Good Morning Tom,

No apologies necessary! We will take care of this first thing Monday. We should have all the 700s electronically so it shouldn't be a big task. Will you want hard copies or just electronically?

We have a couple of items staff is working on for you. I'll find out what the status is and advise you.

Have a restful Sunday!

Jane

Subject: Adopted FY 2013/14 - 2014/15 Budget

Thank you everyone for your efforts on the budget this year.

Following the City Council's adoption of the FY 2013/14 – 2014/15 Budget, the adopted budget is now active in Logos. Subsequent budget amendments (e.g. Employee MOUs) are also currently being processed. When viewing any reports or inquiries in Logos, the system will now default to the new FY 13/14.

If you have not already submitted your Personnel Action Forms (PAF) to adjust staffing distribution to match the adopted budget, this information must be submitted to Human Resources by Monday July 8 with an effective date of July 6.

The final Adopted Budget Book will be made available for distribution (PDF and hard copy) by August 15.

If you have any questions, please feel free to contact me.

-Marshall

Subject: FW: Alex Capiz [redacted]

Tom:

A very frustrated Mr. Capiz and Mr. Julio came in this afternoon requesting to meet with you ASAP. Mr. Julio stated he would like for the Mayor to be aware of how difficult the process has been to secure the permit for the trash enclosure, and he is asking for your assistance to process the permit through staff. Mr. Julio stated he has already spent several thousand dollars on the project; the owner is getting anxious and is considering canceling his contract. He requested to meet with you ASAP.

When Mr. Capiz and Mr. Julio came in several weeks ago with the same question regarding the permit, John Terell assisted them at the counter.

Thanks,

Cindy

Subject: Alex Capiz [redacted]

Tom,

Mr. Capiz owns Interstate Concrete Cutting and Demolition. Mr. Capiz stated he has a contract with Lumber Liquidators on Day Street to demolish their trash enclosure so they can place it in a different area. He stated he received the job six months ago, and since then he has been having problems getting the permits he needs. He stated Lumber Liquidators wants to cancel the contract because it has taken so long to do the job. Mr. Capiz stated Lumber Liquidators' lease is almost up at the shopping center, and they are talking about moving to a different city due to the problems with obtaining permits. Please advise if you would like me to schedule this meeting; and if you do, do you want staff at the meeting, and who would you like to attend.

Subject: Update on TRIP Financing challenged by resident RAdene Heirs

Mayor, Mayor Pro Tem, and Members of the City Council: In January the City Council approved the sale of not more than $20 million in Certificates of Participation (COPs). The COPs, issued through California Communities Total Road Improvement Program (TRIP) Gas Tax Revenue financing, are the funding mechanism for the Nason Street widening project between Fir and Cactus. You may recall that the Council initially approved the City's participation in the TRIP financing program in July, 2012. However, based upon the threat of a legal challenge from resident Radene Heirs and the probability that Moreno Valley's participation in the TRIP process would hold up funding for other cities in the program, we withdrew from that action and have been defending and responding to Ms. Heirs' attempts to stop the TRIP financing program since that time.

The State Appellate Court has finalized the decision in the City's favor regarding resident Radene Heirs' challenge to the validation action as a step in the process to completing the Total Road Improvement Program (TRIP) financing. The opportunity to appeal to the State Supreme Court has passed and no appeal was made. The challenge has delayed the completion of the financing which is the funding mechanism for the widening of Nason Street between Cactus and Fir Streets. The widening project has continued, and the City will be reimbursed from the proceeds from the sale of Certificates of Participation for funds that the City advanced to keep this project moving forward.

The cost of defending the legal challenge to the validation action was about $60,000, not including staff time to prepare for and appear at several court hearings. This cost will be paid to legal counsel from the proceeds of the financing.

The financing team is now active. The TRIP financing will be based on Measure A revenues for lease payments on the COPs. Documents previously approved by City Council are sufficient to proceed with and complete the financing, there will be no further action planned by the City Council. Staff anticipates that the financing will be complete by the end of August 2013.

Please contact me if you have any questions regarding this issue.

Good afternoon Superintendent Young. As indicated in the attached letter, due to significant time constraints, Dr. White is withdrawing from the Mayor's Ad Hoc Committee on Increasing Graduation Rates (at least until next January). Will you please review Dr. White's suggestion below and let me know if you think her idea is acceptable?

As always, thanks so much for your interest and participation in this mutual effort.

Subject: Thought to consider

Michelle,
The success of this city and our school district is paramount to me. Additionally, I have progressed favorably on my journey because I have always kept my word unless there were explainable circumstances. I don't know the vision of the duration of the ad hoc committees but one way to approach it would be to have Kenn Young chair from July to January and I am still willing to serve January 2014 on going. He could have one of his staff members facilitate the vision and research. I would still be willing to present longitudinal data, our self assessment and steps taken to date. The ad-hoc committee could continue their work with a deeper analysis and preliminary recommendations.
Keep in mind that great schools in a great city are not an antecedent but a by product. The greatest predictor is the education of the parent. "Girl power" will find a way to address the time constraints and meet the goals. Let me know how I can still help within the parameters of the Districts current demands.

Our mission is to prepare all students academically and socially to become productive members of society

June 27, 2013

The Honorable Tom Owings
Mayor of Moreno Valley
City Hall
14177 Frederick Street
Moreno Valley, CA 92552

Date: July 1, 2013
From: Mayor Tom Owings
To: City Council Members
Michelle Dawson
Tom DeSantis

FYI

Dear Mayor Owings:

While it is the intent of the Moreno Valley Unified School District to collaborate with the City Council on mutually agreed topics, it is necessary for me to withdraw my participation on the Mayor's Ad Hoc Committee on Increasing Graduation Rates at this time. Due to three recent events including the declaration of a vacancy on the School Board, passage of the Governor's Local Control Funding Formula, and the decision of the Board to go after a General Obligation Bond, my time will be focused on these time sensitive issues. The Local Control Funding Formula, alone, requires an extensive plan.

My goal as Superintendent is to provide a world class education for each and every student in the Moreno Valley Unified School District. We have continued to set goals, meet state targets and improve the quality of education for the students. Our journey to improving graduation rates started upon the new administrative team's arrival in the Spring of 2011. Since that time we have offered additional credit recovery opportunities including online, before-school, and after-school sessions. Each high school principal was required to submit a graduation plan of action that addresses the needs of their students, and a monitoring system was put into place. Growth in the AVID and Career Technical Education programs is a significant contributor to academic progress and college readiness. Over 1,000 additional students are scheduled to participate in AVID in 2013 as compared to Fall of 2011. Moreno Valley Unified School District graduating seniors of 2013 have received more than 4 million dollars in scholarships and grants.

I thank you for the invitation to serve on your committee; however, I will not be able to participate in 2013. Should you decide to delay the committee I would be available after January of 2014. As a District, we will continue to aggressively accelerate the educational experiences for our students as evidenced by continued improvement on test scores, graduation rates, college going rates and dropout rates.

Sincerely,

Judy D. White

Judy D. White, Ed.D.

Resolution Date/Time:	7/8/2013 12:00:00 AM
Taken By:	Juliene Clay
	Reporting Party Information
Name:	Dennis LaMont
Address:	34850 Gilman Springs Rd
City/ST/Zip:	Moreno Valley CA 92555
Hm Phone	[redacted]
Wk Phone:	
Cell Phone:	
Email:	
	Case Location Information
Property Owner Name:	LaMont
Address:	34850 Gilman Springs Rd
Cross Street Info:	
Parcel # (if available):	
	Resolution Information
	Response from Eric Lewis, City Traffic Engineer - Staff discussed the Gilman Springs reconstruction project with Mr. LaMont in detail. The project will address his concerns for improved roadway safety through the addition of a left turn pocket at Alessandro Boulevard, centerline and shoulder rumble strips, increased paved shoulder width, and realignment of three existing curves. Mr. LaMont was satisfied that the project is moving forward to construction and was appreciative of staff's effort to respond to his concerns. Mr. LaMont also voiced concern about the current roadway condition and what will be done prior to the start of the project. Staff confirmed with maintenance staff from both the County and City that they are actively monitoring the roadway for potholes / debris and providing temporary repairs as needed. This effort will continue until the start of the project and the closure of the roadway. Staff left a voicemail with the update on the maintenance activities.
	Case Information
Issue Category:	Capital Projects
Issue:	**Street Improvement Program (SIP)**
Council District:	

City of Moreno Valley

Council Summary

Issue Description:	Please investigate Mr. Gilman's concerns on behalf of Mayor Owings, and advise Mr. LaMont of the outcome. ***** Mr. LaMont stated on Gilman Springs Road there are potholes, pieces of pavement missing, debris, and no shoulder. He stated there are many accidents on this road including where there is no left hand turn lane to proceed to Alessandro. He stated he talked to Public Works, and he was told by Capital Projects there was a contract to fix the street, but the contract was cancelled. He stated there is a new contract, and work is scheduled to begin September 1, 2013, but he was given no end date. Mr. LaMont stated he was given the name of Cesar Tolentino (951.955.1520) to contact as his crew will be doing the road work. Mr. LaMont stated he wants to know what the City is going to do in the meantime prior to the work being started to protect cars, people and to avoid accidents. Mr. LaMont stated he is concerned about everyone's safety.

CITY CLERK
MORENO VALLEY
RECEIVED
13 JAN 25 PM 7:50

NOTICE OF INTENTION TO CIRCULATE RECALL PETITION

TO THE HONORABLE RICHARD STEWART: Pursuant to Section 11020, California Elections Code, the undersigned registered qualified voters of The City of Moreno Valley, Council District Two, in the State of California, hereby give notice that we are the proponents of a recall petition and that we intend to seek your recall and removal from the office of City Council Member Council District Two, in the City of Moreno Valley, California, and to demand election of a successor in that office. The grounds for the recall are as follows:

- Richard Stewart was elected over 22 years ago and as Mayor presided over the waste of million for "pet" projects. Stewart is responsible for record budget deficits of over $40,000,000 despite huge increases in Utility Taxes.
- Stewart is responsible for record unemployment in Moreno Valley. His failure to reach consensus with fellow councilmembers on how to foster the creation of well-paying jobs in targeted industries has caused thousands of unemployed Moreno Valley residents to suffer needlessly.
- Stewart is guilty of willful dereliction of duty. Stewart presided over the misuse of city funds on projects such as the 60 Freeway Bridge at Nason, the Sunnymead Blvd Improvement Project and the Nason Street Improvement Project. As a result of his negligence, the City is being asked to reimburse the State for over $30, 000,000 of improperly used funds and pay hundreds of thousands in penalties to the IRS.
- Stewart's actions and failures to act, have propelled the City of Moreno Valley to the edge of bankruptcy and have led to massive reductions in City services and police and fire personnel, causing an increase in crime rates, businesses leaving the City and contributed to overall blight within the City.

The printed names, signature, and residence addresses of the proponents are as follows:

	NAME	ADDRESS	SIGNATURE
1.	Eddy Parker	23223 Harland Dr. Moreno Valley, Ca. 92557	[redacted]

NOTICE OF INTENTION TO CIRCULATE RECALL PETITION

TO THE HONORABLE RICHARD STEWART: Pursuant to Section 11020, California Elections Code, the undersigned registered qualified voters of The City of Moreno Valley, Council District Two, in the State of California, hereby give notice that we are the proponents of a recall petition and that we intend to seek your recall and removal from the office of City Council Member Council District Two, in the City of Moreno Valley, California, and to demand election of a successor in that office. The grounds for the recall are as follows:

- Richard Stewart was elected over 22 years ago and as Mayor presided over the waste of million for "pet" projects. Stewart is responsible for record budget deficits of over $40,000,000 despite huge increases in Utility Taxes.
- Stewart *is* responsible for record unemployment in Moreno Valley. His failure to reach consensus with fellow councilmembers on how to foster the creation of well-paying jobs in targeted industries has caused thousands of unemployed Moreno Valley residents to suffer needlessly.
- Stewart is guilty of willful dereliction of duty. Stewart presided over the misuse of city funds on projects such as the 60 Freeway Bridge at Nason, the Sunnymead Blvd Improvement Project and the Nason Street Improvement Project. As a result of his negligence, the City is being asked to reimburse the State for over $30, 000,000 of improperly used funds and pay hundreds of thousands in penalties to the IRS.
- Stewart's actions and failures to act, have propelled the City of Moreno Valley to the edge of bankruptcy and have led to massive reductions in City services and police and fire personnel, causing an increase in crime rates, businesses leaving the City and contributed to overall blight within the City.

The printed names, signature, and residence addresses of the proponents are as follows:

	Resolution Information

Chief Ontiveros responded on July 8, 2013.

Please let Mr. Molina know that Mr. Sabel has filed several complaints against officers for these same issues. Those complaints have been or are being investigated according to the policies of the Riverside County Sheriff's Department.

Several complaints were investigated by Lieutenant Ford and were found to be completely unfounded. Mr. Sabel is now attempting to use CM Molina to champion his cause. He has already been notified that many of his complaints were unfounded, and I am sure he is not happy about that.

Our investigations thus far have demonstrated that Mr. Sabel consumes more police services than any other resident in his area. We have also determined the service we have provided Mr. Sabel has been appropriate in each case.

Mr. Sabel currently faces serious criminal charges filed against him by my officers. The allegation made by a neighbor is Mr. Sabel attacked him with a deadly weapon. Mr. Sabel was arrested and booked for this alleged felony criminal act. The victim had an injury consistent with the alleged attack, and the history between these two people is well documented.

Mr. Sabel's credibility is very much in question and CM Molina should be made aware of that.

Please reassure CM Molina that Mr. Sabel's allegations are being handled via the Internal Affairs process, and this CRM is neither necessary nor appropriate. Please remind the CM the information contained in this response is for his edification only and should not be shared with Mr. Sabel.

Case Information

Issue Category: Police Adminstration

Issue: **Other**

Council District: 1

City of Moreno Valley

Council Summary

Issue Description:	Please investigate Mr. Sabel's concerns on behalf of Council Member Molina and advise Mr. Sabel of the outcome. ***** Mr. Sabel called stating that MVPD has not done anything regarding the 18 calls made in that last six or seven months, and sometime the officers don't even respond. He stated he has provided videos from his computer surveillance at home and still no arrests have been made. He also stated one of the incidents that took place was due to his dogs being stabbed, which he stated he also provided evidence to the officers showing eight of the criminals, and PD let them go. He stated he found out recently one of the officers he had a lawsuit against 16 years ago is now back at the Moreno Valley Police Department (Lt. Ditton), and he is the one preventing any assistance for he and his neighbors to get justice. Mr. Sabel stated he is tired of the MVPD's lack of Justice and the continuing harassment he received from the criminals standing out in front of his home with weapons (such as bats) trying to intimidate him to stop being a nark.

Tom:

Attached is a list of Moreno Valley churches that have showed an interest in participating in city events and/or the invocation program.

Churches are required to secure a business license. If you would like, I could request a list of these churches.

Thanks,

Cindy

Hi Cindy
Can I talk you into getting me a list of MV churches and if possible their service times?

Sent from my iPad

CONSENT CALENDAR

Item #	Comments
9A	**Fiscal Years 2014-18 Measure A 5-YR CIP** – staff recommends supporting this action. Provides for Moreno Valley to carry out intended 5 year CIP and certifies our MOE requirement.
9B	**2009 Measure A MOE for City of Wildomar** – staff recommends supporting this action. No impact to Moreno Valley.
9C	**Amendment to Agreement with CH2M Hill for SR79 Realignment Project** – staff recommends supporting this action. No impact to Moreno Valley and provides for approval of this regionally significant project and completion of the Environmental Phase of work.
9D	**FY 2013/14 SB 821 Bicycle and Pedestrian Facilities Program Funding Recommendations** - staff recommends supporting this action. Action will provide $250K of Grant Funding for Moreno Valley Projects.
9E	**FY 2013/14 Measure A Commuter Assistance Buspool Subsidy Funding Continuation Requests** - staff recommends supporting this action. No impact to Moreno Valley and encourages reduction of single occupant auto trips in the region.
9F	**Auto Center Drive Signal Project** - staff recommends supporting this action. No impact to Moreno Valley and will improve safety at the West Corona Station.

Notes: _____

_____

DISCUSSION CALENDAR

Item #	Comments
6	**Public Hearing – Adoption of Resolutions of Necessity for SR91 Corridor Improvement Project -** staff recommends supporting these actions. The actions support the widening of the SR91 corridor in Corona which will provide a regional benefit for Riverside County including Moreno Valley residents that commute / travel through the area.
10	**Western Riverside County Multiple Species Habitat Conservation Plan – Benefits / Obligations** – Receive and file. Item provides for an update on the Western Riverside County Multiple Species Habitat Conservation Plan (MSHCP) of which Moreno Valley is a participant.

Subject: FW: Freeway Closure

Cindy,

Please see the attached document and email below from Alia advising of the closure of SB 215 in the City of Perris. This closure will result in significant traffic delays to the area freeways and adjacent streets within and around the City of Moreno Valley.

Thanks,

Abdul R. Ahmad
Division Chief

Subject: Freeway Closure

Chief-

For the next 24 hours, Southbound I 215 between Nuevo Road and 4th Street in the Perris area will be closed as a result of an earlier morning traffic collision. This closure will cause delays to and from the City of Moreno Valley and may also cause heavy traffic within the City.

Please see the attachment for further information provided by CalTrans or visit the California Highway Patrol at www.chp.ca.gov for updates.

Thank you,

Alia Rodriguez
Emergency Management Program Manager

CALTRANS COMMUTER ALERT

13-176

Date: Tuesday, July 9, 2013
District: 8 – San Bernardino
Contact: Terri Kasinga
Phone: [redacted]

WHAT: **BRIDGE HIT BY BIG RIG**

WHEN: **TUESDAY, JULY 9, 2013 (1000)**

WHERE: **SOUTHBOUND INTERSTATE 215 AT PERRIS BLVD.**

Caltrans District 8 is alerting motorists that at approximately 7:30 a.m. today, July 9, a big rig hit the false work at the Perris Blvd. overpass on southbound Interstate 215 (I-215). The bridge is currently under construction with Riverside County Transportation Commission (RCTC), however Caltrans is the oversight agency for the project.

As a result all southbound lanes will remain closed for at least 24 hours due to damage to the false work, which will have to be removed and rebuilt.

Once more information is available it will be released.

At this time motorists are advised to avoid southbound I-215 and plan an alternate route. State Route 74 (Ramona Expressway) is available from I-15 in Corona and will bypass the closure. Using Van Buren or Central to Alessandro detours from SR 91will not bypass the closure limits.

Police activity has closed State Routes 18 (front and backside), 3 30, 38 until further notice. SR-138 has reopened east of I-15 toward Silverwood after being closed earlier this afternoon.

Follow updates on this incident at:

Subject: Land Development Moving to Public Works

The Land Development Division will now be under the direction of the Public Works Department. The Division was placed under the direction of the Community & Economic Development Department in 2011 so that projects would move through the development process (from economic development through the permit and approval process) within one department. We are making the change because the engineering services provided by the Land Development team are appropriately supervised by the Public Works Director/City Engineer. Additionally, the level of cooperation and coordination among our current staff is such that I'm confident that reporting to different managers won't negatively impact our level of customer care. The move is effective immediately.

CITY OF MORENO VALLEY
NOTICE OF BOARD AND COMMISSION OPENINGS

NOTICE IS HEREBY GIVEN that the City of Moreno Valley is now accepting applications for various City Council advisory boards and commissions. The appointees shall be bona fide residents of the City of Moreno Valley at the time of appointment and throughout their incumbencies and will serve without compensation for designated terms. In addition, the appointees shall attend at least one meeting prior to the appointment (This requirement does not apply to the Accessibility Appeals Board).

ACCESSIBILITY APPEALS BOARD
2 terms – June 30, 2016
Physically Challenged Representative

ARTS COMMISSION
1 term – June 30, 2016
The appointment to the Arts Commission will be made by the City Council
Interviews may be conducted with selected applicants.

ENVIRONMENTAL AND HISTORICAL PRESERVATION BOARD
3 terms – June 30, 2016

LIBRARY COMMISSION
2 terms – June 30, 2016
The appointments to the Library Commission will be made by the City Council
Interviews may be conducted with selected applicants.

PARKS AND RECREATION COMMISSION
3 terms – June 30, 2016

RECREATIONAL TRAILS BOARD
3 terms – June 30, 2016

SENIOR CITIZENS' BOARD
3 terms – June 30, 2016

TRAFFIC SAFETY COMMISSION
2 terms – June 30, 2016

The Accessibility Appeals Board shall conduct hearings on written appeals regarding Title 24 accessibility issues brought by any person aggrieved by enforcement action taken by the Building Division of the Community Development Department of the City of Moreno Valley, and render decisions regarding accessibility "hardship"

cases as prescribed by the State's Title 24 Accessibility Regulations. Hearings shall be held within 30 days of receipt of an appeal.

The Arts Commission considers matters pertaining to the planning for the arts in the City; facilitating interaction among artists; promoting arts activities and education; researching grants for arts and culture and making recommendations for the City Council; encouraging service organizations and/or other governmental agencies to propose, finance, and give public arts projects to the City. Meetings are scheduled on the fourth Thursday of each month at 6:00 p.m., Conference and Recreation Center, 14075 Frederick Street.

The Environmental and Historical Preservation Board considers matters pertaining to the preservation of the City's heritage and cultures, including the designation of landmarks and review of all restoration, rehabilitation, alteration and demolition projects in preservation areas; and matters of environmental concern, including matters pertaining to hazardous materials and waste within or affecting the City. Meetings are scheduled on the second Monday of each odd-numbered month at 7 p.m., City Hall - Council Chamber, 14177 Frederick St.

The Library Commission considers all matters pertaining to the administration, operation, development, improvement and maintenance of library services within the City of Moreno Valley. Meetings are scheduled on the third Thursday of each month at 7:00 p.m. Meeting location: Moreno Valley Public Library, 25480 Alessandro Blvd.

The Parks and Recreation Commission considers matters pertaining to the administration, operation, development, improvement and maintenance of parks, recreation facilities, and parks and recreation programs within the City. Meetings are scheduled on the second Thursday of each odd-numbered month at 6:00 p.m., Conference and Recreation Center, 14075 Frederick Street.

The Recreational Trails Board considers matters pertaining to single-use and multi-use recreational trails, including bicycle, jogging and equestrian trails within or affecting the City. Meetings are scheduled on the fourth Wednesday of each odd-numbered month at 5 p.m., Senior Community Center, 25075 Fir Avenue.

The Senior Citizens' Board considers matters pertaining to senior citizens, senior citizens programs, including policies for the Moreno Valley Senior Community Center. Meetings are scheduled on the third Monday of each month at 3 p.m., Senior Community Center, 25075 Fir Ave.

The Traffic Safety Commission considers matters pertaining to traffic safety within the City; evaluates proposals for traffic control devices; and evaluates the need for striping, signing or other measures not of a regulatory nature. The Commission educates the public on traffic issues and responds to public concerns regarding traffic and pedestrian safety. Meetings are scheduled on the first Wednesday of each month at 6:00 p.m., City Hall - Council Chamber, 14177 Frederick St.

The City Council encourages residents to apply for these positions. Applications are available at the City Clerk's Department, located at 14177 Frederick St., Moreno Valley, California, during regular business hours (7:30 a.m. to 5:30 p.m., Monday through Thursday). For further information, please call 951.413.3001.

Applications must be received in the City Clerk's Department no later than 5:30 p.m., Thursday, August 1, 2013.

Subject: National Night Out - August 6

Please advise if you are interested in attending any of the National Night Out events being held in our local neighborhoods. The following locations have been confirmed:

National Night Out
6-9:30 p.m., Tuesday, August 6

El Sorrento Park
23820 Ironwood Ave. (District 2)

Honey Hollow School
Swan X Honey Hollow
(Along the northeast fence line) (District 2)

16359 Abedul St., Moreno Valley (District 4)

24707 Conley Court, Moreno Valley (District 1)

Services Unit (MVPD-CSU) announcing the City of Moreno Valley's 30th Annual National Night Out on August 6, 2013. The Moreno Valley Police Department will be visiting a number of neighborhoods from 6:00 p.m. to 9:30 p.m. The event, sponsored locally by the Moreno Valley Police Department and nationwide by the National Association of Town Watch, will involve more than 15,000 communities from 50 states. The event is designed to generate support for anti-crime programs such as Neighborhood Watch, while heightening gang and drug prevention awareness.

Thanks,

Cindy

Attachments:	2013 press release.doc1A.doc; THIWmission2013revised(2) (1).docx1a.docx

Please advise if you are interested in attending the grand opening

The Hole In Wall: Recovery Center Grand Opening
Noon-2 p.m., Thursday, August 8
24187 Postal Ave. (District 1)

The Hole In Wall Inc. (THIW), a not-for-profit organization of men and women joining forces for a common purpose, first open up its doors allowing for a drug-free, clean and safe 12-Step meeting facility in our community. We are proud to announce our official grand opening celebration event which will take place August 8th 2013 from 12:00pm to 2:00pm at 24187 Postal Avenue, Moreno Valley, CA 92553.

The Hole In Wall Inc. is opening as an expansion for two new meeting places, which previously included the Moreno Valley Alano club. This new location will provide a place where families and members of the community can participate in social events in a drug free and safe environment, seven days a week.

The Hole in Wall Inc. is looking to partner with the City of Moreno Valley in the next phase of development, including to add a drop-in center and day care facility for the homeless, those afflicted by drug abuse and formerly incarcerated individuals, by providing counseling and case management to help them overcome obstacles that prevent them from accessing resources.

For more information, please contact Benjamin Shuler at 951-202-1742.

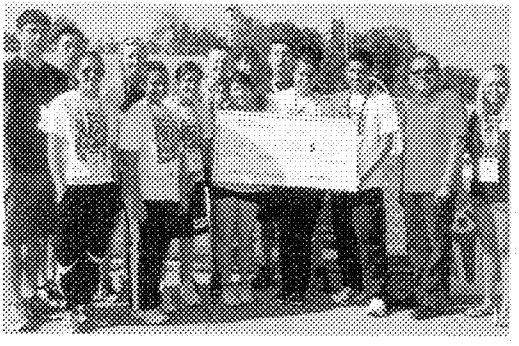
Ramona Habitat Chapter's Lap-a-thon for the State Farm Matching Grant

The **Ramona Campus Chapter** students organized a Lap-a-Thon on March 23rd to raise funds for their **State Farm Matching Grant**. Over 60 students registered for the event. On early Saturday morning on March 23rd students arrived with high spirits and ready to run, jog, and walk for their pledges. Friends and family sat in the stands to cheer the students on as they ran around Ramona's football field. Volunteers recorded on students badges to keep track of laps ran alongside them and gave high five's for an extra boost of motivation. During the hour long event it was amazing to see some of the students running non -stop and others continue to their trek long after their pledges were met. When the event ended the students congratulated each other over mini muffins and orange slices while proudly announcing their number of laps and how they met their personal goal.

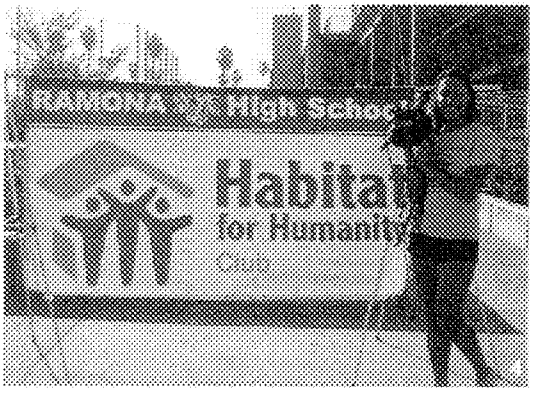
The **Ramona Habitat for Humanity Campus Chapter** received a **$2,000 State Farm Matching Grant** with an additional $1,000 bonus once the chapter raised its share to bring the total funding to $5,000. The Ramona Chapter donated the funds to Habitat for Humanity Riverside's A Brush with Kindness Program to help revitalize homes in the Ramona community. With Habitat Riverside's guidance, Ramona students are responsible for selecting the family and will spend Saturdays volunteering with Habitat in revitalizing their selected homes.

The goal was to raise $2,000 in Lap-a-Thon pledges, but these Ramona High School students far exceeded our expectations. The **Ramona Habitat for Humanity Campus Chapter** not only met their goal in pledges but showed their dedication, spirit, pride and civic responsibility to their community. It was a great joy to see these students accomplish their goals in creating a beautiful community.



1. Ramona High School's Habitat Chapter took a group picture after exceeding their goal in raising $5,000!

2. Ramona High School student's never gave up as they ran along the track.



3. These students were determined in keeping their pledges as they jogged over and over again!

4. Former Ramona Habitat member, Brittney New, comes back to film the event!

NOTICE OF INTENTION TO CIRCULATE RECALL PETITION

TO THE HONORABLE THOMAS OWINGS: Pursuant to Section 11020, California Elections Code, the undersigned registered qualified voters of The City of Moreno Valley, Council District Three, in the State of California, hereby give notice that we are the proponents of a recall petition and that we intend to seek your recall and removal from the office of City Council Member Council District Three, for the City of Moreno Valley, California, and to demand election of a successor in that office.

The grounds for the recall are as follows:

You have failed to meet the expectations of the electorate and have brought shame and embarrassment upon our City.

The printed names of the proponents are as follows:

Alicia Espinoza, Jose Luis Espinoza, Maria Elena Encinas, Lisa Encinas, Carolina B. Diaz-Ramos, Roberto A. Velasco, Lindsay J. Robinson, Byron R. Johnson, Barbara Jean Johnson, Lauretta Jean Phillips, Mary Kimbertin, Darrin Hammond, Joe Brobowsky, Joan Givens, Craig Givens, Linda Gilbert-Williams, Masha S. Locke, Kyle Kollar, Janice Balbier, Terri Hall, Michael Mandelbaum, Tracy Mandelbaum, Jesus Ramos, Roberto Benavidez.

A copy of this notice and proof of service will be filed with the City Clerk for the City of Moreno Valley.

Subject: Frank Lawton [redacted]

Tom,

Mr. Lawton resides at 29163 Stevens Avenue. Mr. Lawton stated he would like to speak to you about Redlands Blvd. from Dracaea north to the 60. He stated there was a piece of broken tar that was tarred over. I asked to transfer him to Public Works, but he stated he had already talked to them, and a Supervisor came out to look at it, and a couple of holes were patched. I will place this in a CRM to get some background information.

Subject: RE: Notice of Publication

Hi Tom,

Sorry for the delay in response I was getting a new printer. :)

The NOI doesn't require the Response to be published, but it requires the Response to be included in the Petition Form. Yes, you are correct that there are some discrepancies in the publication. I will consult with our CA on these issues.

Jane

Subject: Notice of Publication

Hi Jane,

If I have the complete Notice of Publication and I interpret sections 11020-11024 of the election code I believe the notice maybe insufficient in that it does not include my response to the notice of intention to recall. There are also discrepancies in the published names i.e.,

Graig Givens vs Craig R. Givens
Loretta Jean Philips vs Loretta Philips

Let me know your thoughts...

Tom

Subject: City Council - SIRE Voting Board System Training

During Council recess the MVTV-3 Broadcast Equipment will be upgraded in the Council Chamber. The SIRE Voting Board System will be configured and set-up during the upgrade. Training of the Council Members for the voting system with SIRE/Hyland has been scheduled for 4-5 p.m., Tuesday, August 27, and will include a mock council meeting.

Thanks,

Cindy

Attachments: 07 09 13 Action Summary.doc

Honorable Mayor, MPT and Members of City Council-

Regarding the action taken on Item G.2 yesterday evening, and as a point of clarification to "maintaining the current level of crossing guard service", as you are aware, effective, Val Verde Unified School District had previously made an independent decision to manage their crossing guard program at their four Moreno Valley school locations by their internal staff. This will be effective the beginning of new school year in latter part of August. As such, the four guards we currently have assigned to these locations may be transferred to the pool of alternate guards we have for MVUSD locations. Alternate guards perform work only when they are needed at a location due to absence of regular guards. VVUSD indicated that the four guards may apply for crossing guard positions with the district should they choose so.

If you have any questions, please feel free to contact me.

Thank you,

Ahmad R. Ansari, P.E.

Subject: Trash Enclosure Project on Day St

Dear Ms. Rosen,

I am writing in regard to a Trash Enclosure replacement project located on Day St, in the City of Moreno Valley. As you may be aware, the project has experienced delays in the approval process/

Moments ago, Julio Soto Sr., of Interstate Concrete Cutting, met with Mayor Tom Owings, Community & Economic Development Director John Terell and myself regarding delays he has encountered in obtaining approvals required to proceed with demolition and construction on your site.

In reviewing this situation, we have determined that the delays have been caused by the City and its consultants…and not by Interstate Concrete Cutting. In fact, Mr. Soto has submitted information as requested and has done everything in his power to obtain timely approvals so that he can complete this project for you.

We sincerely apologize for the delays caused by the City's current project review processes. While we are currently re-engineering these processes to be more responsive to the development community, we have also assigned staff to work directly with Mr. Soto to ensure that this project is processed swiftly and completely.

Thank you for your understanding in this matter. Please do not hesitate to contact me if I can provide further information or assistance.

Respectfully,

Tom

CITY CLERK
MORENO VALLEY
RECEIVED
13 JUL 11 AM 11:05

PETITION FOR RECALL

TO THE HONORABLE COUNCIL, of the CITY of MORENO VALLEY

Pursuant to the California Constitution and California election laws, we the undersigned registered and qualified electors of the Fourth Council District, of the City of Moreno Valley, County of Riverside, California, respectfully state that we seek the recall and removal of Marcelo Co, holding the office of Councilmember for the Fourth Council District, of the City Moreno Valley, in the County of Riverside, California.

We demand an election of a successor to that office.

The following Notice of Intention to Circulate Recall Petition was served on the Twenty Fifth Day of June, 2013 to Marcelo Co.

NOTICE OF INTENTION TO CIRCULATE RECALL PETITION

TO THE HONORABLE Marcelo Co: Pursuant to Section 11020, California Elections Code, the undersigned registered qualified voters of The City of Moreno Valley, Council District Four, in the State of California, hereby give notice that we are the proponents of a recall petition and that we intend to seek your recall and removal from the office of City Council Member Council District Four, for the City of Moreno Valley, California, and to demand election of a successor in that office.

The grounds for the recall are as follows:

You have failed to meet the expectations of the electorate and have brought shame and embarrassment upon our City.

The printed names of the proponents are as follows: Aja Smith, Debra Smith, Deanna Reeder, Samantha Carbajal, Adam Carbajal, Kenneth Bell, Radene Ramos Hiers, Carri Ann Arrieta, John Arrieta, Nina Ramos Hiers.

The answer of the officer sought to be recalled is as follows:

DONT SIGN THE RECALL PETITION. This unethical lynch mob mentality has to stop. Recalls should not be used as a political tactic and are only appropriate for official misconduct. Although I've made tough and sometimes unpopular decisions that's not a reason to remove me from office.

Don't let the backers of this hate-driven bigoted assault on me get away with saying anything and do anything without any facts. They don't care that it will cost taxpayers hundreds of thousands!

Now that we finally have a working majority on the council things are getting done and I've been able to keep my promises to create new jobs, balance the budget, and bring common sense back to City Hall.

DON'T LET THESE GADFLY'S HIJACK MORENO VALLEY. I stood up for you against the old boys club who ran our City into the ground. Now they are out of power and want back in and are being helped by a group of ANTIJOB environmental zealots that will stop at nothing to stop job creation.

THIS CHAOS MUST STOP. If asked to sign the costly and dishonest recall petition – REFUSE TO SIGN!

PETITION FOR RECALL

TO THE HONORABLE COUNCIL, of the CITY of MORENO VALLEY.

Pursuant to the California Constitution and California election laws, we the undersigned registered and qualified electors of the First Council District, of the City of Moreno Valley, County of Riverside, California, respectfully state that we seek the recall and removal of Jesse Molina, holding the office of Councilmember for the First Council District, of the City Moreno Valley, in the County of Riverside, California.

We demand an election of a successor to that office.

The following Notice of Intention to Circulate Recall Petition was served on the Twenty Fifth of June, 2013 to Jesse Molina.

NOTICE OF INTENTION TO CIRCULATE RECALL PETITION

TO THE HONORABLE Jesse Molina: Pursuant to Section 11020, California Elections Code, the undersigned registered qualified voters of The City of Moreno Valley, Council District One, in the State of California, hereby give notice that we are the proponents of a recall petition and that we intend to seek your recall and removal from the office of City Council Member Council District One, for the City of Moreno Valley, California, and to demand election of a successor in that office.

The grounds for the recall are as follows:

You have failed to meet the expectations of the electorate and have brought shame and embarrassment upon our City.

The printed names of the proponents are as follows: Felicia Gardner, Nina Gardner, Penny L. Gardner, Curtis Gardner, Carolyn Gardner, Gregenia L. Yanez, Pauline Rojas, Angel Urvea, Eva Aparicio, Jayson Guerrero

The answer of the officer sought to be recalled is as follows:

DON'T SIGN THIS PETITION. There are NO valid reasons for this recall. I was elected in November with over 56% of the vote in a three-way race. Nothing has happened since the November election to justify my recall.

The ANTI-JOB recall supporters' unfounded allegations are shameful and will harm our City's progress.

We've never been in a situation like this before where you can say anything, do anything, have NO facts, No research, NO nothing, and you can launch a hate-driven bigoted assault on a duly elected City Councilmember.

I humbly ask that members of every community say 'NO MORE' together. I love this city with every part of my being and I will continue to stay focused on building a better Moreno Valley.

JUST SAY NO TO SMEAR TACTICS!! No city council member should ever be afraid of making unpopular decisions due to threats of being recalled.

STAND BESIDE ME AND REFUSE TO SIGN this recall petition and demand it's crazy supporters to STOP THIS INSANE RECALL because it is the only fair thing to do.

I humbly ask that members of every community say "NO MORE" together. I love this city with every part of my being and I will continue to stay focused on building a better Moreno Valley.

JUST SAY NO TO SMEAR TACTICS!! No city council member should ever be afraid of making unpopular decisions due to threats of being recalled.

STAND BESIDE ME AND REFUSE TO SIGN this recall petition and demand it's crazy supporters to STOP THIS INSANE RECALL because it is the only fair thing to do.

Jesse L. Molina
City Councilmember District One

Each of the undersigned states for himself/herself that he or she is a registered and qualified elector of the First Council District of the City of Moreno Valley, County of Riverside, California.

PETITION FOR RECALL

TO THE HONORABLE COUNCIL, of the CITY of MORENO VALLEY
Pursuant to the California Constitution and California Election Laws, we the undersigned registered and qualified electors of the Second Council District, of Moreno Valley, California respectfully state that we seek the recall and removal of Richard A. Stewart, holding the office of Councilmember for the Second District, of the City Moreno Valley, in the County of Riverside, California.
We demand an election of a successor to that office.

The following Notice of Intention to Circulate Recall Petition was served on the Twenty Fifth Day of June, 2013 to Richard A. Stewart.

NOTICE OF INTENTION TO CIRCULATE RECALL PETITION

TO THE HONORABLE RICHARD A. STEWART: Pursuant to Section 11020, California Elections Code, the undersigned registered qualified voters of The City of Moreno Valley, Council District Two, in the State of California, hereby give notice that we are the proponents of a recall petition and that we are the proponents of a recall petition and that we intend to seek your recall and removal from the office of City Council Member Council District Two, for the City of Moreno Valley, California, and to demand election of a successor in that office.

The grounds for the recall are as follows:

You have failed to meet the expectations of the electorate and have brought shame and embarrassment upon our City.

The answer of the officer sought to be called is as follows:

For 32 years I served our nation as an officer in the U.S. Air Force. For 20 years I served Moreno Valley as a reserve Deputy Sheriff, and have served 22 years as your city councilmember.

I have never been accused of or charged with any crime.

In recent months I have been cooperating with the FBI and District Attorney in a corruption investigation of Moreno Valley City Hall.

After search warrants were served on my fellow council members and developer Ido Benzeevi, I was targeted for recall.

I believe this recall effort is a blatant attempt to harm my reputation and my credibility as a witness for the prosecution in any criminal case that may arise from this investigation.

I have always fought hard for public safety, more fire stations, a new police station, fire paramedics, more POLICE officers, speed bumps, a successful ANTI GRAFFITI program, and anti-burglary and anti-gang teams.

I always listen to YOU, we've accomplished: Widening of Pigeon Pas, new traffic signals, new retail stores and restaurants, including Outback restaurant, BJ Brewhouse, Mimi's, Applebee's and the new TJ Maxx store, etc.

I will work hard for YOU in my final year in Office!

Richard A. Stewart
City Councilmember District Two

Subject: City Manager's Op-Ed Regarding MVPD Budget & Staffing
Attachments: P-E Views Moreno Valley Proud of Our PD.pdf

Honorable Mayor and City Council,

Michelle Dawson has submitted the enclosed Op-Ed piece to the Press-Enterprise, in response to a recent statement issued by the Riverside County Sheriff's Department regarding Police staffing levels in our City.

The P-E has scheduled this piece to appear in Sunday's newspaper.

Respectfully,

Tom

Thomas M. DeSantis
Assistant City Manager
City of Moreno Valley
[redacted]

Moreno Valley: Proud of our Police Department

By Michelle Dawson

As the largest city served by the Riverside County Sheriff's Department, Moreno Valley is proud to be a public safety partner with Sheriff Stan Sniff, Deputy Chief John Anderson, Police Chief Joel Ontiveros and all of the dedicated men and women who serve as the Moreno Valley Police Department. We appreciate the positive attitude expressed by the department in keeping residents safe (June 29th P-E article *"Police Department to be Cut by 19 Percent"*) despite ongoing fiscal challenges including a slower-than-anticipated recovery from the recession, slow (2% per year) growth in General Fund revenues, and rising (5% per year) contract costs for law enforcement services provided by the County.

Chief Ontiveros, and Chief Anderson before him, have been budget conscious team members who keep a watchful eye on Police Department expenditures and identify savings whenever possible. Both the City and the Sheriff's Department are between the proverbial rock and a hard place: costs for law enforcement services are controlled by the Board of Supervisors and not the Sheriff or the City.

Given that reality, Moreno Valley determined that we cannot afford the latest rate increases, and had no choice but to adjust the levels of law enforcement service to meet available funds. Our preference, and certainly that of our residents, would be to reduce costs elsewhere in the City budget. The fact is that we have done so: over the past 5 Fiscal Years, the City's *non-public safety General Fund expenditures have decreased 44%;* during that same period, our General Fund expenditures for *police services have increased by 16%.*

In Fiscal Year 2007/08 Moreno Valley spent 38% of our General Fund budget for Police services; this year, police costs consume over 49% of our General Fund. We have been advised to expect 5% annual cost increases in upcoming years. By next July, costs for Police services would increase by nearly $1.7 million. *If the City Council dedicates every dollar of next year's projected revenue growth to the police contract, the amount still would not cover half of increased law enforcement costs.*

These are the economic realities that affected this year's City budget. A positive result is that, for the first time since 2008, the City's General Fund budget *is fully balanced without the use of reserves*. Some might prefer that the City used reserves to cover the $8.3 million structural deficit budget rather than reduce public safety services. But doing so would have exhausted the City's financial reserves…and only postponed these unavoidable reductions to law enforcement spending. The City's General Fund reserves have been reduced from a high of almost $40 million in 2007 to just over $20 million currently. If we used reserves to cover the $8.3 million deficit, at this rate we will have exhausted our savings in less than two years.

We are also fortunate to have law enforcement partners who value the operational efficiencies available through technology and innovation. Last year the Moreno Valley City Council approved the police department's request for a citywide camera program to deter crime on our streets and in our community parks, while giving our police an important tool to prosecute those who commit criminal acts. This $2 million investment is already proving its worth in helping to solve several recent high profile crimes - - and it isn't yet fully operational.

We thank the Sheriff's Department's leaders for their commitment to ensure the safety of Moreno Valley residents. The City is confident that our Police will continue to find innovative ways to provide the best law enforcement services in the County. Our residents deserve nothing less.

Dawson is the City Manager of Moreno Valley

Subject: Stakeholders for SR60 East Corridor Study

Tom:

Following up on our discussion yesterday, the individual stakeholder interviews proposed for the Study are as follows:

Mayor
City Manager
Prologis (Jim Jachetta etal)
Stoneridge II (Gary Nogle etal)
Auto Mall (Glenn Moss)
Pacific Communities (Nelson Chung)
Chamber of Commerce (Oscar Valdepena)

In addition, I propose to have a group meeting with property owners in or adjacent (within 300 feet) of the Study area. The group meeting invitation list would include Ridge Realty and Highland Fairview. I will also include Mr. Yeager and County Waste Management on the invitation list if they are further than 300 feet from the Study area.

The Joint Study Session with the City Council and Planning Commission is scheduled for August 20th. As discussed, I would proposed to direct the Study consultant to commence the stakeholder interviews in advance of the Study Session to keep the Study moving along in a timely manner.

Please let me know if you have any questions or concerns on this issue.

Thanks,

John

July 15, 2013

Mrs. Alicia Espinoza
15326 La Palma Way
Moreno Valley, CA 92555

Dear Mrs. Espinoza:

This is to inform you that the petition format submitted to recall Tom Owings as Council Member of the City of Moreno Valley does not meet the requirements of the Elections Code as to form and wording.

Following is a list containing the necessary corrections:

NECESSARY CORRECTIONS

NOTICE OF INTENTION TO CIRCULATE RECALL PETITION:

1. The Notice of Intention to Circulate Recall Petition must be re-published with proponents' addresses and proof submitted to the City Clerk's office. Also, there are following spelling errors on the published Notice:

   Lauretta Phillips – delete "Jean" as middle name
   Craig R. Givens – initial "R." is missing
   Tracey Mandelbaum – "e" is missing in "Tracey"
   Marsha S. Locke – "r" is missing in Marsha

PETITION FOR RECALL FORMAT:

HEADING:

1. Heading: TO THE HONORABLE "CITY" COUNCIL OF THE CITY OF MORENO VALLEY, - insert "CITY"; delete comma before "of the CITY" and finish sentence with a comma instead of period

2. First paragraph, first line – Pursuant to the California Constitution .....and qualified electors of *the City Council District 3 of the City of Moreno Valley, County of Riverside,* California, instead of "the Third Council District, of the City of Moreno Valley."

3. First paragraph, second line .... holding the office of "*City Council Member in District 3 of the City of Moreno Valley, County of Riverside, California,"* instead of "Councilmember for the Third Council District, of the City of Moreno Valley."

4. Third paragraph – The following Notice of Intention to Circulate..... to Thomas Owings: colon at the end of this sentence, instead of period.

NOTICE OF INTENTION TO CIRCULATE RECALL PETITION:

1. Printed names: Craig Givens' name is listed twice; his name is missing initial "R." E.C. requirement that at least 10 proponents need to be listed.

FOLLOWING INCUMBENT'S ANSWER:

1. The incumbent's address must be included in the Petition Form.

2. Fifteenth paragraph – Each of the undersigned states ..... qualified elector of the "*City Council District 3"* of the City of Moreno Valley, County of Riverside, California, instead of "Third Council District ..."

DECLARATION OF CIRCULATOR:

1. Declaration of Circulator – longer line after "My residence address is..... "to allow space for street address and the city's name; Type "City" underneath the line.

2. Semicolon (instead of period) after Paragraph 1 in Declaration of Circulator

3. Paragraph 4 – type "Starting Date" and "Ending Date"; Delete colon after "the dates of"

Elections Code 11042 provides that the proponents must submit corrected petition formats to this office within ten days of receiving notification.

Please call the Office of the City Clerk at [redacted] if you have any questions.

Sincerely,

Jane Halstead
City Clerk
Enc.

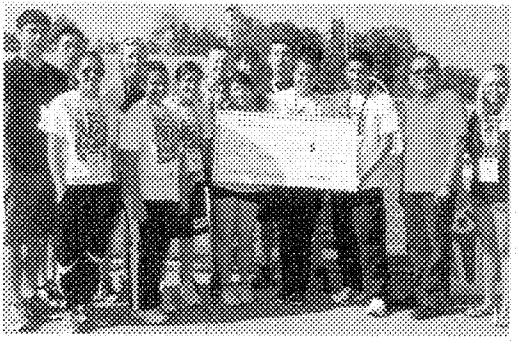
Ramona Habitat Chapter's Lap-a-thon for the State Farm Matching Grant

The **Ramona Campus Chapter** students organized a Lap-a-Thon on March 23rd to raise funds for their **State Farm Matching Grant**. Over 60 students registered for the event. On early Saturday morning on March 23rd students arrived with high spirits and ready to run, jog, and walk for their pledges. Friends and family sat in the stands to cheer the students on as they ran around Ramona's football field. Volunteers recorded on students badges to keep track of laps ran alongside them and gave high five's for an extra boost of motivation. During the hour long event it was amazing to see some of the students running non -stop and others continue to their trek long after their pledges were met. When the event ended the students congratulated each other over mini muffins and orange slices while proudly announcing their number of laps and how they met their personal goal.

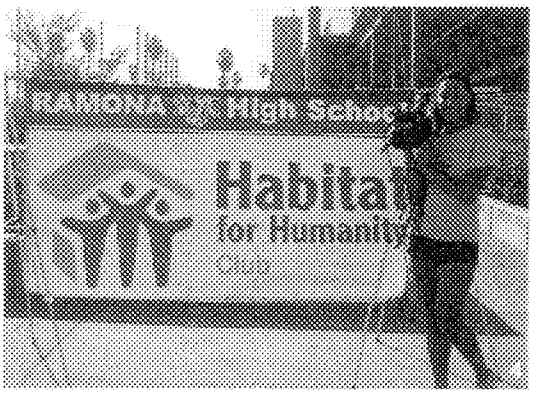
The **Ramona Habitat for Humanity Campus Chapter** received a **$2,000 State Farm Matching Grant** with an additional $1,000 bonus once the chapter raised its share to bring the total funding to $5,000. The Ramona Chapter donated the funds to Habitat for Humanity Riverside's A Brush with Kindness Program to help revitalize homes in the Ramona community. With Habitat Riverside's guidance, Ramona students are responsible for selecting the family and will spend Saturdays volunteering with Habitat in revitalizing their selected homes.

The goal was to raise $2,000 in Lap-a-Thon pledges, but these Ramona High School students far exceeded our expectations. The **Ramona Habitat for Humanity Campus Chapter** not only met their goal in pledges but showed their dedication, spirit, pride and civic responsibility to their community. It was a great joy to see these students accomplish their goals in creating a beautiful community.



1. Ramona High School's Habitat Chapter took a group picture after exceeding their goal in raising $5,000!

2. Ramona High School student's never gave up as they ran along the track.



3. These students were determined in keeping their pledges as they jogged over and over again!

4. Former Ramona Habitat member, Britney New, comes back to film the event!

Subject: RE: Moreno Beach/60 Freeway

Honorable Mayor Owings and Acting City Manager DeSantis-

Needless to say that he interchange project is not a Caltrans project as the resident assumed it to be, and is led by the City. Secondly, I am pleased to inform you that Emergency Vehicle Pre-emption (EVP) equipment is part of the project.

The 2 signals covered under the Moreno Beach Ph. 1 project are:

1. New signal at Moreno Beach Dr/EB ramps – EVP to be installed as part of the project
2. Existing/retrofit signal at Moreno Beach DR/Eucalyptus – EVP to be installed as part of project

The reason why the devices are not installed yet is because we are undergoing procurement process right now and do not yet know what brand of EVP equipment we will be using from now on. In other words, the equipment to be supplied to the contractor on this job will be purchased under the procurement scheduled for Council award in August. Once the procurement is finalized, we will install the EVP systems at both signalized intersections included in the project.

Hope this info was helpful. Please let me know if you have further comments or questions or if you would like me to respond to the resident and CC you.

Thanks,

Ahmad R. Ansari, P.E.

Subject: Moreno Beach/60 Freeway

Hello Mayor Tom Owings,

I write you about a concern I have regarding the traffic signals at the CALTRANS project located at Moreno Beach and the 60 Freeway. I noticed that the signals do not have signal pre-emption devices on them. The devices are critical for emergency responses for the fire department and the ambulance company. Signaling devices save critical time for emergency responders. I respectfully request to know if there is a plan to install them on the 3 traffic signals involved with that project.

It is my understanding that Moreno Valley has a policy to install the signal pre-emption devices in all new traffic signals. I hope that has been conveyed to CALTRANS. At my work, I have found CALTRANS receptive to not delaying emergency responders and thus willing to install the devices at their projects. My hope is that this was unintentionally overlooked and can be corrected as soon as possible.

Thanks for your time,
Mike Esparza

Small Business Cybercrime Forum

July 31, 10:00 a.m. - 12:00 p.m. | Ontario Police Department Community Room | 2500 S. Archibald Avenue, Ontario CA, 91761

Hosted by Business Matchmaking & the U.S. Small Business Administration, Moderated by Chuck Ashman

You lock your car and you safeguard your home. Now's the time to protect the information, data, records and technology that your company relies upon. According to officials at the U.S. Department of Justice, cybercriminals have doubled their attacks on smaller companies, with entrepreneurs increasingly becoming targets. At this forum you'll hear presentations from private and public sector experts with a vested interest in helping secure small businesses from cyber threats.

According to Attorney General Kamala Harris, "The unique aspect of technology is that it knows no jurisdictional boundary. We want to ensure internet crimes don't drop off simply

because it wasn't clear for local law enforcement, or the consumer, where to go because an incident occured in the cloud."

Featuring presentations by:

- Tawnya Austin, Deputy Attorney General, State of California
- Bruce Cash, Director, National Federation of Independent Businesses - California
- Phil Dupper, Sergeant, San Bernardino County Sheriff's Department
- Carmen Araiza, Fraud Prevention Specialist, Union Bank
- Mirian Avalos, Chief Technology Officer, San Bernardino County District Attorney's Office
- Chad Buechler, Director of Products, Dun & Bradstreet Corporation
- Rachel Baranick, Acting District Director, Small Business Administration
- Rod Ballance, Chairman, Inland Empire SCORE
- Aaron Hanson, Senior Manager, Symantec
- Robert Usher, Senior Business Consultant, Inland Empire Small Business Development Center
- Don Gonneville, CEO, Gonneville, Inc.

There is no cost to attend this event. Register today by emailing Ann Marshall at Business Matchmaking (ann.marshall@smaglobal.com).

CITY CLERK
MORENO VALLEY
RECEIVED
13 JUL 18 PM 2:37

PETITION FOR RECALL

TO THE HONORABLE CITY COUNCIL, of the CITY of MORENO VALLEY,

Pursuant to the California Constitution and California election laws, we the undersigned registered and qualified electors of the City Council District 5, of the City of Moreno Valley, County of Riverside, California, respectfully state that we seek the recall and removal of Victoria Baca, holding the office of Council Member for the City Council District 5, of the City Moreno Valley, in the County of Riverside, California.

We demand an election of a successor to that office.

The following Notice of Intention to Circulate Recall Petition was served on the Day of July, 2013 to Victoria E. Baca.

NOTICE OF INTENTION TO CIRCULATE RECALL PETITION

TO THE HONORABLE VICTORIA BACA: Pursuant to Section 11020, California Elections Code, the undersigned registered qualified voters of The City of Moreno Valley, Council District Five, in the State of California, hereby gave notice that we are the proponents of a recall petition and that we intend to seek your recall and removal from the office of City Council Member Council District Five, for the City of Moreno Valley, California, and to demand election of a successor in that office.

The grounds for the recall are as follows:

You have failed to meet the expectations of the electorate and have brought shame and embarrassment upon our City.

The printed names of the proponents are as follows: Scott J. Heveran, Denise Heveran, Anita De Guzman, Ernest Nicolis, Donald Fleming, Lori De La Torre, Patricia N. Lloyd, Stephanie Rubio, Alex Rubio, Norman L. Kowallis.

The answer of the officer sought to be recalled is as follows:

JUST SAY NO WHEN ASKED TO SIGN THE RECALL PETITION. It has only been six months since the election and I'm being threatened by a Recall inspired by the very people who brought our city to the brink of bankruptcy.

DON'T LET THEM STOP ME. I have lead the efforts to CREATE NEW JOBS, balance the budget, increase graduation rates, create our own police department, and install new management and vision at City Hall.

I HAVE BEEN SMEARED with shameful and untrue allegations made by the proponents of this Recall. Now they are employing paid outsiders to circulate recall petitions.

The supporters of this recall are HEADED BY FAILED CANDIDATES AND ENVIRONMENTAL ZEALOTS THAT WILL STOP AT NOTHING TO REGAIN POWER. They don't care that it will cost taxpayers hundreds of thousands which could be used for police and fire protection!

I ran for office because I love Moreno Valley and I want it to grow and prosper and NOW THE GOOD OL' BOYS WANT A "DO-OVER"! It is a blatant attempt to disqualify the voters who cast their votes last November.

DON'T LET THEM STOP ME - DON'T SIGN

The following Notice of Intention to Circulate Recall Petition was served on the Day of July, 2013 to Victoria E. Baca.

NOTICE OF INTENTION TO CIRCULATE RECALL PETITION

TO THE HONORABLE VICTORIA BACA: Pursuant to Section 11020, California Elections Code, the undersigned registered qualified voters of The City of Moreno Valley, Council District Five, in the State of California, hereby give notice that we are the proponents of a recall petition and that we intend to seek your recall and removal from the office of City Council Member Council District Five, for the City of Moreno Valley, California, and to demand election of a successor in that office.

The grounds for the recall are as follows:

You have failed to meet the expectations of the electorate and have brought shame and embarrassment upon our City.

The printed names of the proponents are as follows: Scott J. Heveran, Denise Heveran, Anita De Guzman, Ernest Nicolis, Donald Fleming, Lori De La Torre, Patricia M. Lloyd, Stephanie Rubio, Alex Rubio, Norman L. Kowallis.

The answer of the officer sought to be recalled is as follows:

JUST SAY NO WHEN ASKED TO SIGN THE RECALL PETITION. It has only been six months since the election and I'm being threatened by a Recall inspired by the very people who brought our city to the brink of bankruptcy.

DON'T LET THEM STOP ME. I have lead the efforts to CREATE NEW JOBS, balance the budget, increase graduation rates, create our own police department, and install new management and vision at City Hall.

I HAVE BEEN SMEARED with shameful and untrue allegations made by the proponents of this Recall. Now they are employing paid outsiders to circulate recall petitions.

The supporters of this recall are HEADED BY FAILED CANDIDATES AND ENVIRONMENTAL ZEALOTS THAT WILL STOP AT NOTHING TO REGAIN POWER. They don't care that it will cost taxpayers hundreds of thousands which could be used for police and fire protection!

I ran for office because I love Moreno Valley and I want it to grow and prosper and NOW THE GOOD OL' BOYS WANT A "DO-OVER"! It is a blatant attempt to disqualify the voters who cast their votes last November.

DON'T LET THEM STOP ME - DON'T SIGN

PETITION FOR RECALL

TO THE HONORABLE CITY COUNCIL, of the CITY of MORENO VALLEY,

Pursuant to the California Constitution and California election laws, we the undersigned registered and qualified electors of the City Council District 5, of the City of Moreno Valley, County of Riverside, California, respectfully state that we seek the recall and removal of Victoria Baca, holding the office of Council Member for the City Council District 5, of the City Moreno Valley, in the County of Riverside, California.

We demand an election of a successor to that office.

The following Notice of Intention to Circulate Recall Petition was served on the Day of July, 2013 to Victoria E. Baca.

NOTICE OF INTENTION TO CIRCULATE RECALL PETITION

TO THE HONORABLE VICTORIA BACA: Pursuant to Section 11020, California Elections Code, the undersigned registered qualified voters of The City of Moreno Valley, Council District Five, in the State of California, hereby give notice that we are the proponents of a recall petition and that we intend to seek your recall and removal from the office of City Council Member Council District Five, for the City of Moreno Valley, California, and to demand election of a successor in that office.

The grounds for the recall are as follows:

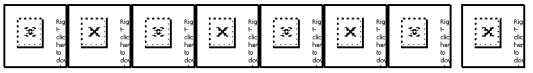
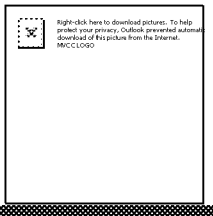
Subject: Full Closure set for SR-60 at Nason





Moreno Valley Chamber of Commerce

Full Closure set for SR-60 at Nason Street for Falsework Erection

The City of Moreno Valley is constructing improvements to the State Route 60 (SR-60)/Nason Street Overcrossing (Bridge). The contractor is currently building a new Nason Street Bridge over SR-60 and completing related improvements.

The erection of the second phase of the falsework of the new Nason Street Bridge is scheduled for Friday, July 19, 2013 through Sunday, July 21, 2013. Full night time freeway closures are necessary as part of this operation.

- **Eastbound SR-60 at the Nason Street Bridge will be closed beginning at 11:50 p.m. on Friday, July 19, 2013 and will reopen at 6:00 a.m. on Saturday July 20, 2013.** The detour for this closure will be from SR-60 eastbound, exit at Nason Street. Continue eastbound on the off-ramp, cross over Nason Street, and return onto the eastbound SR-60 on-ramp. Nason Street northbound will remain open only at the eastbound on-ramp. Nason Street southbound will remain open only at Elder Avenue west and at the Nason Street westbound on-ramp. Motorists may experience delays in this area.

- **Westbound SR-60 at the Nason Street Bridge will be closed beginning at 11:00 p.m. on Saturday, July 20, 2013 and will reopen at 7:00 a.m. on Sunday, July 21, 2013. The Nason Street westbound on and off ramps will be closed from 11:00 p.m. to 7:00 a.m.** The detour for this closure will be from SR-60 westbound, exit Moreno Beach Drive north. Continue north on Moreno Beach Drive to Ironwood Avenue west. Continue west on Ironwood Avenue to Perris Boulevard south. Continue south on Perris Boulevard to return to SR-60 westbound. Nason Street northbound and southbound, and the eastbound on- and off- ramps will remain open although motorists may experience delays.

Residents may experience noise during the operation. If inclement weather and/or other factors change this schedule, updated notifications will be issued.

Subject: Re: August 20 -- City Council Meeting Schedule

Please remove item (immigration reform) from the study session for August 20, since we do not have any legislative powers. Therefore there is nothing to study. Since when do we study proclamations?
The group from Saint Christopher's church asked for a proclamation supporting immigration reform, either we do or we don't it's that simple.

Council Member

July 22, 2013

Mrs. Debra Craig
24811 Freedom Ct.
Moreno Valley, CA 92557

Dear Mrs. Craig:

This is to inform you that the petition format submitted to recall Richard Stewart as Council Member of the City of Moreno Valley is hereby rejected for the following deficiencies:

1. Proponents' addresses must be included in the publication of the Notice of Intention. The name of Judy Carlson is missing initial "J." The Notice of Intention must be re-published with proponents' addresses and proof submitted to the City Clerk's office. E.C. 11022.

2. On the Petition Form, the following corrections must be made:

   a) the address of council member sought to be recalled must be included. E.C. 11023(c)

   b) signature spaces must be consecutively numbered commencing with the number one for each petition section consistent with the Secretary of State guidelines. E.C. 100(c)

   c) a blank column at the right margin of the page shall be at least 1" wide. E.C. 11043 (c)

   d) Declaration of Circulator, Paragraph 4 – "Starting Date" and "Ending Date" shall be typed. EC 104(a3 & c), 11046, 11042(d)

Pursuant to EC 11041, the proponents shall use the recall petition format provided by the Secretary of State. According to Procedure for Recalling State and Local Officials prepared by the Office of the Secretary of State, "the submitted blank copies of the petition will be carefully reviewed for uniformity and correctness and will be compared to the Notice of Intention and publication to assure accuracy in text, punctuation,

MV00251980

capitalization, spelling, format, etc. If the comparison discloses discrepancies, the petition may be rejected."

Other corrections that are inconsistent throughout the document are being brought to your attention in each section of the petition form to provide you with a clear understanding of corrections that need to be made.

HEADING:

1. Heading: TO THE HONORABLE "CITY" COUNCIL OF THE CITY OF MORENO VALLEY - insert "CITY"; delete comma before "of the CITY" and finish sentence with a comma instead of period.

2. First paragraph, first line – "Pursuant to the California Constitution .....and qualified electors of *the City Council District 2 of the City of Moreno Valley, County of Riverside,* California," instead of "the First Council District, of the City of Moreno Valley."

3. First paragraph, second line ".... holding the office of "*City Council Member in District 2 of the City of Moreno Valley, County of Riverside, California,"* instead of "Councilmember for the First Council District, of the City of Moreno Valley."

4. First paragraph, first sentence – "Election Laws" should be in lowercase letters.

5. Indent paragraphs as shown on the blank Secretary of State Petition Form.

6. Delete double space after the second paragraph "We demand an election of a successor..."

NOTICE OF INTENTION TO CIRCULATE RECALL PETITION:

1. Proponents' addresses must be included in the publication. The Notice of Intention must be re-published with proponents' addresses and proof submitted to the City Clerk's office. E.C. 11022.

2. Center the title: NOTICE OF INTENTION TO CIRCULATE RECALL PETITION.

3. Text of the Grounds for the Recall – delete "and that we are the proponents of a recall petition" as this wording is listed twice.

4. Remove underline and bold from "The grounds for the recall" and "The answer of the officer sought" to keep the petition form in uniform size, darkness and spacing.

5. Add "The printed names of the proponents are as follows:" after the grounds for the recall and before the incumbent's Answer.

6. Correct misspelled names of proponents:

   a) Debra D. Craig – D is missing
   b) Ernest Lagrimas without "r" before "g"
   c) Michael R. Palmer – initial R is missing

7. Change "called" to "recalled" in the sentence: "The answer of the officer sought to be recalled is as follows:"

INCUMBENT'S ANSWER:

1. Text of Answer to Grounds for Recall (it must appear exactly as written on the original Notice):
   a) Paragraph 6 of Answer to Recall, first line: "fire paramedics"- word "Fire" should be capitalized, as it is capitalized on the Answer to Recall
   b) Paragraph 7, first line: Pigeon Pass – word "Pass" is misspelled, as "s" is missing
   c) Paragraph 8: word "office" should be lowercase.

2. Address of the council member sought to be recalled must be included on the petition. (E.C. 11043)

FOLLOWING INCUMBENT'S ANSWER

1. Last paragraph before signature table – it should read "City Council District 2," instead Second Council District.

2. Signature table:

   a) a blank column at the right margin of the page shall be at least 1 inch wide E.C. 11043 (c)
   b) signature spaces must be consecutively numbered commencing with the number one for each petition section. E.C. 100(c)
   The recall petition format provided by the Secretary of State must be used – please see the boxes – it should have one blank box for each signature; "Print Your Name," etc. in the signature table should be capitalized.

DECLARATION OF CIRCULATOR (please see the Secretary of State Form)

1. Declaration of Person Circulating Section of Recall Petition – title is different as listed on the Secretary of State Petition Form.

2. First sentence should read: "I _____declare:" followed by "1. My residence address ....." - Please follow the format as listed on the Secretary of State Petition Form.

3. After "I am registered to vote" – City Council District 2 should be listed before City of Moreno Valley (circulator must be a registered voter in the District).

4. Longer line after "My residence address is..... " to allow space for street address and the city's name; Type "City" underneath the line.

5. Paragraph 4 – type "Starting Date" and "Ending Date." EC 103(a3 & c), 11046, 11042(d)

6. The space for the date and the place of execution should be placed immediately above circulator's signature.

Elections Code 11042 provides that the proponents must submit corrected petition formats to this office within ten days of receiving notification.

Please call the Office of the City Clerk at [redacted] if you have any questions.

Sincerely,

Jane Halstead, CMC
City Clerk

1. Proponents' addresses must be included in the publication of the Notice of Intention. The Notice of Intention must be re-published with proponents' addresses and proof submitted to the City Clerk's office. E.C. 11022

2. The incumbent's address must be included in the Petition Form. E.C. 11023 (c)

3. Declaration of Circulator in the Petition Form - Paragraph 4 – type "Starting Date" and "Ending Date" EC 104(a3 & c), 11046, 11042(d)

Pursuant to EC 11041, the proponents shall use the recall petition format provided by the Secretary of State. According to Procedure for Recalling State and Local Officials prepared by the Office of the Secretary of State, "the submitted blank copies of the petition will be carefully reviewed for uniformity and correctness and will be compared to the Notice of Intention and publication to assure accuracy in text, punctuation, capitalization, spelling, format, etc. If the comparison discloses discrepancies, the petition may be rejected."

Other corrections that are inconsistent throughout the document are being brought to your attention in each section of the Petition Form to provide you with a clear understanding of corrections that need to be made.

HEADING:

1. Heading: TO THE HONORABLE "CITY" COUNCIL OF THE CITY OF MORENO VALLEY - insert "CITY"; delete comma before "of the CITY" and finish sentence with a comma instead of period.

2. First paragraph, first line – "Pursuant to the California Constitution .....and qualified electors of *the City Council District 1 of the City of Moreno Valley, County of Riverside,* California," instead of "the First Council District, of the City of Moreno Valley."

3. First paragraph, second line - ".... holding the office of "*City Council Member in District 1 of the City of Moreno Valley, County of Riverside, California,"* instead of "Councilmember for the First Council District, of the City of Moreno Valley."

NOTICE OF INTENTION TO CIRCULATE RECALL PETITION:

1. Proponents' addresses must be included in the publication. The Notice of Intention must be re-published with proponents' addresses and proof submitted to the City Clerk's office. E.C. 11022

2. There are also following spelling errors on the Petition for Recall form:

   Curtis Gardner – initial "L" is missing, middle name
   Gregoria – is misspelled, should be "Gregorio" L. Yanez
   Angel Urvea – is misspelled, should be "Urrea"

INCUMBENT'S ANSWER

1. The incumbent's address must be included in the Petition Form. E.C. 11023 (c)

FOLLOWING INCUMBENT'S ANSWER

1. The sentence should read as follows for consistency with the Heading in the document: Each of the undersigned states for him/herself ....."City Council District 1" of the City of Moreno Valley, County of Riverside, California (instead of "First Council District").

DECLARATION OF CIRCULATOR

1. Paragraph 1 – longer line after "My residence address is..... " to allow space for street address and the city's name; Type "City" underneath the line.

2. Semicolon (instead of period) after Paragraph 1 in Declaration of Circulator.

3. Paragraph 4 – Delete colon after "the dates of" and type "Starting Date" and "Ending Date." EC 104(a3 & c), 11046, 11042(d)

Elections Code 11042 provides that the proponents must submit corrected petition formats to this office within ten days of receiving notification.

Please call the Office of the City Clerk at [redacted], if you have any questions.

Sincerely,

Jane Halstead, CMC
City Clerk

NOTICE OF INTENTION TO CIRCULATE RECALL PETITION

TO THE HONORABLE "CITY" COUNCIL of the CITY of MORENO VALLEY,

Pursuant to the California Constitution and California election laws, we the undersigned registered and qualified electors of the City Council District 3 of the City of Moreno Valley, County of Riverside, California, respectfully state that we seek the recall and removal of Tom Owings, holding the office of Councilmember in District 3 of the City Moreno Valley, in the County of Riverside, California,

We demand an election of a successor to that office.

The following Notice of Intention to Circulate Recall Petition was served on the Twentieth Day of June, 2013 to Tom Owings:

NOTICE OF INTENTION TO CIRCULATE RECALL PETITION

TO THE HONORABLE TOM OWINGS: Pursuant to Section 11020, California Elections Code, the undersigned registered qualified voters of The City of Moreno Valley, Council District Three, in the State of California, hereby give notice that we are the proponents of a recall petition and that we intend to seek your recall and removal from the office of City Council Member Council District Three, for the City of Moreno Valley, California, and to demand election of a successor in that office.

The grounds for the recall are as follows:

You have failed to meet the expectations of the electorate and have brought shame and embarrassment upon our City.

The printed names of the proponents business or residence addresses are on file with the elections official are as follows:
Craig R. Givens, Joan Givens, Alicia Espinoza, Jose Luis Espinoza, Jesus Ramos, Lisa Encinas, Roberto A. Velasco, Lindsay J. Robinson, Byron R. Johnson, and Terri Hall

The answer of the officer sought to be recalled is as follows:

DON'T SIGN THIS PETITION. There are NO valid reasons for this Recall. Nothing has happened since the November Election to justify the recall of Mayor Owings – a mere six months ago. It is ANTI-JOB recall supporters' unfounded allegations which are embarrassing and shameful.

DON'T LET THEM STOP OR MAYOR. The Mayor was candid with voters and did what he said he would do. He has delivered on his promises to create new jobs, balance the budget, increase graduation rates, and appoint new management with new vision at City Hall. The Mayor may be to blunt or too passionate for some but that's not a reason to remove him from office.

VOTERS NEED TO STOP THIS INSANITY! No elected official should ever be fearful of taking a firm stance or making an unpopular decision for fear of being removed from office by a frivolous and costly Recall.

VOTERS SHOULD REFUSE TO SIGN this Recall Petition and demand supporters stop this dishonest recall.

This is something we should all be able to agree on – because it is the right thing to do and because it is the fair thing to do!

Follow Up Flag: Flag for follow up
Flag Status: Flagged

Hello, Mr. Ketchum,

Thank you for your e-mail.

We believe that Moreno Valley residents are well served through our contract with the Sheriff's Department. Continuing rate increases, however, have prompted the City to explore a wide range of options to help ensure that law enforcement resources and services are targeted for maximum efficiency in our community. The City has enlisted some preliminary assistance from the Strategic Policy Partnership in this effort.

We have also invited the Sheriff's Department and other Cities to partner with us in this study.

With regard to your inquiry regarding July 16th, please be advised that no meeting was held. Aside from preliminary interaction with the consultant, no meetings have been held since an initial conceptual discussion took place in early April.

This effort is still in the exploratory stages, and the Sheriff's Department is fully informed of our interest (Chief Ontiveros has participated in these preliminary discussions). These types of discussions and studies are common in local government, and we have looked at best practices, outsourcing opportunities, etc. for several departments in the past and will continue to do so in the future. You may be aware that the City Council recently decided to outsource the operation of our library services, resulting in an annual savings of $250,000, enhanced services and extended hours of operation; conversely, in previous years the City Council commissioned feasibility studies to determine the cost to bring the our Police services in-house instead of contracting. Studying and implementing opportunities to enhance efficiencies is a responsible practice at all times and certainly critically important during these times of reduced budgets. Should the City consider any changes to the current Policing model, the Council's consideration of any recommendations would certainly involve public discussions at Sub-Committee and/or City Council meetings.

I have asked the Sheriff to consider two-year renewal of the law enforcement contract (rather than the standard 5-year period) to allow the City to work with the Sheriff's Department and others to continue the exploratory effort described above. This period also coincides with the two-year budget which was adopted by the Council in June. I haven't yet received a reply to this request. The contract renewal, regardless of the term, requires Council approval and will be agendized for their consideration and for public review/comment.

I hope that this information is helpful. Thank you again for giving me the opportunity to speak at the July Adelante meeting, I thoroughly enjoyed interacting with the MVHCC membership.

Importance: High

To: City Manager Michelle Dawson
City of Moreno Valley

Re: Joint Police Authority Meeting

Ms. Michelle Dawson,
Recently I was made aware that a meeting had been called by Councilmember Tom Owings of which invitations to attend had been sent out to a host of local city officials from local cities, as well as the outside consultants tasked with the formation of the Authority led by Bill Bratton. The purpose of the letter was to begin conversations about "pulling" away from the Riverside County Sheriff Department and forming it's own Joint Police Authority (JPA) with these other cities.

Being as the meeting was scheduled for July 16th 2013 which has now passed I'd like to inquire as to what was the outcome of this meeting and obtain any records, such as agendas, minutes, sign in sheets etc to show who attended and what was discussed.

Not quite sure why this was kept from the public, but at a time when the City of Moreno Valley is facing severe cutbacks in police, and rising crime one would think this would be a hot topic for the residents and business owners of the city to weigh in on.

I am also led to believe that the City of Moreno Valley is looking into a two (2) year agreement with the Riverside County Sheriff's Department instead of the standard five (5) year agreement as well, if the abovementioned meeting did not go well. Could you please explain to me why the change in term(s)?

Should there be any future meetings regarding this proposed JPA I'd ask that you please keep the residents, the business owners, and most importantly the local chambers of commerce in the loop, so when confronted we as leaders in the business community can speak to what is actually taking place and not have to assume actions based on false information.

Thank you Michelle for your time and I look forward to your response.

Moreno Valley Chamber of Commerce

Moreno Valley to hold meetings with Sunnymead Boulevard Businesses

The City of Moreno Valley has embarked on an initiative to improve and enhance the business climate along Sunnymead Boulevard. Mayor Tom Owings, respective district Council Members Victoria Baca (District 5) and Jesse L. Molina (District 1), and key City staff invite business and property owners / managers to discuss plans to improve the Sunnymead Boulevard business corridor by addressing issues such as crime, code compliance, homelessness, and aesthetics.

Meetings will be held from 8:00 a.m. to 10:00 a.m. as follows:

District 1
Jesse L. Molina
Tuesday, July 30
Holiday Inn Express
24630 Sunnymead Blvd.

District 5
Victoria Baca
Wednesday, July 31
Miller Jones Mortuary
23618 Sunnymead Blvd.

Follow Up Flag: Flag for follow up
Flag Status: Flagged

Tom,

Mr. Blow came in today and asked that you conduct yourself like a gentleman and to stop supporting Marcelo Co. He stated code violations are plainly visible in the City. He stated the City will have to pay for the cost of the lawsuits by the three employees that were let go and are now suing the City.

Subject: Council Member Victoria Baca's Rejected Petition Form
Attachments: baca_20130725150245.pdf

Mayor Owings & Council Members:

Please be advised the Petition Form to Recall Council Member Victoria Baca has been rejected. The letter to the proponent is attached.

