming improvements to the arterials of regional significance on the Regional System of Highways and Arterials.

C. **Allocation to Zones** - Of the TUMF funds received by WRCOG, 46.39% shall be allocated to the five Zones for programming improvements to the Regional System of Highways and Arterials as determined by the respective Zone Committees. The amount of TUMF funds allocated to each Zone shall be proportionate to the amount of TUMF revenue generated from the zone.

MV00248676

D. **Allocation to Mitigate TUMF Construction Projects** – Of the TUMF funds received by WRCOG, 1.59% shall be allocated to the RCA to purchase habitat for the MSHCP, to mitigate the impacts of TUMF construction projects.

V. **Administration of the Program** - WRCOG shall administer the TUMF Program as described in the enabling Ordinance adopted by participating jurisdictions and further defined in this Administrative Plan.

VI. **Administration of Credits** – The TUMF Ordinance has a provision that if a developer constructs a TUMF facility he will receive credit against the TUMF obligation for the project improvements. Typically, major infrastructure, such as rail grade separations, interchanges, transit projects, etc., is constructed by the local jurisdiction rather than the developer, and involves multiple parties. As such, this section makes the distinction between credit agreements for major infrastructure with the local jurisdictions and the standard arterial improvements with developers. Each jurisdiction shall be responsible for the administration of TUMF credit agreements. Each jurisdiction shall transmit all TUMF credit agreements to WRCOG within 60 days of execution by that jurisdiction. WRCOG may administer credit agreements upon written request from that jurisdiction. Fee credit shall be in accordance with the following:

A. **Developer Credits** -

1. If a developer, as a requirement of the Conditions of Approval, constructs improvements identified on the RSHA, the developer is entitled to a TUMF credit up to 100% of the TUMF obligation, if the developer follows the requirements outlined in Exhibit "B" of the Administrative Plan. The developer shall enter into a credit agreement that will identify the maximum TUMF credit, which is determined by the most current unit cost assumptions for the RSHA, or actual costs, whichever is less. TUMF credit shall be determined based on approved improvement plans and after conditions of approval have been determined. The credit agreement at a minimum shall identify the facility, the dimensions of the facility, number of lanes and applicable unit costs used to deliver the improvements. The unit costs shall be based on the fee in effect at the time the agreement is approved and the maximum TUMF value for the facility (ies) on the RSHA and shall remained fixed through the completion of the project/improvement(s) identified in the agreement.

2. **Credits** – Prior to receiving any credit or payment of fees, a written credit agreement shall be executed between the jurisdiction and the developer. A jurisdiction may not allow a developer to pay the TUMF obligation and at a later date enter into a credit agreement with the expectation of receiving a refund. Parties that operate outside the policy outlined in this section and Exhibit "B" shall experience delays, sometimes significant, and possible denials in reimbursement for the project which is dependent on the transportation improvement program of projects.

3. **Credit for Right-of-Way (ROW) Dedication** – A developer may receive credit for dedication of ROW for RSHA improvements. This section addresses the crediting of ROW dedications that are not part of construction projects. The ROW component in the current Nexus Study determines the maximum share of credit available. An appraisal is

MV00248677

required to determine the value of the ROW being dedicated. One of the following methods determines the appraisal of the ROW:

a. The developer provides to the jurisdiction a current appraisal (no more than two years old), of the ROW to be dedicated. The jurisdiction reviews it and determines if the appraisal is valid and acceptable; or

b. The developer accepts the appraisal of the jurisdiction.

4. Any improvement made to the RSHA that is obligated through an existing fee district (prior to June 1, 2003) shall not be eligible for TUMF credit.

5. Should it be determined that a jurisdiction granted credits exceeding the maximum TUMF credit, that jurisdiction shall provide WRCOG payment in the amount equal to the excess credit amount.

6. Any project that is exempt from the fee is not entitled to fee credits or reimbursement.

B. Use of Credit by Developer – All TUMF credit shall be used first by the developer to offset the TUMF obligation for the project.

1. Credits may not be transferred or sold to other development projects.

2. Developers must exhaust all credits before they are eligible for reimbursements. Any reimbursement shall be made only in accordance with a reimbursement agreement as provided in Section VIII, hereof.

3. Credits shall run with the sale of the land.

C. Local Development Impact Fees and other funding programs - The local jurisdiction shall compare facilities in local fee programs against the RSHA and eliminate any overlap in its local fee program.

1. New Financing Districts and Bond Issues:
For a financing district created or bonds or other evidence of indebtedness issued on or after June 1, 2003, the local jurisdiction may allow a property owner, in lieu of the payment of TUMF to participate in such a financing district and receive credit against the TUMF obligation if the district is funding the following facilities: (i) a Regionally Significant Transportation Improvement, as defined as those facilities that typically are proposed to have six lanes at build out and extend between multiple jurisdictions, or discrete useable segment thereof, as determined by WRCOG, (ii) any interchange on an interstate or state highway with an estimated construction cost of twenty-two million dollars ($22,000,000) or more, (iii) any railroad crossing with an estimated construction cost of more than ten million dollars ($10,000,000), and (iv) any bridge located on a regionally significant arterial as defined in (i) of this section.

MV00248678

1. Prior to and in lieu of payment of TUMF under this Section VI.B. the local jurisdiction must do all of the following:

   (a) Sell bonds within 3 years in an amount sufficient to construct the improvement for which the financing district is created;
   (b) Receive written approval from the WRCOG Executive Director, or designee; and
   (c) In the event that a local jurisdiction is unable to satisfy the requirements of section I (a), above, the local jurisdiction may still excuse the payment of bonds if the local jurisdiction enters into an agreement with WRCOG in which it commits to pay the full amount of any excused Fee, plus interest at the average rate earned by WRCOG over the past twelve months, in the event that the bonds may be extended up to an additional 5 years with the approval of the WRCOG Executive Committee.

2. If a local jurisdiction proposes to issue a credit in lieu of requiring the payment of TUMF as provided in this Section VI.B, then the jurisdiction shall enter into an MOU with WRCOG, and provide reasonable information to account for the credit.
3. If credit is issued in lieu of requiring the payment of TUMF as provided in this Section VI.C, then the jurisdiction shall be responsible for construction of the improvements and those improvements shall not be eligible for TUMF Program prioritization or funding.
4. As used in this section, a financing district means a community facilities district, a local road and bridge district, or an assessment district.
5. Where there is an existing financing district or an existing fee program established prior to June 1, 2003, with bonded indebtedness, then the local jurisdiction may credit payment of the TUMF for that portion of the facility identified in both programs. Notwithstanding the previous sentence, a local jurisdiction shall not issue a TUMF credit for any facilities for which bonds have been issued after February 4, 2008, regardless of when the financing district was first created.
6. Any dispute regarding this implementation of this Section VI.B. may be appealed by the local jurisdiction to the WRCOG Executive Committee for a final determination.
7. This Section VI.C is not intended to impact the administration of credits under Section VI.A. of the Administrative Plan.

VII. Administration of Reimbursements - Local jurisdictions/agencies and developers are eligible for reimbursement for construction of TUMF facilities. The processes for local agencies is different than for landowners/developers; the processes are described below:

1. Developer Reimbursements: Each jurisdiction shall be responsible for the administration of reimbursement agreements (Exhibit "D" of the credit

MV00248679

agreement). WRCOG may administer reimbursement agreements upon written request from the jurisdiction.

Should a developer construct RSHA improvements in excess of the TUMF obligation the developer may be reimbursed for eligible expenses based on actual costs or the approved unit cost assumptions, whichever is less at the time of the agreement. Reimbursements shall be made through an agreement between the developer, and the local jurisdiction, and contingent upon funds being available. In all cases reimbursements under such agreements must coincide with construction of the transportation improvements as scheduled in the five year Transportation Improvement Program (TIP) adopted annually by WRCOG.

The developer may enter into a reimbursement agreement with the jurisdiction to reimburse the developer/owner for the direct and verifiable costs of constructing improvements to the RSHA when all of the following conditions have been met:

a. All available credits have been exhausted;
b. The improvements received prior approval from the jurisdiction and WRCOG based on the review of the TUMF project priority list; and
c. The jurisdiction and WRCOG have reviewed and approved the scope of the project to be constructed.

In no event shall the developer be reimbursed for improvements to the RSHA in excess of the most current approved unit cost assumptions for the TUMF at the time of the agreement.

A development that is exempt from paying the TUMF is not eligible for a reimbursement.

2. **Local Jurisdictions/Agencies:** Local jurisdictions are exempt from paying TUMF, as such, there is no credit given for projects constructed by a local jurisdiction, however, the contribution to the RSHA may be considerable. In such cases where a local jurisdiction constructs TUMF facilities it is eligible for reimbursement for eligible expenses, up to the maximum share identified in the Nexus Study or actual cost whichever is less, in accordance with the prioritization schedule in the adopted Transportation Improvement Program.

Local jurisdictions are required to enter into a reimbursement agreement with WRCOG in order to be eligible to receive TUMF revenue.

VIII. Administrative Responsibilities

A. **Program Administration** - As set forth in Section II, WRCOG is designated as the TUMF Program Administrator. As Administrator, WRCOG shall receive all fees generated from the TUMF as collected by local jurisdictions. WRCOG shall invest, account for and expend such fees in accordance with the TUMF Ordinance and applicable state laws.

For jurisdictions that are not participating in the TUMF Program, the representative for that jurisdiction shall not be eligible to vote on any matter

MV00248680

related to the TUMF Program that goes before the WRCOG TAC and WRCOG Executive Committee.

1. **The WRCOG Executive Director** - Reporting to the WRCOG Executive Committee, the Executive Director shall be responsible for the following TUMF Program activities:

    a. Administration of the TUMF Program, including development of credit and reimbursement agreements, fee collection process and processing Program appeals;
    b. Conduct an audit to report on the evidence that the collection and expenditure of funds collected is in accordance with the Mitigation Fee Act. The audit shall be presented to the WRCOG Executive Committee and made available to the public;
    c. Establishment and management of the "TUMF Program Trust Fund" for the purposes of depositing TUMF revenues and income interest earned on Trust Fund deposits;
    d. Preparation of an Annual Report for consideration by the WRCOG Executive Committee detailing the status of the TUMF Program including but not limited to fees collected and disseminated, capital projects planned for, prioritized, and built;
    e. Preparation of periodic comprehensive TUMF Program review and required by the California Mitigation Fee Act. The review of the TUMF Program will include a review of the various Nexus Study inputs and assumptions, and preparation of recommendations on potential TUMF Program revisions for consideration by the WRCOG Executive Committee. Such reviews and updates may include, but are not limited to recommended fee adjustments based on changes in the facilities required to be constructed, and revenues received pursuant to the Ordinance;
    f. Preparation of technical studies/analysis required to select and prioritize Regionally Significant Arterial projects;
    g. Development of a 10-year Strategic Plan that identifies long term planning goals and objectives for implementation of the TUMF Program;
    h. Development of a five-year TIP that identifies projects that are scheduled and funded for construction over a specified period of time and is reviewed on an annual basis;
    i. Staff support to and coordination with each of the TUMF Zone Committees as necessary;
    j. Other related activities as directed by the WRCOG Executive Committee;
    k. Approve Zone and RTA TIP Administrative Amendments; and
    l. Execute amendments to TUMF reimbursement agreements.

2. **The WRCOG Executive Committee** - The WRCOG Executive Committee shall be responsible for reviewing and acting on the following:

    a. Recommendations for project selection and prioritization of the Regionally Significant Arterials, 10-year Strategic Plan, and the TIP;

MV00248681

b. Review and consider recommendations on projects from the Public Works Committee (PWC) and WRCOG TAC;
c. The approval of the TUMF Program Administrative Plan and any subsequent amendments thereto;
d. Recommend changes to the Ordinance for consideration by participating jurisdictions; and
e. Review and take action on reimbursement agreements.

In developing recommendations on Regionally Significant Arterials for consideration by the WRCOG Executive Committee, WRCOG staff and the Committee structure shall work with RCTC to coordinate compatibility with Measure A project priorities and schedules of area transportation improvements. WRCOG staff and the WRCOG Executive Committee shall also work with WRCOG jurisdictions and each Zone Committee for the same purposes.

For jurisdictions that are not participating in the TUMF Program, the WRCOG Executive Committee representative for that jurisdiction shall not be eligible to vote on any matter related to the TUMF that goes before the WRCOG Executive Committee.

3. **The WRCOG Technical Advisory Committee** - The WRCOG TAC shall review and make recommendations to the WRCOG Executive Committee on the following:

a. Program updates and reviews and all supporting technical documentation;
b. Revisions to the Administration Plan, 10-Year Strategic Plan, Fee Calculation Handbook and any other Program document;
c. Ordinance revisions;
d. Annual fee adjustments; and
e. Reimbursement Agreements.

The WRCOG TAC shall also provide additional assistance to the TUMF Program as requested by the WRCOG Executive Committee. For jurisdictions that are not participating in the TUMF Program, the WRCOG TAC representative for that jurisdiction shall not be eligible to vote on any matter related to the TUMF Program that goes before the WRCOG Executive Committee.

4. **The Public Works Committee/TUMF PWC** - The PWC shall be comprised of the Public Works Director or designee from each participating jurisdiction of WRCOG, RCTC, RTA and WRCOG and shall be responsible for the following:

a. Provide technical assistance and guidance for program updates;
b. Developing objective criteria for project selection and prioritization including but not limited to the following factors: traffic safety issues potentially created by growth, regional significance, availability of matching funds, mitigation of congestion created by new development, system continuity, geographic balance, project

MV00248682

readiness, and completed projects with reimbursement agreements;

c. Provide additional assistance to the TUMF Program as requested by the WRCOG Executive Committee, RCTC and/or the WRCOG TAC;
d. Prepare the 10-Year Strategic Plan;
e. Prepare the 5-Year TIP, which will be reviewed annually and amended every two years;
f. Review and recommend the RCTC Regional Arterial TUMF Program of Projects; to the WRCOG TAC, WRCOG Executive Committee and RCTC;
g. Select a lead agency for each of the projects in the TIP;
h. Review Annual Report prepared by WRCOG;
i. Review and revise the RSHA as may be necessary (at a minimum every 5 years); and
j. Review and revise Unit Cost Assumptions to the RSHA as may be necessary (at a minimum every 5 years).