The proponent has 10 days to make corrections and re-submit the corrected Petition Form to the City Clerk.

Let me know if you have any questions.

Thank you.

14177 FREDERICK STREET
P.O. BOX 88005
MORENO VALLEY, CA 92552-0805

July 25, 2013

Mr. Scott J. Heveran
12109 Swegles Lane
Moreno Valley, CA 92553

Dear Mr. Heveran:

This is to inform you that the petition format submitted to recall Victoria Baca as Council Member of the City of Moreno Valley is hereby rejected for the following deficiencies:

1. Proponents' addresses must be included in the publication of the Notice of Intention. The Notice of Intention must be re-published with proponents' addresses and proof submitted to the City Clerk's office. E.C. 11022

2. Declaration of Circulator in the Petition Form - Paragraph 4 – type "Starting Date" and "Ending Date" EC 104(a3 & c), 11046, 11042(d)

3. Text of the Answer to Grounds for Recall (it must appear exactly as written on the Original Notice):

    a. The fourth paragraph, second sentence: "They don't care that it will cost taxpayers hundreds of thousands "of dollars" which could be used for police and fire protection! The words "*of dollars*" must be included.

    b. The fifth paragraph, first sentence: delete quotation marks around the words "DO-OVER!"

    The last sentence of the fifth paragraph: "It is a blatant attempt to disqualify the voters who cast their votes "and elected me to the city council" last November." The words "*and elected me to the city council"* must be included.

    c. The last paragraph has an exclamation point at the end of the sentence in the Answer submitted by the incumbent that must be included: "DON'T LET THEM STOP ME - DON'T SIGN!"

CITY CLERK

MV00252009

d. The incumbent's address portion "Council Member" instead of "councilmember."

Pursuant to EC 11041, the proponents shall use the recall petition format provided by the Secretary of State. According to Procedure for Recalling State and Local Officials prepared by the Office of the Secretary of State, "the submitted blank copies of the petition will be carefully reviewed for uniformity and correctness and will be compared to the Notice of Intention and publication to assure accuracy in text, punctuation, capitalization, spelling, format, etc. If the comparison discloses discrepancies, the petition may be rejected."

1. HEADING:

   a. The third paragraph – The following Notice of Intention to Circulate Recall Petition was served on the "*3rd*" day of July, 2013 to Victoria E. Baca. Please include "3rd" before the word "day" and colon at the end of the sentence, instead of period.

2. DECLARATION OF CIRCULATOR

   a. Paragraph 4 – Delete colon after "the dates of" and type "Starting Date" and "Ending Date." EC 104(a3 & c), 11046, 11042(d)

Elections Code 11042 provides that the proponents must submit corrected petition formats to this office within ten days of receiving notification.

Please call the Office of the City Clerk at [redacted], if you have any questions.

Sincerely,

Jane Halstead, CMC
City Clerk

Good morning John,

If possible, we need the renewed building permits o.k. today. We are scheduled to drop lumber tomorrow. This was not a problem until Anne's departure. She required that we renew these permits no later than January 1, 2014. I also confirmed with Gary as soon as he came on-board and he agreed. We fell short when your 3rd Building Official (part time/interim) arrived.

Veronica can issue these immediately if she gets the green light.

FYI: Lots 1-4 and 17-20 are occupied and also per the2007 code.

All remaining building permits will be per the current code.

Thank you,

Randy Madrid

Subject: Meetings with City Managers today re: public safety options

Mayor, Mayor Pro Tem, and Members of the City Council: Following up on the effort to explore any possible options for cost sharing, etc. for public safety services, I have meetings scheduled with several City Managers today and tomorrow to discuss this effort. Tom DeSantis and I are meeting with the managers from several surrounding cities per the schedule noted below. From the Strategic Policy Partnership we will have with us Bernard Melekian, the former Chief of Police in Pasadena and most recently the Director of the U. S. Department of Justice's Office of Community-Oriented Policing. The purpose of these meetings will be to discuss each city's current and future budget status as it relates to public safety, request data for Strategic Policy Partnership's use, and identify the level of interest in reviewing any options.

Monday July 29th
City of Temecula
City of Wildomar
City of Hemet
City of Menifee

Tuesday July 30th
City of Murrieta
City of Lake Elsinore
City of Canyon Lake
City of Banning
City of Calimesa

The City Managers from Perris and San Jacinto were unable to meet this week but I have had conversations with them and they are forwarding the requested data from their cities. The City of Beaumont declined to meet.

CITY CLERK
MORENO VALLEY
RECEIVED

13 JUL 29 AM 9:43

PETITION FOR RECALL

TO THE HONORABLE CITY COUNCIL, of the CITY of MORENO VALLEY,

Pursuant to the California Constitution and California election laws, we the undersigned registered and qualified electors of the City Council District 5, of the City of Moreno Valley, County of Riverside, California, respectfully state that we seek the recall and removal of Victoria Baca, holding the office of Council Member for the City Council District 5, of the City Moreno Valley, in the County of Riverside, California.

We demand an election of a successor to that office.

The following Notice of Intention to Circulate Recall Petition was served on the 3rd Day of July, 2013 to Victoria E. Baca:

NOTICE OF INTENTION TO CIRCULATE RECALL PETITION

TO THE HONORABLE VICTORIA BACA: Pursuant to Section 11020, California Elections Code, the undersigned registered qualified voters of The City of Moreno Valley, Council District Five, in the State of California, hereby give notice that we are the proponents of a recall petition and that we intend to seek your recall and removal from the office of City Council Member Council District Five, for the City of Moreno Valley, California, and to demand election of a successor in that office.

The grounds for the recall are as follows:

You have failed to meet the expectations of the electorate and have brought shame and embarrassment upon our City.

The printed names of the proponents are as follows: Scott J. Heveran, Denise Heveran, Anita De Guzman, Ernest Nicolin, Donald Fleming, Lori De La Torre, Patricia N. Lloyd, Stephanie Rubio, Alex Rubio, Norman L. Kowallis.

The answer of the officer sought to be recalled is as follows:

JUST SAY NO WHEN ASKED TO SIGN THE RECALL PETITION. It has only been six months since the election and I'm being threatened by a Recall inspired by the very people who brought our city to the brink of bankruptcy.

DON'T LET THEM STOP ME I have led the efforts to CREATE NEW JOBS, balance the budget, increase graduation rates, create our own police department and install new management and vision at City Hall.

I HAVE BEEN SMEARED with shameful and untrue allegations made by the proponents of this Recall. Now they are employing paid outsiders to circulate recall petitions.

The supporters of this recall are HEADED BY FAILED CANDIDATES AND ENVIRONMENTAL ZEALOTS THAT WILL STOP AT NOTHING TO REGAIN POWER. They don't care that it will cost taxpayers hundreds of thousands of dollars which could be used for police and fire protection!

I ran for office because I love Moreno Valley and I want it to grow and prosper and NOW THE GOOD OL' BOYS WANT A DO-OVER! It is a blatant attempt to disqualify the voters who cast their votes and elected me to the city council last November.

DON'T LET THEM STOP ME - DON'T SIGN!

I HAVE BEEN SMEARED with shameful and untrue allegations made by the proponents of this Recall. Now they are employing paid outsiders to circulate recall petitions.

The supporters of this recall are HEADED BY FAILED CANDIDATES AND ENVIRONMENTAL ZEALOTS THAT WILL STOP AT NOTHING TO REGAIN POWER. They don't care that it will cost taxpayers hundreds of thousands of dollars which could be used for police and fire protection!

I ran for office because I love Moreno Valley and I want it to grow and prosper and NOW THE GOOD OL' BOYS WANT A DO-OVER! It is a blatant attempt to disqualify the voters who cast their votes and elected me to the city council last November.

DON'T LET THEM STOP ME - DON'T SIGN!

PETITION FOR RECALL

TO THE HONORABLE CITY COUNCIL, of the CITY of MORENO VALLEY,

Pursuant to the California Constitution and California election laws, we the undersigned registered and qualified electors of the City Council District 5, of the City of Moreno Valley, County of Riverside, California, respectfully state that we seek the recall and removal of Victoria Baca, holding the office of Council Member for the City Council District 5, of the City Moreno Valley, in the County of Riverside, California.

We demand an election of a successor to that office.

The following Notice of Intention to Circulate Recall Petition was served on the 3rd Day of July, 2013 to Victoria E. Baca:

NOTICE OF INTENTION TO CIRCULATE RECALL PETITION

TO THE HONORABLE VICTORIA BACA: Pursuant to Section 11020, California Elections Code, the undersigned registered qualified voters of The City of Moreno Valley, Council District Five, in the State of California, hereby give notice that we are the proponents of a recall petition and that we intend to seek your recall and removal from the office of City Council Member Council District Five, for the City of Moreno Valley, California, and to demand election of a successor in that office.

The grounds for the recall are as follows:

You have failed to meet the expectations of the electorate and have brought shame and embarrassment upon our City.

The printed names of the proponents are as follows: Scott J. Heveran, Denise Beverso, Anita De Guzman, Ernest Nicolis, Donald Fleming, Lori De La Torre, Patricia R. Lloyd, Stephanie Rubio, Alex Rubio, Norman L. Kowallis

The names of the officer sought to be recalled is as follows:

JUST SAY NO WHEN ASKED TO SIGN THE RECALL PETITION. It has only been six months since the election and I'm being threatened by a Recall inspired by the very people who brought our city to the brink of bankruptcy.

DON'T LET THEM STOP ME! I have led the efforts to CREATE NEW JOBS, balance the budget, increase graduation rates, create our own police department and install new management and vision at City Hall.

I HAVE BEEN SMEARED with shameful and untrue allegations made by the proponents of this Recall. Now they are employing paid outsiders to circulate recall petitions.

The supporters of this recall are HEADED BY FAILED CANDIDATES AND ENVIRONMENTAL ZEALOTS THAT WILL STOP AT NOTHING TO REGAIN POWER. They don't care that it will cost taxpayers hundreds of thousands of dollars which could be used for police and fire protection!

I ran for office because I love Moreno Valley and I want it to grow and prosper and NOW THE GOOD OL' BOYS WANT A DO-OVER! It is a blatant attempt to disqualify the voters who cast their votes and elected me to city council last November.

DON'T LET THEM STOP ME - DON'T SIGN!

Hi Cindy,

Forwarding the agendas for this week's Sunnymead Blvd Initiative meetings...

Council Member Molina's is tomorrow, 8 – 10 am, at Holiday Inn Express
Council Member Baca's is Wednesday, 8 – 10 am, at Miller Jones Mortuary

Would you please forward the agendas to the Mayor and Council Members Molina and Baca?

Thank you so much Cindy!

Michele

Good morning John,

If possible, we need the renewed building permits o.k. today. We are scheduled to drop lumber tomorrow. This was not a problem until Anne's departure. She required that we renew these permits no later than January 1, 2014. I also confirmed with Gary as soon as he came on-board and he agreed. We fell short when your 3rd Building Official (part time/interim) arrived.

Veronica can issue these immediately if she gets the green light.

FYI: Lots 1-4 and 17-20 are occupied and also per the2007 code.

All remaining building permits will be per the current code.

Thank you,

CITY CLERK
MORENO VALLEY
RECEIVED

13 JUL 30 AM 11:04

PETITION FOR RECALL

TO THE HONORABLE CITY COUNCIL of the CITY of MORENO VALLEY,

Pursuant to the California Constitution and California election laws, we the undersigned registered and qualified electors of the City Council District 4, of the City of Moreno Valley, County of Riverside, California, respectfully state that we seek the recall and removal of Marcelo Co, holding the office of Council Member for the City Council District 4, of the City Moreno Valley, in the County of Riverside, California.

We demand an election of a successor to that office.

The following Notice of Intention to Circulate Recall Petition was served on the 9th Day of July, 2013 to Marcelo Co:

NOTICE OF INTENTION TO CIRCULATE RECALL PETITION

TO THE HONORABLE Marcelo Co: Pursuant to Section 11020, California Elections Code, the undersigned registered qualified voters of The City of Moreno Valley, Council District Four, in the State of California, hereby give notice that we are the proponents of a recall petition and that we intend to seek your recall and removal from the office of City Council Member Council District Four, for the City of Moreno Valley, California, and to demand election of a successor in that office.

The grounds for the recall are as follows:

You have failed to meet the expectations of the electorate and have brought shame and embarrassment upon our City.

The printed names of the proponents are as follows: Aja Smith, Debra Smith, Deanna Reeder, Samantha Carbajal, Adam Carbajal, Kenneth Bell, Kadene Ramos Hiers, Carri Ann Arrieta, John Arrieta, Nina Ramos Hiers.

The answer of the officer sought to be recalled is as follows:

DON'T SIGN THE RECALL PETITION. This unethical lynch mob mentality has to stop. Recalls should not be used as a political tactic and are only appropriate for official misconduct. Although I've made tough and sometimes unpopular decisions, that's not a reason to remove me from office.

Don't let the backers of this hate-driven bigoted assault on me get away with saying anything and do anything without any facts. They don't care that it will cost taxpayers hundreds of thousands!

Now that we finally have a working majority on the council things are getting done and I've been able to keep my promises to create new jobs, balance the budget, and bring common sense back to City Hall.

DON'T LET THESE GADFLYS HIJACK MORENO VALLEY. I stand up for you against the old boys club who ran our City into the ground. Now they are out of power and want back in and are being helped by a group of ANTI-JOB environmental zealots that will stop at nothing to stop job creation.

THIS CHAOS MUST STOP. If asked to sign the costly and dishonest recall petition – REFUSE TO SIGN!

Marcelo Co
City Councilmember District Four
16571 Saddlebrook Ln
Moreno Valley, CA 92551

Each of the undersigned states for himself/herself that he or she is a registered and qualified elector of the City Council District 4 of the City of Moreno Valley, County of Riverside, California.

PETITION FOR RECALL

TO THE HONORABLE CITY COUNCIL of the CITY of MORENO VALLEY,

Pursuant to the California Constitution and California election laws, we the undersigned registered and qualified electors of the City Council District 4, of the City of Moreno Valley, County of Riverside, California, respectfully state that we seek the recall and removal of Marcelo Co, holding the office of Council Member for the City Council District 4, of the City Moreno Valley, in the County of Riverside, California.

We demand an election of a successor to that office.

The following Notice of Intention to Circulate Recall Petition was served on the 9th Day of July, 2013 to Marcelo Co.

NOTICE OF INTENTION TO CIRCULATE RECALL PETITION

TO THE HONORABLE Marcelo Co. Pursuant to Section 11020, California Elections Code, the undersigned registered qualified voters of The City of Moreno Valley, Council District Four, in the State of California, hereby give notice that we are the proponents of a recall petition and that we intend to seek your recall and removal from the office of City Council Member Council District Four, for the City of Moreno Valley, California, and to demand election of a successor in that office.

The grounds for the recall are as follows:

You have failed to meet the expectations of the electorate and have brought shame and embarrassment upon our City.

The printed names of the proponents are as follows: Aja Smith, Debra Smith, Deanna Reeder, Samantha Carbajal, Adam Carbajal, Kenneth Bell, Radene Ramos Hiers, Carri Ann Arrieta, John Arrieta, Nina Ramos Hiers.

The answer of the officer sought to be recalled is as follows:

DONT SIGN THE RECALL PETITION This unethical lynch mob mentality has to stop. Recalls should not be used as a political tactic and are only appropriate for official misconduct. Although I've made tough and sometimes unpopular decisions that's not a reason to remove me from office.

Don't let the backers of this hate-driven bigoted assault on me get away with saying anything and do anything without any facts. They don't care that it will cost taxpayers hundreds of thousands!

Now that we finally have a working majority on the council things are getting done and I've been able to keep my promises to create new jobs, balance the budget, and bring common sense back to City Hall.

DONT LET THESE GADFLYS HIJACK MORENO VALLEY I stood up for you against the old boys club who ran our City into the ground. Now they are out of power and want back in and are being helped by a group of ANTI-JOB environmental zealots that will stop at nothing to stop job creation.

THIS CHAOS MUST STOP. If asked to sign the costly and dishonest recall petition – REFUSE TO SIGN!

PETITION FOR RECALL

TO THE HONORABLE CITY COUNCIL, OF THE CITY OF MORENO VALLEY,

Pursuant to the California Constitution and California election laws, we the undersigned registered and qualified electors of the City Council District 2, of the City of Moreno Valley, County of Riverside, California, respectfully state that we seek the recall and removal of Richard Stewart, holding the office of Council Member in District 2 of the City Moreno Valley, County of Riverside, California.

We demand an election of a successor to that office.

The following Notice of Intention to Circulate Recall Petition was served on the 25th day of June, 2013 to Richard Stewart:

NOTICE OF INTENTION TO CIRCULATE RECALL PETITION

TO THE HONORABLE RICHARD A. STEWART: Pursuant to Section 11020, California Elections Code, the undersigned registered qualified voters of The City of Moreno Valley, Council District Two, in the State of California, hereby give notice that we are the proponents of a recall petition and that we intend to seek your recall and removal from the office of City Council Member Council District Two, for the City of Moreno Valley, California, and to demand election of a successor in that office.

The grounds for the recall are as follows:

You have failed to meet the expectations of the electorate and have brought shame and embarrassment upon our City.

The printed names of the proponents business or residence addresses are on file with the elections official are as follows:
Debra Craig, Matthew Craig, April Helms, Mike Box, Rosemary Hall, Scott Hall, Ernest Lagrimas, Michael Palmer, Laura Stalling, and Craig E. Wilson

The answer of the officer sought to be recalled is as follows:

Answer to grounds for Recall: by City Councilman Richard Stewart

For 32 years I served our nation as an officer in the U.S. Air Force. For 20 years I served Moreno Valley as a reserve Deputy Sheriff, and have served 22 years as your city councilmember.
I have never been accused of or charged with any crime.
In recent months I have been cooperating with the FBI and District Attorney in a corruption investigation of Moreno Valley City Hall.
After search warrants were served on my fellow council members and developer Iddo Benzeevi, I was targeted for recall.
I believe this recall effort is a blatant attempt to harm my reputation and my credibility as a witness for the prosecution in any criminal case that may arise from this investigation.
I have always fought hard for public safety, more fire stations, a new police station, Fire paramedics, more POLICE officers, speed bumps, a successful ANTI GRAFFITI program, and anti-burglary and anti-gang teams.
I always listen to YOU, we've accomplished: Widening of Pigeon Pass, new traffic signals, new retail stores and restaurants, including Outback restaurant, BJ Brewhouse, Mimi's, Applebee's and the new TJ Maxx store, etc.
I will work hard for YOU in my final year in Office!

NOTICE OF INTENT TO CIRCULATE RECALL PETITION

TO THE HONORABLE RICHARD A. STEWART: Pursuant to Section 11020, California Elections Code, the undersigned registered qualified voters of The City of Moreno Valley, Council District Two, in the State of California, hereby give notice that we are the proponents of a recall petition and that we intend to seek your recall and removal from the office of City Council Member Council District Two, for the City of Moreno Valley, California, and to determine election of a successor in that office.

The grounds for the recall are as follows:

You have failed to meet the expectations of the electorate and have brought shame and embarrassment upon our City.

The printed names of the proponents are as follows:

1. Debra G. Craig, 24811 Freedom Ct, Moreno Valley, CA 92557; 2. Matthew Craig, 24811 Freedom Ct, Moreno Valley, CA 92557; 3. April Helms, 24841 Freedom Ct, Moreno Valley, CA 92557; 4. PETITION FOR RECALL

TO THE HONORABLE CITY COUNCIL OF THE CITY OF MORENO VALLEY,

Pursuant to the California Constitution and California election laws, we the undersigned registered and qualified electors of the City Council District 1, of the City of Moreno Valley, County of Riverside, California, respectfully state that we seek the recall and removal of Jesse Molina, holding the office of Council Member in District 1 of the City Moreno Valley, County of Riverside, California.

We demand an election of a successor to that office.

The following Notice of Intention to Circulate Recall Petition was served on the 25th day of June, 2013 to Jesse L. Molina:

NOTICE OF INTENTION TO CIRCULATE RECALL PETITION

TO THE HONORABLE JESSE MOLINA: Pursuant to Section 11020, California Elections Code, the undersigned registered qualified voters of The City of Moreno Valley, Council District One, in the State of California, hereby give notice that we are the proponents of a recall petition and that we intend to seek your recall and removal from the office of City Council Member Council District One, for the City of Moreno Valley, California, and to demand election of a successor in that office.

The grounds for the recall are as follows:

You have failed to meet the expectations of the electorate and have brought shame and embarrassment upon our City.

The printed names of the proponents business or residence addresses are on file with the elections official are as follows:
Curtis L. Gardner, Carolyn Gardner, Kenneth W. Sabel, Michelle Sabel, Pauline Rojas, Mattie Mc Henry, Angel Urrea, Richard Haro, Gregorio L. Yanez, Charles E. Johnson.

The answer of the officer sought to be recalled is as follows:

Answer to grounds for Recall: by City Councilman Jesse Molina

DON'T SIGN THIS PETITION. There are NO valid reasons for this recall. I was elected in November with over 56% of the vote in a three-way race. Nothing has happened since the November election to justify my recall.

The ANTI-JOB recall supporters' unfounded allegations are shameful and will harm our City's progress.

We've never been in a situation like this before where you can say anything do anything, have NO facts, No research, NO nothing, and you can launch a hate- driven bigoted assault on a duly elected City Councilmember.

I humbly ask that members of every community say "NO MORE' together. I love this city with every part of my being and I will continue to stay focused on building a better Moreno Valley.

JUST SAY NO TO SMEAR TACTICS!! No city council member should ever be afraid of making unpopular decisions due to threats of being recalled.

STAND BESIDE ME AND REFUSE TO SIGN this recall petition and demand it's crazy supporters to STOP THIS INSANE RECALL because it is the only fair thing to do.

Subject: Emil Dragovich, JR. [redacted] or ozzmirer@gmail.com

Emil Dragovich resides at 15725 Biarritz Ct. He came by the office to find out how he can get the number to Mr. Owings "rolls" for calls that are coming to his home line. He stated he has been registered to NOT receive these types of calls and after checking with the Registrar's office, he is on the no call list but still receives the calls. He stated when he calls the number back, as it shows up on caller i.d., the number is disconnected and then a different number will call – same thing happens. He requests to be removed from this rolls listing, not because he is for or against the recalls, but simply he doesn't want the calls to continue over and over again.

Mr. Dragovich asked if someone from Mayor Owings office could assist him with this by returning his call or sending an email (above).

Mr. Dragovich also inquired about the No bull signs in District 3. I referred him to Code to see if they would be able to assist him with his concerns.

Thanks,

Kathy Gross

Subject: FW: Meetings with City Managers today re: public safety options

Mayor, Mayor Pro Tem, and Members of the City Council: I wanted to follow up with you following our visit to the cities noted below to discuss the public safety study. We met with each of the city managers and in some cases the police chiefs or other public safety staff. Our meetings were extremely cordial and helpful and all of the cities have agreed to provide us with some data related to service levels, budget, etc. which Strategic Policy Partnership (SPP) will analyze. The general refrain we heard from staff at other contract cities was that they were not unhappy with the service provided through the contracts but were concerned about how to continue to fund the services given anticipated rate increases and slow economic recovery. Once the cities have followed up and provided the requested information to SPP we should receive a draft report in 4 – 6 weeks.

We will of course keep you updated regarding our progress on this effort.

Subject: Meetings with City Managers today re: public safety options

Mayor, Mayor Pro Tem, and Members of the City Council: Following up on the effort to explore any possible options for cost sharing, etc. for public safety services, I have meetings scheduled with several City Managers today and tomorrow to discuss this effort. Tom DeSantis and I are meeting with the managers from several surrounding cities per the schedule noted below. From the Strategic Policy Partnership we will have with us Bernard Melekian, the former Chief of Police in Pasadena and most recently the Director of the U. S. Department of Justice's Office of Community-Oriented Policing. The purpose of these meetings will be to discuss each city's current and future budget status as it relates to public safety, request data for Strategic Policy Partnership's use, and identify the level of interest in reviewing any options.

Monday July 29th
City of Temecula
City of Wildomar
City of Hemet
City of Menifee

Tuesday July 30th
City of Murrieta
City of Lake Elsinore
City of Canyon Lake
City of Banning
City of Calimesa

The City Managers from Perris and San Jacinto were unable to meet this week but I have had conversations with them and they are forwarding the requested data from their cities. The City of Beaumont declined to meet.

Dear Mrs. Espinoza:

This is to inform you that the petition format submitted to recall Tom Owings as Council Member of the City of Moreno Valley is hereby rejected for the following deficiencies:

1. The Petition Form is misleading, as it is referring to Council Member Stewart on Page 2, instead of Mayor Owings.

   Incorrect wording below: Refers to Council Member Richard Stewart

   Page 2, first paragraph, first sentence: "Pursuant to the California Constitution and California election laws, we the undersigned registered and qualified electors of the Second Council District, of the City of Moreno Valley, County of Riverside, California, respectfully state that we seek the recall and removal of *Richard Stewart*, holding the office of Councilmember for the Second Council District of the City Moreno Valley, in the County of Riverside, California.

   Correct wording below: Refers to Mayor Tom Owings

   Page 2, first paragraph, first sentence: "*Pursuant to the California Constitution and California election laws, we the undersigned registered and qualified electors of the City Council District 3 of the City of Moreno Valley, County of Riverside, California, respectfully state that we seek the recall and removal of Tom Owings, holding the office of City Council Member in District 3 of the City of Moreno Valley, in the County of Riverside, California.*"

2. Page 2, numbering in the voters' signature table should be consecutive..... "7, 8, 9, 10, etc." E.C. 100(c) (The numbering was correct on the previously filed Petition Form.)

CITY CLERK

HEADING:

1. Page 1, "Notice of Intention to Circulate Recall Petition" is the incorrect title of the form. The correct title is "*Petition for Recall.*" (The wording was correct on the previously filed Petition Form.)

2. Page 1, first paragraph, first sentence, quotation marks need to be removed: TO THE HONORABLE "*CITY*" COUNCIL, of the CITY of MORENO VALLEY. Page 2 (in the same paragraph) should have "*CITY*" inserted before Council and a comma after "MORENO VALLEY,"

NOTICE OF INTENTION TO CIRCULATE RECALL PETITION:

1. Page 2, first paragraph, first sentence of Petition Form has double wording: "*hereby give notice that we are the proponents of a recall petition*" ~~and that we are the proponents of a recall petition~~. (The wording must be the same as the original Notice of Intention and was correct on the previously filed Petition Form.)

2. Page 2, first paragraph, last sentence....City Council Member Council District Two,....The correct number of the city council district is "*Three*" not "~~Two~~." (The wording must be the same as the original Notice of Intention and was correct on the previously filed Petition Form.)

3. Page 2, the wording: "*The answer of the officer sought to be recalled is as follows:*" is listed twice. It should be listed once before the text of the Answer.

INCUMBENT'S ANSWER:

1. Pages 1 and 2, first paragraph, second sentence: The word "*the*" needs to be inserted "It is "the" ANTI-JOB recall supporters' unfounded allegations which are embarrassing and shameful." (It was correct in previously filed Petition Form.)

2. Pages 1 and 2, second paragraph, second sentence: The word "*OUR*" needs to replace "OR," as submitted by the incumbent's Answer. *"DON'T LET THEM STOP OUR MAYOR."* (It was correct in previously filed Petition Form.)

"Pursuant to EC 11041, the proponents shall use the recall petition format provided by the Secretary of State. According to Procedure for Recalling State and Local Officials prepared by the Office of the Secretary of State, "the submitted blank copies of the petition will be carefully reviewed for uniformity and correctness and will be compared to the Notice of Intention and publication to assure accuracy in text,

punctuation, capitalization, spelling, format, etc. If the comparison discloses discrepancies, the petition may be rejected."

Elections Code 11042 provides that the proponents must submit corrected petition formats to this office within ten days of receiving notification.

Please call the Office of the City Clerk at [redacted], if you have any questions.

Sincerely,

Jane Halstead, CMC
City Clerk

August 5, 2013

Mr. Scott J. Heveran
12109 Swegles Lane
Moreno Valley, 92557

Dear Mr. Heveran:

This is to inform you that the (corrected) petition format submitted on July 29, 2013 to recall *Victoria Baca as City Council Member in District 5* of the City of Moreno Valley meets the requirements of the Elections Code as to form and wording.

Pursuant to Elections Code Section 11220, the petition shall be filed with the City Clerk's office not later than 120 days from August 5, 2013.

Therefore, the petition shall be filed no later than the close of normal office hours on December 3, 2013.

Pursuant to Elections Code Section 11221, the petition shall be signed by not less than 20% of the registered voters in City Council District 5 of the City of Moreno Valley. The number of registered voters in City Council District 5 is 14,390, as of the last report of registration to the Secretary of State, which was submitted by the Riverside County elections official on February 10, 2013.

The number of required signatures for City Council District 5 is 2,878.

Please be advised Elections Code 104, 11046 and 18650 are attached for your review. The circulator must be a registered voter in the jurisdiction of the officer sought to be recalled.

Please contact the office of the City Clerk at [redacted], if you have any questions.

Sincerely,

Jane Halstead, CMC
City Clerk
Enclosures: E.C. 104, 11046 & 18650

the petition is filed. A written request made under this section shall not constitute a petition or paper for purposes of Section 104.

(Amended by Stats. 2009, c. 510, §1.)

104. Declaration of circulator attached to petition; form.

(a) Wherever any petition or paper is submitted to the elections official, each section of the petition or paper shall have attached to it a declaration signed by the circulator of the petition or paper, setting forth, in the circulator's own hand, the following:

(1) The printed name of the circulator.

(2) The residence address of the circulator, giving street and number, or if no street or number exists, adequate designation of residence so that the location may be readily ascertained.

(3) The dates between which all the signatures to the petition or paper were obtained.

(b) Each declaration submitted pursuant to this section shall also set forth the following:

(1) That the circulator circulated that section and witnessed the appended signatures being written.

(2) That according to the best information and belief of the circulator, each signature is the genuine signature of the person whose name it purports to be.

(c) The circulator shall certify to the content of the declaration as to its truth and correctness, under penalty of perjury under the laws of the State of California, with the signature of his or her name. The circulator shall state the date and the place of execution on the declaration immediately preceding his or her signature.

(Amended by Stats. 2012, c. 132, §1.)

105. Examination of petitions; residence address verification.

For purposes of verifying signatures on any initiative, referendum, recall, nomination, or other election petition or paper, the elections official shall determine that the residence address on the petition or paper is the same as the residence address on the affidavit of registration. If the addresses are different, or if the petition or paper does not specify the residence address, or, in the case of an initiative or referendum petition, if the information specified in Section 9029 is not contained in the petition, the affected signature shall not be counted as valid.

Any signature invalidated pursuant to this section shall not affect the validity of other valid signatures on the particular petition or paper.

(Added by Stats. 1994, c. 920, §2.)

106. Nomination papers' signatures.

Notwithstanding any other provision of law:

(a) Any registered voter who is a candidate for any office may obtain signatures to and sign his or her own nomination papers. The candidate's signature shall be given the same effect as that of any other qualified signer.

(b) Any person engaged in obtaining signatures to the nomination papers of a candidate for any office or to any recall, initiative or referendum petition, may, if otherwise qualified to sign the papers or petition, sign the papers or petition. The signature of the person shall be given the same effect as that of any other qualified signer.

(Added by Stats. 1994, c. 920, §2.)

MV00252068

11043.5. Secretary of state to provide recall petition format.

(a) The Secretary of State shall provide to county elections officials a recall petition format for distribution to proponents of a recall. The recall petition format shall be made available upon request by the county elections official and by the Secretary of State.

(b) The recall petition format made available pursuant to this section shall be utilized by proponents of a recall election.

(Added by Stats. 1996, c. 714, §5.)

11044. Separate petitions necessary.

Separate petitions are necessary to propose the recall of each officer.

(Added by Stats. 1994, c. 920, §2.)

11045. Only registered voters of jurisdiction qualified.

Only registered voters of the electoral jurisdiction of the officer sought to be recalled are qualified to circulate or sign a recall petition for that officer.

(Added by Stats. 1994, c. 920, §2.)

11046. Circulator's declaration.

To each section of a petition shall be attached a declaration, signed by the circulator thereof, that complies with Section 104. The declaration shall include a statement that the circulator is a registered voter in the jurisdiction of the officer sought to be recalled.

(Added by Stats. 1996, c. 714, §7.)

11047. Petition circulated in more than one county.

When a petition is circulated in more than one county for the recall of an officer, each section of the petition shall bear the name of the county for which it is circulated, and only registered voters of that county may sign that section.

(Amended by Stats. 2004, c. 156, §1.)

Chapter 2. Recall of State Officers: Intermediate Steps in the Recall

11100. Application of chapter.

(a) This chapter applies only to the recall of state officers.

(b) In addition to this chapter, Sections 13 to 18, inclusive, of Article II of the California Constitution and the applicable provisions of Chapter 1 (commencing with Section 11000) and Chapter 4 (commencing with Section 11300) shall govern the recall of state officers.

(Amended by Stats. 2010, c. 328, §62.)

11101. Presumption that the petition contains the required signatures.

Unless and until it is otherwise proven upon official investigation, it shall be presumed that the petition presented contains the signatures of the requisite number of registered voters.

(Amended by Stats. 1996, c. 714, §8.)

11102. Filing of petition sections.

Each section of a recall petition shall be filed with the elections official of the county for which it was circulated.

(Amended by Stats. 2004, c. 156, §2.)

11103. Filing of petition section; written authorization.

Each section of the petition shall be filed by the proponents or by any person or persons authorized, in writing, by a proponent. Each time an autho-

Subject: Rancho Belago

Dear Rancho Belago and Moreno Valley Officials,

Thank you in advance for considering our petition and sharing our idea.

While I am only a citizen in this city and not aware of the steps required to approve and organize a community event; my daughter and I have been brainstorming on how our community can experience an event to highlight our youth and their optimistic attitudes. We would like to invite our Rancho Belago's youth; the future entrepreneurs, doctors, educators, or professionals of our local schools to participate in an event that validates and recognizes who they are. An event that inspires their dreams, motivates their ambitions; and instills a sense of pride for where they live. We strongly believe in conquering our youth's desire for a prosperous future in Rancho Belago's inviting atmosphere and or Moreno Valley's environment. We thought of an innovative event: a Rancho Belago Homecoming Parade.

We thought of a homecoming parade in Rancho Belago's main boulevard Moreno Beach Drive into Iris Street. The parade's theme would be a continuation of our city's vision "Where Dreams Soar" to "Rancho Belago's Pride, Community, Prosperity."

The parade's mission would be to enhance the youth's community involvement. Ideally, the parade would be scheduled during traditional homecoming season.
Our local high schools' and community colleges' music bands, choirs, color guards, football teams, cheerleaders, dance teams, academic teams or top GPA groups would all participate by marching and or ridding on floats designed by their associated student bodies. Every student would be asked to provide a written statement of what makes them proud to live in Moreno Valley and what they believe can make Rancho Belago a better place to live in.

We assume that planning a community homecoming parade would need to be approved by public services, city managers, school districts, and law enforcements. The parade would also need support from our neighborhood shopping centers, restaurants, and Moreno Beach Drive into Iris Streets' main anchor-Stater Bros Stores. Furthermore, Rancho Belago's tourist attraction and state property entrance to Lake Perris would be affected; as well as, Kaiser's medical facilities. Nevertheless, Rancho Belago's youth would recognize their major city's developments and realize future opportunity for growth.

Please respond to our petition by sharing the idea of a community homecoming parade with the planning committees at your next board meetings.

Respectfully,
mrs. cortes

Subject: Employment Offers to Library Staff Members

Honorable Mayor and City Council:

As the City Library operation transitions toward operation by LSSI, 20 of our current staff member applied for positions with LSSI.

This afternoon, I was informed that 18 have been offered positions in our Library and one has been offered a position in another LSSI-operated library in Riverside County.

We are delighted, though not at all surprised, that LSSI managers quickly recognized the skills and talents of our Library team. We are also pleased that LSSI moved swiftly into the hiring process, which also brings a sense of stability to our staff members and their families.

Looking ahead: We anticipate that the Library will close on August 31st, remaining closed over the Labor Day weekend and a few additional days required to reorganize the branch, shelve newly-ordered materials and prepare to re-open on September 9th under LSSI's management. We look forward to beginning a new chapter in serving Moreno Valley library patrons.

As always, please let me or Michelle know if we can provide additional information or assistance.

Respectfully,

Tom

CITY CLERK
MORENO VALLEY
RECEIVED

13 AUG -6 AM 9:53

PETITION FOR RECALL

TO THE HONORABLE CITY COUNCIL of the CITY of MORENO VALLEY,

Pursuant to the California Constitution and California election laws, we the undersigned registered and qualified electors of the City Council District 3 of the City of Moreno Valley, County of Riverside, California, respectfully state that we seek the recall and removal of Thomas Owings, holding the office of City Council Member in District 3 of the City of Moreno Valley, County of Riverside, California.

We demand an election of a successor to that office.

The following Notice of Intention to Circulate Recall Petition was served on the Twentieth day of June, 2013 to Thomas Owings:

NOTICE OF INTENTION TO CIRCULATE RECALL PETITION

TO THE HONORABLE THOMAS OWINGS: Pursuant to Section 11020, California Elections Code, the undersigned registered qualified voters of The City of Moreno Valley, Council District Three, in the State of California, hereby give notice that we are the proponents of a recall petition and that we intend to seek your recall and removal from the office of City Council Member Council District Three, for the City of Moreno Valley, California, and to demand election of a successor in that office.

The grounds for the recall are as follows:

You have failed to meet the expectations of the electorate and have brought shame and embarrassment upon our City.

The printed names of the proponents business or residence addresses are on file with the elections official are as follows:
Craig R. Givens, Joan Givens, Alida Espinoza, Jose Luis Espinoza, Jesus Ramos, Lisa Encinas, Robert A. Velasco, Lindsay I. Robinson, Byron R. Johnson, and Terri Hall

The answer of the officer sought to be recalled is as follows:

DON'T SIGN THIS PETITION. There are NO valid reasons for this recall. Nothing has happened since the November Election to justify the recall of Mayor Owings -- a mere six months ago. It is the ANTI-JOB recall supporters' unfounded allegations which are embarrassing and shameful.

DON'T LET THEM STOP OUR MAYOR. The Mayor was candid with voters and did what he said he would do. He has delivered on his promises to create new jobs, balance the budget, increase graduation rates, and appoint new management with new vision at City Hall. The Mayor may be too blunt or too passionate for some but that's not a reason to remove him from office.

VOTERS NEED TO STOP THIS INSANITY! No elected official should ever be fearful of taking a firm stance or making an unpopular decision for fear of being removed from office by a frivolous and costly Recall.

VOTERS SHOULD REFUSE TO SIGN this Recall Petition and demand supporters stop this dishonest recall.

This is something we should all be able to agree on - - because it is the right thing to do and because it is the fair thing to do!

PETITION FOR RECALL

TO THE HONORABLE CITY COUNCIL of the CITY of MORENO VALLEY,

Pursuant to the California Constitution and California election laws, we the undersigned registered and qualified electors of the City Council District 3 of the City of Moreno Valley, County of Riverside, California, respectfully state that we seek the recall and removal of Thomas Owings, holding the office of City Council Member in District 3 of the City Moreno Valley, County of Riverside, California.

We demand an election of a successor to that office.

The following Notice of Intention to Circulate Recall Petition was served on the Twentieth day of June, 2013 to Thomas Owings:

NOTICE OF INTENTION TO CIRCULATE RECALL PETITION

TO THE HONORABLE THOMAS OWINGS: Pursuant to Section 11020, California Elections Code, the undersigned registered qualified voters of The City of Moreno Valley, Council District Three, in the State of California, hereby give notice that we are the proponents of a recall petition and that we intend to seek your recall and removal from the office of City Council Member Council District Three, for the City of Moreno Valley, California, and to demand election of a successor in that office.

The grounds for the recall are as follows:

You have failed to meet the expectations of the electorate and have brought shame and embarrassment upon our City.

The printed names of the proponents business or residence addresses are on file with the elections official are as follows:

Tami Hall, 29177 Navarra Ave., Moreno Valley, CA 92555; 21. Tracey Mendelsohn, 11475 Cerrie Ln, Moreno Valley, CA 92555

A copy of this notice and proof of service will be filed with the City Clerk for the city of Moreno Valley.

Elections Code section 11023. (a) Within seven days after the filing of the notice of intention, the officer sought to be recalled may file with the elections official, or in the case of a state officer, the Secretary of State, an answer, in not more than 200 words, to the statement of the proponents. (b) If an answer is filed, the officer shall, within seven days after the filing of the notice of intention, also serve a copy of it by personal delivery or by certified mail, on one of the proponents named in the notice of intention. (c) The answer shall be signed and shall be accompanied by the printed name and business or residence address of the officer sought to be recalled. 7/19

Subject: Meeting w/ Mr. Sopher

Rick:

My 2nd meeting w/ Mr. Sopher was shorter than the first, but he did not leave as satisfied as the first time. He has worked his appeal of the false alarm citation thru the City & PD as much as he can and has been denied a dismissal of the citation. I told him that if he was still not satisfied that his best recourse was to contact a Councilmember b/c the City Council created the ordinance, the PD followed it, and staff on both sides have exhausted their abilities to help him further. He said that he intends to ask for the Mayor's help or initiate a class action law suit. I understand from Cindy Miller that he has already requested a meeting w/ the Mayor.

His primary contention is that the PD has altered their call log so that it does not document that the officer responding to the false alarm call was waived off within 1 minute of arriving at his house. He claims to have a copy of the call log obtained last Thursday that is different than the one shown to him today. He preferred to not give me a copy of his documentation so that I could share it with the PD; I suggested that he give it to the Mayor to share with the PD in a last attempt at a non-political and non-legal resolution.

Several facts would need to be understood prior to substantiating his claim. For example, he claims his alarm company called the PD twice, not once, but the PD altered their logs to delete the first call so that the second call was clearly after the officer arrived at his house. Clock differences between the PD and the alarm company. Why the officer chose to cite him: because she responded to the call or because she found additional cause once she was there.

He is also concerned about various other aspects of his interaction with the City. Below are some of the themes he mentioned more than once.

Lack of ability amongst City & PD staff to accurately direct him to responsible parties for false alarm citations; he didn't appreciate the bureaucratic finger pointing and the travel required among buildings to search for the correct staff to talk to.

Lack of ability amongst City & PD staff to thoroughly describe the appeals process and the basis for filing, granting, or denying an appeal. His contention here is that due process was denied because he could not ascertain the above information to help him craft his appeal.

PD requirement to file a public records request to obtain a copy of their call log; he believes it to be a public document.

He mentioned that he looks forward to seeing Rick again on the 21st.

Subject: Stephen Sopher - [redacted]
Importance: High

Stephen Sopher would like an answer today. He stopped by to talk to you regarding his visit to you earlier concerning the following:

1. How can one request a criminal investigation concerning the MVPD "Contact Logs" beings altered?
2. Mr. Sopher received a false alarm on July 8, 2013; he returned from out-of-country (has the incoming/outgoing passport stamps to prove) on 7/21 (3 days too late to file appeal).
3. Mr. Sopher's alarm company shows call came in on 7/8 at 2252; Officer Padilla advised Mr. Sopher that the dispatch received a call at 2315 to stand down; a second call from alarm company was made to dispatch at 2316 again to stand down (Mr. Sopher has call log from alarm company)
4. After Padilla advised Mr. Sopher on how to send his appeal in after the fact, today, Rasmussen advised it was denied due to the contact log shows timer was off at 2320, but refused to give a copy of the contact log.
5. Mr. Sopher came to visit Council office for Mayor to look into this issue and was asked by me if he has had the opportunity to discuss with the Chief of Police's office, which he had not, so he went over there and returned after with a copy of the "call log" from Rasmussen. Mr. Sopher will compare to the one he has at home for any alterations after the fact.
6. Mr. Sopher has issues with the Code; watch commanders have advised his HOA (Hidden Springs) to call dispatch for anything out of the ordinary and there will not be any charge for the call for service, although a simple false alarm under the circumstances mentioned above where the officers were to stand down doesn't count for anything and the homeowner is charged. He stated this is an abuse of City Resources. If a proven legitimate false alarm, he doesn't have a problem with, but in this case he does. Also in regards to the noise abatement law, he stated he could have a loud party and the officers could come out as many as three times before actually being cited – he doesn't understand the inconsistencies in one code v. another.

Mr. Sopher also mentioned that he hopes this is not of anything "racial" towards himself, as he is a minority.

Thanks,

Kathy Gross
Executive Assistant I
City Clerk's Office

Follow Up Flag: Flag for follow up
Flag Status: Flagged

Mr. Sopher stated he has secured new information. He stated the police department's call record has not been altered. He stated that the RSO has a new policy of false alarms being sent to a specialized alarm number; thereby, the call that would not show on the call record. He stated when his alarm company called, they were put on hold for 1-1/2 minutes. He stated this reflects a lack of RSO resources and sufficient staff to respond in a timely manner.

Mr. Sopher stated that both RSO and city staff need to be trained to fully understand who has jurisdiction regarding enforcement and appeal process of false alarms.

Mr. Sopher stated he will make this a political issue and may speak during city council public comments.
Thanks,

Cindy

Mr. Sopher has issues with the Code; watch commanders have advised his HOA (Hidden Springs) to call dispatch for anything out of the ordinary and there will not be any charge for the call for service, although a simple false alarm under the circumstances mentioned above where the officers were to stand down doesn't count for anything and the homeowner is charged. He stated this is an abuse of City Resources. If a proven legitimate false alarm, he doesn't have a problem with, but in this case he does. Also in regards to the noise abatement law, he stated he could have a loud party and the officers could come out as many as three times before actually being cited – he doesn't understand the inconsistencies in one code v. another.

Mr. Sopher also mentioned that he hopes this is not of anything "racial" towards himself, as he is a minority.

Thanks,

Kathy Gross

Ms. Aja Smith
15705 Guajome Road
Moreno Valley, CA 92551

Dear Ms. Smith:

This is to inform you that the petition format submitted on July 30, 2013 to recall *Marcelo Co as City Council Member in District 4* of the City of Moreno Valley is hereby rejected for the following deficiency:

1) Third paragraph of the Petition Form, substantial error regarding date of service of the Notice of Intention..."9th Day of July, 2013"

   Please change the date to the correct date of service and re-submit the Petition Form within 10 days. (The previously filed dated Petition Form listed the correct date: 25th Day of June, 2013.)

Pursuant to EC 11041, the proponents shall use the recall petition format provided by the Secretary of State. According to Procedure for Recalling State and Local Officials prepared by the Office of the Secretary of State, "the submitted blank copies of the petition will be carefully reviewed for uniformity and correctness and will be compared to the Notice of Intention and publication to assure accuracy in text, punctuation, capitalization, spelling, format, etc. If the comparison discloses discrepancies, the petition may be rejected."

Elections Code 11042 provides that the proponents must submit corrected petition formats to this office within ten days of receiving notification.

Please call the Office of the City Clerk at [redacted] if you have any questions.

Sincerely,

Jane Halstead, CMC
City Clerk

Moreno Valley, CA 92557

Dear Mrs. Craig:

This is to inform you that the petition format submitted on July 30, 2013 to recall *Richard Stewart as Council Member in District 2* of the City of Moreno Valley is hereby rejected for the following deficiencies:

SIGNATURE TABLE:

1. Signature spaces must be consecutively numbered commencing with the number one (1.) for each petition section consistent with the Secretary of State guidelines. ...On Page 2 the numbering should follow...6, 7, 8, etc., E.C. 100(c).

NOTICE OF INTENTION TO CIRCULATE RECALL PETITION:

Text of Notice of Intention must appear exactly as written on the original Notice.

1. First paragraph, first sentence: delete initial "A" before word "Stewart"
2. Correct misspelled names of proponents:

   a) Debra D. Craig – D is missing
   c) Michael R. Palmer – initial R is missing

INCUMBENT'S ANSWER:

1. Text of Answer to Grounds for Recall (it must appear exactly as written on the original Notice): Paragraph 8: word "office" should be lowercase.

DECLARATION OF CIRCULATOR (please see the Secretary of State Form):

1. The word "CIRCULATOR'S" is misspelled in the sentence: MUST BE IN CIRCULATTOR'S OWN HANDWRITING. It should have only one "T."

CITY CLERK
MORENO VALLEY
RECEIVED
13 AUG -8 PM 2:26

PETITION FOR RECALL

TO THE HONORABLE CITY COUNCIL of the CITY of MORENO VALLEY,

Pursuant to the California Constitution and California election laws, we the undersigned registered and qualified electors of the City Council District 4, of the City of Moreno Valley, County of Riverside, California, respectfully state that we seek the recall and removal of Marcelo Co, holding the office of Council Member for the City Council District 4, of the City Moreno Valley, in the County of Riverside, California.

We demand an election of a successor to that office.

The following Notice of Intention to Circulate Recall Petition was served on the 25th Day of June, 2013 to Marcelo Co:

NOTICE OF INTENTION TO CIRCULATE RECALL PETITION

TO THE HONORABLE Marcelo Co: Pursuant to Section 11020, California Elections Code, the undersigned registered qualified voters of The City of Moreno Valley, Council District Four, in the State of California, hereby give notice that we are the proponents of a recall petition and that we intend to seek your recall and removal from the office of City Council Member Council District Four, for the City of Moreno Valley, California, and to demand election of a successor in that office.

The grounds for the recall are as follows:

You have failed to meet the expectations of the electorate and have brought shame and embarrassment upon our City.

The printed names of the proponents are as follows: Aja Smith, Debra Smith, Deanna Reeder, Samantha Carbajal, Adam Carbajal, Kenneth Bell, Radene Ramos Hiers, Carri Ann Arrieta, John Arrieta, Nina Ramos Hiers.

The answer of the officer sought to be recalled is as follows:

DON'T SIGN THE RECALL PETITION. This unethical lynch mob mentality has to stop. Recalls should not be used as a political tactic and are only appropriate for official misconduct. Although I've made tough and sometimes unpopular decisions that's not a reason to remove me from office.

Don't let the backers of this hate-driven bigoted assault on me get away with saying anything and do anything without any facts. They don't care that it will cost taxpayers hundreds of thousands!

Now that we finally have a working majority on the council things are getting done and I've been able to keep my promises to create new jobs, balance the budget, and bring common sense back to City Hall.

DON'T LET THESE GADFLY'S HIJACK MORENO VALLEY. I stood up for you against the old boys club who ran our City into the ground. Now they are out of power and want back in and are being helped by a group of ANTI-JOB environmental zealots that will stop at nothing to stop job creation.

THIS CHAOS MUST STOP. If asked to sign the costly and dishonest recall petition – REFUSE TO SIGN!

August 8, 2013

Mrs. Alicia Espinoza
15326 La Palma Way
Moreno Valley, CA 92555

Dear Mrs. Espinoza:

This is to inform you that the (corrected) petition format submitted on August 6, 2013 to recall *Tom Owings as City Council Member in District 3* of the City of Moreno Valley meets the requirements of the Elections Code as to form and wording.

Pursuant to Elections Code Section 11220, the petition shall be filed with the City Clerk's office not later than 120 days from August 8, 2013.

Therefore, the petition shall be filed no later than the close of normal office hours on December 5, 2013.

Pursuant to Elections Code Section 11221, the petition shall be signed by not less than 20% of the registered voters in City Council District 3 of the City of Moreno Valley. The number of registered voters in City Council District 3 is 17,717, as of the last report of registration to the Secretary of State, which was submitted by the Riverside County elections official on February 10, 2013.

The number of required signatures for City Council District 3 is 3,544.

Please be advised Elections Code 104, 11046 and 18650 are attached for your review. The circulator must be a registered voter in the jurisdiction of the officer sought to be recalled.

Please contact the office of the City Clerk at [redacted] if you have any questions.

Sincerely,

Jane Halstead, CMC
City Clerk
Enclosures: E.C. 104, 11046 & 18650

the petition is filed. A written request made under this section shall not constitute a petition or paper for purposes of Section 104.

(Amended by Stats. 2009, c. 510, §1.)

104. **Declaration of circulator attached to petition; form.**

(a) Whenever any petition or paper is submitted to the elections official, each section of the petition or paper shall have attached to it a declaration signed by the circulator of the petition or paper, setting forth, in the circulator's own hand, the following:

(1) The printed name of the circulator.

(2) The residence address of the circulator, giving street and number, or if no street or number exists, adequate designation of residence so that the location may be readily ascertained.

(3) The dates between which all the signatures to the petition or paper were obtained.

(b) Each declaration submitted pursuant to this section shall also set forth the following:

(1) That the circulator circulated that section and witnessed the appended signatures being written.

(2) That according to the best information and belief of the circulator, each signature is the genuine signature of the person whose name it purports to be.

(c) The circulator shall certify to the content of the declaration as to its truth and correctness, under penalty of perjury under the laws of the State of California, with the signature of his or her name. The circulator shall state the date and the place of execution on the declaration immediately preceding his or her signature.

(Amended by Stats. 2012, c. 132, §1.)

105. **Examination of petitions; residence address verification.**

For purposes of verifying signatures on any initiative, referendum, recall, nomination, or other election petition or paper, the elections official shall determine that the residence address on the petition or paper is the same as the residence address on the affidavit of registration. If the addresses are different, or if the petition or paper does not specify the residence address, or, in the case of an initiative or referendum petition, if the information specified in Section 9020 is not contained in the petition, the affected signature shall not be counted as valid.

Any signature invalidated pursuant to this section shall not affect the validity of other valid signatures on the particular petition or paper.

(Added by Stats. 1994, c. 920, §2.)

106. **Nomination papers' signatures.**

Notwithstanding any other provision of law:

(a) Any registered voter who is a candidate for any office may obtain signatures to and sign his or her own nomination papers. The candidate's signature shall be given the same effect as that of any other qualified signer.

(b) Any person engaged in obtaining signatures to the nomination papers of a candidate for any office or to any recall, initiative or referendum petition, may, if otherwise qualified to sign the papers or petition, sign the papers or petition. The signature of the person shall be given the same effect as that of any other qualified signer.

(Added by Stats. 1994, c. 920, §2.)

MV00252110

11043.5. Secretary of state to provide recall petition format.

(a) The Secretary of State shall provide to county elections officials a recall petition format for distribution to proponents of a recall. The recall petition format shall be made available upon request by the county elections official and by the Secretary of State.

(b) The recall petition format made available pursuant to this section shall be utilized by proponents of a recall election.

(Added by Stats. 1996, c. 714, §5.)

11044. Separate petitions necessary.

Separate petitions are necessary to propose the recall of each officer.

(Added by Stats. 1994, c. 920, §2.)

11045. Only registered voters of jurisdiction qualified.

Only registered voters of the electoral jurisdiction of the officer sought to be recalled are qualified to circulate or sign a recall petition for that officer.

(Added by Stats. 1994, c. 920, §2.)

11046. Circulator's declaration.

To each section of a petition shall be attached a declaration, signed by the circulator thereof, that complies with Section 104. The declaration shall include a statement that the circulator is a registered voter in the jurisdiction of the officer sought to be recalled.

(Added by Stats. 1996, c. 714, §7.)

11047. Petition circulated in more than one county.

When a petition is circulated in more than one county for the recall of an officer, each section of the petition shall bear the name of the county for which it is circulated, and only registered voters of that county may sign that section.

(Amended by Stats. 2004, c. 156, §1.)

Chapter 2. Recall of State Officers: Intermediate Steps in the Recall

11100. Application of chapter.

(a) This chapter applies only to the recall of state officers.

(b) In addition to this chapter, Sections 13 to 18, inclusive, of Article II of the California Constitution and the applicable provisions of Chapter 1 (commencing with Section 11000) and Chapter 4 (commencing with Section 11300) shall govern the recall of state officers.

(Amended by Stats. 2010, c. 328, §62.)

11101. Presumption that the petition contains the required signatures.

Unless and until it is otherwise proven upon official investigation, it shall be presumed that the petition presented contains the signatures of the requisite number of registered voters.

(Amended by Stats. 1996, c. 714, §8.)

11102. Filing of petition sections.

Each section of a recall petition shall be filed with the elections official of the county for which it was circulated.

(Amended by Stats. 2004, c. 156, §2.)

11103. Filing of petition section; written authorization.

Each section of the petition shall be filed by the proponents or by any person or persons authorized, in writing, by a proponent. Each time an autho-

Subject: Moreno Valley Team Update

I'm pleased to update all of you on a number of items that affect the City organization:

Employee Appreciation Barbecue: Your Executive Team is pleased to treat you to lunch in appreciation of your commitment and hard work. All employees are invited to an Employee Appreciation Barbecue on Tuesday, August 20th at the CRC. In order to allow time for everyone to participate and to provide coverage for our customers we will have two shifts: please join us from 11:30 - 12:30 or from 12:30 - 1:30. Thank you to the Department Heads for paying for the lunch (with side dishes contributed from Moreno Valley's Costco), to the Parks & Community Services Department for planning and set up, and to Senior Center Supervisor Jay Jones for his barbecuing skills.

Friday Hours at City Hall: City Hall has now been open on two Fridays to provide development services to our customers. Business has been relatively steady: on our very first Friday with the new 7:30 – 1:30 service hours (July 11th) we served 36 customers. We assisted 31 on July 25th. The Animal Shelter is reporting steady business during their new weekend hours as well. Thank you to our team members in Planning, Building & Safety, Land Development, Fire Prevention, Treasury Operations, Technology Services, Code Compliance and Animal Services.

Dress Code Information: As you know, I modified the Workplace Image Policy to designate Fridays as casual dress days, rather than Thursdays. The Policy has historically included the following language: "In spite of the outside temperature or the latest fashion craze, our workplace image is paramount." In keeping with this longstanding, and appropriate philosophy, the Policy will no longer contain language which added a second dress code for summer months. Effective September 1st, the Workplace Image Policy will be consistent throughout the year: Business attire on Monday through Thursday, with casual dress permitted only on Fridays. I recognize that this represents a slight departure from the recent past, and appreciate your support of a Policy revision designed to convey our respect for the residents and businesses we serve.

Library Outsourcing: The City is outsourcing the operation of the Moreno Valley Public Library to Library Systems and Services, the private sector enterprise that also operates more than 30 library branches located in cities and unincorporated communities throughout Riverside County. As the City Library operation transitions toward operation by LSSI, 20 of our current staff members applied for positions with LSSI. Eighteen of these employees have been offered positions in our Library and one has been offered a position in another LSSI-operated library in Riverside County. Though we are not surprised that LSSI managers quickly recognized the skills and talents of our Library team, we are happy that so many employees will continue to serve our Library customers. We anticipate that the Library will close on August 31st, remaining closed over the Labor Day weekend and a few additional days required to reorganize the branch, shelve newly-ordered materials and prepare to re-open on September 9th under LSSI's management.

Crossing Guard Program: School Crossing Guards are hired as Temporary Employees, and the program is managed by the Public Works Department. At the July 9th Council meeting, the Council again considered the option of outsourcing the City's crossing guard program to a private contractor as another cost-savings

measure. The City Council did not take action on this item and directed that the program will remain in-house at least through the 2013/14 school year.

Submit Your Photos of "What I Did on my Summer Vacation": We'd like to know how you have spent your much-deserved vacation time this summer. A full announcement will be forthcoming next week, but essentially we'd like you to forward a photo or two from your summer vacation (or staycation if that's the case) to Rob Roseen in Media & Communications (robertr@moval.org) and he will post them on an intranet page he created for sharing vacation photos with other employees.

MVFD Assists in Area Fire Fights: For the last few weeks, the Moreno Valley Fire Department has been assisting CAL FIRE/ Riverside County Fire and the United States Forest Service with numerous wildfires in Riverside County. Several fire apparatus from Moreno Valley as well as our Chief Officers have assisted with these fires including:

- The Mountain Fire which was began on July 15 and was located near Mountain Center in the San Jacinto Mountains. This fire burned 27,531 acres prior to containment
- The Falls Fire which began on August 5 and was located off of the Ortega Highway near Lake Elsinore. This fire burned 1,416 acres
- The Silver Fire which began on August 7 and is still actively burning. This fire has already triggered the evacuation of Poppet Flats, Twin Pines, and Silent Valley

All three of these fires became major incidents in a short period of time due to low humidity, hot temperatures, and dry fuel conditions. The containment of the Mountain Fire was greatly aided by a change in weather conditions while the Falls Fire was contained due to rapid intervention by numerous fire agencies, including some amazing air tanker activity as noted in the photograph below (photograph courtesy of Jeremy Ulloa). Special thanks to all our fire personnel.

Economic Development Update: John Terell and the rest of the development services team are making great things happen in Moreno Valley. The major economic development activities that we can discuss include the following:

- Aldi: Aldi Foods has selected Moreno Valley for its new southwest regional headquarters and distribution center in an approved 835,000 square foot building on the south side of Route 60 west of Redlands Boulevard. Aldi, with over 1,200 stores in the east and mid-west, also plans to open two stores in Moreno Valley.

- Stater Bros.: Stater Bros. has purchased the former Albertson's store at the northwest corner of Ironwood Avenue and Pigeon Pass Road. Stater's plans to spend several million dollars in renovations to open one of their top line stores by the end of this year.
- Sares-Regis: A national "lifestyle brand" has selected Moreno Valley for a new 800,000 square foot distribution center, with the potential to expand to 1,600,000 square feet of an approved project in the South Moreno Valley Industrial Area. The name of the tenant has been requested to be kept confidential pending the completion of lease negotiations.
- Polly's Pies: Polly's Pies has purchased the former Red Robin restaurant on the north side of TownGate Boulevard west of Frederick Street. The renovated restaurant is planned for opening within the next few months.
- Miguel's Jr.: Miguel's Jr. is constructing a new restaurant on Day Street north of Eucalyptus Avenue. The new restaurant is planned for opening later this year.
- Crunch Gym, Planet Fitness and 24 Hour Fitness: Three new gyms are planned for the TownGate area. Crunch Gym has leased space on the east end of the first floor of the Moreno Valley Mall. Planet Fitness has leased space between Ross Stores and the new BevMo! In the TownGate Shopping Center. 24 Hour Fitness has approved plans to construct a new gym just north of Costco on Day Street.

As always, thank you for all of your hard work and dedication to the City of Moreno Valley.
--Michelle

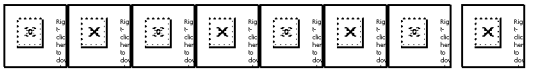
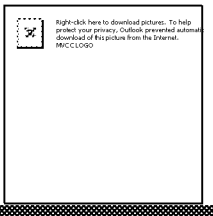
Subject: Library Closed for Week of Labor Day





Moreno Valley Chamber of Commerce

Library Closed for Week of Labor Day

The City of Moreno Valley approved a public - private partnership with LSSI in June to manage Moreno Valley's Public Library. Under the agreement, LSSI will re-establish 7-day service to our Library patrons, increase the current book and materials budget by 200 % per year, and save taxpayers more than $1.3 million over the five-year contract.

The transition to LSSI's management will occur over Labor Day week. The Moreno Valley Public Library will close at 6 p.m. on Saturday, August 31, and will remain closed through the Labor Day weekend and the following week. During the closure, staff will reorganize and shelve newly-ordered materials in preparation for re-opening under LSSI's management.

The Library will re-open for business on Monday, September 9, at 9 a.m., with the following hours:

Monday - Thursday:	9 a.m. - 8 p.m.
Friday:	9 a.m. - 6 p.m.
Saturday:	9 a.m. - 5 p.m.
Sunday:	12 noon - 5 p.m.

The Moreno Valley Public Library is located at 25480 Alessandro Blvd. and is currently open Monday through Thursday from 9 a.m. - 8 p.m., Friday from 9 a.m. - 1 p.m., and Saturday from 9 a.m. - 6 p.m.

For more information, visit the Library web site at http://library.booksite.com/7252/ or call 951.413.3880.

Tom,

Might such a piece be particularly timely if it were to be released with announcement of the next big job-producing development that the City lands? The angle would be two-fold:

1) Tout MoVal's strong success in econ development and job creation (Aldi, followed by the next one);

2) Acknowledge the City's hard work in light of unemployment/underemployment rates, particularly those which most affect our City's workforce demographic.

If we time it to coincide with State of the City we could submit it under the Mayor's name; or we could submit it under John T's name and perhaps time it with an announcement of his appointment as permanent Community & Economic Dev Dir as well as the State of the City.

CLAIM AGAINST THE CITY OF MORENO VALLEY

(For Damage to Persons or Personal Property)

Received by Kathy Cross FOR OFFICE USE ONLY CLAIM NO. 2013-39

via ___ U.S. Mail
___ Inter Office Memo
✓ Over the Counter

A claim must be filed with the City Clerk of the City of Moreno Valley within six (6) months after occurrence of the incident or event on which the claim is based. Be sure your claim is against the City of Moreno Valley, not another public entity. Where space is insufficient, please use additional paper and identify information by paragraph number.

Completed claims must be mailed or delivered to: the City Clerk, City of Moreno Valley, 14177 Frederick St., P.O. Box 88005, Moreno Valley, California 92552-0805.

TO THE HONORABLE MAYOR AND CITY COUNCIL, The City of Moreno Valley California,
The undersigned respectfully submits the following claim and information relative to damage to persons and/or personal property:

1. NAME OF CLAIMANT: City of Perris
   a. ADDRESS OF CLAIMANT: 101 N. D Street, Perris, CA 92570
   b. PHONE NUMBER: [redacted]
   c. DATE OF BIRTH: Not applicable
   d. SOCIAL SECURITY NO.: Not applicable
   e. DRIVER'S LICENSE NO.: Not applicable

2. Name, telephone, and mailing address to which claimant desires notices to be sent, if other than above:
June Ailin, Esq., Aleshire & Wynder, 2361 Rosecrans Avenue, El Segundo, CA 90245

3. Occurrence or event from which the claim arises:
   a. DATE: May 1, 2013 and May 13, 2013 at approximately 2:00 p.m.
   b. TIME:
   c. PLACE (Exact & specific location): Sacramento County Superior Court, 720 9th Street, Sacramento, CA 95814 and Perris City Hall, 101 N. D. Street, Perris, CA 92570

d. How and under what circumstances did damage or injury occur? Specify the particular occurrence, event, act, or omission you claim caused the injury or damage (use additional paper if necessary).

See Attachment 1 – City of Moreno Valley breached the Twelfth Amended Joint Powers Agreement and breached the covenant of good faith and fair dealing implied in the Twelfth Amended Joint Powers Agreement.

e. What particular action by the City, or its employees, caused the alleged damage or injury?

See Attachment 1

4. A general description of the indebtedness, obligation, injury, damage or loss incurred so far as it may be known at the time of presentation of the claim. If there were no injuries, state "no injuries"

See Attachment 1

5. Give the name(s)of the City employee(s) causing the damage or injury. If unknown, provide whatever information is available which might identify the person responsible.

Council members, Jesse L. Molina, Richard A. Stewart, Tom Owings, Marcelo Co and Victoria Baca, and City Manager, Michelle Dawson

6. Name and address of any other person(s) injured:

City of Riverside, 3900 Main Street, Riverside, CA 92522, and County of Riverside, 4080 Lemon Street, Riverside, CA 92501

7. Name and address of the owner of any damaged property:

Not applicable

8. Damages claimed:

a. Amount claimed as of this date: $ 10,000.00

b. Estimate amount of future costs: $ 350,000.00

c. Total amount claimed: $ 360,000.00

d. Basis for computation of amounts claimed (Include copies of all bills, invoices, estimates, etc.):

Attorney's fees and costs

9. Names and addresses of all witnesses, hospitals, doctors, etc:

a Council members, Jesse L. Molina, Richard A. Stewart, Tom Owings, Marcelo Co and

b Victoria Baca; City Manager, Michelle Dawson; and Iddo Benzeevi

c

d

10. Any additional information that might be helpful in considering this claim:

WARNING: IT IS A CRIMINAL OFFENSE TO FILE A FALSE CLAIM.
(Penal Code Section 72; Insurance Code Section 556)

I have read the matters and statement made in the above claim and I know the same to be true of my own knowledge, except as to those matters stated upon information or belief as to such matters I believe the same to be true. I certify under penalty of perjury that the foregoing is TRUE and CORRECT.

Signed this 8TH day of AUGUST, 20 13, at BERRIS California.

Claimant's Signature

ATTACHMENT 1
TO CITY OF PERRIS' CLAIM
AGAINST THE CITY OF MORENO VALLEY

On May 1, 2013, the City of Moreno Valley ("Moreno Valley") filed a Petition for Writ of Mandate and Complaint for Declaratory and Injunctive Relief initiating the case of *City of Moreno Valley v. Matosantos, et al.*, Sacramento County Superior Court, Case No. 34-2013-80001478 (the "Lawsuit"). Moreno Valley identified the City of Perris ("Perris"), among others, as a real party in interest in the Lawsuit. Moreno Valley alleges in the Lawsuit that the March Joint Powers Authority ("March JPA) is not the proper successor agency to the former March Joint Powers Redevelopment Agency ("Former RDA"), that the March JPA members, City of Riverside, County of Riverside, Moreno Valley and Perris ("March JPA Members"), individually became the successor agencies of the Former RDA upon its dissolution. It further alleges that agreements, including but not limited to the First Amendment to the Disposition and Development Agreement with March Healthcare, LLC, signed by the March JPA as the successor agency to the Former RDA, are not valid.

The allegations in the Petition are contrary to the express terms of the executed Twelfth Amended Joint Powers Agreement ("Twelfth JPA") executed by the March JPA Members, whereby the March JPA Members designated the March JPA to serve as the successor agency to the Former RDA upon its dissolution, and the express terms of Resolution JPA 12-04 adopted by the March JPA, whereby the Commission of the March JPA ratified the March JPA's election, in accordance with the Twelfth JPA, that the March JPA should serve as the successor agency to the Former RDA upon its dissolution. At all times from the Former RDA's dissolution until the filing of the Lawsuit, Moreno Valley's representatives on the March JPA's governing board have participated in business decisions of the March JPA as the successor agency of the Former RDA. From the Former RDA's dissolution until the filing of the Lawsuit, these representatives did not contest the March JPA's authority to administer the Successor Agency. In fact, Moreno Valley's

representatives on the March JPA's governing board voted to approve the Twelfth JPA and the First Amendment to the Disposition and Development Agreement between the Former RDA and March Healthcare Development, LLC that is attacked in the Lawsuit. Now, through the Lawsuit, Moreno Valley seeks to repudiate the Twelfth JPA and the First Amendment to the Disposition and Development Agreement between the Former RDA and March Healthcare Development, LLC, claiming the March JPA had no authority to act as or to administer the Successor Agency.

Moreno Valley has breached the Twelfth JPA and breached the covenant of good faith and fair dealing implied in the Twelfth JPA by, among other things, filing the Lawsuit and repudiating the Twelfth JPA and the First Amendment to the Disposition and Development Agreement between the Former RDA and March Healthcare Development, LLC. Perris is entitled to specific performance of the Twelfth JPA and money damages for the breach of the Twelfth JPA and the amendment to the Disposition and Development Agreement between the Former RDA and March Healthcare Development, LLC.

Further, Perris is entitled to indemnity from Moreno Valley for all damages and all costs and expenses Perris has incurred or will incur in connection with the Lawsuit. The pertinent parts of Section 7 of the Twelfth JPA provide that each party to the Twelfth JPA shall "defend, indemnify and hold harmless each other party from and against all claims, damages, losses, judgments, liabilities, expenses, and other costs including litigation costs and attorneys' fees arising out of, resulting from or in connection with the performance of this Agreement by any of its officers, employees, or agents."

Subject: Shooting and vehicle collision

Good evening,

Today about 2:10 PM, officers responded to a reported shooting in the area of Redlands and Cactus. On arrival, they located two damaged vehicles with nobody in the immediate area. A search of the area revealed a male adult suffering from a minor gunshot wound.

Further search of the area resulted in the arrest of one suspect believed to have been involved in the shooting. A handgun was located in the suspect vehicle.

Investigators are working the case as an attempted murder. It appears a third vehicle may have been involved, but that is still under investigation.

I will update you tomorrow once more information is available.

Joel

Subject: City of Perris Claim dated 8 8 2013

Mayor, Mayor Pro Tem & Members of the City Council: for your information I have attached a claim we have received from the City of Perris related to our March JPA filing re: the legality of their Successor Agency formation. The City Attorney has not seen this yet, she'll provide information/opinion once she has a chance to review.

CLAIM AGAINST THE CITY OF MORENO VALLEY

(For Damage to Persons or Personal Property)

Received by Kathy Cross FOR OFFICE USE ONLY CLAIM NO. 2013-39

via ___ U.S. Mail
___ Inter Office Memo
✓ Over the Counter

A claim must be filed with the City Clerk of the City of Moreno Valley within six (6) months after occurrence of the incident or event on which the claim is based. Be sure your claim is against the City of Moreno Valley, not another public entity. Where space is insufficient, please use additional paper and identify information by paragraph number.

Completed claims must be mailed or delivered to: the City Clerk, City of Moreno Valley, 14177 Frederick St., P.O. Box 88005, Moreno Valley, California 92552-0805.

TO THE HONORABLE MAYOR AND CITY COUNCIL, The City of Moreno Valley California,
The undersigned respectfully submits the following claim and information relative to damage to persons and/or personal property:

1. NAME OF CLAIMANT: City of Perris
   a. ADDRESS OF CLAIMANT: 101 N. D Street, Perris, CA 92570
   b. PHONE NUMBER: [redacted]
   c. DATE OF BIRTH: Not applicable
   d. SOCIAL SECURITY NO.: Not applicable
   e. DRIVER'S LICENSE NO.: Not applicable

2. Name, telephone, and mailing address to which claimant desires notices to be sent, if other than above:
   June Ailin, Esq., Aleshire & Wynder, 2361 Rosecrans Avenue, El Segundo, CA 90245

3. Occurrence or event from which the claim arises:
   a. DATE: May 1, 2013 and May 13, 2013 at approximately 2:00 p.m.
   b. TIME:
   c. PLACE (Exact & specific location): Sacramento County Superior Court, 720 9th Street, Sacramento, CA 95814 and Perris City Hall, 101 N. D. Street, Perris, CA 92570

d. How and under what circumstances did damage or injury occur? Specify the particular occurrence, event, act, or omission you claim caused the injury or damage (use additional paper if necessary).

See Attachment 1 – City of Moreno Valley breached the Twelfth Amended Joint Powers Agreement and breached the covenant of good faith and fair dealing implied in the Twelfth Amended Joint Powers Agreement.

e. What particular action by the City, or its employees, caused the alleged damage or injury?

See Attachment 1

4. A general description of the indebtedness, obligation, injury, damage or loss incurred so far as it may be known at the time of presentation of the claim. If there were no injuries, state "no injuries"

See Attachment 1

5. Give the name(s)of the City employee(s) causing the damage or injury. If unknown, provide whatever information is available which might identify the person responsible.

Council members, Jesse L. Molina, Richard A. Stewart, Tom Owings, Marcelo Co and Victoria Baca, and City Manager, Michelle Dawson

6. Name and address of any other person(s) injured:

City of Riverside, 3900 Main Street, Riverside, CA 92522, and County of Riverside, 4080 Lemon Street, Riverside, CA 92501

7. Name and address of the owner of any damaged property:

Not applicable

8. Damages claimed:

a. Amount claimed as of this date: $ 10,000.00

b. Estimate amount of future costs: $ 350,000.00

c. Total amount claimed: $ 360,000.00

d. Basis for computation of amounts claimed (Include copies of all bills, invoices, estimates, etc.):
Attorney's fees and costs

9. Names and addresses of all witnesses, hospitals, doctors, etc:

a Council members, Jesse L. Molina, Richard A. Stewart, Tom Owings, Marcelo Co and

b Victoria Baca; City Manager, Michelle Dawson; and Iddo Benzeevi

c

d

10. Any additional information that might be helpful in considering this claim:

WARNING: IT IS A CRIMINAL OFFENSE TO FILE A FALSE CLAIM.
(Penal Code Section 72; Insurance Code Section 556)

I have read the matters and statement made in the above claim and I know the same to be true of my own knowledge, except as to those matters stated upon information or belief as to such matters I believe the same to be true. I certify under penalty of perjury that the foregoing is TRUE and CORRECT.

Signed this 8TH day of AUGUST, 20 13, at BERRIS California.

Claimant's Signature

ATTACHMENT 1
TO CITY OF PERRIS' CLAIM
AGAINST THE CITY OF MORENO VALLEY

On May 1, 2013, the City of Moreno Valley ("Moreno Valley") filed a Petition for Writ of Mandate and Complaint for Declaratory and Injunctive Relief initiating the case of *City of Moreno Valley v. Matosantos, et al.*, Sacramento County Superior Court, Case No. 34-2013-80001478 (the "Lawsuit"). Moreno Valley identified the City of Perris ("Perris"), among others, as a real party in interest in the Lawsuit. Moreno Valley alleges in the Lawsuit that the March Joint Powers Authority ("March JPA) is not the proper successor agency to the former March Joint Powers Redevelopment Agency ("Former RDA"), that the March JPA members, City of Riverside, County of Riverside, Moreno Valley and Perris ("March JPA Members"), individually became the successor agencies of the Former RDA upon its dissolution. It further alleges that agreements, including but not limited to the First Amendment to the Disposition and Development Agreement with March Healthcare, LLC, signed by the March JPA as the successor agency to the Former RDA, are not valid.

The allegations in the Petition are contrary to the express terms of the executed Twelfth Amended Joint Powers Agreement ("Twelfth JPA") executed by the March JPA Members, whereby the March JPA Members designated the March JPA to serve as the successor agency to the Former RDA upon its dissolution, and the express terms of Resolution JPA 12-04 adopted by the March JPA, whereby the Commission of the March JPA ratified the March JPA's election, in accordance with the Twelfth JPA, that the March JPA should serve as the successor agency to the Former RDA upon its dissolution. At all times from the Former RDA's dissolution until the filing of the Lawsuit, Moreno Valley's representatives on the March JPA's governing board have participated in business decisions of the March JPA as the successor agency of the Former RDA. From the Former RDA's dissolution until the filing of the Lawsuit, these representatives did not contest the March JPA's authority to administer the Successor Agency. In fact, Moreno Valley's

representatives on the March JPA's governing board voted to approve the Twelfth JPA and the First Amendment to the Disposition and Development Agreement between the Former RDA and March Healthcare Development, LLC that is attacked in the Lawsuit. Now, through the Lawsuit, Moreno Valley seeks to repudiate the Twelfth JPA and the First Amendment to the Disposition and Development Agreement between the Former RDA and March Healthcare Development, LLC, claiming the March JPA had no authority to act as or to administer the Successor Agency.

Moreno Valley has breached the Twelfth JPA and breached the covenant of good faith and fair dealing implied in the Twelfth JPA by, among other things, filing the Lawsuit and repudiating the Twelfth JPA and the First Amendment to the Disposition and Development Agreement between the Former RDA and March Healthcare Development, LLC. Perris is entitled to specific performance of the Twelfth JPA and money damages for the breach of the Twelfth JPA and the amendment to the Disposition and Development Agreement between the Former RDA and March Healthcare Development, LLC.

Further, Perris is entitled to indemnity from Moreno Valley for all damages and all costs and expenses Perris has incurred or will incur in connection with the Lawsuit. The pertinent parts of Section 7 of the Twelfth JPA provide that each party to the Twelfth JPA shall "defend, indemnify and hold harmless each other party from and against all claims, damages, losses, judgments, liabilities, expenses, and other costs including litigation costs and attorneys' fees arising out of, resulting from or in connection with the performance of this Agreement by any of its officers, employees, or agents."

Subject: WESTPAC enforcement activity in Moreno Valley

Good morning,

The WESTPACT Team conducted numerous probation, PRCS and Parole compliance checks in the City of Moreno Valley on 07/26/13. All persons were found to be in compliance with the terms of their probation or parole.

The WESTPACT Team conducted numerous probation, PRCS and Parole compliance checks in the City of Moreno Valley on 08/09/13. The following is a list of all persons arrested:

Gary Churchill (081172)
25000 block of Sweetleaf St., Moreno Valley

Churchill is a registered sex offender living in the City of Moreno Valley. Churchill had a $500,000 warrant for his arrest out of San Bernardino County for failing to properly register as a sex offender. Churchill was arrested for his warrant and booked into RPDC. (MV132210202)

Eric Gomez (070184)
22000 block of Bay Avenue, Moreno Valley

A probation compliance search of Gomez' residence revealed he was in possession of a glass meth pipe. Gomez was also determined to be under the influence of a controlled substance. Gomez' girlfriend, Marlen Lopez, was also contacted at the residence. Lopez is currently on Riverside County Probation. Both Gomez and Lopez were in violation of the terms and conditions of their probation. Gomez was later transported and booked into RPDC for violation of probation, under the influence of a controlled substance, and possession of drug paraphernalia. Lopez was later transported and booked into RPDC for violation of probation and being under the influence of a controlled substance. (MV132210231)

WESTPACT Team members contacted Ivan Santamarina in the area of Pepper Court and Clover Avenue. A computer records check of Santamarina revealed a misdemeanor warrant for possession of a concealed firearm. Santamarina was issued a citation for his warrant and released in the field. (MV132210328)

Team members contacted Gregory Jackson in the area of Edgemont Street and Cottonwood Avenue. A computer records check of Jackson revealed he had a felony warrant for assault with a deadly weapon. Jackson was arrested for his warrant and transported to RPDC. (MV132210352)

MORENO VALLEY
WHERE DREAMS SOAR

14177 FREDERICK STREET
P.O. BOX 88005
MORENO VALLEY, CA 92552-0805

August 12, 2013

Mrs. Aja Smith
15705 Guajome Road
Moreno Valley, 92551

Dear Mrs. Smith:

This is to inform you that the (corrected) petition format submitted on August 8, 2013 to recall Marcelo Co *as City Council Member in District 4* of the City of Moreno Valley meets the requirements of the Elections Code as to form and wording.

Pursuant to Elections Code Section 11220, the petition shall be filed with the City Clerk's office not later than 120 days from August 12, 2013.

Therefore, the petition shall be filed no later than the close of normal office hours on December 10, 2013.

Pursuant to Elections Code Section 11221, the petition shall be signed by not less than 20% of the registered voters in City Council District 4 of the City of Moreno Valley. The number of registered voters in City Council District 4 is 16,219 as of the last report of registration to the Secretary of State, which was submitted by the Riverside County elections official on February 10, 2013.

The number of required signatures for City Council District 4 is 3,244.

Please be advised Elections Code 104, 11046 and 18650 are attached for your review. The circulator must be a registered voter in the jurisdiction of the officer sought to be recalled.

Please contact the office of the City Clerk at [redacted], if you have any questions.

Sincerely,

Jane Halstead, CMC
City Clerk
Enclosures: E.C. 104, 11046 & 18650

the petition is filed. A written request made under this section shall not constitute a petition or paper for purposes of Section 104.

(Amended by Stats. 2003, c. 510, §1.)

104. **Declaration of circulator attached to petition; form.**

(a) Wherever any petition or paper is submitted to the elections official, each section of the petition or paper shall have attached to it a declaration signed by the circulator of the petition or paper, setting forth, in the circulator's own hand, the following:

(1) The printed name of the circulator.

(2) The residence address of the circulator, giving street and number, or if no street or number exists, adequate designation of residence so that the location may be readily ascertained.

(3) The dates between which all the signatures to the petition or paper were obtained.

(b) Each declaration submitted pursuant to this section shall also set forth the following:

(1) That the circulator circulated that section and witnessed the appended signatures being written.

(2) That according to the best information and belief of the circulator, each signature is the genuine signature of the person whose name it purports to be.

(c) The circulator shall certify to the content of the declaration as to its truth and correctness, under penalty of perjury under the laws of the State of California, with the signature of his or her name. The circulator shall state the date and the place of execution on the declaration immediately preceding his or her signature.

(Amended by Stats. 2012, c. 132, §1.)

105. Examination of petitions; residence address verification.

For purposes of verifying signatures on any initiative, referendum, recall, nomination, or other election petition or paper, the elections official shall determine that the residence address on the petition or paper is the same as the residence address on the affidavit of registration. If the addresses are different, or if the petition or paper does not specify the residence address, or, in the case of an initiative or referendum petition, if the information specified in Section 9020 is not contained in the petition, the affected signature shall not be counted as valid.

Any signature invalidated pursuant to this section shall not affect the validity of other valid signatures on the particular petition or paper.

(Added by Stats. 1994, c. 920, §2.)

106. Nomination papers' signatures.

Notwithstanding any other provision of law:

(a) Any registered voter who is a candidate for any office may obtain signatures to and sign his or her own nomination papers. The candidate's signature shall be given the same effect as that of any other qualified signer.

(b) Any person engaged in obtaining signatures to the nomination papers of a candidate for any office or to any recall, initiative or referendum petition, may, if otherwise qualified to sign the papers or petition, sign the papers or petition. The signature of the person shall be given the same effect as that of any other qualified signer.

(Added by Stats. 1994, c. 920, §2.)

MV00252147

11043.5. Secretary of state to provide recall petition format.

(a) The Secretary of State shall provide to county elections officials a recall petition format for distribution to proponents of a recall. The recall petition format shall be made available upon request by the county elections official and by the Secretary of State.

(b) The recall petition format made available pursuant to this section shall be utilized by proponents of a recall election.

(Added by Stats. 1996, c. 714, §5.)

11044. Separate petitions necessary.

Separate petitions are necessary to propose the recall of each officer.

(Added by Stats. 1994, c. 920, §2.)

11045. Only registered voters of jurisdiction qualified.

Only registered voters of the electoral jurisdiction of the officer sought to be recalled are qualified to circulate or sign a recall petition for that officer.

(Added by Stats. 1994, c. 920, §2.)

11046. Circulator's declaration.

To each section of a petition shall be attached a declaration, signed by the circulator thereof, that complies with Section 104. The declaration shall include a statement that the circulator is a registered voter in the jurisdiction of the officer sought to be recalled.

(Added by Stats. 1996, c. 714, §7.)

11047. Petition circulated in more than one county.

When a petition is circulated in more than one county for the recall of an officer, each section of the petition shall bear the name of the county for which it is circulated, and only registered voters of that county may sign that section.

(Amended by Stats. 2004, c. 156, §1.)

Chapter 2. Recall of State Officers: Intermediate Steps in the Recall

11100. Application of chapter.

(a) This chapter applies only to the recall of state officers.

(b) In addition to this chapter, Sections 13 to 18, inclusive, of Article II of the California Constitution and the applicable provisions of Chapter 1 (commencing with Section 11000) and Chapter 4 (commencing with Section 11300) shall govern the recall of state officers.

(Amended by Stats. 2010, c. 328, §62.)

11101. Presumption that the petition contains the required signatures.

Unless and until it is otherwise proven upon official investigation, it shall be presumed that the petition presented contains the signatures of the requisite number of registered voters.

(Amended by Stats. 1996, c. 714, §8.)

11102. Filing of petition sections.

Each section of a recall petition shall be filed with the elections official of the county for which it was circulated.

(Amended by Stats. 2004, c. 156, §2.)

11103. Filing of petition section; written authorization.

Each section of the petition shall be filed by the proponents or by any person or persons authorized, in writing, by a proponent. Each time an autho-

Subject: Committee and Board Vacancies

Dear Michelle and Cindy,

I hope you agree that filling committee vacancies is an important step in moving our city forward and therefore may need some extra work when the public fails to respond to fill vacancies.

Can you will lend me a hand in this endeavor. The following is an outline of what I need:

Arts Commission: Can you give me a list of names and contact information for current members.

Environmental & Historical Preservation Board: Please draft a letter from me to each current member asking them to recruit new members.

Library Commission: Please ask Tom Desantis to recommend a couple of prospective members from the Friends of the Library. Cindy can then send a letter to them from me asking them to apply.

Parks and Recreation: Could you have Mike McCarty call me to discuss current board make up.

Recreational Trails: Draft letter for me to Kim asking her to recruit members

Thanks,

Tom

Subject: Just Checking, Sir

Hello Mayor Owings,

I hope all is well. I was just contacting you to make sure that you received the draft of my letter concerning my son. If there is anything is that you need to change please do so and if you didn't receive it please let me know so I can resend. I appreciate you're helping me save my son. It means a great deal to me. I also have started a petition on his behalf...it's not that he is totally innocent, but that the punishment doesn't fit the crime. He didn't know what he was doing while he was doing that and even the police thought that or they wouldn't have admitted him on a 51 50. He has been in there so long and has learned his lesson of not trying anything like that again and te remain on his medications he needs.
I appreciate your time and consideration in this matter.

Respectfully,
Phyllis Harris

Thanks,

Cindy

To Whom It May Concern;

I am writing this letter on behalf of Nathan Collins Ray the son of Phyllis and Willie Harris. I have had the pleasure of meeting this young man on a couple of occasions at our Moreno Valley Elks Lodge. He has been of great assistance to the lodge on the betterment of our community through promoting, setting up and assisting in the clean-up after fundraisers. Our Lodge raises money for dictionaries for our elementary school students, golf tournaments, hoop shoots, vision screenings/surgeries, and Christmas gifts for our Veterans…to name a few. In mentioning these few charities, you should be able to see what an asset our young man Nathan is because through his assistance and others at our lodge our community is helping others who otherwise could not help themselves. He had been studying Criminal Justice in college prior to this incident and had been making an effort to improve our community through his choice of career path. This young man suffers from Schizophrenia/Bi-Polar Disorder and made the mistake of trusting two friends who took him to Pomona and left him there then demonstrated poor judgment for even trying "Spice", but should in no way be punished for a lifetime by having to register as a sex offender.

I personally feel he has learned a hard, but valuable lesson. However, the crime he committed does in no way warrant such a harsh judgment as that of a sex offender. Nathan is an overall respectful, good young man with a very caring heart and can better serve our community and possibly yours by being active in our Drug Awareness Program against "Synthetic Drugs" such as "Spice" because he can provide insight to others who have not used these legal drugs, but may be considering it. He can be a mentor to them and Nathan can talk to them as no other, because of his experience and his survival and can advise of their extreme dangers and how it not only affects the person on them, but others surrounding them.Although, Nathan has a mental illness and was suffering from the effects of a synthetic drug which is sold over-the-counter at the time of his arrest and it is in my strong opinion, he has suffered and been punished enough. In all due respect, I am asking you to see and take note of this and to take into consideration hissignificant value to the people of our community and to give him another chance and allow this young man to return home to his loving parents, our community, and be given the opportunity of accepting his mental illness, remain on his medications and with weekly appointments with a Mental Health Professional and to become a positive role model to others.

Respectfully,

From: Michelle Dawson

City staff: I have just received notification that Mayor Pro Tem Co has been arrested by the District Attorney's Office. City staff had no advance indication that this was going to occur and I don't have any further information to share with you at this time. I know that we will continue to provide "business as usual" to our customers and, as always, I appreciate your focus on serving the Moreno Valley community.

Moreno Valley City Council Member Marcelo Co Resigns

Moreno Valley City Council Member Marcelo Co today notified the City Clerk that he has resigned from office effective today.

Co has represented the Moreno Valley's 4th District since his election in November 2010. District 4 comprises the City's southern end.

"The Council respects Mr. Co's decision, and we will work collectively to assist residents and businesses in that area of the City during this interim period," said Mayor Tom Owings.

A copy of Mr. Co's letter of resignation is provided with this news release.

The City Council will hold a public discussion regarding options to fill a brief vacancy in the 4th District seat at an upcoming meeting. Per Government Code Section 36512, the Council has up to 60 days to make an interim appointment or call a special election that would occur in 2014 (no earlier than 114 days after being called). The 4th District Council seat will be open for election in November 2014.

Good afternoon,

The incident at the Loma Linda medical clinic resulted in very minor injuries with no treatment needed. The elderly female driver apparently confused the brake and accelerator pedals causing the vehicle to strike the building.

The building sustained significant damage and will likely be closed by Building and Safety until repairs are made. Traffic officers will seek a reevaluation of her driving privilege via DMV. There is no indication that drugs or alcohol played any role in this incident.

Resolution Date/Time:	8/13/2013 12:30:00 PM
Taken By:	Juliene Clay
	Reporting Party Information
Name:	Frank (Donald) Lawton
Address:	29163 Stevens Ave
City/ST/Zip:	Moreno Valley CA 92555
Hm Phone:	[redacted]
Wk Phone:	
Cell Phone:	
Email:	
	Case Location Information
Property Owner Name:	
Address:	Redlands Blvd
Cross Street Info:	At Dracaea Ave Hwy 60
Parcel # (if available):	
	Resolution Information
	Response from Robert Lemon, M&O Manager, 7/31/13. The area was inspected by Henry Ngo, Sr. Engineer, Capital Projects. Henry also left Mr. Lawton a voice mail, as well as talked to Mr. Lawton directly informing him that M&O would be repairing potholes at the location. Henry provided additional information that this section of Redlands was not programmed for pavement resurfacing in the near future, based on its pavement condition index (PCI) rating and the Citywide Pavement Management Program criteria for project selection. M&O responded to the location on 7/24/13 and cleaned up the broken asphalt along the shoulder of the roadway and patched all of the potholes at the location. M&O will continue to monitor this area and patch potholes as needed.
	Case Information
Issue Category:	Maintenance & Operations
Issue:	**Street Repair Other**
Council District:	

City of Moreno Valley

Council Summary

Issue Description:	Please investigate Mr. Lawton's concerns on behalf of Mayor Owings and advise Mayor Owings of the outcome. ***** Mr. Lawton stated at Redlands Blvd. from Dracaea north to the 60, there was a piece of broken tar that was tarred over. He also stated Redlands Blvd. needs to be repaired, and he has already talked to Maintenance and Operations, and a Supervisor came out to look at it, and a couple of holes were patched.
Responsible for Follow-thru:	Robert Lemon

Good evening Mayor. Attached for your review is the draft State of the City Address. The media team has started building the PowerPoint presentation which will display while you present the speech. If you are able to provide your comments/edits by the end of the weekend we will have time to make any changes to the accompanying presentation. I think you'll find that Shanna and Michele did a great job of incorporating the initial outline and your subsequent thoughts into one cohesive speech.

State of the City Address 2013

Standing strong for progress

DRAFT

Oscar, thank you for the generous introduction andthankyouforyourcollaborationwiththe City of Moreno Valley.

Captain Murphy,thank youforthethoughtful invocation. I am inspired by your servant's heart.

Welcome to the 2013 State of the City Address. Thank you for joining us today and special thanks to the Moreno Valley Chamber of Commerce for hosting this luncheon.

To my fellowCity CouncilMembers — Thankyouforyourservicetoourcityinexciting and challengingtimesandfor yourgoodhumorandprofessionalism. You've led with courage and made the tough decisions that were critical for the betterment of our community.Council Members Jesse Molina, Richard Stewart, and Victoria Baca, will you all please stand and be recognized?

I also want to recognize my wife.Susan, thank you for your love and support and thanks for your great sense of humor. Laughter and fun has enriched our conversations and has long been the foundation of our trust and appreciation for each other.

AndtothepeopleofMoreno Valley,thankyou foryourfaithandsupportover the

pasteightmonths. You told us not to mortgage your children's future. You told us to take action to solve the City's longstanding fiscal problems and to sustain services. And we did. There'snotanotherbigcityinCaliforniawheretheresidentshavedonemoretohelp solve a fiscalcrisis.

We would not be moving on to better things without professional staff.To the City employees here today - you've lost work hours though the workload increased. You've taken significant pay cuts. Many of you work additional hours without pay to get the job done. You serve the public with care and professionalism and I thank you for your service.

Today, we affirm that we have the power to create the future that Moreno Valley's families deserve. Since we have demonstrated the courage to use that power, our city's past narrative of economic mediocrity will not be the story of our future.Together, this Council believes that a new story of growth will emerge as a result of our collective choices.

This City Council has made several decisions to create a strong foundation for growth:

- We selected Moreno Valley's First female City Manager and the City's First female City Attorney.Together they provide Common Sense Leadership for Common Sense Compensation.
- The City has promoted from within and is forging a new relationship with our employee associations. (Acknowledge Sherald and Mel as Presidents of the associations)
- We contracted to expand library servicesand save money.
- Coming soon will be:

    - An initiative to improve Customer Care
    - A NO KILL MOVAL Animal Shelter – in which we will prove that changing attitudes and setting goals can accomplish a lot even without more money
- If you read the editorial written by our City Manager in the Press Enterprise last month or attended one of the numerous budget meetings, you already have an understanding and appreciation for the work we're doing to ensure public safety for the community.

Our work to propel Moreno Valley's growth must be grounded first in stable city finances. This is the defining fight of our generation of leadership and we — local government policy-makers, professional City staff, businesses, and community leaders — are inspired to maintain the positive momentum we have achieved.

The City's challenges are really just a collection ofunsolved opportunities. The first challenge we solved was the alignment of City Hall leadership. The City Council forged a stronger team by selecting Michelle Dawson as City Manager. A seasoned professional having worked in local government for more than 23 years, Michelle is smart , visionary, well-liked inside and outside of city hall, and she displays integrity and honesty. Most importantly Michelle genuinely cares about this City. Michelle, would you please stand?

Her wisdom was evident immediately upon her appointment as her first action was to appoint Tom DeSantis as Assistant City Manager. Tom, will you please stand and be recognized? Together they are committed to

working with the Council, staff and community to do the right thing for Moreno Valley.

With this Council's policy direction guiding them, City Hall's professional staff are committed to executing initiatives that will fulfill our destiny as the second largest city in the County, and to exercise influence regionally as Moreno Valley should. Continuing with challenges solved, many of you know that I have spent nearly a year talking about the budget. Some of you met me while I was campaigning and I called the structural budget deficit "Public Enemy Number One."I've always pledged to talk straight and never sugarcoat our problems. I'd love to tell you that I'm not going to talk about the budget today – but the budget is still our biggest challenge. We have come a long way, but we still have a lot of work to do.To understand how far we have come and the hard work ahead of us, we need to take a look back…

To summarize, budget projections for this year predicted an $8.3 million deficit, which increased to $9.7 million in 2014 / 2015. Rick Teichert, the City's CFO, clearly outlined the top three critical forces putting the City on the road to a fiscal crisis.

- First, slow growth in General Fund revenue, estimated at only 2 - 2.5% or $1.5 - $2 million a year.
- Next, in spite of the limited revenue growth, Public Safety costs are increasing by 5% during each of the next two budget years. That's up approximately $2 million each year, plus Fire Service expenses are increasing at 3% for about $840,000annually.

- Finally, unfunded liabilities significantly impact the General Fund budget. Unfunded liabilities are obligationswithout a funding source, such as the long term projection of rising retirement andretiree medical funding for those employees who have already retired.

Faced with these fundamental problems and realizing that continuing to cut services could push us into insolvency, the City Council rose to the challenge and adopted the a fiscal strategy to achieve threeequally important objectives:

One: Balance the Budget without using reserves.

Two: Increase Economic Development efforts to provide jobs and revenue.

Three: Maintain and enhance essential services to our residents and taxpayers by implementing innovative solutions and use of technology.

The simple math of declining revenues and rising expenses has been the enemy of our progress.What we have now is a fully balanced budget that will not exhaust the remaining $20 million we have saved in reserves.

As a result of these forceful actions, Moreno Valley has held its own and maintained its bond rating during the worst recession since the great depression.

RickTeichertdid an outstanding job educating the Council and the public about the budget process, obstacles, and proposed solutions. He led six

study sessions and six neighborhood budget meetings within a 3-month period. Rick, you truly are essential to the fiscal well-being of this city, would you please stand to be recognized?

Drawing on innovation, City employees have turned crisis into opportunity and found ways to be more efficient and do more with less. For example, weprotectedthe new $4.3 million Morrison Park Fire Station, demonstrating our commitment to maintaining the best level of service we can afford. Fire Chief Abdul Ahmad was critical to the problem solving that secured the continued operation of Station 99. Chief Ahmad, will you and all of Moreno Valley's fire fighters and Fire Department staff that are here today please stand?

Moreno Valley is proud to be a public safety partner with the Riverside County Sheriff's Department and all of the dedicated men and women who serve as the Moreno Valley Police Department. Balancing the budget meant painful cuts to MVPD this year. Chief Ontiveros, we appreciate the positive attitudedemonstrated by the Department that keeps residents safe despite the ongoing fiscal challenges. Chief, will you stand along-side the Chief Deputy Sheriff and your officers so that we can applaud your efforts?

Moreno Valley has affordable housing, business-ready land and relatively low crime rates.Having said that, I feel it's important to note that Moreno Valley sometimes gets a bad rap in terms of crime statistics. Numbers don't lie and if you'll take a look at the screen, you can see that the crime rate per thousand people is lower in Moreno Valley than in Riverside, Ontario, and San Bernardino.

Trust me, no elected official wants to make cuts to police and fire. But when 80 cents of every dollar the City spends goes to public safety, this City Council committed to making cuts while securing public safety in an innovative and cost effective way. Force-multiplier is the term used to describe the impact of the new citywide camera systemthathas been installed at intersections and in parks. Some of you may be thinking "Watch out for Big Brother," but the technology used and camera placements prevent viewing into private residences. The citywide camera system is fully functional and has already been instrumental in solving several crimes. Business owners ought to know that the technology exists to link their own security cameras to the Citywide Camera System. Doing so will increase the security of your business and enhance the effectiveness of this system.

The City Council approved a public – private partnership with LSSI to manage Moreno Valley's Public Library. Under this agreement, we are pleased that LSSI will re-establish 7-day service to our Library patrons, increase the current book and materials budget by 200% per year, and save taxpayers more than $1.3 million over the five-year contract. The contractor also hired 19 City Library employees and we are relieved and happy that these members of the City family will continue to serve our community.

It's no secret that job creation is the driving force behind nearly every decision we make and every direction to staff. Job creation is what we

need to grow this community, to keep working parents closer to home, and to increase the tax base and economic multipliers.

The unemployment rate in Moreno Valley is not unlike most surrounding communities. However, because Moreno Valley's population is larger than other cities, our 11.8% unemployment equates to a staggering 10,600 of our neighbors!In addition, the Employment Development Department's standard unemployment rate only reports people over 16 years of age who are out of work and seeking full time employment. However, what the EDD doesn't reveal is the "U6" number, which counts unemployed people who have been looking for work for so long, they've dropped off the unemployment rolls, plus the "marginally attached" workers and those working just part-time. The numbers are huge. This cannot continue. We have to do better for the people of Moreno Valley. And we are.

To combat unemployment, the City analyzed our strengths and weaknesses. It was interesting to me that when the city hired well-known economist John Husing to study the city's demographics and economic trends, and make recommendations about industry targets – the study's analysis concluded that logistics and healthcare are the industries that are Moreno Valley's best fit. With that result, a small group of people discounted the legitimacy of the report and recommended that we use Beacon Economics for analysis. The good sports that we are, we asked Beacon to provide their analysis. And guess what? Pursuing logistics and healthcare as major employment sectors for Moreno Valley continued to be leading economic recommendations for the city. In fact, the "Regional

Intelligence" report written by Beacon for the City of Riverside produced the same conclusion. I am not surprised.

Now we're able to useour "secret weapon"to boost our business attraction and job creation campaign. The Moreno Valley Utility, which was formed in 2001, became profitable this year, allowing the City to create an Incentive that provides tiered utility rates for significant job creation. We are now in the competitive position we've been waiting for. Incentivizing job creation with our own utility is a prime example of the strong foundation we're building and demonstrates our commitment to create a robust employment base in Moreno Valley.

To complement these efforts, we are making strategic infrastructure improvements to strengthen the City's transportation network. In Fiscal Year 2012-2013 alone, the City completed 27 capital improvement projects totaling approximately $46 million in investment. Public Works Director and City Engineer Ahmad Ansari, will you please stand and be recognized for your department's critical contribution to our City's progress?

Between a new freeway overcrossing and the street extensions that now connect Nasonto Iris, several new projects have improved the traffic circulation for area medical institutions including Riverside County Regional Medical Center, Kaiser Permanente Hospital, and the Allied Health education programs at Moreno Valley College.

Theinfrastructure projects on Nason are already paying dividends andthe regional significance is huge. Kaiser Permanente just completed a

beautiful, 75,000 square foot medical office building and created # new healthcare jobs. In addition, UCR secured the annual $15 million in state funding for the first medical school approved in California in more than four decades. We are extremely excited about the UCR School of Medicine because RCRMC is designated to be one of UCR's clinical partners.

So far, the School of Medicine has already created more than 125 local jobs with nearly 1,000 projected by 2021. Congratulations to the Dean of the new School of Medicine, Dr. Richard Olds, and to our state representatives who worked so hard in Sacramento to make this happen.(Acknowledge Assembly MemberJose Medina and/orSenator Richard Roth if they are in attendance)

Fully developed major arterials that link to freeways are critical to providing the transportation network for goods movement. To establish MoVal's prominence in the logistics arena, the City Council invested $ 5.7 million to widen Perris Boulevard from Cactus Avenue south to the City limits.

City government plays a key role in promoting economic development, job creation, and job readiness. Over the past few months, we have refined the City's strategy to do more to support Moreno Valley's small businesses.This past year alone:

- We budgeted for the city's first small business incubator programand
- Began the Sunnymead Boulevard Clean Up Initiative to restore the appearance of this thoroughfare and attract customers to local merchants.
- Taken steps to support our tourism and hospitality economy by

advocating on behalf of our local hotels for more lodging business with March Air Reserve Base. I also initiated and hosted a meeting of the area hotels to establish a dialogue which I am hopeful will lead to the independent creation of a visitor's bureau.

We remain committed to promoting the vitality of our existing business community. This is why we have adedicated staff person who provides concierge service to small businesses. We also outreach to our small businesses through relationship-building programs and one-on-one business visits. I personally meet with local businesses to learn more about what industry needs and what we can do to help. It has been an honor to visit with many of you.I appreciate your candor, and the Councilmembers and I look forward to meeting with many more of you over the months ahead.

The City also produces a very active Business Spotlight program that showcased more than 82 businesses over the last3 years, producinga promotional videofor each that we post on YouTube, play on Channel 3, and give to the business for their marketing efforts.

BUSINESS ATTRACTION SUCCESSES

I mentioned our industry attraction strategy earlier. Now I'll tell you about our successes. I won't name them allbut you can see that Moreno Valleybecame the new home to several new retail, restaurants, medical office, and logisticsfirms this year. Specifically, if you hadn't already heard, there are a few new businesses that I actually CAN talk about plus others I can only hint at.

First, in the commercial sector, Moreno Valley may become a two Super Wal-Mart town! A new Wal-Mart Supercenter is proposed just north of Home Depot near Perris Boulevard and Iris Avenue.We are looking forward to the convenience that this new store represents to residents of Moreno Valley.

Another new store to celebrate is Stater Bros. The northwest part of Moreno Valley was hit hard by the loss of two major grocery store chains. The new store will produce roughly 100 new jobs and generate approximately a $1.5 million investment in improvements. This won't be just any store either as it has been designated as a "Blue Ribbon" Stater Bros.

In the restaurant category, we are also excited to welcome Omokase, Polly's Pies, and Miguel's Jr, All establishments that have selected Moreno Valley locations. Thankfully, we also have welcomed a new LA Fitness in my district and Crunch Gym is coming to the Moreno Valley Mall to help us all keep the calories from these great restaurants turning into unwanted pounds.

In the industrial sector, I amdelighted to welcomeAldi Foods to our logistics community. The Chicago-based grocer plans to invest $55 million to create its West Coast headquarters and distribution center in the east end of town. Aldi is expected to produce nearly 300 new jobs and plans to open two retail stores as well.

There are actually two more Fortune 500 companies with signed leasesfor a combined total of 3 million square feetof logistics space that I would love to announce, but they'd have to kill me if I did. Suffice it to say, that hundreds of family-sustaining jobs are coming to Moreno Valley. John Terell, our talented Interim Community and Economic Development Director, please stand up and accept our appreciation for your results.

More than ____jobs were created over several industries with the addition of new business plus the expansion of existing ones over the past year. While we celebrate the addition of new jobs to the community, we won't be satisfied until every resident who wants a job has one.

No doubt, balancing the City's budget and growing the City's job base to reduce unemployment are strong objectives at City Hall. Yet we also dedicate ourselves to improving services to our residents through enhanced office hours, increasingly transparent communications, and more quality of life programming.

We've found ways to enhance service levels at City Hall, the Library, at the Moreno Valley Animal Shelter and the Employment Resource Center.

These positive changes mark significant progress toward restoring customer service levels back to 100%. As of July 1, City service hours were restored by 5%, reducing the impact of a 10% employee furlough which had been in place for 4 years.

MV00252188

All development-related services are now available at City Hall on 2nd and 4th Fridays, while City Hall hours have been extended to 6 p.m. Monday through Thursday.

Also, recognizing the public's need for weekend service at the Animal Shelter, that facility has increased its operating hoursto be open all weekend.

Enhancing communications andfacilitating opportunities for participation engages residents' interest in our programs and produces public confidence. This year, to become even more transparent, we expanded video coverage of public meetings by televising Study Sessions live. The Police Department hosted 24 public meetings about the Citywide Camera System and the City Council hosted a total of 12 meetings to discuss the budget process and challenges.

We are using technology to keep information free flowing. We've reformatted the City's website to make it more user-friendly. The City's Community Calendar is on the website, available for any community event to be listed.

With the staff in our Media group keeping us contemporary, we have begun to use more social media to communicate with you. If you haven't "liked" our Facebook page or if you aren't "following us" on Twitter, you are missing out on a fun, effective way to know more about what's happening in yourCity.We also produce a monthly electronic newsletter that you can subscribe to on the City's homepage.

MV00252189

We're pleased to be engaging a newly-energized citizenry. X of volunteers selflessly work in a variety of departments. For example, out of a passion for community, Shor Denny, Moreno Valley's Volunteer of the Year, put together the Moreno Valley Safe Routes to School program.And we have pastors organizing prayer walks around the City.

Several community service organizations in the city including the Soroptimists, the Optimists, the Rotary groups, the Military Affairs Committee, the American Legion, the VFW, the Elks, Boy Scouts and Girl Scouts, youth sports, and many others all donate time and other resources toward the betterment of Moreno Valley and its people. They are all to be commended. Everyone in Moreno Valley has the opportunity to give back and I encourage you to get involved!

New groups are emerging to do good work and gather together to advocate for the causes in which they believe. No matter what color shirt they may be wearing, I am encouraged to seea groundswell of citizens becomingbetter informed and engaged.

Moreno Valley is no stranger to controversy. Just ask our polite "FBI Wake Up Service." Better yet, ask Jack the Golden Retriever who found an issue he could sink his teeth into. But seriously, I could not,in good conscience, appear before you without acknowledging the serious political hurdles this City Council faces:recall efforts, personal challenges that have created a vacancy on our Council, vocal support and opposition to proposed development in the east end of Moreno Valley, and Grand Jury

investigations. With respect to recall efforts, I believe that most Moreno Valley voters are reserving judgment as they wait for facts that reveal the truth. Though we may sometimes find these struggles distressing, this City Council will stand strongfor the sake of progress and continue supportingan agenda that has only one goal- to make Moreno Valley a great place to live, work, and grow.It is an unpredictable time for this City's political leadership. Yet public services continue uninterrupted, as members of the City's professional workforce continue to provide for the health and safety of our citizens.

Since last year's election, and after a year of careful study with national experts, we are prepared to propose a bold set of major initiatives to retain and attract commerce and jobs.These forces for change are already moving forward:

First, our city must address public safety costs that grow more quickly than our entire revenue stream. We must look for new ways to maximize the efficiency of public safety services. This community cannot afford to continue business as usual when it comes to public safety. It's time for bold, new thinking. We are working with nationally acclaimed public safety experts, including former L.A., Boston and New York Police Chief Bill Bratton, to find ways to actually lower the crime rate in our community. In undertaking this groundbreaking initiative, the City—in concert with our Police Department, local residents, and perhaps even neighboring cities—can fight to enhance public safety rather than just cut costs to provide these vital services.

Second, our city faces critical infrastructure needs over the next decade, including roads, bridges, and City buildings that require significant investment to meet the needs of a thriving community.

Third, we must get our employees back to work to serve residents and businesses throughout the week. It's important to eliminate City furloughs and provide affordable, competitive benefits that help us attract and retain a highly skilled workforce in a fiscally prudent manner.

Fourth, we must increase the City'sGeneral Fund revenue because our post-Prop 13 property tax rate impedes our ability to compete for growth with cities that incorporated years before Moreno Valley

Fifth, we must sustain our commitment to increased high school graduation rates and improved student performance.Under the leadership of our two School Boards, student graduation rates have begun to improve. But the fight for better schools is far from over. The City must put more skin in the game and seek a renewed partnership with school officials to create a work force that meets the needs of incoming businesses. We will also look to our business community for insight and curriculum collaboration — Moreno Valley's future depends on it.

Sixth, we must incentivize businesses to re-occupy vacant buildings, bringingrenewal and vibrancy to our shopping centers, creating jobs, and improving our tax base over the long run.

In conclusion, Moreno Valley'sfuture ishighly optimisticandopportunitiesabound.This City Council has finally put the City on solid fiscal footing. Nowit'suptoustostaythecourse,toremainmindfulofwhatgotusintothemessinthe firstplace,andtokeepoureyesonthelong-term goal – a future in which we remain fiscally strong and can afford to build new libraries and community centers, repair our streets, graduate 100% of high school students and reap the ongoing benefits of stellar police services and fire protection.

The old ways of doing City business have ended; our future relies on our innovation and perseverance. Moreno Valley's citizens demand and deservecontinued progress.The status quo is unacceptable, and the price of inaction is a burden we will not place on our children and grandchildren.

We've come too far and made too much progress to turn back to old ways of doing business. Moreno Valley is on the cusp of becoming Riverside County's premier city.Now is the time. This is the place. Together, we are the agents of change.

Thank you. God bless you, and God bless Moreno Valley

Good evening Mayor. Attached for your review is the draft State of the City Address. The media team has started building the PowerPoint presentation which will display while you present the speech. If you are able to provide your comments/edits by the end of the weekend we will have time to make any changes to the accompanying presentation. I think you'll find that Shanna and Michele did a great job of incorporating the initial outline and your subsequent thoughts into one cohesive speech.

--Michelle

State of the City Address 2013

Standing strong for progress

DRAFT

Oscar, thank you for the generous introduction andthankyouforyourcollaborationwiththe City of Moreno Valley.

Captain Murphy,thank youforthethoughtful invocation. I am inspired by your servant's heart.

Welcome to the 2013 State of the City Address. Thank you for joining us today and special thanks to the Moreno Valley Chamber of Commerce for hosting this luncheon.

To my fellowCity CouncilMembers — Thankyouforyourservicetoourcityinexciting and challengingtimesandfor yourgoodhumorandprofessionalism. You've led with courage and made the tough decisions that were critical for the betterment of our community.Council Members Jesse Molina, Richard Stewart, and Victoria Baca, will you all please stand and be recognized?

I also want to recognize my wife.Susan, thank you for your love and support and thanks for your great sense of humor. Laughter and fun has enriched our conversations and has long been the foundation of our trust and appreciation for each other.

AndtothepeopleofMoreno Valley,thankyou foryourfaithandsupportover the

pasteightmonths. You told us not to mortgage your children's future. You told us to take action to solve the City's longstanding fiscal problems and to sustain services. And we did. There'snotanotherbigcityinCaliforniawheretheresidentshavedonemoretohelp solve a fiscalcrisis.

We would not be moving on to better things without professional staff.To the City employees here today - you've lost work hours though the workload increased. You've taken significant pay cuts. Many of you work additional hours without pay to get the job done. You serve the public with care and professionalism and I thank you for your service.

Today, we affirm that we have the power to create the future that Moreno Valley's families deserve. Since we have demonstrated the courage to use that power, our city's past narrative of economic mediocrity will not be the story of our future.Together, this Council believes that a new story of growth will emerge as a result of our collective choices.

This City Council has made several decisions to create a strong foundation for growth:

- We selected Moreno Valley's First female City Manager and the City's First female City Attorney.Together they provide Common Sense Leadership for Common Sense Compensation.
- The City has promoted from within and is forging a new relationship with our employee associations. (Acknowledge Sherald and Mel as Presidents of the associations)
- We contracted to expand library servicesand save money.
- Coming soon will be:

- An initiative to improve Customer Care
- A NO KILL MOVAL Animal Shelter – in which we will prove that changing attitudes and setting goals can accomplish a lot even without more money

- If you read the editorial written by our City Manager in the Press Enterprise last month or attended one of the numerous budget meetings, you already have an understanding and appreciation for the work we're doing to ensure public safety for the community.

Our work to propel Moreno Valley's growth must be grounded first in stable city finances. This is the defining fight of our generation of leadership and we — local government policy-makers, professional City staff, businesses, and community leaders — are inspired to maintain the positive momentum we have achieved.

The City's challenges are really just a collection ofunsolved opportunities. The first challenge we solved was the alignment of City Hall leadership. The City Council forged a stronger team by selecting Michelle Dawson as City Manager. A seasoned professional having worked in local government for more than 23 years, Michelle is smart , visionary, well-liked inside and outside of city hall, and she displays integrity and honesty. Most importantly Michelle genuinely cares about this City. Michelle, would you please stand?

Her wisdom was evident immediately upon her appointment as her first action was to appoint Tom DeSantis as Assistant City Manager. Tom, will you please stand and be recognized? Together they are committed to

working with the Council, staff and community to do the right thing for Moreno Valley.

With this Council's policy direction guiding them, City Hall's professional staff are committed to executing initiatives that will fulfill our destiny as the second largest city in the County, and to exercise influence regionally as Moreno Valley should. Continuing with challenges solved, many of you know that I have spent nearly a year talking about the budget. Some of you met me while I was campaigning and I called the structural budget deficit "Public Enemy Number One."I've always pledged to talk straight and never sugarcoat our problems. I'd love to tell you that I'm not going to talk about the budget today – but the budget is still our biggest challenge. We have come a long way, but we still have a lot of work to do.To understand how far we have come and the hard work ahead of us, we need to take a look back…

To summarize, budget projections for this year predicted an $8.3 million deficit, which increased to $9.7 million in 2014 / 2015. Rick Teichert, the City's CFO, clearly outlined the top three critical forces putting the City on the road to a fiscal crisis.

- First, slow growth in General Fund revenue, estimated at only 2 - 2.5% or $1.5 - $2 million a year.
- Next, in spite of the limited revenue growth, Public Safety costs are increasing by 5% during each of the next two budget years. That's up approximately $2 million each year, plus Fire Service expenses are increasing at 3% for about $840,000annually.

- Finally, unfunded liabilities significantly impact the General Fund budget. Unfunded liabilities are obligationswithout a funding source, such as the long term projection of rising retirement andretiree medical funding for those employees who have already retired.

Faced with these fundamental problems and realizing that continuing to cut services could push us into insolvency, the City Council rose to the challenge and adopted the a fiscal strategy to achieve threeequally important objectives:

One: Balance the Budget without using reserves.

Two: Increase Economic Development efforts to provide jobs and revenue.

Three: Maintain and enhance essential services to our residents and taxpayers by implementing innovative solutions and use of technology.

The simple math of declining revenues and rising expenses has been the enemy of our progress.What we have now is a fully balanced budget that will not exhaust the remaining $20 million we have saved in reserves.

As a result of these forceful actions, Moreno Valley has held its own and maintained its bond rating during the worst recession since the great depression.

RickTeichertdid an outstanding job educating the Council and the public about the budget process, obstacles, and proposed solutions. He led six

study sessions and six neighborhood budget meetings within a 3-month period. Rick, you truly are essential to the fiscal well-being of this city, would you please stand to be recognized?

Drawing on innovation, City employees have turned crisis into opportunity and found ways to be more efficient and do more with less. For example, weprotectedthe new $4.3 million Morrison Park Fire Station, demonstrating our commitment to maintaining the best level of service we can afford. Fire Chief Abdul Ahmad was critical to the problem solving that secured the continued operation of Station 99. Chief Ahmad, will you and all of Moreno Valley's fire fighters and Fire Department staff that are here today please stand?

Moreno Valley is proud to be a public safety partner with the Riverside County Sheriff's Department and all of the dedicated men and women who serve as the Moreno Valley Police Department. Balancing the budget meant painful cuts to MVPD this year. Chief Ontiveros, we appreciate the positive attitudedemonstrated by the Department that keeps residents safe despite the ongoing fiscal challenges. Chief, will you stand along-side the Chief Deputy Sheriff and your officers so that we can applaud your efforts?

Moreno Valley has affordable housing, business-ready land and relatively low crime rates.Having said that, I feel it's important to note that Moreno Valley sometimes gets a bad rap in terms of crime statistics. Numbers don't lie and if you'll take a look at the screen, you can see that the crime rate per thousand people is lower in Moreno Valley than in Riverside, Ontario, and San Bernardino.

Trust me, no elected official wants to make cuts to police and fire. But when 80 cents of every dollar the City spends goes to public safety, this City Council committed to making cuts while securing public safety in an innovative and cost effective way. Force-multiplier is the term used to describe the impact of the new citywide camera systemthathas been installed at intersections and in parks. Some of you may be thinking "Watch out for Big Brother," but the technology used and camera placements prevent viewing into private residences. The citywide camera system is fully functional and has already been instrumental in solving several crimes. Business owners ought to know that the technology exists to link their own security cameras to the Citywide Camera System. Doing so will increase the security of your business and enhance the effectiveness of this system.

The City Council approved a public – private partnership with LSSI to manage Moreno Valley's Public Library. Under this agreement, we are pleased that LSSI will re-establish 7-day service to our Library patrons, increase the current book and materials budget by 200% per year, and save taxpayers more than $1.3 million over the five-year contract. The contractor also hired 19 City Library employees and we are relieved and happy that these members of the City family will continue to serve our community.

It's no secret that job creation is the driving force behind nearly every decision we make and every direction to staff. Job creation is what we

need to grow this community, to keep working parents closer to home, and to increase the tax base and economic multipliers.

The unemployment rate in Moreno Valley is not unlike most surrounding communities. However, because Moreno Valley's population is larger than other cities, our 11.8% unemployment equates to a staggering 10,600 of our neighbors!In addition, the Employment Development Department's standard unemployment rate only reports people over 16 years of age who are out of work and seeking full time employment. However, what the EDD doesn't reveal is the "U6" number, which counts unemployed people who have been looking for work for so long, they've dropped off the unemployment rolls, plus the "marginally attached" workers and those working just part-time. The numbers are huge. This cannot continue. We have to do better for the people of Moreno Valley. And we are.

To combat unemployment, the City analyzed our strengths and weaknesses. It was interesting to me that when the city hired well-known economist John Husing to study the city's demographics and economic trends, and make recommendations about industry targets – the study's analysis concluded that logistics and healthcare are the industries that are Moreno Valley's best fit. With that result, a small group of people discounted the legitimacy of the report and recommended that we use Beacon Economics for analysis. The good sports that we are, we asked Beacon to provide their analysis. And guess what? Pursuing logistics and healthcare as major employment sectors for Moreno Valley continued to be leading economic recommendations for the city. In fact, the "Regional

Intelligence" report written by Beacon for the City of Riverside produced the same conclusion. I am not surprised.

Now we're able to useour "secret weapon"to boost our business attraction and job creation campaign. The Moreno Valley Utility, which was formed in 2001, became profitable this year, allowing the City to create an Incentive that provides tiered utility rates for significant job creation. We are now in the competitive position we've been waiting for. Incentivizing job creation with our own utility is a prime example of the strong foundation we're building and demonstrates our commitment to create a robust employment base in Moreno Valley.

To complement these efforts, we are making strategic infrastructure improvements to strengthen the City's transportation network. In Fiscal Year 2012-2013 alone, the City completed 27 capital improvement projects totaling approximately $46 million in investment. Public Works Director and City Engineer Ahmad Ansari, will you please stand and be recognized for your department's critical contribution to our City's progress?

Between a new freeway overcrossing and the street extensions that now connect Nasonto Iris, several new projects have improved the traffic circulation for area medical institutions including Riverside County Regional Medical Center, Kaiser Permanente Hospital, and the Allied Health education programs at Moreno Valley College.

Theinfrastructure projects on Nason are already paying dividends andthe regional significance is huge. Kaiser Permanente just completed a

beautiful, 75,000 square foot medical office building and created # new healthcare jobs. In addition, UCR secured the annual $15 million in state funding for the first medical school approved in California in more than four decades. We are extremely excited about the UCR School of Medicine because RCRMC is designated to be one of UCR's clinical partners.

So far, the School of Medicine has already created more than 125 local jobs with nearly 1,000 projected by 2021. Congratulations to the Dean of the new School of Medicine, Dr. Richard Olds, and to our state representatives who worked so hard in Sacramento to make this happen.(Acknowledge Assembly MemberJose Medina and/orSenator Richard Roth if they are in attendance)

Fully developed major arterials that link to freeways are critical to providing the transportation network for goods movement. To establish MoVal's prominence in the logistics arena, the City Council invested $ 5.7 million to widen Perris Boulevard from Cactus Avenue south to the City limits.

Third, we must get our employees back to work to serve residents and businesses throughout the week. It's important to eliminate City furloughs and provide affordable, competitive benefits that help us attract and retain a highly skilled workforce in a fiscally prudent manner.

Fourth, we must increase the City'sGeneral Fund revenue because our post-Prop 13 property tax rate impedes our ability to compete for growth with cities that incorporated years before Moreno Valley

Fifth, we must sustain our commitment to increased high school graduation rates and improved student performance.Under the leadership of our two School Boards, student graduation rates have begun to improve. But the fight for better schools is far from over. The City must put more skin in the game and seek a renewed partnership with school officials to create a work force that meets the needs of incoming businesses. We will also look to our business community for insight and curriculum collaboration — Moreno Valley's future depends on it.

Sixth, we must incentivize businesses to re-occupy vacant buildings, bringingrenewal and vibrancy to our shopping centers, creating jobs, and improving our tax base over the long run.

In conclusion, Moreno Valley'sfuture ishighly optimisticandopportunitiesabound.This City Council has finally put the City on solid fiscal footing. Nowit'suptoustostaythecourse,toremainmindfulofwhatgotusintothemessinthe firstplace,andtokeepoureyesonthelong-term goal – a future in which we remain fiscally strong and can afford to build new libraries and community centers, repair our streets, graduate 100% of high school students and reap the ongoing benefits of stellar police services and fire protection.

The old ways of doing City business have ended; our future relies on our innovation and perseverance. Moreno Valley's citizens demand and deservecontinued progress.The status quo is unacceptable, and the price of inaction is a burden we will not place on our children and grandchildren.

We've come too far and made too much progress to turn back to old ways of doing business. Moreno Valley is on the cusp of becoming Riverside County's premier city.Now is the time. This is the place. Together, we are the agents of change.

Thank you. God bless you, and God bless Moreno Valley

Subject: PD camera system demonstration for Council Members

Mayor Owings and Councilmembers Stewart and Molina: The installation and implementation of the PD Camera System is just about complete. If you would like to have a demonstration of the project please have Cindy set up an appointment for you with Lt. Ford before Friday August 30. After that date access to the system for a demonstration will be more difficult. Joel indicates that you can bring a couple of family members as well if you'd like but he'd like to know in advance if you are bringing a couple of guests.

	Resolution Information

Chief Ontiveros responded on 8/7/13: Prior to receipt of this CRM, PD supervisors had already dealt with this inquiry. Ms. Dickey made several conflicting statements about how her friend came into possession of her vehicle. The initial statement was that she loaned the car to her friend. Once she realized the car would be impounded, that statement changed dramatically, indicating the vehicle was stolen or taken without permission. Ms. Dickey then attempted to support her claim by making unfounded complaints about her friend, indicating she attempted to break in to her home and made several threats. In each case, officers determined there was no evidence to support the allegations against the friend.

The cost of a 30-day impound is very high. Citizens who run afoul of the law and temporarily lose their cars to impound often try anything to get their car out sooner than the law prescribes. In a recent phone conversation with Ms. Dickey, she informed my staff that she was going to call every day to demand the early release of her car until she achieved that goal. We have found no legitimate reason to release the vehicle prior to completion of the 30-day impound. The impound period expires on August 09, 2013. Ms. Dickey is aware of that date and should follow the release procedures on or after that date if she wishes to retrieve her vehicle.

There is nothing further we can do to resolve this issue at this time. If Ms. Dickey has a complaint against an individual or a policy, she has the absolute right to file a complaint with the Sheriff's Department. We will provide her with a complaint card upon request.

Issue: **Other**

Council District:

City of Moreno Valley

Council Summary

Issue Description: Tina Dickey
951.206.0206
re: MV131920215 (Impounded Vehicle)

Ms. Dickey called the City Council office requesting to file a complaint against the police department which she stated PD has not allowed. She stated when she attempted to contact the Police Chief's office, she was transferred to Personnel.

Impounded Vehicle:
Ms. Dickey stated her vehicle was impounded on July 11, 2013. Ms. Dickey stated when she was asleep, the person visiting her home took her keys without her permission. Ms. Dickey stated the vehicle was impounded when the person was pulled over and it was discovered that her drivers license was suspended due to a DUI.

Ms. Dickey stated the officer would not allow her to report her vehicle as stolen because the driver told the officer that she was Ms. Dickey's girlfriend and she resided with Ms. Dickey. Ms. Dickey stated this is not true, she is married, and her husband is in jail. Ms. Dickey stated the officer told her it was her fault that her vehicle was stolen as the keys were easily accessible.

Ms. Dickey stated she should not have to pay the impound fees as her vehicle was stolen.

Breaking and Entering:
Ms. Dickey stated this same person attempted to break into her home on July 28, 2013. She stated it took the police department 1-1/2 hours to respond to her 911 call, and the person who attempted to break into her home has not been arrested.

Threats
Ms. Dickey stated he she has saved threatening text messages from this person that she started receiving after July 11, 2013. She stated the police department has done nothing regarding the threats.

Ms. Dickey declined to provide the location of these incidents due to her profession.

Subject: Gang/Fraud/burglary arrest

Good afternoon,

Today about 9:00 AM, Officers and Investigators from the MVPD SET Team and Burglary Suppression Team served a search warrant in the 27000 block of Callander Road. This is in the gated Via Del Lago community situated near the back entrance to Lake Perris. SET Gang investigators learned that Roosevelt Williams (18), a known member of the local criminal street gang known as "Dorner Blocc Crips" was living at the residence. Williams was being sought in connection with a gang-related attempted murder here in Moreno Valley. Investigators also learned that Williams' mother, Pearlene Russell (44) lied on her application for Section 8 housing assistance and fraudulently obtained over $52,000 in state/county housing assistance over the past 4 years.

Upon service of the search warrant, Williams and Russell were detained without incident. Documents were seized that confirmed the housing assistance fraud and Russell confessed to lying on her application for section 8. Williams has previous contacts for residential burglary and several items of suspected and/or confirmed stolen property were found in the residence. Follow-up investigation is currently being conducted that may link Williams to additional burglaries in the city. Investigators are also conducting follow-up investigation concerning the previously mentioned attempted murder case.

I'll update you if more details become available.

CITY CLERK
MORENO VALLEY
RECEIVED

13 AUG 15 PM 3:47

PETITION FOR RECALL

TO THE HONORABLE CITY COUNCIL, OF THE CITY OF MORENO VALLEY,

Pursuant to the California Constitution and California election laws, we the undersigned registered and qualified electors of the City Council District 1, of the City of Moreno Valley, County of Riverside, California, respectfully state that we seek the recall and removal of Jesse Molina, holding the office of Council Member in District 1 of the City Moreno Valley, County of Riverside, California.

We demand an election of a successor to that office.

The following Notice of Intention to Circulate Recall Petition was served on the 25th day of June, 2013 to Jesse L. Molina:

NOTICE OF INTENTION TO CIRCULATE RECALL PETITION

TO THE HONORABLE JESSE MOLINA: Pursuant to Section 11020, California Elections Code, the undersigned registered qualified voters of The City of Moreno Valley, Council District One, in the State of California, hereby give notice that we are the proponents of a recall petition and that we intend to seek your recall and removal from the office of City Council Member Council District One, for the City of Moreno Valley, California, and to demand election of a successor in that office.

The grounds for the recall are as follows:

You have failed to meet the expectations of the electorate and have brought shame and embarrassment upon our City.

The printed names of the proponents business or residence addresses are on file with the elections official are as follows:
Curtis L. Gardner, Carolyn Gardner, Kenneth W. Saxel, Michelle Saxel, Pauline Rojas, Mattie Mc Henry, Angel Urrea, Richard Haro, Gregorio L. Yanez, Charles R. Johnson.

The answer of the officer sought to be recalled is as follows:

Answer to grounds for Recall: by City Councilman Jesse Molina

DON'T SIGN THIS PETITION. There are NO valid reasons for this recall. I was elected in November with over 58% of the vote in a three-way race. Nothing has happened since the November election to justify my recall.

The ANTI-JOB recall supporters' unfounded allegations are shameful and will harm our City's progress.

We've never been in a situation like this before where you can say anything do anything, have NO facts, No research, NO nothing, and you can launch a hate-driven bigoted assault on a duly elected City Councilmember.

I humbly ask that members of every community say "NO MORE" together. I love this city with every part of my being and I will continue to stay focused on building a better Moreno Valley.

JUST SAY NO TO SMEAR TACTICS!! No city council member should ever be afraid of making unpopular decisions due to threats of being recalled.

STAND BESIDE ME AND REFUSE TO SIGN this recall petition and demand it's crazy supporters to STOP THIS INSANE RECALL because it is the only fair thing to do.

PETITION FOR RECALL

TO THE HONORABLE CITY COUNCIL, OF THE CITY OF MORENO VALLEY,

Pursuant to the California Constitution and California election laws, we the undersigned registered and qualified electors of the City Council District 2, of the City of Moreno Valley, County of Riverside, California, respectfully state that we seek the recall and removal of Richard Stewart, holding the office of Council Member in District 2 of the City Moreno Valley, County of Riverside, California.

We demand an election of a successor to that office.

The following Notice of Intention to Circulate Recall Petition was served on the 25th day of June, 2013 to Richard Stewart:

NOTICE OF INTENTION TO CIRCULATE RECALL PETITION

TO THE HONORABLE RICHARD STEWART: Pursuant to Section 11020, California Elections Code, the undersigned registered qualified voters of The City of Moreno Valley, Council District Two, in the State of California, hereby give notice that we are the proponents of a recall petition and that we intend to seek your recall and removal from the office of City Council Member Council District Two, for the City of Moreno Valley, California, and to demand election of a successor in that office.

The grounds for the recall are as follows:

You have failed to meet the expectations of the electorate and have brought shame and embarrassment upon our City.

The printed names of the proponents business or residence addresses are on file with the elections official are as follows:
Debra D. Craig, Matthew Craig, April Helms, Mike Box, Rosemary Hall, Scott Hall, Ernest Lagrimas, Michael R. Palmer, Laura Stalling, and Patrick J. Walters

The answer of the officer sought to be recalled is as follows:

Answer to grounds for Recall: by City Councilman Richard Stewart

For 32 years I served our nation as an officer in the U.S. Air Force. For 20 years I served Moreno Valley as a reserve Deputy Sheriff, and have served 22 years as your city councilmember.
I have never been accused of or charged with any crime.
In recent months I have been cooperating with the FBI and District Attorney in a corruption investigation of Moreno Valley City Hall.
After search warrants were served on my fellow council members and developer Iddo Benzeevi, I was targeted for recall.
I believe this recall effort is a blatant attempt to harm my reputation and my credibility as a witness for the prosecution in any criminal case that may arise from this investigation.
I have always fought hard for public safety, more fire stations, a new police station, Fire paramedics, more POLICE officers, speed bumps, a successful ANTI GRAFFITTI program, and anti-burglary and anti-gang teams.
I always listen to YOU, we've accomplished: Widening of Pigeon Pass, new traffic signals, new retail stores and restaurants, including Outback restaurant, BJ Brewhouse, Mimi's, Applebee's and the new TJ Maxx store, etc.
I will work hard for YOU in my final year in office!

RICHARD A. STEWART,
City Council Member, District Two
23236 Harland Dr.
Moreno Valley, CA 92557

You have failed to meet the expectations of the electorate and have brought shame and embarrassment upon our City.

The printed names of the proponents business or residence addresses are on file with the elections official are as follows:
Debra D. Craig, Matthew Craig, April Helms, Mike Box, Rosemary Hall, Scott Hall, Ernest Lagrimas, Michael R. Palmer, Laura Stalling, and Patrick J. Walters

The answer of the officer sought to be recalled is as follows:

Answer to grounds for Recall: by City Councilman Richard Stewart

For 32 years I served our nation as an officer in the U.S. Air Force. For 20 years I served Moreno Valley as a reserve Deputy Sheriff, and have served 22 years as your city councilmember.
I have never been accused of or charged with any crime.
In recent months I have been cooperating with the FBI and District Attorney in a corruption investigation of Moreno Valley City Hall.
After search warrants were served on my fellow council members and developer Iddo Benzeevi, I was targeted for recall.
I believe this recall effort is a blatant attempt to harm my reputation and my credibility as a witness for the prosecution in any criminal case that may arise from this investigation.
I have always fought hard for public safety, more fire stations, a new police station, Fire paramedics, more POLICE officers, speed bumps, a successful ANTI GRAFFITTI program, and anti-burglary and anti-gang teams.
I always listen to YOU, we've accomplished: Widening of Pigeon Pass, new traffic signals, new retail stores and restaurants, including Outback restaurant, BJ Brewhouse, Mimi's, Applebee's and the new TJ Maxx store, etc.
I will work hard for YOU in my final year in office!

RICHARD A. STEWART,
City Council Member, District Two

PETITION FOR RECALL

TO THE HONORABLE CITY COUNCIL, OF THE CITY OF MORENO VALLEY,

Pursuant to the California Constitution and California election laws, we the undersigned registered and qualified electors of the City Council District 2, of the City of Moreno Valley, County of Riverside, California, respectfully state that we seek the recall and removal of Richard Stewart, holding the office of Council Member in District 2 of the City Moreno Valley, County of Riverside, California.

We demand an election of a successor to that office.

The following Notice of Intention to Circulate Recall Petition was served on the 25th day of June, 2013 to Richard Stewart:

NOTICE OF INTENTION TO CIRCULATE RECALL PETITION

TO THE HONORABLE RICHARD STEWART: Pursuant to Section 11020, California Elections Code, the undersigned registered qualified voters of The City of Moreno Valley, Council District Two, in the State of California, hereby give notice that we are the proponents of a recall petition and that we intend to seek your recall and removal from the office of City Council Member Council District Two, for the City of Moreno Valley, California, and to demand election of a successor in that office.

The grounds for the recall are as follows:

You have failed to meet the expectations of the electorate and have brought shame and embarrassment upon our City.

The printed names of the proponents business or residence addresses are on file with the elections official are as follows:
Debra D. Craig, Matthew Craig, April Helms, Mike Box, Rosemary Hall, Scott Hall, Ernest Lagrimas, Michael R. Palmer, Laura Stalling, and Patrick J. Walters

The answer of the officer sought to be recalled is as follows:

Answer to grounds for Recall: by City Councilman Richard Stewart

Subject: Successful sale of the TRIP Certificates of Participation on Thursday, August 15, 2013

Mayor, Mayor Pro Tem, and Members of the City Council: I am pleased to report that the California Communities Total Road Improvement Program (TRIP) Program financing through the sale of $20 million Certificates of Participation (COPs) was successfully priced yesterday. The financing is secured by Measure A funds to repay the annual debt service of $1,484,000. The financing was priced to yield a Total Interest Cost (TIC) of 5.40%, which is higher than what staff had planned due to dramatic changes in the bond market since May 2013. The negative market change has been driven by the expectation that the Federal Reserve Board will reduce and eventually cease their Quantitative Easing program that has kept the cost of borrowing low to energize the economy. The pricing of the TRIP COPs compares favorably to other similar financings in the market recently and staff approved the sale of the COPs. The COP sale will close on August 29, 2013 and COP proceeds will be available on this date.

The significant delay resulting from the legal challenge of the Court Validation action brought by residents Radene Heirs and Deanna Reeder caused the City to miss the lowest cost market in recent history, in addition to causing the City to miss the opportunity to share issuance cost through a pooled issue with the City of Menifee. Compared to the market pricing when Menifee closed their transaction, the TIC would have been 4.54% Had Moreno Valley been able to close on schedule at that time, the debt service would have been $109,500 less, reflecting an additional cost over the life of the debt of $2.8 million. In addition, the City incurred direct costs of about $100,000 defending the legality of the validation through higher bond counsel ($60,000), underwriting costs ($10,000) and City staff cost to defend the action.

Staff is pleased to bring this two-year effort to a successful completion and provide $19.2 million in funds for City street improvements for Moreno Valley.

Please contact me if you have any questions regarding this issue.

Subject: Commercial Structure Fire NOTIFICATION, Council District # 1 **2nd Alarm**
Attachments: IMG954303.jpg; 02 SIRF 82985.pdf

Good evening -

Please see the attached notification for a commercial structure fire at the Cardena's Grocery Store in the City of Moreno Valley.

Below is a brief narrative from the report for ease of viewing on mobile devices.

This evening at 18:42 hours Moreno Valley Firefighters were called to a reported Commercial Structure Fire at the Cardenas Grocery Store located at 26025 Sunnymead Blvd. Upon arrival I found a moderate to heavy smoke condition issuing from the roof of the occupied grocery store. Firefighters quickly went into an "evacuation" action while simultaneously we engaged the fire from the interior and the roof. Approximately 100 employees and customers were safely evacuated from the store while the fire was fought.

This action proved successful as the fire was contained to the attic area above the kitchen/cooking area of the store. The entire grocery store suffered moderate smoke damage. Environmental health was requested to the scene to evaluate the condition of the groceries within the store. After inspecting the product within the grocery store it was determined that all perishable goods within the store were lost due to smoke. The business was ordered to remain closed until a full inspection can be completed by the health agency, the building department and the fire department.

It is worth noting that this fire given the time of day, the number of civilians inside and the location of its origin could have been catastrophic. Firefighters performed aggressively, and methodically to control this fire and limit its wrath. The dollar loss is estimated at $350,000 with a save of $900,000.

Please call with questions,

Silvio Lanzas

Subject: Confidential/Next week's meetings/availability

Cindy, Raul has been hospitalized today. He's having an upper gastrointestinal scoping tomorrow morning.

Please do not schedule any additional meetings this upcoming week.

As of now, I'm not canceling any meetings that are on my calendar except (non-city council) work related. (I was scheduled to be in Burbank Monday at 9:00am.)

Warm Regards,
Victoria Baca, M.Ed.

Hi Roz:

Attached is the letter we discussed. I'm confirming if Bishop Sykes would still like to sign the letter. If yes, the best time during the week he is available to meet.

I'm contacting the others listed in the signature block to confirm their intentions to sign the letter.

Appreciate your help.

Hope you are feeling better!

Thanks,

Cindy

August 13, 2013

Tom Owings
Mayor
City of Moreno Valley
14177 Frederick Street
Moreno Valley, CA 92552

Dear Mayor Owings:

It is with great sadness I submit this letter of resignation to you. This letter will serve as formal notification that I am leaving my position with the City of Moreno Valley Planning Commission as of August 13, 2013.

I appreciate the opportunities this position has provided me. I am confident the City of Moreno Valley is in good hands and decisions will continue to be made with great thought, consideration, and benefit to the city. In my short time with the Planning Commission, I have had the opportunity to understand the inner workings of our city. I encourage the community to stay involved, work together, and make the city what we all want it to be. Even though I no longer live in Moreno Valley, this city will always be my home, where I grew up, where I graduated from high school, and where I purchased my first home.

I would like to say thank you to my fellow Planning Commissioners for their help, patience, and differing points of view. We may not have agreed on every project but we did a great job with expressing our opinions without discounting other opinions. I will miss all of you.

If I can be of any assistance during this transition, please let me know.

Sincerely,

Amber Crothers

Mayor and Council Members:

Please advise if you are interested in conducting the interview with Mr. Shin.
Mr. Shin bio: http://www.nbclosangeles.com/contact-us/about-us/TONY-SHIN-212245711.html

Kathy advised that Mr. Shin stated he would like to conduct the interview(s) prior to this evening's City Council meeting. This indicates to me that NBC may plan on attending the meeting.

Thanks,

Cindy

Tom, Rick, Jane, Suzanne, Abdul, Ahmad, John, Joel, Mike, Mayor Owings, Councilman Molina and Councilman Stewart: Thank you so much for supporting the Employee Appreciation Barbeque today. I really appreciate everyone coming through with donations of money to pay for the food and contributions of time and effort to help serve. We had a great turnout and everyone appeared to be having fun and more than enough delicious food. Special thanks to Mike for coordinating the event and getting up extra early to supervise the food prep this morning.

Thanks again

Subject: Announcing our new Sr. Payroll Technician - Jessica Guzman

The Financial Operations Division of Financial & Management Services would like to congratulate and welcome Jessica Guzman on her appointment to Senior Payroll Technician. Jessica joined the City at the beginning of August and is getting acclimated to our payroll process by diving right in and assisting in the process to provide paychecks this Thursday.

Jessica most recently was with the Menifee Union School District's payroll department for over 7 years and prior to that was with the Pechanga Resort and Casino. With her experience of working in a high-volume, full-scale payroll capacity along with her PERS knowledge, she is an excellent addition to our detail-oriented Payroll Team. Jessica and her family live in Menifee and enjoy spending their time together outdoors riding motorcycles and playing soccer.

Jessica looks forward to working with all her new co-workers and hopes she has a chance to meet you in an upcoming eSuite training session. Please join me in congratulating Jessica on her appointment.

MORENO VALLEY
WHERE DREAMS SOAR

14177 FREDERICK STREET
P.O. BOX 88005
MORENO VALLEY, CA 92552-0805

August 21, 2013

Mrs. Debra Craig
24811 Freedom Ct.
Moreno Valley, CA 92557

Dear Mrs. Craig:

This is to inform you that the (corrected) petition format submitted on August 15, 2013 to recall *Richard Stewart as City Council Member in District 2* of the City of Moreno Valley meets the requirements of the Elections Code as to form and wording.

Pursuant to Elections Code Section 11220, the petition shall be filed with the City Clerk's office not later than 120 days from August 21, 2013.

Therefore, the petition shall be filed no later than the close of normal office hours on December 19, 2013.

Pursuant to Elections Code Section 11221, the petition shall be signed by not less than 20% of the registered voters in City Council District 2 of the City of Moreno Valley. The number of registered voters in City Council District 2 is 19,622, as of the last report of registration to the Secretary of State, which was submitted by the Riverside County elections official on February 10, 2013.

The number of required signatures for City Council District 2 is 3,925.

Please be advised Elections Code 104, 11046 and 18650 are attached for your review. The circulator must be a registered voter in the jurisdiction of the officer sought to be recalled.

Please contact the office of the City Clerk at [redacted], if you have any questions.

Sincerely,

Jane Halstead, CMC
City Clerk
Enclosures: E.C. 104, 11046 & 18650

the petition is filed. A written request made under this section shall not constitute a petition or paper for purposes of Section 104.

(Amended by Stats. 2009, c. 510, §1.)

104. Declaration of circulator attached to petition; form.

(a) Wherever any petition or paper is submitted to the elections official, each section of the petition or paper shall have attached to it a declaration signed by the circulator of the petition or paper, setting forth, in the circulator's own hand, the following:

(1) The printed name of the circulator.

(2) The residence address of the circulator, giving street and number, or if no street or number exists, adequate designation of residence so that the location may be readily ascertained.

(3) The dates between which all the signatures to the petition or paper were obtained.

(b) Each declaration submitted pursuant to this section shall also set forth the following:

(1) That the circulator circulated that section and witnessed the appended signatures being written.

(2) That according to the best information and belief of the circulator, each signature is the genuine signature of the person whose name it purports to be.

(c) The circulator shall certify to the content of the declaration as to its truth and correctness, under penalty of perjury under the laws of the State of California, with the signature of his or her name. The circulator shall state the date and the place of execution on the declaration immediately preceding his or her signature.

(Amended by Stats. 2012, c. 132, §1.)

105. Examination of petitions; residence address verification.

For purposes of verifying signatures on any initiative, referendum, recall, nomination, or other election petition or paper, the elections official shall determine that the residence address on the petition or paper is the same as the residence address on the affidavit of registration. If the addresses are different, or if the petition or paper does not specify the residence address, or, in the case of an initiative or referendum petition, if the information specified in Section 9020 is not contained in the petition, the affected signature shall not be counted as valid.

Any signature invalidated pursuant to this section shall not affect the validity of other valid signatures on the particular petition or paper.

(Added by Stats. 1994, c. 920, §2.)

106. Nomination papers' signatures.

Notwithstanding any other provision of law:

(a) Any registered voter who is a candidate for any office may obtain signatures to and sign his or her own nomination papers. The candidate's signature shall be given the same effect as that of any other qualified signer.

(b) Any person engaged in obtaining signatures to the nomination papers of a candidate for any office or to any recall, initiative or referendum petition, may, if otherwise qualified to sign the papers or petition, sign the papers or petition. The signature of the person shall be given the same effect as that of any other qualified signer.

(Added by Stats. 1994, c. 920, §2.)

MV00252263

11043.5. Secretary of state to provide recall petition format.

(a) The Secretary of State shall provide to county elections officials a recall petition format for distribution to proponents of a recall. The recall petition format shall be made available upon request by the county elections official and by the Secretary of State.

(b) The recall petition format made available pursuant to this section shall be utilized by proponents of a recall election.

(Added by Stats. 1996, c. 714, §5.)

11044. Separate petitions necessary.

Separate petitions are necessary to propose the recall of each officer.

(Added by Stats. 1994, c. 920, §2.)

11045. Only registered voters of jurisdiction qualified.

Only registered voters of the electoral jurisdiction of the officer sought to be recalled are qualified to circulate or sign a recall petition for that officer.

(Added by Stats. 1994, c. 920, §2.)

11046. Circulator's declaration.

To each section of a petition shall be attached a declaration, signed by the circulator thereof, that complies with Section 104. The declaration shall include a statement that the circulator is a registered voter in the jurisdiction of the officer sought to be recalled.

(Added by Stats. 1996, c. 714, §7.)

11047. Petition circulated in more than one county.

When a petition is circulated in more than one county for the recall of an officer, each section of the petition shall bear the name of the county for which it is circulated, and only registered voters of that county may sign that section.

(Amended by Stats. 2004, c. 156, §1.)

Chapter 2. Recall of State Officers: Intermediate Steps in the Recall

11100. Application of chapter.

(a) This chapter applies only to the recall of state officers.

(b) In addition to this chapter, Sections 13 to 18, inclusive, of Article II of the California Constitution and the applicable provisions of Chapter 1 (commencing with Section 11000) and Chapter 4 (commencing with Section 11300) shall govern the recall of state officers.

(Amended by Stats. 2010, c. 328, §62.)

11101. Presumption that the petition contains the required signatures.

Unless and until it is otherwise proven upon official investigation, it shall be presumed that the petition presented contains the signatures of the requisite number of registered voters.

(Amended by Stats. 1996, c. 714, §8.)

11102. Filing of petition sections.

Each section of a recall petition shall be filed with the elections official of the county for which it was circulated.

(Amended by Stats. 2004, c. 156, §2.)

11103. Filing of petition section; written authorization.

Each section of the petition shall be filed by the proponents or by any person or persons authorized, in writing, by a proponent. Each time an autho-

Mr. Curtis Gardner
25907 Flint Drive
Moreno Valley, CA 92553

Dear Mr. Gardner:

This is to inform you that the (corrected) petition format submitted on August 15, 2013 to recall *Jesse Molina as City Council Member in District 1* of the City of Moreno Valley meets the requirements of the Elections Code as to form and wording.

Pursuant to Elections Code Section 11220, the petition shall be filed with the City Clerk's office not later than 120 days from August 21, 2013.

Therefore, the petition shall be filed no later than the close of normal office hours on December 19, 2013.

Pursuant to Elections Code Section 11221, the petition shall be signed by not less than 20% of the registered voters in City Council District 1 of the City of Moreno Valley. The number of registered voters in City Council District 1 is 15,148, as of the last report of registration to the Secretary of State, which was submitted by the Riverside County elections official on February 10, 2013.

The number of required signatures for City Council District 1 is 3,030.

Please be advised Elections Code 104, 11046 and 18650 are attached for your review. The circulator must be a registered voter in the jurisdiction of the officer sought to be recalled.

Please contact the office of the City Clerk at [redacted] if you have any questions.

Sincerely,

Jane Halstead, CMC
City Clerk

State of the City or State of the Politics?
By Tom Owings

So the Press-Enterprise would prefer to see the City of Moreno Valley's annual State of the City event focus on controversy and contention (real or imagined) rather than on the many positives that continue to be happening in our community.

The editors *("Skip the Rosy 'State of the City' Speech"*, Aug. 19) are calling for explanations of political issues rather than "superficial optimism." Moreno Valley's residents, who during the recession endured unemployment as high as 18%, would not characterize the 2,043 jobs created in Moreno Valley in 2012-2013 as "superficial."

Putting the job creation number into perspective, we believe there are over 10,000 Moreno Valley residents without jobs. Thousands more have probably given up on looking for work. We have much yet to do but our recent job creation successes are an excellent start on the road to economic recovery for our residents.

The editors stated that they don't want to hear the "bland conventionality" of our balanced budget because, they ask, "what city does not want to balance its budget?" I answer "Yes, but how many cities have actually done it?" I will shout from the rooftops about having achieved the first balanced budget since 2008 that did not use reserves. This Council pulled the City back from its own fiscal cliff; Moreno Valley's residents would not characterize this as "bland conventionality."

The editors indicated that the Council and I "cannot simply shrug off" the corruption task force investigation. The investigation is a process that needs to run its course before anyone, residents or newspaper editors, jump to conclusion. The editors seem to forget that I appeared voluntarily and uninvited before the Grand Jury and willfully presented my testimony. I also sent a letter to the U.S. Attorney on June 10th pleading for a thorough investigation performed as expeditiously as possible so that our City can move forward without distraction. I don't characterize these actions as shrugging off; as usual, I am addressing issues head-on in my style which the P-E has branded as bullying. No "shrugging" here, just action.

The editors contend that the Council has taken sides regarding the proposed warehouse project on the east end "before weighing the facts." That's simply untrue. No formal review process has started at the City Council level related to the World Logistics Center. The concept of a World Logistics Center is still very early in the process; the deadline for comments on the Draft Environmental Impact Report was back on April 8th and we don't currently know what the developer's intentions are regarding the future of the project. If a project moves ahead, we will receive specific information and professional analysis. There will be numerous opportunities for public input and Council discourse regarding such a project. It would be pointless to spend the very limited time I have in presenting the State of the City address to discuss something that at this point in time isn't even a formal "project."

The P-E wants me to focus on the negative and ignore the positive. That comes as no surprise to our residents since that is exactly how the newspaper prefers to portray us. The editors are focused on reestablishing trust. Let the community's trust be established and maintained by the City's strong performance in delivering quality services and projects, many of which I've highlighted in my address. Despite the editors' suggestion to the contrary, the State of the City of Moreno Valley is frankly better than rosy; it is strong and I am tenaciously optimistic for our near and long-term future.

Owings is the Mayor of Moreno Valley

Council Member Stewart: my apologies for taking a while to respond, I'm in interviews today for an Administrative Services Director.