B. **Regional Arterial Administration** - RCTC through an MOU with WRCOG (effective October 1, 2008) is the responsible agency for programming and delivering the Regionally Significant Arterials designed under Measure A and defined in the Nexus Study. WRCOG and RCTC have established a committee structure that incorporates the Public Works Directors, City Managers the WRCOG Executive Committee, and the RCTC Board for the development, review and approval of the Regional Arterial TUMF Program of projects.

1. **The RCTC Executive Director** - The Executive Director shall be responsible for the following TUMF Program activities:

a. Establishment and management of the "TUMF Program Trust Fund" for the purposes of depositing TUMF revenues and income interest earned on Trust Fund deposits;
b. Development of the RCTC Regional Arterial TUMF Program that identifies projects that are scheduled and funded for construction over a specified period of time and is reviewed on an annual basis;
c. Staff support to and coordination with the TUMF Committees as necessary; and
d. Other related activities as directed by the RCTC Board.

2. **The Riverside County Transportation Commission** - RCTC shall be responsible for reviewing and acting on recommendations for project selection and prioritization of the RCTC Regional Arterial TUMF Program. RCTC shall review and consider recommendations on the RCTC Regional Arterial TUMF Program project on TUMF Regional Arterial projects from the TUMF Public Works Committee, WRCOG TAC and WRCOG Executive Committee.

C. **Zone Administration** - Each Zone shall establish a committee structure, similar to Exhibit "A", for the purpose of preparing a Zone Transportation Improvement Program (TIP) with the TUMF revenue that has been returned to the Zone and

MV00248683

develop policies that impact the Zone, such as how to close a funding shortfall in the Zone. The Executive Committee has determined that the 5-Year TIP shall be balanced to the most reasonable extent possible and that program shortfalls will need to be closed or projects could be reduced or eliminated from the TIP. The Zone shall be responsible for prioritization of projects, selection of the lead agency for each project, and to review all the projects for consistency within the Zone.

All Zones shall approve their TIP by consensus and forward their recommendations to Executive Committee for review and approval to ensure compatibility with the other Zones and the 10-Year Strategic Plan.

Zone dollars are to be allocated by the Zone Committee only and cannot be utilized or borrowed for projects located outside the zone unless such projects are: 1) proposed and approved by the Zone Committee and have a direct benefit to the Zone and 2) it is consistent with the Nexus Study. In furtherance of this Section VIII.B, each Zone shall abide by the Guidelines set forth in Exhibit "C".

The Riverside County Transportation Improvement Plan approved by Riverside County voters on November 5, 2002 states "Funding which is not allocated to a city or county because it is not a participant in the TUMF Program in the Coachella Valley area and the TUMF and MSHCP in the Western County area shall be allocated to the Regional Arterial Program in the geographic area in which the city or portion of the county is located".

Each City and a portion of the unincorporated area of Riverside County are assigned to each of the zones. The five Zones are as follows:

1. Northwest Zone – The Cities of Corona, Eastvale, Jurupa Valley, Norco, Riverside and the County of Riverside, and the March JPA;

2. Southwest Zone – The Cities of Canyon Lake, Lake Elsinore, Murrieta, Temecula, Wildomar and the County of Riverside;

3. Central Zone – The Cities of Menifee, Moreno Valley and Perris, and the County of Riverside, and the March JPA;

4. Pass Zone – The Cities of Banning and Calimesa, and the County of Riverside; and

5. Hemet/San Jacinto Zone – The Cities of Hemet and San Jacinto and the County of Riverside.

D. Local Administration - As described in the TUMF Ordinance, participating jurisdictions are responsible for collecting the TUMF. Fees collected and a corresponding Remittance Report are required to be transmitted to the Executive Director of WRCOG. In accordance with the TUMF Ordinance and the Mitigation Fee Act, WRCOG shall deposit, invest, and expend the transmitted fees. Participating jurisdictions are required to transmit reports as set forth below to WRCOG which will include, but not be limited to the following information regarding the TUMF Program status.

MV00248684

1. **Monthly Remittance Reports** – Participating jurisdictions are required to submit the standard Remittance Reports to WRCOG by the tenth (10th) day of the month end for the previous month's activity, for example; June's Remittance report is due July 10. The report shall contain information necessary for WRCOG to determine the total amount of fees collected within each fee category as it relates to the number of building permits, certificates of occupancy, or final inspections issued during the same period of time. Remittance reports are required even when no fees have been collected, and will show building permits or certificates of occupancy have been issued. In addition the participating jurisdiction shall provide WRCOG the following information: the name of the developer or payee, project address, APN, total square feet, credits issued, and such other information as requested by WRCOG. This information will assist WRCOG in tracking new development, total revenue received and revenue projections for purposes of Program audits and program updates.

2. **Remittance Delays** - If a participating jurisdiction does not transmit the fees along with a corresponding Remittance Report by the tenth (10th) day of the close of the month for the previous month in which fees were collected, the following fiscal policy shall be applied:

   On the eleventh (11th) day after the close of the month WRCOG staff shall notify, in writing, the delinquent jurisdiction of the delinquency and request that said jurisdiction remit by the fifteenth (15th), the fees and the required Remittance Report;

   If fees and Remittance Report have not been received, by the fifteenth (15th) day, WRCOG staff will invoice the jurisdiction for the approximate amount owed plus interest and penalties which is calculated at the current interest rate earned by the Riverside County Investment Pool plus thirty-five basis parts beginning from the first day of the month following the closing of the month being reported;

   WRCOG staff will continue this notification until sixty (60) days after the close of the month. At which time, WRCOG will determine if an audit is necessary of the jurisdiction's TUMF account, general ledger and any other financial data. If an audit is conducted, WRCOG will investigate the amount owed and the cause of delay. Upon completion of the audit, WRCOG staff shall make any recommendations to resolve any outstanding issues; and

   If an audit is required due to reporting and remittance irregularities, the jurisdiction shall incur the cost of the audit.

E. **Riverside Transit Agency** – In accordance with the Nexus Study 1.64% of funds received will be made available to the RTA to make capital facilities improvements for transit purposes as identified in the Nexus Study. The RTA

MV00248685

shall provide a report to the WRCOG Executive Committee each year, which has been reviewed by the technical committees, detailing its expenditures of TUMF Program funds received, as well as future commitments for transit facilities using TUMF Program revenues as determined by the RTA Board of Directors.

IX. **Administrative Costs.** The TUMF Ordinance authorizes WRCOG to expend funds generated from TUMF that are necessary and reasonable to carry out its responsibilities to implement the Program. The WRCOG Executive Committee adopted a series of policies that clarify the expenditure and retention of program funds for the Administration of the Program and they are as follows:

1. WRCOG will retain no more than one percent (1%) of the total TUMF Program revenue for administration salaries and benefits;
2. Administration costs will be budgeted at whatever is reasonable and necessary, but not to exceed four percent (4%) of the TUMF revenues collected (inclusive of the one percent administrative salaries and benefit cap) unless otherwise directed by the Executive Committee.
3. Beginning July 1, 2006, WRCOG will take the administrative component from the revenue collected based on the total fee obligation inclusive of executed credit agreements.
4. Beginning July 1, 2006, all CFD's, SCIP and other financing mechanisms will pay the maximum (4%) administrative component in cash to WRCOG. When the administrative component is less than 4% then the surplus revenue will be allocated in accordance to their adopted percentages to the Multi-species Habitat Conservation Plan, RCTC, RTA and the Zones.
5. For refunds, whether it is because the project is no longer going forward or expiration of building permits (where no construction has commenced), the applicant is entitled to a refund less the administrative component. Refunds will be processed based on available cash and will not take precedence over the projects identified as funded on the approved TIP. Refunds will however take precedence over the addition of new projects to the TIP.

X. **Appeals.** Appeals shall only be made in accordance with the provisions of this Section X.

A. **Persons or Entities Who Having Standing to Appeal.** No person or entity shall have standing to avail themselves of this Section X, except those persons or individuals who are responsible for paying the TUMF and have an unresolved appealable issue or matter.

B. **Appealable Issues and Matters.** No issue or matter shall be heard or reviewed under this Section X unless the issue or matter is appealable. An issue or matter is appealable, if a qualified person or entity ("Appellant") has a good-faith dispute directly related to Appellant's Property ("TUMF Dispute") regarding (i) the amount of Appellant's TUMF obligation; (ii) the administration of TUMF Credits; (iii) exemption of Appellant's property from the TUMF Program; or (iv) administration of TUMF reimbursements.

C. **Appeal Process.**

1. If a qualified person or entity has a TUMF Dispute, he or she shall first attempt to resolve the dispute informally with the staff of the local jurisdiction. If the TUMF Dispute remains unresolved after a reasonable attempt to address it at the local level, the qualified person or entity may submit a written appeal to the appropriate department of the local jurisdiction. The written appeal shall thoroughly identify the TUMF Dispute. If the staff of the local jurisdiction determines the issue or matter is not a TUMF Dispute, the written appeal shall be rejected. Staff's decision shall be provided in writing to the Appellant. In such cases, if the Appellant desires further review from the Board of Supervisors/City Council of the affected local jurisdiction, the Appellant must submit a written request for review to the Clerk of the Board/City Council within five (5) days of receiving staff's written decision. The decision of the Board/City Council shall be forwarded to the WRCOG Executive Committee in the same manner set forth in Paragraph 3 of this Section.
2. If the written appeal identifies a TUMF Dispute, the Appellant and staff from the local jurisdiction shall attempt to resolve the issue within thirty (30) days of the local jurisdiction's receipt of the appeal. At the request of the local jurisdiction, or on its own accord, WRCOG staff may also participate in such discussions. At the conclusion of the thirty (30) day period, staff of the local jurisdiction shall render a written decision on the appeal.
3. The issue or matter shall be heard by the Board of Supervisors/City Council of the affected local jurisdiction; provided, the Appellant submits a written request for further review to the Clerk of the Board/City Council within five (5) days of Appellant's receipt of the local jurisdiction's written decision regarding the Appellant's appeal. The Board/City Council shall forward its written decision to WRCOG for review and concurrence. If the WRCOG Executive Committee disagrees with the decision of the City Council/Board of Supervisors the WRCOG Executive Committee shall determine a proper course of action and notify the jurisdiction of its findings.

XI. **Arbitration.** When there is a dispute among the Zone members that cannot be resolved and prevents the adoption of a project prioritization schedule, the matter shall be forwarded to the WRCOG TAC and WRCOG Executive Committee for a determination. Once the WRCOG Executive Committee takes action on the issue the decision is final.

If there is a dispute at the WRCOG Executive Committee level regarding project prioritization of a specific project(s) and a consensus cannot be reached, that project shall be tabled until such time as new information is presented and the matter can be resolved.

XII. **TUMF Program Amendments.** WRCOG shall undertake a review of all components of the TUMF Program in accordance with AB 1600 and other applicable laws, and, if necessary, recommend Program amendments and/or adjustments. Amendments to the Administrative Plan will be subject to the approval of the WRCOG Executive Committee. Amendments required to the TUMF Program Ordinance shall be approved by each participating jurisdiction, acting on recommendations provided by the WRCOG Executive

MV00248687

Committee. The review shall consider whether future administration costs to participating jurisdictions are needed.

1. **TUMF Network Revisions**: The TUMF Network is reviewed and revised at regular Nexus updates, with minor adjustments such as name changes, distances, and other errors that may be found from time to time occurring on a more frequent basis. However, there could be instances when certain assumptions were made during a Nexus Update that did not come to fruition that should be addressed. The primary cause is when a new city is incorporated and inherits the TUMF Network, which may not reflect the new jurisdiction's General Plan or priorities; another example is if a jurisdiction needs to "trade" a facility on the Network due to a rapid change in development patterns that should not wait for the normal revision cycle.

   For new cities there would be an opportunity to review the TUMF Network with WRCOG staff to ensure that the Network identifies their priorities and allows them to make recommendations and to have the ability to swap out facilities. Any revision request must meet the criteria to be on the Network before the PWC will consider the request.

   Jurisdictions that are not part of the above mentioned group that need to swap out facilities, must justify the swap by demonstrating that it provides continued regional circulation, meets the criteria to be on the TUMF Network, and does not provide an advantage to a specific land-use, community, developer/project for the purposes of TUMF credits or reimbursements. These jurisdictions must also demonstrate that the impacts mitigated in the swapped facilities are substantially similar to those impacts that would have been mitigated in the abandoned facilities.

   This process is intended to be applied on an annual basis during interim years between revisions to the TUMF Nexus Study that would inherently include a revision to the TUMF Network. The deadline to submit any revision is June 30th. The focus of this process is the ability to shift projects on the TUMF Network with the intent to incur minimal fiscal impacts to the Program fee and Nexus determination, rather than adding new projects that would have a far more significant effect on the Program fee and therefore would be more appropriately addressed during the regular Nexus Study reviews. The exception to this policy is the ability for newly incorporated cities to request new additions during the initial cycle of this adjustment process to ensure appropriate facilities are designated to address their individual city's needs.

   The process requires the jurisdiction to submit a written justification of the requested TUMF Network facility shift. Elements to be addressed in the written justification should include an explanation of the rationale for the proposed facility shift specifically explaining why the facility should be addressed as part of the TUMF Program and cannot be addressed as part of an equivalent local program, and verification that the proposed shift in facility does not unduly favor or disadvantage a specific developer or development interest. Proximity to areas of significant recent development activity (i.e. shifts in development patterns resulting in changes in transportation system impacts to be mitigated) and the net cost differential to the program following the facility adjustment are key elements

MV00248688

to be addressed in the written justification. The written justification must also demonstrate that the impacts mitigated in the proposed facility shift are substantially similar to those impacts that would have been mitigated in the abandoned facilities.

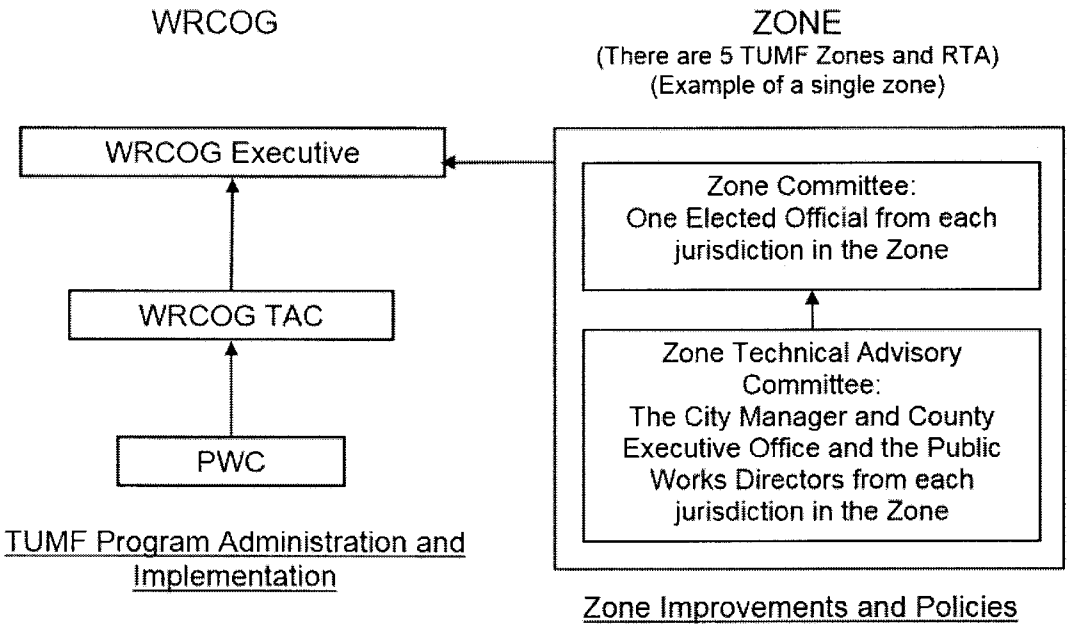
The existing criteria contained in the TUMF Nexus Study for identifying facilities to be included in the TUMF Network was refined for the purposes of evaluating requests for TUMF Network Amendments. All requested Network adjustments will be evaluated and scored using a point system based on key performance indicators consistent with the existing criteria contained in the TUMF Nexus Study. The scoring criteria is "Exhibit D" of this Plan. Only facilities defined in a participating jurisdiction's General Plan Circulation Element (or equivalent document) as an arterial highway facility with a minimum four (4) lanes at build-out will be evaluated for inclusion in the TUMF Network.

XIII. **CEQA.** The TUMF Program currently is a financing mechanism dependent on future actions of the WRCOG Executive Committee for improvements to the RSHA. WRCOG and its associated committees will be prioritizing and scheduling improvements on the RSHA, as such, the appropriate environmental documentation, shall be completed before a project can commence construction.

The TUMF Program was developed to mitigate the cumulative impacts of future growth on the RSHA. It was not developed to mitigate project-specific traffic impacts. Accordingly the program does not relieve any development project of the responsibility to mitigate project-specific impacts identified in the environmental analysis prepared for the project. When a development project is required to construct RSHA facilities as project-specific mitigation, it shall be eligible for credit and or reimbursement.

EXHIBIT "A"

TUMF Decision Making Process



MV00248690

EXHIBIT "B"

TUMF Credit / Reimbursement Eligibility Process

1. Prior to the construction of any TUMF Improvement, Developer shall follow the steps listed below:

   a. Prepare a separate bid package for the TUMF Improvements.
   b. The plans, cost estimate, specifications and contract document shall require all contractors to pay prevailing wages and to comply with applicable provisions of the Labor Code, Government Code, and Public Contract Code relating to Public Works Projects.
   c. Bids shall be obtained and processed in accordance with the formal public works bidding requirements of the City/County.
   d. The contract(s) for the construction of TUMF Improvements shall be awarded to the lowest responsible bidder(s) for the construction of such facilities in accordance with the City's/County's requirements and guidelines.
   e. Contractor(s) shall be required to provide proof of insurance coverage throughout the duration of the construction.

2. Prior to the determination and application of any Credit pursuant to a TUMF Improvement and Credit Agreement executed between City/County and Developer ("Agreement"), Developer shall provide the City/County and WRCOG with the following:

   a. Copies of all information listed under Item 1 above.
   b. Surety Bond, Letter of Credit, or other form of security permitted under the Agreement and acceptable to the City/County and WRCOG, guaranteeing the construction of all applicable TUMF Improvements.

3. Prior to the City's/County's acceptance of any completed TUMF Improvement, and in order to initiate the construction cost verification process, the Developer shall comply with the requirements as set forth in Sections 7, 14.3 and 14.4 of the Agreement, and the following conditions shall also be satisfied:

   a. Developer shall have completed the construction of all TUMF Improvements in accordance with the approved Plans and Specifications.
   b. Developer shall have satisfied the City's/County's inspection punch list.
   c. After final inspection and approval of the completed TUMF Improvements, the City/County shall have provided the Developer a final inspection release letter.
   d. City/County shall have filed a Notice of Completion with respect to the TUMF Improvements pursuant to Section 3093 of the Civil Code with the County Recorder's Office, and provided a copy of filed Notice of Completion to WRCOG.
   e. Developer shall have provided City/County a copy of the As-Built plans for the TUMF Improvements.
   f. Developer shall have provided City/County copies of all permits or agreements that may have been required by various resource/regulatory agencies for construction, operation and maintenance of any TUMF Improvements.
   g. Developer shall have submitted a documentation package to the City/County to determine the final cost of the TUMF Improvements, which shall include at a minimum, the following documents related to the TUMF Improvements:

MV00248691

i. Plans, specifications, and Developer's Civil Engineer's cost estimates; or Engineer's Report showing the cost estimates.
ii. Contracts/agreements, insurance certificates and change orders with each vendor or contractor.
iii. Invoices from all vendors and service providers.
iv. Copies of cancelled checks, front and back, for payments made to contractors, vendors and service providers.
v. Final lien releases from each contractor and vendor (unconditional waiver and release).
vi. Certified contract workers payroll for City/County verification of compliance with prevailing wages.
vii. A total cost summary, in spreadsheet format (MS Excel is preferred) and on disk, showing a breakdown of the total costs incurred. The summary should include for each item claimed the check number, cost, invoice numbers, and name of payee. See attached sample for details.

4. The amount of the development credit shall not exceed the maximum amount determined by the most current unit cost assumptions for the RSHA in the adopted Nexus Study, or actual costs whichever is less. This shall be known as the maximum credit. The maximum TUMF credit shall be determined based on an approved Improvement Plan and after the Conditions of Approval have been determined.

EXHIBIT "C"

Guidelines for the Administration of the Programmed Projects in the Zone's Adopted 5-Year TIP

Once each Zone's 5-Year Transportation Improvement Program (TIP) is adopted by the WRCOG Executive Committee, said TIPs shall be incorporated into and governed by these guidelines, the Administrative Plan, and 10-Year Strategic Plan in accordance with AB 1600. Annually, WRCOG staff meets with the Zone Technical Advisory Committees to review the status of all programmed projects on the 5-Year TIPs and bring the subsequent project adjustment requests to the Zone Committees for approval. The goals of the annual review process are as follows: (i) to update project cost estimates; (ii) to review project status; (iii) to determine the continued viability of projects; (iv) review the backlog of reimbursement projects;(v) to address local jurisdiction issues; and (vi) address compliance with AB 1600.

Adjustments:

In accordance with the 10-Year Strategic Plan and the original reimbursement agreement entered into with the lead jurisdiction, all approved projects' funding and schedules are directly tied to critical milestones. As such, requests to change a project's funding or schedule shall necessitate an amendment to the original agreement and the adopted TIP.
Annual 5-Year TIP adjustments could include, but are not limited to:

- Scope of work reductions or additions;
- Project or phase delays;
- Project or phase cancellations;
- New shelf-ready network projects being added as replacement projects;
- Project or phase advances; and
- Request to transfer funding beyond a programmed project's limits within a Zone.

Levels of Approval:

A. Zone Committee/WRCOG Executive Committee

The following shall be approved by the Zone Committee and adopted by the WRCOG Executive Committee as required in the Administrative Plan:

1. Annual updates to the Zone TIP.

2. Requests to increase total TUMF funding allocations to projects in the Zone TIP. These requests may be made by the local jurisdiction administratively outside of the annual TIP update cycles if deemed necessary by one of the Zone participating jurisdictions and WRCOG management due to unforeseen circumstances that necessitate immediate action. Such unforeseen circumstances shall include, but not be limited to, higher than expected bid prices, Might want to give more examples] WRCOG staff will obtain action from the Zone Committee in these cases either by calling for a Special Zone Committee meeting or through individual consultation.

MV00248693

3. Administrative requests to advance funds or adjust project schedules on TIP approved projects, upon the recommendation of the Public Works Committee. Such advancements are subject to:

   - Jurisdiction's proof of readiness to move forward with project, and
   - Zone's current cash flow can support the advancement or change.

B. WRCOG Executive Director

The WRCOG Executive Director shall be responsible for the review and approval of the following changes to an approved Zone TIP, including the review and approval of any agreements, for:

1. Change in Lead Jurisdiction, with the written consent of the transferring and accepting Lead Jurisdiction.

2. Cancellation of project upon request of the local jurisdiction. In the event of cancellation, all funds shall revert to the Zone TIP Trust account.

3. Approval of final completion of the project. Upon notification from the Jurisdiction that the Project has been completed, all unused funds programmed for that Project shall revert to the Zone TIP Trust account.

4. All other administrative requests, upon consultation with the Public Works Committee.

C. Public Works Committee

The Public Works Committee shall be responsible for the review and approval of the following:

1. Requests to move funds within project categories (environmental, design, etc.) administratively, contingent upon participating jurisdiction's certification of viability of all phases.

2. Provide recommendations to the WRCOG Executive Director on any other requests that are deemed administrative in nature by the Director.

All administrative adjustments will be submitted to the WRCOG Executive Committee as part of the next Annual Review Report for final adoption.

D. Obligating Programmed Funds

The TUMF Program has established the policy that construction projects take priority and therefore WRCOG limits the obligation of TUMF dollars. WRCOG has two options by which to obligate TUMF. In both options, steps 1, 2 and 3 (Option A) or 6 (Option B) must be completed by the local jurisdiction to ensure TUMF funding can be made available for use on an eligible project. Since TUMF project funds are generally obligated on a first come first served basis, failure to follow the prescribed steps for either option may preclude a project sponsor from receiving TUMF payments for completed work until sufficient funds are available to be obligated.

MV00248694

Option A:
Funding for a project programmed on Zone 5-Year TIPs is not considered obligated by WRCOG until certain steps outlined below have been accomplished by the local jurisdiction.

1. Ensure that funding for the project phase is **programmed in the current year** of an adopted 5-Year TIP.
2. Ensure that there is a **signed (executed) reimbursement agreement** that matches the funding amount with the funding amount of the project phase in the adopted TIP.
3. Submit **an invoice for TUMF eligible work** prior to the end of the fiscal year to obligate the project phase funding. At the time of submitting the first invoice, the project sponsor will be required to submit all necessary supporting documentation (not previously submitted) in accordance with the provisions of the reimbursement agreement.
4. WRCOG will obligate the entire phase of the project if there is available revenue at the time the invoice is submitted.

Option B:
Funding for a project programmed on Zone 5-Year TIPs is not considered obligated by WRCOG until the steps outlined below have been accomplished by the local jurisdiction.

1. Ensure that funding for the project phase is **programmed in the current year** of an adopted 5-Year TIP.
2. Ensure that there is a **signed (executed) reimbursement agreement** that matches the funding amount with the funding amount of the project phase in the adopted TIP.
3. Send WRCOG a letter of **notice of intent** to issue RFP, solicit bids, make offer to purchase ROW or other similar action to verify that sufficient funding is available and that funds are obligated and reserved exclusively for the particular project phase.
4. Receive a **notice of obligation** from WRCOG within fourteen working days of receipt of the notice of intent confirming the amount of funding that is obligated and reserved exclusively for the particular project phase. Alternatively, the project sponsor will receive a notice of deferred obligation if WRCOG determines that insufficient funds are currently available for the project phase to be obligated.
5. Award the project and execute a contract within four months of receipt of the notice of obligation from WRCOG and send a letter of **confirmation of award** to WRCOG including evidence of a Board/Council action relating to the project award and contract execution.
6. Commence project work and submit the **first invoice** for payment within nine months of receipt of letter of obligation by WRCOG to preserve fund obligation. At the time of submitting the first invoice, the project sponsor will be required to submit all necessary supporting documentation (not previously submitted) in accordance with the provisions of the reimbursement agreement.

If a contract has not been executed within four months of receipt of the notice of obligation from WRCOG (step 5), there will be a review of the project status. Based on the review of project status, WRCOG will either:

i. extend the fund obligation for up to a total of nine months from the notice of obligation if the project sponsor can demonstrate a realistic expectation that the project will be awarded and a confirmation of award can be provided to WRCOG within that time frame; or
ii. de-obligate the funds.

Similarly, if the first invoice has not been submitted to WRCOG within nine months of receipt of the letter of obligation (step 6), there will be a review of the project status. Based on the review of project status, WRCOG will either:

i. extend the fund obligation for up to an additional nine months if the project sponsor can demonstrate a realistic expectation that the project work will commence and a first invoice is submitted within that time frame; or
ii. de-obligate the funds.

E. Programming the Cost Assumption's 10 Percent Contingency

The TUMF Program has established the policy allowing local jurisdictions the ability to choose how to apply the available 10 percent Contingency costs historically assigned to the construction phase of a project when it is programmed on a TUMF 5-Year Transportation Improvement Program (TIP). The Contingency fund is 10 percent of the sum of the new lane, right-of-way, bridge, interchange, and railroad costs.

Under this new policy, some jurisdictions may opt to continue applying the 10 percent Contingency to the construction costs, while others may choose to apply a portion of the 10 percent Contingency to help defray their administrative costs incurred during the planning and engineering phase delivery.