The floor rehabilitation project included a space planning effort, to maximize the efficiency of offices, cubicles and conference rooms throughout the 2nd Floor of City Hall.

This effort also allowed an opportunity to:

- Reconfigure space allocations which no longer reflected the level of staffing in the building; and
- Address a chronic shortage of meeting/conference spaces (which is inherent in office environments which consist primarily of cubicle work areas).

The space plan approved by the City Manager last Spring saw conversion of three rooms which were formally used as offices/work areas into meeting rooms (in Finance, HR and Public Works).

Reprogramming a long vacant office in the Clerk's area into a Council Office allowed the opportunity to provide a larger meeting area that would rotate with appointment of the Mayor, to better accommodate his/her more frequent need to meet with small groups, while making the City Council/City Attorney conference room more available for the Council's use. The recommendation for this reconfiguration came from staff to the City Manager in March or April; it was not done at the request of the Mayor. Your e-mail makes a very valid point with regard to consultation with the Council; neither the Mayor nor Council Members were asked if this would be acceptable, and quite frankly that communication should have occurred when the Manager was considering the recommendation.

I hope that this explanation is helpful. Suzanne Hurt from the P-E already called re: this project and Tom DeSantis has spoken with her.

Hi Cindy Miller

This is the parent of student Jaida Bailey, per the conversation two days ago; attached are the questions of concern Jaida had wanted to present to the Moreno Valley Council man who is no longer with the City as of last week.

As stated, she would still like to have her voice heard and these concerns to be forwarded on.

Thanks

QUESTIONS FOR CITY OF MORENO VALLEY COUNCIL OFFICE / MAYOR'S OFFICE

MEETING WITH MR. MARCELO CO.
TUESDAY AUGUST 20, 2013

FROM THE VOICE OF STUDENT JAIDA BAILEY
(A CONCERNED FOUR YEAR HIGH SCHOOL STUDENT OF MORENO VALLEY)

MORENO VALLEY CAN'T GROW IF THERE'S NO CHANGES. "AN OLD THING WON'T WORK IF YOU WON'T AND DON'T CHANGE IT WITH THE PRESENT TIMES.

TAKE INTO CONSIDERATION, THE NEW GENERATIONS WANT TO MAKE A SUCCESS OUT OF THERE PARENTS LABOR.

PRESENT BY – MOTHER CANDACE Q. BUTLER, FOR JAIDA BAILEY

1) Who are the parties or party who does the deciding for the community best interest?
2) Who decides on how the funds are allocated for community events, youth intervention and special projects?
3) What was the past vision for the City? What's the overall vision after all the corruption that's occurred and been exposed?
4) What immediate plans are in the making or already put in effect?
5) What are the plans to improve the crisis such as jobs for the community, youth and teen programs; resources?
6) Is it true that funds were used to repair streets in Moreno Valley, that came from nonprofit organizations making substantial contributions?
7) When were or are the monies going to be put back? If put back already can I get a copy or verify its documentation?
8) What streets were repaired using the Art programs funds?
9) View records to see the streets repaired (using the youth art programs donated funds).
10) Ask to view previous funds for programs for the past seven years?
11) Has it been ask in the past to change old out dated ordinances?
12) Are there any unused funds available at the present time?
13) Can other funds be used right now for overlooked dire need youth services and school projects, or organizations who are struggling to do the foot work throughout the community? (to reserve buses) field trips (special educational events).

Final comments for the City of Moreno Valley-

1) The city won't grow correct until what's old is out, until what's out is brought current to the new age.
2) There enough of everything to go around
3) There are enough righteous people to make a change, people of all backgrounds who could stretch the close minds beyond where one may wonder.
4) It's about principle.
5) The city lacks balance, open mind officials and leaders with souls, and vibrant energy.
6) What has occurred is criminal, and a form of slavery to keep
7) The city has not operated within its abilities.
8) It's time to apply greater like today
9) It's time for the City of Moreno Valley to move from nothing to more than something.
10) Why should anyone settle for being in the wilderness, when they could be in the land of milk and honey?
11) Information brings trans-formation.
12) What you feel determines what you pursue.
13) Someone died to get us where we are, and where we're to go.
14) Evil robs, steals, kills and destroy
15) Citizens of Moreno Valley have been robbed and left for dead until the wrong doing was exposed.

State of the City Address 2013

Standing Strong For Progress

Rod, thank you for the generous introduction andthankyouforyourcollaborationwiththe City of Moreno Valley.

Captain Murphy,thank youforthethoughtful invocation. I am inspired by your servant's heart.

Welcome to the 2013 State of the City Address. Thank you for joining us today and special thanks to the Moreno Valley Chamber of Commerce for hosting this luncheon.

Today's event is yet another great example of the vitality of the partnership between local government and our business community. And membership in the Chamber of Commerce assists in forging these crucial ties. If you're a Chamber member…thank you. If you're not yet a Chamber member, we have your membership form waiting for you today. And I'd like to convey a special invitation to the Press-Enterprise, we sincerely hope that you'll take this important step in conveying your commitment to the Moreno Valley community by joining the Chamber today.

To my fellowCity CouncilMembers — thankyouforyourservicetoourcityinthese challengingtimesandfor yourgoodhumorandprofessionalism. You've led with courage and made the tough decisions that were critical for the betterment of our

MV00252285

community.Council Members Jesse Molina, Richard Stewart, and Victoria Baca, will you all please stand and be recognized?

Welcome to our Planning Commissioners, too. Thank you so much for your dedication to reviewingdevelopment proposals in the City. Please stand so we can express our appreciation.

We are fortunate to have the City's first Mayor, Marshall Scott here in the audience today. Marshall was elected as a Council Member and appointed as Mayor by fellow Council Members in 1984. Marshall, it looks like we may have more in common than we thought!

I also want to recognize my wife.Susan, thank you for your love and support and thanks for your great sense of humor. Laughter and fun have enriched our conversations and has long been the foundation of our trust and appreciation for each other.

AndtothepeopleofMoreno Valley,thankyou foryourfaithandsupportover the pasteight months. You told us not to mortgage your children's future. You told us to take action to solve the City's longstanding fiscal problems and to sustain services. And we did. There'snotanotherbigcityinCaliforniawheretheresidentshavedonemoretoh elpsolve a fiscalcrisis.

We would not be moving on to better things without professional staff.To the City employees here today - you've lost work hours though the workload increased. You've taken significant pay cuts. Many of you

work additional hours without pay to get the job done. You serve the public with care and professionalism and I thank you for your service.

* * * *

I begin my formal remarks today by stating that I am PROUD of the state of our City. And I am TENACIOUSLY OPTIMISTIC about its future. Moreno Valley is emerging to take its proper leadership role as the 2nd largest City in Riverside County. We are coming into our own, as a vibrant community whose interests are being advanced more effectively than ever before. We are now into our own as a major player in the economic hub of the nation's most populous state.

Today, we affirm that we have the power to create the future that Moreno Valley's families deserve. Since we have demonstrated the courage to use that power, our city's pastnarrative of economic mediocrity will NOTbe the story of our future.Together, this Council believes that a new story of growth will emerge as a result of our collective choices.

This City Council has made several decisions to create a strong foundation for growth:

- Selected Moreno Valley's first female City Manager and the City's first female City Attorney. Together, they provide Common Sense Leadership and receive common sense compensation.
- The City has promoted from within and is forging a new relationship with our employee associations.I'd like to welcome Employee Association President Sherald Koliboski and Mel

Alonzo, who represents the City's middle managers.

- We were innovative and contracted with LSSI to expand library servicesand save money while keeping current Moreno Valley employees in place to serve our residents.
- Coming soon will be:
    - An initiative to deliver the first class service that ALL of our customers deserve when dealing with City Hall.
    - A Journey to a "NO KILL MOVAL Animal Shelter – which has proven that changing attitudes and setting goals can accomplish a lot even without more money–under Tom DeSantis' leadership.
- If you read our City Manager's editorial in the Press Enterprise last month or attended one of the numerous budget meetings, you already have an understanding and appreciation for the work we're doing to ensure public safety for the community while maintaining responsible budget oversight.

Our work to promoteMoreno Valley's growth must be grounded first in a balanced budget. This is the defining fight of our generation of leadership.We must maintain the positive momentum we have achieved.

* * * *

When I look at the City's challenges, I see a collection of<u>unsolved opportunities</u>. Good managers transform problems into opportunities to innovate, to make things better.

* * * *

The 1st challenge we solved was the alignment of City Hall leadership. The City Council forged a stronger team by selecting Michelle Dawson

as City Manager. A seasoned professional having worked in local government for more than 23 years, Michelle is smart, visionary, well-liked and widely respected…inside and outside of city hall, and she displays integrity and honesty. Michelle is highly educated, talented and has invested much of her professional career in serving Moreno Valley. Most importantlyshe genuinely cares about this City. Michelle, would you please stand?

We are also fortunate to have Tom DeSantis as Assistant City Manager. He brings seasoned experience as an Air Force Captain, followed by 23 years in local government, with service as a senior manager at the County level and the City level, including at the City of Riverside…our primary economic development rival. We're pleased to have him in MoVal.Tom, will you please stand? Together this team is committed to working with the Council, staff and community to do the right thing for Moreno Valley.

With this Council's direction, City Hall's professional staff iscommitted to fulfilling our destiny as the second largest city in RiversideCounty, and to begin to take a leadership role in the region. We will no longer abdicate this essential role to other cities.

Continuing with unsolved opportunities, many of you know that I have spent nearly a year talking about the budget. Some of you met me while I was campaigning, when I called the City's structural budget deficit "Public Enemy Number One."

* * * *

I've pledged to always talk straight and never sugarcoat our problems. I'd love to tell you that I'm not going to talk about the budget today – but the budget is still our biggest challenge. We have come a long way.To understand how far we have come and the hard work ahead of us, we need to take a look back.

Budget projections for fiscal year 2013/14predicted an $8.3 million deficit, which increased to $9.7 million in 2014 / 15. Rick Teichert, the City's CFO, clearly outlined the top three critical forces putting the City on the road to a fiscal crisis.

- First, slow growth in General Fund revenue, estimated at only 2 - 2.5% or $1.5 - $2 million a year.
- Next, in spite of the limited revenue growth, Police costs are increasing by 5% during each of the next two budget years. That's up approximately $2 million each year. Compounding the issue is the 3% annual increase in Fire Service expenses. This $2.5 million cost increase is clearly outpacing our revenue projections. Finally, unfunded liabilities significantly impact the General Fund budget. Unfunded liabilitiescould increase by double digits.Liabilities such as the long term projection of rising retirement andretiree medical funding for those employees who have already retired contribute to the ongoing rise in costs.

Faced with these fundamental problems and realizing that continuing to cut services could push us into insolvency, the City Council rose to the challenge and adopted a fiscal strategy to achieve fourequally important objectives:

MV00252290

One: Balance the Budget without using reserves.

Two: Increase Economic Development efforts to provide jobsand revenue.

Three: Fulfill our moral obligation to city workforce and retirees, to ensure they get the retirement benefits they have earned and accrued.

Four: Maintain and enhance essential services to our residents and taxpayers by implementing innovative solutions and using technology.

The simple math of declining revenues and rising expenses has been the enemy of our progress for too many years.Previous councils have largely ignored this issue. WE will not do the same. We have demonstrated that we will not slip back to old ways of doing business by adopting a common sense, two-year City budget. What we have now is a fully balanced budget - - for both years - - that will not exhaust the remaining $20 million we have saved in reserves.

Through these assertiveactions, Moreno Valley has maintained its bond rating during the worst recession since the great depression.

RickTeichert has done an outstanding job educating the Council and the public about the budget process, obstacles, and proposed solutions. He led six study sessions and six neighborhood budget meetings within a 3-month period. Rick, you truly are essential to the fiscal well-being of this city, would you please stand for a round of applause?

As Rick knows, I also talk about the need to have toothpicks handy when our eyelids may grow heavy during lengthy budget reports. In keeping with that tradition, we've provided toothpicks at each table today…just in case the audience finds my presentation as exciting as we sometimes find Rick's.

Through innovation, City employees have turned crises into an unsolved opportunities and found creative solutions. For example, wefound a way to keep the new $4.3 million Morrison Park Fire Station open, demonstrating our commitment to maintaining the best level of service we can afford. Fire Chief Abdul Ahmad was critical to the problem solving that secured the continued operation of Station 99. Chief Ahmad, would you please stand?

Moreno Valley is proud to partner with the Riverside County Sheriff's Department. We are proud of all of the dedicated men and women who serve as the Moreno Valley Police Department.

Balancing the budget meant painful cuts to MVPD this year. Chief Ontiveros, we appreciate the positive attitudedemonstrated by the Department that keeps residents safe despite the ongoing fiscal

challenges. Chief, will you stand along-side Sheriff's Chief Deputy Patricia Knudson so that we can applaud your efforts?

* * * *

For more than 25 years, Moreno Valley's story has been dominated by a narrative of bust or boom cycles. In the good times, construction is booming and jobs are plentiful, crime drops as the City can afford more police, home values increase, City spending increases and everyone is happy.

In the bust times, jobs disappear, crime rates rise, schools deteriorate, and many neighborhoods become destabilized. City government is left with a legacy of high taxes, shrinking revenues, growing liabilities, persistent deficits, and crumbling infrastructure.

But this is not how it has to be. We have broken the cycle. We must continue to take a long-term perspective, to anticipate the ups and downs and plan carefully to spare this community from the wide swings we've endured since this City was formed.

By staying on our current fiscal course and by seizing unsolved opportunities, Moreno Valley can smooth the effects of the bust or boom cycles. Moreno Valley can be safer, public education can improve and property values will increase as a result. Current businesses and new business can be encouraged to make new investments which will lead to new jobs for all of Moreno Valley's citizens.

Moreno Valley has many great attributes! Affordable housing, business-ready land and relatively low crime rates.You wouldn't know that if you read the local paper. Moreno Valley sometimes gets a bad rap when it comes to crime statistics You can see that the crime rate per thousand residents is actuallylower in Moreno Valley than in Riverside, Ontario, and San Bernardino. I hope that our new local reporter takes note of this.

Trust me, no elected official wants to make cuts to police and fire. But when 80 cents of every dollar the City spends goes to public safety, this City Council committed to making cuts while securing public safety. This is one way we stay away from "boom or bust." We now manage our resources in a cost effective and innovative way.

The new citywide camera system is an excellent example of this. "Force-Multiplier" is the term used to describe the impact of the new **citywide camera system**that has been installed at intersections and in parks. It acts as an additional 247 pairs of eyes, 24 hours a day, 7 days a week. The citywide camera system has already been instrumental in solving several crimes. This technology also allows business owners to link their security cameras to the Citywide Camera System providing another force multiplier.

In another innovative force multiplier, the City Council approved a public – private partnership with LSSI to manage Moreno Valley's Public Library. Under this agreement, we are pleased that LSSI will re-establish 7-day service to our Library patrons, increase the current book and materials budget by 200% per year, and save taxpayers more than

$1.3 million over the five-year contract. The contractor also offered jobs to 19 out of 20City Library employees and we are happy that members of the City family will continue to serve our community.

It's no secret that job creation is the driving force behind nearly every decision we make and every direction to staff. Job creation is what we need to grow this community, to keep working parents closer to home, and to increase the tax base and economic multipliers.

Job creation is Job #1 because the unemployment rate in Moreno Valley is 11.8%! Put into context, what this number really means is that 10,600 of our neighbors need a job!And that thousands of others have had to settle for part-time jobs, too many others have simply given up. But their City has not given up on them.

To combat unemployment, the Cityanalyzed of our community's strengths and weaknesses. It was interesting to me that when the city hired well-known economist John Husing to study local demographics, economic trendsand potential industry targets – the study's analysis concluded that logistics and healthcare are the industries that are Moreno Valley's best fit.

With that result, some in the media discounted the legitimacy of the report and suggestedBeacon Economics would be a more authoritative source for analysis.

The good sports that we are, we asked Beacon to provide their analysis. And guess what? Pursuing logistics and healthcare as major employment sectors for Moreno Valley continued to be leading economic recommendations for the city.

In fact, the "Regional Intelligence" report written by Beacon for the City of Riverside produced the same conclusion. Why am Inot surprised?

* * * *

Yet another innovation for Moreno Valley- which the City of Riverside has used for decades... We are nowusing*our*"secret weapon"to boostbusiness attraction and job creation. The Moreno Valley Utility, which was formed in 2001, became profitable this year, allowing the City to create an Incentive that provides tiered utility rates for significant job creation. Incentivizing job creation with our own utility is a prime example of the strong foundation we're building and demonstrates our commitment to create a robust employment base in Moreno Valley.

* * * *

To complement these efforts, we are making strategic **infrastructure improvements** to strengthen the City's transportation network. In Fiscal Year 2012-2013 alone, the City completed 27 capital improvement projects totaling approximately $46 million in investment. Public Works Director and City Engineer Ahmad Ansari, will you please stand and be recognized for your department's critical contribution to our City's progress?

Between a new freeway overcrossing and the street extensions that now connect Nasonto Iris, several new projects have improved the traffic

circulation for area medical institutions including Riverside County Regional Medical Center, the Allied Health education programs at Moreno Valley College and Kaiser Permanente Hospital. Oh, I want to give a shout out to the Kaiser folks who are here… Thanks for taking such great care of me recently. And here's the back story that Press-Enterprise *should* have run. After Jack the Golden Retriever bit me, I was put in quarantine for 3 days. *The good news is that Jack survived.*

Theinfrastructure projects on Nason are already paying dividends andthe regional significance is huge. Kaiser Permanente just completed a beautiful, 75,000 square foot medical office building and created more than 165 new healthcare jobs. In addition, UCR secured the annual $15 million in state funding for the first medical school approved in California in more than four decades. We are extremely excited about the UCR School of Medicine because Riverside County Regional Medical Center is designated to be one of UCR's clinical partners. So far, the School of Medicine has already created more than 125 local jobs with nearly 1,000 projected by 2021.**(Acknowledge Assembly MemberJose Medina and/or Senator Richard Roth if they are in attendance)**

Fully developed major arterials that link to freeways are critical to providing the transportation network for goods movement. To establish MoVal's prominence in the logistics arena, the City Council invested $5.7 million in the South Moreno Valley Industrial Area to widen Perris Boulevard from Cactus Avenue south to the City limits.

City government plays a key role in promoting economic development,

job creation, and job readiness. Over the past few months, we have refined the City's strategy to do more to support Moreno Valley's small businesses.This past year alone:

- We budgeted for the city's first small business incubator program;
- We began the Sunnymead Blvd Clean Up Initiative,to boost business by decreasing crime and enhancing aesthetics.
- We have taken the first steps to forma visitor's bureau, whichwill work on behalf ofour local hotels and service sector.

While bringing new businesses to the community is a priority, we remain committed to promoting the vitality of existing business. Wehave established a business concierge service headed up by Denise Bagley. Denise assists any business maneuver through the business or development process. She helps businesses solve issues.

We also outreach to our small businesses through relationship-building programs and one-on-one business visits. Denise and I personally have metwith local businesses to learn more about what industry needs and what we can do to help. We find that as more business comes in to the city, we are not equipped with the workforce that they need. One area we've been successful in helping with is the hiring process. Denise ensures that businesses know that the Employment Resource Center is a tool for businesses. The ERC helps businesses quickly access the local labor pool, and get help with the overall hiring process.

MV00252298

It has been an honor to visit with many of you. I appreciate your candor, and the Councilmembers and I look forward to meeting with many more of you over the months ahead.

The City also produces a very active Business Spotlight program that showcased more than 82 businesses over the last3 years, producinga promotional videofor each that we post on YouTube, play on Channel 3, and give to the business for their marketing efforts.

I mentioned our industry attraction strategy earlier. Now I'll tell you about our successes. I won't name them all, but you can see that Moreno Valleybecame the new home to several new retail, restaurants, medical office, and logisticsfirms this year. Specifically, if you hadn't already heard, there are a few new businesses that I CAN talk about plus others I can only hint at.

First, in the commercial sector, Moreno Valley may become a twoSuper Wal-Mart town! A new Wal-Mart Supercenter is proposed just north of Home Depot near Perris Boulevard and Iris Avenue.We are looking forward to the convenience that this new store represents to residents of Moreno Valley, the new jobs it will create and its positive effect on the local economy.

Another new store to celebrate is Stater Bros. The northwest part of Moreno Valley was hit hard by the loss of two major grocery store chains. The new store will produce roughly 100 new jobs and generate an investment of approximately $1.5 million in improvements. This won't

be just any store either as it has been designated as a “Blue Ribbon” Stater Bros.

In the restaurant category, we are also excited to welcome Omokase, Polly’s Pies, and Miguel’sJr, all establishments that have selected Moreno Valley locations. Thankfully, we also have welcomed a new LA Fitness in my district and Crunch Gym is coming to the Moreno Valley Mall…to help us deal with the extra calories from these great local restaurants.

Joking aside, as a post-Prop 13 city, Moreno Valley’s revenue growth depends on sales taxes produced by new commercial businesses.

In the industrial sector, I amdelighted to welcomeAldi Foods to our logistics and retail community. The Chicago-based grocer plans to invest $55 million to create its West Coast headquarters and distribution center in the east end of town. Aldi is expected to produce nearly 300 new jobs and plans to open two retail stores as well.

There are actually two more Fortune 500 companies with signed leasesfor a combined total of 3 million square feetof logistics space that I would love to announce today, but they’d have to kill me if I did.Suffice it to say, that hundreds of new jobs are coming to Moreno Valley. John Terell, our Interim Community and Economic Development Director, has served Moreno Valley for 23 years. During his tenure, John has also worked in Economic Development, Redevelopment, and Neighborhood

Preservation. John, please stand up and accept our appreciation for these great results.

More than2,000 jobs were created over several industries with the addition of new business plus the expansion of existing ones over the past year. While we celebrate the addition of new jobs to the community, we won't be satisfied until every resident who wants a job has one. A few recent quotes really sum it up for me:

- As Marion Ashley says, "There's dignity in every job." AND
- Like Ashton Kutcher, I've had plenty of jobs and none of them was beneath me.

No doubt, balancing the City's budget and creating jobsto reduce unemployment are priorities at City Hall. Yet, we also dedicate ourselves to improving services to our residents through more quality of life programming.

City leadership must project to 2020 and lay out the set of goals that will lead us to placement in the top lists of livable cities. We've begun those steps with enhanced service levels at City Hall, the Library, at the Moreno Valley Animal Shelter and the Employment Resource Center.

These positive changes mark significant progress toward restoring customer service levels back to 100%. As of July 1, City service hours were restored by 5%, reducing the impact of a 10% employee furlough which had been in place for 4 years.

All development-related services are now available at City Hall on 2nd and 4th Fridays, while City Hall hours have been extended to 6 p.m. Monday through Thursday.

Also, recognizing the public's need for weekend service at the Animal Shelter, that facility has increased its operating hoursto be open all weekend.

Enhancing communications and facilitating opportunities for participation engages residents' interest in our programs and produces public confidence. This year, to become even more transparent, we expanded video coverage of public meetings by televising Study Sessions live. The Police Department hosted 24 public meetings about the Citywide Camera System and the Council hosted a total of 12 meetings to discuss the budget process and challenges.

We are using technology to keep information free flowing. We've reformatted the City's website to make it more user-friendly. The City's Community Calendar is on the website, available for any community event to be listed.

With the staff in our Media group keeping us contemporary, we have begun to use more social media to communicate with you. If you haven't "liked" our Facebook page or if you aren't "following us" on Twitter, you are missing out on a great way to know what's happening in yourCity.We also produce a monthly electronic newsletter that you can

subscribe to on the City's website. Finally, we're establishing social neighborhoods using Nextdoor.com to bring people together and share information.

We're pleased to be engaging newly-energized citizens. More than 900 volunteers selflessly work in a variety of departments. For example, out of a passion for community, Shor Denny, Moreno Valley's Volunteer of the Year, put together the Moreno Valley Safe Routes to School program.And we have pastors organizing prayer walks around the City.

Several community service organizations in the city including the Salvation Army, Soroptimists, the Optimists, the Rotary groups, the Military Affairs Committee, the American Legion, the VFW,the Elks, Boy Scouts and Girl Scouts, youth sports, and many others all donate time and other resources toward the betterment of Moreno Valley and its people. They are all to be commended. Everyone in Moreno Valley has the opportunity to give back and I encourage you to get involved!

New groups are emerging to do good work and gather together to advocate for the causes in which they believe. No matter what color shirt they may be wearing, red or green, I am encouraged to seea groundswell of citizens becomingbetter informed and engaged.

* * * *

Since last year's election, and after a year of careful study with national experts, we are prepared to propose a bold set of major initiatives to retain and attract commerce and jobs.These forces for change are already moving forward:

First, our city must address public safety costs that grow more quickly than our entire revenue stream. We must look for new ways to maximize the efficiency of public safety services. This community cannot afford to continue business as usual when it comes to public safety. It's time for bold, new thinking. We are working with nationally acclaimed public safety experts, including former L.A., Boston and New York Police Chief Bill Bratton, to find ways to actually lower the crime rate in our community. In undertaking this groundbreaking initiative, the City—in concert with our Police Department, local residents, and perhaps even neighboring cities—can fight to enhance public safety rather than just cut costs to provide these vital services.

Second, our city faces critical infrastructure needs over the next decade, including roads, bridges, and City buildings that require significant investment to meet the needs of a thriving community. The Edgemont area needs a major water infrastructure upgrade. Council Member Baca didn't take "no" for an answer when she asked if it is possible to provide residents of that area with a more reliable water system. Rather than accepting the unsatisfactory status quo in Edgemont, she is boldly leading cooperation with Box Springs Mutual Water Company in a proposed grant application. Victoria, this Council salutes you for your leadership in this vital effort.

Third, we must get our employees back to work to serve residents and businesses throughout the week. It's important to eliminate City

furloughs and provide affordable, competitive benefits that help us attract and retain a highly skilled workforce in a fiscally prudent manner.

Fourth, we must increase the City'sGeneral Fund revenue because our post-Prop 13 property tax rateimpedes our ability to compete for growth with cities that incorporated years before Moreno Valley

Fifth, we must sustain our commitment to increased high school graduation rates and improved student performance.

Under the leadership of our two School Boards, student graduation rates have begun to improve. But the fight for better schools is far from over. The City must put more skin in the game and seek a renewed partnership with school officials to create a work force that meets the needs of incoming businesses. We will also look to our business community for insight and curriculum collaboration — Moreno Valley's future depends on it.

Sixth, we must incentivize businesses to re-occupy vacant buildings, bringingrenewal and vibrancy to our shopping centers, creating jobs, and improving our tax base over the long run.

In conclusion, Moreno Valley'sfuture isoptimisticandopportunitiesabound.This City Council has finally put the City on solid fiscal footing. Nowit'suptoustostaythecourse,toremainmindfulofwhatcreated the fiscal

problems we're now solving,andtokeepoureyesonthelong-termgoal – a futureinwhichweremainfiscallystrongandcanaffordtobuild new librariesandcommunitycenters,repairourstreets, graduate 100% of high school students andreap the ongoing benefits of stellar policeservices and fire protection.

The old ways of doing City business have ended; our future relies on our innovation and perseverance. Moreno Valley's citizens demand and deservecontinued progress.The status quo is unacceptable, and the price of inaction is a burden we will not place on our children and grandchildren.

We've come too far…and made too much progress…to turn back to old ways of doing business. Our City of Moreno Valleyis taking a leadership role in the region.

Now is the time.

This is the place.

Together, we…are…the agents of change.

Thank you. God bless you, and may God continue to bless the great City of Moreno Valley.

State of the City Address 2013

Standing Strong ForProgress

Rod, thank you for the generous introduction andthankyouforyourcollaborationwiththe City of Moreno Valley.

Captain Murphy,thank youforthethoughtful invocation. I am inspired by your servant's heart.

Welcome to the 2013 State of the City Address. Thank you for joining us today and special thanks to the Moreno Valley Chamber of Commerce for hosting this luncheon.

Today's event is yet another great example of the vitality of the partnership between local government and our business community. And membership in the Chamber of Commerce assists in forging these crucial ties. If you're a Chamber member…thank you. If you're not yet a Chamber member, we have your membership form waiting for you today. And I'd like to convey a special invitation to the Press-Enterprise, we sincerely hope that you'll take this important step in conveying your commitment to the Moreno Valley community by joining the Chamber today.

To my fellowCity CouncilMembers — thankyouforyourservicetoourcityinthese challengingtimesandfor yourgoodhumorandprofessionalism. You've led with courage and made the tough decisions that were critical for the betterment of our

MV00252309

community.Council Members Jesse Molina, Richard Stewart, and Victoria Baca, will you all please stand and be recognized?

Welcome to our Planning Commissioners, too. Thank you so much for your dedication to reviewingdevelopment proposals in the City. Please stand so we can express our appreciation.

We are fortunate to have the City's first Mayor, Marshall Scott here in the audience today. Marshall was elected as a Council Member and appointed as Mayor by fellow Council Members in 1984. Marshall, it looks like we may have more in common than we thought!

I also want to recognize my wife.Susan, thank you for your love and support and thanks for your great sense of humor. Laughter and fun have enriched our conversations and has long been the foundation of our trust and appreciation for each other.

AndtothepeopleofMoreno Valley,thankyou foryourfaithandsupportover the pasteight months. You told us not to mortgage your children's future. You told us to take action to solve the City's longstanding fiscal problems and to sustain services. And we did. There'snotanotherbigcityinCaliforniawheretheresidentshavedonemoretoh elpsolve a fiscalcrisis.

We would not be moving on to better things without professional staff.To the City employees here today - you've lost work hours though the workload increased. You've taken significant pay cuts. Many of you

work additional hours without pay to get the job done. You serve the public with care and professionalism and I thank you for your service.

* * * *

I begin my formal remarks today by stating that I am PROUD of the state of our City. And I am TENACIOUSLY OPTIMISTIC about its future. Moreno Valley is emerging to take its proper leadership role as the 2nd largest City in Riverside County. We are coming into our own, as a vibrant community whose interests are being advanced more effectively than ever before. We are now into our own as a major player in the economic hub of the nation's most populous state.

Today, we affirm that we have the power to create the future that Moreno Valley's families deserve. Since we have demonstrated the courage to use that power, our city's pastnarrative of economic mediocrity will NOTbe the story of our future.Together, this Council believes that a new story of growth will emerge as a result of our collective choices.

This City Council has made several decisions to create a strong foundation for growth:

- Selected Moreno Valley's first female City Manager and the City's first female City Attorney. Together, they provide Common Sense Leadership and receive common sense compensation.
- The City has promoted from within and is forging a new relationship with our employee associations.I'd like to welcome Employee Association President Sherald Koliboski and Mel

Alonzo, who represents the City's middle managers.

- We were innovative and contracted with LSSI to expand library servicesand save money while keeping current Moreno Valley employees in place to serve our residents.
- Coming soon will be:
    - An initiative to deliver the first class service that ALL of our customers deserve when dealing with City Hall.
    - A Journey to a "NO KILL MOVAL Animal Shelter – which has proven that changing attitudes and setting goals can accomplish a lot even without more money–under Tom DeSantis' leadership.
- If you read our City Manager's editorial in the Press Enterprise last month or attended one of the numerous budget meetings, you already have an understanding and appreciation for the work we're doing to ensure public safety for the community while maintaining responsible budget oversight.

Our work to promoteMoreno Valley's growth must be grounded first in a balanced budget. This is the defining fight of our generation of leadership.We must maintain the positive momentum we have achieved.

* * * *

When I look at the City's challenges, I see a collection ofunsolved opportunities. Good managers transform problems into opportunities to innovate, to make things better.

* * * *

The 1st challenge we solved was the alignment of City Hall leadership. The City Council forged a stronger team by selecting Michelle Dawson

as City Manager. A seasoned professional having worked in local government for more than 23 years, Michelle is smart, visionary, well-liked and widely respected…inside and outside of city hall, and she displays integrity and honesty. Michelle is highly educated, talented and has invested much of her professional career in serving Moreno Valley. Most importantlyshe genuinely cares about this City. Michelle, would you please stand?

We are also fortunate to have Tom DeSantis as Assistant City Manager. He brings seasoned experience as an Air Force Captain, followed by 23 years in local government, with service as a senior manager at the County level and the City level, including at the City of Riverside…our primary economic development rival. We're pleased to have him in MoVal.Tom, will you please stand? Together this team is committed to working with the Council, staff and community to do the right thing for Moreno Valley.

With this Council's direction, City Hall's professional staff iscommitted to fulfilling our destiny as the second largest city in RiversideCounty, and to begin to take a leadership role in the region. We will no longer abdicate this essential role to other cities.

Continuing with unsolved opportunities, many of you know that I have spent nearly a year talking about the budget. Some of you met me while I was campaigning, when I called the City's structural budget deficit "Public Enemy Number One."

* * * *

I've pledged to always talk straight and never sugarcoat our problems. I'd love to tell you that I'm not going to talk about the budget today – but the budget is still our biggest challenge. We have come a long way.To understand how far we have come and the hard work ahead of us, we need to take a look back.

Budget projections for fiscal year 2013/14predicted an $8.3 million deficit, which increased to $9.7 million in 2014 / 15. Rick Teichert, the City's CFO, clearly outlined the top three critical forces putting the City on the road to a fiscal crisis.

- First, slow growth in General Fund revenue, estimated at only 2 - 2.5% or $1.5 - $2 million a year.
- Next, in spite of the limited revenue growth, Police costs are increasing by 5% during each of the next two budget years. That's up approximately $2 million each year. Compounding the issue is the 3% annual increase in Fire Service expenses. This $2.5 million cost increase is clearly outpacing our revenue projections. Finally, unfunded liabilities significantly impact the General Fund budget. Unfunded liabilitiescould increase by double digits.Liabilities such as the long term projection of rising retirement andretiree medical funding for those employees who have already retired contribute to the ongoing rise in costs.

Faced with these fundamental problems and realizing that continuing to cut services could push us into insolvency, the City Council rose to the challenge and adopted a fiscal strategy to achieve fourequally important objectives:

One: Balance the Budget without using reserves.

Two: Increase Economic Development efforts to provide jobsand revenue.

Three: Fulfill our moral obligation to city workforce and retirees, to ensure they get the retirement benefits they have earned and accrued.

Four: Maintain and enhance essential services to our residents and taxpayers by implementing innovative solutions and using technology.

The simple math of declining revenues and rising expenses has been the enemy of our progress for too many years.Previous councils have largely ignored this issue. WE will not do the same. We have demonstrated that we will not slip back to old ways of doing business by adopting a common sense, two-year City budget. What we have now is a fully balanced budget - - for both years - - that will not exhaust the remaining $20 million we have saved in reserves.

Through these assertiveactions, Moreno Valley has maintained its bond rating during the worst recession since the great depression.

RickTeichert has done an outstanding job educating the Council and the public about the budget process, obstacles, and proposed solutions. He led six study sessions and six neighborhood budget meetings within a 3-month period. Rick, you truly are essential to the fiscal well-being of this city, would you please stand for a round of applause?

As Rick knows, I also talk about the need to have toothpicks handy when our eyelids may grow heavy during lengthy budget reports. In keeping with that tradition, we've provided toothpicks at each table today…just in case the audience finds my presentation as exciting as we sometimes find Rick's.

Through innovation, City employees have turned crises into an unsolved opportunities and found creative solutions. For example, wefound a way to keep the new $4.3 million Morrison Park Fire Station open, demonstrating our commitment to maintaining the best level of service we can afford. Fire Chief Abdul Ahmad was critical to the problem solving that secured the continued operation of Station 99. Chief Ahmad, would you please stand?

Moreno Valley is proud to partner with the Riverside County Sheriff's Department. We are proud of all of the dedicated men and women who serve as the Moreno Valley Police Department.

Balancing the budget meant painful cuts to MVPD this year. Chief Ontiveros, we appreciate the positive attitudedemonstrated by the Department that keeps residents safe despite the ongoing fiscal

challenges. Chief, will you stand along-side Sheriff's Chief Deputy Patricia Knudson so that we can applaud your efforts?

* * * *

For more than 25 years, Moreno Valley's story has been dominated by a narrative of bust or boom cycles. In the good times, construction is booming and jobs are plentiful, crime drops as the City can afford more police, home values increase, City spending increases and everyone is happy.

In the bust times, jobs disappear, crime rates rise, schools deteriorate, and many neighborhoods become destabilized. City government is left with a legacy of high taxes, shrinking revenues, growing liabilities, persistent deficits, and crumbling infrastructure.

But this is not how it has to be. We have broken the cycle. We must continue to take a long-term perspective, to anticipate the ups and downs and plan carefully to spare this community from the wide swings we've endured since this City was formed.

By staying on our current fiscal course and by seizing unsolved opportunities, Moreno Valley can smooth the effects of the bust or boom cycles. Moreno Valley can be safer, public education can improve and property values will increase as a result. Current businesses and new business can be encouraged to make new investments which will lead to new jobs for all of Moreno Valley's citizens.

Moreno Valley has many great attributes! Affordable housing, business-ready land and relatively low crime rates.You wouldn't know that if you read the local paper. Moreno Valley sometimes gets a bad rap when it comes to crime statistics You can see that the crime rate per thousand residents is actuallylower in Moreno Valley than in Riverside, Ontario, and San Bernardino. I hope that our new local reporter takes note of this.

Trust me, no elected official wants to make cuts to police and fire. But when 80 cents of every dollar the City spends goes to public safety, this City Council committed to making cuts while securing public safety. This is one way we stay away from "boom or bust." We now manage our resources in a cost effective and innovative way.

The new citywide camera system is an excellent example of this. "Force-Multiplier" is the term used to describe the impact of the new **citywide camera system**that has been installed at intersections and in parks. It acts as an additional 247 pairs of eyes, 24 hours a day, 7 days a week. The citywide camera system has already been instrumental in solving several crimes. This technology also allows business owners to link their security cameras to the Citywide Camera System providing another force multiplier.

In another innovative force multiplier, the City Council approved a public – private partnership with LSSI to manage Moreno Valley's Public Library. Under this agreement, we are pleased that LSSI will re-establish 7-day service to our Library patrons, increase the current book and materials budget by 200% per year, and save taxpayers more than

$1.3 million over the five-year contract. The contractor also offered jobs to 19 out of 20City Library employees and we are happy that members of the City family will continue to serve our community.

It's no secret that job creation is the driving force behind nearly every decision we make and every direction to staff. Job creation is what we need to grow this community, to keep working parents closer to home, and to increase the tax base and economic multipliers.

Job creation is Job #1 because the unemployment rate in Moreno Valley is 11.8%! Put into context, what this number really means is that 10,600 of our neighbors need a job!And that thousands of others have had to settle for part-time jobs, too many others have simply given up. But their City has not given up on them.

To combat unemployment, the Cityanalyzed of our community's strengths and weaknesses. It was interesting to me that when the city hired well-known economist John Husing to study local demographics, economic trendsand potential industry targets – the study's analysis concluded that logistics and healthcare are the industries that are Moreno Valley's best fit.

With that result, some in the media discounted the legitimacy of the report and suggestedBeacon Economics would be a more authoritative source for analysis.

The good sports that we are, we asked Beacon to provide their analysis. And guess what? Pursuing logistics and healthcare as major employment sectors for Moreno Valley continued to be leading economic recommendations for the city.

In fact, the "Regional Intelligence" report written by Beacon for the City of Riverside produced the same conclusion. Why am Inot surprised?

* * * *

Yet another innovation for Moreno Valley- which the City of Riverside has used for decades... We are nowusing*our*"secret weapon"to boostbusiness attraction and job creation. The Moreno Valley Utility, which was formed in 2001, became profitable this year, allowing the City to create an Incentive that provides tiered utility rates for significant job creation. Incentivizing job creation with our own utility is a prime example of the strong foundation we're building and demonstrates our commitment to create a robust employment base in Moreno Valley.

* * * *

To complement these efforts, we are making strategic **infrastructure improvements** to strengthen the City's transportation network. In Fiscal Year 2012-2013 alone, the City completed 27 capital improvement projects totaling approximately $46 million in investment. Public Works Director and City Engineer Ahmad Ansari, will you please stand and be recognized for your department's critical contribution to our City's progress?

Between a new freeway overcrossing and the street extensions that now connect Nasonto Iris, several new projects have improved the traffic

circulation for area medical institutions including Riverside County Regional Medical Center, the Allied Health education programs at Moreno Valley College and Kaiser Permanente Hospital. Oh, I want to give a shout out to the Kaiser folks who are here… Thanks for taking such great care of me recently. And here's the back story that Press-Enterprise *should* have run. After Jack the Golden Retriever bit me, I was put in quarantine for 3 days. *The good news is that Jack survived.*

Theinfrastructure projects on Nason are already paying dividends andthe regional significance is huge. Kaiser Permanente just completed a beautiful, 75,000 square foot medical office building and created more than 165 new healthcare jobs. In addition, UCR secured the annual $15 million in state funding for the first medical school approved in California in more than four decades. We are extremely excited about the UCR School of Medicine because Riverside County Regional Medical Center is designated to be one of UCR's clinical partners. So far, the School of Medicine has already created more than 125 local jobs with nearly 1,000 projected by 2021.(Acknowledge Assembly MemberJose Medina and/or Senator Richard Roth if they are in attendance)

Fully developed major arterials that link to freeways are critical to providing the transportation network for goods movement. To establish MoVal's prominence in the logistics arena, the City Council invested $5.7 million in the South Moreno Valley Industrial Area to widen Perris Boulevard from Cactus Avenue south to the City limits.

City government plays a key role in promoting economic development,

job creation, and job readiness. Over the past few months, we have refined the City's strategy to do more to support Moreno Valley's small businesses.This past year alone:

- We budgeted for the city's first small business incubator program;
- We began the Sunnymead Blvd Clean Up Initiative,to boost business by decreasing crime and enhancing aesthetics.
- We have taken the first steps to forma visitor's bureau, whichwill work on behalf ofour local hotels and service sector.

While bringing new businesses to the community is a priority, we remain committed to promoting the vitality of existing business. Wehave established a business concierge service headed up by Denise Bagley. Denise assists any business maneuver through the business or development process. She helps businesses solve issues.

We also outreach to our small businesses through relationship-building programs and one-on-one business visits. Denise and I personally have metwith local businesses to learn more about what industry needs and what we can do to help. We find that as more business comes in to the city, we are not equipped with the workforce that they need. One area we've been successful in helping with is the hiring process. Denise ensures that businesses know that the Employment Resource Center is a tool for businesses. The ERC helps businesses quickly access the local labor pool, and get help with the overall hiring process.

It has been an honor to visit with many of you. I appreciate your candor, and the Councilmembers and I look forward to meeting with many more of you over the months ahead.

The City also produces a very active Business Spotlight program that showcased more than 82 businesses over the last3 years, producinga promotional videofor each that we post on YouTube, play on Channel 3, and give to the business for their marketing efforts.

I mentioned our industry attraction strategy earlier. Now I'll tell you about our successes. I won't name them all, but you can see that Moreno Valleybecame the new home to several new retail, restaurants, medical office, and logisticsfirms this year. Specifically, if you hadn't already heard, there are a few new businesses that I CAN talk about plus others I can only hint at.

First, in the commercial sector, Moreno Valley may become a twoSuper Wal-Mart town! A new Wal-Mart Supercenter is proposed just north of Home Depot near Perris Boulevard and Iris Avenue.We are looking forward to the convenience that this new store represents to residents of Moreno Valley, the new jobs it will create and its positive effect on the local economy.

Another new store to celebrate is Stater Bros. The northwest part of Moreno Valley was hit hard by the loss of two major grocery store chains. The new store will produce roughly 100 new jobs and generate an investment of approximately $1.5 million in improvements. This won't

be just any store either as it has been designated as a “Blue Ribbon” Stater Bros.

In the restaurant category, we are also excited to welcome Omokase, Polly’s Pies, and Miguel’sJr, all establishments that have selected Moreno Valley locations. Thankfully, we also have welcomed a new LA Fitness in my district and Crunch Gym is coming to the Moreno Valley Mall…to help us deal with the extra calories from these great local restaurants.

Joking aside, as a post-Prop 13 city, Moreno Valley’s revenue growth depends on sales taxes produced by new commercial businesses.

In the industrial sector, I amdelighted to welcomeAldi Foods to our logistics and retail community. The Chicago-based grocer plans to invest $55 million to create its West Coast headquarters and distribution center in the east end of town. Aldi is expected to produce nearly 300 new jobs and plans to open two retail stores as well. Dennis Rice of Ridge Property Trust please stand and be recognized for bringing this excellent opportunity to our community.

There are actually two more Fortune 500 companies with signed leasesfor a combined total of 3 million square feetof logistics space that I would love to announce today, but they’d have to kill me if I did.Suffice it to say, that hundreds of new jobs are coming to Moreno Valley. John Terell, our Interim Community and Economic Development Director, has served Moreno Valley for 23 years. During his tenure, John has also

worked in Economic Development, Redevelopment, and Neighborhood Preservation. John, please stand up and accept our appreciation for these great results.

More than2,000 jobs were created over several industries with the addition of new business plus the expansion of existing ones over the past year. While we celebrate the addition of new jobs to the community, we won't be satisfied until every resident who wants a job has one. A few recent quotes really sum it up for me:

- As Marion Ashley says, "There's dignity in every job." AND
- Like Ashton Kutcher, I've had plenty of jobs and none of them was beneath me.

No doubt, balancing the City's budget and creating jobsto reduce unemployment are priorities at City Hall. Yet, we also dedicate ourselves to improving services to our residents through more quality of life programming.

City leadership must project to 2020 and lay out the set of goals that will lead us to placement in the top lists of livable cities. We've begun those steps with enhanced service levels at City Hall, the Library, at the Moreno Valley Animal Shelter and the Employment Resource Center.

These positive changes mark significant progress toward restoring customer service levels back to 100%. As of July 1, City service hours

were restored by 5%, reducing the impact of a 10% employee furlough which had been in place for 4 years.

All development-related services are now available at City Hall on 2nd and 4th Fridays, while City Hall hours have been extended to 6 p.m. Monday through Thursday.

Also, recognizing the public's need for weekend service at the Animal Shelter, that facility has increased its operating hoursto be open all weekend.

Enhancing communications and facilitating opportunities for participation engages residents' interest in our programs and produces public confidence. This year, to become even more transparent, we expanded video coverage of public meetings by televising Study Sessions live. The Police Department hosted 24 public meetings about the Citywide Camera System and the Council hosted a total of 12 meetings to discuss the budget process and challenges.

We are using technology to keep information free flowing. We've reformatted the City's website to make it more user-friendly. The City's Community Calendar is on the website, available for any community event to be listed.

With the staff in our Media group keeping us contemporary, we have begun to use more social media to communicate with you. If you haven't "liked" our Facebook page or if you aren't "following us" on Twitter, you

MV00252326

are missing out on a great way to know what's happening in yourCity.We also produce a monthly electronic newsletter that you can subscribe to on the City's website. Finally, we're establishing social neighborhoods using Nextdoor.com to bring people together and share information.

We're pleased to be engaging newly-energized citizens. More than 900 volunteers selflessly work in a variety of departments. For example, out of a passion for community, Shor Denny, Moreno Valley's Volunteer of the Year, put together the Moreno Valley Safe Routes to School program.And we have pastors organizing prayer walks around the City.

Several community service organizations in the city including the Salvation Army, Soroptimists, the Optimists, the Rotary groups, the Military Affairs Committee, the American Legion, the VFW,the Elks, Boy Scouts and Girl Scouts, youth sports, and many others all donate time and other resources toward the betterment of Moreno Valley and its people. They are all to be commended. Everyone in Moreno Valley has the opportunity to give back and I encourage you to get involved!

New groups are emerging to do good work and gather together to advocate for the causes in which they believe. No matter what color shirt they may be wearing, red or green, I am encouraged to seea groundswell of citizens becomingbetter informed and engaged.

* * * *

Since last year's election, and after a year of careful study with national experts, we are prepared to propose a bold set of major initiatives to

retain and attract commerce and jobs.These forces for change are already moving forward:

First, our city must address public safety costs that grow more quickly than our entire revenue stream. We must look for new ways to maximize the efficiency of public safety services. This community cannot afford to continue business as usual when it comes to public safety. It's time for bold, new thinking. We are working with nationally acclaimed public safety experts, including former L.A., Boston and New York Police Chief Bill Bratton, to find ways to actually lower the crime rate in our community. In undertaking this groundbreaking initiative, the City—in concert with our Police Department, local residents, and perhaps even neighboring cities—can fight to enhance public safety rather than just cut costs to provide these vital services.

Second, our city faces critical infrastructure needs over the next decade, including roads, bridges, and City buildings that require significant investment to meet the needs of a thriving community. The Edgemont area needs a major water infrastructure upgrade. Council Member Baca didn't take "no" for an answer when she asked if it is possible to provide residents of that area with a more reliable water system. Rather than accepting the unsatisfactory status quo in Edgemont, she is boldly leading cooperation with Box Springs Mutual Water Company in a proposed grant application. Victoria, this Council salutes you for your leadership in this vital effort.

MV00252328

Third, we must get our employees back to work to serve residents and businesses throughout the week. It's important to eliminate City furloughs and provide affordable, competitive benefits that help us attract and retain a highly skilled workforce in a fiscally prudent manner.

Fourth, we must increase the City'sGeneral Fund revenue because our post-Prop 13 property tax rateimpedes our ability to compete for growth with cities that incorporated years before Moreno Valley

Fifth, we must sustain our commitment to increased high school graduation rates and improved student performance.

Under the leadership of our two School Boards, student graduation rates have begun to improve. But the fight for better schools is far from over. The City must put more skin in the game and seek a renewed partnership with school officials to create a work force that meets the needs of incoming businesses. We will also look to our business community for insight and curriculum collaboration — Moreno Valley's future depends on it.

Sixth, we must incentivize businesses to re-occupy vacant buildings, bringingrenewal and vibrancy to our shopping centers, creating jobs, and improving our tax base over the long run.

In conclusion, Moreno Valley'sfuture isoptimisticandopportunitiesabound.This City Council has finally put

the City on solid fiscal footing. Nowit'suptoustostaythecourse,toremainmindfulofwhatcreated the fiscal problems we're now solving,andtokeepoureyesonthelong-termgoal – a futureinwhichweremainfiscallystrongandcanaffordtobuild new librariesandcommunitycenters,repairourstreets, graduate 100% of high school students andreap the ongoing benefits of stellar policeservices and fire protection.

The old ways of doing City business have ended; our future relies on our innovation and perseverance. Moreno Valley's citizens demand and deservecontinued progress.The status quo is unacceptable, and the price of inaction is a burden we will <u>not</u> place on our children and grandchildren.

We've come too far…and made too much progress…to turn back to old ways of doing business. Our City of Moreno Valleyis taking a leadership role in the region.

Now is the time.

This is the place.

Together, we…<u>are</u>…the <u>agents of change</u>.

Thank you. God bless you, and may God continue to bless the great City of Moreno Valley.

AD HOC COMMITTEE MEETING

10:30 A.M. OR DIRECTLY FOLLOWING
BUDGET AND IMPLEMENTATION COMMITTEE MEETING
Monday, August 26, 2013
RCTC Conference Room A
4080 Lemon Street, Third Floor, Riverside

AGENDA

1) CALL TO ORDER

2) STATUS OF THE IMPLEMENTATION OF UTILITY AND PRIVATE USE LICENSES POLICY

Overview

This item is for the Ad Hoc Committee to review the status of the implementation of the utility and private use licenses policy and to provide the Ad Hoc Committee with the opportunity to raise any questions or concerns.

3) ADJOURNMENT

RIVERSIDE COUNTY TRANSPORTATION COMMISSION	
DATE:	August 26, 2013
TO:	San Jacinto Branch Line Ad Hoc Committee
FROM:	Anne Mayer, Executive Director
SUBJECT:	Status of the Implementation of Utility and Private Use Licenses Policy

STAFF RECOMMENDATION:

This item is for the Ad Hoc Committee to review the status of the implementation of the utility and private use licenses policy and to provide the Ad Hoc Committee with the opportunity to raise any questions or concerns.

BACKGROUND INFORMATION:

In June 2011, the Commission adopted a number of policy actions regarding the granting of licenses to private entities and utilities for the use of Commission-owned property. The policy was needed to address added responsibilities and liabilities the Commission will take on with the operation of the Perris Valley Line. The Perris Valley Line will run on a rail subdivision that had previously been owned by a private railroad. Over the course of many years, the railroad granted a number of use licenses, but also neglected to address a number of property encroachments.

Attachment: Agenda Item 8E, "Policy Recommendations for Utility and Private Use Licenses on Commission Property" – June 8, 2011

RIVERSIDE COUNTY TRANSPORTATION COMMISSION

DATE:	June 8, 2011
TO:	Riverside County Transportation Commission
FROM:	San Jacinto Branch Line Ad Hoc Committee Min Saysay, Right of Way Manager
THROUGH:	Anne Mayer, Executive Director
SUBJECT:	Policy Recommendations for Utility and Private Use Licenses on Commission Property

SAN JACINTO BRANCH LINE AD HOC COMMITTEE AND STAFF RECOMMENDATION:

This item is for the Commission to:

1) Approve the revisions to the *RCTC Right of Way Policies and Procedures* manual to include the policy recommendations for utility and private use licenses on Commission properties;
2) Authorize staff to move forward with negotiation of market value rates on utility and private use licenses; and
3) Authorize the Executive Director, pursuant to legal counsel review, to execute utility and private use licenses and agreements.

BACKGROUND INFORMATION:

The San Jacinto Branch Line (SJBL) was acquired in 1993 from the Atchison, Topeka and Santa Fe Railway, currently known as Burlington Northern Santa Fe (BNSF). As a part of the SJBL acquisition, the Commission inherited over 600 licenses, leases, and easements covering private, government, and utility-owned facilities such as pipelines, wire lines, and cables.

As part of the Commission's property management efforts, the following tasks were undertaken in the past five years:

- Reviewed acquisition documents of the SJBL to determine property rights and obligations;
- Inventoried, catalogued and scanned all contracts provided to the Commission by BNSF; and
- Established the RCTC Global Application (RGA) database to include extensive information regarding the Commission real estate holdings (approximately 40 data fields captured for each contract).

For the segment of the SJBL from Highgrove to the Interstate 215 crossing south of Perris, the following activities were performed:

- Reviewed over 335 Commission property licenses, leases, and easements;
- Performed field inspections on all reviewed contracts, including capturing global positioning system coordinates and taking pictures of each above ground facility;
- Obtained and reviewed as-built plans and other mapping from major utility companies;
- Met with major utility tenants to verify and reconcile existence of facilities;
- Conducted potholing to positively locate underground facilities;
- Created aerial photographs showing existing licensed areas and encroachment;
- Surveyed right of way boundaries in key locations;
- Provided utility information to the Perris Valley Line design team to assist in identifying project conflicts;
- Conducted market surveys to determine fair market rent for the rail right of way;
- Consolidated 19 billboards into one contract and increased annual revenues based on the appraised value;
- Pursued and collected approximately $400,000 in unpaid lease revenue from BNSF;
- Negotiated with a major water agency for use of the Commission property, which resulted in increasing the compensation from $171,000 to $1.1 million; and
- Terminated 31 contracts located along right of way that is no longer owned by the Commission.

Resolutions recommended to be undertaken for all licenses include:

- Bringing contract rents up to fair market value;
- Upgrading licenses to be consistent with current Commission license terms;
- Updating or terminating existing licenses with non-compliant uses;
- Resolving unauthorized encroachments; and
- Terminating licenses for abandoned facilities.

All tenant agreements will be upgraded to reflect current Commission license terms. Existing licensees will not be required to pay the $6,000 deposit (authorized by existing policies), processing fees, or any one-time fees when upgrading their existing license to meet current Commission license terms.

All Licenses will contain termination clauses with a 30-day notice and insurance requirements, which will minimize the Commission's liability. Licenses will be revised to reflect any rental rate change or when there is a need for updated language.

The contracts have been divided into two categories. The first category includes public, private, and member agency utilities. The second category is private use, which includes individuals, businesses, and non-profit organizations.

Utilities

Current Fair Market Value

After extensive research, including discussions with other railroad agencies, specifically Metropolitan Transportation Authority (MTA) and BNSF, a fair market annual rate for utility crossings of $4 per linear foot for wire line license values and $5 per linear foot for pipeline license values was determined by staff to be fair market value.

For longitudinal utility uses that generally run parallel with existing railroad tracks and occupy a specific area within the right of way, an across-the-fence methodology was utilized. Using various database programs to locate recent commercial/industrial sales, vacant land values are estimated at around $10 per square foot. The proposed rent for the railroad right of way was calculated at 10% of the land value based on discussions with appraisers that are familiar with this type of land valuation and comparison to other railroad agencies. The fair market value for longitudinal utility facilities was determined by staff to be $1 per square foot ($10 per square foot x 10%).

Utility Policy Recommendations

The utilities were grouped into three types – public utilities (governmental agencies), private utilities (shareholder owned), and member and other exempt agencies. The Commission's existing policies have a provision to ensure annual license rates are based on fair market value. It was recommended to incorporate the following utility policy recommendations:

- Utility crossing annual rates will be calculated at fair market value per linear foot based on the actual length of the crossing and a standard width of 10 feet.
- Longitudinal utility annual rates will be calculated at fair market value per square foot for industrial/commercial land.
- Land values and rates will be reviewed at least every five years, and more frequently if appropriate.
- A base fee of $200 per year for administrative costs will be charged for each license in addition to the calculated rent.
- New utility appurtenances associated with new licenses, such as guy wires, anchors, and service drops, will be charged a one-time fee of $500 per facility. Existing appurtenances will not be charged.

- The Commission member and exempt agencies will be charged a $1 annual rental fee, and will not be charged an annual administrative fee. These member agencies will be prohibited from subleasing without written approval from the Commission or for a profit. This recommendation acknowledges the member agency relationship with the Commission and has been past practice.
- Charge fair market rent to private and public utilities for their use of Commission property.

On April 11, 2011, utility policy recommendations for the Commission's property were presented to the San Jacinto Branch Line Ad Hoc Committee for consideration. Two items were raised by the Ad Hoc Committee for staff follow-up based on these utility policy recommendations:

1) Whether or not it is appropriate for public utilities to be charged the same rate as private utilities; and;
2) Whether or not Riverside County Flood Control District (RCFCD) should be considered exempt from paying fair market value due to its relationship with the County, a member agency.

Staff considered the Committee's comments and made the following recommendations:

- Staff continues to support charging public utilities fair market rent. Paying fair market value for use of property is part of the public utility cost structure. There is no reciprocal agreement or relationship between the Commission and public utilities. Public utilities charge the Commission fees for Commission requests.
- RCFCD's Board is comprised of the same individuals as the Riverside County Board of Supervisors; however, it is a separate entity from the county of Riverside. RCFCD was established in 1945 by an Act of the California Legislature as a regional drainage authority for Western Riverside County. RCFCD is a special district and receives funding from property taxes, developer fees, and cost sharing arrangements with other governmental entities. Currently RCFCD charges the Commission standard fees and processes the Commission's requests in the same manner as a private entity. Staff acknowledges the benefit of a relationship with RCFCD and recommends negotiating a mutually beneficial cooperative agreement with RCFCD, in which the Commission would waive fees charged to RCFCD for use of Commission property if RCFCD would be willing to reciprocate the relationship. Current fair market rent for Commission property used by RCFCD is $76,333 per year.

Private Uses

Current private uses of Commission property include the following:

- Backyard landscaping;
- Sprinkler and irrigation systems;
- Patios, garages, gazebos, and other permanent structures;

- Parking and shade overhangs;
- Billboards;
- Access roads;
- Commercial agricultural uses, including associated irrigation equipment; and
- Industry spur tracks.

Current Fair Market Value

For private uses, an across-the-fence methodology was utilized. Using various database programs to locate recent vacant land sales, residential land values are estimated at about $8 per square foot, and industrial/commercial land values are estimated at about $10 per square foot. The proposed rent for the railroad right of way was calculated at 8% of the estimated land value based on discussions with appraisers that are familiar with this type of land valuation and comparison to other railroad agencies.

Private use fair market value annual rates are recommended to be calculated based on prices per square foot as follows:

- Residential Uses – $0.64 per square foot for residential land (8% of the estimated fair market value of $8 per square foot)
- Industrial/Commercial Uses – $0.80 per square foot for industrial/commercial land (8% of the estimated fair market value of $10 per square foot)

Private Use Recommendations

As part of the review, it was determined that over 60% of the private uses do not have a current license or the license is not compatible with the current use of the property. In addition, the majority of the residential private users are not paying rent. Many of the encroachments and unauthorized uses were in place prior to the Commission's acquisition of the SJBL. Over time, the ownerships of the adjacent private properties have also changed and most owners are unaware of their unauthorized use of Commission property.
As a public agency, the Commission has a responsibility to minimize liability and safety issues. Uses of Commission property without an agreement or owner liability insurance represent significant liability and safety risks. Also, if no rent is charged for a private use, it sets a negative precedent for others to use the Commission's property without authorization. The Commission has a fiscal and social responsibility to be good stewards of its property.

Residential Permanent Structures – There are currently five residential permanent structures on Commission property including houses, carports, gazebos, and a paved driveway that are not authorized. One of these uses, the paved driveway, is in conflict with the future construction of the PVL. The other uses are not in conflict.

Residential Temporary Structures – There are thirteen residential temporary structures on Commission property including sheds, storage boxes, awnings, and fencing. Four of these uses are in conflict with the future construction of the PVL. These are backyard extensions including fencing, sheds, storage, and a cacti patch with an additional area to load/unload building materials.

For the uses of Commission property in conflict with the PVL, staff recommends delivering a trespass notice to the owner requiring removal from Commission property no later than 120 days from the date of the notice. These uses of Commission property are unauthorized and illegal and the Commission does not have any obligation to compensate the owners for removal of their items on Commission property. However, to help avoid potential costly eviction litigation, staff recommends including an offer to pay a minimum of $100 and up to $500 (based on documentation of actual costs) for owners who remove their items from the Commission property by a specified date.

For residential uses of Commission property that are not in conflict with the PVL, there is some benefit to the Commission as the Commission does not have to pay to maintain the land. Staff recommends proceeding with negotiating a license with owners at 25% of fair market rent, which would be $0.16 per square foot ($0.64 per square foot x 25%).

Commercial Permanent Uses – There are two commercial permanent uses on Commission property. Both of these have buildings in the right of way. Neither of them are in conflict with the future PVL.

Commercial Temporary Uses – There are eleven commercial temporary uses on Commission property including agricultural, parking, storage, spur tracks, and billboards. None of these are in conflict with the future PVL.

Commercial users are operating on a for-profit basis. Therefore staff recommends proceeding with negotiating a license with commercial use owners at full fair market value rent of $0.80 per square foot. Some spur-track uses may be exempt from fair market rent due to the operation agreement with BNSF. An appraisal has been conducted for the billboard uses and negotiations with the billboard owners are currently underway.

Non-Profit Organizations – There are two non-profit organizations currently utilizing the Commission's right of way. One is the Boy Scouts that have a recreation area on the right of way in Perris. The other non-profit organization is Orange Empire Rail Museum (OERM), which currently has two licenses. OERM's use of the property is unique and is being negotiated through a separate agreement that is outside the scope of this policy. Staff recommends assessing 25% of commercial fair market value for the Boy Scouts and future non-profit uses that would be $0.20 per square foot ($0.80 per square foot x 25%).

Utility Service and Drainage – There are seven utility service and drainage uses including water, sewer, electric, gas, communication, and drainage lines for property

owners adjacent to the right of way. These are privately owned service lines of which three benefit residential properties, two benefit commercial properties and two benefit non-profit organizations. There are no conflicts with future construction of the PVL. Although they are utility uses, they do not represent the same level of property impact or risk that a utility company's facilities do. Staff recommends proceeding with negotiating a license at 25% of the utility fair market rent, or $1.25 per linear foot ($5 per linear foot x 25%) for pipeline uses and $1 per linear foot ($4 per linear foot x 25%) for wire line uses.

Residential Gates – There are five residential gates that provide illegal access to the right of way by vehicle or foot. Three of these gates, two pedestrian and one vehicular, are on private property but are likely to be blocked by the PVL sound wall. Staff recommends delivering a trespass notice to the owner instructing the owners to discontinue use of the gates due to safety issues, and informing them that future PVL improvements may block access to the gates. The remaining two gates, both pedestrian, are on Commission right of way as part of the backyard improvements. Staff recommends incorporating a provision in the license agreement that specifically prohibits gates and requiring removal of the gates as a condition of granting the license.

For all existing uses, staff recommends a graduated rent schedule – one third of the rent in the first year, two thirds of the rent in the second year, and full rent for the third year and every year going forward. For new uses, the licensor would be charged full rent from the beginning in accordance with Commission policies.

All tenant agreements will be upgraded to reflect current Commission license terms. Existing licensees will not be required to pay the $6,000 application fee (authorized by existing policies), processing fees, or any one-time fees when upgrading their existing license to meet current Commission license terms.

An administrative base fee of $200 per license will be charged one time every five years in addition to the calculated rent for residential and non-profit users. An annual administrative base fee of $200 per year will be charged to commercial users.

Land values and rates will be reviewed at least every five years, and more frequently if appropriate.

Uses of Commission property that have significant liability or impact to the Commission's use of the property are outside the scope of this policy and will be negotiated through separate agreements.

Next Steps

The next steps for the contract review include:

- Implement the policy recommendations and rental rates as described for utilities and private uses;

- Continue the contract review on the San Jacinto Branch Line remainder and other Commission-owned properties; and
- Update the *RCTC Right of Way Policies and Procedures* manual, Property Management chapter, once recommendations have been approved.

Subject: Alvin Horn

Tom,

I have a saved reminder to ask you if you would like to meet Suzanne and Alvin Horn regarding City Council agenda preparedness. You requested to include Jane and Michelle Dawson in the meeting. Would you like me to schedule the meeting?

Members of the City Council: The P-E has indicated that they have accepted the attached Op Ed item submitted by Mayor Owings. It is a response to their editorial "Skip the Rosy Speech." They have not indicated which day this will run.
--Michelle

Tenaciously Optimistic
By Tom Owings

So the Press-Enterprise would prefer to have seen the City of Moreno Valley's annual State of the City event focus on controversy and contention (real or imagined) rather than on the many positives that continue to be happening in our community.

The editors *("Skip the Rosy 'State of the City' Speech"*, Aug. 19) call for explanations of political issues rather than "superficial optimism." Moreno Valley's residents, who during the recession endured unemployment as high as 18%, would not characterize the 2,043 jobs created in Moreno Valley in 2012-2013 as "superficial."

Putting the job creation number into perspective, we believe there are over 10,000 Moreno Valley residents without jobs. Thousands more have probably given up on looking for work. We have much yet to do, but our recent job creation successes are an excellent start on the road to economic recovery for our residents.

The editors stated that they didn't want to hear the "bland conventionality" of our balanced budget because, they asked, "what city does not want to balance its budget?" I answer "Yes, but how many cities have actually done it?" I will shout from the rooftops about having achieved the first balanced budget since 2008 that did not use reserves. This Council pulled the City back from its own fiscal cliff; Moreno Valley's residents would not characterize this as "bland conventionality."

The editors indicated that the Council and I "cannot simply shrug off" the corruption task force investigation. The investigation is a process that needs to run its course before anyone, residents or newspaper editors, jump to conclusions. The editors seem to forget that I appeared voluntarily and uninvited before the Grand Jury and willfully presented my testimony. I also sent a letter to the U.S. Attorney on June 10th pleading for a thorough investigation performed as expeditiously as possible so that our City can move forward without distraction. I don't characterize these actions as shrugging off; as usual, I am addressing issues head-on in my style which the P-E has branded as bullying. No "shrugging" here, just action.

The editors contend that the Council has taken sides regarding the proposed warehouse project on the east end "before weighing the facts." That's simply untrue. No formal review process has started at the City Council level related to the World Logistics Center. The concept of a World Logistics Center is still very early in the process; the deadline for comments on the Draft Environmental Impact Report was back on April 8th and we don't yet know the developer's intentions regarding the future of the project. If a project moves ahead, we will receive specific information and professional analysis. There will be numerous opportunities for public input and Council discourse regarding such a project. It would have been pointless to spend the very limited time I had in presenting the State of the City address to discuss something that at this point in time isn't even a formal "project."

The P-E wants me to focus on the negative and ignore the positive. That comes as no surprise to our residents, since that is exactly how the newspaper prefers to portray us. The editors are focused on reestablishing trust. Let the community's trust be established and maintained by the City's strong performance in delivering quality services and projects, many of which I highlighted in my address. Despite the editors' suggestion to the contrary, the State of the City of Moreno Valley is frankly better than rosy; it is strong and I am tenaciously optimistic for our near and long-term future.

Subject: MV132390446 Traffic Collision

Good evening,

We are investigating a serious vehicle -vs- pedestrian injury traffic collision on Lasalle Street directly in front of Rancho Verde High School. The collision cause at this point is unknown. The injured pedestrian is breathing but suffering from apparent head trauma. Both the pedestrian and driver are juveniles but I don't have identifying information for them yet We do not know what if any relationship the parties have to the high school, where they were going, or where they were coming from. Currently we have northbound Lasalle from Anira closed for the investigation. I will send out an update as soon as I have more details.

Subject: Re: MV132390446 Traffic Collision Update

Good evening,

The pedestrian has been identified as 14 year old Cory Petersen of Perris. Cory was standing at the curb line on Lasalle Street after football practice on his way to his friend's house, where he planned to meet his mother. While standing at the curb, Cory saw his mother parked on Lasalle St. and walked into the street in front of a northbound car. Cory's body hit the hood and windshield and he suffered a broken femur. A CAT scan at RCRMC revealed no head trauma. The car that hit Cory was driven by 17 year old Carlos Sadano of Perris. As Carlos was northbound on Lasalle, he attempted to avoid the collision by slamming on his brakes. After hitting Cory he collided with a brick wall in front of the school. Carlos suffered a contusion on his forehead and complained of back pain. Our Traffic reconstruction team is on scene investigating and will have northbound Lasalle closed for 4 to 6 hours. Neither alcohol or drugs appear to be a contributing factor. MVPD Volunteers are on scene w/ command post for traffic control. Sgt. Gyll has notified Val Verde School District personnel. The collision was captured on the Citywide Camera System and shows Cory walking into traffic. It also shows Carlos' car skidding, but unable to stop in time.

Tom and Victoria,

Mr. Chavez stated he would like to meet with you and Chief Ontiveros regarding a citation he received a couple of weeks ago for blocking the sidewalk with his wheelchair at a DUI checkpoint. He stated there were two PD signs blocking the sidewalk, and a car that had been pulled over was blocking the sidewalk. He stated he couldn't maneuver his wheelchair around because of the blockages, but yet he received a citation for blocking the sidewalk. Please advise if you would like to meet with Mr. Chavez and if you would like Chief Ontiveros included in the meeting.

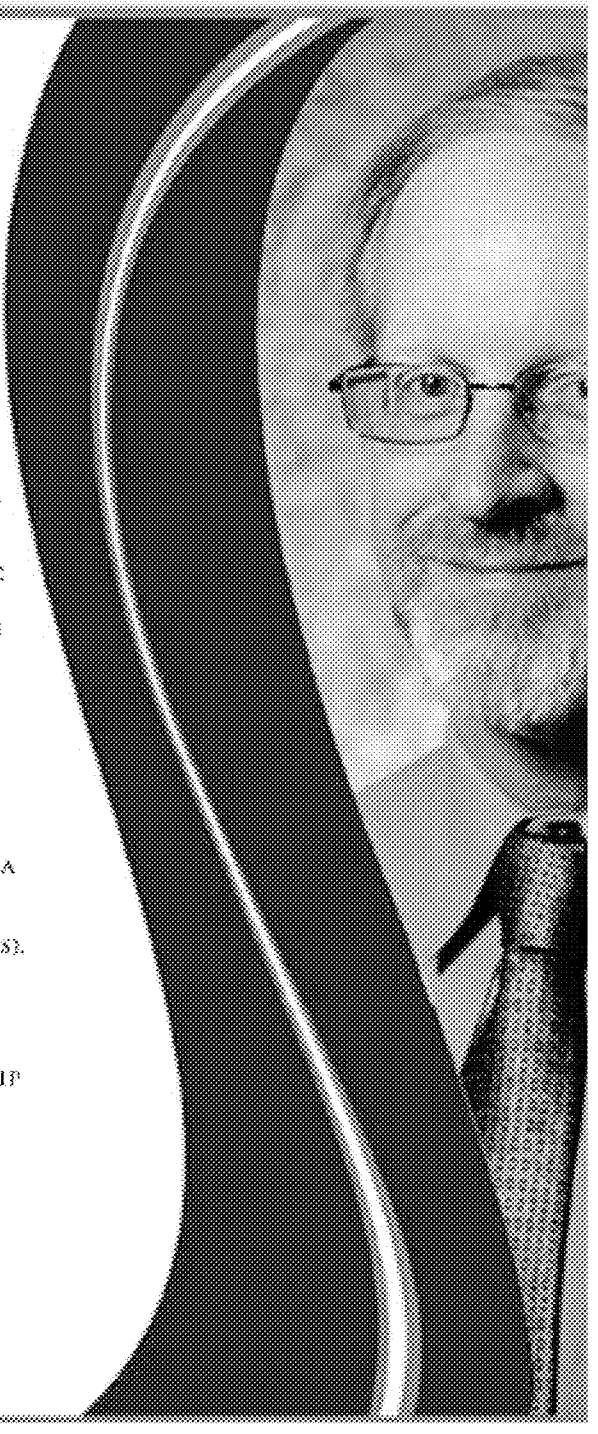
Subject: Congratulations to John Terell

CONGRATULATIONS JOHN TERELL



PLEASE CONGRATULATE JOHN TERELL UPON HIS APPOINTMENT AS THE CITY OF MORENO VALLEY'S COMMUNITY AND ECONOMIC DEVELOPMENT DIRECTOR.

JOHN HAS DISTINGUISHED HIMSELF WHILE SERVING IN AN INTERIM CAPACITY OVER THE PAST 8 MONTHS. HIS 23 YEARS OF EXPERIENCE WITH THE CITY CERTAINLY PREPARED JOHN WELL IN HIS TRANSITION TO EXECUTIVE MANAGEMENT LEADING THE PLANNING, BUILDING & SAFETY, CODE & NEIGHBORHOOD SERVICES, AND BUSINESS SUPPORT & NEIGHBORHOOD PROGRAMS DIVISIONS.

JOHN HAS BEEN PARTICULARLY EFFECTIVE LEADING OUR ECONOMIC DEVELOPMENT EFFORTS AND IN A VERY SHORT PERIOD OF TIME HAS HAD SEVERAL SUCCESSES THAT WILL BE EXTREMELY BENEFICIAL TO THE CITY AND OUR COMMUNITY. SOME OF THESE INCLUDE:

- ALDI FOODS IS COMING TO MORENO VALLEY. THIS CHICAGO-BASED GROCER PLANS TO INVEST $55 MILLION TO CREATE ITS WEST COAST HEADQUARTERS AND DISTRIBUTION CENTER IN THE EAST END OF TOWN. ALDI IS EXPECTED TO PRODUCE NEARLY 300 NEW JOBS AND PLANS TO OPEN TWO RETAIL STORES AS WELL.

- TWO MORE FORTUNE 500 COMPANIES HAVE SIGNED LEASES FOR A COMBINED TOTAL OF 3 MILLION SQUARE FEET OF LOGISTICS SPACE COMING TO MORENO VALLEY (WE HAVEN'T YET BEEN CLEARED BY THE COMPANIES AND DEVELOPERS TO FORMALLY ANNOUNCE THOSE NAMES).
- A NEW WAL-MART SUPERCENTER IS PROPOSED JUST NORTH OF HOME DEPOT NEAR PERRIS BOULEVARD AND IRIS AVENUE.

- THE CLOSED ALBERTSON'S STORE IN THE NORTHWEST PART OF MORENO VALLEY WILL RE-OPEN VERY SOON AS A STATER BROS. FLAGSHIP STORE. THE NEW STORE WILL PRODUCE ROUGHLY 100 NEW JOBS AND GENERATE AN INVESTMENT OF APPROXIMATELY $1.5 MILLION IN IMPROVEMENTS. THIS LOCATION WILL FEATURE SPECIAL AMENITIES, HAVING BEEN DESIGNATED AS A "BLUE RIBBON" STATER BROS. RETAIL CENTER.

- SEVERAL NEW RESTAURANTS WILL SOON OPEN IN MOVAL, INCLUDING OMOKASE, POLLY'S PIES, AND MIGUEL'S JR. (IT'S A GOOD THING THAT HE'S ALSO HELPING SEVERAL FITNESS CENTERS ESTABLISH THEIR PRESENCE IN OUR WELL-NOURISHED TOWN!)

PLEASE CONGRATULATE JOHN AND THANK HIM FOR HIS LOYALTY AND CONTINUED DEDICATION TO MORENO VALLEY.

HIS 23 YEARS OF EXPERIENCE WITH THE CITY CERTAINLY PREPARED JOHN WELL IN HIS TRANSITION TO EXECUTIVE MANAGEMENT LEADING THE PLANNING, BUILDING & SAFETY, CODE & NEIGHBORHOOD SERVICES, AND BUSINESS SUPPORT & NEIGHBORHOOD PROGRAMS DIVISIONS.

JOHN HAS BEEN PARTICULARLY EFFECTIVE LEADING OUR ECONOMIC DEVELOPMENT EFFORTS AND IN A VERY SHORT PERIOD OF TIME HAS HAD SEVERAL SUCCESSES THAT WILL BE EXTREMELY BENEFICIAL TO THE CITY AND OUR COMMUNITY. SOME OF THESE INCLUDE:

- ALDI FOODS IS COMING TO MORENO VALLEY. THIS CHICAGO-BASED GROCER PLANS TO INVEST $35 MILLION TO CREATE ITS WEST COAST HEADQUARTERS AND DISTRIBUTION CENTER IN THE EAST END OF TOWN. ALDI IS EXPECTED TO PRODUCE NEARLY 300 NEW JOBS AND PLANS TO OPEN TWO RETAIL STORES AS WELL.