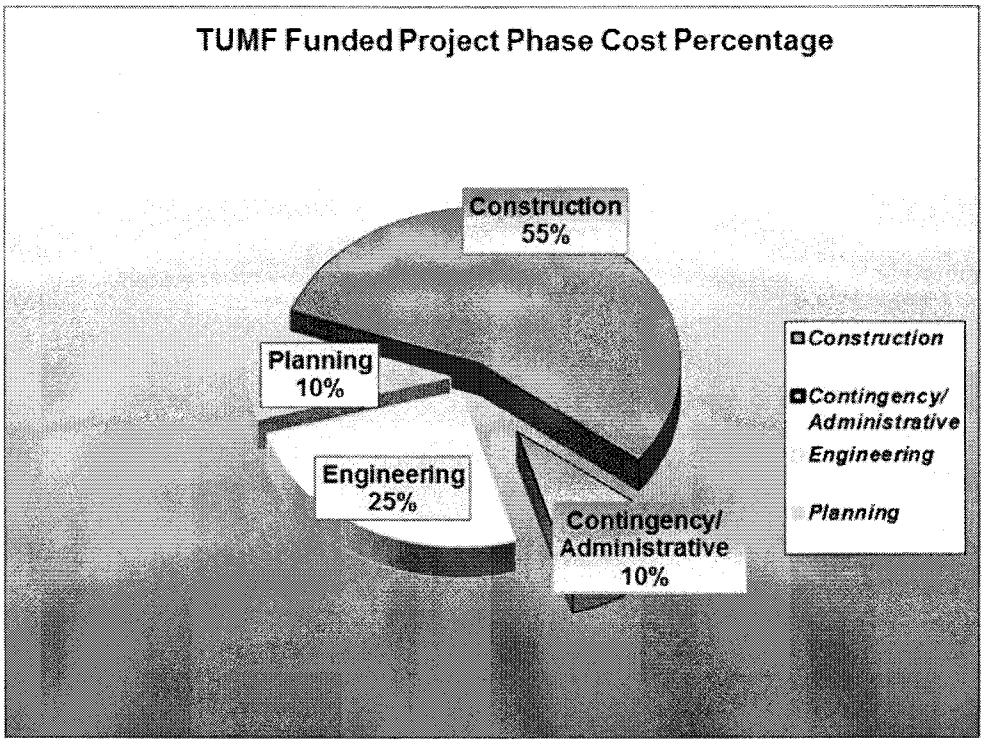
Since currently programmed construction funds already reflect the eligible 10 percent Contingency, the policy only applies to those projects that have not obligated or received payments on their construction phases.

For those jurisdictions who wish to recapture administrative costs of ongoing projects programmed on the TIP that do not involve an obligated construction phase, up to 10 percent of each of the programmed planning and engineering phases would be eligible for administrative costs and would be deducted from the available 10 percent contingency (leaving the remaining balance to be applied to construction costs or construction administration costs.)

Scenario –

Construction costs	= $1,000,000	
Contingency	= $ 100,000	(or 10%)
Planning costs	= $ 100,000	
Engineering costs	= $ 250,000	
Admin costs (PA&ED)	= $ 10,000	(or 10% of $100k)
Admin costs (ENG)	= $ 25,000	(or 10% of $250k)
Balance Contingency	= $ 65,000	(for construction admin or contingency costs)

MV00248696



Jurisdictions may apply a portion or all of the available 10 percent Contingency to reimburse accrued administration costs for all three phases by requesting the amount to be programmed as a separate line item on the TIP during a biennial TIP review or amendment as any other project adjustment.

All existing and future reimbursement agreements, cost estimates, and scopes of work will need to be amended to include specific language covering the jurisdiction's individual contingency use option.

EXHIBIT "D"

The following table summarizes the criteria, evaluation thresholds and point values for evaluating TUMF Network adjustment requests for approval. For each evaluation measure, the maximum point value has been highlighted in **bold** font for easy reference.

Criteria	Evaluation Thresholds	Points
Minimum number of lanes at build-out	Less than 4 lanes	not eligible
	4 or 5 lanes	5
	6 or more lanes	**15**
Jurisdictions served	1 jurisdiction	0
	2 jurisdictions	5
	3 or more jurisdictions	**10**
Future forecast traffic volumes	Less than 20,000 vehicles per day	0
	20,000 to 24,999 vehicles per day	5
	25,000 to 29,999 vehicles per day	10
	30,000 to 34,999 vehicles per day	15
	35,000 to 39,999 vehicles per day	20
	40,000 or more vehicles per day	**25**
Future forecast volume to capacity ratio	< 0.80 (LOS A/B/C)	0
	0.81 – 0.90 (LOS D)	5
	0.91 – 1.00 (LOS E)	10
	> 1.00 (LOS F)	**15**
Regional fixed route transit services accommodated	No service	0
	1 or more services	**10**
Net fiscal impact of TUMF Network adjustment	More than $1,000,000 cost addition	-15
	$200,000 to $1,000,000 cost addition	-5
	$199,999 cost addition to $199,999 cost savings	5
	$200,000 to $1,000,000 cost savings	15
	More than $1,000,000 cost savings	**25**
Maximum Possible Score		**100**

AGENDA

1. **CALL TO ORDER**

2. **TUMF REGIONAL ARTERIAL DEVELOPER REIMBURSEMENT POLICIES**

   Overview

   This item is for the Ad Hoc Committee to discuss and consider potential changes to the reimbursement policy for developer funded TUMF Regional Arterial improvements.

3. **ADJOURNMENT**

AGENDA ITEM 2

RIVERSIDE COUNTY TRANSPORTATION COMMISSION	
DATE:	September 23, 2013
TO:	TUMF Ad Hoc Committee
FROM:	Shirley Medina, Planning and Programming Director Theresia Trevino, Chief Financial Officer John Standiford, Deputy Executive Director
THROUGH:	Anne Mayer, Executive Director
SUBJECT:	TUMF Regional and Arterial Developer Reimbursement Policies

STAFF RECOMMENDATION:

This item is for the Ad Hoc Committee to discuss and consider potential changes to the reimbursement policy for developer funded TUMF Regional Arterial Improvements.

BACKGROUND INFORMATION:

At its September meeting, the Commission approved the formation of a TUMF Ad Hoc Committee to discuss the reimbursement policy for developer funded TUMF Regional Arterial improvements.

Administrative Plan for the
Western Riverside County Transportation Uniform Mitigation Fee (TUMF) Program

Preamble

Future development within Western Riverside County will result in traffic volumes exceeding the capacity of the Regional System of Highways and Arterials (RSHA or Regional System) as it presently exists. The Regional System needs to be expanded to accommodate anticipated future growth; current funds are inadequate to construct the Regional System needed to avoid the unacceptable levels of traffic congestion and related adverse impacts.

The TUMF Program will provide significant additional funds from new development to make improvements to the Regional System, complementing funds generated by Measure A and the Reauthorized Measure A, local transportation fee programs, and other potential funding sources. By establishing a fee on new development in the sub-region, local agencies can establish a mechanism by which developers will effectively contribute their "fair share" toward sustaining the regional transportation system. This is a twenty-five year program and will be influenced by a variety of market factors that could cause a shortfall or surplus in the revenue projections. The TUMF Program shall be reviewed at no less than five-year intervals to ensure the integrity of the Program with the first review occurring in June of 2005. The Program is not designed to be the only source of revenue to construct the identified facilities, and it will be necessary for matching funds from a variety of available sources to be provided.

It is the intent that TUMF requirements may be met by paying cash, building eligible facilities or through public financing, such as Community Facility Districts and Assessment Districts, or private financing vehicles consistent with local jurisdiction policies.

General TUMF Program parameters, definitions and procedures are described in the TUMF Program Ordinance adopted by participating Western Riverside County jurisdictions. The Western Riverside Council of Governments (WRCOG) is designated as the TUMF Program Administrator, and as such will work closely with member jurisdictions, the Riverside County Transportation Commission (RCTC), the Riverside Transit Agency (RTA), and Riverside County Regional Conservation Authority (RCA) to coordinate the TUMF expenditures to maximize the effectiveness of future transportation investments. As the Program Administrator, WRCOG, agrees to indemnify, defend and hold harmless any TUMF Program participant, and its respective agents, officers, members, officials, employees, and attorneys, whose TUMF Ordinance is challenged in court, from and against all claims, liabilities, damages, or costs of any kind whatsoever, including attorneys' fees and court costs; provided, however, that such indemnity and defense shall not extend or apply to challenges alleging procedural defects in the adoption and implementation of the TUMF Ordinance.

"TUMF Administrative Plan" means the Administrative Plan for the Western Riverside County TUMF Program prepared by WRCOG dated March 24, 2003, in substantially the form approved by the WRCOG Executive Committee on April 7, 2003, as may be amended from time to time, provided that, any material amendments to the TUMF Administrative Plan shall be approved by WRCOG Executive Committee."

This Administrative Plan serves as the guideline to implement the TUMF Program and will be amended as needed to address changing conditions over the life of the Program.

MV00248708

I. **Purpose** - The Purpose of this Administrative Plan is to provide those jurisdictions and agencies that are participants in TUMF Program with guidelines and policies for implementation of the TUMF Program. This Administrative Plan specifies implementation and responsibilities for the TUMF Program.

TUMF Program funds may only be used for capital expenditures associated with the Regional System of Highways and Arterials and for capital expenditures for transit system improvements consistent with the TUMF Nexus Study. These purposes include expenditures for the planning, environmental review, engineering and design costs, right of way acquisition, and administrative costs.

II. **Authority** - The TUMF Program applies to those jurisdictions in Western Riverside County (County of Riverside and the Cities of Banning, Calimesa, Canyon Lake, Corona, Eastvale, Hemet, Jurupa Valley, Lake Elsinore, Menifee, Moreno Valley, Murrieta, Norco, Perris, Riverside, San Jacinto, Temecula, Wildomar and the March Joint Powers Authority (JPA) that have adopted and are implementing the TUMF Program Ordinance. The TUMF Program has been developed pursuant to and consistent with authority provided in the requirements of California Government Code Chapter 5 Section 66000-66008 Fees for Development Projects also known as California Assembly Bill 1600 (AB 1600 or the Mitigation Fee Act), which governs the assessment of development impact fees in California. The Mitigation Fee Act requires that all local agencies in California, including cities, counties, and special districts follow three basic rules when instituting impact fees as follows:

A. Establish a nexus or reasonable relationship between the development impact fee's use and the type of project for which the fee is required;
B. The fee must not exceed the project's proportional "fair share" of the proposed improvement; and
C. The fee cannot be used to correct current problems or to make improvements for existing development.

III. **Imposition of and Participation in the TUMF Program** - Participating jurisdictions in Western Riverside County are responsible for collecting the fees on new development within their jurisdictions. To be considered a participant in the TUMF Program a jurisdiction must have an effective date for the TUMF Ordinance of no later than June 1, 2003 and adopt any amendment of the TUMF Ordinance within ninety (90) days of approval by the WRCOG Executive Committee unless otherwise directed by the WRCOG Executive Committee. The local jurisdictions must adopt the Model TUMF Ordinance and any amendments as prepared by WRCOG staff and approved by the WRCOG Executive Committee. Participating jurisdictions shall not modify the Model TUMF Ordinance, except to meet local municipal codes and references. Further, in order to be considered a participating jurisdiction, local jurisdictions shall collect the full TUMF and transmit the fee to WRCOG as provided herein.

Those jurisdictions that have ordinances with an effective date after June 1, 2003, or opt out of the TUMF Program and decide to participate at a later date must remit to WRCOG the amount of TUMF Program revenue for new development that was not collected by the jurisdiction. In order to verify the amount of revenue that would have been collected during the period in which a jurisdiction did not participate, said jurisdiction shall provide WRCOG with an annual report of building permit activity by the land uses identified in the Nexus Study. The remittance of the fee can be accomplished either in a lump sum

MV00248709

or through a separate Memorandum Of Understanding with WRCOG with a repayment schedule. Those jurisdictions that are not considered participants in the TUMF Program shall not be eligible to participate in the TUMF Program or the decision-making processes as more fully described in this document.

Non-participating jurisdictions will be ineligible to vote on any TUMF Program item and to receive their share of an estimated $1.02 billion in local streets and roads funds that will be allocated from the Reauthorized Measure A.

A. **Calculation of the TUMF** - Each participating jurisdiction shall calculate and collect the TUMF for new development projects as outlined in the Fee Calculation Handbook. For residential, the fee is based on the number of units and for non-residential the fee is based on the square footage. This method of calculation may be different from how the local development impact fee is determined.

The TUMF shall be calculated using the most current fee schedule in effect at the time the fee is due. Participating jurisdictions are prohibited from freezing TUMF by such means as "locking" a fee rate by paying a deposit or a portion of the fee prior to the date the fee is due or by entering into a Development Agreement or other agreement with a developer that freezes the fee at a certain level.
Partial Payments or Deposits: WRCOG discourages the use of deposits and partial payments as it will create additional reporting requirements for the jurisdictions and may give the developer the impression that the fees are not subject to change. However, if a jurisdiction allows for deposits or partial payments, it will transmit the partial payment/deposit to WRCOG in accordance with the TUMF ordinance along with a remittance report. In the variance column of the Remittance report, the jurisdiction shall indicate that the fee collected is a portion of the total due. When the balance is paid, the jurisdiction shall calculate the total fee for the project based on the TUMF fee schedule in place at the time the balance is paid and deduct the partial payment against the total. The balance will be transmitted in accordance with the TUMF ordinance and this Administrative Plan. The variance column of the Remittance report shall indicate that the balance is paid. If there is a fee adjustment between the deposit/partial payment and the payment of the balance, the fee that is required to be paid will be based on the most current TUMF fee schedule.

For the purpose of calculating the TUMF obligation for non-residential development the applicable land use category for a non-residential development is determined based on the predominate authorized use of the building or structure permitted by the underlying zoning associated with the new development. Projects could be subject to higher fee if the land use intensifies during the development process from what was originally proposed to the jurisdiction.

B. **Refunds** – Under certain circumstances, such as double payment, expiration of a building permit, or fee miscalculation, an applicant may be entitled to a TUMF refund. In all cases the applicant must promptly submit a refund request with proof of TUMF payment to the local jurisdiction that collected the TUMF. The jurisdiction will forward the request to WRCOG for verification, review and possible action.

1. **Expiration Of Building Permits** - If a building permit should expire, is revoked, or is voluntarily surrendered and is, therefore voided and no construction or improvement of land has commenced, then the applicant may be entitled to a refund of the TUMF collected which was paid as a condition of approval, less administration.

The applicant shall pay the appropriate TUMF in full if he reapplies for the permit.

If a development project is partially under construction at the time of the effective date of the TUMF Ordinance, the TUMF shall be paid only on that portion of the development for which a building permit is next issued.

2. **Double Payments** – on occasion due to a clerical error a developer has paid all or a portion of the required TUMF for project twice. In such cases, a refund of the double payment may be required. If, however, it is determined that the developer paid the fees to the jurisdiction to expedite the project with the intent of entering into a credit agreement at a later time the refund process is different and is more fully described in section VI of this document.

C. **March Joint Powers Authority** - The March JPA shall not have a separate vote at the WRCOG Executive Committee as it has representation by elected officials from the County of Riverside and Cities of Moreno Valley, Perris, and Riverside. The Executive Director of the March JPA shall be a voting member of the WRCOG TAC for TUMF Program items only. The March JPA is a unique partner in the TUMF Program in that it has land use authority and therefore will need to adopt and implement the TUMF Program in the same manner as the cities and county.

IV. **Allocation of Funds** – After the administrative costs and MSHCP are allocated (as specified in Section IX herein), TUMF funds shall be distributed in accordance with WRCOG Executive Committee actions, the Nexus Study, this Administrative Plan and any future amendments thereto.

A. **Allocation to Regional Transit Improvements** - Of the TUMF funds received by WRCOG, 1.64% shall be allocated to the RTA for making regional transit improvements.

B. **Allocation to Regionally Significant Transportation Improvements** - Of the TUMF funds received by WRCOG, 46.39% shall be allocated to the RCTC for programming improvements to the arterials of regional significance on the Regional System of Highways and Arterials.

C. **Allocation to Zones** - Of the TUMF funds received by WRCOG, 46.39% shall be allocated to the five Zones for programming improvements to the Regional System of Highways and Arterials as determined by the respective Zone Committees. The amount of TUMF funds allocated to each Zone shall be proportionate to the amount of TUMF revenue generated from the zone.

D. **Allocation to Mitigate TUMF Construction Projects** – Of the TUMF funds received by WRCOG, 1.59% shall be allocated to the RCA to purchase habitat for the MSHCP, to mitigate the impacts of TUMF construction projects.

V. **Administration of the Program** - WRCOG shall administer the TUMF Program as described in the enabling Ordinance adopted by participating jurisdictions and further defined in this Administrative Plan.

VI. **Administration of Credits** – The TUMF Ordinance has a provision that if a developer constructs a TUMF facility he will receive credit against the TUMF obligation for the project improvements. Typically, major infrastructure, such as rail grade separations, interchanges, transit projects, etc., is constructed by the local jurisdiction rather than the developer, and involves multiple parties. As such, this section makes the distinction between credit agreements for major infrastructure with the local jurisdictions and the standard arterial improvements with developers. Each jurisdiction shall be responsible for the administration of TUMF credit agreements. Each jurisdiction shall transmit all TUMF credit agreements to WRCOG within 60 days of execution by that jurisdiction. WRCOG may administer credit agreements upon written request from that jurisdiction. Fee credit shall be in accordance with the following:

A. **Developer Credits** -

1. If a developer, as a requirement of the Conditions of Approval, constructs improvements identified on the RSHA, the developer is entitled to a TUMF credit up to 100% of the TUMF obligation, if the developer follows the requirements outlined in Exhibit "B" of the Administrative Plan. The developer shall enter into a credit agreement that will identify the maximum TUMF credit, which is determined by the most current unit cost assumptions for the RSHA, or actual costs, whichever is less. TUMF credit shall be determined based on approved improvement plans and after conditions of approval have been determined. The credit agreement at a minimum shall identify the facility, the dimensions of the facility, number of lanes and applicable unit costs used to deliver the improvements. The unit costs shall be based on the fee in effect at the time the agreement is approved and the maximum TUMF value for the facility (ies) on the RSHA and shall remained fixed through the completion of the project/improvement(s) identified in the agreement.

2. **Credits** – Prior to receiving any credit or payment of fees, a written credit agreement shall be executed between the jurisdiction and the developer. A jurisdiction may not allow a developer to pay the TUMF obligation and at a later date enter into a credit agreement with the expectation of receiving a refund. Parties that operate outside the policy outlined in this section and Exhibit "B" shall experience delays, sometimes significant, and possible denials in reimbursement for the project which is dependent on the transportation improvement program of projects.

3. **Credit for Right-of-Way (ROW) Dedication** – A developer may receive credit for dedication of ROW for RSHA improvements. This section addresses the crediting of ROW dedications that are not part of construction projects. The ROW component in the current Nexus Study determines the maximum share of credit available. An appraisal is

MV00248712

required to determine the value of the ROW being dedicated. One of the following methods determines the appraisal of the ROW:

a. The developer provides to the jurisdiction a current appraisal (no more than two years old), of the ROW to be dedicated. The jurisdiction reviews it and determines if the appraisal is valid and acceptable; or

b. The developer accepts the appraisal of the jurisdiction.

4. Any improvement made to the RSHA that is obligated through an existing fee district (prior to June 1, 2003) shall not be eligible for TUMF credit.

5. Should it be determined that a jurisdiction granted credits exceeding the maximum TUMF credit, that jurisdiction shall provide WRCOG payment in the amount equal to the excess credit amount.

6. Any project that is exempt from the fee is not entitled to fee credits or reimbursement.

B. Use of Credit by Developer – All TUMF credit shall be used first by the developer to offset the TUMF obligation for the project.

1. Credits may not be transferred or sold to other development projects.

2. Developers must exhaust all credits before they are eligible for reimbursements. Any reimbursement shall be made only in accordance with a reimbursement agreement as provided in Section VIII, hereof.

3. Credits shall run with the sale of the land.

C. Local Development Impact Fees and other funding programs - The local jurisdiction shall compare facilities in local fee programs against the RSHA and eliminate any overlap in its local fee program.

1. New Financing Districts and Bond Issues:
For a financing district created or bonds or other evidence of indebtedness issued on or after June 1, 2003, the local jurisdiction may allow a property owner, in lieu of the payment of TUMF to participate in such a financing district and receive credit against the TUMF obligation if the district is funding the following facilities: (i) a Regionally Significant Transportation Improvement, as defined as those facilities that typically are proposed to have six lanes at build out and extend between multiple jurisdictions, or discrete useable segment thereof, as determined by WRCOG, (ii) any interchange on an interstate or state highway with an estimated construction cost of twenty-two million dollars ($22,000,000) or more, (iii) any railroad crossing with an estimated construction cost of more than ten million dollars ($10,000,000), and (iv) any bridge located on a regionally significant arterial as defined in (i) of this section.

MV00248713

1. Prior to and in lieu of payment of TUMF under this Section VI.B. the local jurisdiction must do all of the following:

   (a) Sell bonds within 3 years in an amount sufficient to construct the improvement for which the financing district is created;
   (b) Receive written approval from the WRCOG Executive Director, or designee; and
   (c) In the event that a local jurisdiction is unable to satisfy the requirements of section I (a), above, the local jurisdiction may still excuse the payment of bonds if the local jurisdiction enters into an agreement with WRCOG in which it commits to pay the full amount of any excused Fee, plus interest at the average rate earned by WRCOG over the past twelve months, in the event that the bonds may be extended up to an additional 5 years with the approval of the WRCOG Executive Committee.

2. If a local jurisdiction proposes to issue a credit in lieu of requiring the payment of TUMF as provided in this Section VI.B, then the jurisdiction shall enter into an MOU with WRCOG, and provide reasonable information to account for the credit.
3. If credit is issued in lieu of requiring the payment of TUMF as provided in this Section VI.C, then the jurisdiction shall be responsible for construction of the improvements and those improvements shall not be eligible for TUMF Program prioritization or funding.
4. As used in this section, a financing district means a community facilities district, a local road and bridge district, or an assessment district.
5. Where there is an existing financing district or an existing fee program established prior to June 1, 2003, with bonded indebtedness, then the local jurisdiction may credit payment of the TUMF for that portion of the facility identified in both programs. Notwithstanding the previous sentence, a local jurisdiction shall not issue a TUMF credit for any facilities for which bonds have been issued after February 4, 2008, regardless of when the financing district was first created.
6. Any dispute regarding this implementation of this Section VI.B. may be appealed by the local jurisdiction to the WRCOG Executive Committee for a final determination.
7. This Section VI.C is not intended to impact the administration of credits under Section VI.A. of the Administrative Plan.

VII. Administration of Reimbursements - Local jurisdictions/agencies and developers are eligible for reimbursement for construction of TUMF facilities. The processes for local agencies is different than for landowners/developers; the processes are described below:

1. Developer Reimbursements: Each jurisdiction shall be responsible for the administration of reimbursement agreements (Exhibit "D" of the credit

MV00248714

agreement). WRCOG may administer reimbursement agreements upon written request from the jurisdiction.

Should a developer construct RSHA improvements in excess of the TUMF obligation the developer may be reimbursed for eligible expenses based on actual costs or the approved unit cost assumptions, whichever is less at the time of the agreement. Reimbursements shall be made through an agreement between the developer, and the local jurisdiction, and contingent upon funds being available. In all cases reimbursements under such agreements must coincide with construction of the transportation improvements as scheduled in the five year Transportation Improvement Program (TIP) adopted annually by WRCOG.

The developer may enter into a reimbursement agreement with the jurisdiction to reimburse the developer/owner for the direct and verifiable costs of constructing improvements to the RSHA when all of the following conditions have been met:

a. All available credits have been exhausted;
b. The improvements received prior approval from the jurisdiction and WRCOG based on the review of the TUMF project priority list; and
c. The jurisdiction and WRCOG have reviewed and approved the scope of the project to be constructed.

In no event shall the developer be reimbursed for improvements to the RSHA in excess of the most current approved unit cost assumptions for the TUMF at the time of the agreement.

A development that is exempt from paying the TUMF is not eligible for a reimbursement.

2. **Local Jurisdictions/Agencies:** Local jurisdictions are exempt from paying TUMF, as such, there is no credit given for projects constructed by a local jurisdiction, however, the contribution to the RSHA may be considerable. In such cases where a local jurisdiction constructs TUMF facilities it is eligible for reimbursement for eligible expenses, up to the maximum share identified in the Nexus Study or actual cost whichever is less, in accordance with the prioritization schedule in the adopted Transportation Improvement Program.

Local jurisdictions are required to enter into a reimbursement agreement with WRCOG in order to be eligible to receive TUMF revenue.

VIII. Administrative Responsibilities

A. **Program Administration** - As set forth in Section II, WRCOG is designated as the TUMF Program Administrator. As Administrator, WRCOG shall receive all fees generated from the TUMF as collected by local jurisdictions. WRCOG shall invest, account for and expend such fees in accordance with the TUMF Ordinance and applicable state laws.

For jurisdictions that are not participating in the TUMF Program, the representative for that jurisdiction shall not be eligible to vote on any matter

MV00248715

related to the TUMF Program that goes before the WRCOG TAC and WRCOG Executive Committee.

1. **The WRCOG Executive Director** - Reporting to the WRCOG Executive Committee, the Executive Director shall be responsible for the following TUMF Program activities:

    a. Administration of the TUMF Program, including development of credit and reimbursement agreements, fee collection process and processing Program appeals;
    b. Conduct an audit to report on the evidence that the collection and expenditure of funds collected is in accordance with the Mitigation Fee Act. The audit shall be presented to the WRCOG Executive Committee and made available to the public;
    c. Establishment and management of the "TUMF Program Trust Fund" for the purposes of depositing TUMF revenues and income interest earned on Trust Fund deposits;
    d. Preparation of an Annual Report for consideration by the WRCOG Executive Committee detailing the status of the TUMF Program including but not limited to fees collected and disseminated, capital projects planned for, prioritized, and built;
    e. Preparation of periodic comprehensive TUMF Program review and required by the California Mitigation Fee Act. The review of the TUMF Program will include a review of the various Nexus Study inputs and assumptions, and preparation of recommendations on potential TUMF Program revisions for consideration by the WRCOG Executive Committee. Such reviews and updates may include, but are not limited to recommended fee adjustments based on changes in the facilities required to be constructed, and revenues received pursuant to the Ordinance;
    f. Preparation of technical studies/analysis required to select and prioritize Regionally Significant Arterial projects;
    g. Development of a 10-year Strategic Plan that identifies long term planning goals and objectives for implementation of the TUMF Program;
    h. Development of a five-year TIP that identifies projects that are scheduled and funded for construction over a specified period of time and is reviewed on an annual basis;
    i. Staff support to and coordination with each of the TUMF Zone Committees as necessary;
    j. Other related activities as directed by the WRCOG Executive Committee;
    k. Approve Zone and RTA TIP Administrative Amendments; and
    l. Execute amendments to TUMF reimbursement agreements.

2. **The WRCOG Executive Committee** - The WRCOG Executive Committee shall be responsible for reviewing and acting on the following:

    a. Recommendations for project selection and prioritization of the Regionally Significant Arterials, 10-year Strategic Plan, and the TIP;

MV00248716

b. Review and consider recommendations on projects from the Public Works Committee (PWC) and WRCOG TAC;
c. The approval of the TUMF Program Administrative Plan and any subsequent amendments thereto;
d. Recommend changes to the Ordinance for consideration by participating jurisdictions; and
e. Review and take action on reimbursement agreements.

In developing recommendations on Regionally Significant Arterials for consideration by the WRCOG Executive Committee, WRCOG staff and the Committee structure shall work with RCTC to coordinate compatibility with Measure A project priorities and schedules of area transportation improvements. WRCOG staff and the WRCOG Executive Committee shall also work with WRCOG jurisdictions and each Zone Committee for the same purposes.

For jurisdictions that are not participating in the TUMF Program, the WRCOG Executive Committee representative for that jurisdiction shall not be eligible to vote on any matter related to the TUMF that goes before the WRCOG Executive Committee.

3. **The WRCOG Technical Advisory Committee** - The WRCOG TAC shall review and make recommendations to the WRCOG Executive Committee on the following:

a. Program updates and reviews and all supporting technical documentation;
b. Revisions to the Administration Plan, 10-Year Strategic Plan, Fee Calculation Handbook and any other Program document;
c. Ordinance revisions;
d. Annual fee adjustments; and
e. Reimbursement Agreements.

The WRCOG TAC shall also provide additional assistance to the TUMF Program as requested by the WRCOG Executive Committee. For jurisdictions that are not participating in the TUMF Program, the WRCOG TAC representative for that jurisdiction shall not be eligible to vote on any matter related to the TUMF Program that goes before the WRCOG Executive Committee.