- TWO MORE FORTUNE 500 COMPANIES HAVE SIGNED LEASES FOR A COMBINED TOTAL OF 3 MILLION SQUARE FEET OF LOGISTICS SPACE COMING TO MORENO VALLEY (WE HAVEN'T YET BEEN CLEARED BY THE COMPANIES AND DEVELOPERS TO FORMALLY ANNOUNCE THOSE NAMES).
- A NEW WAL-MART SUPERCENTER IS PROPOSED JUST NORTH OF HOME DEPOT NEAR PERRIS BOULEVARD AND IRIS AVENUE.

- THE CLOSED ALBERTSON'S STORE IN THE NORTHWEST PART OF MORENO VALLEY WILL RE-OPEN VERY SOON AS A STATER BROS. FLAGSHIP STORE. THE NEW STORE WILL PRODUCE ROUGHLY 100 NEW JOBS AND GENERATE AN INVESTMENT OF APPROXIMATELY $1.5 MILLION IN IMPROVEMENTS. THIS LOCATION WILL FEATURE SPECIAL AMENITIES, HAVING BEEN DESIGNATED AS A "BLUE RIBBON" STATER BROS. RETAIL CENTER.

- SEVERAL NEW RESTAURANTS WILL SOON OPEN IN MOVAL, INCLUDING OMOKASE, POLLY'S PIES, AND MIGUEL'S JR. (IT'S A GOOD THING THAT HE'S ALSO HELPING SEVERAL FITNESS CENTERS ESTABLISH THEIR PRESENCE IN OUR WELL-NOURISHED TOWN!)

PLEASE CONGRATULATE JOHN AND THANK HIM FOR HIS LOYALTY AND CONTINUED DEDICATION TO MORENO VALLEY.

Proclamation
Recognizing
Comprehensive Immigration Reform Legislation

WHEREAS,the City Council of Moreno Valley recognizes the economic, social and cultural contributions immigrants bring to the community; and

WHEREAS,year after year the growing national appeal for comprehensive immigration reform has been ignored by Washington's failure to come to grips with the issue; and

WHEREAS,the national political debate on immigration reform has tended to polarize our communities; and

WHEREAS,local governments respect the rights of, and provide equal services to, all individuals regardless of national origin or immigration status; and

WHEREAS,municipal leaders protect the well-being and safety of all the people residing in their cities; and

WHEREAS,the well-being and safety of individuals also includes improved immigration enforcement and border security that is consistent with our nation's values; and

WHEREAS,the absence of a sensible, effective immigration policy in the U.S. has translated into enormous human and financial costs; and

WHEREAS,the City of Moreno Valley opposes the separation of families by the enforcement of current immigration laws and supports the reunification of families that have been separated, especially those "mixed status" families with U.S. citizen children;

NOW, THEREFORE, BE IT PROCLAIMED, thatthe City Council of the City of Moreno Valley, on behalf of its citizens and staff, hereby calls for quick passage of comprehensive immigration reform legislation which promotes the reunification of families, provides legal status with a path to earned citizenship to the estimated 12 million undocumented workers, and designs a plan for current and future immigrant workers.

Subject: Alerts re flooding in MoVal

Dear Mayor and Councilmembers-

Hope all is well.

With regards to several Google alerts we all may have received during recent hours on scattered flooding throughout desert areas as well as our city, and at the request of City Manager, we felt it would be appropriate to report to you as to the situation.

I am prepared to report that to this hour, there has not been any major flooding or circumstances where our crews had to perform any emergency work.

The only incident that we were informed of was a storm drain manhole on Perris Blvd in southern part of the city that had popped up due to significant gradient storm water flowing in the underground system, to which crews responded effectively.

Crews remain on standby in case of any situation that may arise, and I will personally stay in contact with them to report to you and the City Manager if need be.

Please feel free to contact me via phone, text or email at any time.

I wish you all a safe labor day holiday weekend.

Subject: 2013-08-29 PA04-0216 (PM33275), PA06-0060 Custom Home at 13930 Curtis Street - DISCRIMINATION?
Importance: High

Vince and Mark,

The summary vacation and emergency vehicle access easement mentioned in items 1 and 2 respectively were submitted this morning. The gate currently in place across Gifford mentioned in item 4 obviously is temporary to protect my retired parents' new home and will be removed once we're closer to occupancy.

Regarding the final cap of pavement on item 3, our intent has always been to lay the final cap after at least 50% of the homes are built primarily to avoid damage to the improvements during the ongoing construction. In conversations with Mr. Ramirez and the prior inspector, and based on my personal experience having lived in 2 newer tracts by large developers in the same area, laying the final cap after most of the construction is completed and most of the houses being occupied is a common practice.

DR Horton was allowed to build, sell, and occupy 77 homes on Tract Map 31326 prior to laying the final cap of pavement more than 6 months after most homes were occupied. Similarly, Richmond American was allowed to build, sell, and occupy 48 homes on Tract Map 27251 and many more homes in the adjacent tract prior to laying the final cap of pavement approximately 2 years after most homes were occupied. Over the 15+ years I've lived in the area, I've seen this approach used in Celebrations and many other developments. Understandably, having the homes sold and

occupied allowed those large developers the ability to gain financial leverage to make the final investment of finishing up the improvements. I completely believe this flexibility to do the final cap after construction and occupancy is something that most, if not all, developers need to keep projects moving along… we are no exception and need the same flexibility to continue the project and finally get my retired parents into their home.

As a developer so far we have met all your demands of the sub-division process, including but not limited to designing all pertinent improvements, constructing most of the improvements, obtaining all the necessary easements and dedications to fix a badly designed cul-de-sac that the city allowed prior to our project, posting security for the remaining improvements and putting in place a public improvement agreement (PIA) which expires in Feb 2014. Our goal is to finish the improvements by January 2014 timeframe.

Please consider this a formal request to the city engineer, Mr. Ahmad Ansari, requesting permission to lay the final cap of pavement on our project PM33275 after at least 50% of the homes are constructed and occupied so that we can minimize damage to the improvements during construction and so that we can gain the financial leverage we need from the first couple homes' occupancy to continue the project. We are still within our PIA timeframe and traffic in the involved streets, which is a dead-end cul-de-sac between mostly vacant land, will be minimal for the single house so unquestionably the final cap is not necessary prior to occupancy. Given the many disagreements and conflicts over the last 8 years with Land Development staff, I am requesting that you refrain from responding and provide a written response from the Mr. Ansari directly. If this request is denied, I ask that Mr. Ansari provide justification of why DR Horton and Richmond American were provided special treatment as I will need that information to pursue the next action in search of equal and fair treatment… we will absolutely not stand for this form of discrimination.

P.S. If it looks like discrimination, and it feels like discrimination, it absolutely is discrimination…

Subject: PA04-0216 (PM33275), PA06-0060 Custom Home at 13930 Curtis Street

Alfonso,

The Building and Safety Division has sent notified us that the above referenced custom home is nearing completion and will be requesting a certificate of occupancy/final inspection. There are several items that need to be satisfied prior to the Land Development Division signing off on the roster for occupancy release. They are as follows:

1. Summary Vacation must be submitted and approved. Please note that there are several property owners that must be included the vacation process according to the conditions of approval.
2. Emergency vehicle access easement must be submitted and approved. This was required during project construction due to the fact that additional right-of-way for a cul-de-sac could not be secured on the east side of Curtis Street.
3. Gifford Avenue and Curtis Street must have final cap. (Once public improvements are completed, we can begin the security release/exoneration process to accept the public improvements into the City maintained system. This can occur after occupancy. The current fee for this process is 1,760.00.)
4. Construction gate crossing Gifford Avenue must be removed.

For your reference, I have attached the conditions of approval for Parcel Map 33275 (PA04-0216) and the custom home application (PA06-0060). Please call or email me if you have any questions.

Thank you,

Riverside, CA 92501
Thomas Kim, Senior Vice President

RCTC Conflict of Interest Form

Purpose: This form is provided to assist members of the RCTC Commissioners in meeting requirements of Government Code Section 84308 and 87100 in documenting conflict of interests as related to RCTC Commission/Committee agenda items.

Instructions: Under certain circumstances, RCTC Commission may be required to disclose and disqualify themselves from participating in, influencing, or voting on an agenda item due to personal income, real property interests, investments, business positions, or receipt of campaign contributions. If applicable, Commissioners must personally state the following information, for entry into the public record, prior to consideration of the involved agenda item(s) and turn in the completed form to the Clerk of the Board prior to leaving the meeting. An RCTC member may not participate in any discussion or action concerning a contract or amendment if a campaign contribution of more than $250 is received in the past 12 months or 3 months following the conclusion from any entity or individual.

I. Board Member Information

Board Member Name	City/County Name	Meeting Date

II. Campaign Contributions

1. I have a disqualifying campaign contribution of over $250 from _____, (Identify the name of the company and/or Individual) and therefore I am abstaining from participation on Agenda item _____, Subject: _____.

2. I have a disqualifying campaign contribution of over $250 from _____, (Identify the name of the company and/or Individual) and therefore I am abstaining from participation on Agenda item _____, Subject: _____.

3. I have a disqualifying campaign contribution of over $250 from _____, (Identify the name of the company and/or Individual) and therefore I am abstaining from participation on Agenda item _____, Subject: _____.

4. I have a disqualifying campaign contribution of over $250 from _____, (Identify the name of the company and/or Individual) and therefore I am abstaining from participation on Agenda item _____, Subject: _____.

III. Financial Interest

1. I have a financial interest of _____ (State income, real property interest, investment or business position), from/in _____ (Identify name of company or property location) and therefore I am abstaining from participation on Agenda Item _____, Subject: _____

2. I have a financial interest of _____ (State income, real property interest, investment or business position), from/in _____ (Identify name of company or property location) and therefore I am abstaining from participation on Agenda Item _____, Subject: _____

IV. Signature

Board Member Signature: _____ **Date:** _____

Please remember you must state the information into the public record prior to consideration of the involved agenda item(s) and turn in the completed form to the Clerk of the Board prior to leaving the meeting.

Tom,

I am doing a Mayoral Proclamation for Pastor Willie Chambers for serving 21 years at Mt. Moriah Church located in Riverside. Pastor Chambers has resided in Moreno Valley since 1992, which is why a proclamation was requested. Mr. Crocker asked if you would be available to present the Proclamation this Saturday, September 14 at 5:00 p.m. at Air Force Village West in the Fellowship Hall. Please advise if you would like to present the proclamation.

"Respect Local Control...Provide Regional Perspective"

The Common Core State Standards and Business and Community Leaders

The Common Core State Standards (CCSS) provide a practical way to prepare children for the challenges of a constantly changing world – by learning step-by-step the real-world skills they need for career and college.

Despite the state's budget problems, California must move forward now so that all children – no matter where they come from or where they live – receive a world-class education that's consistent from school to school, and graduate ready to contribute to the future of our state and our country.

California is putting these standards to work, using them as the foundation for remodeling our education system. The standards keep the best of what we have, but replace outdated ways of learning with a clear focus on the key knowledge and skills students need, and provide teachers the time to teach them well.

Like an orchestra learning a challenging new symphony, bringing these standards to life in our schools will take time and energy, and the costs must be managed over time. These standards provide every part of our education system the same sheet music – with the clear goals of career and college readiness for all. And we all have a part to play.

Preparing Students for Career and College

Goal – all students graduating from our public school system as life- long learners will have the skills and knowledge necessary to assume their positions in the 21st century global economy.

- The new standards are designed to be relevant in the real world, reflecting the knowledge and skills students need for success in both higher education and career.
- Our communities will be stronger if students graduate with the skills and knowledge needed in today's job market.
- Rigorous standards will enable businesses in California to draw from local talent to meet the needs of the continuously evolving workplace

What About New Assessments?

California is a governing member of the SMARTER Balanced Assessment Consortium (SBAC), one of two federally funded consortia developing new assessments aligned to the CCSS. You may learn more about California's participation in the SBAC at http://www.cde.ca.gov/ta/tg/sa/smarterbalanced.asp. Additionally, State Superintendent of Public Instruction, Tom Torlakson, is consulting with specific stakeholder groups in developing recommendations for the reauthorization of the statewide pupil assessment system, which includes a plan for transitioning to a system of high-quality assessments.

MV00252411

California's CCSS Implementation Plan

The Common Core State Standards Systems Implementation Plan for California is a living document approved by the State Board of Education in March 2012. The plan, available at http://www.cde.ca.gov/re/cc/, identifies the major phases and activities involved in implementing the CCSS and serves as the blueprint for remodeling the education system to support student success in career and college.

Transitioning to the CCSS: What Business and Community Leaders Can Do Now

Business leaders can help lay the groundwork for a smooth transition to the new standards in the following ways:

- Learn more about the standards and follow the implementation process as the work unfolds.
- Advocate for the CCSS with California legislators and urge them and the governor to fully support implementation as the economic picture improves.
- Talk to local principals and superintendents about forming partnerships with the business community to help students become better prepared for careers.
- Build on local partnerships that bring the entire community together in support of student success and advocacy.

Resources for Business and Community Leaders

The following Web resources provide the most current information from the California Department of Education (CDE) Web Site and are continuously updated. The first reference is the main CDE CCSS Web Page which includes the *Common Core State Standards Systems Implementation Plan for California*, the Significant Milestones Timeline, and a "Learn More" section that provides additional links to audience specific information.

California Department of Education CCSS Web Page: http://www.cde.ca.gov/re/cc/

CHARACTERISTICS OF EFFECTIVE SCHOOL LEADERSHIP
An Analysis of School Leadership in High Performing Riverside County Schools

MV00252413

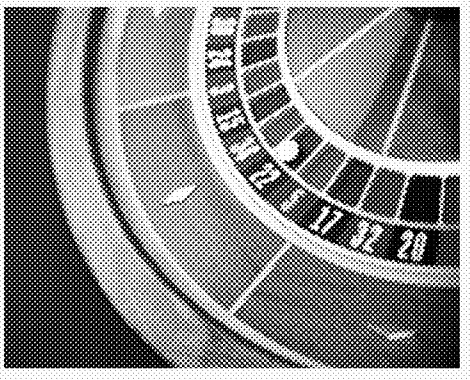
"Ten years ago, school leadership was noticeably absent from most major school reform agendas……. Today, improving school leadership ranks high on the list of priorities for school reform. "

"In a detailed 2010 survey, school and district administrators, policymakers and others declared principal leadership among the most pressing matters on a list of issues in public school education.

"The School Principal As Leader: Guiding Schools to Better Teaching and Training"
The Wallace Foundation

MV00252414

MOVING FROM POCKETS OF EXCELLENCE



TO A SYSTEM OF EXCELLENCE

MV00252415

THE RESEARCH:
FIVE KEY RESPONSIBILITIES OF A PRINCIPAL

- *Shaping A Vision Of Academic Success For All Students*
- *Creating A Climate Hospitable To Education*
- *Cultivating Leadership In Others*
- *Improving Instruction*
- *Managing People, Data And Processes*

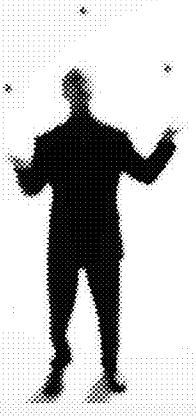
"The School Principal As Leader: Guiding Schools to Better Teaching and Training"
The Wallace Foundation

MV00252416

RIVERSIDE COUNTY OUTLIER SCHOOLS REPORT

EFFECTIVE LEADERSHIP PRIORITIES

- Instructional Leadership
- Quality Instructional Program In **Every Classroom Every Day**
- Compelling Vision
- Accountability For All
  - *No Excuses*
  - *"All students can learn and it is the job of everyone in the school to ensure that it happens"*



MV00252417

EFFECTIVE PRINCIPAL PROFILE

MV00252418

EFFECTIVE PRINCIPAL PROFILE

INSTRUCTIONAL LEADERS

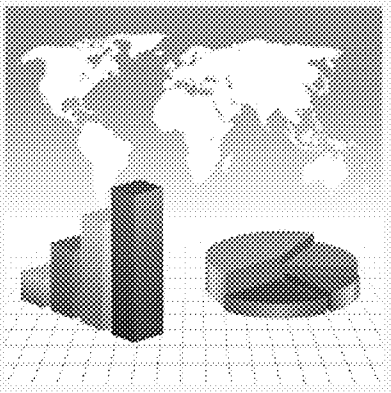
- Knows most effective instructional techniques and strategies.
- Knows strengths and challenges in the delivery of instruction.
- Knows what evidence to look for during classroom walk-throughs.
- Gives targeted feedback and is able to coach teachers for improvement.

MV00252419

EFFECTIVE PRINCIPAL PROFILE

DATA DRIVEN

- Data drives instruction
- Ability to read and analyze data
- Data designed interventions and extended learning opportunities
- Ongoing data analysis



MV00252420

EFFECTIVE PRINCIPAL PROFILE

LEAD THE COLLABORATIVE PROCESS

- Able to facilitate the collaborative process on campus.
- Holds teachers accountable for full participation in the collaborative process.
- Provides support for the process.

MV00252421

EFFECTIVE PRINCIPAL PROFILE

REMAIN CURRENT IN FIELD

- **Is a life-long learner.**
- **Provides opportunities for collective reading and discussion of relevant literature.**
- **Provides and participates in ongoing professional development opportunities.**

MV00252422

EFFECTIVE PRINCIPAL PROFILE

CHAMPION FOR ALL STUDENTS

- **Creates a climate conducive to learning.**
- **Has no excuses for low academic achievement.**
- **Maintains high expectations for all students.**

MV00252423

EFFECTIVE PRINCIPAL PROFILE

REFLECTIVE

- **Asks reflective questions of self and others.**
  - *Is it working?*
  - *What evidence do we have that it is or is not?*
- **Implements actions based on reflection outcomes.**

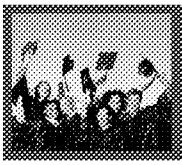
MV00252424

EFFECTIVE PRINCIPAL PROFILE

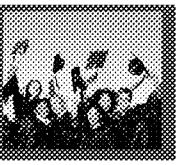
ENGAGING PERSONALITY

- Connects with students.
- Knows how to build meaningful relationships with adults.
- Values and ethics drive actions.
- Has a sense of humor.

MV00252425



LESSONS LEARNED



- **Leadership Matters!**
- **Years as a principal don't equate to effectiveness as a principal.**
- **An ongoing study of principals at "outlier" schools will help us to identify key characteristics of effective principals.**
- **To move from pockets of excellence to a system of excellence:**
  - *Identified characteristics need to be the basis for hiring and retaining school principals.*
  - *Effective principals need on-going professional development and opportunities to collaborate with colleagues.*

Honorable Mayor and city council:

I moved to Sunnymead on Oct 31st 1982. Although I have not lived here as long as Pete, we both have something in common, we have both been residents of Moreno Valley since it's birth and we both are committed and devoted to its improvement. Moreno Valley is our home.

Over the next 31 years I observed 3 groups of people of which many of us, myself included could, if we were honest, be placed in1or more of these categories.

One group are those who Enjoy the merits of our city, work hard, and would like to be more involved with it's betterment, but are busy with earning a living, raising a family and distracted by the day to day requirements of our would today. They stay informed as much as possible, considerate, thoughtful and make decision observing the facts and being patient about the outcome. Moreno Valley is their home.

The next group is those residents who have the time and desire to go to the next step and take a healthy approach to serving our city in varying capacities. Moreno Valley is their home.

The last group is those people I have worked with in business, local service, education, and military service. These are the people who attend meetings and complain without purpose, without suggestions, without wise consideration of the facts and without offering recommendations or alternatives. These are what I would call the obstructionists.

These are people who hop on a political bandwagon without knowing the facts and are quick to accuse others of wrong doing without knowing the truth. These people willfully, for their own

purpose, are destructive to our city, ready to recall, pointing fingers and not being a part of the solution but a big part of the problem. This city offers many opportunities to help and serve in committees, commissions and honest dialog with their representatives and staff, but they would rather wag their tongues without wisdom or reason. Offering unreasonable solutions like across the board recalls to those that were elected by the public and now was not even given the time to prove themselves. Even a mechanic when trying to repair a problem gets the evidence of that problem on his cloths while trying to fix the it.

These are those who complained about the city manager cost, now he is gone and these same people find fault, these are those who wanted open dialog and when all meetings are now televised, they offer deep criticism. These are those who when they smell blood in the water, they attack indiscriminately not considering the cost to our city. You can't seem to please them, they have their own agenda, which many times appears to me, to be self serving. I question if Moreno Valley is their home.

Thank You

Subject: Assault with a deadly weapon - Canyon Springs High School

Good evening,

Today about 2:00 PM, the Canyon Springs SRO was advised of a physical fight that occurred on campus between two students. The suspect, a 16 year-old female, waited between two school buildings until the victim, a 15 year-old female, walked by. The suspect attacked the victim by wrapping a metal wristwatch around her knuckles, then repeatedly punching the victim in the face and head. The victim was treated by Moreno Valley Fire paramedics and released to the school for contact with her parents. The suspect was arrested for assault with a deadly weapon and booked into Riverside Juvenile Hall. MVUSD officials were notified of the crime and the removal of the suspect.

Subject: Criminal Threats arrest - Sunnymead Middle School

Good evening,

Today about 12:00 PM, an SRO was called to Sunnymead Middle School reference a disturbance. The officer soon learned of an ongoing problem between a 13 year-old female victim and a 13 year-old female suspect. School officials indicated they brought the suspect to the office to inform her she was being removed from her class. The child became enraged and ran from the office yelling that she was going to kill the victim. She made it to the classroom and began banging on the door and window while threatening to kill the victim. Out of concern for the victim, school officials removed her from the classroom through another door while campus supervisors struggled to restrain the suspect. The suspect screamed at the supervisors and slashed at them with a pen attempting to stab them. The suspect was safely restrained and later booked into Juvenile Hall. MVUSD officials were notified of the incident and the removal of the suspect from campus.

Subject: Administrative Services Director announcement

City Team: I am pleased to announce the appointment of Chris Paxton as the City's Administrative Services Director. Many of you had the pleasure of interacting with Chris during his tenure as Moreno Valley's Human Resources Director from 2008-2010.

Chris' public service experience spans more than three decades…from his early years as an Animal Control Officer in Orange County to extensive service as an HR professional. In addition to his work for MoVal, he has served as an HR Director in Banning and Rancho Cucamonga and as Deputy City Manager/HR Director for the City of Murrieta. His education includes a BA and MPA from Cal State Fullerton.

Chris was selected following a national recruitment which attracted a very strong field more than 90 applicants. His extremely solid HR background, coupled with his first-hand experience in Animal Services and Purchasing clearly set him apart; his knowledge of and deep appreciation for the City of Moreno Valley's talented workforce made Chris the clear choice for this important position in our organization.

We look forward to Chris re-joining Team MoVal on September 30th.

Subject: Meeting Today Regarding The Contract With Moreno Valley Chambers

Thank you Mr. Terell for sending this communication to me giving the opportunity to the Moreno Valley Black Chamber of Commerce about the meeting today regarding funding contracts with the Moreno Valley Chambers. Unfortunately I left town to go back home on Wednesday for my aunt's funeral in Little Rock, Arkansas and will be returning until next Thursday. Please accept my apology for not be present. One of our Board of Directors, William will attend for the Moreno Valley Black Chamber this evening at 3:00 PM.

We have desired to have a meeting with whomever would meet with us ever since this chamber made decision to not have contract with the city. This was decided because of what was discussed in a city council meeting in 2009 of 2010, if we do not agreed with city council members that stated what we should do or they would agree to continue to give us a contract for those various reasons that they want us to do. We did not for the record say that we was not going to work with the city because we have never stop, we are constantly doing things that the city gets credit for doing and in fact you shook my hand welcoming me to the business round table last month, which I had not gotten from previous director ever. I asked Mayor Tom Owens for a meeting several months ago regarding this after I pasted a note on my business card for meeting and I am still waiting for call for that meeting.

We have been mistreated and negatively talked to and about throughout within the City Hall, city council and community; for other to turn their face toward us as not being a viable organizations. We have willingly gave so much that the city could or would not do to and helped to keep peace and build a city. Not only do we represent the chamber that was founded 02/14/2004 but a foundation that has worked within the city doing working sometimes with several past mayors, since 1986 and the foundation will be 27 years old and now another sister, Moreno Valley Black Chamber Toastmasters Club with former council member and mayor William Batey being one of the charter member that is going 7 years.

Please know that organization starts out of a need that not being met, they have missions, visions and goals to make it happen and they usually are 501(c) 3's or 501 (c) 6's such as the chambers. These organization has gone through IRS to get the nonprofit status that has to abide according to that status that they were granted; not the outside influences that take them off their missions that may cause them to lose their nonprofit status, their funding for grants and sponsors according their giving missions. So please take everything I said above in consideration and know that we will always try to make sure that we are abiding according to the reason why we became an organization in the first place to meet needs that were not met and to make sure we do not jeopardized our nonprofit status(s).

Sincerely,

Linda D. Wright

Subject: Alta Vista Public Charter

My name is Scott Otis, I am a teacher at Alta Vista Public Charter, a tuition-free Independent Studies High School. Currently, one of our sites is temporarily located in the Best Western Hotel (conference room) on Elder Ave. We're making an effort to contact business leaders and influential members of city government to not only create a relationship with each, but also to extend an invitation to come and guest speak at different events that we hold. Our upcoming event of interest is an Awards Assembly and Graduate Recognition on Oct 17th. We're attempting to involve parents/guardians as well as influential people that can help not only expand awareness of our school, but also create relationships and opportunities for our students to be able to expand their goals beyond their High School Diploma.

If you are able to attend, or have contact information that you feel would benefit us and our students, please contact me. We'd love to have you speak to our students and parents about a variety of topics, specifically (in this case) in the areas of the importance of higher education, opportunities in the local area for employment, and motivating students to pursue their dreams and parents to becoming much more connected with the school and community. If you are available, or have any questions, please feel free to contact me either via e-mail or call me at 951-902-9480 or contact my Vice Principal, Shellie Dansby, at 760-927-0838. Thank you!

Subject: Major injury traffic collision - update

Good afternoon,

The collision I reported to you about an hour ago is still under investigation. Officers learned that the person struck by the car was actually a 63 year-old male bicyclist, not a pedestrian. The bicyclist was traveling across Moreno Beach, but not anywhere near a crosswalk or controlled intersection. As he emerged from the center median into the southbound lanes of traffic, a vehicle driven by a 64 year-old woman collided with him. The bicyclist was transported to RCRMC and is currently listed in critical condition. The roadway remains closed as described earlier. The Traffic Team is investigating the collision as if it was a confirmed fatal accident because the victim's status is in question.

Subject: DUI/CDL Checkpoint statistics

Good afternoon,

The checkpoint conducted last night was the final checkpoint for this grant period. The MVPD Traffic Unit conducted a total of 18 DUI/CDL checkpoints between October 2012 and September 2013. Total results are as follows:

- Total vehicles through the checkpoints: 18,950
- DUI drivers arrested: 108 (63 alcohol, 45 drugs)
- Field Sobriety Tests conducted: 285 (166 alcohol, 119 drugs)
- Unlicensed drivers cited: 191
- Suspended drivers cited: 116
- Vehicles towed: 236
- Other arrests made: 10
- Other vehicle code citations issued: 261

To put things in perspective, these numbers tell us the following about those drivers who came through the checkpoints; on average-

- 1 driver out of every 175 drivers was driving under the influence of alcohol and/or drugs
- 1 driver out of every 62 drivers was driving without a license or on a suspended/revoked license
- 1 driver out of every 46 drivers was either DUI, driving without a license, or driving with a suspended/revoked license
- 1 out of every 80 vehicles was towed

The new grant period begins in October 2013. The Moreno Valley Police Department will continue working hard to keep the motoring public safe from suspended, unlicensed, reckless, and DUI drivers.

Honorable Mayor and City Council,

As you know, BC Silvio Lanzas recently transferred out of his Moreno Valley assignment. Chief Ahmad has provided us with some helpful background info regarding our new Battalion Chief Vince O'Neal.

We look forward to working with Vince in his new capacity.

Respectfully,

Tom

Thomas M. DeSantis
Assistant City Manager
City of Moreno Valley

Subject: Battalion Chief Vincent O'Neal

Tom,

Please see the brief information below about BC Vince O'Neal's fire service career.

Battalion Chief Vince O'Neal has over 27 years in the fire service. He brings a diverse background in municipal and wildland fire department operations, CAL Fire Resource Managament and Conservation Camp Programs.

Chief O'Neal is very familiar with the City of Moreno Valley having previously worked in the city's fire service for twelve years. He was an Fire Apparatus Engineer at Sunnymead Station 2 from June 1987 to December 1994 before promoting to Fire Captain in the San Deigo Unit. He returned to Moreno Valley Fire Services in 2003 as a Fire Captain assigned to Kennedy Park Station# 65 before promoting to Battalion Chief at CAL Fire Southern Operations Center in August of 2007. While at South OPS, Chief O'Neal performed the duties of Southern Region Hazard Fuel Reduction Grant Program Manager. He has been responsible for managing and implementing several Federal Fuel Reduction grants totaling approximately $23.4 million within the Department. Additionally, his experience includes duties performing as the Southern Region Intel Duty Officer during Major Emergency Incidents and periods of high wildland fire activities.

Please join me in welcoming Battalion Chief Vincent O'Neal back to the Moreno Valley Division.

Vince's duty week will be Thursday thru Saturday.

Abdul

Hello All,

Following up on the Mayor's request in preparation for the meeting with Lori Stone on Monday… I've located the:

- MJPA adoption of bylaws forming the JPA
- MJPA CAFRs for 2012

Also, Mayor Owings requested information about the square feet developed at the Meridian project at Monday's Public Safety Subcommittee. We received that info as part of a job creation update this recent May… the developments along Meridian Pkwy total 3,255,521 sq. ft. – see the attached spreadsheet.

Have a nice weekend!

Michele

March Joint Powers Redevelopment Agency

RESOLUTION # RA-96-1

A RESOLUTION ADOPTING THE MARCH JOINT POWERS REDEVELOPMENT AGENCY BYLAWS AND CERTAIN OTHER AGENCY ORGANIZATIONAL AND PROCEDURAL INSTRUMENTS

WHEREAS, the March Joint Powers Commission, acting as the governing body of the March Joint Powers Authority (the "Authority"), by Ordinance # 96-1, established the March Joint Powers Redevelopment Agency (the "Agency"); and

WHEREAS, the Agency wishes to conform to the Health and Safety Code of the State of California regarding the appointment of officers and the conducting of business; and

WHEREAS, the Agency has reviewed and is familiar with those administrative documents referenced and described herein, including a set of Bylaws, all of which will accomplish the aforementioned; and

WHEREAS, pursuant to Section 53051 of the California Government Code a Statement of Organization shall be filed with the County Clerk and the Secretary of State.

NOW, THEREFORE, THE MARCH JOINT POWERS REDEVELOPMENT AGENCY DOES HEREBY RESOLVE AS FOLLOWS:

Section 1. The Agency hereby adopts the attached set of bylaws as the Bylaws of the March Joint Powers Redevelopment Agency.

Section 2. In accordance with the Agency's Bylaws, the Agency hereby approves the Chairperson of the March Joint Powers Commission as the Chairperson of the Agency and the Vice-Chairperson of the Commission as the Vice-Chairperson of the Agency.

Section 3. The Agency hereby adopts the March Joint Powers Authority's personnel rules as the Personnel Rules of the Agency.

Section 4. The Agency hereby names the Authority's Executive Director and the Commission's Secretary as the Agency Executive Director and as the Agency Secretary;

Section 5. The Agency hereby adopts the March Joint Powers Authority's *Local Guidelines for Implementing the California Environmental Quality Act* (Authority Resolution # 95-1) as the CEQA Procedures and Guidelines of the Agency;

Section 6. The Agency hereby adopts the *Riverside Press Enterprise* as its newspaper of record. The newspaper of record will be used to publish all official Agency notices and publications.

Section 7. The Agency hereby adopts the Authority's Conflict of Interest Code (Authority Resolution # 93-11) as the Conflict of Interest Code for the Agency.

Section 8. The Agency hereby directs the Agency Secretary to file a Statement of Organization ("SO") with both the Riverside County Clerk and the Secretary of State. The SO shall include the following: name of the Agency; mailing address of the Agency; name and residence or business address of each Agency member; name and residence or business address of the Agency Chairperson and Secretary.

Joint Powers Commission March Joint Powers Redevelopment Agency

BYLAWS OF THE MARCH JOINT POWERS REDEVELOPMENT AGENCY

ARTICLE I - THE AGENCY

Section 1. Establishment of Agency. The Agency was established by Ordinance No. 96-1, adopted by the March Joint Powers Commission, January 17, 1996.

Section 1. Name of Agency. The name of the Agency shall be the "March Joint Powers Redevelopment Agency."

Section 2. Seal of Agency. The Agency may have a Seal. The Seal of the Agency shall be in the form of a circle and, at a minimum, shall bear the name of the Agency and the year of its organization (1996).

Section 3. Office of Agency. The office of the Agency shall be located at 3430 Bundy Drive, Suite 107, March Air Force Base, California 92578-1504.

Section 4. Governing Board of the Agency. The Governing Board of the Agency shall be the March Joint Powers Commission.

Section 5. Agency Membership. Agency membership shall be the same as membership on the March Joint Powers Commission and is

MV00252489

prescribed in Section 5. (b) of the *Amended Joint powers Agreement between the Cities of Moreno Valley, Perris and Riverside and the County of Riverside for the Formation of a Joint Powers Authority to Formulate and Implement plans for the Use and Reuse of March Air Force Base*, dated November 14, 1994 (the "Agreement") incorporated herein by reference, and a copy included herewith.

ARTICLE II - OFFICERS

Section 1. Officers. The officers of the Agency shall be the Chairperson and Vice Chairperson, a Secretary, a Finance Director or Controller, a Treasurer, and an Executive Director. The Chairperson or Vice Chairperson of the Agency shall sign all contracts, deeds and other instruments made by the Agency.

Section 2. Chairperson. The Chairperson shall be the member of the governing board of the Agency who is the current Chairperson of the March Joint Powers Commission. The Chairperson shall preside at all meetings of the Agency.

Section 3. Vice Chairperson. The Vice Chairperson shall be the member of the governing board of the Agency who is the current Vice-Chairperson of the March Joint Powers Commission. The Vice Chairperson shall perform the duties of the Chairperson in the absence or incapacity of the Chairperson.

MV00252490

Section 4. Election of Chairperson or Vice Chairperson. Notwithstanding the provisions of Sections 2 and 3 of this Article II, the members of the governing board of the Agency may elect any member to serve as either Chairperson or Vice Chairperson, as prescribed in Section 5. of the Agreement.

Section 5. Secretary. The Secretary shall be the current Secretary of the March Joint Powers Authority. The Secretary shall keep the records of the Agency, shall act as Secretary of the meetings of the governing board of the Agency and record all votes, and shall keep a record of the proceedings of the Agency in the form of minutes to be kept for such purpose, and shall perform all duties incident to the office of Secretary. The Secretary shall keep in safe custody the seal of the Agency and shall affix such seal to all contracts and instruments authorized to be executed by the governing board of the Agency. The Secretary shall attest to signatures of the other officers of the Agency.

Section 6. Finance Director or Controller. The Finance Director or Controller shall be the current Controller of the March Joint Powers Authority. The Finance Director shall perform his/her duties as prescribed in Section 5.(n) of the Agreement.

Section 7. Treasurer. The Treasurer shall be the current Treasurer of the March Joint Powers Authority. The Treasurer, or in the absence of the Treasurer, a person appointed by the Treasurer,

MV00252491

Joint Powers Commission March Joint Powers Redevelopment Agency shall have the care and custody of all funds of the Agency. The Treasurer shall perform his/her duties as prescribed in Section 5.(m) of the Agreement.

Section 8. Executive Director. The Executive Director shall be the current Executive Director of the March Joint Powers Authority. The Executive Director shall conduct day-to-day administration of the Agency's business and affairs, subject to the direction of the governing Board of the Agency.

Section 9. Additional Duties. The officers of the Agency shall perform such other duties and functions as may from time to time be required by the Agency or these Bylaws or by resolution, rules and regulations or by motion of the Agency. Any officer of the Agency may sign, with the countersignature of one other officer, deputy officer or member of the Agency, all orders and checks for the payment of money under the direction of the Agency.

Section 10. Additional Personnel. The Agency may from time to time appoint deputy officers to perform the duties of officers and employ such other personnel as it deems necessary to exercise its powers, duties and functions. The selection and compensation of such officers and other personnel shall be determined by the governing board of the Agency.

MV00252492

ARTICLE III - MEETINGS

Section 1. Meetings. Regular meetings may be held on the same date and at the same place as are held the regular meetings of the March Joint Powers Commission. The Agency may also hold other meetings as may be necessary to conduct its business in a manner consistent with applicable provisions of California Community Redevelopment Law and/or the California Government Code.

Section 2. Applicability of Ralph M. Brown Act. Meetings of the Agency shall be held, notice given and the business of the Agency conducted, as provided for in the Ralph M. Brown Act, California Government Code Section 54950, et. seq.

Section 3. Quorum. The powers of the Agency shall be vested in the members of the governing board thereof. The presence of six (6) members of the Agency shall constitute a quorum for the purpose of conducting its business and exercising its powers and for all other purposes, but a smaller number may adjourn from time to time until a quorum is obtained. Action may be taken by the governing board of the Agency upon a vote of a majority of a quorum, unless a higher vote is required by law.

Section 4. Manner of Voting. The manner of voting on resolutions, and on such other matters as may be requested by a majority of the members of the governing board of the Agency, shall be

MV00252493

as prescribed by the Chairman.

ARTICLE IV - AMENDMENTS

Section 1. Amendments to Bylaws. The Bylaws of the Agency may be amended by resolution of the Agency.

INDEPENDENT AUDITORS' REPORT

Board of Commissioners
March Joint Powers Utility Authority
Riverside, California

We have audited the accompanying financial statements of the business-type activities of the March Joint Powers Utility Authority (the "Authority"), a component unit of the March Joint Powers Authority, as of and for the year ended June 30, 2012, which comprise the Authority's basic component unit financial statements, as listed in the table of contents. These basic component unit financial statements are the responsibility of the Authority's management. Our responsibility is to express an opinion on these basic component unit financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the basic component unit financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the basic component unit financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall basic component unit financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As described more fully in Note 1.G, the basic component unit financial statements present only the Authority and are not intended to present fairly the financial position and results of operations of the March Joint Powers Authority in conformity with accounting principles generally accepted in the United States of America.

In our opinion, the basic component unit financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities of the Authority as of June 30, 2012, and the respective changes in financial position and cash flows, where applicable, thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued a report dated December 21, 2012 on our consideration of the March Joint Powers Authority internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Management has not presented *Management's Discussion and Analysis* that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

The accompanying notes are an integral part of this statement.

MV00252504

1) REPORTING ENTITY AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A) Reporting Entity

The March Joint Powers Utilities Authority was formed on August 8, 2002 by the City of Moreno Valley, a general law city of the State of California, the City of Perris, a general law city of the State of California and the City of Riverside, a charter city and municipal corporation of the State of California. The purpose of the Authority is to provide construction, completion, reconstruction, extension, change, enlargement, acquisition, leasing, operation, maintenance, repair and control of facilities for the generation, transmission, distribution and sale of utilities and utilities service. The sale and service of utilities will be to municipalities, public utility districts, corporations, businesses or persons located at the property formerly known as March Air Force Base.

The Authority's office and records are located at 23555 Meyer Drive, Riverside, California 92518.

The Authority Commissioners are as follows:

Name	Title	Representing
Mike Gardner	Chair	City of Riverside
Daryl R. Busch	Vice Chair	City of Perris
William Batey	Commissioner	City of Moreno Valley
Andy Melendrez	Commissioner	City of Riverside
Richard Stewart	Commissioner	City of Moreno Valley
Mark Yarbrough	Commissioner	City of Perris

The Joint Powers Commission meets on the first and third Wednesday of each month.

B) Measurement Focus, Basis of Accounting and Financial Statement Presentation

The Authority's basic financial statements are prepared in conformity with accounting principles generally accepted in the United States of America as they are applicable to governmental units. The Government Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles.

The Authority reports its activities as an enterprise fund, which is used to account for operations that are financed and operated in a manner similar to a private business enterprise, where the intent of the Authority is that the costs (including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges and space rentals. The Authority financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting.* Revenues are recognized in the accounting period in which are earned and expenses are recognized in the period incurred, regardless of the timing of related cash flows.

Proprietary funds distinguishes operating revenues and expenses from those revenues and expenses that are non-operating. Operating revenues are those revenues that are generated by utility services while operating expenses pertain directly to the furnishing of those services. Non-operating revenues and expenses are those revenues and expenses generated that are not directly associated with the normal business of utility services.

MV00252505

1) REPORTING ENTITY AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

B) Measurement Focus, Basis of Accounting and Financial Statement Presentation - Continued

When both restricted and unrestricted resources are available for use, it is the Authority's policy to use restricted resources first, then unrestricted resources as they are needed.

The accounting policies of the Authority conform to generally accepted accounting principles as applicable to governmental enterprise funds. In accordance with GASB Statement 20, the Authority has elected to apply all Financial Accounting Standards Board Statements and Interpretations issued after November 30, 1989, with the exception of those that conflict with or contradict GASB Pronouncements.

C) Cash and Cash Equivalents

In accordance with GASB Statement 9, for purposes of the Statement of Cash Flows, all cash and investments with original maturities of 90 days or less are considered cash or cash equivalents.

D) Investments

As a governmental entity other than an external investment pool in accordance with GASB 31, the Authority's investments are stated at fair value except for interest-earning investment contracts. At June 30, 2012, the Authority held no investments, therefore, no adjustment is reflected in these financial statements.

E) Uncollectible Accounts Receivable

The Authority uses the direct write-off method for uncollectible accounts receivable.

F) Use of Estimates

The preparation of financial statements requires management to make estimates and assumptions. These estimates and assumptions affect the reported amounts of assets, liabilities, revenues, and expenses/expenditures, as appropriate, as well as the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

G) Relationship to the March Joint Powers Authority

The Authority is an integral part of the reporting entity of the March Joint Powers Authority. The funds of the Authority have been blended within the financial statements of the March Joint Powers Authority because the Board of Commissioners is the governing board of the Authority and exercises control over the operations of the Authority. Only the funds of the Authority are included herein, therefore, these financial statements do not purport to represent the financial position or results of operations of the March Joint Powers Authority.

MV00252506

2) CASH AND INVESTMENTS

Cash and Investments are classified in the accompanying financial statements as follows:

Statement of Net Assets:	
Cash	$ 405,294

Cash and investments consist of the following:

Deposits with Financial Institutions	$ 405,294

Investments Authorized by the California Government Code and the Authority's Investment Policy

The table below identifies the investment types that are authorized by the Authority's investment policy. The table also identifies certain provisions of the California Government Code (or the Authority's investment policy, where more restrictive) that address interest rate risk, credit risk, and concentration of credit risk.

Authorized Investment Type	Maximum Maturity	Maximum Percentage Of Portfolio[1]	Maximum Investment In One Issuer
Local Agency Bonds	5 years	None	None
U.S. Treasury Obligations	5 years	None	None
U.S. Agency Securities	5 years	None	None
Banker's Acceptances	180 days	40%	30%
Prime Commercial Paper[2]	270 days	25%	10%
Negotiable Certificates of Deposit	5 years	30%	None
Repurchase Agreements	1 year	None	None
Reverse Repurchase Agreements	92 days	20% of Base Value	None
Medium - Term Notes[3]	5 years	30%	None
Mutual Funds	N/A	20%	10%
Money Market Mutual Funds	N/A	20%	10%
Mortgage Pass-through Securities	5 years	20%	None
County Pooled Investment Funds	N/A	None	None
Local Agency Investment Fund (LAIF)	N/A	None	None
JPA Pools (Other Investment Pools)	N/A	None	None

[1] Excluding amounts held by bond trustee that are not subject to California Government Code Restrictions.
[2] U.S. Corporations with assets greater than $500 million.
[3] Rated "A" or better by Moody's or S&P.

Investments Authorized by Debt Agreements

Investment of debt proceeds held by bond trustee are governed by provisions of the debt agreements, rather than the general provisions of the California Government Code or the Authority's investment policy.

MV00252507

2) CASH AND INVESTMENTS - Continued

Disclosures Relating to Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. One of the ways that the Authority manages its exposure to interest rates risk is by purchasing a combination of shorter term and longer term investments and by timing cash flows from maturities so that a portion of the portfolio is maturing or coming close to maturity evenly over time as necessary to provide the cash flow and liquidity needed for operations.

Disclosures Relating to Credit Risk

Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization.

Concentration of Credit Risk

The investment policy of the Authority contains no limitations on the amount that can be invested in any one issuer beyond that stipulated by the Government Code.

Custodial Credit Risk

Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party. The custodial credit risk for investments is the risk that, in the event of the failure of the counterparty (e.g., broker-dealer) to a transaction, a government will not be able to recover the value of its investment or collateral securities that are in the possession of another party. The California Government Code and the Authority's investment policy do not contain legal or policy requirements that would limit the exposure to custodial credit risk for deposits or investments, other than the following provision for deposits: The California Government Code requires that a financial institution secure deposits made by state or local government units by pledging securities in an undivided collateral pool held by a depository regulated under state law (unless so waived by the governmental unit). The market value of the pledged securities in the collateral pool must equal at least 110% of the total amount deposited by the public agencies. California law also allows financial institutions to secure Authority deposits by pledging first trust deed mortgage notes having a value of 150% of the secured public deposits.

As of June 30, 2012, no deposits of the Authority with financial institutions in excess of federal depository insurance limits were held in uncollateralized accounts. As of June 30, 2012, the Authority held no investments.

MV00252508

3) ADVANCES PAYABLE

The Authority received temporary cash advances from the primary government (March Joint Powers Authority) to fund administrative costs until development of the March Joint Powers Utility reaches a point that it is self sustaining. There is no stipulated due date on the $500,000 advance amount. The $500,000 advance is made up of several advances from previous years. No additional advances were made in the current year. The advance carries an interest rate of 5%. On June 15, 2011, the March Joint Powers Authority forgave the interest accrued of $154,573 and the future interest on the advances.

4) DEFICIT NET ASSETS

The March Joint Powers Utility Authority Enterprise Fund has deficit net assets of $93,440 for the year ending June 30, 2012. This deficit is expected to be eliminated by revenue in future periods.

INDEPENDENT AUDITORS' REPORT

Board of Commissioners
March Inland Port Airport Authority
Riverside, California

We have audited the accompanying financial statements of the business-type activities of the March Inland Port Airport Authority (the "Authority"), a component unit of the March Joint Powers Authority, as of and for the year ended June 30, 2012, which comprise the Authority's basic component unit financial statements, as listed in the table of contents. These basic component unit financial statements are the responsibility of the Authority's management. Our responsibility is to express an opinion on these basic component unit financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the basic component unit financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the basic component unit financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall basic component unit financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As described more fully in Note 1.H, the basic component unit financial statements present only the Authority and are not intended to present fairly the financial position and results of operations of the March Joint Powers Authority in conformity with accounting principles generally accepted in the United States of America.

In our opinion, the basic component unit financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities of the Authority as of June 30, 2012, and the respective changes in financial position and cash flows, where applicable, thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued a report dated December 21, 2012 on our consideration of the March Joint Powers Authority internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Management has not presented *Management's Discussion and Analysis* that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

MV00252518

1) REPORTING ENTITY AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A) Reporting Entity

The March Inland Port Airport Authority (the "Authority") was formed on June 18, 1997 under a joint exercise of powers agreement between the cities of Perris, Moreno Valley and Riverside and the County of Riverside for the purpose of formulating and implementing plans for the use and reuse of the property formerly known as March Air Force Base.

The Authority's office and records are located at 23555 Meyer Drive, Riverside, California 92518.

The Authority Commissioners are as follows:

Name	Title	Representing
Mike Gardner	Chair	City of Riverside
Daryl R. Busch	Vice Chair	City of Perris
Marion Ashley	Commissioner	County of Perris
William Batey	Commissioner	City of Moreno Valley
Bob Buster	Commissioner	County of Riverside
Andy Melendrez	Commissioner	City of Riverside
Richard Stewart	Commissioner	City of Moreno Valley
Mark Yarbrough	Commissioner	City of Perris

The Joint Powers Commission meets on the first and third Wednesday of each month.

B) Measurement Focus, Basis of Accounting and Financial Statement Presentation

The Authority's basic financial statements are prepared in conformity with accounting principles generally accepted in the United States of America as they are applicable to governmental units. The Government Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles.

The Authority reports its activities as an enterprise fund, which is used to account for operations that are financed and operated in a manner similar to a private business enterprise, where the intent of the Authority is that the costs (including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges and space rentals. The Authority financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting.* Revenues are recognized in the accounting period in which are earned and expenses are recognized in the period incurred regardless of the timing of related cash flows.

Proprietary funds distinguishes operating revenues and expenses from those revenues and expenses that are non-operating. Operating revenues are those revenues that are generated by airport services, rents and leases while operating expenses pertain directly to the furnishing of those services. Non-operating revenues and expenses are those revenues and expenses generated that are not directly associated with the normal business of airport services, rents and leases.

When both restricted and unrestricted resources are available for use, it is the Authority's policy to use restricted resources first, then unrestricted resources as they are needed.

MV00252519

1) REPORTING ENTITY AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

B) Measurement Focus, Basis of Accounting and Financial Statement Presentation - Continued

The accounting policies of the Authority conform to generally accepted accounting principles as applicable to governmental enterprise funds. In accordance with GASB Statement 20, the Authority has elected to apply all Financial Accounting Standards Board Statements and Interpretations issued after November 30, 1989, with the exception of those that conflict with or contradict GASB Pronouncements.

C) Cash and Cash Equivalents

In accordance with GASB Statement 9, for purposes of the Statement of Cash Flows, all cash and investments with original maturities of 90 days or less are considered cash or cash equivalents.

D) Investments

As a governmental entity other than an external investment pool in accordance with GASB 31, the Authority's investments are stated at fair value except for interest-earning investment contracts.

E) Uncollectible Accounts Receivable

The Authority uses the allowance method for uncollectible accounts receivable.

F) Capital Assets

Capital assets, which include land, buildings, building improvements, machinery, vehicles, and infrastructure assets, are reported in the statement of net assets. Capital assets are recorded at cost where historical records are available and at an estimated historical cost where no historical records exist. The cost of normal maintenance and repairs that do not add to the value of the asset's lives are not capitalized.

Major capital outlay for capital assets and improvements are capitalized as projects are constructed. For debt-financed capital assets, interest incurred during the construction phase is reflected in the capitalization value of the asset constructed, net of interest earned on the invested proceeds over the same period. Capital assets acquired through lease obligations are valued at the present value of future lease payments at the date acquired. Donated capital assets are valued at their estimated fair market value at the date of donation.

Capital assets used in operations are depreciated over their estimated useful lives using the straight-line method. Depreciation is charged as an expense against operations and accumulated depreciation is reported on the statement of net assets. The range of lives used for depreciation purposes for each capital asset class is as follows:

Buildings and Improvements	7 - 50 Years
Vehicles	5 Years
Office Equipment and Furniture	5 Years
Infrastructure	30 - 100 Years

MV00252520

1) REPORTING ENTITY AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

G) Use of Estimates

The preparation of financial statements requires management to make estimates and assumptions. These estimates and assumptions affect the reported amounts of assets, liabilities, revenues, and expenses/expenditures, as appropriate, as well as the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

H) Relationship to the March Joint Powers Authority

The Authority is an integral part of the reporting entity of the March Joint Powers Authority. The funds of the Authority have been blended within the financial statements of the March Joint Powers Authority because the Board of Commissioners is the governing board of the Authority and exercises control over the operations of the Authority. Only the funds of the Authority are included herein, therefore, these financial statements do not purport to represent the financial position or results of operations of the March Joint Powers Authority, California.

2) CASH AND INVESTMENTS

Cash and Investments are classified in the accompanying financial statements as follows:

Statement of Net Assets:	
Cash and Investments	$ 1,557,108

Cash and investments consist of the following:

Deposits with Financial Institutions	$ 550,130
Investments	1,006,978
Total	$ 1,557,108

Investments Authorized by the California Government Code and the Authority's Investment Policy

The table below identifies the investment types that are authorized by the Authority's investment policy. The table also identifies certain provisions of the California Government Code (or the Authority's investment policy, where more restrictive) that address interest rate risk, credit risk, and concentration of credit risk.

MV00252521

2) CASH AND INVESTMENTS - Continued

Authorized Investment Type	Maximum Maturity	Maximum Percentage Of Portfolio[1]	Maximum Investment In One Issuer
Local Agency Bonds	5 years	None	None
U.S. Treasury Obligations	5 years	None	None
U.S. Agency Securities	5 years	None	None
Banker's Acceptances	180 days	40%	30%
Prime Commercial Paper[2]	270 days	25%	10%
Negotiable Certificates of Deposit	5 years	30%	None

County Pooled Investment Funds	N/A	None	None
Local Agency Investment Fund (LAIF)	N/A	None	None
JPA Pools (Other Investment Pools)	N/A	None	None

[1] Excluding amounts held by bond trustee that are not subject to California Government Code Restrictions.
[2] U.S. Corporations with assets greater than $500 million.
[3] Rated "A" or better by Moody's or S&P.

Investments Authorized by Debt Agreements

Investment of debt proceeds held by bond trustee are governed by provisions of the debt agreements, rather than the general provisions of the California Government Code or the Authority's investment policy.

Disclosures Relating to Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. One of the ways that the Authority manages its exposure to interest rates risk is by purchasing a combination of shorter term and longer term investments and by timing cash flows from maturities so that a portion of the portfolio is maturing or coming close to maturity evenly over time as necessary to provide the cash flow and liquidity needed for operations.

The Authority had the following investments:

		Remaining Maturity (in Months)			
		12 Months or Less	13 to 24 Months	25 to 60 Months	More than 60 Months
Money Market Mutual Funds	$ 1,006,978	$ 1,006,978	$	$	$

MV00252522

2) CASH AND INVESTMENTS - Continued

Disclosures Relating to Credit Risk

Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization.

Presented below is the minimum rating required by (where applicable) the California Government Code of the Authority's investment policy, or debt agreements, and the actual rating as of year end for each investment type.

Investment Type		Minimum Legal Rating	Exempt From Disclosure	Rating as of Year End		
				AAA	Aa	Not Rated
Money Market Mutual Funds	$ 1,006,978	N/A	$	$	$	$ 1,006,978

Concentration of Credit Risk

The investment policy of the Authority contains no limitations on the amount that can be invested in any one issuer beyond that stipulated by the Government Code. The Authority does not have any investments in any one issuer (other than U.S. Treasury securities, mutual funds, and external investment pools) that represent 5% or more of total Authority's investments as of June 30, 2012.

Custodial Credit Risk

Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party. The custodial credit risk for investments is the risk that, in the event of the failure of the counterparty (e.g., broker-dealer) to a transaction, a government will not be able to recover the value of its investment or collateral securities that are in the possession of another party. The California Government Code and the Authority's investment policy do not contain legal or policy requirements that would limit the exposure to custodial credit risk for deposits or investments, other than the following provision for deposits: The California Government Code requires that a financial institution secure deposits made by state or local government units by pledging securities in an undivided collateral pool held by a depository regulated under state law (unless so waived by the governmental unit). The market value of the pledged securities in the collateral pool must equal at least 110% of the total amount deposited by the public agencies. California law also allows financial institutions to secure Authority deposits by pledging first trust deed mortgage notes having a value of 150% of the secured public deposits.

As of June 30, 2012, no deposits of the Authority with financial institutions in excess of federal depository insurance limits were held in uncollateralized accounts.

MV00252523

3) CAPITAL ASSETS

	Beginning Balance	Increases[1]	Decreases	Ending Balance
Capital Assets, Not Being Depreciated:				
Land	$ 38,221,477	$	$	$ 38,221,477
Construction in Progress	675,453	99,702		775,155
Total Capital Assets Not Being Depreciated	38,896,930	99,702		38,996,632
Capital Assets Being Depreciated:				
Buildings and Improvements	10,765,216	198,032		10,963,248
Infrastructure	2,110,182			2,110,182
Total Capital Assets Being Depreciated	12,875,398	198,032		13,073,430
Less Accumulated Depreciation:				
Buildings and Improvements	(835,408)	(392,890)		(1,228,298)
Infrastructure	(140,680)	(35,170)		(175,850)
Total Accumulated Depreciation	(976,088)	(428,060)		(1,404,148)
Total Capital Assets Being Depreciated, Net	11,899,310	(230,028)		11,669,282
Capital Assets, Net of Depreciation	$ 50,796,240	$ (130,326)	$ 0	$ 50,665,914

[1]Includes a prior period adjustment of $198,032 for building and improvements and $73,272 of accumulated depreciation. (See Note 7)

4) OPERATING LEASES

March Philmar Project - In July 1999, the March Joint Powers Redevelopment Agency entered into a 55-year lease with March Inland Cargoport Development, LLC for the lease term beginning July, 1999 through June, 2054 with two ten year options to renew. The rent commencement date is June 1, 2000. The rent is abated for the first 84 months, or in the amount of $255,400 in consideration of expenditures to bring utilities and other public services to the Land. In August 1999, March Inland Cargoport Development, LLC assigned the March Philmar Project Lease to March Philmar, LLC. Rent payments began in 2007 in the amount of $36,486. On September 20, 2006, this lease was reassigned to the March Inland Port Airport Authority. In 2011, CT Realty purchased March Philmar from March Philmar, LLC. On March 16, 2011 an Assignment, Assumption and Landlord Consent to Assignment and Assumption of Lease was executed between MJPA, March Philmar LLC. and CT Realty. Effective April 1, 2011, CT Realty began paying property lease payments of $48,648; an increase from $0.06 under Philmar Ground Lease to $0.08 per sf. The CT Realty lease is subject to annual Consumer Price Index (CPI) increases not greater than 2.5% annually.

Global Port Ramp Services, LLC - In October 2004, the March Joint Powers Redevelopment Agency entered into a 48 year ground lease agreement with Global Port Ramp Services, LLC. The term of the lease is for a 48 year period with three five year options to renew. Consideration for the lease will be based on six cents per foot of the premises. The consideration for the lease will be subject to a yearly adjustment based on the Consumer Price Index (CPI) increases not greater than 4% annually. On September 20, 2006, this lease was reassigned to the March Inland Port Airport Authority.

MV00252524

4) OPERATING LEASES - Continued

Marhub, LLC - In October 2004, the March Joint Powers Redevelopment Agency entered into a 48 year ground lease agreement with Marhub, LLC. The term of the lease is for a 48 year period with three five year options to renew. Consideration for the lease will be based on six cents per foot of the premises. The consideration for the lease will be subject to a yearly adjustment based on the Consumer Price Index (CPI) increases not greater than 4% annually. On September 20, 2006, this lease was reassigned to the March Inland Port Airport Authority.

5) ADVANCES PAYABLE

The Authority received temporary cash advances from the primary government (March Joint Powers Authority) to fund administrative costs until development of the March Inland Port reaches a point that it is self sustaining. There is no stipulated due date on the $2,687,896 advance amount. The $2,687,896 advance is made up of several advances from previous years. A $300,000 advance was made in the current year. Of this amount, $597,896 is non-interest bearing and the amount of $2,090,000 carries an interest rate of 5%.

6) CONTINGENCIES

On June 18, 2003 the Authority entered into a Matching Funds Agreement with the March Joint Powers Redevelopment Agency, the "Agency", for assistance in fulfilling its obligations under the Grant Program related to the construction of the airport improvements. The Matching Funds Agreement provides for financial assistance from the Agency within 30 days of a written request from the Authority that shall not exceed 10% of the Authority's total project cost pursuant to the Grant Program on any given date. The Agency's obligations under this agreement will be discharged on the date that is the earlier of the aggregate payments, by the Agency, or equals the total amount of grant funds allocated to the Authority under the Grant Program or equals $362,800. On February 1, 2012, the Agency was dissolved and its remaining activities are being overseen by a Successor Agency, the March Joint Powers Authority. The effect on this agreement has not been determined.

7) PRIOR PERIOD ADJUSTMENT

The $124,760 relates to a building that was transferred to the Authority in a prior year.

INDEPENDENT AUDITORS' REPORT

March Joint Powers Commission
Riverside, California

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the March Joint Powers Authority (the "Authority"), as of and for the year ended June 30, 2012, which collectively comprise the Authority's basic financial statements as listed in the table of contents. These basic financial statements are the responsibility of the Authority's management. Our responsibility is to express opinions on these basic financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the March Joint Powers Authority, as of June 30, 2012, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated December 21, 2012 on our consideration of the Authority's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

As explained in Note 15, the Redevelopment Agency previously reported as a blended component unit was dissolved by legislation from the California State Legislature and a decision by the California Supreme Court.

Management has not presented *Management's Discussion and Analysis* that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Accounting principles generally accepted in the United States of America require that the required supplementary information on pages 44 though 48 be presented to supplement the basic financial statement. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We

MV00252530

have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquires of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquires, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Authority's financial statements as a whole. The supplementary schedule is presented for purposes of additional analysis and is not a required part of the financial statements. The supplementary schedule is the responsibility of management and was derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

March Joint Powers Authority
Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balances of Governmental Funds to the Statement of Activities
Year Ended June 30, 2012

Net Change in Fund Balances-Total Governmental Funds		$ (32,530,093)
Amounts reported for governmental activities in the statement of activities are different because:		
Governmental funds report capital outlay as an expenditure in the full amount as current financial resources are used. However, in the Statement of Activities the cost of these assets is allocated over the estimated useful life as depreciation expense.		
	Depreciation Expense	(896,693)
Some expenses reported in the Statement of Activities do not require the use of current financial resources and are not reported as governmental fund expenditures.		
	Interest on Long-term Debt	832,169
	Net OPEB Obligation	(11,402)
	Net Change in Compensated Absences	(48,485)
Assets and liabilities that are not due and payable in the current period are not reported in the funds. These amounts represent the difference in the extraordinary loss in the governmental funds and the extraordinary loss in the Statement of Activities, due to the dissolution of the Redevelopment Agency.		
	Long-term Liabilities	32,700,000
	Unamortized Issuance Costs	(1,371,034)
Change in Net Assets of Governmental Activities		$ (1,325,538)

The accompanying notes are an integral part of this statement.

MV00252554

1) REPORTING ENTITY AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A) Description of the Reporting Entity

The March Joint Powers Authority (the "Authority") was formed on November 14, 1993, under a joint exercise of powers agreement among the Cities of Perris, Moreno Valley and Riverside and the County of Riverside for the purpose of formulating and implementing plans for the use and reuse of the property formerly known as March Air Force Base.

The Authority's office and records are located at 23555 Meyer Drive, Riverside, California 92518.

The Authority Commissioners are as follows:

Name	Title	Representing
Mike Gardner	Chair	City of Riverside
Daryl R. Busch	Vice Chair	City of Perris
Marion Ashley	Commissioner	County of Riverside
William Batey	Commissioner	City of Moreno Valley
Bob Buster	Commissioner	County of Riverside
Andy Melendrez	Commissioner	City of Riverside
Richard Stewart	Commissioner	City of Moreno Valley
Mark Yarbrough	Commissioner	City of Perris

The Joint Powers Commission meets on the first and third Wednesday of each month.

The accounting policies of the Authority conform to accounting principles generally accepted in the United States of America as they are applicable to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The more significant policies reflected in the financial statements are summarized as follows:

The financial statements of the March Joint Powers Authority include the financial activities of the Authority, the Redevelopment Agency of the March Joint Powers Authority, the March Inland Port Airport Authority and the March Joint Powers Utilities Authority. In accordance with GASB Statement No. 14, the basic criteria for including an agency, institution, authority or other organization in a governmental unit's financial reporting entity is financial accountability. Financial accountability includes, but is not limited to: 1) selection of the governing body, 2) imposition of will, 3) ability to provide a financial benefit to or impose a financial burden on and 4) fiscal dependency.

There may, however, be factors other than financial accountability that are so significant that exclusion of a particular agency from a reporting entity's financial statements would be misleading. These other factors include scope of public service and special financing relationships.

Based upon the application of these criteria, an agency, institution or authority may be included as a component unit in the primary government's financial statements. Blended component units, although legally separate entities are, in substance, part of the government's operations and so data from these units are combined with data of the primary government. A discretely presented component unit, on the other hand, is reported in a separate column in the combined financial statements to emphasize it is legally separate from the government. There are no discretely presented component units in these financial statements. Each blended component unit presented has a June 30, 2012

MV00252555

1) REPORTING ENTITY AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

A) Description of the Reporting Entity - Continued

year end, with the exception of the Redevelopment Agency of the March Joint Powers Authority which is presented as of January 31, 2012.

The following is a brief review of each component unit included in the primary government's reporting entity.

Redevelopment Agency of the March Joint Powers Authority

The Redevelopment Agency of the March Joint Powers Authority (the "Agency"), California was formed on March 6, 1996, under Section 33,000 et.seq. of the Health and Safety Code. The March Joint Powers Authority declared by Ordinance that the Authority's Board will serve as the Board of Directors of the Redevelopment Agency. The primary purpose of the Agency is to eliminate blighted areas by encouraging development of residential, commercial, industrial, recreational and public facilities. The Agency's Board members designate management and have a full accountability of the Agency's fiscal matters. The Agency's activities are blended with those of the March Joint Powers Authority in these financial statements and are reported as an enterprise fund, a debt service fund, a capital projects fund and a special revenue fund. On February 1, 2012, the Agency was dissolved by legislation from the California State Legislature and a decision by the California Supreme Court. The March Joint Powers Authority is the Successor Agency of the March Joint Powers Redevelopment Agency which oversees the remaining activities of the former redevelopment agency. These activities are reflected as a special private-purpose trust fund in the fiduciary statements (see Note 15).

March Inland Port Airport Authority

The March Inland Port Airport Authority (the "Airport Authority") was formed on June 18, 1997 under a joint exercise of powers agreement between the Cities of Perris, Moreno Valley and Riverside and the County of Riverside for the purpose of formulating and implementing plans for the use and reuse of March Air Force Base. The March Inland Port Airport Authority will be used to market and promote the economic development opportunity associated with the creation of the joint use airport and for the associated development or redevelopment of adjacent and nearby vacant properties. The March Inland Port Airport Authority's activities are blended with those of the Authority in these financial statements and are reported as an enterprise fund. Separate component financial statements can be obtained from the Authority's office.

March Joint Powers Utilities Authority

The March Joint Powers Utilities Authority was formed on August 8, 2002 by the City of Moreno Valley, a general law city of the State of California, the City of Perris, a general law city of the State of California and the City of Riverside, a charter city and municipal corporation of the State of California. The purpose of the Authority is to provide construction, completion, reconstruction, extension, change, enlargement, acquisition, leasing, operation, maintenance, repair and control of facilities for the generation, transmission, distribution and sale of Utilities and Utilities service. The sale and service of Utilities will be to municipalities, public utility districts, corporations, businesses or persons located at the property formerly known as March Air Force Base. Separate component financial statements can be obtained from the Authority's office.

MV00252556

1) REPORTING ENTITY AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

B) Basis of Presentation

The basic financial statements of the March Joint Powers Authority have been prepared in conformity with accounting principles generally accepted in the United States of America ("GAAP"). The Governmental Accounting Standards Board ("GASB") is the accepted standard setting body for governmental accounting and financial reporting purposes.

These statements require that the financial statements described below be presented:

Government-wide Statements: The Government-wide financial statements (i.e., the Statement of Net Assets and the Statement of Activities) report information on all of the nonfiduciary activities of the primary government and its component units. For the most part, the effect of inter-fund activity has been removed from these statements.

Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. Direct expenses are expenses that are clearly identifiable with a specific program, project, function or segment. Program revenues of the Authority include: 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment.

Taxes and other items that are properly not included among program revenues are reported instead as general revenues.

Fund Financial Statements: Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements. All remaining governmental funds are aggregated and reported as non-major funds.

C) Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*, as are the proprietary and private-purpose trust fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows.

Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the providers have been met.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collected within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Authority considers revenues to be available if they are collected within 60 days of the end of the current fiscal period, except for property taxes. Property taxes are recognized

MV00252557

1) REPORTING ENTITY AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

C) Measurement Focus, Basis of Accounting, and Financial Statement Presentation - Continued

in the year for which they are levied. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Taxes, intergovernmental revenues, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual, and are therefore recognized as revenues of the current fiscal period. Only the portion of special assessments receivable due within the current fiscal period is considered to be susceptible to accrual as revenue of the current period. All other revenue items are considered to be measurable and available only when cash is received by the Authority.

The Authority reports the following major governmental funds:

The *General Fund* is used to account for all financial resources of the Authority, except those required to be accounted for in another fund.

The *Redevelopment Low/Moderate Housing Reserve Special Revenue Fund* is used to account for the receipt of 20% set-a-side bond proceeds and tax increment revenue, housing subsidy grants, utility assistance grants, housing renovation projects, property acquisition for low/mod housing projects.

The *Meridian LLMD No. 1 Special Revenue Fund* is used to account for special assessments through property tax collections and the expenditures for the maintenance and landscaping of the Meridian Business Park.

The *Debt Service Fund* is used to account for the accumulation of resources for, and the payment of, long-term debt principle, interest and related costs within the Agency's project areas.

The *Capital Project Fund* is used to account for financial statements to be used for the acquisition or construction of redevelopment projects and administrative expenses.

The Authority reports the following major proprietary funds:

The *March Inland Port Airport Authority Fund* accounts for the activities of the Airport Authority, a blended component unit of the Authority. The Authority operates the joint use of the airport as well as development of the airport and adjacent properties.

The *Green Acres Fund* accounts for the activities of the Green Acres Housing Area.

The *Golf Course Fund* accounts for the activities of the Authority's golf course operations.

The *Utility Authority Fund* accounts for the activities of the Authority's utility operations.

MV00252558

1) REPORTING ENTITY AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

C) Measurement Focus, Basis of Accounting, and Financial Statement Presentation - Continued

Additionally, the Authority reports the following fund types:

The *Enterprise Funds* are used to account for operations (a) that are financed and operated in a manner similar to private business enterprises - where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges, or (b) where the governing body has decided that periodic determination of revenues earned, expenses incurred and/or net income is appropriate for capital maintenance, public policy, management control, accountability or other purposes. Revenues are fully accrued to include unbilled services at year end.

The *Fiduciary Funds* are used to account for resources held in the benefit of parties outside of the government. Fiduciary funds are not reported in the government-wide financial statements because the resources of those funds are not available to support the Authority's own programs. The accounting used the fiduciary funds is much like that used for proprietary funds.

The Authority reports the following activities:

The *Private-purpose trust fund* is used to report resources held in trust for the Successor Agency of the former Redevelopment Agency.

The Authority applies all applicable GASB pronouncements in accounting and reporting for its proprietary operations as well as the following pronouncements issued on or before November 30, 1989, unless these pronouncements conflict with or contradict GASB pronouncements: Financial Accounting Standards Board (FASB) Statements and Interpretations, Accounting Principles Board (APB) Opinions, and Accounting Research Bulletins (ARBs) of the Committee on Accounting Procedure.

As a general rule, the effect of inter-fund activity has been eliminated from the government-wide financial statements. Direct expenses have not been eliminated from the functional categories; indirect expenses and internal payments have been eliminated.

Amounts reported as program revenues include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grant and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

MV00252559

1) REPORTING ENTITY AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

C) Measurement Focus, Basis of Accounting, and Financial Statement Presentation - Continued

When both restricted and unrestricted resources are available for use, it is the March Joint Powers Authority to use restricted resources first, and then use unrestricted resources as they are needed.

D) Encumbrances

Encumbrances are recorded as an appropriation of fund balance. Encumbrances outstanding at year end are reported as reservations of fund balance for subsequent year expenditures inasmuch as they do not constitute expenditures or liabilities.

E) Cash and Cash Equivalents

In accordance with GASB Statement 9, for purposes of the Statement of Cash Flows, all cash and investments with original maturities of 90 days or less are considered cash or cash equivalents. For financial statement presentation purposes cash and cash equivalents are shown as cash in the Proprietary Funds.

F) Investments

As a governmental entity other than an external investment pool in accordance with GASB 31, the Authority's investments are stated at fair value except for interest-earning investment contracts.

G) Uncollectible Accounts

The Authority uses the allowance method of recording uncollectible accounts.

H) Inventories

Inventories are valued at cost, using the first-in, and first-out basis.

I) Capital Assets

Capital assets, which include land, buildings, building improvements, machinery, vehicles, and infrastructure assets, are reported in the government-wide financial statements. Capital assets are recorded at cost where historical records are available and at an estimated historical cost where no historical records exist. The cost of normal maintenance and repairs that do not add to the value of the asset's lives are not capitalized.

Major capital outlay for capital assets and improvements are capitalized as projects are constructed. For debt-financed capital assets, interest incurred during the construction phase is reflected in the capitalization value of the asset constructed, net of interest earned on the invested proceeds over the same period. Capital assets acquired through lease obligations are valued at the present value of future lease payments at the date acquired. Donated or transferred capital assets are valued at their estimated fair market value at the date of donation or transfer.

MV00252560

1) REPORTING ENTITY AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

I) Capital Assets - Continued

Capital assets used in operations are depreciated over their estimated useful lives using the straight-line method in the government-wide financial statements and in the fund financial statements of the proprietary funds. Depreciation is charged as an expense against operations and accumulated depreciation is reported on the respective balance sheet. The range of lives used for depreciation purposes for each capital asset class is as follows:

Buildings and Improvements	7 - 50 Years
Vehicles	5 Years
Office Equipment and Furniture	5 Years
Infrastructure	30 - 100 Years

J) Compensated Absences

In accordance with GASB Statement No. 16, a liability is recorded for unused vacation and similar compensatory leave balances since the employees' entitlement to these balances are attributable to services already rendered and it is probable that virtually all of these balances will be liquidated by either paid time off or payment upon termination or retirement.

All leave benefits are accrued when incurred in the government-wide and proprietary fund financial statements. A liability for these amounts is reported in governmental funds only if they have matured, for example, as result of employee resignations and retirements. Leave benefits are generally liquidated by the general fund.

K) Fund Equity

Fund balance in governmental funds are reported in classifications that comprise a hierarchy based primarily on the extent to which the Authority is bound to honor constraints on the specific purposes for which amounts in those funds can be spent. The Authority considers restricted fund balance to have been spent first when an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available. Similarly, when an expenditure is incurred for purposes for which amounts in any of the unrestricted classifications of fund balance could be used. The following classifications describe the relative strength of the spending constraints placed on the purposes for which resources can be used:

Nonspendable Fund Balance - Includes amounts that cannot be spent because they are either not in spendable form, or, for legal or contractual reasons, must be kept intact.

Restricted Fund Balance - Constraints placed on the use of these resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors or other governments; or are imposed by law (though constitutional provisions or enabling legislation).

Committed Fund Balance - Amounts that can only be used for specific purposes because of a formal action (resolution or ordinance) by the government's highest level of decision-making authority. The Joint Powers Commission is the highest level of decision-making authority for the Authority that can, by adoption of an ordinance or resolution prior to the end of the fiscal year, commit fund balance. Once adopted, the limitation imposed by the ordinance or resolution remains in place until a similar action is taken to remove or revise the limitation.

MV00252561

1) REPORTING ENTITY AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

K) Fund Equity - Continued

Assigned Fund Balance - Amounts that are constrained by the Authority's intent to be used for specific purposes, but that do not meet the criteria to be classified as restricted or committed. Intent can be stipulated by the governing body, another body, or by an official to whom the authority has been given.

Unassigned Fund Balance - These are either residual positive net resources of the General Fund in excess of what can properly be classified in one of the other categories, or negative balances in all other funds.

L) Use of Estimates

The preparation of financial statements requires management to make estimates and assumptions. These estimates and assumptions affect the reported amounts of assets, liabilities, revenues, and expenses/expenditures, as appropriate, as well as the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

M) Property Tax

Property taxes are assessed and collected each fiscal year according to the following property tax calendar:

Lien Date	January 1	
Levy Date	July 1 to June 30	
Due Date	November 1	- 1st Installment
	February 1	- 2nd Installment
Delinquent Date	December 10	- 1st Installment
	April 10	- 2nd Installment

Under California law, property taxes are assessed and collected by the counties up to 1%, of assessed value, plus other increases approved by the voters. The property taxes go into a pool, and are then allocated to the agencies based on complex formulas prescribed by the state statutes.

N) Prior Period Adjustments

Included in the Governmental Fund's Statements and Statement of Activities are prior period adjustments for the following:

1. $243,437 in the Statement of Activities (Governmental Activities) relates to interest payable that was not recognized in the prior period.

2. $124,760 in the Redevelopment Agency (Governmental Activities) and March Inland Port Airport Authority (Business-Type Activities) relates to a building that was transferred to the Authority several years ago.

MV00252562

1) REPORTING ENTITY AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

O) Extraordinary Item

The extraordinary item included in the fund financial statements and the government-wide financials are due to the dissolution of the March Joint Powers Redevelopment Agency as of February 1, 2012. On December 29, 2011, the California Supreme Court upheld Assembly Bill 1X 26 that provides for the dissolution of all redevelopment agencies in the State of California. The remaining assets and liabilities of the former redevelopment agency were transferred to a Successor Agency, March Joint Powers Authority, which are reported in a private-purpose trust fund in the fiduciary statements (see Note 15).