4. **The Public Works Committee/TUMF PWC** - The PWC shall be comprised of the Public Works Director or designee from each participating jurisdiction of WRCOG, RCTC, RTA and WRCOG and shall be responsible for the following:

a. Provide technical assistance and guidance for program updates;
b. Developing objective criteria for project selection and prioritization including but not limited to the following factors: traffic safety issues potentially created by growth, regional significance, availability of matching funds, mitigation of congestion created by new development, system continuity, geographic balance, project

MV00248717

readiness, and completed projects with reimbursement agreements;

c. Provide additional assistance to the TUMF Program as requested by the WRCOG Executive Committee, RCTC and/or the WRCOG TAC;
d. Prepare the 10-Year Strategic Plan;
e. Prepare the 5-Year TIP, which will be reviewed annually and amended every two years;
f. Review and recommend the RCTC Regional Arterial TUMF Program of Projects; to the WRCOG TAC, WRCOG Executive Committee and RCTC;
g. Select a lead agency for each of the projects in the TIP;
h. Review Annual Report prepared by WRCOG;
i. Review and revise the RSHA as may be necessary (at a minimum every 5 years); and
j. Review and revise Unit Cost Assumptions to the RSHA as may be necessary (at a minimum every 5 years).

B. Regional Arterial Administration - RCTC through an MOU with WRCOG (effective October 1, 2008) is the responsible agency for programming and delivering the Regionally Significant Arterials designed under Measure A and defined in the Nexus Study. WRCOG and RCTC have established a committee structure that incorporates the Public Works Directors, City Managers the WRCOG Executive Committee, and the RCTC Board for the development, review and approval of the Regional Arterial TUMF Program of projects.

1. **The RCTC Executive Director** - The Executive Director shall be responsible for the following TUMF Program activities:

   a. Establishment and management of the "TUMF Program Trust Fund" for the purposes of depositing TUMF revenues and income interest earned on Trust Fund deposits;
   b. Development of the RCTC Regional Arterial TUMF Program that identifies projects that are scheduled and funded for construction over a specified period of time and is reviewed on an annual basis;
   c. Staff support to and coordination with the TUMF Committees as necessary; and
   d. Other related activities as directed by the RCTC Board.

2. **The Riverside County Transportation Commission** - RCTC shall be responsible for reviewing and acting on recommendations for project selection and prioritization of the RCTC Regional Arterial TUMF Program. RCTC shall review and consider recommendations on the RCTC Regional Arterial TUMF Program project on TUMF Regional Arterial projects from the TUMF Public Works Committee, WRCOG TAC and WRCOG Executive Committee.

C. Zone Administration - Each Zone shall establish a committee structure, similar to Exhibit "A", for the purpose of preparing a Zone Transportation Improvement Program (TIP) with the TUMF revenue that has been returned to the Zone and

MV00248718

develop policies that impact the Zone, such as how to close a funding shortfall in the Zone. The Executive Committee has determined that the 5-Year TIP shall be balanced to the most reasonable extent possible and that program shortfalls will need to be closed or projects could be reduced or eliminated from the TIP. The Zone shall be responsible for prioritization of projects, selection of the lead agency for each project, and to review all the projects for consistency within the Zone.

All Zones shall approve their TIP by consensus and forward their recommendations to Executive Committee for review and approval to ensure compatibility with the other Zones and the 10-Year Strategic Plan.

Zone dollars are to be allocated by the Zone Committee only and cannot be utilized or borrowed for projects located outside the zone unless such projects are: 1) proposed and approved by the Zone Committee and have a direct benefit to the Zone and 2) it is consistent with the Nexus Study. In furtherance of this Section VIII.B, each Zone shall abide by the Guidelines set forth in Exhibit "C".

The Riverside County Transportation Improvement Plan approved by Riverside County voters on November 5, 2002 states "Funding which is not allocated to a city or county because it is not a participant in the TUMF Program in the Coachella Valley area and the TUMF and MSHCP in the Western County area shall be allocated to the Regional Arterial Program in the geographic area in which the city or portion of the county is located".

Each City and a portion of the unincorporated area of Riverside County are assigned to each of the zones. The five Zones are as follows:

1. Northwest Zone – The Cities of Corona, Eastvale, Jurupa Valley, Norco, Riverside and the County of Riverside, and the March JPA;

2. Southwest Zone – The Cities of Canyon Lake, Lake Elsinore, Murrieta, Temecula, Wildomar and the County of Riverside;

3. Central Zone – The Cities of Menifee, Moreno Valley and Perris, and the County of Riverside, and the March JPA;

4. Pass Zone – The Cities of Banning and Calimesa, and the County of Riverside; and

5. Hemet/San Jacinto Zone – The Cities of Hemet and San Jacinto and the County of Riverside.

D. Local Administration - As described in the TUMF Ordinance, participating jurisdictions are responsible for collecting the TUMF. Fees collected and a corresponding Remittance Report are required to be transmitted to the Executive Director of WRCOG. In accordance with the TUMF Ordinance and the Mitigation Fee Act, WRCOG shall deposit, invest, and expend the transmitted fees. Participating jurisdictions are required to transmit reports as set forth below to WRCOG which will include, but not be limited to the following information regarding the TUMF Program status.

1. **Monthly Remittance Reports** – Participating jurisdictions are required to submit the standard Remittance Reports to WRCOG by the tenth (10th) day of the month end for the previous month's activity, for example; June's Remittance report is due July 10. The report shall contain information necessary for WRCOG to determine the total amount of fees collected within each fee category as it relates to the number of building permits, certificates of occupancy, or final inspections issued during the same period of time. Remittance reports are required even when no fees have been collected, and will show building permits or certificates of occupancy have been issued. In addition the participating jurisdiction shall provide WRCOG the following information: the name of the developer or payee, project address, APN, total square feet, credits issued, and such other information as requested by WRCOG. This information will assist WRCOG in tracking new development, total revenue received and revenue projections for purposes of Program audits and program updates.

2. **Remittance Delays** - If a participating jurisdiction does not transmit the fees along with a corresponding Remittance Report by the tenth (10th) day of the close of the month for the previous month in which fees were collected, the following fiscal policy shall be applied:

   On the eleventh (11th) day after the close of the month WRCOG staff shall notify, in writing, the delinquent jurisdiction of the delinquency and request that said jurisdiction remit by the fifteenth (15th), the fees and the required Remittance Report;

   If fees and Remittance Report have not been received, by the fifteenth (15th) day, WRCOG staff will invoice the jurisdiction for the approximate amount owed plus interest and penalties which is calculated at the current interest rate earned by the Riverside County Investment Pool plus thirty-five basis parts beginning from the first day of the month following the closing of the month being reported;

   WRCOG staff will continue this notification until sixty (60) days after the close of the month. At which time, WRCOG will determine if an audit is necessary of the jurisdiction's TUMF account, general ledger and any other financial data. If an audit is conducted, WRCOG will investigate the amount owed and the cause of delay. Upon completion of the audit, WRCOG staff shall make any recommendations to resolve any outstanding issues; and

   If an audit is required due to reporting and remittance irregularities, the jurisdiction shall incur the cost of the audit.

E. **Riverside Transit Agency** – In accordance with the Nexus Study 1.64% of funds received will be made available to the RTA to make capital facilities improvements for transit purposes as identified in the Nexus Study. The RTA

MV00248720

shall provide a report to the WRCOG Executive Committee each year, which has been reviewed by the technical committees, detailing its expenditures of TUMF Program funds received, as well as future commitments for transit facilities using TUMF Program revenues as determined by the RTA Board of Directors.

IX. **Administrative Costs.** The TUMF Ordinance authorizes WRCOG to expend funds generated from TUMF that are necessary and reasonable to carry out its responsibilities to implement the Program. The WRCOG Executive Committee adopted a series of policies that clarify the expenditure and retention of program funds for the Administration of the Program and they are as follows:

1. WRCOG will retain no more than one percent (1%) of the total TUMF Program revenue for administration salaries and benefits;
2. Administration costs will be budgeted at whatever is reasonable and necessary, but not to exceed four percent (4%) of the TUMF revenues collected (inclusive of the one percent administrative salaries and benefit cap) unless otherwise directed by the Executive Committee.
3. Beginning July 1, 2006, WRCOG will take the administrative component from the revenue collected based on the total fee obligation inclusive of executed credit agreements.
4. Beginning July 1, 2006, all CFD's, SCIP and other financing mechanisms will pay the maximum (4%) administrative component in cash to WRCOG. When the administrative component is less than 4% then the surplus revenue will be allocated in accordance to their adopted percentages to the Multi-species Habitat Conservation Plan, RCTC, RTA and the Zones.
5. For refunds, whether it is because the project is no longer going forward or expiration of building permits (where no construction has commenced), the applicant is entitled to a refund less the administrative component. Refunds will be processed based on available cash and will not take precedence over the projects identified as funded on the approved TIP. Refunds will however take precedence over the addition of new projects to the TIP.

X. **Appeals.** Appeals shall only be made in accordance with the provisions of this Section X.

A. **Persons or Entities Who Having Standing to Appeal.** No person or entity shall have standing to avail themselves of this Section X, except those persons or individuals who are responsible for paying the TUMF and have an unresolved appealable issue or matter.

B. **Appealable Issues and Matters.** No issue or matter shall be heard or reviewed under this Section X unless the issue or matter is appealable. An issue or matter is appealable, if a qualified person or entity ("Appellant") has a good-faith dispute directly related to Appellant's Property ("TUMF Dispute") regarding (i) the amount of Appellant's TUMF obligation; (ii) the administration of TUMF Credits; (iii) exemption of Appellant's property from the TUMF Program; or (iv) administration of TUMF reimbursements.

C. **Appeal Process.**

1. If a qualified person or entity has a TUMF Dispute, he or she shall first attempt to resolve the dispute informally with the staff of the local jurisdiction. If the TUMF Dispute remains unresolved after a reasonable attempt to address it at the local level, the qualified person or entity may submit a written appeal to the appropriate department of the local jurisdiction. The written appeal shall thoroughly identify the TUMF Dispute. If the staff of the local jurisdiction determines the issue or matter is not a TUMF Dispute, the written appeal shall be rejected. Staff's decision shall be provided in writing to the Appellant. In such cases, if the Appellant desires further review from the Board of Supervisors/City Council of the affected local jurisdiction, the Appellant must submit a written request for review to the Clerk of the Board/City Council within five (5) days of receiving staff's written decision. The decision of the Board/City Council shall be forwarded to the WRCOG Executive Committee in the same manner set forth in Paragraph 3 of this Section.
2. If the written appeal identifies a TUMF Dispute, the Appellant and staff from the local jurisdiction shall attempt to resolve the issue within thirty (30) days of the local jurisdiction's receipt of the appeal. At the request of the local jurisdiction, or on its own accord, WRCOG staff may also participate in such discussions. At the conclusion of the thirty (30) day period, staff of the local jurisdiction shall render a written decision on the appeal.
3. The issue or matter shall be heard by the Board of Supervisors/City Council of the affected local jurisdiction; provided, the Appellant submits a written request for further review to the Clerk of the Board/City Council within five (5) days of Appellant's receipt of the local jurisdiction's written decision regarding the Appellant's appeal. The Board/City Council shall forward its written decision to WRCOG for review and concurrence. If the WRCOG Executive Committee disagrees with the decision of the City Council/Board of Supervisors the WRCOG Executive Committee shall determine a proper course of action and notify the jurisdiction of its findings.

XI. **Arbitration.** When there is a dispute among the Zone members that cannot be resolved and prevents the adoption of a project prioritization schedule, the matter shall be forwarded to the WRCOG TAC and WRCOG Executive Committee for a determination. Once the WRCOG Executive Committee takes action on the issue the decision is final.

If there is a dispute at the WRCOG Executive Committee level regarding project prioritization of a specific project(s) and a consensus cannot be reached, that project shall be tabled until such time as new information is presented and the matter can be resolved.

XII. **TUMF Program Amendments.** WRCOG shall undertake a review of all components of the TUMF Program in accordance with AB 1600 and other applicable laws, and, if necessary, recommend Program amendments and/or adjustments. Amendments to the Administrative Plan will be subject to the approval of the WRCOG Executive Committee. Amendments required to the TUMF Program Ordinance shall be approved by each participating jurisdiction, acting on recommendations provided by the WRCOG Executive

MV00248722

Committee. The review shall consider whether future administration costs to participating jurisdictions are needed.

1. **TUMF Network Revisions**: The TUMF Network is reviewed and revised at regular Nexus updates, with minor adjustments such as name changes, distances, and other errors that may be found from time to time occurring on a more frequent basis. However, there could be instances when certain assumptions were made during a Nexus Update that did not come to fruition that should be addressed. The primary cause is when a new city is incorporated and inherits the TUMF Network, which may not reflect the new jurisdiction's General Plan or priorities; another example is if a jurisdiction needs to "trade" a facility on the Network due to a rapid change in development patterns that should not wait for the normal revision cycle.

   For new cities there would be an opportunity to review the TUMF Network with WRCOG staff to ensure that the Network identifies their priorities and allows them to make recommendations and to have the ability to swap out facilities. Any revision request must meet the criteria to be on the Network before the PWC will consider the request.

   Jurisdictions that are not part of the above mentioned group that need to swap out facilities, must justify the swap by demonstrating that it provides continued regional circulation, meets the criteria to be on the TUMF Network, and does not provide an advantage to a specific land-use, community, developer/project for the purposes of TUMF credits or reimbursements. These jurisdictions must also demonstrate that the impacts mitigated in the swapped facilities are substantially similar to those impacts that would have been mitigated in the abandoned facilities.

   This process is intended to be applied on an annual basis during interim years between revisions to the TUMF Nexus Study that would inherently include a revision to the TUMF Network. The deadline to submit any revision is June 30th. The focus of this process is the ability to shift projects on the TUMF Network with the intent to incur minimal fiscal impacts to the Program fee and Nexus determination, rather than adding new projects that would have a far more significant effect on the Program fee and therefore would be more appropriately addressed during the regular Nexus Study reviews. The exception to this policy is the ability for newly incorporated cities to request new additions during the initial cycle of this adjustment process to ensure appropriate facilities are designated to address their individual city's needs.