2) CASH AND INVESTMENTS

Cash and Investments are classified in the accompanying financial statements as follows:

Statement of Net Assets:		
Cash and Investments	$	13,313,803
Restricted Cash and Investments		1,375,767
Statement of Fiduciary Net Assets		
Cash and Investments		14,049,237
Cash and Investments with Fiscal Agent		2,766,612
Total Cash and Investments	$	31,505,419

Cash and Investments consist of the following:

Petty Cash	$	1,250
Deposits with Financial Institutions		10,705,045
Investments		20,799,124
Total Cash and Investments	$	31,505,419

Investments Authorized by the California Government Code and the Entity's Investment Policy

The table below identifies the investment types that are authorized by the Authority's investment policy. The table also identifies certain provisions of the California Government Code (or the Authority's investment policy, where more restrictive) that address interest rate risk, credit risk, and concentration of credit risk.

Authorized Investment Type	Maximum Maturity	Maximum Percentage Of Portfolio[1]	Maximum Investment In One Issuer
Local Agency Bonds	5 years	None	None
U.S. Treasury Obligations	5 years	None	None
U.S. Agency Securities	5 years	None	None
Banker's Acceptances	180 days	40%	30%
Prime Commercial Paper[2]	270 days	25%	10%

MV00252563

2) CASH AND INVESTMENTS - Continued

Investments Authorized by the California Government Code and the Entity's Investment Policy - Continued

Authorized Investment Type	Maximum Maturity	Maximum Percentage Of Portfolio[1]	Maximum Investment In One Issuer
Negotiable Certificates of Deposit	5 years	30%	None
Repurchase Agreements	1 year	None	None
Reverse Repurchase Agreements	92 days	20% of Base Value	None
Medium - Term Notes[3]	5 years	30%	None
Mutual Funds	N/A	20%	10%
Money Market Mutual Funds	N/A	20%	10%
Mortgage Pass-through Securities	5 years	20%	None
County Pooled Investment Funds	N/A	None	None
Local Agency Investment Fund (LAIF)	N/A	None	None
JPA Pools (Other Investment Pools)	N/A	None	None
Negotiable Certificates of Deposit	5 years	30%	None

[1] Excluding amounts held by bond trustee that are not subject to California Government Code Restrictions.
[2] U.S. Corporations with assets greater than $500 million.
[3] Rated "A" or better by Moody's or S&P.

Investments Authorized by Debt Agreements

Investment of debt proceeds held by bond trustee is governed by provisions of the debt agreements, rather than the general provisions of the California Government Code or the Authority's investment policy.

Disclosures Relating to Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. One of the ways that the Authority manages its exposure to interest rates risk is by purchasing only money market funds.

Information about the sensitivity of the fair values of the Authority's investments to market interest rate fluctuations is provided by the following table that shows the distribution of the Authority's investments by maturity:

		Remaining Maturity (in Months)			
Investment Type		12 Months Or Less	13 to 24 Months	25 to 60 Months	More Than 60 Months
Money Market Fund	$ 50,304	$ 50,304	$	$	$
Money Market Mutual Funds	17,982,208	17,982,208			
Held By Bond Trustee:					
Money Market Fund	51,193	51,193			
Investment Agreement	2,715,419				2,715,419
Total	$ 20,799,124	$ 18,083,705	$ 0	$ 0	$ 2,715,419

MV00252564

2) CASH AND INVESTMENTS - Continued

Disclosures Relating to Credit Risk

Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. Presented below is the minimum rating required by (where applicable) the California Government Code or the Authority's investment policy and the actual rating as of year end for each investment type.

Investment Type		Minimum Legal Rating	Exempt from Disclosure	Rating as of Year End		
				AAA	AA	Not Rated
Money Market Fund	$ 50,304		$	$	$	$ 50,304
Money Market Mutual Funds	17,982,208	N/A				17,982,208
Held By Bond Trustee:						
Money Market Fund	51,193			51,193		
Investment Agreement	2,715,419					2,715,419
Total	$ 20,799,124		$ 0	$ 51,193	$ 0	$ 20,747,931

Concentration of Credit Risk

The investment policy of the Authority contains no limitations on the amount that can be invested in any one issuer beyond that stipulated by the Government Code. Investments in any one issue (other than U.S. Treasury securities, mutual funds, and external investment pools) that represent 5% or more of the total Authority's investments are as follows:

Issuer	Investment Type	Reported Amount
Natixis	Investment Agreement	$ 2,715,419

Custodial Credit Risk

Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party. The custodial credit risk for investments is the risk that, in the event of the failure of the counterparty (e.g., broker-dealer) to a transaction, a government will not be able to recover the value of its investment or collateral securities that are in the possession of another party. The California Government Code and the Authority's investment policy do not contain legal or policy requirements that would limit the exposure to custodial credit risk for deposits or investments, other than the following provision for deposits: The California Government Code requires that a financial institution secure deposits made by state or local government units by pledging securities in an undivided collateral pool held by a depository regulated under state law (unless so waived by the governmental unit). The market value of the pledged securities in the collateral pool must equal at least 110% of the total amount deposited by the public agencies. California law also allows financial institutions to secure Authority deposits by pledging first trust deed mortgage notes having a value of 150% of the secured public deposits.

MV00252565

2) CASH AND INVESTMENTS - Continued

Custodial Credit Risk - Continued

As of June 30, 2012, no deposits of the Authority's with financial institutions in excess of federal depository insurance limits were held in uncollateralized accounts, and none of the Authority's investments were held by the broker-dealer (counterparty) that was used by the Authority to buy the securities.

Cash and Investments with Fiscal Agent

Included in cash and investments with fiscal agent are the debt securities issued by the Successor Agency. These are revenue bond obligations and, therefore, are not obligations of the Authority.

3) LOANS RECEIVABLE

The aforementioned loans were made by the Authority to provide operating funds to the March Joint Powers Redevelopment Agency. The loans will be repaid from tax increment at such time as excess funds exist. On February 1, 2012, the redevelopment agency was dissolved (see Note 1) and the Successor Agency to the March Joint Powers Redevelopment Agency oversees the remaining activities of the former redevelopment agency. The balance outstanding as of June 30, 2012 for all loans is $3,350,000. Accrued interest of $291,327 on the notes payable is reflected in the accompanying financial statements as interest receivable.

4) INTERFUND RECEIVABLES, PAYABLES AND TRANSFERS

Interfund receivables and payables are as follows:

		DUE FROM		
		March Inland Port Airport Authority	Golf Course	Total
DUE TO	General	$ 520,367	$ 67,060	$ 587,427
	Total	$ 520,367	$ 67,060	$ 587,427

The interfund payable balances represent routine and temporary cash flow assistance from the General Fund which includes interest on advances to other funds.

Advances to/from other funds are as follows:

		ADVANCES FROM
		General Fund
ADVANCES TO	March Inland Port Airport	$ 2,687,896
	Utility Authority	500,000
	Total	$ 3,187,896

MV00252566

4) INTERFUND RECEIVABLES, PAYABLES AND TRANSFERS - Continued

March Inland Port Airport Advance

The aforementioned loan was made by the General Fund to provide operating funds for the March Inland Port Airport Authority. The loan will be repaid from airport revenues at such time excess funds become available.

Utility Authority Advance

The aforementioned loan was made by the General Fund to provide operating funds for the Utility Authority. The loan will be repaid from utility revenues at such time excess funds become available.

Interfund transfers are as follows:

		TRANSFERS OUT				
		General Fund	Low/Moderate Housing Fund	March Inland Port Airport Authority	Green Acres	Total
TRANSFERS IN	General Fund	$	$	$ 102,000	$ 600,000	$ 702,000
	Debt Service		624,169			624,169
	Golf Course	239,189				239,189

6) LONG-TERM OBLIGATIONS - Continued

Loan Payable

Business-type Activities:

On February 1, 2012, the March Joint Powers Authority entered into an agreement for $1,500,000 with Municipal Finance Corporation. The loan is being used to provide funding for the remodel of the golf course clubhouse building. Interest on the loan is payable on a quarterly basis. Interest on the loan accrues 5.125% per annum. Principal on the loan is payable in quarterly installments ranging from $28,942 to $47,552 commencing September 30, 2012 through June 30, 2022. The outstanding balance is $1,500,000.

Total future debt requirements of the loan payable are as follows:

Year Ending June 30,	Principal	Interest	Total
2013	$ 118,014	$ 74,631	$ 192,645
2014	124,179	68,466	192,645
2015	130,667	61,978	192,645
2016	137,493	55,151	192,644
2017	144,676	47,968	192,644
2018-2022	844,971	118,253	963,224
Total	$ 1,500,000	$ 426,447	$ 1,926,447

7) DEFICIT FUND BALANCES/NET ASSETS

The Authority reported the following fund balance/net assets deficit for the year ended June 30, 2012:

Fund	Amount
Major Fund	
Utility Authority	$ (93,440)

Management is very much aware of the seriousness of the above deficit and is currently taking steps to eliminate it. This deficit is expected to be eliminated by future revenues.

MV00252570

8) OTHER REVENUES

Included in other revenues is $400,000 from the March Healthcare Development, LLC. This amount was the result from negotiations between the Authority and developer due to a loss of lease income from the development of the March Healthcare project.

9) OPERATING LEASES

During the year the Authority had the following lease activity:

Leasee	Building(s)	Lease Date	Term	Amount Due	Renewal Options
USVI	California Inn	10/2003	5 years	$4,300 per month	(2) Five Year Periods
USVI	Homeless Shelter	10/2003	10 years	$6,400 per month	
CrossWord Christian Fellowship Church	Chapel #1	1/2005	30 years	$9,272 per month	(2) Five Year Periods
March Field Museum Foundation	March Field Museum	4/2000	30 years	$1 per year	(2) Ten Year Periods
Lutheran Social Services	Temporary Lodging Facility	7/2002	10 years	$1 per year	(2) Ten Year Periods
Path of Life Ministries	King Hall	11/2006	10 years	$1 per year	(2) Ten Year Periods
Pyro Spectaculars	Weapons Storage Area	1/2011	5 years	$16,666 per month	
Freeman Holdings of Riverside, LLC	Fuel Farm Facility	11/2010	10 years	$4,000 per month	(2) Ten Year Periods
Verizon Wireless	Cell Tower Lease	5/2010	5 years	$2,060 per month	(3) Five Year Periods

*Under the sublease agreements the leasee will maintain the property.

March Philmar Project - In July 1999, the March Joint Powers Redevelopment Agency entered into a 55-year lease with March Inland Cargoport Development, LLC for the lease term beginning July, 1999 through June, 2054 with two ten year options to renew. The rent commencement date is June 1, 2000. The rent is abated for the first 84 months, or in the amount of $255,400 in consideration of expenditures to bring utilities and other public services to the Land. In August 1999, March Inland Cargoport Development, LLC assigned the March Philmar Project Lease to March Philmar, LLC. Rent payments began in 2007 in the amount of $36,486. On September 20, 2006, this lease was reassigned to the March Inland Port Airport Authority. In 2011, CT Realty purchased March Philmar from March Philmar, LLC. On March 16, 2011 an Assignment, Assumption and Landlord Consent to Assignment and Assumption of Lease was executed between MJPA, March Philmar LLC. and CT Realty. Effective April 1, 2011, CT Realty began paying property lease payments of $48,648; an increase from $0.06 under Philmar Ground Lease to $0.08 per sf. The CT Realty lease is subject to annual Consumer Price Index (CPI) increases not greater than 2.5% annually.

Global Port Ramp Services, LLC - In October 2004, the March Joint Powers Redevelopment Agency entered into a 48 year ground lease agreement with Global Port Ramp Services, LLC. The term of the lease is for a 48 year period with three five year options to renew. Consideration for the lease will be based on six cents per foot of the premises. The consideration for the lease will be subject to a yearly adjustment based on the Consumer Price Index (CPI) increases not greater than 4% annually. On September 20, 2006, this lease was reassigned to the March Inland Port Airport Authority.

Marhub, LLC - In October 2004, the March Joint Powers Redevelopment Agency entered into a 48 year ground lease agreement with Marhub, LLC. The term of the lease is for a 48 year period with three five year options to renew. Consideration for the lease will be based on six cents per foot of the premises. The consideration for the lease will be subject to a yearly adjustment based on the Consumer Price Index (CPI) increases not greater than 4% annually. On September 20, 2006, this lease was reassigned to the March Inland Port Airport Authority.

MV00252571

10) RISK MANAGEMENT

General Liability Insurance

The Authority is a member of the Public Entity Risk Management Authority (PERMA) a joint powers Authority formed under Section 990 of the California Government Code for the purpose of jointly funding programs of insurance coverage for its members. The governing Board of Directors consists of one member from each participating agency.

The Authority has liability coverage as follows:

A. $1,000,000 inclusive of the Member's self-insured retention of $0.

B. $24,000,000 in excess of Coverage A in accordance with the excess of Coverage A in accordance with the terms of the Memorandum of Liability Coverage for the California Joint Powers Risk Management Authority.

Workers Compensation Insurance

The Authority is insured up to $1,000,000 per occurrence.

11) EMPLOYEES' RETIREMENT PLAN

The March Joint Powers Authority contributes to the California Public Employees Retirement System (PERS), a cost-sharing multiple-employer public employee defined benefit pension plan. PERS provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. PERS acts as a common investment and administrative agent for participating public entities within the State of California. Benefit provisions and all other requirements are established by state statute and district ordinance. As of fiscal year 2006, entities participating in the California Public Employees Retirement System (PERS) with less than one hundred members, are mandated by the State to be in a risk pool. The March Joint powers Authority has less than one hundred members participating in PERS and has presented information based on the requirements of cost-sharing multiple-employer defined benefits plans since certain information for an agent multiple-employer defined benefit plan are unavailable. Copies of PERS' annual financial report may be obtained from their executive office at 400 P Street, Sacramento, California 95814.

Participants are required to contribute 8% of their annual covered salary. The March Joint Powers Authority made the contributions required of Authority employees on their behalf and for their account before March 6, 2012. Effective on that date, employees were required to contribute their portion of PERS. The Authority is required to contribute at an actuarially determined rate; the required employer contribution rate for fiscal year 2011/2012 is 16.517% of annual covered payroll. The contribution requirements of plan members and the Authority are established and may be amended by PERS.

For 2012, the Authority's annual pension cost of $202,773 for PERS was equal to the Authority's required and actual contributions. The required contribution was determined as part of the June 30, 2009, actuarial valuation using the entry age normal actuarial cost method. The actuarial value of PERS assets was determined using techniques that smooth the effects of short-term volatility in the market value of investments over a four-year period (smoothed market value).

MV00252572

11) EMPLOYEES' RETIREMENT PLAN - Continued

PERS unfunded actuarial accrued liability is being amortized as a level percentage of projected payroll on a closed basis. Beginning on July 1, 1997, all changes in liability due to plan amendments, changes in actuarial assumptions, or changes in actuarial methodology will be amortized separately over a 20-year period. In additions, all gains or losses will be tracked and 10% of the net unamortized gain or loss will be amortized each year. Finally, if a plan's accrued liability exceeds the actuarial value of assets, the annual contribution with respect to the total unfunded liability may not be less than the amount produced by a 30 year amortization of the unfunded liability.

THREE YEAR TREND INFORMATION FOR PERS

Fiscal Year	Annual Pension Cost (APC)	Percentage of APC Contributed	Net Pension Obligation
6/30/10	$ 152,479	100%	$ 0
6/30/11	$ 155,515	100%	$ 0
6/30/12	$ 202,773	100%	$ 0

12) DEFERRED COMPENSATION PLAN

On August 20, 1996, the provisions of Internal Revenue Code (IRC) Section 457 were amended to require new plans to place all assets and income of the Plan in trust for the exclusive benefit of participants and their beneficiaries. Plans in existence as of the date of this change must place the Plan assets and income in trust by January 1, 1999. Once the assets and income are placed in trust the Authority no longer owns the amounts deferred by employees and related income. Prior to this
IRC Section 457 Amendment, the deferred amounts and related income remained as property of the Authority until withdrawn by the employee.

During the 1997-98 fiscal years, March Joint Powers Authority created its Deferred Compensation Plan with assets and related income in trust as allowed by IRC Section 457 and as a result the asset and corresponding liability are not presented in these financial statements.

13) OTHER POST EMPLOYMENT BENEFITS

Plan Description

The Authority's defined benefit postemployment healthcare plan, (JPA Retiree Healthcare Plan "JRHP"), provides medical benefits to eligible retired employees and qualified dependents. JRHP is part of the Public Agency portion of the California Employers' Retiree Benefit Trust Fund (CERBT), an agent multiple-employer plan administered by California Public Employees' Retirement System (CalPERS), which acts as a common investment and administrative agent for participating public employers within the State of California. A menu of benefit provisions as well as other requirements is established by State statute within the Public Employees' Retirement Law. JRHP selects optional benefit provisions from the benefit menu by contract with CalPERS. CalPERS issues a Comprehensive Annual Financial Report (CAFR). The CAFR is issued in aggregate and includes the sum of all CalPERS plans. Copies of the CalPERS CAFR may be obtained from the CalPERS Executive Office, 400 P Street, Sacramento, California 95814.

MV00252573

13) OTHER POST EMPLOYMENT BENEFITS - Continued

Funding Policy

The contribution requirements of plan members and the Authority are established and may be amended by the Joint Powers Commission. The Authority contributes the CalPERS minimum monthly contribution for the retiree or surviving dependent.

The Authority is required to contribute the *annual required contribution of the employer (ARC)*, an amount actuarially determined in accordance with the parameters of GASB Statement 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed twenty years. ARC rate is 2.2% of the annual covered payroll. The plan is financed on a pay-as-you-go basis.

Annual OPEB Cost and Net OPEB Obligation

The following table shows the components of the Authority's annual OPEB cost for the year, the amount actually contributed to the plan, and changes in the Authority's Net OPEB obligation to the Retiree Health Plan:

Annual Required Contribution	$	28,502
Interest on Net OPEB Obligation		3,156
Adjustments to Annual Required Contribution		-
Annual OPEB Cost (Expense)		31,658
Contributions Made		(20,256)
Increase (Decrease) in Net OPEB Obligation		11,402
Net OPEB Obligation - Beginning of Year		42,082
Net OPEB Obligation - End of Year	$	53,484

For 2012, the Authority's annual OPEB cost (expense) of $23,517 for the Authority was equal to the ARC. The Authority's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligation for 2012 and the two preceding years were as follows:

THREE YEAR TREND INFORMATION FOR JRHP

Fiscal Year	Annual OPEB Cost (AOC)	Percentage of AOC Contributed	Net OPEB Obligation
6/30/10	$ 20,256	0.0%	$ 20,256
6/30/11	$ 21,826	0.0%	$ 42,082
6/30/12	$ 31,658	64.0%	$ 53,484

MV00252574

13) OTHER POST EMPLOYMENT BENEFITS - Continued

Funded Status and Funding Progress

The funded status of the plan as of July 1, 2011, was as follows:

Actuarial Accrued Liability (AAL)	$	145,377
Actuarial Value of Plan Assets	$	0
Unfunded Actuarial Accrued Liability (UAAL)	$	145,377
Funded Ratio (Actuarial Value of Plan Assets/AAL)		0%
Covered Payroll (Active Plan Members)	$	1,281,440
UAAL as a Percentage of Covered Payroll		11.34%

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented as required supplementary information following the notes to the financial statements, presents multiyear trend information that shows whether the actuarial value of the plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

Actuarial Methods and Assumptions

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

The following is a summary of the actuarial assumptions and methods:

Valuation Date	July 1, 2011
Funding Method	Entry Age Normal
Discount Rate	7.50% per annum
Health Care Cost Trend	5% contribution and 5% administration
Retirement Rates	CalPERS Rates (vary by attained age and years of service)
Mortality Rates	Male 0.120% to 3.080%; Female 0.093% to 2.071%
Rate of Withdrawal	4.04% to 12.85%

MV00252575

14) COMMITMENTS AND CONTINGENCIES

Amounts received or receivable from grant agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time although the Authority expects such amounts, if any, to be immaterial.

The Authority and the Redevelopment Agency has entered into developer agreements to attract new business to the areas formerly known as March Air Force Base. The following represents the Agency's significant commitments with certain developers.

LNR Riverside, LLC

On December 28, 2001, the West March Disposition and Development Agreement were entered into between the March Joint Powers Redevelopment Agency, LNR Riverside, LLC and the March Joint Powers Authority. The agreement is to develop 1,000 acres of property as West March Business Park. In consideration for the Agency transferring the property to LNR, in accordance with the agreement, LNR agrees to incur substantial costs in developing the property, including but not limited to installation of infrastructure to service the property. The expected cost of such infrastructure will exceed $100 million during the term of the agreement. The Agency will benefit from LNR's development of the property, as a result of sales and other tax revenues generated by the property and project. No provision has been made for this commitment on the combined financial statements, as the project is not complete.

March International Logistics Center, LLC

On July 18, 2001, the March Joint Powers Commission adopted a Resolution approving the Disposition and Development Agreement (DDA) with March International Logistics Center, LLC, for approximately 175 acres at the March Inland Port. On May 21, 2012, a lawsuit was filed by the developer in the Superior Court of California, County of Riverside. This litigation is still in progress and no established liability is known at this time.

Western Municipal Water District

The Authority entered into an Agreement with the Western Municipal Water District for transfer of water and sewer utility systems. Under the Agreement, the Authority conveyed to the District property comprised of both real and personal property, including various pipelines, pumps, treatments systems, and other utility facilities for the distribution of potable and non-potable water, and the collection, treatment, and disposal of wastewater, both within and outside the March Air Force Boundaries. This Agreement became effective October 2002.

March Healthcare Development, LLC

On April 7, 2010, the March Lifecare Campus Disposition and Development Agreement was entered into between the March Joint Powers Redevelopment Agency and March Healthcare Development, LLC (MHD). In consideration for the Agency transferring the property to MHD, MHD will pay fair market value for the property as defined in the Disposition and Development Agreement. The Agency will benefit from March Healthcare's development of the property, as a result of sales and other tax revenues generated by the property and project. Currently, no provision has been made for this commitment on the financial statements, as the project is not complete.

MV00252576

15) SUCCESSOR AGENCY FOR ASSETS OF FORMER REDEVELOPMENT AGENCY

On December 29, 2011, the California Supreme Court upheld Assembly Bill 1X 26 ("the Bill") that provides for the dissolution of all redevelopment agencies in the State of California. This action impacted the reporting entity of March Joint Powers Authority that previously had reported a redevelopment agency within the reporting entity of the Authority as a blended component unit.

The Bill provides that upon dissolution of a redevelopment agency, either the Authority or another unit of local government will agree to serve as the "successor agency" to hold the assets until they are distributed to other units of state and local government. On January 18, 2012, the Joint Powers Commission elected to become the Successor Agency for the former redevelopment agency in accordance with the Bill as part of Authority Resolution Number JPA 12-04.

After enactment of the law, which occurred on June 28, 2011, redevelopment agencies in the State of California cannot enter into new projects, obligations or commitments. Subject to the control of a newly established oversight board, remaining assets can only be used to pay enforceable obligations in existence at the date of dissolution (including the completion of any unfinished projects that were subject to legally enforceable contractual commitments).

In future fiscal years, successor agencies will only be allocated revenue in the amount that is necessary to pay the estimated annual installment payments on enforceable obligations of the former redevelopment agency until all enforceable obligations of the prior redevelopment agency have been paid in full and all assets have been liquidated.

The Bill directs the State Controller of the State of California to review the propriety of any transfers of assets between redevelopment agencies and other public bodies that occurred after January 1, 2011. If the public body that received such transfers is not contractually committed to a third party for the expenditure or encumbrance of those assets, the State Controller is required to order the available assets to be transferred to the public body designated as the successor agency by the Bill.

Management believes, in consultation with legal counsel, that the obligations of the former redevelopment agency due to the Authority are valid enforceable obligations payable by the successor agency trust under the requirements of the Bill. The Authority's position on this issue is not a position of settled law and there is considerable legal uncertainty regarding this issue. It is reasonably possible that a legal determination may be made at a later date by an appropriate judicial authority that would resolve this issue unfavorably to the Authority.

In accordance with the timeline set forth in the Bill (as modified by the California Supreme Court on December 29, 2011) all redevelopment agencies in the State of California were dissolved and ceased to operate as a legal entity as of February 1, 2012.

Prior to that date, the final several months of the activity of the redevelopment agency continued to be reported in the governmental funds of the Authority. After the date of dissolution, the assets and activities of the dissolved redevelopment agency are reported in a fiduciary fund (private-purpose trust fund) in the financial statements of the Authority.

The transfer of the assets and liabilities of the former redevelopment agency as of February 1, 2012 (effectively the same date as January 31, 2012) from governmental funds of the Authority to fiduciary funds was reported in the governmental funds as an extraordinary loss (or gain) in the governmental fund financial statements. The receipt of these assets and liabilities as of January 31, 2012 was reported in the private-purpose trust fund as an extraordinary gain (or loss).

MV00252577

15) SUCCESSOR AGENCY FOR ASSETS OF FORMER REDEVELOPMENT AGENCY - Continued

Because of the different measurement focus of the governmental funds (*current financial resources measurement focus*) and the measurement focus of the trust funds (*economic resources measurement focus*), the extraordinary loss (gain) recognized in the governmental funds was not the same amount as the extraordinary gain (loss) that was recognized in the fiduciary fund financial statements.

The difference between the extraordinary gain recognized in the fund financial statements and the extraordinary gain recognized in the fiduciary fund financial statements is reconciled as follows:

Total extraordinary gain reported in governmental funds - increase to net assets of the Successor Agency Trust Fund.	$ 32,678,914
Unamortized bond issuance cost reported in the government-wide financial statements - increase to net assets of the Successor Agency Trust Fund.	1,371,034
Long-term debt reported in the government-wide financial statements - decrease to net assets of the Successor Agency Trust Fund.	(32,700,000)
Net decrease to net assets of the Successor Agency Trust Fund as a result of initial transfers (equal to amount of extraordinary gain reported in the government-wide financial statements of the Authority).	$ 1,349,948

Successor Agency Long-term Obligations

The following is a summary of the changes in the Successor Agency long-term obligations for the year:

Description	Beginning Balance	Obligations Incurred[1]	Obligations Satisfied	Ending Balance
Loans Payable	$	$ 3,350,000	$	$ 3,350,000
2011 Series A Tax Allocation Bond		23,135,000		23,135,000
2011 Series B Tax Allocation Bond		9,565,000		9,565,000
Total Governmental Activities	$ 0	$ 36,050,000	$ 0	$ 36,050,000

[1] Included in obligations incurred, is the $36,050,000 of debt transferred from the former March Joint Powers Redevelopment Agency .

Loans Payable

The aforementioned loans were made by the March Joint Powers Authority (the "Authority") to provide operating funds to the former March Joint Powers Redevelopment Agency. The loans will be repaid from tax increment at such time as excess funds exist. The balance outstanding as of June 30, 2012 for all loans is $3,350,000.

February 17, 2011	5%	700,000	700,000
Total		$ 3,350,000	$ 3,350,000

*This note payable was approved in 2009 for the 2010 fiscal year.

2011 Tax Allocation Bonds - Series A

On February 22, 2011, the Redevelopment Agency issued $23,135,000 2011 Tax Allocation Bonds, Series A. The proceeds of these bonds will be used to finance redevelopment projects and debt related costs. Interest on the bond is payable August 1st and February 1st of each year. Interest on the bond accrues at rates varying form 2.375% to 6.750% per annum. Principal on the serial bonds is payable in annual installations ranging from $285,000 to $1,785,000, commencing August 1, 2011 through August 1, 2041. At June 30, 2012 the Authority has a cash reserve balance for debt service of $1,919,919 which is sufficient to cover the Bond Indenture Requirement. The outstanding balance is $23,135,000.

2011 Tax Allocation Bonds - Series B

On February 22, 2011, the Redevelopment Agency issued $9,565,000 2011 Tax Allocation Bonds, Series B. The proceeds of these loans will be used to finance redevelopment projects and debt related costs. Interest on the bond is payable August 1st and February 1st of each year. Interest on the bond accrues at rates varying form 2.375% to 6.750% per annum. Principal on the serial bonds is payable in annual installations ranging from $120,000 to $740,000, commencing August 1, 2011 through August 1, 2041. At June 30, 2012 the Authority has a cash reserve balance for debt service of $795,500 which is sufficient to cover the Bond Indenture Requirement. The outstanding balance is $9,565,000.

MV00252579

REQUIRED SUPPLEMENTARY INFORMATION

1. BUDGETARY DATA

The Agency uses the following procedures in establishing the budgetary data reflected in the financial statements:

1. Before the beginning of the fiscal year the Executive Director submits to the Finance Committee a proposed budget for the year commencing the following July 1.

2. The committee reviews the proposed budget and approves submittal to the Board of Commission.

3. The budget is subsequently adopted through passage of a resolution by the Commission.

4. All appropriated amounts are as originally adopted or as amended by the Board of Commissioners and lapse at year-end.

5. Original appropriations are modified by supplementary appropriations and transfers among budget categories. The Board of Commission approves all significant changes.

6. Formal budgetary integration is employed as a management control device during the year for the General, Special Revenue and Capital Project Funds.

7. Budgets for the General, Special Revenue and Capital Project Funds are adopted on a basis consistent with accounting principles generally accepted in the United States of America.

8. Budget information is presented for the General, Special Revenue and Capital Project Fund Types. Formal budgeting polices are not required for the Debt Service Fund.

INDEPENDENT ACCOUNTANTS' REPORT ON APPLYING AGREED-UPON PROCEDURES

Lori Stone, Executive Director
March Joint Powers Authority
Riverside, California

We have applied the procedures enumerated below, which were agreed to by the March Joint Powers Authority (the "Authority") to assist the Authority's senior management in evaluating the revenues of the General Old Golf Course (the "Golf Course") as reported to the Authority for the year ended June 30, 2012.

This engagement to apply agreed-upon procedures was performed in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of the procedures is solely the responsibility of the specified users of the report, the Authority's senior management. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

The procedures performed and our findings were as follows:

1. Obtain an understanding of the types of revenues generated by the General Old Golf Course (the "Golf Course") managed by Donovan Brothers Golf Inc.

   Findings: No exceptions were noted as a result of our procedures.

2. Obtain starter records for the year and determine the number of rounds played each month and for the year:

   Findings: *See Exhibit 1.*

3. Prepare a trend analysis for (5) years on the number of rounds of golf played each year.

   Findings: *See Exhibit 1.*

4. Compare starter records to green fee revenue for a sample of 7 days.

   Findings: No exceptions were noted as a result of our procedures within a 10 round/player variance from the starter records to green fee revenue.

5. Using starter records, calculate the average green fee by dividing the number of patrons into the green fee revenue for each month for the fiscal year ending June 30, 2012.

   Findings: *See Exhibit 1.*

MV00252591

6. Compare the average calculated in step 5 to the range of fees collected for green fees.

   Findings: No exceptions were noted as a result of our procedures.

7. Compare the green fees collected each month to the Course expenses each month for the fiscal year ending June 30, 2012.

   Findings: *See Exhibit 2.*

8. Using the June 30 reports from Donovan Brothers Golf Inc., prepare a five year trend analysis for each revenue.

   Findings: *See Exhibit 3.*

9. Calculate the gross profit margin at June 30 for merchandise, food and beverage sales and prepare a five (5) year trend analysis.

   Findings: *See Exhibits 4 and 5.*

We were not engaged to, and did not, perform an audit, the objective of which would be the expression of an opinion on the accounting records relating to the revenues of the Golf Course. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the use of the senior management of the March Joint Powers Authority and should not be used by those who have not agreed to the procedures and taken responsibility for the sufficiency of the procedures for their purposes.

CERTIFIED PUBLIC ACCOUNTANTS

December 21, 2012

March Joint Powers Commission
March Joint Powers Authority
Riverside, CA

We have audited the financial statements of the governmental activities, business-type activities, each major fund and the aggregate remaining fund information of the March Joint Powers Authority (the "Authority") for the year ended June 30, 2012. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated May 25, 2012. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Authority are described in Note 1 to the financial statements. As described in Note 1 to the financial statements, the Authority changed accounting policies related to other post-employment benefits measurements, financial reporting and derivatives by adopting Statements of Governmental Accounting Standards (GASB Statement) No. 57, *OPEB Measurements by Agent Employers and Agency Multiple-Employer Plans*, No. 61, *The Financial Reporting Entity: Omnibus an Amendment of GASB Statements No. 14 and No. 34*, and No. 64, *Derivative Instruments: Application of Hedge Accounting Termination Provisions, an amendment of GASB Statement No. 53*. Currently, these GASB Statements have no impact on the Authority's financial statements. We noted no transactions entered into by the governmental unit during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimates affecting the financial statements were:

Management's estimate of the fair value of investments is based on information provided by financial institutions. We evaluated the key factors and assumptions used to develop the fair value of investments in determining that it is reasonable in relation to the financial statements taken as a whole.

Management's estimate of capital assets depreciation is based on historical estimates of each capitalized item's useful life. We evaluated the key factors and assumptions used to develop the property and equipment depreciation in determining that it is reasonable in relation to the financial statements taken as a whole.

Management's estimate of net other postemployment benefits (OPEB) obligation is based on an actuarial valuation. We evaluated the key factors and assumptions used to develop the net OPEB obligation in determining that it is reasonable in relation to the financial statements taken as a whole.

MV00252603

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosures affecting the financial statements were:

The disclosure of the fair value of investments in Note 2 to the financial statements represents amounts susceptible to market fluctuation.

The disclosure of capital assets in Note 5 to the financial statements is based on historical information which could differ from actual useful lives of each capitalized item.

The disclosure of other postemployment benefits and the net OPEB obligation in Note 12 to the financial statements represents management's estimate based on an actuarial valuation. Actual results could differ depending on the key factors and assumptions used for the actuarial valuation.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements. The following material misstatements detected as a result of audit procedures were corrected by management: Capital assets transactions, long-term debt transactions, receivables and accrued liabilities.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditors' report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated December 20, 2012.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Authority's financial statements or a determination of the type of auditors' opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Authority's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Other Information in Documents Containing Audited Financial Statements

With respect to the supplementary information accompanying the financial statements, we made certain inquires of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with accounting principles generally accepted in the United States of America, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

This information is intended solely for the use of the March Joint Powers Commission and management of the Authority and is not intended to be and should not be used by anyone other than these specified parties.

Very truly yours,

Brown Ramirez & Smith, Inc.

Subject: Update- major injury accident

Good evening,

Last Thursday, 9-12-13, a 63 year-old bicyclist was hit by a car on Moreno Beach near JFK. He survived the crash and was transported to the hospital for treatment of major injuries.

This evening I received the unfortunate information that the victim"s condition took a serious turn for the worse. Ultimately, he succumbed to his injuries at 5:00 PM.

The driver was driving on a suspended or revoked license and may have been under the influence of prescription drugs. The victim's death will affect the charges the driver will face.

Joel

Story update

Tom Owings was elected to the Moreno Valley City Council November 2012. But just like a consumer who gets hoodwinked into buying a used car that isn't what it seems, the same thing has happened to the citizens of our city. By the way, It is no coincidence that main councilman we are trying to recall, Tom Owings, has spent his lifetime working in automotive sales.

After his election, we discovered that despite his verbal "commitment" to our city, this man has never worked in the city or owned a home in the city. He has owned a home in Redlands, a neighboring community a few miles away, for 25 years and still has legal dealings processed from that home. In fact, when the FBI, IRS, and Riverside County District Attorney's office raided his home in May 2013, no one was there at 6:00 in the morning. He moved to Moreno Valley in 2008 to begin his political aspirations by being appointed to the Planning Commission.

We have discovered lots of negative things about Tom since being elected to the City Council. In his campaign, he vowed he would only take a maximum of $5,000 donations from any contributor once every six months. But after the political finance statements were published, we discovered he took $20,000 from Skechers shoe company in one year. Skechers does business with a land developer who wants to convert a lot of our open space on the east side of town into warehouses. This same developer conned our citizens by saying warehouses would bring "thousands" of jobs to our very under employed area. However, it only brought one new job to our community because they just transferred their employees to the new facility.

Tom Owings has been photographed meeting with this developer several times. When Tom ran for office he said he supported smaller businesses and never mentioned his love for mega warehouses. Now he is hellbent on bringing them to a city that doesn't want them because of the environmental impact it will have and the fact they only provides low paying temporary work. Plus, how can we trust this developer when his track record is only filled with empty promises to our city. Since 2008, this one developer has financed through his connections the campaigns for every winning candidate who sits on our City Council!

Tom Owings also thinks he's above the laws. He has displayed ugly bull signs for months even though our city ordinance prohibits it. But the City Attorney he appointed is going along with it probably because she doesn't want to lose her job like the last city attorney. He was replaced because they felt he was not supportive of the developer the council supports and who's campaigns were financed..In fact, our current council woman didn't just receive money from him, she and her husband had worked for this developer.

By the way, millions of tax payers dollars has been spent to improve this developer's infrastructure. Most recently, we will be paying $1.7 million dollars to improve an exit that is rarely used but happens to border the property he owns.

Tom will also lie about anything to make a point. Here are a few. He claimed he increased the graduation rate even though his job as a city councilman has nothing to do with education. He has lied about another local government agency the city is a part of, but is still suing because their project competes with the developer he is supporting. He claimed they were "hundreds of millions of dollars in debt" when they are not. He lied in a robo

call to citizens saying the recall group supporting him bailed out a former school board member who was convicted on pimping and pandering charges. He is lying to the people by telling them the Recall group is anti-jobs. We aren't. His most recent lie happened Tuesday, 9/10, when he said that the warehouse workers will make more than unionized teachers.

He lies about being "pro jobs". As I mentioned, he is suing a local developer whose project would mean thousands of medical jobs to the area. Under his "leadership", the library staff was let go and replaced by a private company. He said we couldn't afford 1/5 of our police force but then decided to give $500 Christmas bonuses to city hall staff.

Just as bad as his lying is his rude belligerent behavior towards citizens. He publicly scolded a 14-year-old girl who had come to speak against the warehouse project by telling her she had no right to complain about the developer if she doesn't him. He chastised her parents for allowing her to speak. He refuses to answer questions during the public comment section of the City Council meeting from citizens he personally dislikes.

His most recent display of anger happened at a site set up for the recall. He intimidated people signing the recall petition by taking their pictures and threatening them if they did. He was so disruptive and intrusive at the recall booth that the police had to be called.

I could go on but I think you get the picture. We have been financing our recall campaign out of our pockets and limited funds. We need signs and campaign material to combat the lies they are spewing about this recall effort. We must inform our citizens of what's happening in our city since most are long distance commuters and don't have time to keep up-to-date on what's been happening in our city.

It is said that the way to get our federal government straightened out is must start at the local level with a grassroots efforts. We, in Moreno Valley, want to be the citizens who lead the way on a grassroots level to make our political leaders be accountable to CITIZENS and not special interest groups! And we're working seven days a week on limited funds to accomplish this feat.

Our fight against corruption and big money controlling our local government isn't easy but we know it's necessary. Thank you for whatever financial help you can give us.

--

Subject: Homicide

Good morning,

I was just advised that officers were dispatched to a shooting in the 26000 block of Le Mans Drive. On arrival, they found a deceased male adult. Witnesses indicated two men got into an argument; one produced a gun and shot the other man, fatally wounding him. The suspect fled before officers arrived.

MVPD detectives, Volunteers, the Sheriff's Central Homicide Bureau, the Coroner's Bureau, and the DA's office are all en route to the scene. Le Mans Drive is located south of Fir Avenue and east of Lasselle Street.

Because details are limited and the lateness of the hour, I elected to notify you by e-mail rather than by phone. I will send an update later this morning.

Joel

Subject: Renovation of 2 Landscaped Medians on Frederick

Honorable Mayor, Mayor Pro Tem and Members of the City Council

Beginning Wednesday, September 18th, two of the landscaped medians on Frederick, between Towngate and Eucalyptus will undergo landscape renovation. To prepare the soil for the new plants, we need to kill off and pull out most of what's in these planters, which will make them look unsightly for 6-8 weeks. During this time, there will be 20"X24" signs (see sample below) posted in the medians to alert the community of the renovation work. The new plants will be installed in November, weather permitting. The renovation is an attempt to better manage the excessive weeds that have overtaken the medians since the area transition to a reduced maintenance service level in October of 2011. Please let me know should you have any questions.

Subject: Robbery arrest - again

Good morning,

On Tuesday 9-10-13, officers responded to the CVS pharmacy at 25070 Alessandro Blvd reference a strong arm robbery just occurred. Witnesses provided an excellent description of the suspect and MVPD SET Team officers were in the area. Officers spotted the suspect, later identified as Traytwion Fuery (20) of Moreno Valley, and gave chase on foot. After a short foot pursuit, Fuery was taken into custody without incident. Officers discovered that Fuery was out of custody on bail for a robbery at a Moreno Valley Rite-Aid pharmacy. Officers requested and were granted a bail enhancement to keep Fuery in custody. He was booked into RPDC on the new charge of robbery and for committing a felony while on bail. He is being held in lieu of $250,000 bail.

Subject: Rene Martinez, newly hired Permit Technician in PW Land Development Division
Attachments: P9160007 (2).JPG

I am pleased to announce that on Monday, September 9, 2013, Rene Martinez has joined the Land Development team as our new Permit Technician. Rene comes to us with 9 years of public counter experience and an eager personality.

Rene was selected following a highly competitive open recruitment which attracted over 120 applicants. His outstanding customer service skills and experience with the often fast paced development environment makes him an excellent addition to the City staff.

Please join me in welcoming Rene as the newest member of Team MoVal.

Proposed Moreno MDP: Sinclair Basin Location
Preliminary; Subject to Revision
Exhibit Notes
1) The Redlands basin has been removed and the Sinclair basin has been enlarged.
2) The footprint for the Sinclair basin is based on the size required for 2 baseball fields and a soccer field.
3) The alignment of Line D-5 and Line B have been modified to accomodate the new basin configuration.
4) The proposed outlet for the Sinclair Basin consists of two 60" RCP's connecting to the two existing 72" CMP culverts under the 60 freeway.
5) Sinclair basin may fall under DSOD regulation.
6) Lateral B-4 has been removed.

Subject: Homicide on Le Mans - update

Good evening,

Early this morning I reported on a homicide that occurred on Le Mans in the area of Fir x Lasselle. MVPD and Sheriff's Central Homicide Unit investigators worked hard on this case throughout the day. About noon, investigators conducting surveillance on a residence in the 13000 block of Wilmot spotted the suspect. A felony vehicle stop was conducted and the suspect was taken in to custody without incident.

Further investigation included search warrants at two residences and for two vehicles. Ultimately, the suspect was interviewed and later booked into RPDC on a charge of murder. Adding to this tragedy is the fact that the suspect and victim are brothers.

A press release will be issued by CHU. This homicide is the 7th incident this year inside Moreno Valley city limits. These seven incidents include a total of eight victims. All but one of these crimes has been solved with suspects in custody. I hope to report good news on the single open homicide case in the near future.

Joel

Subject: Tiana Ricks homicide - update

Good morning,

I am happy to announce that we have arrested a suspect in the murder of 6 year-old Tiana Ricks and the attempted murder of her father, Tyrell Ricks. The suspect, 21 year-old Keandre Johnson, is a self-admitted gang member and a parolee-at-large. Through an exhaustive investigation and the combined efforts of the Sheriff's Central Homicide Unit, the MVPD SET Team and Investigations Unit, the Sheriff's Computer and High-Technology Response Team (CATCH), and the FBI's Inland Regional Apprehension Team, the suspect was identified, located and arrested for this heinous crime. The suspect is currently in custody at the Robert Presley Detention Center in Riverside. A press release will be issued today. We anticipate high media interest in this arrest. The Sheriff's Media Information Bureau will coordinate a press conference here at MVPD once the requests start coming in.

Subject: RE: Discharge of firearms

Mr. Slidel,

Upon receipt of your inquiry, we asked the Moreno Valley Police Department to review and advise.

This morning, we were informed of the following:

- The Sheriff's Department Special Investigation Bureau (SIB) command staff is aware of this group and event.
- The venue is in the County area served by the Hemet Sheriff's Station.
- Hemet SO will be responsible for dealing with any issues that arise. While MVPD would be available if anything serious were to occur, the Sheriff's Department does not anticipate any major problems.
- Since the property is privately owned, discharge of firearms is legal if certain criteria are met.

I hope that this additional information is helpful, and appreciate your patience as we worked with our Police Department to research this matter.

Subject: Discharge of firearms

To:
Michelle Dawson, Joel Ontiveros and Tom Owings,

I understand that there will be live fire of various weapons on 09/21/2013 at the property located within Moreno Valley city limits by a group that calls themselves the Southern California State Militia or S.C.S.M.
I understand that they have used this property to practice assault drills and other military exercises with airsoft rifles in the past and are now including live weapons fire.
I am wondering if this is legal as it sounds a little scary being so close to the roads and other houses? I understand this is the location of a closed golf course and is not a legal firing range.
They are advertising this on Facebook so the turnout may be high. Please see the attached screenshot from their Facebook page at https://www.facebook.com/S.C.S.M.militia

Here is the location,

Quail Ranch
15960 Gilman Springs Rd

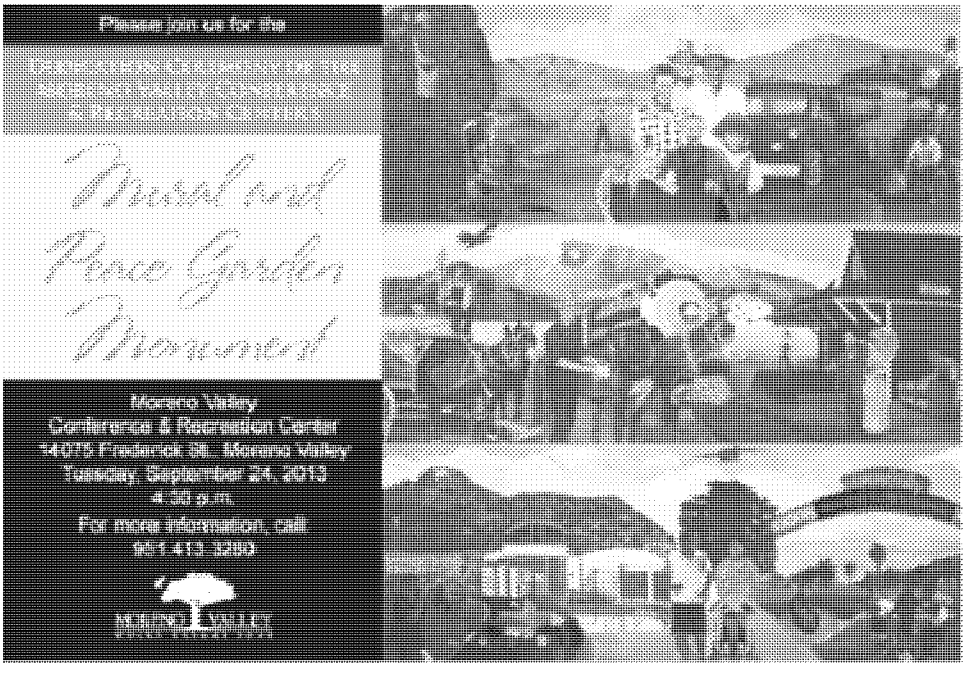
Subject: Invitation - City of Moreno Valley Mural and Peace Garden Dedication



A dedication ceremony to celebrate Moreno Valley's rich heritage is scheduled for Tuesday, September 24 at 4:30 p.m., at the Conference and Recreation Center, 14075 Frederick St.

The murals were designed in 2012 in collaboration with the Moreno Valley Arts Commission and the Moreno Valley Historical Society and were completed in January of 2013.

The Peace Garden was originally dedicated in 2009 in recognition of the day of Daisaku and Kaneko Ikeda's brilliant victory of disciples, partners, and leaders for the construction of a global culture of peace, and in recognition of their timeless gift of flowering Cherry trees to the citizens of Moreno Valley. This project was completed with assistance from the Environmental and Historical Preservation Board and the Parks and Recreation Commission.

Subject: RE: Mayor's Gala: YMCA??

To my knowledge they were never a recipient.
However, years ago they did a major fundraiser in Moreno Valley and Camille and I were on a committee for them and assisted them in getting $10,000 at one point. This is when they were raising money to build in Moreno Valley.

MV00252686

Administrative Plan for the
Western Riverside County Transportation Uniform Mitigation Fee (TUMF) Program

Preamble

Future development within Western Riverside County will result in traffic volumes exceeding the capacity of the Regional System of Highways and Arterials (RSHA or Regional System) as it presently exists. The Regional System needs to be expanded to accommodate anticipated future growth; current funds are inadequate to construct the Regional System needed to avoid the unacceptable levels of traffic congestion and related adverse impacts.

The TUMF Program will provide significant additional funds from new development to make improvements to the Regional System, complementing funds generated by Measure A and the Reauthorized Measure A, local transportation fee programs, and other potential funding sources. By establishing a fee on new development in the sub-region, local agencies can establish a mechanism by which developers will effectively contribute their "fair share" toward sustaining the regional transportation system. This is a twenty-five year program and will be influenced by a variety of market factors that could cause a shortfall or surplus in the revenue projections. The TUMF Program shall be reviewed at no less than five-year intervals to ensure the integrity of the Program with the first review occurring in June of 2005. The Program is not designed to be the only source of revenue to construct the identified facilities, and it will be necessary for matching funds from a variety of available sources to be provided.

It is the intent that TUMF requirements may be met by paying cash, building eligible facilities or through public financing, such as Community Facility Districts and Assessment Districts, or private financing vehicles consistent with local jurisdiction policies.

General TUMF Program parameters, definitions and procedures are described in the TUMF Program Ordinance adopted by participating Western Riverside County jurisdictions. The Western Riverside Council of Governments (WRCOG) is designated as the TUMF Program Administrator, and as such will work closely with member jurisdictions, the Riverside County Transportation Commission (RCTC), the Riverside Transit Agency (RTA), and Riverside County Regional Conservation Authority (RCA) to coordinate the TUMF expenditures to maximize the effectiveness of future transportation investments. As the Program Administrator, WRCOG, agrees to indemnify, defend and hold harmless any TUMF Program participant, and its respective agents, officers, members, officials, employees, and attorneys, whose TUMF Ordinance is challenged in court, from and against all claims, liabilities, damages, or costs of any kind whatsoever, including attorneys' fees and court costs; provided, however, that such indemnity and defense shall not extend or apply to challenges alleging procedural defects in the adoption and implementation of the TUMF Ordinance.

"TUMF Administrative Plan" means the Administrative Plan for the Western Riverside County TUMF Program prepared by WRCOG dated March 24, 2003, in substantially the form approved by the WRCOG Executive Committee on April 7, 2003, as may be amended from time to time, provided that, any material amendments to the TUMF Administrative Plan shall be approved by WRCOG Executive Committee."

This Administrative Plan serves as the guideline to implement the TUMF Program and will be amended as needed to address changing conditions over the life of the Program.

MV00252687

I. **Purpose** - The Purpose of this Administrative Plan is to provide those jurisdictions and agencies that are participants in TUMF Program with guidelines and policies for implementation of the TUMF Program. This Administrative Plan specifies implementation and responsibilities for the TUMF Program.

TUMF Program funds may only be used for capital expenditures associated with the Regional System of Highways and Arterials and for capital expenditures for transit system improvements consistent with the TUMF Nexus Study. These purposes include expenditures for the planning, environmental review, engineering and design costs, right of way acquisition, and administrative costs.

II. **Authority** - The TUMF Program applies to those jurisdictions in Western Riverside County (County of Riverside and the Cities of Banning, Calimesa, Canyon Lake, Corona, Eastvale, Hemet, Jurupa Valley, Lake Elsinore, Menifee, Moreno Valley, Murrieta, Norco, Perris, Riverside, San Jacinto, Temecula, Wildomar and the March Joint Powers Authority (JPA) that have adopted and are implementing the TUMF Program Ordinance. The TUMF Program has been developed pursuant to and consistent with authority provided in the requirements of California Government Code Chapter 5 Section 66000-66008 Fees for Development Projects also known as California Assembly Bill 1600 (AB 1600 or the Mitigation Fee Act), which governs the assessment of development impact fees in California. The Mitigation Fee Act requires that all local agencies in California, including cities, counties, and special districts follow three basic rules when instituting impact fees as follows:

A. Establish a nexus or reasonable relationship between the development impact fee's use and the type of project for which the fee is required;
B. The fee must not exceed the project's proportional "fair share" of the proposed improvement; and
C. The fee cannot be used to correct current problems or to make improvements for existing development.

III. **Imposition of and Participation in the TUMF Program** - Participating jurisdictions in Western Riverside County are responsible for collecting the fees on new development within their jurisdictions. To be considered a participant in the TUMF Program a jurisdiction must have an effective date for the TUMF Ordinance of no later than June 1, 2003 and adopt any amendment of the TUMF Ordinance within ninety (90) days of approval by the WRCOG Executive Committee unless otherwise directed by the WRCOG Executive Committee. The local jurisdictions must adopt the Model TUMF Ordinance and any amendments as prepared by WRCOG staff and approved by the WRCOG Executive Committee. Participating jurisdictions shall not modify the Model TUMF Ordinance, except to meet local municipal codes and references. Further, in order to be considered a participating jurisdiction, local jurisdictions shall collect the full TUMF and transmit the fee to WRCOG as provided herein.

Those jurisdictions that have ordinances with an effective date after June 1, 2003, or opt out of the TUMF Program and decide to participate at a later date must remit to WRCOG the amount of TUMF Program revenue for new development that was not collected by the jurisdiction. In order to verify the amount of revenue that would have been collected during the period in which a jurisdiction did not participate, said jurisdiction shall provide WRCOG with an annual report of building permit activity by the land uses identified in the Nexus Study. The remittance of the fee can be accomplished either in a lump sum

MV00252688

or through a separate Memorandum Of Understanding with WRCOG with a repayment schedule. Those jurisdictions that are not considered participants in the TUMF Program shall not be eligible to participate in the TUMF Program or the decision-making processes as more fully described in this document.

Non-participating jurisdictions will be ineligible to vote on any TUMF Program item and to receive their share of an estimated $1.02 billion in local streets and roads funds that will be allocated from the Reauthorized Measure A.

A. **Calculation of the TUMF** - Each participating jurisdiction shall calculate and collect the TUMF for new development projects as outlined in the Fee Calculation Handbook. For residential, the fee is based on the number of units and for non-residential the fee is based on the square footage. This method of calculation may be different from how the local development impact fee is determined.

The TUMF shall be calculated using the most current fee schedule in effect at the time the fee is due. Participating jurisdictions are prohibited from freezing TUMF by such means as "locking" a fee rate by paying a deposit or a portion of the fee prior to the date the fee is due or by entering into a Development Agreement or other agreement with a developer that freezes the fee at a certain level.
Partial Payments or Deposits: WRCOG discourages the use of deposits and partial payments as it will create additional reporting requirements for the jurisdictions and may give the developer the impression that the fees are not subject to change. However, if a jurisdiction allows for deposits or partial payments, it will transmit the partial payment/deposit to WRCOG in accordance with the TUMF ordinance along with a remittance report. In the variance column of the Remittance report, the jurisdiction shall indicate that the fee collected is a portion of the total due. When the balance is paid, the jurisdiction shall calculate the total fee for the project based on the TUMF fee schedule in place at the time the balance is paid and deduct the partial payment against the total. The balance will be transmitted in accordance with the TUMF ordinance and this Administrative Plan. The variance column of the Remittance report shall indicate that the balance is paid. If there is a fee adjustment between the deposit/partial payment and the payment of the balance, the fee that is required to be paid will be based on the most current TUMF fee schedule.

For the purpose of calculating the TUMF obligation for non-residential development the applicable land use category for a non-residential development is determined based on the predominate authorized use of the building or structure permitted by the underlying zoning associated with the new development. Projects could be subject to higher fee if the land use intensifies during the development process from what was originally proposed to the jurisdiction.

B. **Refunds** – Under certain circumstances, such as double payment, expiration of a building permit, or fee miscalculation, an applicant may be entitled to a TUMF refund. In all cases the applicant must promptly submit a refund request with proof of TUMF payment to the local jurisdiction that collected the TUMF. The jurisdiction will forward the request to WRCOG for verification, review and possible action.

1. **Expiration Of Building Permits** - If a building permit should expire, is revoked, or is voluntarily surrendered and is, therefore voided and no construction or improvement of land has commenced, then the applicant may be entitled to a refund of the TUMF collected which was paid as a condition of approval, less administration.

The applicant shall pay the appropriate TUMF in full if he reapplies for the permit.

If a development project is partially under construction at the time of the effective date of the TUMF Ordinance, the TUMF shall be paid only on that portion of the development for which a building permit is next issued.

2. **Double Payments** – on occasion due to a clerical error a developer has paid all or a portion of the required TUMF for project twice. In such cases, a refund of the double payment may be required. If, however, it is determined that the developer paid the fees to the jurisdiction to expedite the project with the intent of entering into a credit agreement at a later time the refund process is different and is more fully described in section VI of this document.

C. **March Joint Powers Authority** - The March JPA shall not have a separate vote at the WRCOG Executive Committee as it has representation by elected officials from the County of Riverside and Cities of Moreno Valley, Perris, and Riverside. The Executive Director of the March JPA shall be a voting member of the WRCOG TAC for TUMF Program items only. The March JPA is a unique partner in the TUMF Program in that it has land use authority and therefore will need to adopt and implement the TUMF Program in the same manner as the cities and county.

IV. **Allocation of Funds** – After the administrative costs and MSHCP are allocated (as specified in Section IX herein), TUMF funds shall be distributed in accordance with WRCOG Executive Committee actions, the Nexus Study, this Administrative Plan and any future amendments thereto.

A. **Allocation to Regional Transit Improvements** - Of the TUMF funds received by WRCOG, 1.64% shall be allocated to the RTA for making regional transit improvements.

B. **Allocation to Regionally Significant Transportation Improvements** - Of the TUMF funds received by WRCOG, 46.39% shall be allocated to the RCTC for programming improvements to the arterials of regional significance on the Regional System of Highways and Arterials.

C. **Allocation to Zones** - Of the TUMF funds received by WRCOG, 46.39% shall be allocated to the five Zones for programming improvements to the Regional System of Highways and Arterials as determined by the respective Zone Committees. The amount of TUMF funds allocated to each Zone shall be proportionate to the amount of TUMF revenue generated from the zone.

MV00252690

D. **Allocation to Mitigate TUMF Construction Projects** – Of the TUMF funds received by WRCOG, 1.59% shall be allocated to the RCA to purchase habitat for the MSHCP, to mitigate the impacts of TUMF construction projects.

V. **Administration of the Program** - WRCOG shall administer the TUMF Program as described in the enabling Ordinance adopted by participating jurisdictions and further defined in this Administrative Plan.

VI. **Administration of Credits** – The TUMF Ordinance has a provision that if a developer constructs a TUMF facility he will receive credit against the TUMF obligation for the project improvements. Typically, major infrastructure, such as rail grade separations, interchanges, transit projects, etc., is constructed by the local jurisdiction rather than the developer, and involves multiple parties. As such, this section makes the distinction between credit agreements for major infrastructure with the local jurisdictions and the standard arterial improvements with developers. Each jurisdiction shall be responsible for the administration of TUMF credit agreements. Each jurisdiction shall transmit all TUMF credit agreements to WRCOG within 60 days of execution by that jurisdiction. WRCOG may administer credit agreements upon written request from that jurisdiction. Fee credit shall be in accordance with the following:

A. **Developer Credits** -

1. If a developer, as a requirement of the Conditions of Approval, constructs improvements identified on the RSHA, the developer is entitled to a TUMF credit up to 100% of the TUMF obligation, if the developer follows the requirements outlined in Exhibit "B" of the Administrative Plan. The developer shall enter into a credit agreement that will identify the maximum TUMF credit, which is determined by the most current unit cost assumptions for the RSHA, or actual costs, whichever is less. TUMF credit shall be determined based on approved improvement plans and after conditions of approval have been determined. The credit agreement at a minimum shall identify the facility, the dimensions of the facility, number of lanes and applicable unit costs used to deliver the improvements. The unit costs shall be based on the fee in effect at the time the agreement is approved and the maximum TUMF value for the facility (ies) on the RSHA and shall remained fixed through the completion of the project/improvement(s) identified in the agreement.

2. **Credits** – Prior to receiving any credit or payment of fees, a written credit agreement shall be executed between the jurisdiction and the developer. A jurisdiction may not allow a developer to pay the TUMF obligation and at a later date enter into a credit agreement with the expectation of receiving a refund. Parties that operate outside the policy outlined in this section and Exhibit "B" shall experience delays, sometimes significant, and possible denials in reimbursement for the project which is dependent on the transportation improvement program of projects.

3. **Credit for Right-of-Way (ROW) Dedication** – A developer may receive credit for dedication of ROW for RSHA improvements. This section addresses the crediting of ROW dedications that are not part of construction projects. The ROW component in the current Nexus Study determines the maximum share of credit available. An appraisal is

MV00252691

required to determine the value of the ROW being dedicated. One of the following methods determines the appraisal of the ROW:

a. The developer provides to the jurisdiction a current appraisal (no more than two years old), of the ROW to be dedicated. The jurisdiction reviews it and determines if the appraisal is valid and acceptable; or

b. The developer accepts the appraisal of the jurisdiction.

4. Any improvement made to the RSHA that is obligated through an existing fee district (prior to June 1, 2003) shall not be eligible for TUMF credit.

5. Should it be determined that a jurisdiction granted credits exceeding the maximum TUMF credit, that jurisdiction shall provide WRCOG payment in the amount equal to the excess credit amount.

6. Any project that is exempt from the fee is not entitled to fee credits or reimbursement.

B. Use of Credit by Developer – All TUMF credit shall be used first by the developer to offset the TUMF obligation for the project.

1. Credits may not be transferred or sold to other development projects.

2. Developers must exhaust all credits before they are eligible for reimbursements. Any reimbursement shall be made only in accordance with a reimbursement agreement as provided in Section VIII, hereof.

3. Credits shall run with the sale of the land.

C. Local Development Impact Fees and other funding programs - The local jurisdiction shall compare facilities in local fee programs against the RSHA and eliminate any overlap in its local fee program.

1. New Financing Districts and Bond Issues:
For a financing district created or bonds or other evidence of indebtedness issued on or after June 1, 2003, the local jurisdiction may allow a property owner, in lieu of the payment of TUMF to participate in such a financing district and receive credit against the TUMF obligation if the district is funding the following facilities: (i) a Regionally Significant Transportation Improvement, as defined as those facilities that typically are proposed to have six lanes at build out and extend between multiple jurisdictions, or discrete useable segment thereof, as determined by WRCOG, (ii) any interchange on an interstate or state highway with an estimated construction cost of twenty-two million dollars ($22,000,000) or more, (iii) any railroad crossing with an estimated construction cost of more than ten million dollars ($10,000,000), and (iv) any bridge located on a regionally significant arterial as defined in (i) of this section.

MV00252692

1. Prior to and in lieu of payment of TUMF under this Section VI.B. the local jurisdiction must do all of the following:

   (a) Sell bonds within 3 years in an amount sufficient to construct the improvement for which the financing district is created;
   (b) Receive written approval from the WRCOG Executive Director, or designee; and
   (c) In the event that a local jurisdiction is unable to satisfy the requirements of section I (a), above, the local jurisdiction may still excuse the payment of bonds if the local jurisdiction enters into an agreement with WRCOG in which it commits to pay the full amount of any excused Fee, plus interest at the average rate earned by WRCOG over the past twelve months, in the event that the bonds may be extended up to an additional 5 years with the approval of the WRCOG Executive Committee.

2. If a local jurisdiction proposes to issue a credit in lieu of requiring the payment of TUMF as provided in this Section VI.B, then the jurisdiction shall enter into an MOU with WRCOG, and provide reasonable information to account for the credit.
3. If credit is issued in lieu of requiring the payment of TUMF as provided in this Section VI.C, then the jurisdiction shall be responsible for construction of the improvements and those improvements shall not be eligible for TUMF Program prioritization or funding.
4. As used in this section, a financing district means a community facilities district, a local road and bridge district, or an assessment district.
5. Where there is an existing financing district or an existing fee program established prior to June 1, 2003, with bonded indebtedness, then the local jurisdiction may credit payment of the TUMF for that portion of the facility identified in both programs. Notwithstanding the previous sentence, a local jurisdiction shall not issue a TUMF credit for any facilities for which bonds have been issued after February 4, 2008, regardless of when the financing district was first created.
6. Any dispute regarding this implementation of this Section VI.B. may be appealed by the local jurisdiction to the WRCOG Executive Committee for a final determination.
7. This Section VI.C is not intended to impact the administration of credits under Section VI.A. of the Administrative Plan.

VII. Administration of Reimbursements - Local jurisdictions/agencies and developers are eligible for reimbursement for construction of TUMF facilities. The processes for local agencies is different than for landowners/developers; the processes are described below:

1. Developer Reimbursements: Each jurisdiction shall be responsible for the administration of reimbursement agreements (Exhibit "D" of the credit

MV00252693

agreement). WRCOG may administer reimbursement agreements upon written request from the jurisdiction.

Should a developer construct RSHA improvements in excess of the TUMF obligation the developer may be reimbursed for eligible expenses based on actual costs or the approved unit cost assumptions, whichever is less at the time of the agreement. Reimbursements shall be made through an agreement between the developer, and the local jurisdiction, and contingent upon funds being available. In all cases reimbursements under such agreements must coincide with construction of the transportation improvements as scheduled in the five year Transportation Improvement Program (TIP) adopted annually by WRCOG.

The developer may enter into a reimbursement agreement with the jurisdiction to reimburse the developer/owner for the direct and verifiable costs of constructing improvements to the RSHA when all of the following conditions have been met:

a. All available credits have been exhausted;
b. The improvements received prior approval from the jurisdiction and WRCOG based on the review of the TUMF project priority list; and
c. The jurisdiction and WRCOG have reviewed and approved the scope of the project to be constructed.

In no event shall the developer be reimbursed for improvements to the RSHA in excess of the most current approved unit cost assumptions for the TUMF at the time of the agreement.

A development that is exempt from paying the TUMF is not eligible for a reimbursement.

2. **Local Jurisdictions/Agencies:** Local jurisdictions are exempt from paying TUMF, as such, there is no credit given for projects constructed by a local jurisdiction, however, the contribution to the RSHA may be considerable. In such cases where a local jurisdiction constructs TUMF facilities it is eligible for reimbursement for eligible expenses, up to the maximum share identified in the Nexus Study or actual cost whichever is less, in accordance with the prioritization schedule in the adopted Transportation Improvement Program.

Local jurisdictions are required to enter into a reimbursement agreement with WRCOG in order to be eligible to receive TUMF revenue.

VIII. Administrative Responsibilities

A. **Program Administration** - As set forth in Section II, WRCOG is designated as the TUMF Program Administrator. As Administrator, WRCOG shall receive all fees generated from the TUMF as collected by local jurisdictions. WRCOG shall invest, account for and expend such fees in accordance with the TUMF Ordinance and applicable state laws.

For jurisdictions that are not participating in the TUMF Program, the representative for that jurisdiction shall not be eligible to vote on any matter

MV00252694

related to the TUMF Program that goes before the WRCOG TAC and WRCOG Executive Committee.

1. **The WRCOG Executive Director** - Reporting to the WRCOG Executive Committee, the Executive Director shall be responsible for the following TUMF Program activities:

    a. Administration of the TUMF Program, including development of credit and reimbursement agreements, fee collection process and processing Program appeals;
    b. Conduct an audit to report on the evidence that the collection and expenditure of funds collected is in accordance with the Mitigation Fee Act. The audit shall be presented to the WRCOG Executive Committee and made available to the public;
    c. Establishment and management of the "TUMF Program Trust Fund" for the purposes of depositing TUMF revenues and income interest earned on Trust Fund deposits;
    d. Preparation of an Annual Report for consideration by the WRCOG Executive Committee detailing the status of the TUMF Program including but not limited to fees collected and disseminated, capital projects planned for, prioritized, and built;
    e. Preparation of periodic comprehensive TUMF Program review and required by the California Mitigation Fee Act. The review of the TUMF Program will include a review of the various Nexus Study inputs and assumptions, and preparation of recommendations on potential TUMF Program revisions for consideration by the WRCOG Executive Committee. Such reviews and updates may include, but are not limited to recommended fee adjustments based on changes in the facilities required to be constructed, and revenues received pursuant to the Ordinance;
    f. Preparation of technical studies/analysis required to select and prioritize Regionally Significant Arterial projects;
    g. Development of a 10-year Strategic Plan that identifies long term planning goals and objectives for implementation of the TUMF Program;
    h. Development of a five-year TIP that identifies projects that are scheduled and funded for construction over a specified period of time and is reviewed on an annual basis;
    i. Staff support to and coordination with each of the TUMF Zone Committees as necessary;
    j. Other related activities as directed by the WRCOG Executive Committee;
    k. Approve Zone and RTA TIP Administrative Amendments; and
    l. Execute amendments to TUMF reimbursement agreements.

2. **The WRCOG Executive Committee** - The WRCOG Executive Committee shall be responsible for reviewing and acting on the following:

    a. Recommendations for project selection and prioritization of the Regionally Significant Arterials, 10-year Strategic Plan, and the TIP;

MV00252695

b. Review and consider recommendations on projects from the Public Works Committee (PWC) and WRCOG TAC;
c. The approval of the TUMF Program Administrative Plan and any subsequent amendments thereto;
d. Recommend changes to the Ordinance for consideration by participating jurisdictions; and
e. Review and take action on reimbursement agreements.

In developing recommendations on Regionally Significant Arterials for consideration by the WRCOG Executive Committee, WRCOG staff and the Committee structure shall work with RCTC to coordinate compatibility with Measure A project priorities and schedules of area transportation improvements. WRCOG staff and the WRCOG Executive Committee shall also work with WRCOG jurisdictions and each Zone Committee for the same purposes.

For jurisdictions that are not participating in the TUMF Program, the WRCOG Executive Committee representative for that jurisdiction shall not be eligible to vote on any matter related to the TUMF that goes before the WRCOG Executive Committee.

3. **The WRCOG Technical Advisory Committee** - The WRCOG TAC shall review and make recommendations to the WRCOG Executive Committee on the following:

a. Program updates and reviews and all supporting technical documentation;
b. Revisions to the Administration Plan, 10-Year Strategic Plan, Fee Calculation Handbook and any other Program document;
c. Ordinance revisions;
d. Annual fee adjustments; and
e. Reimbursement Agreements.

The WRCOG TAC shall also provide additional assistance to the TUMF Program as requested by the WRCOG Executive Committee. For jurisdictions that are not participating in the TUMF Program, the WRCOG TAC representative for that jurisdiction shall not be eligible to vote on any matter related to the TUMF Program that goes before the WRCOG Executive Committee.

4. **The Public Works Committee/TUMF PWC** - The PWC shall be comprised of the Public Works Director or designee from each participating jurisdiction of WRCOG, RCTC, RTA and WRCOG and shall be responsible for the following:

a. Provide technical assistance and guidance for program updates;
b. Developing objective criteria for project selection and prioritization including but not limited to the following factors: traffic safety issues potentially created by growth, regional significance, availability of matching funds, mitigation of congestion created by new development, system continuity, geographic balance, project

MV00252696

readiness, and completed projects with reimbursement agreements;

c. Provide additional assistance to the TUMF Program as requested by the WRCOG Executive Committee, RCTC and/or the WRCOG TAC;
d. Prepare the 10-Year Strategic Plan;
e. Prepare the 5-Year TIP, which will be reviewed annually and amended every two years;
f. Review and recommend the RCTC Regional Arterial TUMF Program of Projects; to the WRCOG TAC, WRCOG Executive Committee and RCTC;
g. Select a lead agency for each of the projects in the TIP;
h. Review Annual Report prepared by WRCOG;
i. Review and revise the RSHA as may be necessary (at a minimum every 5 years); and
j. Review and revise Unit Cost Assumptions to the RSHA as may be necessary (at a minimum every 5 years).

B. Regional Arterial Administration - RCTC through an MOU with WRCOG (effective October 1, 2008) is the responsible agency for programming and delivering the Regionally Significant Arterials designed under Measure A and defined in the Nexus Study. WRCOG and RCTC have established a committee structure that incorporates the Public Works Directors, City Managers the WRCOG Executive Committee, and the RCTC Board for the development, review and approval of the Regional Arterial TUMF Program of projects.

1. **The RCTC Executive Director** - The Executive Director shall be responsible for the following TUMF Program activities:

   a. Establishment and management of the "TUMF Program Trust Fund" for the purposes of depositing TUMF revenues and income interest earned on Trust Fund deposits;
   b. Development of the RCTC Regional Arterial TUMF Program that identifies projects that are scheduled and funded for construction over a specified period of time and is reviewed on an annual basis;
   c. Staff support to and coordination with the TUMF Committees as necessary; and
   d. Other related activities as directed by the RCTC Board.

2. **The Riverside County Transportation Commission** - RCTC shall be responsible for reviewing and acting on recommendations for project selection and prioritization of the RCTC Regional Arterial TUMF Program. RCTC shall review and consider recommendations on the RCTC Regional Arterial TUMF Program project on TUMF Regional Arterial projects from the TUMF Public Works Committee, WRCOG TAC and WRCOG Executive Committee.

C. Zone Administration - Each Zone shall establish a committee structure, similar to Exhibit "A", for the purpose of preparing a Zone Transportation Improvement Program (TIP) with the TUMF revenue that has been returned to the Zone and

MV00252697

develop policies that impact the Zone, such as how to close a funding shortfall in the Zone. The Executive Committee has determined that the 5-Year TIP shall be balanced to the most reasonable extent possible and that program shortfalls will need to be closed or projects could be reduced or eliminated from the TIP. The Zone shall be responsible for prioritization of projects, selection of the lead agency for each project, and to review all the projects for consistency within the Zone.

All Zones shall approve their TIP by consensus and forward their recommendations to Executive Committee for review and approval to ensure compatibility with the other Zones and the 10-Year Strategic Plan.

Zone dollars are to be allocated by the Zone Committee only and cannot be utilized or borrowed for projects located outside the zone unless such projects are: 1) proposed and approved by the Zone Committee and have a direct benefit to the Zone and 2) it is consistent with the Nexus Study. In furtherance of this Section VIII.B, each Zone shall abide by the Guidelines set forth in Exhibit "C".

The Riverside County Transportation Improvement Plan approved by Riverside County voters on November 5, 2002 states "Funding which is not allocated to a city or county because it is not a participant in the TUMF Program in the Coachella Valley area and the TUMF and MSHCP in the Western County area shall be allocated to the Regional Arterial Program in the geographic area in which the city or portion of the county is located".

Each City and a portion of the unincorporated area of Riverside County are assigned to each of the zones. The five Zones are as follows:

1. Northwest Zone – The Cities of Corona, Eastvale, Jurupa Valley, Norco, Riverside and the County of Riverside, and the March JPA;

2. Southwest Zone – The Cities of Canyon Lake, Lake Elsinore, Murrieta, Temecula, Wildomar and the County of Riverside;

3. Central Zone – The Cities of Menifee, Moreno Valley and Perris, and the County of Riverside, and the March JPA;

4. Pass Zone – The Cities of Banning and Calimesa, and the County of Riverside; and

5. Hemet/San Jacinto Zone – The Cities of Hemet and San Jacinto and the County of Riverside.

D. Local Administration - As described in the TUMF Ordinance, participating jurisdictions are responsible for collecting the TUMF. Fees collected and a corresponding Remittance Report are required to be transmitted to the Executive Director of WRCOG. In accordance with the TUMF Ordinance and the Mitigation Fee Act, WRCOG shall deposit, invest, and expend the transmitted fees. Participating jurisdictions are required to transmit reports as set forth below to WRCOG which will include, but not be limited to the following information regarding the TUMF Program status.

MV00252698

1. **Monthly Remittance Reports** – Participating jurisdictions are required to submit the standard Remittance Reports to WRCOG by the tenth (10th) day of the month end for the previous month's activity, for example; June's Remittance report is due July 10. The report shall contain information necessary for WRCOG to determine the total amount of fees collected within each fee category as it relates to the number of building permits, certificates of occupancy, or final inspections issued during the same period of time. Remittance reports are required even when no fees have been collected, and will show building permits or certificates of occupancy have been issued. In addition the participating jurisdiction shall provide WRCOG the following information: the name of the developer or payee, project address, APN, total square feet, credits issued, and such other information as requested by WRCOG. This information will assist WRCOG in tracking new development, total revenue received and revenue projections for purposes of Program audits and program updates.

2. **Remittance Delays** - If a participating jurisdiction does not transmit the fees along with a corresponding Remittance Report by the tenth (10th) day of the close of the month for the previous month in which fees were collected, the following fiscal policy shall be applied:

   On the eleventh (11th) day after the close of the month WRCOG staff shall notify, in writing, the delinquent jurisdiction of the delinquency and request that said jurisdiction remit by the fifteenth (15th), the fees and the required Remittance Report;

   If fees and Remittance Report have not been received, by the fifteenth (15th) day, WRCOG staff will invoice the jurisdiction for the approximate amount owed plus interest and penalties which is calculated at the current interest rate earned by the Riverside County Investment Pool plus thirty-five basis parts beginning from the first day of the month following the closing of the month being reported;

   WRCOG staff will continue this notification until sixty (60) days after the close of the month. At which time, WRCOG will determine if an audit is necessary of the jurisdiction's TUMF account, general ledger and any other financial data. If an audit is conducted, WRCOG will investigate the amount owed and the cause of delay. Upon completion of the audit, WRCOG staff shall make any recommendations to resolve any outstanding issues; and

   If an audit is required due to reporting and remittance irregularities, the jurisdiction shall incur the cost of the audit.