   The process requires the jurisdiction to submit a written justification of the requested TUMF Network facility shift. Elements to be addressed in the written justification should include an explanation of the rationale for the proposed facility shift specifically explaining why the facility should be addressed as part of the TUMF Program and cannot be addressed as part of an equivalent local program, and verification that the proposed shift in facility does not unduly favor or disadvantage a specific developer or development interest. Proximity to areas of significant recent development activity (i.e. shifts in development patterns resulting in changes in transportation system impacts to be mitigated) and the net cost differential to the program following the facility adjustment are key elements

MV00248723

to be addressed in the written justification. The written justification must also demonstrate that the impacts mitigated in the proposed facility shift are substantially similar to those impacts that would have been mitigated in the abandoned facilities.

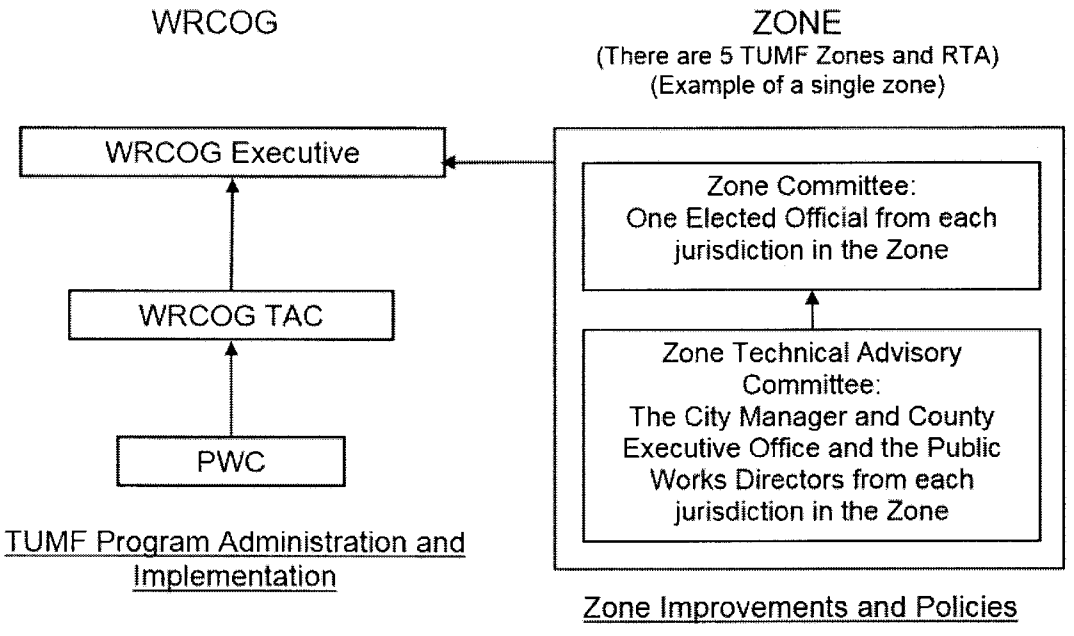
The existing criteria contained in the TUMF Nexus Study for identifying facilities to be included in the TUMF Network was refined for the purposes of evaluating requests for TUMF Network Amendments. All requested Network adjustments will be evaluated and scored using a point system based on key performance indicators consistent with the existing criteria contained in the TUMF Nexus Study. The scoring criteria is "Exhibit D" of this Plan. Only facilities defined in a participating jurisdiction's General Plan Circulation Element (or equivalent document) as an arterial highway facility with a minimum four (4) lanes at build-out will be evaluated for inclusion in the TUMF Network.

XIII. **CEQA.** The TUMF Program currently is a financing mechanism dependent on future actions of the WRCOG Executive Committee for improvements to the RSHA. WRCOG and its associated committees will be prioritizing and scheduling improvements on the RSHA, as such, the appropriate environmental documentation, shall be completed before a project can commence construction.

The TUMF Program was developed to mitigate the cumulative impacts of future growth on the RSHA. It was not developed to mitigate project-specific traffic impacts. Accordingly the program does not relieve any development project of the responsibility to mitigate project-specific impacts identified in the environmental analysis prepared for the project. When a development project is required to construct RSHA facilities as project-specific mitigation, it shall be eligible for credit and or reimbursement.

EXHIBIT "A"

TUMF Decision Making Process



MV00248725

EXHIBIT "B"

TUMF Credit / Reimbursement Eligibility Process

1. Prior to the construction of any TUMF Improvement, Developer shall follow the steps listed below:

   a. Prepare a separate bid package for the TUMF Improvements.
   b. The plans, cost estimate, specifications and contract document shall require all contractors to pay prevailing wages and to comply with applicable provisions of the Labor Code, Government Code, and Public Contract Code relating to Public Works Projects.
   c. Bids shall be obtained and processed in accordance with the formal public works bidding requirements of the City/County.
   d. The contract(s) for the construction of TUMF Improvements shall be awarded to the lowest responsible bidder(s) for the construction of such facilities in accordance with the City's/County's requirements and guidelines.
   e. Contractor(s) shall be required to provide proof of insurance coverage throughout the duration of the construction.

2. Prior to the determination and application of any Credit pursuant to a TUMF Improvement and Credit Agreement executed between City/County and Developer ("Agreement"), Developer shall provide the City/County and WRCOG with the following:

   a. Copies of all information listed under Item 1 above.
   b. Surety Bond, Letter of Credit, or other form of security permitted under the Agreement and acceptable to the City/County and WRCOG, guaranteeing the construction of all applicable TUMF Improvements.

3. Prior to the City's/County's acceptance of any completed TUMF Improvement, and in order to initiate the construction cost verification process, the Developer shall comply with the requirements as set forth in Sections 7, 14.3 and 14.4 of the Agreement, and the following conditions shall also be satisfied:

   a. Developer shall have completed the construction of all TUMF Improvements in accordance with the approved Plans and Specifications.
   b. Developer shall have satisfied the City's/County's inspection punch list.
   c. After final inspection and approval of the completed TUMF Improvements, the City/County shall have provided the Developer a final inspection release letter.
   d. City/County shall have filed a Notice of Completion with respect to the TUMF Improvements pursuant to Section 3093 of the Civil Code with the County Recorder's Office, and provided a copy of filed Notice of Completion to WRCOG.
   e. Developer shall have provided City/County a copy of the As-Built plans for the TUMF Improvements.
   f. Developer shall have provided City/County copies of all permits or agreements that may have been required by various resource/regulatory agencies for construction, operation and maintenance of any TUMF Improvements.
   g. Developer shall have submitted a documentation package to the City/County to determine the final cost of the TUMF Improvements, which shall include at a minimum, the following documents related to the TUMF Improvements:

MV00248726

i. Plans, specifications, and Developer's Civil Engineer's cost estimates; or Engineer's Report showing the cost estimates.
ii. Contracts/agreements, insurance certificates and change orders with each vendor or contractor.
iii. Invoices from all vendors and service providers.
iv. Copies of cancelled checks, front and back, for payments made to contractors, vendors and service providers.
v. Final lien releases from each contractor and vendor (unconditional waiver and release).
vi. Certified contract workers payroll for City/County verification of compliance with prevailing wages.
vii. A total cost summary, in spreadsheet format (MS Excel is preferred) and on disk, showing a breakdown of the total costs incurred. The summary should include for each item claimed the check number, cost, invoice numbers, and name of payee. See attached sample for details.

4. The amount of the development credit shall not exceed the maximum amount determined by the most current unit cost assumptions for the RSHA in the adopted Nexus Study, or actual costs whichever is less. This shall be known as the maximum credit. The maximum TUMF credit shall be determined based on an approved Improvement Plan and after the Conditions of Approval have been determined.

EXHIBIT "C"

Guidelines for the Administration of the Programmed Projects in the Zone's Adopted 5-Year TIP

Once each Zone's 5-Year Transportation Improvement Program (TIP) is adopted by the WRCOG Executive Committee, said TIPs shall be incorporated into and governed by these guidelines, the Administrative Plan, and 10-Year Strategic Plan in accordance with AB 1600. Annually, WRCOG staff meets with the Zone Technical Advisory Committees to review the status of all programmed projects on the 5-Year TIPs and bring the subsequent project adjustment requests to the Zone Committees for approval. The goals of the annual review process are as follows: (i) to update project cost estimates; (ii) to review project status; (iii) to determine the continued viability of projects; (iv) review the backlog of reimbursement projects;(v) to address local jurisdiction issues; and (vi) address compliance with AB 1600.

Adjustments:

In accordance with the 10-Year Strategic Plan and the original reimbursement agreement entered into with the lead jurisdiction, all approved projects' funding and schedules are directly tied to critical milestones. As such, requests to change a project's funding or schedule shall necessitate an amendment to the original agreement and the adopted TIP.
Annual 5-Year TIP adjustments could include, but are not limited to:

- Scope of work reductions or additions;
- Project or phase delays;
- Project or phase cancellations;
- New shelf-ready network projects being added as replacement projects;
- Project or phase advances; and
- Request to transfer funding beyond a programmed project's limits within a Zone.

Levels of Approval:

A. Zone Committee/WRCOG Executive Committee

The following shall be approved by the Zone Committee and adopted by the WRCOG Executive Committee as required in the Administrative Plan:

1. Annual updates to the Zone TIP.

2. Requests to increase total TUMF funding allocations to projects in the Zone TIP. These requests may be made by the local jurisdiction administratively outside of the annual TIP update cycles if deemed necessary by one of the Zone participating jurisdictions and WRCOG management due to unforeseen circumstances that necessitate immediate action. Such unforeseen circumstances shall include, but not be limited to, higher than expected bid prices, Might want to give more examples] WRCOG staff will obtain action from the Zone Committee in these cases either by calling for a Special Zone Committee meeting or through individual consultation.

MV00248728

3. Administrative requests to advance funds or adjust project schedules on TIP approved projects, upon the recommendation of the Public Works Committee. Such advancements are subject to:

   - Jurisdiction's proof of readiness to move forward with project, and
   - Zone's current cash flow can support the advancement or change.

B. WRCOG Executive Director

The WRCOG Executive Director shall be responsible for the review and approval of the following changes to an approved Zone TIP, including the review and approval of any agreements, for:

1. Change in Lead Jurisdiction, with the written consent of the transferring and accepting Lead Jurisdiction.

2. Cancellation of project upon request of the local jurisdiction. In the event of cancellation, all funds shall revert to the Zone TIP Trust account.

3. Approval of final completion of the project. Upon notification from the Jurisdiction that the Project has been completed, all unused funds programmed for that Project shall revert to the Zone TIP Trust account.

4. All other administrative requests, upon consultation with the Public Works Committee.

C. Public Works Committee

The Public Works Committee shall be responsible for the review and approval of the following:

1. Requests to move funds within project categories (environmental, design, etc.) administratively, contingent upon participating jurisdiction's certification of viability of all phases.

2. Provide recommendations to the WRCOG Executive Director on any other requests that are deemed administrative in nature by the Director.

All administrative adjustments will be submitted to the WRCOG Executive Committee as part of the next Annual Review Report for final adoption.

D. Obligating Programmed Funds

The TUMF Program has established the policy that construction projects take priority and therefore WRCOG limits the obligation of TUMF dollars. WRCOG has two options by which to obligate TUMF. In both options, steps 1, 2 and 3 (Option A) or 6 (Option B) must be completed by the local jurisdiction to ensure TUMF funding can be made available for use on an eligible project. Since TUMF project funds are generally obligated on a first come first served basis, failure to follow the prescribed steps for either option may preclude a project sponsor from receiving TUMF payments for completed work until sufficient funds are available to be obligated.

Option A:
Funding for a project programmed on Zone 5-Year TIPs is not considered obligated by WRCOG until certain steps outlined below have been accomplished by the local jurisdiction.

1. Ensure that funding for the project phase is **programmed in the current year** of an adopted 5-Year TIP.
2. Ensure that there is a **signed (executed) reimbursement agreement** that matches the funding amount with the funding amount of the project phase in the adopted TIP.
3. Submit **an invoice for TUMF eligible work** prior to the end of the fiscal year to obligate the project phase funding. At the time of submitting the first invoice, the project sponsor will be required to submit all necessary supporting documentation (not previously submitted) in accordance with the provisions of the reimbursement agreement.
4. WRCOG will obligate the entire phase of the project if there is available revenue at the time the invoice is submitted.

Option B:
Funding for a project programmed on Zone 5-Year TIPs is not considered obligated by WRCOG until the steps outlined below have been accomplished by the local jurisdiction.

1. Ensure that funding for the project phase is **programmed in the current year** of an adopted 5-Year TIP.
2. Ensure that there is a **signed (executed) reimbursement agreement** that matches the funding amount with the funding amount of the project phase in the adopted TIP.
3. Send WRCOG a letter of **notice of intent** to issue RFP, solicit bids, make offer to purchase ROW or other similar action to verify that sufficient funding is available and that funds are obligated and reserved exclusively for the particular project phase.
4. Receive a **notice of obligation** from WRCOG within fourteen working days of receipt of the notice of intent confirming the amount of funding that is obligated and reserved exclusively for the particular project phase. Alternatively, the project sponsor will receive a notice of deferred obligation if WRCOG determines that insufficient funds are currently available for the project phase to be obligated.
5. Award the project and execute a contract within four months of receipt of the notice of obligation from WRCOG and send a letter of **confirmation of award** to WRCOG including evidence of a Board/Council action relating to the project award and contract execution.
6. Commence project work and submit the **first invoice** for payment within nine months of receipt of letter of obligation by WRCOG to preserve fund obligation. At the time of submitting the first invoice, the project sponsor will be required to submit all necessary supporting documentation (not previously submitted) in accordance with the provisions of the reimbursement agreement.

If a contract has not been executed within four months of receipt of the notice of obligation from WRCOG (step 5), there will be a review of the project status. Based on the review of project status, WRCOG will either:

i. extend the fund obligation for up to a total of nine months from the notice of obligation if the project sponsor can demonstrate a realistic expectation that the project will be awarded and a confirmation of award can be provided to WRCOG within that time frame; or
ii. de-obligate the funds.

Similarly, if the first invoice has not been submitted to WRCOG within nine months of receipt of the letter of obligation (step 6), there will be a review of the project status. Based on the review of project status, WRCOG will either:

i. extend the fund obligation for up to an additional nine months if the project sponsor can demonstrate a realistic expectation that the project work will commence and a first invoice is submitted within that time frame; or
ii. de-obligate the funds.

E. Programming the Cost Assumption's 10 Percent Contingency

The TUMF Program has established the policy allowing local jurisdictions the ability to choose how to apply the available 10 percent Contingency costs historically assigned to the construction phase of a project when it is programmed on a TUMF 5-Year Transportation Improvement Program (TIP). The Contingency fund is 10 percent of the sum of the new lane, right-of-way, bridge, interchange, and railroad costs.