E. **Riverside Transit Agency** – In accordance with the Nexus Study 1.64% of funds received will be made available to the RTA to make capital facilities improvements for transit purposes as identified in the Nexus Study. The RTA

MV00252699

shall provide a report to the WRCOG Executive Committee each year, which has been reviewed by the technical committees, detailing its expenditures of TUMF Program funds received, as well as future commitments for transit facilities using TUMF Program revenues as determined by the RTA Board of Directors.

IX. **Administrative Costs.** The TUMF Ordinance authorizes WRCOG to expend funds generated from TUMF that are necessary and reasonable to carry out its responsibilities to implement the Program. The WRCOG Executive Committee adopted a series of policies that clarify the expenditure and retention of program funds for the Administration of the Program and they are as follows:

1. WRCOG will retain no more than one percent (1%) of the total TUMF Program revenue for administration salaries and benefits;
2. Administration costs will be budgeted at whatever is reasonable and necessary, but not to exceed four percent (4%) of the TUMF revenues collected (inclusive of the one percent administrative salaries and benefit cap) unless otherwise directed by the Executive Committee.
3. Beginning July 1, 2006, WRCOG will take the administrative component from the revenue collected based on the total fee obligation inclusive of executed credit agreements.
4. Beginning July 1, 2006, all CFD's, SCIP and other financing mechanisms will pay the maximum (4%) administrative component in cash to WRCOG. When the administrative component is less than 4% then the surplus revenue will be allocated in accordance to their adopted percentages to the Multi-species Habitat Conservation Plan, RCTC, RTA and the Zones.
5. For refunds, whether it is because the project is no longer going forward or expiration of building permits (where no construction has commenced), the applicant is entitled to a refund less the administrative component. Refunds will be processed based on available cash and will not take precedence over the projects identified as funded on the approved TIP. Refunds will however take precedence over the addition of new projects to the TIP.

X. **Appeals.** Appeals shall only be made in accordance with the provisions of this Section X.

A. **Persons or Entities Who Having Standing to Appeal.** No person or entity shall have standing to avail themselves of this Section X, except those persons or individuals who are responsible for paying the TUMF and have an unresolved appealable issue or matter.

B. **Appealable Issues and Matters.** No issue or matter shall be heard or reviewed under this Section X unless the issue or matter is appealable. An issue or matter is appealable, if a qualified person or entity ("Appellant") has a good-faith dispute directly related to Appellant's Property ("TUMF Dispute") regarding (i) the amount of Appellant's TUMF obligation; (ii) the administration of TUMF Credits; (iii) exemption of Appellant's property from the TUMF Program; or (iv) administration of TUMF reimbursements.

C. **Appeal Process.**

1. If a qualified person or entity has a TUMF Dispute, he or she shall first attempt to resolve the dispute informally with the staff of the local jurisdiction. If the TUMF Dispute remains unresolved after a reasonable attempt to address it at the local level, the qualified person or entity may submit a written appeal to the appropriate department of the local jurisdiction. The written appeal shall thoroughly identify the TUMF Dispute. If the staff of the local jurisdiction determines the issue or matter is not a TUMF Dispute, the written appeal shall be rejected. Staff's decision shall be provided in writing to the Appellant. In such cases, if the Appellant desires further review from the Board of Supervisors/City Council of the affected local jurisdiction, the Appellant must submit a written request for review to the Clerk of the Board/City Council within five (5) days of receiving staff's written decision. The decision of the Board/City Council shall be forwarded to the WRCOG Executive Committee in the same manner set forth in Paragraph 3 of this Section.
2. If the written appeal identifies a TUMF Dispute, the Appellant and staff from the local jurisdiction shall attempt to resolve the issue within thirty (30) days of the local jurisdiction's receipt of the appeal. At the request of the local jurisdiction, or on its own accord, WRCOG staff may also participate in such discussions. At the conclusion of the thirty (30) day period, staff of the local jurisdiction shall render a written decision on the appeal.
3. The issue or matter shall be heard by the Board of Supervisors/City Council of the affected local jurisdiction; provided, the Appellant submits a written request for further review to the Clerk of the Board/City Council within five (5) days of Appellant's receipt of the local jurisdiction's written decision regarding the Appellant's appeal. The Board/City Council shall forward its written decision to WRCOG for review and concurrence. If the WRCOG Executive Committee disagrees with the decision of the City Council/Board of Supervisors the WRCOG Executive Committee shall determine a proper course of action and notify the jurisdiction of its findings.

XI. **Arbitration.** When there is a dispute among the Zone members that cannot be resolved and prevents the adoption of a project prioritization schedule, the matter shall be forwarded to the WRCOG TAC and WRCOG Executive Committee for a determination. Once the WRCOG Executive Committee takes action on the issue the decision is final.

If there is a dispute at the WRCOG Executive Committee level regarding project prioritization of a specific project(s) and a consensus cannot be reached, that project shall be tabled until such time as new information is presented and the matter can be resolved.

XII. **TUMF Program Amendments.** WRCOG shall undertake a review of all components of the TUMF Program in accordance with AB 1600 and other applicable laws, and, if necessary, recommend Program amendments and/or adjustments. Amendments to the Administrative Plan will be subject to the approval of the WRCOG Executive Committee. Amendments required to the TUMF Program Ordinance shall be approved by each participating jurisdiction, acting on recommendations provided by the WRCOG Executive

MV00252701

Committee. The review shall consider whether future administration costs to participating jurisdictions are needed.

1. **TUMF Network Revisions**: The TUMF Network is reviewed and revised at regular Nexus updates, with minor adjustments such as name changes, distances, and other errors that may be found from time to time occurring on a more frequent basis. However, there could be instances when certain assumptions were made during a Nexus Update that did not come to fruition that should be addressed. The primary cause is when a new city is incorporated and inherits the TUMF Network, which may not reflect the new jurisdiction's General Plan or priorities; another example is if a jurisdiction needs to "trade" a facility on the Network due to a rapid change in development patterns that should not wait for the normal revision cycle.

   For new cities there would be an opportunity to review the TUMF Network with WRCOG staff to ensure that the Network identifies their priorities and allows them to make recommendations and to have the ability to swap out facilities. Any revision request must meet the criteria to be on the Network before the PWC will consider the request.

   Jurisdictions that are not part of the above mentioned group that need to swap out facilities, must justify the swap by demonstrating that it provides continued regional circulation, meets the criteria to be on the TUMF Network, and does not provide an advantage to a specific land-use, community, developer/project for the purposes of TUMF credits or reimbursements. These jurisdictions must also demonstrate that the impacts mitigated in the swapped facilities are substantially similar to those impacts that would have been mitigated in the abandoned facilities.

   This process is intended to be applied on an annual basis during interim years between revisions to the TUMF Nexus Study that would inherently include a revision to the TUMF Network. The deadline to submit any revision is June 30th. The focus of this process is the ability to shift projects on the TUMF Network with the intent to incur minimal fiscal impacts to the Program fee and Nexus determination, rather than adding new projects that would have a far more significant effect on the Program fee and therefore would be more appropriately addressed during the regular Nexus Study reviews. The exception to this policy is the ability for newly incorporated cities to request new additions during the initial cycle of this adjustment process to ensure appropriate facilities are designated to address their individual city's needs.

   The process requires the jurisdiction to submit a written justification of the requested TUMF Network facility shift. Elements to be addressed in the written justification should include an explanation of the rationale for the proposed facility shift specifically explaining why the facility should be addressed as part of the TUMF Program and cannot be addressed as part of an equivalent local program, and verification that the proposed shift in facility does not unduly favor or disadvantage a specific developer or development interest. Proximity to areas of significant recent development activity (i.e. shifts in development patterns resulting in changes in transportation system impacts to be mitigated) and the net cost differential to the program following the facility adjustment are key elements

to be addressed in the written justification. The written justification must also demonstrate that the impacts mitigated in the proposed facility shift are substantially similar to those impacts that would have been mitigated in the abandoned facilities.

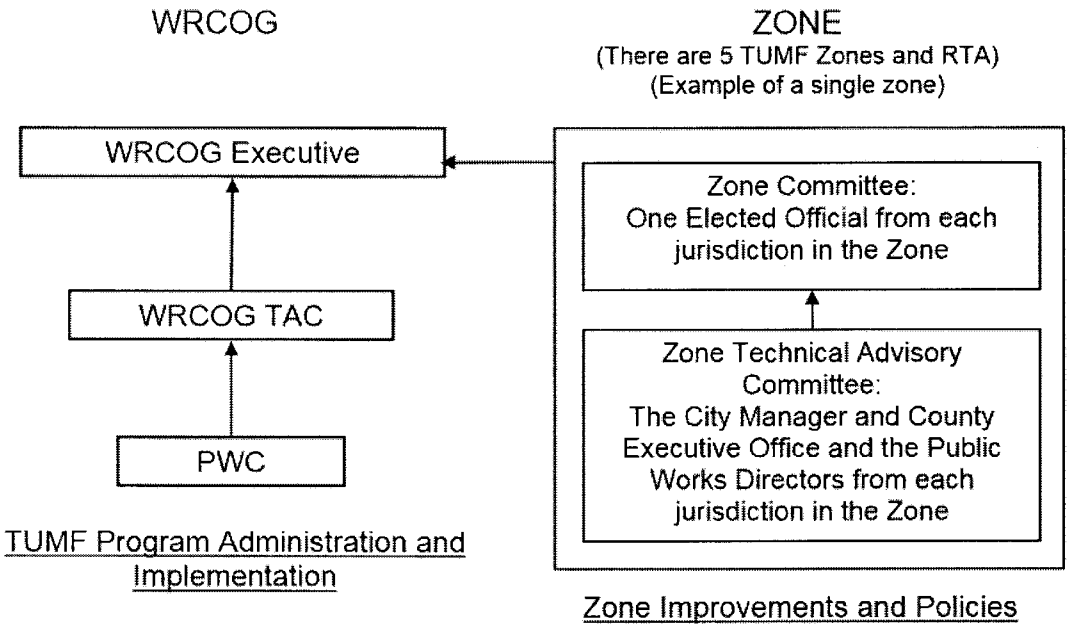
The existing criteria contained in the TUMF Nexus Study for identifying facilities to be included in the TUMF Network was refined for the purposes of evaluating requests for TUMF Network Amendments. All requested Network adjustments will be evaluated and scored using a point system based on key performance indicators consistent with the existing criteria contained in the TUMF Nexus Study. The scoring criteria is "Exhibit D" of this Plan. Only facilities defined in a participating jurisdiction's General Plan Circulation Element (or equivalent document) as an arterial highway facility with a minimum four (4) lanes at build-out will be evaluated for inclusion in the TUMF Network.

XIII. **CEQA.** The TUMF Program currently is a financing mechanism dependent on future actions of the WRCOG Executive Committee for improvements to the RSHA. WRCOG and its associated committees will be prioritizing and scheduling improvements on the RSHA, as such, the appropriate environmental documentation, shall be completed before a project can commence construction.

The TUMF Program was developed to mitigate the cumulative impacts of future growth on the RSHA. It was not developed to mitigate project-specific traffic impacts. Accordingly the program does not relieve any development project of the responsibility to mitigate project-specific impacts identified in the environmental analysis prepared for the project. When a development project is required to construct RSHA facilities as project-specific mitigation, it shall be eligible for credit and or reimbursement.

EXHIBIT "A"

TUMF Decision Making Process



MV00252704

EXHIBIT "B"

TUMF Credit / Reimbursement Eligibility Process

1. Prior to the construction of any TUMF Improvement, Developer shall follow the steps listed below:

   a. Prepare a separate bid package for the TUMF Improvements.
   b. The plans, cost estimate, specifications and contract document shall require all contractors to pay prevailing wages and to comply with applicable provisions of the Labor Code, Government Code, and Public Contract Code relating to Public Works Projects.
   c. Bids shall be obtained and processed in accordance with the formal public works bidding requirements of the City/County.
   d. The contract(s) for the construction of TUMF Improvements shall be awarded to the lowest responsible bidder(s) for the construction of such facilities in accordance with the City's/County's requirements and guidelines.
   e. Contractor(s) shall be required to provide proof of insurance coverage throughout the duration of the construction.

2. Prior to the determination and application of any Credit pursuant to a TUMF Improvement and Credit Agreement executed between City/County and Developer ("Agreement"), Developer shall provide the City/County and WRCOG with the following:

   a. Copies of all information listed under Item 1 above.
   b. Surety Bond, Letter of Credit, or other form of security permitted under the Agreement and acceptable to the City/County and WRCOG, guaranteeing the construction of all applicable TUMF Improvements.

3. Prior to the City's/County's acceptance of any completed TUMF Improvement, and in order to initiate the construction cost verification process, the Developer shall comply with the requirements as set forth in Sections 7, 14.3 and 14.4 of the Agreement, and the following conditions shall also be satisfied:

   a. Developer shall have completed the construction of all TUMF Improvements in accordance with the approved Plans and Specifications.
   b. Developer shall have satisfied the City's/County's inspection punch list.
   c. After final inspection and approval of the completed TUMF Improvements, the City/County shall have provided the Developer a final inspection release letter.
   d. City/County shall have filed a Notice of Completion with respect to the TUMF Improvements pursuant to Section 3093 of the Civil Code with the County Recorder's Office, and provided a copy of filed Notice of Completion to WRCOG.
   e. Developer shall have provided City/County a copy of the As-Built plans for the TUMF Improvements.
   f. Developer shall have provided City/County copies of all permits or agreements that may have been required by various resource/regulatory agencies for construction, operation and maintenance of any TUMF Improvements.
   g. Developer shall have submitted a documentation package to the City/County to determine the final cost of the TUMF Improvements, which shall include at a minimum, the following documents related to the TUMF Improvements:

MV00252705

i. Plans, specifications, and Developer's Civil Engineer's cost estimates; or Engineer's Report showing the cost estimates.
ii. Contracts/agreements, insurance certificates and change orders with each vendor or contractor.
iii. Invoices from all vendors and service providers.
iv. Copies of cancelled checks, front and back, for payments made to contractors, vendors and service providers.
v. Final lien releases from each contractor and vendor (unconditional waiver and release).
vi. Certified contract workers payroll for City/County verification of compliance with prevailing wages.
vii. A total cost summary, in spreadsheet format (MS Excel is preferred) and on disk, showing a breakdown of the total costs incurred. The summary should include for each item claimed the check number, cost, invoice numbers, and name of payee. See attached sample for details.

4. The amount of the development credit shall not exceed the maximum amount determined by the most current unit cost assumptions for the RSHA in the adopted Nexus Study, or actual costs whichever is less. This shall be known as the maximum credit. The maximum TUMF credit shall be determined based on an approved Improvement Plan and after the Conditions of Approval have been determined.

EXHIBIT "C"

Guidelines for the Administration of the Programmed Projects in the Zone's Adopted 5-Year TIP

Once each Zone's 5-Year Transportation Improvement Program (TIP) is adopted by the WRCOG Executive Committee, said TIPs shall be incorporated into and governed by these guidelines, the Administrative Plan, and 10-Year Strategic Plan in accordance with AB 1600. Annually, WRCOG staff meets with the Zone Technical Advisory Committees to review the status of all programmed projects on the 5-Year TIPs and bring the subsequent project adjustment requests to the Zone Committees for approval. The goals of the annual review process are as follows: (i) to update project cost estimates; (ii) to review project status; (iii) to determine the continued viability of projects; (iv) review the backlog of reimbursement projects;(v) to address local jurisdiction issues; and (vi) address compliance with AB 1600.

Adjustments:

In accordance with the 10-Year Strategic Plan and the original reimbursement agreement entered into with the lead jurisdiction, all approved projects' funding and schedules are directly tied to critical milestones. As such, requests to change a project's funding or schedule shall necessitate an amendment to the original agreement and the adopted TIP.
Annual 5-Year TIP adjustments could include, but are not limited to:

- Scope of work reductions or additions;
- Project or phase delays;
- Project or phase cancellations;
- New shelf-ready network projects being added as replacement projects;
- Project or phase advances; and
- Request to transfer funding beyond a programmed project's limits within a Zone.

Levels of Approval:

A. Zone Committee/WRCOG Executive Committee

The following shall be approved by the Zone Committee and adopted by the WRCOG Executive Committee as required in the Administrative Plan:

1. Annual updates to the Zone TIP.

2. Requests to increase total TUMF funding allocations to projects in the Zone TIP. These requests may be made by the local jurisdiction administratively outside of the annual TIP update cycles if deemed necessary by one of the Zone participating jurisdictions and WRCOG management due to unforeseen circumstances that necessitate immediate action. Such unforeseen circumstances shall include, but not be limited to, higher than expected bid prices, Might want to give more examples] WRCOG staff will obtain action from the Zone Committee in these cases either by calling for a Special Zone Committee meeting or through individual consultation.

MV00252707

3. Administrative requests to advance funds or adjust project schedules on TIP approved projects, upon the recommendation of the Public Works Committee. Such advancements are subject to:

   - Jurisdiction's proof of readiness to move forward with project, and
   - Zone's current cash flow can support the advancement or change.

B. WRCOG Executive Director

The WRCOG Executive Director shall be responsible for the review and approval of the following changes to an approved Zone TIP, including the review and approval of any agreements, for:

1. Change in Lead Jurisdiction, with the written consent of the transferring and accepting Lead Jurisdiction.

2. Cancellation of project upon request of the local jurisdiction. In the event of cancellation, all funds shall revert to the Zone TIP Trust account.

3. Approval of final completion of the project. Upon notification from the Jurisdiction that the Project has been completed, all unused funds programmed for that Project shall revert to the Zone TIP Trust account.

4. All other administrative requests, upon consultation with the Public Works Committee.

C. Public Works Committee

The Public Works Committee shall be responsible for the review and approval of the following:

1. Requests to move funds within project categories (environmental, design, etc.) administratively, contingent upon participating jurisdiction's certification of viability of all phases.

2. Provide recommendations to the WRCOG Executive Director on any other requests that are deemed administrative in nature by the Director.

All administrative adjustments will be submitted to the WRCOG Executive Committee as part of the next Annual Review Report for final adoption.

D. Obligating Programmed Funds

The TUMF Program has established the policy that construction projects take priority and therefore WRCOG limits the obligation of TUMF dollars. WRCOG has two options by which to obligate TUMF. In both options, steps 1, 2 and 3 (Option A) or 6 (Option B) must be completed by the local jurisdiction to ensure TUMF funding can be made available for use on an eligible project. Since TUMF project funds are generally obligated on a first come first served basis, failure to follow the prescribed steps for either option may preclude a project sponsor from receiving TUMF payments for completed work until sufficient funds are available to be obligated.

MV00252708

Option A:
Funding for a project programmed on Zone 5-Year TIPs is not considered obligated by WRCOG until certain steps outlined below have been accomplished by the local jurisdiction.

1. Ensure that funding for the project phase is **programmed in the current year** of an adopted 5-Year TIP.
2. Ensure that there is a **signed (executed) reimbursement agreement** that matches the funding amount with the funding amount of the project phase in the adopted TIP.
3. Submit **an invoice for TUMF eligible work** prior to the end of the fiscal year to obligate the project phase funding. At the time of submitting the first invoice, the project sponsor will be required to submit all necessary supporting documentation (not previously submitted) in accordance with the provisions of the reimbursement agreement.
4. WRCOG will obligate the entire phase of the project if there is available revenue at the time the invoice is submitted.

Option B:
Funding for a project programmed on Zone 5-Year TIPs is not considered obligated by WRCOG until the steps outlined below have been accomplished by the local jurisdiction.

1. Ensure that funding for the project phase is **programmed in the current year** of an adopted 5-Year TIP.
2. Ensure that there is a **signed (executed) reimbursement agreement** that matches the funding amount with the funding amount of the project phase in the adopted TIP.
3. Send WRCOG a letter of **notice of intent** to issue RFP, solicit bids, make offer to purchase ROW or other similar action to verify that sufficient funding is available and that funds are obligated and reserved exclusively for the particular project phase.
4. Receive a **notice of obligation** from WRCOG within fourteen working days of receipt of the notice of intent confirming the amount of funding that is obligated and reserved exclusively for the particular project phase. Alternatively, the project sponsor will receive a notice of deferred obligation if WRCOG determines that insufficient funds are currently available for the project phase to be obligated.
5. Award the project and execute a contract within four months of receipt of the notice of obligation from WRCOG and send a letter of **confirmation of award** to WRCOG including evidence of a Board/Council action relating to the project award and contract execution.
6. Commence project work and submit the **first invoice** for payment within nine months of receipt of letter of obligation by WRCOG to preserve fund obligation. At the time of submitting the first invoice, the project sponsor will be required to submit all necessary supporting documentation (not previously submitted) in accordance with the provisions of the reimbursement agreement.

If a contract has not been executed within four months of receipt of the notice of obligation from WRCOG (step 5), there will be a review of the project status. Based on the review of project status, WRCOG will either:

i. extend the fund obligation for up to a total of nine months from the notice of obligation if the project sponsor can demonstrate a realistic expectation that the project will be awarded and a confirmation of award can be provided to WRCOG within that time frame; or
ii. de-obligate the funds.

Similarly, if the first invoice has not been submitted to WRCOG within nine months of receipt of the letter of obligation (step 6), there will be a review of the project status. Based on the review of project status, WRCOG will either:

i. extend the fund obligation for up to an additional nine months if the project sponsor can demonstrate a realistic expectation that the project work will commence and a first invoice is submitted within that time frame; or
ii. de-obligate the funds.

E. Programming the Cost Assumption's 10 Percent Contingency

The TUMF Program has established the policy allowing local jurisdictions the ability to choose how to apply the available 10 percent Contingency costs historically assigned to the construction phase of a project when it is programmed on a TUMF 5-Year Transportation Improvement Program (TIP). The Contingency fund is 10 percent of the sum of the new lane, right-of-way, bridge, interchange, and railroad costs.

Under this new policy, some jurisdictions may opt to continue applying the 10 percent Contingency to the construction costs, while others may choose to apply a portion of the 10 percent Contingency to help defray their administrative costs incurred during the planning and engineering phase delivery.

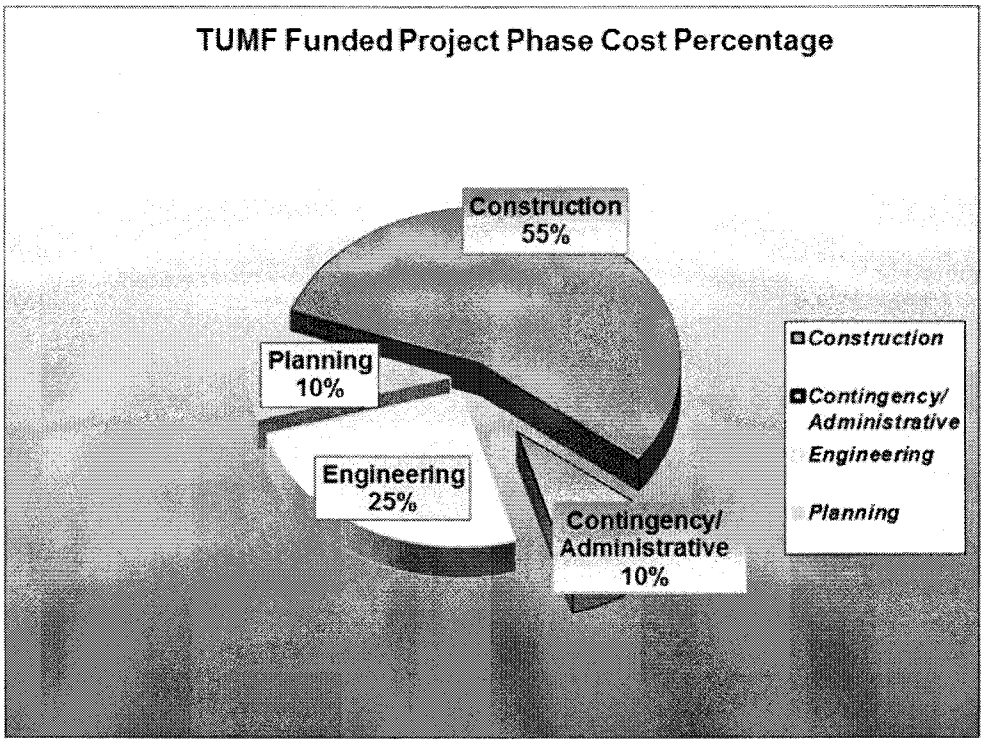
Since currently programmed construction funds already reflect the eligible 10 percent Contingency, the policy only applies to those projects that have not obligated or received payments on their construction phases.

For those jurisdictions who wish to recapture administrative costs of ongoing projects programmed on the TIP that do not involve an obligated construction phase, up to 10 percent of each of the programmed planning and engineering phases would be eligible for administrative costs and would be deducted from the available 10 percent contingency (leaving the remaining balance to be applied to construction costs or construction administration costs.)

Scenario –

Construction costs	= $1,000,000	
Contingency	= $ 100,000	(or 10%)
Planning costs	= $ 100,000	
Engineering costs	= $ 250,000	
Admin costs (PA&ED)	= $ 10,000	(or 10% of $100k)
Admin costs (ENG)	= $ 25,000	(or 10% of $250k)
Balance Contingency	= $ 65,000	(for construction admin or contingency costs)

MV00252710



Jurisdictions may apply a portion or all of the available 10 percent Contingency to reimburse accrued administration costs for all three phases by requesting the amount to be programmed as a separate line item on the TIP during a biennial TIP review or amendment as any other project adjustment.

All existing and future reimbursement agreements, cost estimates, and scopes of work will need to be amended to include specific language covering the jurisdiction's individual contingency use option.

EXHIBIT "D"

The following table summarizes the criteria, evaluation thresholds and point values for evaluating TUMF Network adjustment requests for approval. For each evaluation measure, the maximum point value has been highlighted in **bold** font for easy reference.

Criteria	Evaluation Thresholds	Points
Minimum number of lanes at build-out	Less than 4 lanes	not eligible
	4 or 5 lanes	5
	6 or more lanes	**15**
Jurisdictions served	1 jurisdiction	0
	2 jurisdictions	5
	3 or more jurisdictions	**10**
Future forecast traffic volumes	Less than 20,000 vehicles per day	0
	20,000 to 24,999 vehicles per day	5
	25,000 to 29,999 vehicles per day	10
	30,000 to 34,999 vehicles per day	15
	35,000 to 39,999 vehicles per day	20
	40,000 or more vehicles per day	**25**
Future forecast volume to capacity ratio	< 0.80 (LOS A/B/C)	0
	0.81 – 0.90 (LOS D)	5
	0.91 – 1.00 (LOS E)	10
	> 1.00 (LOS F)	**15**
Regional fixed route transit services accommodated	No service	0
	1 or more services	**10**
Net fiscal impact of TUMF Network adjustment	More than $1,000,000 cost addition	-15
	$200,000 to $1,000,000 cost addition	-5
	$199,999 cost addition to $199,999 cost savings	5
	$200,000 to $1,000,000 cost savings	15
	More than $1,000,000 cost savings	**25**
Maximum Possible Score		**100**

Subject: Lunch with Superintendent Lopez and Moreno Valley School Visits Within the Val Verde School District

Tom and Victoria,

I scheduled your lunch with Superintendent Lopez for Monday, September 30 from 11:30 a.m. to 1:00 p.m. at BJ's. If this date and time don't work for you, please let me know, and I will look for another date.

Regarding the school visits, there are seven schools in Moreno Valley within the Val Verde School District (4 Elementary Schools, 2 Middle Schools and 1 High School). Do you want to visit all the schools or a few schools? Because there is so much walking involved, it is recommended you do two half days if you would like to visit all the schools. If you prefer to visit just a few schools, please let me know which schools you would like to visit:

Lasselle Elementary
Bethune Elementary
Rainbow Ridge
Victoriano Elementary
March Middle School
Vista Verde Middle School
Rancho Verde High School

Would you please provide me days and times you both will be available for the school visits.

Thank you.

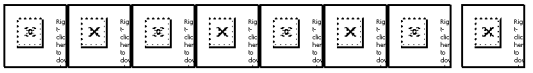
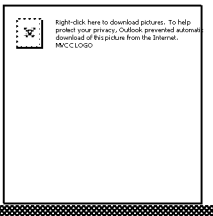
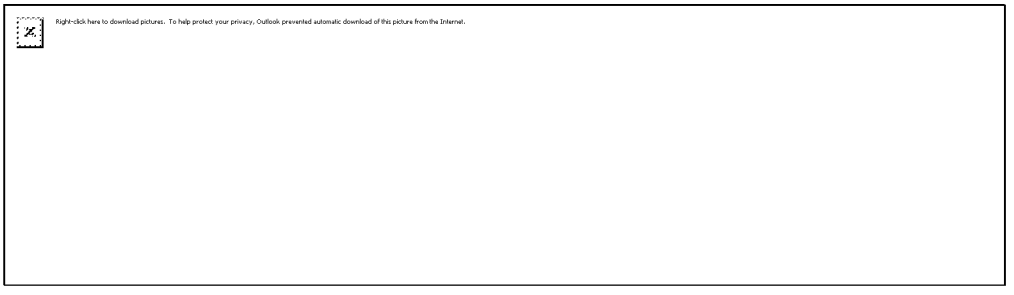
Subject: Affordable Care Act Information





Moreno Valley Chamber of Commerce



October 1 Deadline for Exchange Coverage Notice

The first big requirement under the Affordable Care Act (ACA) is fast approaching, and employers face a compliance date of October 1, 2013. Employers covered by the Fair Labor Standards Act (FLSA) must provide a notice of coverage options to each employee, regardless of plan enrollment status (if applicable) or of part-time or full-time status. Although the ACA's employer mandate was delayed, the delay had no effect on the requirement for employers to provide this form.

Current employees must receive the notice by October 1, 2013. In addition, from that date forward, employers must provide the notice to each new employee at the time that he/she is hired. For 2014, the Department of Labor (DOL) will consider a notice to be provided at the time of hiring if the notice is provided within 14 days of an employee's start date.

The notice informs the employee of:

- The existence of the Health Insurance Marketplace (Marketplace), also called an exchange
- A description of services
- How to contact the Marketplace
- Additional required information

The notice also provides information about the employer's health plan, or lack thereof.

The DOL issued temporary guidance on what it will consider as compliance with the notice requirement.

Model Notices

The DOL also created two model notices: one model for employers who do not offer a health plan and a second model for covered employers who offer a health plan for some or all employees:

- New Health Insurance Marketplace Coverage Options and Your Health Coverage - for Employers That Do Not Offer a Health Plan
- New Health Insurance Marketplace Coverage Options and Your Health Coverage - For Employers That Offer a Health Plan

Employers Covered by the Notice Requirement

The exchange notice requirement applies to all employers covered by the FLSA. Generally, the FLSA covers employers that employ one or more employees and who are engaged in, or produce goods for, interstate commerce. For most firms, a test of not less than $500,000 in annual dollar volume of business applies. The FLSA automatically covers some specific entities, including federal, state and local government agencies, hospitals and most schools.

The DOL provides a tool to help companies determine the applicability of the FLSA.

Specific questions about whether your organization is covered by the notice requirement should be directed to your benefits administrator or other benefits expert.

Delivery of Notice

You must provide the notice in writing, and in a way that is understood by the average employee. The notice must be provided free of charge.

Employers are not required to provide a separate notice to dependents or other individuals who are, or may become, eligible for coverage under the plan but who are not employees.

The notice can be provided by first-class mail or electronically. Electronic delivery of the notice must meet the requirements of the DOL's electronic disclosure safe harbor. Generally:

- The administrator of the employee benefit plan must ensure that the system used to furnish the documents results in actual receipt of transmitted information (such as using a return-receipt or bounce back feature) and protects confidentiality of personal information relating to the individual's account or benefits.
- Electronic notification can be provided only if the participant has regular access to the employer's electronic information system as part of his/her job duties, or has provided affirmative written consent to receive an electronic distribution.

This is just a general overview of the electronic notice requirements. More information about these requirements can be found by reading the existing regulation 29 CFR 2520.104vb-1(c). Questions should also be directed to your benefits administrator or benefits expert.

Things to Know

- The exchange notices require employer input.
- The model notices can be modified as long as they provide the required content. Refer to DOL's temporary guidance document for what needs to be included and consult with your benefits expert before making changes.
- The notice must be provided to all employees: full-time and part-time.
- Some of the information on the forms is optional. Your company may want to include the optional information if it is helpful to employees and will give them a better understanding of the exchange and of any company-offered coverage.
- Some employers choose to provide additional information to employees along with the notice. For instance, some employers choose to provide additional general information regarding the ACA's implementation or to explain the ACA's actual effect on their employees. Again, consult with your current benefits administrator or other benefits expert as to any additional information you wish to provide.

Incorrect Completion of Form I-9 Proves Costly

All employers must complete a Form I-9 for each employee verifying that he/she is legally authorized to work in the United States. The Ninth Circuit Court of Appeals recently upheld $172,000 in fines against an employer who failed to correctly complete the Form I-9. *Ketchikan Drywall Services, Inc. v. Immigration and Customs Enforcement,* 2013 WL 3988679 (2013) Compliance with Form I-9 requirements is an essential business practice. As the ruling in this case demonstrates, employers cannot take complying with Form I-9 requirements lightly.

I-9 Forms Contained Omissions

Ketchikan Drywall Services (KDS), a drywall installation service company, employs only four full-time and 20 part-time employees. It also hires numerous additional employees on a project basis. For many years, KDS did not have consistent, trained staff in charge of I-9 compliance.

In 2000, KDS received a warning from the then Immigration and Naturalization Service, whose functions are now covered by Immigration and Customs Enforcement (ICE), following an audit of its I-9 Forms. In 2006, KDS hired a new controller who understood I-9 training, but the company was audited again in 2008.

As a result of this second audit, ICE fined KDS, charging the company with four separate violations:

1. Failure to provide any I-9 Form at all for 43 employees
2. Failure to provide complete information in Section 1 of the I-9 Form for 65 employees (Section 1 is completed by the employee)
3. Failure to provide complete information in Section 2 of the I-9 Form for 110 employees (Section 2 is completed by the employer)
4. Failure to provide complete information in both Sections 1 and 2 of the form for 53 employees

Required Information Must Be on 1-9 Form - Attaching Documents Insufficient

The employer tried to argue that it complied with the I-9 requirements because it had copied and retained documents verifying its employees' eligibility to work, even if it had not fully completed the form. KDS said it was a "waste [of] time" to transcribe information onto the actual I-9 Form when the information was already available on an attached copy.

The Ninth Circuit disagreed. "[C]ompliance requires that the relevant information from the documents be transcribed on the I-9 form, regardless of whether copies of the documents are retained," the court stated in its ruling.

Partially completing an I-9 Form will not suffice. The form needs to be fully and accurately completed and merely copying documents will not act as a substitute.

The court noted that taking the time to copy the information from the relevant documents to the I-9 Form helps to ensure that employers "actually review the verification documents" to ensure that the employee is legally authorized to work in the U.S.

Employers Responsible for Errors Made By Employees

Many of KDS' I-9 Forms contained numerous errors in Section 1; the portion of the form filled out by the employee. These errors included:

- Failing to check any box attesting to the employee's status as an employee eligible to work in the United States
- Checking multiple boxes attesting to conflicting statuses
- Failing to provide alien registration numbers (for lawful permanent residents)

An employee must check a box attesting to the specific category of employment eligibility into which he/she fits. This is a substantive requirement . Attaching a copy of identity and work authorization documents is not an acceptable alternative to fulfilling this requirement.

KDS argued that it was not responsible for errors or omissions of its employee. But federal law, as the Ninth Circuit pointed out, clearly makes employers responsible for reviewing and ensuring that the employee fully and properly completed Section 1. "Where KDS chose to hire employees who failed to fill out Section 1 completely, it did so at its own peril," said the court.

KDS was also penalized for using a copy of Section 1 of a previous I-9 Form to create a new form when it rehired the employee. KDS photocopied Section 1 of the previous form and then used an updated Section 2. The Ninth Circuit did not allow this practice.

The employer has two options when rehiring an employee within three years of the date the Form I-9 was originally completed:

1. Complete Section 3 of the employee's previous I-9 form; or
2. Create a new I-9 Form and ask the employee to complete Section 1 again; the employer must complete Section 2 again.

The employer cannot "proceed by cobbling together elements of the two." This is because of the requirement that Section 1 be signed by the employee at the specific time in question. A photocopied signature from a previous form does not attest that the employee is currently eligible.

"Where a new I-9 is generated using a photocopied signature, the employee has not attested to anything with respect to that new form," according to the court.

Employer Representative Must Sign

KDS was also penalized because of errors it made in Section 2 of the I-9 Form; the section that the employer must fill out. Critically, the employer representative failed to sign the I-9 Form. The employer must have a representative sign and date Section 2 attesting under penalty of perjury that:

1. The representative examined the original documents;
2. The documents appeared to be genuine; and
3. To the best of the representative's knowledge, the employee is authorized to work in the United States.

Best Practices

This case highlights the need for employers to pay close attention to correctly completing the Form I-9.

- Ensure that you use the correct version of Form I-9. The USCIS recently published a new version of Form 1-9. Beginning May 7, 2013, employers must use only the new Form I-9 (Rev. 03/08/13 N). Previous versions will not be accepted.
- Visit the HR Library for information on Completing the Form I-9.
- Review the Form I-9; the form itself includes six pages of instructions.
- Make sure that any employer representative who collects, completes and reviews Form I-9s is properly trained on how to complete the form and what constitutes acceptable documentation.
- The USCIS makes the "Handbook for Employers, Instructions for Completing the Form I-9 (M-274)" available for employers to consult for additional information on completing the Form I-9.

Hello Cindy,

Here is the flyer you asked for. Dr. James Baylark and Good Hope Missionary Baptist Church is hosting an award ceremony and scholarship fundraiser. The event will be held from 4:00pm to 7:00pm on Saturday, September 28; and tickets are $35 per person. We are extending an invitation to you in hopes that you will join us in honoring these individuals for their work in the community; which include Dana Scott for Human Rights Activist and Sharron Lewis for Lifetime Achievement. There is going be entertainment throughout the ceremony and a raffle at the end. Please feel free to contact us for further details, or to purchase your tickets ahead of time (as ticket sales will be limited at the door). Thank you very much, we look forward to seeing you there!

Good afternoon,

Apple is scheduled to release a new update to iOS 7 today. Unfortunately, due to an Apple restriction, SIRE is just now able to start testing the Agenda to Go app on the iOS 7 update. As such, please do not apply the update to your iPad until further notice. I will notify you once we have clearance from Hyland/SIRE.

Thank you for your patience.

RSO	Electric, Meter removed
AMR	Gas, Service Shut-Off

Incident Description

At approximately 5:35 PM fire department units were dispatched to 22573 Adrienne Ave, Apt A for fire in the first floor apartment. The location is a four unit apartment building totaling approximately 4000 sq ft. E6 arrived at the scene with smoke coming from apartment A. The fire was extinguished with resources dispatched and confined to the kitchen of the apartment. The fire cause was cooking. There was one minor injury to a civilian who tried to break a window to use a fire extinguisher. They were treated at the scene and not transported. The single apartment was red tagged due to the damage and occupants were allowed into the remaining 3 units.

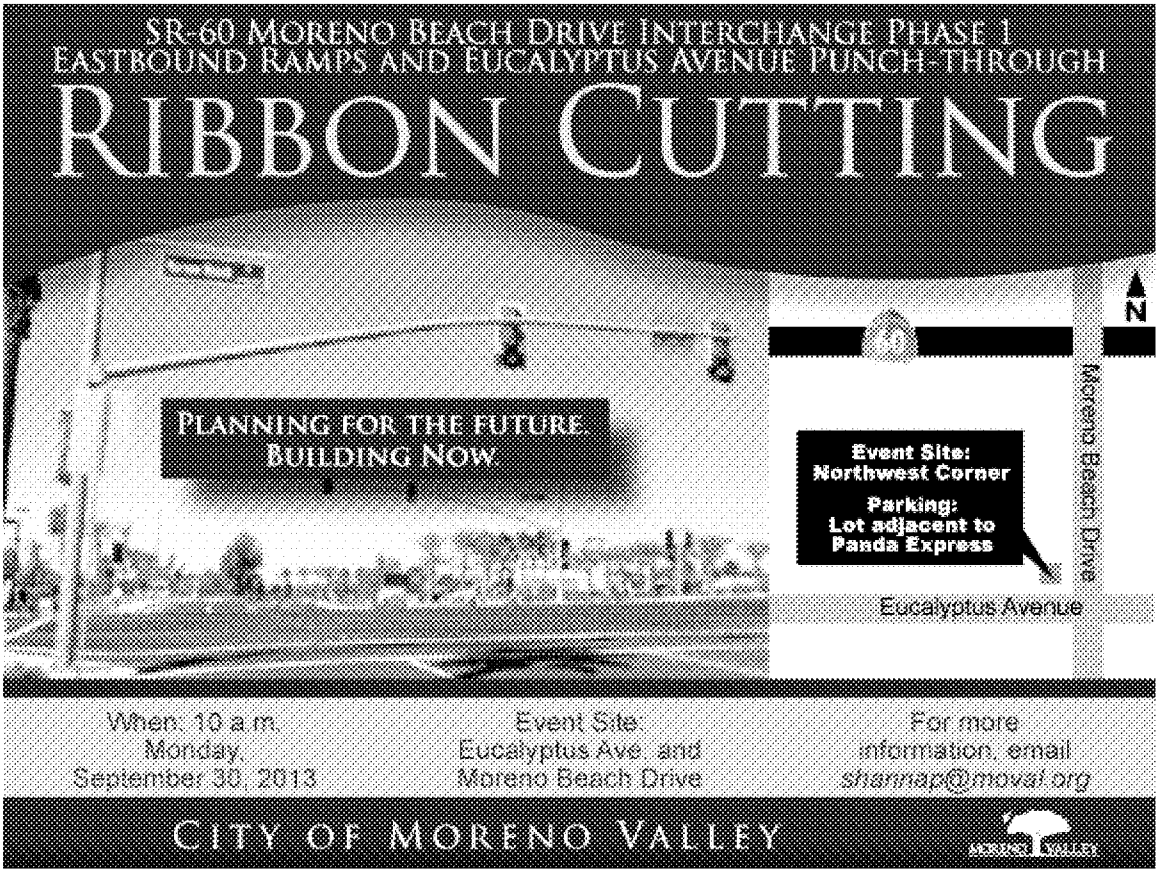
Sent: Thursday, September 19, 2013 8:31 AM
Subject: Invitation - City of Moreno Valley Ribbon Cutting - SR-60 Moreno Beach Drive Interchange and Eucalyptus Avenue Punch-Through



In November 2012, the City of Moreno Valley, with Caltrans cooperation, started construction on Phase 1 of the State Route 60/Moreno Beach Drive interchange project. The goal of Phase 1 was to realign the eastbound ramps to and from Moreno Beach Drive, and once realigned, to extend Eucalyptus Avenue to Moreno Beach Drive.

The City of Moreno Valley is excited to invite you to attend the ribbon cutting ceremony recognizing that the project has "punched through" Eucalyptus Avenue, thereby eliminating the long-standing gap closure and greatly enhancing traffic circulation for the residents to access the retail businesses and restaurants located at the Stoneridge Towne Centre.

Subject: Conveyance Documents

Michele,

The Mayor has asked if we could obtain and analyze land conveyance agreements entered into by the IVDA (Norton Re-Use JPA) to compare the way property was conveyed to LNR with the manner in which IVDA has interacted with both its master developer and other major projects.

Would you please spearhead this effort? I think that Felicia can also assist greatly with the comparative analysis.

Thanks.

I left a voice mail message, and thought it might be helpful to follow up with an e-mail, as well.

Our Mayor has expressed an interest in meeting with you to learn more about how SBIAA/IVDA approaches the conveyance process and structures agreements with developers. If you'd be available for such a discussion, he and our CM and/or myself would enjoy an opportunity to visit your Office.

Please let me know if this would be possible, and with whom we should schedule such a meeting.

Thanks very much.

Subject: Burglary with extensive damage

Good afternoon,

About 7:38 AM, Officers responded to Acapulco's Restaurant at 12625 Frederick Street reference a past burglary and vandalism. The manager advised that sometime between 2:00 AM when the cleaning crew left and 7:00 AM when employees arrived to open the business, unknown suspects broke into the business and caused serious damage. It appears the burglary alarm was not set when the cleaning crew left.

Suspects smashed a window on the front of the business, gained entry, and proceeded to ransack the restaurant. The manager could not provide a specific dollar amount of damage without further examination, but estimated the damage to be several thousand dollars. The business does not currently have any surveillance cameras. The MVPD Forensic Technician responded and processed the scene, gathering several items of evidence. The Robbery/Burglary Suppression Team will conduct follow-up investigation. The manager will provide us with a more accurate estimate of loss and damage as soon as possible.

Subject: Child Annoying

Good afternoon,

This afternoon the SRO at Valley View High School took a report from a 14 year old female student about an incident that allegedly occurred today about 7:00 AM. The student reported that she had been bothered by two Hispanic male adults as she walked to school. The victim said she waited until later in the day to report the incident because she was scared. Shortly after speaking to this student, another 14 year old girl reported a similar incident that allegedly occurred today. She also waited until later in the day to report it out of fear. Her description of the suspect was somewhat different from that of the suspects in the first incident. She also did not see a vehicle. The first incident involved a parked older black Chevy Suburban. There were no independent witnesses to either incident.

Our Forensic Tech spoke to each victim separately to generate composite suspect sketches. One of the victims claimed the suspect grabbed her arm. We obtained a DNA swab from the area the suspect allegedly touched. The other victim also claimed she was grabbed, but explained she had been swimming during gym class. This made DNA collection impossible. Neither victim had any injuries.

The school district and all SRO's were made aware of the allegations and the suspect/vehicle descriptions. This information will also be provided to all field personnel during briefings. We will provide extra patrol as often as possible. Because information is not very specific, we don't plan to do a press release at this time. If we receive any additional reports or supporting information, we may decide to issue one. I will keep you updated.

Joel

Subject: Burglary/drug/gang arrest

Good evening,

Today about 12:22 PM, officers responded to a residence in the 15000 block of Zhana Drive reference a burglary in progress. The victim advised Dispatch she arrived home and heard noise inside. She then saw a suspect inside her home as he fled out the back of residence. An officer was in the immediate area and quickly spotted the suspect. He detained the suspect without incident. The victim participated in an in-field show-up and positively identified the suspect as the person who was inside her home without her permission. During a search incident to arrest, the suspect was found in possession of several baggies of methamphetamine and burglary tools. The suspect, Chad Mathes (19) of Moreno Valley, is a known member of the criminal street gang known as "Southside Mafia." This is one of the gangs involved in the recent series of events that led to the death of 6 year-old Tiana Ricks.

The suspect admitted to burglarizing the residence on Zhana Drive. He was booked into RPDC on charges of 1st degree residential burglary, possession of methamphetamine, and possession of burglary tools. Gang enhancements will also be sought for this suspect.

Subject: Non-injury collision with road closure

Good morning,

About 4:45 AM, Officers responded to a single vehicle collision on Heacock X Myers. The driver of a 1992 BMW fell asleep at the wheel while driving southbound on Heacock. The vehicle drifted across northbound lanes and onto the sidewalk where it struck a concrete street light pole. The light pole basically disintegrated, spraying concrete chunks all over the northbound lanes of Heacock. The vehicle also sheared off a street marker sign.

The vehicle was badly. damaged, but the driver was very lucky and was not injured. The northbound lanes were covered with concrete and had to be closed to traffic until City Roads cleaned up the debris.

Edison is responding to replace the street light pole. The northbound lanes from Eucalyptus were closed until about 7:00 AM. Neither alcohol nor drugs appear to be a factor in this collision.

Subject: Homicide on Le Mans - update

Good morning,

On 9-21-13, Central Homicide Investigators, supported by MVPD Volunteers and 12 MVPD Explorer Scouts searched a field near the intersection of Cottonwood and Moreno Beach in hopes of finding the murder weapon allegedly discarded by the suspect. After only 15 minutes of searching, the handgun was located and collected as evidence.

The recovery of the handgun will be important to the case when it comes to trial. Good work by MVPD Volunteers and Explorers.

Subject: Homicide

Good morning,

About 2:00 AM this morning, Officers responded to the area of Brodiaea and Linnett reference a man down in the street. They arrived and located a male victim suffering from unknown trauma. He was transported from the scene by ambulance but was soon pronounced. deceased by medical professionals.

The Sheriff's Central Homicide Unit, MVPD Detectives, and MVPD Volunteers are all en route to the crime scene. I will update you later this morning when more details become available.

Subject: Homicide on Brodiaea - update

Good morning,

The incident I reported to you earlier this morning has been confirmed to be a homicide. The victim appears to have sustained gunshot wounds. He was transported to the hospital, but did not survive his injuries.

The victim's identity has not yet been confirmed, but he is believed to be a 22 year-old resident of Moreno Valley. We are awaiting confirmation of his identity from the Coroner's Office.

The Sheriff's Central Homicide Unit is the primary investigating agency. MVPD Investigations and the SET Gang Unit are providing assistance.

Brodiaea is closed to all traffic between Kings Way and Indian while the investigation is being conducted.

Subject: WEST PACT activity - August

Good morning,

The MVPD representative on the WEST PACT AB 109 compliance team brought the team to Moreno Valley on 4 separate occasions during the month of August 2013. The team conducted 28 parole/probation/PRCS compliance checks and made 8 felony arrests. Arrests included drug sales, violation of probation, violation of parole, felony arrest warrants, and one registered sex offender out of compliance with the terms of his registration.

It's hard to believe, but the Employee Giving Campaign begins next week, October 1! We look forward to another amazing campaign with Breakfast Burritos, Denim Days, Earrings with Margaret Williams, Bunco, Department Feud, Silent Auction, Executive Lunch, Snack Basket, and...Chili Cook off! All events give us a chance to share fun times with co-workers in support of a worthy cause.

Our kick-off event is BREAKFAST BURRITOS on Thursday, October 3, 2013, from 8:00 a.m. to 9:00 a.m. in the **City Hall Break Room**.

We need your generous donations to make this event a success. Please contact GINA HENDERSON or LIZ PLAZOLA if you can donate any of the items below:

- Tortillas (GRANDE size only please, smaller sizes too hard to roll)
- Eggs
- Cheese
- Salsa
- Potatoes
- Bacon
- Sausage
- Beans
- Juice in cans or plastic bottles
- Fruit

Thank you for supporting the 2013 Employee Giving Campaign.

Subject: Employee Giving Campaign 2013

It's hard to believe, but the Employee Giving Campaign begins next week, October 1! We look forward to another amazing campaign with Breakfast Burritos, Denim Days, Earrings with Margaret Williams, Bunco, Department Feud, Silent Auction, Executive Lunch, Snack Basket, and…Chili Cook off! All events give us a chance to share fun times with co-workers in support of a worthy cause.

Our kick-off event is BREAKFAST BURRITOS on Thursday, October 3, 2013, from 8:00 a.m. to 9:00 a.m. in the **City Hall Break Room**.

We need your generous donations to make this event a success. Please contact GINA HENDERSON or LIZ PLAZOLA if you can donate any of the items below:

- Tortillas (GRANDE size only please, smaller sizes too hard to roll)
- Eggs
- Cheese
- Salsa
- Potatoes
- Bacon
- Sausage
- Beans
- Juice in cans or plastic bottles
- Fruit

Thank you for supporting the 2013 Employee Giving Campaign.

This message has been approved by the City Manager.

CONSENT CALENDAR

Item #	Comments
6B	**Ridership Report** – 5.7% increase from July 2012. 3.9% increase from August 2012. Worthwhile to note that most of the routes that serve Moreno Valley showed increased ridership. Moreno Valley residents continue to be served well.
6C	**On Time Performance** – Improved from 91% to 93% comparing July 2012 to July 2013 and 88% to 90% comparing August 2012 to August 2013. Moreno Valley residents continue to be served well.
6G	**Productivity Improvement Program** - Hit 6/8 PIP targets @ systems-wide level in July and all 8 PIP targets in August. Moreno Valley residents continue to be served well.

Notes: _____

_____

_____

DISCUSSION CALENDAR

Item #	Comments
7	**Free Bus Rides on New Year's Eve -** Staff recommends to support. Encourages transit ridership by potentially impaired drivers, thereby reducing DUI related traffic collisions. Provides direct benefit to Moreno Valley residents that utilize the transit system.
8	**Authorization to Submit the 2013 Title VI of the Civil Rights Act of 1964 Program Report to the FTA -** Staff recommends to support. Required as a component of FTA Circular 4702.1b and ensures all Moreno Valley residents are given the same level of service for transit usage.
9	**Ratify the 2013 Multi-Funding Call for Projects Grant Applications Submitted to the RCTC under the CMAQ Funding Program** - Staff recommends to support. If successful, grants would provide direct benefit to Moreno Valley residents that utilize transit services. The benefits would be derived through a BRT option in Riverside and ITS that will enhance transit service through improved on-time performance, smart phone applications, on-board Wi-Fi, and real-time traveler information dissemination.

Issue:	**Park Maintenance**
Council District:	

City of Moreno Valley

Council Summary

Issue Description:	Please investiigate on behalf of Council Member Stewart, contact Mr. Pinkston, and advise the outcome. 8/28/13: Mr. Pinkston emailed Council Member Stewart: My name is Stanley Pinkston. I live at 10482 Valley Crest Circle. I am a Canyon Springs Little League coach. I have been practicing at the park by Hidden Springs elementary school for the past few seasons. I am requesting Parks & Rec to PLEASE fix the back stop on the field on the north side of the park. The back stop had a very large hole in it. There is also a peice of metal sticking out at the bottom of the structure. The metal is used to tie the bottom of the screen to the frame. These are safety hazzards to all of the kids that play at the park at any time. I have mentioned this to other coaches that have practiced at the park in the past. This condition has been this way for 7 years based on these discussions. So please, for the safety of the kids, repair this screen as soon as possible. Thank You, Stanley Pinkston

Subject: Library Commission Openings
Attachments: September 13.doc; Library Commission.DOC

Dear Moreno Valley Friends of the Library Board Members:

I'm contacting you on behalf of Mayor Tom Owings to ask your assistance to recruit applicants for the Library Commission. The City is accepting applications for four Library Commission positions – two terms expiring June 2015 and two terms expiring June 2016. Attached is the Notice of Openings and Library Commission application.

The success of the Friends of the Library is a reflection of your skills and talent. As a Board Member you have a greater understanding of the needs of the library. If you have not already done so, please consider applying for the Library Commission; and if you are aware of anyone who may be interested in volunteering to serve on the Commission, please provide them an application.

Thank you very much for your time and commitment to the Friends of the Library. Your continuous support and volunteer time to purchase books and equipment, and sponsor educational programs for the library is greatly appreciated by the Mayor and City Council, staff, and citizens of Moreno Valley.

If you have any questions, please contact the City Clerk's office at [redacted].

Thanks,

Cindy

CITY OF MORENO VALLEY
NOTICE OF BOARD AND COMMISSION OPENINGS

NOTICE IS HEREBY GIVEN that the City of Moreno Valley is now accepting applications for various City Council advisory boards and commissions. The appointees shall be bona fide residents of the City of Moreno Valley at the time of appointment and throughout their incumbencies and will serve without compensation for designated terms. In addition, the appointees shall attend at least one meeting prior to the appointment (This requirement does not apply to the Accessibility Appeals Board).

ACCESSIBILITY APPEALS BOARD
2 terms – June 30, 2016
Physically Challenged Representative
1 term – June 30, 2014
Construction Representative
1 term – June 30, 2015
Public Representative

ARTS COMMISSION
1 term – June 30, 2016
1 term – June 30, 2015
The appointment to the Arts Commission will be made by the City Council
Interviews may be conducted with selected applicants.

ENVIRONMENTAL AND HISTORICAL PRESERVATION BOARD
3 terms – June 30, 2016

LIBRARY COMMISSION
2 terms – June 30, 2016
2 terms – June 30, 2015

The appointments to the Library Commission will be made by the City Council
Interviews may be conducted with selected applicants.

PARKS AND RECREATION COMMISSION
3 terms – June 30, 2016

RECREATIONAL TRAILS BOARD
3 terms – June 30, 2016

SENIOR CITIZENS' BOARD
3 terms – June 30, 2016
2 terms – June 30, 2014
1 term – June 30, 2015

TRAFFIC SAFETY COMMISSION
2 terms – June 30, 2016
1 term – June 30, 2014

The Accessibility Appeals Board shall conduct hearings on written appeals regarding Title 24 accessibility issues brought by any person aggrieved by enforcement action taken by the Building Division of the Community Development Department of the City of Moreno Valley, and render decisions regarding accessibility "hardship" cases as prescribed by the State's Title 24 Accessibility Regulations. Hearings shall be held within 30 days of receipt of an appeal.

The Arts Commission considers matters pertaining to the planning for the arts in the City; facilitating interaction among artists; promoting arts activities and education; researching grants for arts and culture and making recommendations for the City Council; encouraging service organizations and/or other governmental agencies to propose, finance, and give public arts projects to the City. Meetings are scheduled on **the fourth Wednesday** of each month at 6:30 p.m., Conference and Recreation Center, 14075 Frederick Street.

The Environmental and Historical Preservation Board considers matters pertaining to the preservation of the City's heritage and cultures, including the designation of landmarks and review of all restoration, rehabilitation, alteration and demolition projects in preservation areas; and matters of environmental concern, including matters pertaining to hazardous materials and waste within or affecting the City. Meetings are scheduled on the second Monday of each odd-numbered month at 7 p.m., City Hall - Council Chamber, 14177 Frederick St.

The Library Commission considers all matters pertaining to the administration, operation, development, improvement and maintenance of library services within the City of Moreno Valley. Meetings are scheduled on the third Thursday of each month at 7:00 p.m. Meeting location: Moreno Valley Public Library, 25480 Alessandro Blvd.

The Parks and Recreation Commission considers matters pertaining to the administration, operation, development, improvement and maintenance of parks, recreation facilities, and parks and recreation programs within the City. Meetings are scheduled on the second Thursday of each odd-numbered month at 6:00 p.m., Conference and Recreation Center, 14075 Frederick Street.

The Recreational Trails Board considers matters pertaining to single-use and multi-use recreational trails, including bicycle, jogging and equestrian trails within or affecting the City. Meetings are scheduled on the fourth Wednesday of each odd-numbered month at 5 p.m., Senior Community Center, 25075 Fir Avenue.

The Senior Citizens' Board considers matters pertaining to senior citizens, senior citizens programs, including policies for the Moreno Valley Senior Community Center. Meetings are scheduled on the third Monday of each month at 3 p.m., Senior Community Center, 25075 Fir Ave.

The Traffic Safety Commission considers matters pertaining to traffic safety within the City; evaluates proposals for traffic control devices; and evaluates the need for striping, signing or other measures not of a regulatory nature. The Commission educates the public on traffic issues and responds to public concerns regarding traffic and pedestrian safety. Meetings are scheduled on the first Wednesday of each month at 6:00 p.m., City Hall - Council Chamber, 14177 Frederick St.

The City Council encourages residents to apply for these positions. Applications are available on the City Web site at http://www.moreno-valley.ca.us/city_council/commissions.shtml and at the City Clerk's Department, located at 14177 Frederick St., Moreno Valley, California, during regular business hours (7:30 a.m. to 5:30 p.m., Monday through Thursday). For further information, please call 951.413.3001.

Applications must be received in the City Clerk's Department no later than 5:30 p.m., Monday, September 30, 2013.

Jane Halstead, CMC, City Clerk
City of Moreno Valley, California

Subject: new City Council Member

City staff: tonight the City Council took action to fill the vacancy in Council District 4. They appointed Dr. Yxstian Gutierrez to serve the remainder of the unexpired term (through Dec. 9, 2014.) Dr. Gutierrez is a teacher in the Moreno Valley Unified School District and many City Hall staff may know him as the former owner of Berrybean Café.

I know you join me in welcoming Dr. Gutierrez and wishing him all the best.

Tom,

Mr. Sadler resides at 1197 Bonnie View Avenue. Mr. Sadler stated there is about a 2 acre area of pot growing in a secluded area off Redlands Blvd. He stated there are tractors, campers and pit bulls there, and he was told by the people there they had city permits to grow the pot. He stated he has called the police six times, including Narcotics three times, and he has not received a call back. I transferred him to Chief Ontiveros, but I told him I would also send an email to you.

Development Services Team:

Thanks for all your hard work and commitment to providing great customer service.

Jake LeBlanc, project manager for the 1.5 million square foot Panattoni logistics project at the SWC of Indian Street and Iris Avenue, is providing a pizza lunch this Friday to thank everyone involved in processing his project which pulled building permits this week.

From project submittal to issuance of a certificate of occupancy, I suspect that all of you will have touched this project in some way.

Congratulations! Keep up the good work.

Sincerely,

John

John,

I really appreciate all of the support from you and your staff. You and your team are truly first class. We are thoroughly impressed. To say thank you, I ordered pizza, breadsticks, and drinks for you and your staff. The pizza will arrive this Friday at 11 AM. Once again, thank you for everything.

Have a great evening.

Development Services Team:

Thanks for all your hard work and commitment to providing great customer service.

Jake LeBlanc, project manager for the 1.5 million square foot Panattoni logistics project at the SWC of Indian Street and Iris Avenue, is providing a pizza lunch this Friday to thank everyone involved in processing his project which pulled building permits this week.

From project submittal to issuance of a certificate of occupancy, I suspect that all of you will have touched this project in some way.

Congratulations! Keep up the good work.

Sincerely,

John

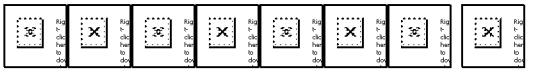
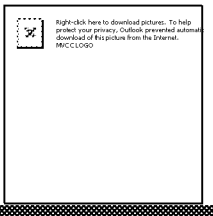
Subject: FREE Webinar - What Healthcare Reform Means for Your California Small Business

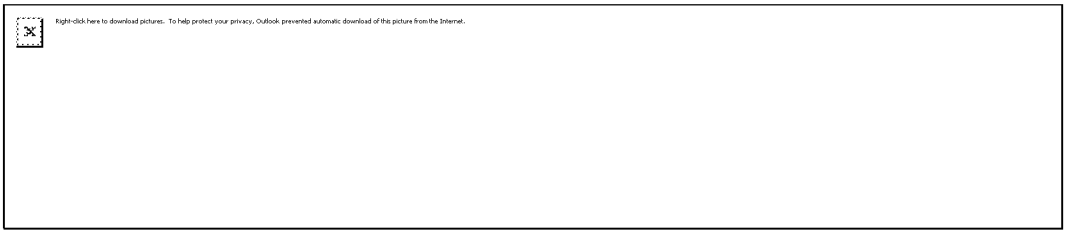




Moreno Valley Chamber of Commerce

You're Invited: Free Webinar Series

What Healthcare Reform Means For Your California Small Business



What Healthcare Reform Means For Your California Small Business

Join us for this webinar series discussing the new healthcare law - the Affordable Care Act - and what it means for California small businesses. We will focus on the key federal and state provisions impacting small businesses and what new health insurance options will be available beginning October 1st. Topics Include:

- Covered California - a one-stop shop online health insurance marketplace where small businesses and the self-employed can shop for health coverage for their needs and budget
- Small business tax credits (available to businesses and non-profits) - who is eligible for them and how to claim them
- New consumer protections
- How the law contains health insurance costs
- Employer and individual shared responsibility
- Tools and resources available for small businesses

A question and answer period will follow.
For more information in advance of this series please visit the Covered California Website.
And you can sign-up HERE to be contacted by a certified agent after October 1st to discuss your health insurance options.

Subject: Negligent discharge of a BB gun, minor injury

Good evening,

Today about 8:00 AM, an 11 year-old male Badger Springs Middle School student reported that he had been hit by a BB while waiting at a bus stop at the intersection of Alessandro and Chagall. The victim was able to identify the juvenile suspect who discharged the BB gun. The suspect, also an 11 year-old Badger Springs student, was purportedly in his front yard shooting at birds with a BB rifle when an errant BB struck the victim, causing a minor scratch to his eyebrow. The SRO investigated and found the suspect and the BB rifle at a residence on Chagall Ct. The juvenile suspect was released to his mother and the BB rifle was taken as evidence. A report will be forwarded to the Juvenile DA for possible prosecution.

Good afternoon,

Please see attached photos and press release. This is just one of many programs designed to increase driver awareness and decrease injury and fatal accidents in the city. The operation only lasted one hour, but more than a dozen motorists failed to see the giant Gingerbread Man using the cross walk.

RIVERSIDE COUNTY SHERIFF'S DEPARTMENT

Sheriff Stanley Sniff

Station
Moreno Valley
Agency
Moreno Valley Police

Press Release:

Type of Incident:	Pedestrian Decoy Program		
Date Written:	September 26, 2013	**Time Written:**	11:15 AM

Date of Incident:	September 26, 2013	**Time of Incident:**	8:00 AM – 9:00 AM
Location of Incident:	Eucalyptus Avenue x Running Deer Road		
Reporting Officer:	Sergeant Bill Guimont		
File Number:	Various		

Details:

In response to complaints from the public and local crossing guards, the Moreno Valley Traffic Team conducted a Pedestrian Decoy Program today. The Department has received numerous complaints regarding motorists not stopping for pedestrians in various crosswalks and intersections throughout the City. These intersections are utilized for students walking to and from local schools in the area. The California Vehicle Code requires motorists to yield to all pedestrians in a crosswalk.

Today's operation was conducted at Eucalyptus Avenue X Running Deer Road. This operation is just one aspect of the Department's Directed Enforcement Program. This program utilized an undercover police officer walking in the crosswalk. In previous operations many of the motorists stopped for these violations said they never saw the pedestrian in the crosswalk. In an effort to make our pedestrian more visible, he was dressed today in a large "Gingerbread Man" outfit. Many motorists who were stopped today said they never saw the "Gingerbread Man" in the crosswalk. Our goal is to make motorists more aware of their surroundings and to be vigilant while driving, especially near schools and crosswalks.

Today during our decoy program, 13 motorists received citations for "failing to yield to a pedestrian in a crosswalk", and 7 motorists received citations for other traffic related violations.

This program is scheduled to run throughout the year at various locations throughout the city. For additional information the Moreno Valley Police Department Traffic Division may be reached at [redacted]

The Riverside County Sheriff's Department is seeking applicants for Deputy Sheriff, Deputy Sheriff Trainee, Correctional Deputy, Sheriff's 911 Communications Officer, and other employment opportunities such as clerical and support positions. Subject: City Council Appoints Dr. Yxstian Gutierrez to Fill Vacant Seat

Moreno Valley Chamber of Commerce

Dr. Yxstian Gutierrez Appointed to City Council

The Moreno Valley City Council has appointed Dr. Yxstian Gutierrez to fill the vacant City Council seat representing District 4.

Council Member Gutierrez is a Special Education Resource Specialist Teacher in the Moreno Valley Unified School District. He is also an Adjunct Professor of Reading at Moreno Valley College.

A graduate of Moreno Valley's Valley View High School, Council Member Gutierrez earned his Associate Degree at Moreno Valley College, his Bachelor's Degree from California Baptist University, a Master's Degree from American InterContinental University and a Doctoral Degree from Northcentral University.

Council Member Gutierrez owned and operated the Berrybean Café in Moreno Valley until its sale earlier this year and has been a member of the Moreno Valley Chamber of Commerce and the Moreno Valley Hispanic Chamber of Commerce.

Subject: Robbery/Assault with injuries - Arrests

Good evening,

On Wednesday 9-25-13, about 4:24 PM, officers responded to a reported robbery and assault at the Warehouse Shoe Store at 14070 Perris Blvd. The victims reported that two black male adults entered the business with two black male juveniles between the ages of 8 and 10. The suspects separated as soon as they entered the store with the children going to the shoe section and the adults going to the clothing section. The children selected new shoes and put them on while the adults selected several items of clothing. All four subjects met up at the front of the store and attempted to exit the store without paying for the merchandise. The store security officer attempted to prevent them from stealing the merchandise, but the children ran to a vehicle parked just outside the store. One of the adult suspects attacked the security officer, punching him repeatedly and causing him to fall to the ground unconscious.

With suspect and vehicle descriptions provided by witnesses, an officer at the station began checking the Citywide Camera System. The officer was able to locate recorded footage of the suspect vehicle leaving the area westbound. The store manager notified other Warehouse Shoe Stores in the surrounding area of the incident and provided them with descriptions of the suspects and vehicle. About 6:30 PM, the store manager of the Warehouse Shoe Store located at Van Buren and Jackson in the City of Riverside called the Moreno Valley store and indicated the suspects were now at his store and the vehicle was parked outside. MVPD officers investigating the robbery contacted Riverside PD officers and asked for their assistance. RPD officers arrived at the Riverside store and detained the suspects without incident.

Both suspects were positively identified by witnesses and the property stolen from the Moreno Valley store was recovered. Additional apparent stolen property was recovered from the suspect vehicle. The suspects, identified as Bertrell Washington (34) of Riverside and Deontay Anderson (34) of Perris were arrested and booked on charges of robbery, assault with a deadly weapon (hands), and possession of stolen property. The juveniles were released to their mother. The security officer is in stable condition at a local hospital. The Robbery Suppression Team will conduct follow-up investigation to determine if these suspects are responsible for additional crimes in or out of the area.

REMARKS: MAYOR TOM OWINGS

SR 60/ Moreno Beach Eastbound Ramps and

Eucalyptus Avenue Punch-Through Ribbon Cutting

I am so proud to be celebrating the accomplishments achieved in Phase 1 of this project with the opening of the new on and off ramps and traffic signal at Moreno Beach and the punch through of Eucalyptus Avenue. I have looked forward to this for quite some time.

As a major part of the City's Economic Development Action Plan, the improvements we've constructed here are absolutely necessary for the continued development of this area of Moreno Valley. Those of us who use this intersection daily know that Moreno Beach drivers are going to and from home, work, shopping, and dining in this growing region of Moreno Valley. Plus, these ramps provide critical access to major healthcare facilities in Moreno Valley.

The former one-lane ramps created a choke point for traffic trying to access the freeway at Moreno Beach. With the investment in the more efficient diamond-design on and off ramps and traffic signals, the City supports continued growth, employment, and a boost in general fund revenues from property, utility, and sales taxes. This City Council is dedicated to investing in infrastructure to encourage business growth and to enhance our citizen's quality of life!

We can see that with the prioritization of this project, as it improves traffic flow and access to the surrounding shopping centers and the Auto Mall, empty retail space has begun to be filled! As you know, the City recently welcomed a 40,000 square foot LA Fitness that assumed the former Circuit City and Staples spaces. I look forward to watching the benefits unfold as the City is now better positioned to attract more retailers.

Just a few final thoughts:

I want to thank Caltrans and the Riverside County Transportation Commission for their continued partnerships in improving transportation in Moreno Valley.

Thank you, Ahmad and staff for always doing a great job for Moreno Valley residents.

And God bless the Great City of Moreno Valley

Subject: DUI collision with injuries - road closure

Good morning,

Officers just responded to an injury collision on eastbound Cactus between Elsworth and Veterans Way. On arrival, they located two badly damaged vehicles occupied by a total of three people. The victim vehicle was occupied by two females. The suspect vehicle was occupied by one 21 year-old male adult.

Preliminary investigation reveals the male driver was driving eastbound on Cactus when he collided into the rear end of the victim vehicle. The victim vehicle apparently was forced into the center median and may have rolled over one ore more times. The victims sustained what appears to be non-life threatening injuries and were transported to RCRMC for treatment. The suspect was not significantly injured, but his preliminary blood alcohol content appears to be in excess of 0.15%, or almost twice the limit of 0.08%.

The eastbound lanes of Cactus are closed from Elsworth to Veterans and will remain closed for about another 60 to 90 minutes while the scene is processed. The suspect was purportedly celebrating his 21st birthday prior to the collision. He will be booked into RPDC on felony DUI charges as soon as he is medically cleared for booking.

Joel

Solar panels can add more than just value to a home. They help reduce air pollution and greenhouse gases by lowering the use of coal and natural gas for power generation. Home solar power can also lead to long-term energy savings by cutting down on electricity costs.

I am not available on Oct 18 (out of town)
Nov 8th is NOT a Thursday it is a Friday.

I would prefer a Thursday or another day other than Friday

Let me know if any Thursdays will work

Student of the Month

Looking For A Place To Make A Difference
Sponsorship Opportunities Are Available

Student of the Month Luncheons

Wednesdays at 11:30 a.m.
MVUSD Board Room

- October 9
- November 13
- December 11
- January 15
- February 12
- March 12
- April 14

Student of the Year Dinner
Friday, May 9
6:00 p.m.
Val Verde High School

Sponsorships

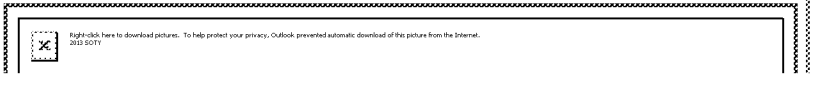
Thanks to the generosity of a wonderful business community, we can look forward to another year of celebrating student success through the "Student of the Month" Program.

Student of the Month Program honors students from 10 High Schools in the Moreno Valley and Val Verde Unified School Districts each month.

The Program culminated with the Student of the Year Dinner in May, where 10 students (1 per High School) are awarded a scholarship for $1000.

Students are chosen based on criteria including academic performance, sports, community involvement and overall improvement

The "Student of the Month" luncheons will be held at the Moreno Valley Unified School District's Office, 25634 Alessandro Boulevard, Moreno Valley. The cost of the luncheons is $15 per month.



Sponsorship levels are as follows:

- Diamond level $1000 and above
- Ruby $999 to $500
- Emerald $499 to $250
- Pearl $249 to $100

Please make checks payable to MVCC Education Committee

	Resolution Information

Randall Metz, Fire Marshal, 08/28/13.

The property at 13931 Elsworth is part of the city's State Mandated Multi-Family Residential Housing Inspection Program. Since the fire department did not have adequate owner contact information, an inspection of this four building complex was performed on 7/11/2012. Property manager information was received from an on-site tenant and a message was left on his voice mail to contact the fire department.

On 7/16/2012 the property manager Steve was again contacted with no answer and voice message left to contact the fire department.

On 7/19/2012 the Inspector again contacted Steve and was able to speak with him. He provided the correct owner address for the property, and the inspector advised that he would mail the correction notice to him. Reinspection was set up for 8/23/2012 at 3:15 p.m. with Steve.

On 7/23/2012 a reinspection letter and correction notice was mailed to Steve.

On 8/02/2012 Steve contacted the inspector asking if they could meet on site to discuss violations related to electric meters and security bars. The inspector arranged a site meeting for 8/6/2012 at 9:00 a.m. with Steve.

On 8/6/12 Inspectors met with Steve on site and went over violations. Steve was unaware of the electrical issues at that time. He was advised that reinspection will occur on 8/23/2012.

On 8/23/2012 there was a reinspection with Steve. Corrections are still pending. Reinspection scheduled for 9/27/2012.

On 9/27/2012 it was reinspected as scheduled with no property owner present. All violations cleared. Fire Prevention has not had any scheduled or unscheduled inspections at this location since 9/27/2012.

Case Information

Issue Category: Fire Prevention

Issue: **Inspection**

Council District: 5

Issue Description: Please investigate Mr. Wang's concerns on behalf of Council Member Baca. Council Member Baca will meet with Mr. Wang once she has the CRM response. There will be two CRMs with this case.

*****

Mr. Wang stated there was a fire inspection on his property, and he was not notified of it.

Incident Description

On September 29, 2013 at 0708, Moreno Valley firefighters responded to a reported gas explosion at 13373 Perris Blvd. The first engine to arrive at scene discovered broken glass and a front door blown out of the bakery. All four occupants of the bakery whom were inside the business at the time of the explosion, were found to have safely evacuated prior to the arrival of the fire department. Fire department personnel assessed the scene, secured the utilities, both gas and electrical. One other adjacent suite was found to have minor damage and unoccupied at the time of the explosion, All occupants were evaluated for injuries and only one had any complaints. After being evaluated by Fire Department Firefighter/Paramedics, all potentially injured occupants denied further treatment or transport to a hospital. Moreno Valley Building and

Incident Description

On September 29th 2013, at approximately 11:31A.M. Units from the Moreno Valley Fire Department were dispatched to the listed address for a reported structure fire. When units arrived at the scene, the report given was light smoke coming from the front of a single story, single family structure. Prior to our arrival, civilians had broken the glass out of the front of the structure where the main body of the fire was and attempted to extinguish the with a garden hose but were unsuccessful. Moreno Valley Fire Department units arrived and after establishing interior operations of search, ventilation and extinguishment, the fire was quickly contained to the front living room area of the structure. There was no extension to any other rooms of the residence. The owners/tenants of the residence were not home at the time of the incident. The Gas and electricity

Business Name: SoCal Physician's Financial Title: Owner/Financial Advisor

Address: 901 Via Piemonte, Suite 210

Ontario, CA 91764

What other areas of interest do you have in our City government?

I would eventually like to run for city council and possibly mayor should the city move to an elected mayor system. Also, I am interested in committees that would deal with the safety of the residents of Moreno Valley.

List any education, training, or special skills, you have which may be relevant or of particular use to this Commission:

I have an MBA, BS in Finance. I complete a program offered by The Pick Group called Board Development Training.

I am a financial advisor and have a strong grasp of financial issues.

List any employment, volunteer work, or membership in a service/community organization that you have served on, or are now a member of. Please provide the name(s) of the agency(ies) and dates served:

I am a financial advisor and have a strong grasp of financial issues. I was president of PIHRA District 11 for one year. I was on the board as a member at large for The Pick Group for two years.

How long have you resided in Moreno Valley? 4 years

Would you be available for meetings during the day ☑ or evening? ☑

Why do you wish to serve on this Commission?