Under this new policy, some jurisdictions may opt to continue applying the 10 percent Contingency to the construction costs, while others may choose to apply a portion of the 10 percent Contingency to help defray their administrative costs incurred during the planning and engineering phase delivery.

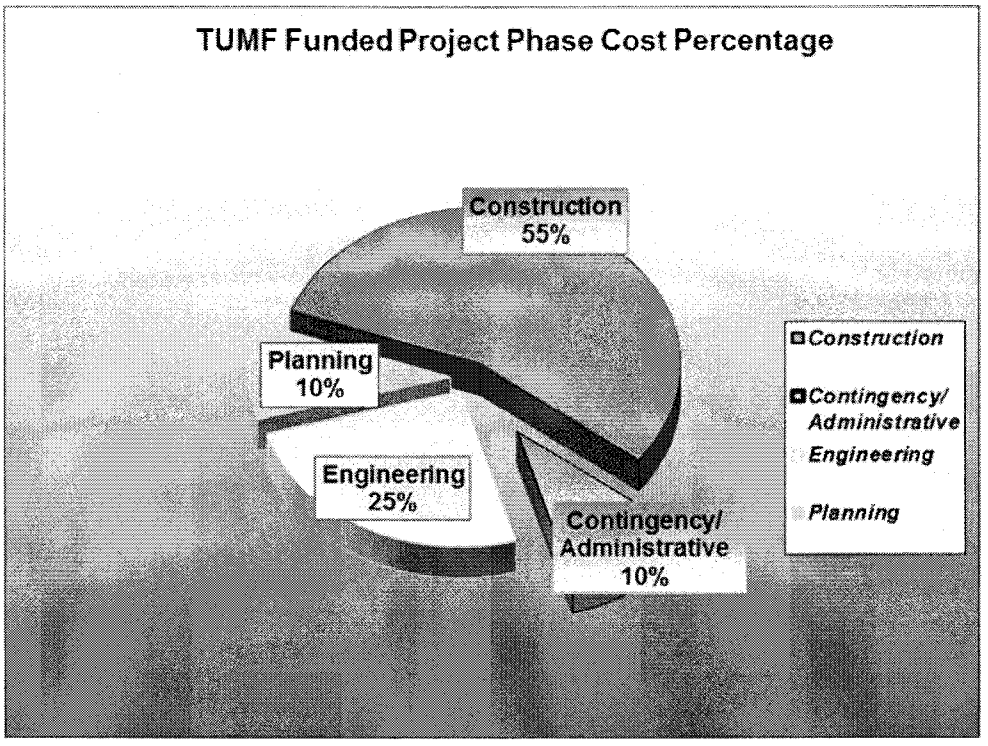
Since currently programmed construction funds already reflect the eligible 10 percent Contingency, the policy only applies to those projects that have not obligated or received payments on their construction phases.

For those jurisdictions who wish to recapture administrative costs of ongoing projects programmed on the TIP that do not involve an obligated construction phase, up to 10 percent of each of the programmed planning and engineering phases would be eligible for administrative costs and would be deducted from the available 10 percent contingency (leaving the remaining balance to be applied to construction costs or construction administration costs.)

Scenario –

Construction costs	= $1,000,000	
Contingency	= $ 100,000	(or 10%)
Planning costs	= $ 100,000	
Engineering costs	= $ 250,000	
Admin costs (PA&ED)	= $ 10,000	(or 10% of $100k)
Admin costs (ENG)	= $ 25,000	(or 10% of $250k)
Balance Contingency	= $ 65,000	(for construction admin or contingency costs)

MV00248731



Jurisdictions may apply a portion or all of the available 10 percent Contingency to reimburse accrued administration costs for all three phases by requesting the amount to be programmed as a separate line item on the TIP during a biennial TIP review or amendment as any other project adjustment.

All existing and future reimbursement agreements, cost estimates, and scopes of work will need to be amended to include specific language covering the jurisdiction's individual contingency use option.

EXHIBIT "D"

The following table summarizes the criteria, evaluation thresholds and point values for evaluating TUMF Network adjustment requests for approval. For each evaluation measure, the maximum point value has been highlighted in **bold** font for easy reference.

Criteria	Evaluation Thresholds	Points
Minimum number of lanes at build-out	Less than 4 lanes	not eligible
	4 or 5 lanes	5
	6 or more lanes	**15**
Jurisdictions served	1 jurisdiction	0
	2 jurisdictions	5
	3 or more jurisdictions	**10**
Future forecast traffic volumes	Less than 20,000 vehicles per day	0
	20,000 to 24,999 vehicles per day	5
	25,000 to 29,999 vehicles per day	10
	30,000 to 34,999 vehicles per day	15
	35,000 to 39,999 vehicles per day	20
	40,000 or more vehicles per day	**25**
Future forecast volume to capacity ratio	< 0.80 (LOS A/B/C)	0
	0.81 – 0.90 (LOS D)	5
	0.91 – 1.00 (LOS E)	10
	> 1.00 (LOS F)	**15**
Regional fixed route transit services accommodated	No service	0
	1 or more services	**10**
Net fiscal impact of TUMF Network adjustment	More than $1,000,000 cost addition	-15
	$200,000 to $1,000,000 cost addition	-5
	$199,999 cost addition to $199,999 cost savings	5
	$200,000 to $1,000,000 cost savings	15
	More than $1,000,000 cost savings	**25**
Maximum Possible Score		**100**

Hi Juliene,

I just learned that the Godoy brothers began the formal complaint process on September 04, 2013 by completing a Citizen's Complaint form and submitting it to the Sheriff's Department. Sgt. Fellows is the designated investigator and will make contact with one or both of them today to introduce himself. I just spoke with Jose Godoy and explained that he would be contacted by a Sergeant to discuss his complaint. At this point, the matter is in the able hands of Sgt. Fellows. In the near future, he will schedule interviews with each of the Godoy's to obtain their statements about the incident they are complaining about. The investigation will be conducted per Sheriff's Department policy and the Godoy's will receive a letter in the mail informing them of the final outcome of the investigation. This information may be helpful to CM Gutierrez if he plans to meet with the Godoy's.

Thanks,

Joel

Anthony and Jose Godoy are brothers who reside at 15429 Gemstone, in District 4. They requested to meet with the Mayor (prior to the District 4 rep being appointed) to discuss an incident with the Police Department. The Godoy's stated the police department was looking for suspect and entered their home. The Godoy's stated they advised the police officer there was no suspect in their home. They allege the police officer abused his authority when he entered their home, the officer did not leave when asked to leave, and the officer arrested Anthony Godoy for obstruction of an officer.

Subject: Chili Cook Off

Mayor Owings has agreed to be one of the judges for the Chili Cook off. I just spoke to him and he asked if you could block his time. The cook off is on October 31…he would need to be there by 11a.m. and it is usually over about 1:00 p.m. It's at the CRC Ballroom.

Chairman Busch, Vice Chairman Ashley, Commission Members,

It's that time of year again! We are starting to fund raise for our 9th annual Holiday Harvest. The way this year is flying by it will be here before you know it. Last year we served 259 residents from our shelters here at March!

Please help us raise the funds for this event that is so appreciated by our shelter residents. Also, please mark your calendars for **Sunday, November 24th** to help serve the food. We always appreciate the tremendous turn out we get from most of you on this very special day.

Thank you!

Lori

P.S. We need $$$$$$$$$$!!!!!!!

2013

A Special Invitation

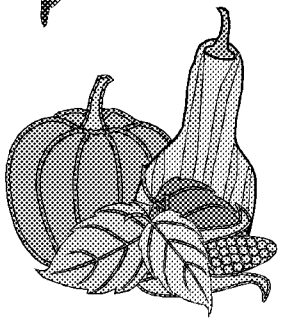
for the residents of

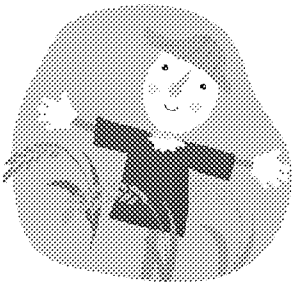
U.S. Vets, Path of Life, and

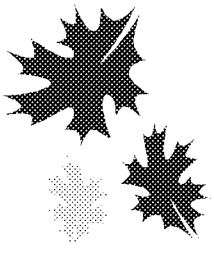
Lutheran Social Services

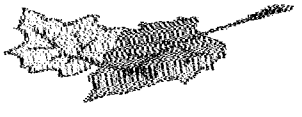
to attend the 9th annual

Holiday Harvest Dinner



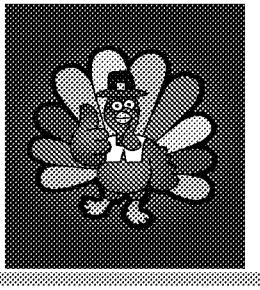






Clowns & Magic

Face Painting & Balloons



All monetary donations are welcome!

**** Please make checks payable to March Joint Powers Authority.**

If additional information is needed please contact Cindy Camargo at [redacted] or via email at camargo@marchjpa.com

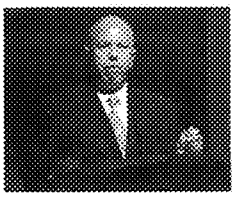
MORENO VALLEY: City manager's job on the line



[redacted]
STAFF WRITERS
May 10, 2013, 05:58 PM

As investigators sift through sealed documents and witness statements in a political corruption probe of Moreno Valley, the spotlight has flickered.

City Manager Henry Garcia's job is on the line.

The city council agenda for Tuesday, May 14, calls for Garcia's job performance to be discussed in closed session.

The dominoes may tumble quickly. Two items on the agenda include his possible discipline, dismissal or release, and, finally, the appointment of a city manager.

Garcia came to Moreno Valley in January 2011 from a top administrative post in Rialto for a salary and benefits package worth more than $400,000 per year. He could not be reached for comment Friday, May 10.

Moreno Valley City Hall is closed Fridays. Mayor Tom Owings also could not be reached. The recording on his phone said the mailbox was full and could not take messages.

Council on Richard Stewart said he spoke to Garcia late Thursday, May 9, and learned that shortly before City Hall closed that day, Owings had put closed-session consent on the agenda to review, monitor and replace Garcia.

Garcia's performance review had been delayed since February, Stewart said.

Stewart said Owings added the agenda items after meeting on hours testimony at the courthouse, before a federal grand jury probing political corruption in the city.

MORENO VALLEY: Kiss (of death) for city manager

Posted: [illegible]

Yo, understand Thursday night's production of the Mighty Moreno Council Players' latest side-splitting hit, "Destruction of the Moreno Valley Police Officers Association Finances." It's gonna rock!

Prelude: Police take a 1-sided accident involving a civilian.

Harold Duenas up to Tuesday night, when Moreno Mayor Tom Owings says City Manager Henry Garcia "deserves more respect, more appreciation, more [illegible]."

Duenas (Councilwoman Victoria Baca): "We very much appreciate your efforts as a role model."

As Tom Owen, Harold was out in left [illegible] Frank. Owings had a concealed [illegible] instead of a bullet in that package. In exchange for his support, Owings [illegible].

The curious and wicked overlaw of the city Garcia is just the latest installment in that fast-moving opera.

Tues., April 30: [illegible]

Wed., May 8: Owings crashes Wichi grand jury.

Thurs., May 9: Beating a 5-0 [illegible]. Owings [illegible] to follow. Duenas and Baca [illegible] to [illegible] against Garcia. Councilwoman Jeanne Stewart [illegible] Owings won't [illegible] because of [illegible] the mayor seemingly [illegible].

But Duenas [illegible] Garcia hooped [illegible] and [illegible], with [illegible] in the air. A press release [illegible] that very day, 14 days after a photo of Owings and Duenas shaking hands. You can't even see the knife.

Too bad Duenas's ally is doing a gong? The FBI raided every elected's house -- but not the city manager's. What did Owings learn at the April 30 joint session -- that Henry could sing? Did Henry put a Presto?

Also, don't be sure the city won't talk about it. Owings's good-bye package contains "no disparaging comments" clauses, suggesting both parties have plenty of dirt on each other. If "authorities" dig up anything, maybe they'll go public.

What are we to assume right now? The worst, unfortunately. No obvious good guys here. Just a cast of characters from the High School of Hard-ball. Fabulous council members bent on [illegible] only bringing thousands of jobs or a high-tolerance area to challenge a region with more expensive, fewer hurdle and cancer than it can handle.

MV00250471

Richard Stewart 460 Analysis

01/01/2008 06/30/2008

Shows cash balance increase of 417.64. Since there were no transactions, this should correspond exactly to the bank balance.

07/01/2008-12/31/2008

[illegible] Most increase in Cash of $580 due to the contribution box marked to the increase to cash box. States on Schedule A, Unknown error discovered over 1 year old. The only way this could happen is either intentionally failure to list a contribution or, somehow, failure to look at the bank statement when filling out the forms. Either way, it is a relatively large amount of money to be suddenly discovered after a year. His bank statements must have been showing $1062.64 if the statement is accurate. It is hard to state that kind of error, when there is no activity for 6 months.

01/01/2010-06/30/10

Another "suddenly discovered" error of $416.33. For all of 2008 he shows a cash on hand of $23.31. Again, did he fail to actually look at bank statements or what? For no activity, this is a lot of "errors".

07/01/2010-09/30/2010

Schedule A: $29.94 of an itemized monetary contributions of less than $200. That is a huge increase, not a good idea to accept from a campaign and is inconsistent with the type of campaign Stewart was running there wouldn't be no cash.

09/03/10 Donald Howard $260 checked OTH. How is this on "Other"?

08/26/10 Steve Hannon is not on "Other." $250

08/17/10 Nick Jones. Shows Calendar YTD of $250.00

Page 4 shows Nick Jones for $250, Page 5 shows Nick Jones for $250 and Page 7 shows Nick Jones for $250.00.

09/30/2010 Cash on hand $320.02

10/01/2010- 10/6/2010

Cash on Hand $583.00

Outstanding Debts $6000.00

10/27/2010-12/31/2010

[illegible] no contribution of what because of the $7082.78 Loan Balance but it was previously listed in the payments section where he paid $71 9552.56 although this is not clear.