Since deciding that Moreno Valley will be my long-term home and having my first child I have become extremely interested in helping shape the future of our city. My mom has lived in Moreno Valley for nearly 10 years and in that time I have seen many ups and downs for the city. I want to part of the solution that helps make Moreno Valley a leader within Riverside County and all of California.

Explain briefly your understanding of what this Commission does, including its powers and limitations.

The commission reviews and makes decision on the future development and zoning for the city of Moreno Valley. It is my understanding that the commission can only make minor decision itself, but the main objective is to advise the city council on decisions that need to be made and how they will impact the city. Decisions would be related to future development projects, streets, and other areas of the city that are impacted by new construction and renovation of old buildings.

Have you attended any meetings of this Commission? If so, how many?

No

What do you hope to accomplish by your participation?

I hope to bring a new perspective to the commission. I want to be the voice of the younger generation that lives within Moreno Valley. I am hoping that through my participation I can help Moreno Valley be a better city for my child to grow up in. Additionally, I hope to gain valuable experience that will help prepare me to run for city council in the future.

Have you ever been convicted of a felony? Yes ☐ No ☑

If yes, please explain briefly: _____

I hereby give my consent that the City may obtain and review, on a confidential basis, such information regarding me as may be contained in the California State Summary Criminal History and in records of the California Department of Motor Vehicles. Yes ☑ No ☐

For City Clerk's Use
Stamp Date and Time Received

The Planning Commission considers matters pertaining to development and zoning within the City and has decision-making authority pursuant to the Government Code of the State of California. Meetings Schedule: Second and/or Fourth Thursday of each month at 7 p.m., City Hall - Council Chamber, 14177 Frederick St.

Name: Thomas Thomsley

Home Address: 29177 Stevens Ave., Moreno Valley, 92555

CONFIDENTIAL INFORMATION

Home Phone No. [redacted] Driver's License No. [redacted]

Work Phone No. [redacted] Cell Phone No. [redacted]

E-mail Address: [redacted]

Business Name: _____ Title: _____

Address: _____

What other areas of interest do you have in our City government?

My primary interests are with the design and development of the built environment to assure the community has diverse opportunities for growth yet sustainability as expected through the General Plan and the development code. This also extends to park planning, trails, roadways, and open space. As a student of public administration I have concerns about management and budget principles that make for a balances and fiscally responsible community.

List any education, training, or special skills, you have which may be relevant or of particular use to this Commission:

I have a B.A. in public administration and 18 years experience as a city planner and three year in the private sector preparing environmental documents and specific plans. These jobs required the through review of development requested and decision making on their consistency with codes.

List any employment, volunteer work, or membership in a service/community organization that you have served on, or are now a member of. Please provide the name(s) of the agency(ies) and dates served:

City of Fontana 6/89 - 1/93

City of Sierra Vista 9/94 - 11/96

City of Loma Linda 11/96 - 6/97

City of Temecula 5/98 - 11/03 Webb Associates 5/05 - 10/08

How long have you resided in Moreno Valley? Fourteen years.

Would you be available for meetings during the day ☑ or evening? ☑

Why do you wish to serve on this Commission?

There is a great need to have commissioners that have an understanding of planning regulations, state law, and developer expectations. Having worked in the field for almost 22 years I have full understanding of these principles and a desire to serve and represent the citizen of the city to assure that they get the best of they can in the built environment we call home.

Explain briefly your understanding of what this Commission does, including its powers and limitations.

Planning commissioner are responsible for reviewing development proposal and planning regulations of their community. With development proposal they are to consider the merits of a project in relation to the planning regulations, CEQA law, and city standards. They have the power to approve, deny, or condition project proposals within the scope of planning law. They also have the ability to request consideration of improved or modified regulations but can not impose these items until they are adopted as city regulations or standards.

Have you attended any meetings of this Commission? If so, how many?

Yes, many times as a citizen and a staff member. Community resident 20+ times.

What do you hope to accomplish by your participation?

I would hope to bring my experience and a broader view to the commission. At time it seems that commissioner don't grasp the planning concepts at play with certain development proposal and they make comments causing one to wonder if they truly know how to apply the standards or what relevant questions they should be asking. It seems that the make up of the current commission is of the same mind set and I would like to engage them to think out of the box or at least view it differently.

Have you ever been convicted of a felony? Yes ☐ No ☑

If yes, please explain briefly: _____

I hereby give my consent that the City may obtain and review, on a confidential basis, such information regarding me as may be contained in the California State Summary Criminal History and in records of the California Department of Motor Vehicles. Yes ☑ No ☐

I hereby agree to attend all Commission meetings, unless excused, and understand I may be removed for lack of attendance, pursuant to Municipal Code, Subsection 2.06.010(C) which states, "If a member is absent without advance permission of the board or commission or the appointing authority, from three consecutive regular or from 25 percent of the duly scheduled meetings of the board or commission within any fiscal year, the membership shall thereupon become vacant and shall be filled as any other vacancy."

CERTIFICATE OF APPLICANT: I certify that all statements in this application are true and complete to the best of my knowledge. I understand that any false statements of material fact will subject me to disqualification or dismissal if appointed. I release the City of Moreno Valley from any liability for the use of aforesaid information.

Sexual Assault Victim Advocate, United States Air Force Reserves. 2009-Present

Employment- United States Air Force Reserves 2009- PRESENT, United States Air Force (ACTIVE DUTY) 1997-2008

How long have you resided in Moreno Valley? 19 Years

Would you be available for meetings during the day ☑ or evening? ☑

Why do you wish to serve on this Commission?

I have interest in joining the commision to assist Moreno Valley in planning for the future. and assist in settng our cities development direction. I would be honored to assist the commission in identifying community issues, direction of growth and project future demands and promoting our interest to the general public.

Explain briefly your understanding of what this Commission does, including its powers and limitations.

The Planning Commission oversees development and makes recommendations on matters concerning city zoning. From my understanding the commission votes and makes recommentdations to the City Council. The council may choose to follow the recommendations of the commissiion or not. They may also reverse or modify commission actions or send proposals back tot he commission for further review.

Have you attended any meetings of this Commission? If so, how many?

no

What do you hope to accomplish by your participation?

If I were selected to join the commision, I hope to contribute by providing a perspective on decisions made from a Social Work perspective on how decisions impact individuals and communities. From economic issues,residential to business. Community "buy-in" is essential in continuing to make Moreno Valley a great place to live. I would be honored to be a part of that and would gather, analyze and recommend options to the City Council from a social perspective.

Have you ever been convicted of a felony? Yes ☐ No ☑

If yes, please explain briefly:

I hereby give my consent that the City may obtain and review, on a confidential basis, such information regarding me as may be contained in the California State Summary Criminal History and in records of the California Department of Motor Vehicles. Yes ☑ No ☐

I hereby agree to attend all Commission meetings, unless excused, and understand I may be removed for lack of attendance, pursuant to Municipal Code, Subsection 2.06.010(C) which states, "If a member is absent without advance permission of the board or commission or the appointing authority, from three consecutive regular or from 25 percent of the duly scheduled meetings of the board or commission within any fiscal year, the membership shall thereupon become vacant and shall be filled as any other vacancy."

Subject: Employee Giving Campaign 2013
Attachments: FLYER 2013.pdf; flyer.pdf; flyer.pdf

Today is the official kick off of the Employee Giving Campaign. We are very excited about the events we have planned for the month.

Our first event will be **BREAKFAST BURRITOS** Thursday, October 3, in the City Hall Employee Break Room. The cost is $5.00 for a burrito, juice and fruit. We'll begin serving at 8:00 a.m. If you'd like to donate an item, please contact Gina Henderson.

Our second event will be **DENIM DAYS** the week of October 7 – 10, 2013. Tickets are on sale now. ***Something new this year is a "no tie" provision.*** You can wear a business casual shirt and denim for $7.50 per day, or $20.00 for the week (what a deal!!!). If you prefer to wear your tie, tickets are $5.00 per day, or $15.00 for the week.

On October 10, 2013, **Margaret Williams** will be holding a class on how to make a beautiful pair of earrings. Please contact Margaret if you're interested.

Visit our website to view a calendar of all events http://seattle/moval/EmployeeGiving2013.shtml.

Please let me know if you have any questions.

Thank you for supporting the 2013 Employee Giving Campaign.

This message has been approved by the City Manager.

The Honorable Tom Owings
Mayor
City of Moreno Valley
14177 Frederick Street,
Moreno Valley, California 92553
tomo@moval.org

Dear Mayor Owings:

I am pleased to invite you to the Grand Re-opening of our Moreno Valley Food 4 Less store on Wednesday, October 2, 2013. This beautifully remodeled store, located at 24440 Alessandro Boulevard, offers enhanced product selection, services, and jobs to residents of this community.

Food 4 Less is the nation's largest price-impact supermarket chain. Our shopper-friendly stores offer consumers quality, selection and one-stop-shopping convenience at prices well below conventional supermarkets.

As a community leader, you are invited to take part in the following:

Food 4 Less Moreno Valley
Grand Re-Opening Celebration & Ribbon Cutting
Wednesday, October 2 -- 8:00 a.m.
Arrival time -- 7:45 a.m.

We hope you will be able to attend this grand re-opening celebration for our remodeled Moreno Valley Food 4 Less. Please confirm your attendance to Barbara Janeway at 310.884.4818 by Monday, September 30.

Sincerely,

Bryan Kaltenbach
President

Subject: Jose Godoy 951.640.7590 and Anthony Godoy 951.367.7024

Anthony and Jose Godoy are brothers who reside at 15429 Gemstone, in District 4. They requested to meet with the Mayor (prior to the District 4 rep being appointed) to discuss an incident with the Police Department. The Godoys stated the police department was looking for suspect and entered their home. The Godoys stated they advised the police officer there was no suspect in their home. They allege the police officer abused his authority when he entered their home, the officer did not leave when asked to leave, and the officer arrested Anthony Godoy for obstruction of an officer.

Please advise if you would like to meet with the Godoys. Invite Chief Ontiveros?

EMPLOYEE OF THE QUARTER, 2ND QUARTER 2013

The Facilities Division (Rix Skonberg, Alice Rod, Jasmin Rivera, Adam Patino, Daphne McKinney, Frank Kim, Hector Gomez and Javier Ponce) and the Technology Services & Networking Division (David Ebarra, Joe Lara, Nick Thouas, Robert Silva and Mark Kirks) have done an exceptional job with the move from City Hall to Annex 4 and back again for the renovation of the City Hall's 2nd floor. They have shown patience in dealing with everyone's requests for their individual work areas. All of those involved have responded with positive attitudes. They've met every circumstance with a smile and easy-going approach which helped decrease the stress and frustration of those moving. The Technology Services and Networking Division also did an outstanding job moving computers and running cable when staff was moved back and forth during the process. Again the team from TS was accommodating and extremely helpful.

Please join us in congratulating the Facilities and Technology Services & Networking Divisions in their successful collaboration as our Employees of the 2nd Quarter of 2013.

Thank you,

Liliana Alvarado

Subject: Home Invasion Robbery - Arrests

Good afternoon,

On 10-01-13 about 9:27 PM, officers were dispatched to a residence in the 22000 block of Scotia reference an attempted home invasion robbery. The victim, a 70 year old female, was home alone when she observed four males attempting to break into her residence. One was carrying a handgun. The victim yelled at the suspects and warned them she was armed and had called the police. Patrol officers arrived very quickly and encountered the suspects as they attempted to flee on foot. Officers established a perimeter around the area and took all four suspects into custody. The handgun used by the suspects, a loaded 9mm semi-auto pistol, was located and recovered close to where the suspects were taken into custody.

The suspects arrested are as follows:

Stevie Crumb (22) of San Bernardino
Alfonso Butler (21) of San Bernardino
Lavonte Crumb (20) of San Bernardino
Marian Parker (20) of Victorville

The victim was not injured and the suspects did not gain entry to the residence. The victim is a medical marijuana patient who grows her own medicinal marijuana. This may be why the victim was targeted by the suspects. All four suspects were booked into RPDC on charges of attempted home invasion robbery, conspiracy to commit robbery, being armed in the commission of a felony, elder abuse, and possessing a firearm with the serial number removed. Because of the violent nature of the crime, bail enhancements to $500,000 were requested for all four suspects.

Subject: School Burglary and Strong Arm Robberies - Multiple Arrests

Good afternoon,

On 9-29-13 about 7:13 PM, officers responded to Palm Middle School reference a burglar alarm. On arrival, they discovered a legitimate burglary with significant damage. Suspects stole two golf carts and used them to smash through a glass and metal door, causing extensive damage. One of the stolen golf carts was recovered a short while later, but the other remained missing.

On 9-30-13, officers responded to the area of Parkland X Heacock reference several juvenile males riding on a golf cart. On arrival, officers spotted the vehicle and suspects. The suspects abandoned the golf cart and fled on foot. After a foot pursuit and a search of the area, two juvenile male suspects were taken into custody. Further investigation by the Burglary/Robbery Suppression Team identified a third juvenile suspect. Additionally, the 17 year-old suspect confessed to three unsolved strong-arm robberies in the area of Hemlock x Perris. The 13 year-old suspect confessed to one strong-arm robbery in the area of Sunnymead Ranch x Old Lake Drive. All four robberies were committed against other juveniles and involved the theft of cellular telephones. BST/RST officers located one of the stolen cell phones at a local indoor swap meet and returned it to the victim. Both suspects were booked into Riverside Juvenile Hall on multiple felony counts.

On 10-01-13, RST/BST served a search warrant at an apartment in the 12200 block of Lamos Place reference the school burglary and theft of the golf carts. Nothing of evidentiary value was located and the third suspect was not home. Officers spotted the third suspect, a 17 year-old male, in the area of Hemlock and Perris. He fled on foot but was quickly apprehended. Under Miranda, he confessed to his part in the burglary and theft of the gold carts and implicated two of his co-conspirators. The suspect was booked into Riverside Juvenile Hall on charges of burglary, conspiracy, auto theft, and violation of probation.

RST/BST officers responded to a residence in the 12000 block of Orchid and contacted the two co-conspirators. The 14 and 16 year-old brothers confessed to their stealing and riding in the gold carts with the other suspects. Charges will be sought against these two suspects via the Juvenile Court. All suspects involved in the burglary of Palm Middle School and theft of the golf carts have now been identified, arrested, and/or charged for this crime.

Subject: Stolen Vehicle Recovered - Chop Shop Discovered

Good afternoon,

Today about 12:00 PM, officers homed in on a Lojak hit in the area of Iris and Perris Blvd. The vehicle in question had been reported stolen to Riverside Police Department 20 minutes earlier from the Walmart parking lot on the west side of Day Street. The Sheriff's helicopter and MVPD ground units searched the area using Lojak tracking equipment and soon spotted the stolen vehicle leaving a residence in the 24000 block of Iris Avenue. The stolen vehicle was stopped and one suspect was taken into custody after a brief foot pursuit. A second suspect was contacted at the residence and detained for further investigation. Officers discovered two additional stolen vehicles inside a barn/garage on the property. Both vehicles were in the process of being stripped. The Riverside Auto Theft Interdiction Detail (RAID) assumed the investigation. Both suspects will ultimately be booked into RPDC on multiple charges including vehicle theft, possession of stolen property, and possession of methamphetamine. The investigation is continuing and may lead to additional arrests and seizures.

Subject: Home Invasion Robbery

Good afternoon,

Today about 12:43 PM, officers were dispatched to a residence in the 14000 block of Morningside Drive reference a home invasion robbery just occurred. On arrival, they contacted the victim, a 61 year-old Hispanic female. She reported that after returning home from the grocery store today, she heard a knock on her front door. She opened the door and was confronted by two Hispanic male suspects brandishing a handgun. They forced the victim into the residence, took her purse and other as yet unidentified property, and fled the area in a white 4 door sedan. The victim was not injured during the incident.

The Robbery/Burglary Suppression Team responded along with a Forensic Technician to process the scene and continue the investigation. The Citywide Camera System is being reviewed for possible leads on the suspects and their direction of travel after the robbery. I'll update you if more information becomes available.

Subject: RE: Tony Leung [redacted]

Cindy:

I spoke with Mr. Leung and provided him a status on the project from a City standpoint – informal discussions have occurred, but no formal plans have been submitted for review. Mr. Leung still requested to speak with the Mayor regarding the project – apparently, the proponents have been showing prospective investors in China a picture of the Mayor meeting with them (he spoke with Yahnel yesterday and confirmed that it was the Mayor in the picture). I said the Mayor may or may not call depending on whether he had any specific information to offer. Please let me know if the Mayor needs any other information.

Thanks,

John

Mr. Leung is visiting from San Francisco on behalf of an investor. He is questioning if the Quail Ranch Golf Course project is an active development and if it is a legitimate development. He referenced a similar project in China, that in the end, was determined not be a legitimate investment.

He requested to speak with you today if possible.

Thanks,

Cindy

Subject: Open Enrollment is going on now.....

Good morning,

The annual Open Enrollment period for Calendar Year 2014 is going on now through October 10, 2013. During this period, you can take the following actions (with an effective date of January 1, 2014):

- Enroll or change medical coverage
- Waive medical coverage (with proof of other medical coverage)
- Enroll, change or cancel dental coverage
- Update dependent enrollment in vision coverage
- Add or drop coverage for:
  - Spouse or registered domestic partner
  - Children (up to age 26 for medical, dental and vision)
- Select, change or cancel supplemental insurance coverage
- Enroll or re-enroll into the Flexible Spending Account (for qualifying health or dependent care expenses)
- Purchase additional Annual Leave (per terms of the City's Personnel Rules and Regulations)

Here is some additional key information to assist you with this year's process:

- **All open enrollment changes *must* be completed by Thursday, October 10, 2013.**
- You must re-designate Flex spending accounts and purchase of annual leave each year; any prior election for these benefits in 2013 cannot be carried into 2014.
- **To make the Open Enrollment process automated and streamlined this year, Benefit elections will be made online through the City's E-Suite application. All employees will login to E-Suite, to make their benefit changes.**

- Once the open enrollment period ends, Human Resources will generate a Benefit Confirmation Statement for each employee to review, sign and return to Human Resources.
- All open enrollment changes will be effective January 1, 2014.
- **The 2014 medical, dental and vision rates are attached to this email**

We remain committed to providing you with the assistance you need as you make important choices regarding Benefits for you and your family members. HR Staff members, along with a representative from Colonial Supplemental Insurance will be on-site the following days and times:

Thursday, September 26th	10:00 AM – 1:00 PM 2:00 PM – 4:30 PM	City Hall City Yard
Thursday, October 3rd	10:00 AM – 1:00 PM 2:00 PM – 4:30 PM	City Hall City Yard

If you have any questions regarding your benefits or need any assistance making your open enrollment changes, please contact a member of your Human Resources team:

Bridgette Montgomery - [redacted] bridgettem@moval.org Kim Schmitz [redacted] kims@moval.org

We look forward to assisting you in accessing the full range of benefits provided to you as a City of Moreno Valley employee.

RE: City Council Appointment of Yxstian Gutierrez on September 24, 2013 in violation of the Brown Act

Greetings:

This letter is to call your attention to what I believe was a **substantial violation** of several central provisions of the Ralph M. Brown Act which jeopardize the finality of the action taken by the Moreno Valley City Council on September 24, 2013. I hereby submit this letter on behalf of concerned area residents and Residents for a Livable Moreno Valley.

At that meeting, the agenda item read: "G.1 Consider the Procedural Option to Fill the Vacancy on the Council in District 4 and Take Possible Action to Fill the Vacancy (Report of: City Attorney Department." The agenda recommendations stated the same. The Staff Report for this item cited the options of the City Council to fill the council vacancy: 1) appoint a successor for the unexpired term; or 2) call a special election to fill the vacancy. Gov. Code § 36512. There was zero discussion of potential candidates to fill the vacancy.

Yet, when this agenda item came up, it became apparent that an individual, Mr. Gutierrez, had already been considered and selected to fill this vacancy. Mayor Owings called for someone to make a motion to fill the City Council vacancy caused by the resignation of Councilman Co. Councilwoman Baca nominated Gutierrez, and Mayor Owings immediately called for a vote. Mayor Owings, Councilman Molina, and Councilwoman Baca voted to appoint Gutierrez, who was in the audience and who was immediately sworn in. Gutierrez was also there with a typed speech regarding the appointment.

Councilman Stewart rightly questioned how Gutierrez was selected, appointed, and came prepared with a typed speech given the allegedly impromptu nomination. It is clear that the nomination and appointment of Gutierrez was coordinated in private by the Mayor and two council members, without notice to or the knowledge of the public.

The action taken was not in compliance with the Brown Act for several reasons. First, there was no notice to the public on the posted agenda for the meeting that Gutierrez in particular would be discussed for appointment and/or appointed. Additionally, it appears that the action taken to appoint Gutierrez occurred prior to the September 24th hearing via secret meeting by a majority of the council including Mayor Owings, Councilman Molina, and Councilwoman Baca. There was no notice of this meeting and it quite obviously occurred outside of the public hearing, contrary to the Brown Act's presumption in favor of public access.

As you are aware, the Brown Act creates specific agenda obligations for notifying the public with a "brief description" of each item to be discussed or acted upon, and also creates a legal remedy for illegally taken actions—namely, the judicial invalidation of them upon proper findings of fact and conclusions of law.

Government Code Section 54952.2 defines a "meeting" as any congregation of a majority of members of a legislative body, and prohibits such a meeting from occurring outside of a public hearing where the matter discussed is within the subject matter jurisdiction of the legislative body. Such a wrongful meeting may occur through communications of any kind to discuss, deliberate or take action on any item of business that is within the subject matter jurisdiction of the legislative body. It appears that a meeting by Mayor Owings, Councilman Molina, and Councilwoman Baca occurred outside of a public meeting authorized by the Brown Act in which the Council discussed appointing Gutierrez to the vacant Council seat.

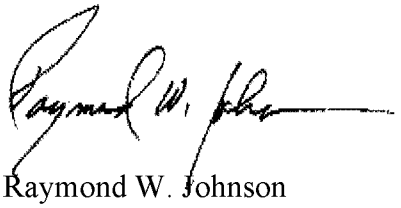
Government Code Section 54952.6, also defines "action taken" as "a collective decision made by a majority of the members of a legislative body, a collective commitment or promise by a majority of the members of a legislative body to make a positive or negative decision, or an actual vote by a majority of the members of a legislative body when sitting as a body or entity, upon a motion, proposal, resolution, order or ordinance." Again, it appears there was "action taken" here by a majority of the Council, Councilman Stewart excluded, in violation of the Brown Act.

Pursuant to Government Code Section 54960.1, I demand that the City Council of Moreno Valley cure and correct the illegal appointment of Yxstian Gutierrez.

Corrective action should include the formal and explicit overturning of any appointment made. The public should then be provided a full opportunity for a vote to fill the vacant council position. At a minimum, notice and a full opportunity for public comment regarding any such appoint to fill Co's vacant council seat must be provided. Moreover, any and all documents in possession of the City of Moreno Valley, the Mayor, and council members concerning any appointment must be made available to the public prior to any meeting concerning such appointment.

As provided by Gov. Code Section 54960.1, you have 30 days from the receipt of this demand to either cure or correct the challenged action or inform our office of your decision not to do so. If you fail to cure or correct as demanded, such inaction may leave no recourse but to seek a judicial invalidation of the challenged action pursuant to Section 54960.1, in which case I would seek court costs and reasonable attorney fees in this matter, pursuant to Section 54960.5.

Sincerely,



Raymond W. Johnson

Re: Demand to Cure Violations of the Ralph M. Brown Act and Government Code Section 34882

Dear City Councilmembers Owings, Molina, Baca, and Stewart:

On behalf of Basil Kimbrew, Radine Ramos Hiers, Deanna Reader, and numerous other Moreno Valley voters represented by our office, we write to demand that the City Council of Moreno Valley (the "Council") take immediate action to cure and correct the violations of the Ralph M. Brown Act, Government Code section 54950 et seq. (the "Brown Act"), and the California Elections and Government Code committed by members of the Council on and around September 24, 2013. The Council's abrupt and evidently predetermined appointment of Yxstian Gutierrez to complete the unexpired term of office of former councilmember Marcelo Co was accomplished without adequate public notice and without any meaningful opportunity for public comment; indeed, there was not even any opportunity provided for the Council itself to deliberate on Dr. Gutierrez's unexpected appointment. By its conduct, the Council majority demonstrated a disturbing contempt for democratic participation in a community already plagued by distrust of its public officials.

The Council's action in appointing Dr. Gutierrez to the city council violated both the spirit and the letter of the Brown Act, California's open meetings law. The Brown Act is intended "to facilitate public participation in local government decisions and to curb misuse of democratic process by secret legislation by public bodies." (*Cohan v. City of Thousand Oaks* (1994) 30 Cal.App.4th 547, 555.) These protections are founded on the precept that "[t]he people, in delegating authority, do not give their public servants the right to decide what is good for the people to know and what is not good for them to know. The people insist on remaining informed so that they may retain control over the instruments they have created." (Gov. Code, § 54950.) The Council majority's handling of the appointment of Dr. Gutierrez to fill the vacancy in the District 4 seat made a mockery of these fundamental principles of democracy.

Moreover, it has come to light that Dr. Gutierrez does not live in the council district from which Mr. Co was elected and whose unexpired term he was appointed to fill. Accordingly, under established California law, Dr. Gutierrez was ineligible to be appointed to that office or to continue to hold the position of Council representative for District 4. If his appointment is not rescinded, every action that the Council takes with his participation will be of questionable legality, and judicial action will be necessary to compel his removal from office.

We therefore request, pursuant to Government Code sections 54960.1 and 34882, that the City Council immediately take action to remedy its illegal conduct. Specifically, the Council must rescind its unlawful appointment of Dr. Gutierrez and address the vacancy on the Council through a properly noticed, open public meeting that permits full public discussion and council deliberation of this important issue and that results in a decision that conforms with all applicable provisions of law.

Violations of the Brown Act

(1) *A majority of the Council engaged in an unlawful secret meeting to discuss appointing a replacement for Mr. Co.* The cornerstone of the Brown Act is its requirement that meetings of legislative bodies to discuss public business must be properly noticed and, with narrow exceptions not relevant here, open to the public. It is therefore illegal for a majority of the members of the Council, outside of a properly noticed public meeting, to "use a series of communications of any kind, directly or through intermediaries, to discuss, deliberate, or take action on any item of business that is within the subject matter jurisdiction of the legislative body." (Gov. Code, § 54952.2, subd. (b)(1).) Our clients are aware of at least two nonpublic communications that occurred between councilmembers concerning whether to appoint someone to fill the District 4 seat left vacant by Mr. Co's resignation. Together, these conversations constituted an unlawful secret meeting by a majority of the members of the City Council in violation of the Brown Act.

The issue of whether to appoint someone or, alternatively, to hold a special election to fill former Councilmember Co's 4th District seat is indisputably an item of public business within the Council's jurisdiction. Indeed, this precise issue was agendized for discussion at the September 24, 2013, Council meeting. Prior to the council meeting, however, Mayor Owings contacted Councilmember Stewart to express his preference for appointing someone to fill the unexpired portion of Mr. Co's term. During the Council's abbreviated discussion of this issue, Councilmember Stewart explicitly referred to this communication with Mr. Owings, and he subsequently elaborated on the contents of his conversation with Mr. Owings in a newspaper article later that week. (See S. Hurt, "Moreno Valley: Naming of Councilman May Have Violated Law, Expert Says," *Riverside Press-Enterprise* (Sept. 27, 2013).)

Mr. Owings also evidently engaged in pre-meeting deliberations with Councilmember

Baca regarding the same issue. The two discussed not only the proposal to fill Mr. Co's seat by appointment rather than to hold an election, but apparently went so far as to agree on the appointment of Dr. Gutierrez. The September 24th Council meeting includes the following exchange between Mr. Owings and Ms. Baca, which makes their pre-meeting collusion unmistakable:

Mr. Owings:	". . . This council should exercise its . . . State of California constitutional authority and make the decision to fill this vacancy. So I would entertain a motion."
Ms. Baca:	"I would like to use the first option, which is to appoint someone to serve out the remainder of the unexpired term until December 8th – I'm sorry, 9th – 2014. . . . So moved."
Mr. Owings:	"Let's just do one motion. Do you have someone in mind?"
Ms. Baca:	"I do."
Mr. Owings:	"All right, let's read the motion and let's get – let's just put it out."

As the *Riverside Press-Enterprise* observed in its editorial lambasting the City Council the next day, "unless council members have suddenly developed telepathic powers, the majority had to have conferred on the issue and settled on a choice in private before the meeting." For example, Mr. Owings could not possibly have known that Ms. Baca had "someone in mind" for the appointment to fill Mr. Co's unexpired term had they not previously discussed the matter.[1] Mr. Owing's previous comments had related only to whether the Council should exercise its authority to fill the seat by appointment rather than election, and Ms. Baca's initial motion responded only to that narrow issue. As Mr. Stewart observed, the Council's past practice had been to invite applicants and to publicly interview them before making appointments to city positions. Particularly in light of that history, nothing in Ms. Baca's suggestion to "use the first option, which is to appoint someone," implied that she also had a specific candidate in mind for the appointment that evening. Yet Mr. Owings not only was somehow aware that Councilmember Baca was ready to appoint a particular person at that time, but he expressed no surprise, made no comment, and displayed no visible reaction when she announced who that person was. Instead, Mayor Owings — somehow knowing that Dr. Gutierrez just happened to be present at the council meeting that night — asked Ms. Baca to amend her motion to have him sworn in immediately, even somehow divining that Dr. Gutierrez had prepared and wanted to

[1]Indeed, Ms. Baca acknowledged to the press that she had introduced Dr. Gutierrez to Mayor Owings in a meeting between the three of them the weekend before the City Council's vote on September 24th, but claimed — incredibly — that they did not discuss his possible appointment. (S. Hurt, "Moreno Valley: Naming of Councilman May Have Violated Law, Expert Says," *Riverside Press-Enterprise* (Sept. 27, 2013).)

deliver a written "acceptance speech" following his swearing-in ceremony.[2]

The conversation between Mr. Owing and Mr. Stewart, together with the communications between Mr. Owing and Ms. Baca, comprise serial meetings involving three members of the Council – a majority – to discuss whether the Council would exercise its statutory authority to fill the vacant District 4 Council seat by appointment or would instead call a special election to let the voters of the District decide who their representative should be. It is immaterial whether or not Mr. Stewart actually reached a consensus with Mr. Owing and Ms. Baca to proceed with the appointment of Dr. Gutierrez: the Brown Act prohibits *secret deliberation and discussion*, regardless of whether such communications result in an agreement to take specified action. (*Frazer v. Dixon Unified School Dist.* (1993) 18 Cal.App.4th 781, 796; see also 84 Cal. Ops. Atty. Gen. 30, at *2.) It was unlawful under the Brown Act to discuss this matter *at all* outside of a noticed public meeting, and the secret serial discussions, spearheaded by Mr. Owings and including a majority of council members, renders the resulting action taken by the Council unlawful.

(2) *The council's action to appoint Dr. Gutierrez was not adequately noticed on the meeting agenda.* The Brown Act requires every legislative body, at least 72 hours in advance of its regular meeting, to "post an agenda containing a brief general description of each item of business to be transacted or discussed at the meeting." (Gov. Code § 54954.2, subd. (a).) "No action or discussion shall be undertaken on any item not appearing on the posted agenda." (*Id.*, subd. (b).) The agenda for the Council's September 24, 2013, meeting stated only that the council would "consider the procedural options to fill the vacancy on the council in District 4 and take possible action to fill the vacancy." This statement was legally insufficient to notify members of the public that the Council actually planned to appoint someone to fill the unexpired portion of Mr. Co's term at the September 24th meeting.

While the description provided by the agenda is permitted by the Brown Act to be "brief" and "general," it must nevertheless give interested members of the public functional notice of the action the Council will take at the meeting. A description that is "inadequate to show the whole scope of the [Council's] intended plans" is unlawful. (*Carlson v. Paradise Unified Sch. Dist.*

---

[2]We are confident that discovery will reveal the full extent of the pre-meeting secret collaboration among members of the council regarding this issue. For example, Councilmember Stewart indicated at the meeting that he had seen Ms. Baca give Mr. Owings a document prior to the meeting (but which the Mayor refused to show Mr. Stewart), which was quite likely a copy of what she read from in proposing to appoint Dr. Gutierrez to the Council and which undoubtedly was what led Mr. Owings to invite Ms. Baca to "read the motion." The failure of Councilmembers Baca and Owings to make that document publicly available may well have constituted a violation of the Brown Act, in and of itself. (See Gov. Code, § 54957.5, subds. (b) & (c).)

(1971) 18 Cal.App.3d 196, 200 [applying analogous provision of Education Code].) In particular, when multiple decisions relate to the same topic, each item involving a "separate action or determination" by the Council must "be expressly disclosed on the agenda." (*San Joaquin Raptor Rescue Center v. County of Merced* (2013) 216 Cal.App.4th 1167, 1176.) Whether the Council should fill the vacancy in the 4th District seat by appointment or by special election is an entirely distinct decision from the issue of what particular person should be appointed to the position, and both topics must be separately noticed on the agenda.

The term "take possible action to fill the vacancy" in no way satisfied Government Code section 54954.2's disclosure requirement. The agenda's phrasing was entirely too vague to give the public meaningful notice that the Council might actually vote to appoint a specific individual to the City Council on September 24, much less to notify residents that Dr. Gutierrez was a candidate for such appointment. The agenda suggests, at most, an intent to discuss and vote on the *procedures* for making a "potential" appointment if the Council were to decide to go that route rather than to hold an election. This inference is strengthened by the placement of this item in the "Reports" section of the agenda, rather than under "Legislative Actions" — thereby suggesting that no actual *action* would be taken at the meeting — and by the Council's past practice, as described by Mr. Stewart, of inviting applicants and publicly debating their qualifications before voting on an appointment. In view of these facts and giving the agenda a common sense reading, "the agenda was not an adequate specification or description of the business that was transacted at the [September 24th] meeting." (*Moreno v. City of King* (2005) 127 Cal.App.4th 17, 26 [holding that agenda item stating "public employee (employment contract)" was inadequate to notify public of discussion of dismissal of a public employee].)[3]

(3) *The Council failed to allow any opportunity for public comment on Dr. Gutierrez's appointment.* Although the Council purported to permit the public to comment on the agenda item relating to filling the vacancy in Council District 4, the only meaningful public comment that was actually allowed related solely to the question of whether the seat should be filled by an appointment or by an election. Due to the way in which the agenda combined the two separate issues into a single agenda item, there was *absolutely no opportunity for public comment* on the critical issue of whether the Council should appoint *Dr. Gutierrez* or someone else to fill the

---

[3]It is no surprise, then, that given the inadequate notice of this issue in the agenda, not a single member of the public spoke to the qualifications of any particular individual for appointment to fill Mr. Co's unexpired term. Rather, *all of the public comment* addressed the predicate issue of whether the Council should fill the 4th District vacancy by appointment or by an election. Indeed, as noted in the following paragraphs, the agenda and handling of this item by the Council was structured in a manner that *rendered it impossible* for any member of the public to provide — and for any Council member to receive — *any input whatsoever* regarding the qualifications of Dr. Gutierrez for appointment to the Council — an independent violation of the Brown Act pursuant to Government Code section 54954.3.

vacant seat representing District 4. By failing to permit any meaningful public comment on Dr. Gutierrez's appointment, the Council violated Government Code section 54954.3, which requires "an opportunity for members of the public to directly address the legislative body on any item of interest to the public, *before or during the legislative body's consideration of the item*, that is within the subject matter jurisdiction of the legislative body." (Emphasis added.)

The only opportunity that the Council provided for the public to comment on the District 4 vacancy issue occurred before the meeting attendees had any reason to believe that the Council would act on an appointment that evening, much less that it would appoint Dr. Gutierrez to the seat. The only material included with the agenda for this item was the City Attorney's report, which focused entirely on the procedural options available to the Council — that is, whether to fill the vacancy by appointment or by calling a special election. Before this item was called and opened up for public comment, neither the Mayor nor any of the other council members (including those who clearly intended to move for and to vote for Dr. Gutierrez's appointment at this meeting) gave any indication that the ensuing Council deliberations or action might encompass the appointment of a particular individual to the District 4 seat. And the agenda, as discussed above, likewise failed to refer to any specific candidates or even to disclose that the Council might proceed to make an appointment that night without first at least inviting applicants to express their interest in being considered to fill the vacancy created by Mr. Co's resignation.

It was only after the public comment session on this agenda item had been closed that Councilmember Baca made her motion to appoint Dr. Gutierrez to fill the vacancy, the first inkling that any member of the public could possibly have had that the Council was considering taking such an action. And rather than re-opening the public comment session at that point so that the citizens of Moreno Valley could express their views, opinions, and questions regarding this sudden turn of events, Mayor Owings instead immediately "called for the question" on Ms. Baca's motion, squelching any opportunity for public discussion and only grudgingly allowing *even Councilmember Stewart* to speak on the matter. Thus, none of the citizens who attended the Council meeting had any occasion to address Dr. Gutierrez's qualifications for office *before or during* the Council's consideration of his appointment, because at the time they were permitted to speak, they could not have had any knowledge of his existence as a candidate for appointment to the District 4 Council seat.

Government Code section 54954.3 requires "an opportunity for public comment on *each specific agenda item* as it is taken up by the body." (*Galbiso v. Orosi Public Utility Dist.* (2008) 167 Cal.App.4th 1063, 1079 [emphasis added].) As discussed above, the procedural issue of whether to proceed by appointment or special election is distinct from the question of whom should actually be appointed to fill the vacant District 4 seat. An opportunity for public comment was required to be provided *after* the identity of Dr. Gutierrez as a candidate for appointment was revealed by the Council. Only by providing such an opportunity could the citizens of Moreno Valley exercise their right under section 54954.3 "to directly address the legislative body on any

item of interest to the public, *before or during the legislative body's consideration of the item*," and only after providing such an opportunity for public comment could the Council legally vote on Ms. Baca's motion to appoint Dr. Gutierrez to fill the District 4 seat on the Council.

Violation of Government Code Section 34882

The City Council's action in appointing Dr. Gutierrez to fill the unexpired term of Mr. Co for the District 4 seat on the Council must be rescinded for an independent substantive reason: Dr. Gutierrez does not reside within the boundaries of District 4 as the District was constituted when Mr. Co was elected and as it exists for purposes of filling the vacancy in his unexpired term of office. Consequently, Dr. Gutierrez was not eligible to be appointed to fill the vacancy in that office and he continues to be ineligible to serve as a member of the City Council representing District 4 pursuant to Government Code section 34882.

As you are undoubtedly aware, the dispute regarding Dr. Gutierrez's eligibility to hold office stems from the circumstance that in 2011, subsequent to Mr. Co's election in 2010 for a four-year term of office representing District 4, the city council boundary lines were redrawn. Dr. Gutierrez resides in and is registered to vote at an address that was *not* within District 4 at the time Mr. Co was elected to office (the "old" boundary lines), but which *is* within District 4 under the redistricted boundaries (the "new" boundary lines). The critical issue is whether, for the purpose of filling a vacancy in the unexpired term to which Mr. Co was elected, the "old" or the "new" boundary lines apply in determining who resides in District 4.

Not surprisingly, this is not the first time that this issue has arisen in California. Indeed, the issue arises with some regularity following every decennial redistricting for Congressional and state legislative offices, when inevitably — as a result of the resignation, death, or recall of the incumbent officer — an election must be held to fill the vacancy in an office whose boundary lines were redistricted subsequent to the previous incumbent's election but prior to the expiration of the office's term. Earlier this year, for example, special elections were held to fill vacancies created by the resignations of the incumbent officeholders in State Senate Districts 26 and 32, for terms that began in December 2010 and were not due to expire until December 2014, but whose boundary lines had been changed as a result of the 2011 statewide redistricting statute.

The established law in California is that under these circumstances, *the **old** district boundary lines* are to be used to fill the vacancy in the unexpired term of office, and thus *only those individuals who reside in the district as it was constituted at the time of the former incumbent's election are eligible to vote in an election to fill the vacancy or to be appointed to hold the office for the remainder of the unexpired term.* The leading case is the California Supreme Court's decision in *Sloan v. Donoghue* (1942) 20 Cal.2d 607. In that case, Lee Geyer had been elected to Congress to represent the 17th Congressional District in November 1940. Geyer died in October 1941, creating a vacancy in the office for the remainder of his unexpired term, through December 1942. Between Geyer's election and death, however, the Legislature

redistricted the boundaries of the 17th Congressional District. The Governor called for a special election to fill the vacancy using the boundary lines of the 17th Congressional District *as it existed when Geyer was elected* in 1940. The Supreme Court unanimously held that this was the proper district to use for the special election.

The question considered by the Court in *Sloan v. Donoghue* is identical to that presented by the current circumstances in Moreno Valley: "The issue presented by this proceeding is whether the election was properly proclaimed to be held in the 17th Congressional District as it existed when Geyer was elected [o]r, conversely, should the election have been proclaimed to be held in the enlarged district as it existed when the governor issued his proclamation." (20 Cal.2d at p. 609.) The Court's unequivocal answer is equally applicable here: "We are satisfied that under the circumstances of this case the proclamation of the governor properly called for the election to be held in the old district." (*Ibid.*)

The Court in *Sloan* noted that "it is not the first time the problem has arisen in this state," that "similar problems have arisen with the adoption of each Apportionment Act by the Legislature," and that the Attorney General's office "uniformly has advised that the special election should be held in the old district," citing five such prior opinions so holding. (*Id.*, p. 611.) The Supreme Court also observed that its ruling was consistent with established law elsewhere, citing both *McCrary on Elections* ["The true rule, therefore, must be that a district once created, and having elected a Representative in Congress, should be allowed to continue *intact* for the purpose of filling any vacancy which may occur, until the end of the Congress in which it is represented."] and *Corpus Juris* ["If after a congressional election the state is redistricted and a vacancy then occurs, such vacancy should be filled by the suffrage of the electors of the old district and not by that of the electors of the new district."]. (20 Cal.2d at pp. 609-610.)[4]

The Supreme Court applied the same ruling to vacancies that occur in state legislative offices in *Legislature v. Reinecke* (1973) 10 Cal.3d 396. In that case, the Court considered whether elections for State Senate had to be held in all Senate districts after a decennial census and delayed reapportionment, or only in the 20 new even-numbered districts that were normally scheduled for that year. Citing *Sloan v. Donoghue* (among other cases), the Court held that "those senators elected from odd-numbered districts in 1972 are entitled to serve four-year terms

---

[4]Significantly, the Court held that the old district boundaries should be used for the purpose of filling the vacancy in office even while acknowledging that those boundaries had expressly been repealed and replaced by new boundary lines under the intervening 2011 Apportionment Act. (*Id.*, p. 608.) The Court nevertheless ruled that "the only practical and sound conclusion is that regardless of the repeal of the act creating and delineating the old district, the special election to fill the vacancy now existing should be held in the old district." (*Id.*, p. 612 [citation omitted].)

or until after the 1976 general election, and *if vacancies occur in their offices they will be filled by elections in the districts in effect in 1972.*" (10 Cal.3d at p. 404 [emphasis added].) The Court in *Reinecke* fully recognized that "to give continuing effect to the old odd-numbered districts for the purpose of allowing the incumbents therein to serve their full terms and for the purpose of filling any vacancies in such districts" would result in some voters having to wait six years between senatorial elections and "be[ing] represented by no senator in whose election they could participate for two years following reapportionment" (*id.*, p. 405) — the same circumstance that Dr. Gutierrez apparently finds himself in with respect to Moreno Valley City Council elections following the 2011 redistricting. But the Supreme Court found that this result was merely "the inevitable byproduct of reapportioning a legislative body whose members are elected for staggered four-year terms." (*Ibid.*)

In conformance with the Supreme Court's decisions in *Sloan v. Donoghue* and *Legislature v. Reinecke*, the California Secretary of State — the state's chief elections official — issued a directive to all county clerks and registrars of voters on August 15, 2011, instructing them that although the newly drawn boundaries adopted by the Citizens Redistricting Commission in August 2011 are effective and should be used beginning with the June 2012 Presidential Primary election, "it is critical that you preserve the current maps and other data necessary to hold an election using the current district lines" because for "any recall election involving a member of the Legislature or Board of Equalization, *or a special vacancy election to fill a legislative vacancy*, the existing (in this case, the 2001) — not the proposed — district lines would be used for that election." (Memorandum from Jana M. Lean, Chief, Elections Division, California Secretary of State's Office to All County Clerks/Registrars of Voters, dated Aug. 15, 2011 [emphasis in original] [citations omitted].)[5]

In sum, *it is beyond dispute* that California law requires that elections to fill vacancies in unexpired terms be held in the "old" electoral districts, not the new districts that would be applicable in the next general election following redistricting. (See, e.g., *Gaona v. Anderson* (9th Cir. 1993) 989 F.2d 299, 301 [Secretary of State's and county registrars' decision to hold special election to fill vacancy using the boundaries of the "old" state senate district instead of the newly configured district following reapportionment "was based on established California law"].) Indeed, just as the special elections held earlier this year to fill the vacancies in State Senate Districts 26 and 32 were conducted using the old, pre-2011-redistricting boundaries for those districts, if the Riverside County Registrar of Voters were to conduct a special election to fill the vacancy in the District 4 Council seat for Mr. Co's unexpired term, the Registrar would be compelled under California law to use the city council district boundaries for District 4 as they existed when Mr. Co was elected, prior to the 2011 redrawing of those district lines. And because Dr. Gutierrez would not be eligible to *vote* in that election, he is likewise ineligible to be *appointed* to fill the vacancy for that office under Government Code section 34882.

---

[5]A copy of the Secretary of State's August 15, 2011, directive is attached hereto.

For the reasons set forth above, the City Council's action in appointing Dr. Gutierrez to fill the unexpired term of office for the District 4 Council seat resulting from Mr. Co's resignation was manifestly illegal. We thereby demand that the Council immediately rescind its unlawful action and instead call for a special election to be held as soon as legally possible to fill the vacancy in the office of City Councilmember for Council District 4.

Sincerely,

Fredric D. Woocher

County Clerk/Registrar of Voters (CC/ROV) Memorandum # 11062

TO: All County Clerks/Registrars of Voters

FROM: Jana M. Lean
Jana M. Lean
Chief, Elections Division

RE: Redistricting Maps: 2011 Congressional, Legislative, and BOE Districts

Today, August 15, 2011, the Citizens Redistricting Commission (CRC) certified the final maps for the Congressional, Legislative, and Board of Equalization districts to the Secretary of State.

We will be placing the certified final maps in equivalency and shape file formats (CDF, DBF, and SHP) in your county's CalVoter in-box. For your convenience, we have also provided a statewide jurisdiction table outlining the districts within each county.

Please promptly begin preparing your precincts with the new lines for the upcoming June 5, 2012, Presidential Primary Election. However, it is critical that you preserve the current maps and other data necessary to hold an election using the current district lines, should those lines be required for use in the event of a special election, a recall election, a court order, or should a referendum challenging one or more of the CRC maps qualify for the ballot.

Pursuant to previous court decisions, any recall election involving a member of the Legislature or Board of Equalization, or a special vacancy election to fill a legislative vacancy, the existing (in this case, the 2001) – not the proposed – district lines would be used for that election. (*See Gaona v. Anderson (9th Cir. 1993) 989 F.2d 299; and Sloan v. Donoghue (1942) 20 Cal.2d 607.*)

Under California Constitution article XXI, section (3)(b), a registered voter is permitted to file a challenge in the California Supreme Court to the CRC maps within 45 days after they have been certified by the CRC. The 45-day period ends on September 29, 2011.

Each certified map is also subject to referendum. Pursuant to California Constitution article XXI, section 2(i), any voter may file a referendum petition on any map or portion

of a map within 90 days of the final certification of the maps. The 90-day period to request a title and summary from the California Attorney General and collect the requisite signatures for filing with county elections officials ends on November 13, 2011.

If you have any questions regarding the CalVoter transmission of the final certified maps, please contact the CalVoter Help Desk at (888) 868-3225. For other non-CalVoter related questions, please contact Diane Hinkle at (916) 651-1365.

Subject: Collision with road closure

Good morning,

Officers are investigating a 4 vehicle collision in the intersection of Krameria and Lasselle The intersection is closed in all directions and is expected to remain closed for about 45 minutes more while the collision is investigated.

An electrical box was damaged in the collision but no interruption of power was reported. Two people were transported to local hospitals with complaints of pain, but it does not appear there are any major injuries at this time.

Subject: Assault with a deadly weapon

Good morning,

Shortly after 12:00 AM today, officers responded to the 24000 block of Webster Avenue reference multiple gunshots fired at a residence. On arrival, officers detained a subject standing in the street armed with a handgun.

Initial investigation indicates a suspect who lives in Perris drove to the residence and fired multiple gunshots at the residence on Webster. The victim armed himself and returned fire at the suspect's vehicle.

Officers contacted Perris PD who ultimately found the suspect vehicle at a residence. The suspect attempted to flee, but realized he was surrounded. After a brief standoff, the suspect was detained.

MVPD investigators are now in the process of determining what actually happened and who was involved. Search warrants are being prepared for several locations and vehicles.

At this time, it appears nobody was injured by the gunfire. I will update you later.

Subject: Dollar Tree robberies- arrests

Good morning,

During the past two weeks, we have investigated at least three robberies or attempted robberies involving the Dollar Tree store at Perris x Cottonwood. On Saturday 10-05-13, about 5:15 PM, an officer made a vehicle stop in the area of Perris X Cottonwood.

The officer soon learned the occupants of the vehicle were brothers involved in a local criminal street gang. The driver did not have a valid driver's license. Both subjects were detained and the vehicle was searched. A loaded handgun was found inside the vehicle.

Ultimately, the suspects confessed to committing three armed robberies involving the Dollar Tree store, including the robbery early Saturday morning. Both suspects were booked into RPDC on multiple counts of armed robbery and gang enhancements. Multiple search warrants will be served to further this investigation.

Incident Description

On October 6, 2013 at 19:58 hours, firefighters from from the City of Moreno Valley responded to a working structure fire at 13545 Black Elm Court. First arriving engine found a two story single family dwelling with fire visible from the side second story window. First engine established it own water supply and initiated a rescue mode due the reports of victims trapped and one reported one person jumping from the second story. A total of five engines, one truck, a breathe support unit and chief officer contained the fire within thirty minutes of of first arriving engine. Over the next three hours, fire resources checked for fire extension, conducted salvage, ventilation and overhaul of the dwelling. The two story home had approximately $100,000 of damage and $100,000 save to the home. Southern California Edison responded to the scene and disconnected the power

Incident Description

At 06:46 units from the Moreno Valley Fire Department responded to 25180 Kalmia for a reported residential structure fire. The first arriving engine company found heavy smoke and fire issuing from the front windows of the single-story residence. Responding companies confined and contained the fire to a single bedroom in under 20 minutes. Confinement and extinguishment of the fire, a search for trapped occupants, the ventilation of heat and smoke, and the salvage of property were performed simultaneously. The residence's only occupant escaped from the home unharmed before firefighters arrived. Extensive overhaul was performed to ensure that no smoldering material was left behind and that the home was left in the cleanest and safest condition possible. The fire destroyed one room and it's contents and smoke damage existed throughout the

Businesses & Citizen of the Year

- Do you know a business or someone who is making a difference in Moreno Valley?
- A business or person who has gone above and beyond to contribute to and better the community?

If so, the Moreno Valley Chamber of Commerce is accepting nominations for Citizen & Businesses of the Year. We have many unsung heroes in Moreno Valley and the Chamber wants to recognize them.

Click here for the nomination form. Please review the criteria and nominate that special business or person.

Nomination forms must be received by November 4, 2013. Please feel free to pass this on to others.

Send nomination forms to office@movalchamber.org or fax [redacted].

Subject: Department Feud

We are very excited to announce our four teams for Department Feud. They are: Fire, Finance, CEDD and the Police Department.

We look forward to seeing everyone there as teams compete in the Department Feud on Thursday, October 17, 2013. Lunch will be catered by Jose's. Tickets are $5.00 per person and include burrito, chips, salsa, drink, dessert and one ticket for an opportunity drawing.

If you would like to attend, please RSVP to me by October 15, 2013.

Thank you for supporting the 2013 Employee Giving Campaign.

CONSENT CALENDAR

Item #	Comments
8A	**Commission Officer Rotation Policy** – staff recommends supporting this action. Will provide for active participation, equity, and flexibility for appointments for city representatives.
8B	**Amendment to Agreement for On-Call Strategic Partnership Advisor Services with Parsons Brinkerhoff** – staff recommends supporting this action. The action supports the widening of the SR91 corridor in Corona which will provide a regional benefit for Riverside County including Moreno Valley residents that commute / travel through the area.
8C	**City of Moreno Valley Reprogramming Request** – staff recommends supporting this action. Action will support on-going efforts to fully fund this needed infrastructure project. Will provide direct benefit to Moreno Valley residents travelling on Perris Boulevard.
8D	**Awards for Construction Freeway Service Patrol Tow Truck Service During the Construction of the SR 91 Corridor Improvement Project** - staff recommends supporting these actions. Contract was competitively bid in accordance with procurement procedures. Actions will benefit all motorists travelling in the area of the project, including Moreno Valley residents, by clearing vehicles from minor collisions and breakdowns quickly and efficiently improving overall safety and traffic flow.
8E	**FY 2013/2014 Agreements for Regional Rideshare Services -** staff recommends supporting these actions. Will maintain highly successful IE511 system and will help to gain mode shift from single occupant vehicles thereby reducing overall congestion and improving traffic flow and air quality.
8F	**Agreement with the South Coast Air Quality Management District to Fund Rideshare Thursday Campaign** - staff recommends supporting this action. Will lead to reduced single occupant trips providing direct benefit to Moreno Valley residents through reducing overall congestion and improved traffic flow / air quality.
8G	**Amendment to Commission's Rail Program Short Range Transit Plans** - staff recommends supporting these actions. Using redirected unspent funding, needed upgrades can be made to existing Metrolink stations. Will encourage train travel

	with enhanced infrastructure and will provide direct benefit to Moreno Valley residents that utilize the service to commute.
9	**Transportation Uniform Mitigation Fee Program – City of Corona Developer Credit Reimbursement** - staff recommends supporting this action. Improvements have been built and public benefit has been realized since 2007. New policy allows for larger set aside funding for developer reimbursement agreements thereby encouraging developers to move forward with projects. This may provide a direct benefit to Moreno Valley by developers moving forward with needed infrastructure projects and the opportunity to be reimbursed sooner.
10	**Rail Service Through the Pass Area to the Coachella Valley** - staff recommends supporting this action. Will further the opportunity for future passenger rail service to the Coachella Valley, bringing reduced congestion and improved air quality through the area including within the City of Moreno Valley.

Notes:_____

Subject: Street Maintenance

Cindy Miller,

I want to take this opportunity to thank Mayor Stewart, the Street Maintenance Department, and you in resolving my street issue in a timely manner. Over the course of five years, dirt and debris had accumulated at the end of my street, and Street Maintenance couldn't clean it up because my street was never "Accepted" by the City. After speaking with the Public Works Director Ahmad Ansari, and Mayor Stewart I was able to get the ball rolling and your office became

involved in finding a solution. In fact Mayor Stewart called me directly and insured me that he cares about my concerns and would look into the matter. I want to personally thank the Mayor for taking time to speak with me. I'm sure he's a busy man and for him to take time to speak with me, surely impressed me. I also want to thank you for keeping me informed during this process, and as of recent my street has been cleaned and now properly represents the homes that are on the street. My neighbors are also ecstatic from the city's immediate response.

Sincerely:

Melvin Lucas

Subject: Vehicle vs Residence collision

Good morning,

On 10-07-13, about 9:50 PM, a 35 year-old male driver lost control of his 2006 Chevy Monte Carlo and collided with an occupied residence in the 14000 block of Philo Street. Three adults were inside the residence at the time of the collision, but nobody was injured. Initial investigation indicates that the suspect vehicle was traveling on Heil Drive at about 55 miles per hour. The driver attempted to turn southbound onto Philo Street and lost control of the vehicle. The vehicle left the roadway and drove straight into the attached garage, striking two vehicles parked inside. The collision pushed one of the parked vehicles into the residence, causing major damage to the structure. Moreno Valley Fire Department determined the residence to be unsafe and red tagged it. The residents relocated to a local hotel. Building and Safety has been notified.

Neither alcohol nor drugs appear to be a factor in this collision. However, the driver, Ricardo Soto (35) of Moreno Valley, was cited for driving on a suspended license and may be cited for additional traffic violations once the investigation is completed.

Subject: Delores Hernandez

Mayor and Council Members,

Ms. Hernandez stated Louise Palomarez is offensive at Council meetings, and last week she told people to go to hell, but Mayor Owings didn't stop her. She stated Ms. Palomarez was talking about getting flipped off by people at the recall booth at WalMart on Nason, and Ms. Palomarez held up her middle finger in front of the camera. She stated Ms. Palomarez has no education, is ignorant and insulting to watch at Council meetings. She stated Mayor Owings allowed her to speak last on purpose at last evening's meeting so no one could respond to her remarks. She stated it's ridiculous and wrong. Ms. Hernandez stated if Mayor Owings is going to insult and berate Council Member Stewart, he needs to let Council Member Stewart defend himself. She stated Mayor Owings demanded a female speaker apologize for calling Moreno Valley Moron Valley, yet he doesn't apologize for his own nastiness. She stated Chris Baca feels he can throw his weight around because his sister is a Council Member. Ms. Hernandez stated she is Mexican, and she is embarrassed and insulted by Louise Palomarez. She stated there needs to be order, respect and dignity at the Council meetings. Ms. Hernandez declined to give her phone number as she stated she doesn't want Mayor Owings to call her and bully her.

Subject: Pastor Mark

Tom,

Pastor Mark called and stated the Fall Festival is considered a Special Event, per Mark Sambito, and the cost of the permit would be $217, and he would need police there, which could cost up to $1,500. He stated Mark Sambito asked him to consider holding the event in some fields nearby, but they are all dust. He stated if he puts it in a cul de sac, which he can, it would be very small, and not considered a city-wide event.

Cindy,

Yes, we are participating, the Animal Shelter will donate an adoptable pet to the Boy Scouts for their live auction and we will also bring over several other pets available for adoption.

The pets we bring over will be made available for adoption at the discounted adoption fee of $50.00 (an all-inclusive fee meaning the pet will be altered, vaccinated and micro chipped).

Steve

Subject: Battery on a peace officer, Attempt to remove a weapon from a peace officer

Good afternoon,

Today about 12:00 PM, a 16 year-old female student at Valley View High School returned to campus after leaving without permission. Campus supervisors contacted the student and asked where she had been. The student became confrontational and began yelling profanities at the campus supervisors. They escorted her to the SRO's office where she continued to be confrontational, causing a disturbance in the administrative office area. The SRO located contraband in the student's possession and attempted to take her in to custody. She resisted violently, kicking the officer repeatedly in the legs. Both the officer and the student fell to the floor where the student continued to resist violently. A call for emergency back-up was made and other officers began responding to assist.

While struggling on the floor of the office, the student attempted to draw the officer's baton and TASER from their holsters. The officer realized she was attempting to arm herself with his weapons, so he delivered several rapid strikes with his hand. The strikes had the desired effect and he was able to get her handcuffed and into custody. Additional officers arrived and assisted in placing the suspect into a patrol car. The suspect was taken to RCRMC for an okay to book and was later booked into Riverside Juvenile Hall for felony battery on a peace officer and attempting to remove a weapon from a peace officer, also a felony. MVUSD administration was notified of the incident and arrest.

Subject: Alfred Flores [redacted]

Tom,

Mr. Flores resides at 24261 Radwell Drive (District 1). Mr. Flores stated he wants to talk to you about all the trouble he sees going on in the city. He stated there is crime, stealing, and people are dying. I explained to him he should talk to the Police Department regarding his concerns. He stated he would like to talk to you about the problems in the schools, as his sister is having issues at Creekside Elementary. I explained to him he would need to take that up with the school district. He stated he wants to talk to you about building housing for the homeless. I explained to him the city has no money or authority to build these homes. Mr. Flores stated he wants to meet with you to discuss these issues and many others. Please advise if you would like me to schedule a meeting for you.

Subject: Press-Enterprise Has New Owner

Honorable Mayor and Council Members:

Below is an article announcing the sale of the Press-Enterprise newspaper.

Tom

Thomas M. DeSantis
Assistant City Manager
City of Moreno Valley

Press-Enterprise sold to Register's parent Company

Aaron Kushner, the CEO of Freedom and publisher of The Register speaks to Press-Enterprise employees about the purchase of The Press-Enterprise for $27.25 million in Riverside, October, 10, 2013.

BY RICHARD K. DeATLEY The Press Enterprise
BY RICHARD K. DeATLEY
STAFF WRITER
Published: October 10, 2013; 05:41 AM

The Press-Enterprise newspaper and most of its operations will be sold for $27.25 million to the corporation that controls the Orange County Register, the parent companies of both announced Thursday, Oct. 10.

The transaction between A.H. Belo Corp., which owns The Press-Enterprise, and Freedom Communications Holdings, Inc., which owns the Register, is expected to close in mid-October.

“We are pleased to have found a partner in Freedom Communications to purchase The Press-Enterprise assets and who we know will continue to support journalism as we have in the critical Inland Southern California Region,” said Jim Moroney, chairman, president and chief executive officer of A.H. Belo, which has owned The Press-Enterprise for the past 16 years.

Aaron Kushner, the CEO of Freedom and publisher of The Register, said in a statement, “The Press-Enterprise is a Pulitzer Prize-winning institution with a rich history in serving and connecting the community.”

He said the new owners planned to “expand the ways The Press-Enterprise helps its subscribers, advertisers and community grow and thrive.”

Kushner was expected to meet with Press-Enterprise employees on Thursday.

Kushner purchased The Register in July 2012 through a trust he heads. By then, the Register’s subscriptions had fallen 40 percent over the previous decade and its reporting staff had been halved.

Since then he and Freedom co-owner and president Eric Spitz have gone against virtually all current American newspaper trends – hiring instead of laying off reporters, increasing sections of the daily newspaper, bringing back color comics and improving the quality of stock the newspaper is printed on.

They also put up a solid pay wall for the newspaper’s digital content -- a move most newspapers have approached gingerly by allowing an online viewer to read a monthly quota of stories before asking them to pay.

By late summer, Spitz said the Register had hired 350 people for its operation over the 12 months since he and Kushner bought the newspaper. They also built 25 new sections, launched a weekly magazine and revamped 24 of the company’s weekly community newspapers, turning two of them into dailies.

The Register owners also pledged $12.4 million worth of free advertising to local nonprofits to be chosen by the paper's readers.

Neither Kushner nor Spitz has had previous involvement in the newspaper industry, and both have said they believe it was headed in the wrong direction in recent years by pursuing what Spitz calls “the digital ghost” to save itself.

“When we sit down and look at what’s possible, our view of the world is different,” Kushner said in an interview with The Associated Press published in January.

Readers pay the same for the Register’s online content as the print edition. Most newspapers ask less for the online subscriptions.

“The value of the journalism isn’t any less. The reporter isn’t paid any less. The photographer isn’t paid any less,” Kushner said in the same interview.

“I don’t know many industries that can survive pricing their core product at free,” Spitz wrote in August, when the Register expanded into Long Beach with the introduction of the Long Beach Register, a daily section for the paper that focuses on the coastal city.

He said digital advertising remains far less effective than newspaper ads with its revenue at about 10 percent of the industry total, yet the newspapers have heavily invested in digital advertising.

“Why has this industry ceded so much ground?” Spitz wrote. He has claimed advertising revenue is up for the paper, but has not disclosed specific figures. The privately held companies that control the Register are not required to disclose revenues or profits.

For the past year, the Alliance for Audited Media reported the Register's average weekday print circulation has fallen 2%, to 159,411.

Kushner has said the newspaper is profitable.

Kushner’s direction for the paper is not without controversy.

In April, the Media Matters website reported the Register made a financial arrangement with three Orange County colleges -- Cal State Fullerton, Chapman University and UC Irvine -- in which each institution paid the paper $275,000 for a year’s worth of advertising to appear in a new weekly section dedicated to local colleges.

Critics said the arrangement was a conflict of interest and hurt the credibility of the paper’s coverage of the campuses.

Kushner said the section and others like it were “created for the benefit of our subscribers.”

And there have been other indicators of belt-tightening. The Los Angeles Times recently reported that the Register in January stopped matching its employees’ 401k retirement contributions. And, according to the OC Weekly, a plan to provide housing for $10-an-hour trainees turned into a $750-a-month housing stipend, an amount most observers say won’t go far in Orange County.

The sale announced Thursday includes the printing plant for The Press-Enterprise and related land. A.H. Belo will retain and market for sale the land and building associated with a discontinued commercial printing operation.

The Press-Enterprise is the descendent of a series of newspapers that began publication in 1878.

In 1928, Howard H Hays bought stock in what was then the Daily Press, beginning a long involvement with the Hays family, including son Howard H “Tim” Hays who served as editor, co-publisher and publisher, until 1997 when A.H. Belo Corp. finalized the purchase of the newspaper from the family. It had bought in 1996 the 20 percent of The Press-Enterprise that was owned by Dow Jones & Co.

In July, sale was completed on the five-story building housing The Press-Enterprise on 14th Street south of downtown Riverside to Riverside County for approximately $30 million. The building, named the Howard H “Tim” Hays Media Center, was opened in 2007.

Designed to hold 700 people, six years of recession had left it half empty.

The Press-Enterprise plans to move its editorial, business and advertising operations before the end of the year to leased offices on the 1800 block of Chicago Avenue, north of downtown.

Subject: Canyon Springs HS student/mother arrested for marijuana sales

Good evening,

Today about 10:00 AM, the SRO at Canyon Springs HS was called to the office reference a student found to be in possession of marijuana. The SRO examined several small baggies of suspected marijuana found in the student's possession. He interviewed the student and learned the 15 year-old boy was actively selling marijuana for profit. The student indicated he had additional marijuana at his residence. The SRO, assisted by the SRO Sergeant and another officer responded to the student's residence. At the residence, they contacted suspect #2, Christabella Flores (37) and explained why they were there. Ms. Flores provided the officers with consent to search the residence. Additional small quantities of marijuana were located in several locations inside the residence. Ms. Flores confessed to selling marijuana. The student was booked into Juvenile Hall for marijuana sales. Ms. Flores was booked into RPDC on charges of marijuana sales and child endangerment. MVUSD Administration was advised of the investigation and outcome.

The total amount of marijuana seized during this investigation was approximately 53 grams, or just under two ounces. 53 grams of marijuana, packaged for sale, can generate between $250 and $350 in profit. More importantly, 53 grams of marijuana can generate 212 hours, or about 8.8 days of intoxication. Thanks to the diligence of Canyon Springs HS staff and the SRO, this marijuana will never reach the children it was apparently intended for.

Subject: Child Annoynig - arrest

Good afternoon,

On 10-10-13, about 8:30 AM, the SRO at Vista del Lago High School was advised by school staff that a 15 year-old female student had been bothered on her way to school by an adult male in a car. The SRO contacted the victim and learned that an adult male, later identified as Joseph Lamont Davis (42) of Moreno Valley, contacted the victim in the area of Lasselle and Iris as she walked to school. The suspect attempted to coax the victim into his car, but she declined and continued to school. The suspect continued to try to engage the girl in conversation, but she ignored him. When she arrived at school, she noticed the suspect's vehicle parked in the visitor parking lot. She became very concerned and contacted school administrators to report the incident. School officials were able to get the license plate number of the vehicle and contacted the SRO. By the time the SRO arrived at the school, the suspect and his vehicle were gone.

The SRO conducted an investigation and soon identified the suspect by name. Despite his best efforts, he could not locate the suspect on 10-10-13. Today, the SRO located the suspect and confronted him with the allegations. The suspect confessed to trying to coax the girl into his car and admitted he drove to Vista del Lago HS in another attempt to make contact with her. The suspect was positively identified by the victim in a photo line-up. The suspect was booked into RPDC on charges of child annoying and providing false identifying information to a peace officer.

If the suspect is convicted, the court may have the authority to order him to become a registered sex offender based on the nature of this crime. The cooperative efforts of the victim, school officials, and the SRO quite possibly averted a much more serious situation.

Subject: Prostitution Operation - Sunnymead Blvd.

Good afternoon,

The MVPD POP Team, supported by the other units in the Special Teams Division, conducted a prostitution operation on 10-10-13 between the hours of 12:00 noon and 10:00 PM. Using hotel rooms donated by the Comfort Inn (23330 Sunnymead Blvd) undercover officers arrested 19 men who solicited an undercover female officer for prostitution. Two women were also arrested when they solicited an undercover male officer. Of the 21 people arrested, four attempted to barter using marijuana instead of cash as payment. They each were charged with possession with intent to furnish marijuana, a felony. A total of 5 ounces of high quality marijuana was seized. Suspects arrested reside in communities throughout Southern California, including Menifee, Perris, Riverside, Moreno Valley, Eastvale, Lake Elsinore, Tustin, Ontario, Burbank, Victorville, and Alta Loma.

The four suspects arrested for furnishing marijuana were booked into RPDC. The remaining suspects were released with a citation for solicitation of prostitution.

Subject: Residential Marijuana Cultivation - arrest

Good afternoon,

On 10-10-13 about 10:21 AM, officers responded to a residence in the 14000 block of Galvin reference a subject brandishing a firearm. On arrival, officers learned the resident was operating an illegal marijuana dispensary from his home. Officers prepared and served a search warrant on the residence, recovering over two pounds of marijuana ready for sales, 14 marijuana plants, packaging materials, and other items indicating that sales were taking place from the residence. The suspect, Shane Rott (36) admitted to selling marijuana, but claimed he did not sell for profit. City Code Enforcement responded and determined the indoor marijuana grow room needs to be corrected within 30 days or the house will be condemned. The suspect was booked into RPDC for cultivation and sales of marijuana.

> Re Pastor Mark and Victory Outreach special event, we had a real good meeting this morning and planned everything w/ them. They will prepare a diagram of traffic control using some of city assisted barricades/cones/etc. and some of their own. Michael Lloyd will aid them putting the plan together.
> I will give heads up to Robert Lemon too to be prepared. Pastor also knows Chief Ontiveros real well and will ask him to have some units be on the patrol that night w/o any cost.
> All seem to flow nicely so far. Pastor and his team r fully on board w/ traffic safety and complexity of closing a mile long collector street like Myers w/ ~1,500 ADT on Halloween day and night. They will also have many volunteers patrolling either end of the street w/ flash lights to divert traffic. Fire Dept is also invited to the event as a guest to bring a Fire Engine on site. Please share w/ the Mayor as u see appropriate.

Subject: Protest at Burger King

Good evening,

Tonight about 8:00 PM, officers responded to the Burger King restaurant on Hemlock X Pigeon Pass, the site of the in-custody death that occurred last night. Burger King employees called for assistance when about 40 protesters/mourners gathered at the location and blocked the drive-through and pedestrian access to the facility.

Officers spoke to the apparent organizer of the event and explained the violations that were occurring. The mourners understood and decided to leave the area and carry on their vigil at a nearby apartment complex where many of them apparently reside. Officers will monitor the area for the remainder of the evening.

No arrests, no injuries, no incidents to report at this time related to this call for service

Subject: Hate crime

Good afternoon,

This morning about 7:00 AM, officers responded to a residence in the 13000 block of Pocono Court to investigate a reported vandalism. On arrival, officers determined the crime was actually a hate crime.

Investigation revealed that the 27 year-old female victim parked her car in front of the residence last night. When she returned to her vehicle this morning, she found significant damage done to the car. Unknown suspect(s) scratched racial epithets into the paint of her car and a white granular substance, possibly sugar, was found around the gas tank fill spout. The victim estimated the damage at $5,000. The victim is African American and based on the nature of the epithets, we believe the suspect(s) specifically targeted her car.

At this time, there are no witnesses to the crime and we do not have any suspects to contact. The vehicle was dusted for fingerprints.

I will update you if additional information becomes available. The victim had her car towed to an auto repair shop.

Subject: DUI collision - update

Good afternoon,

The DUI collision I reported to you early this morning was cleared up and the roadway was reopened about 7:30 AM.

Investigation revealed that both vehicles were traveling northbound on Perris Blvd when the Black Honda Accord swerved suddenly and struck the bed of the Chevy pick-up truck. This caused the pick-up truck to spin out like we often see when CHP does a PIT maneuver to end a pursuit.

The driver of the Honda, Josephat Espinosa (30) of Moreno Valley, sustained a moderate injury to his leg and was transported to RCRMC. It appeared he had a passenger at the time of the crash, but no passenger could be located. We later learned that he did not have a passenger at the time of the crash. In fact, he informed us that his wife was not with him because she had been arrested earlier in the evening for DUI by an MVPD Motor Officer.

The driver of the pick-up truck, Gladys Campos (31) of Moreno Valley, was not injured and declined medical attention. Her passenger was not injured.

It appears both drivers involved in this collision were driving under the influence of alcohol and/or drugs. Blood was drawn and analysis will be conducted. Campos was driving on an expired driver's license and Espinosa's license status is still unclear.

Charges will be filed out of custody on both drivers.

Joel

Tomorrow is the last day to RSVP to Department Feud. It promises to be a fun event that you don't want to miss. Please let me know if you'd like to attend.

Our next event is the **Silent Auction** on October 24, 2013 in the City Hall Training Room. **The success of the Silent Auction is dependent on what items we receive from staff for the auction.** Your "trash" is someone else's treasure! Please take this opportunity to go through your closets and garages to come up with fun items for the auction. Attached is a flyer showing contacts for contributions.

And, please don't forget to check our intranet page for upcoming events. A calendar and flyers are located on our website. http://seattle/moval/EmployeeGiving2013.shtml

Thank you for supporting the 2013 Employee Giving Campaign.

This message has been approved by the City Manager.

Subject: FW: Jose Godoy & Anthony Godoy

Hi Juliene,

I just learned that the Godoy brothers began the formal complaint process on September 04, 2013 by completing a Citizen's Complaint form and submitting it to the Sheriff's Department. Sgt. Fellows is the designated investigator and will make contact with one or both of them today to introduce himself. I just spoke with Jose Godoy and explained that he would be contacted by a Sergeant to discuss his complaint. At this point, the matter is in the able hands of Sgt. Fellows. In the near future, he will schedule interviews with each of the Godoy's to obtain their statements about the incident they are complaining about. The investigation will be conducted per Sheriff's Department policy and the Godoy's will receive a letter in the mail informing them of the final outcome of the investigation. This information may be helpful to CM Gutierrez if he plans to meet with the Godoy's.

Thanks,

Joel

When: Tuesday, October 15, 2013 5:00 PM-5:30 PM (UTC-08:00) Pacific Time (US & Canada).
Where: Mayor's office

CM Gutierrez,

On the surface, this appears to be a complaint against one or more police officers. If that is the case, it would be inappropriate to discuss the matter in any detail outside of our normal inquiry/complaint process. This is based on both Department policy and the California Peace Officer's Bill of Rights.

I have not had any contact from the Godoy's, but if they wish to meet privately with a Police Department representative to discuss their concerns, I am happy to arrange that. If a discussion is not sufficient to address their concerns, we will immediately provide them with a Citizen's Complaint form and initiate an investigation once the form is completed and returned.

In any event, I will need additional information before meeting with the Godoy's so I can research the issue and have enough information to have a meaningful discussion with them. Lastly, Tuesday afternoon's from 2:00 PM to 5:00 PM are almost never clear on my schedule due to a regularly scheduled staff meeting. Please let me know how you wish to proceed.

Thanks,

Joel

Meeting Date: OCTOBER 16, 2013

CONSENT CALENDARS		
Item #	Comments	Support?
9	**a. March Joint Powers Authority – Operations** 1. **Report:** Receive and file the Financial Status Report for September 2013 (page 11).	Yes
	2. **Report:** Receive and file the Update on Joint Powers Commission Actions, Legislation, Property Transfers and Staff Activities (page 42) ▪ General Aviation Terminal and Apron: FAA grant was issued on 9/23/13. The groundbreaking ceremony is scheduled for 10/16 at 10 am (right after the JPC meeting). The construction schedule is as follows: o Construction begins 10/1/13 (10 months) o Construction to be complete 8/31/14 o Certificate of Occupancy expected 9/30/14 ▪ AMRO Fabricating fabricates Boeing's Shipping Mechanical Equipment. AMRO now employs 100 full-time employees and Boeing will run 4 flights in October. ▪ Airfield Lighting: Lighting, cables, and the new electrical vault have been installed and final connections are underway. Project is nearly complete though a firm completion date has not been published. SAME ▪ Conveyance of D-3 West parcel: So far, land transfer for LNR's 1st thru 6th and 8th thru 11th option parcels have closed escrow. LNR submitted a request for Option Parcel 7. FAA requires D3 sale at fair market value and revenues reinvested into the airport. To date, $2.94 million from D3 west parcels has been transferred to MPIAA. ▪ March Healthcare Development: No new information since	Yes

	buildings were demolished in 2010. SAME ▪ Conveyance – NEC: Navy property conveyance: $3 million funding shortfall. PENDING THE ONGOING FEDERAL BUDGET IMPASSE. JPA STAFF WILL UPDATE THE COMMISSION WHEN A BUDGET IS PASSED. **3. Report: Receive and file the Update on Planning Activities (page 45):** ▪ March JPA General Plan Update: the Draft EIR is being prepared – same note as July 17. SAME ▪ Community Sports Complex (page 85): I think there's been some action since 2009 when the park site committee recommended a site. ED Stone indicated that the K-rat conservation easement is the same as the park site recommended by the Committee. SAME ▪ Heacock Flood Control Channel: CIRCULATION OF THE NOTICE OF PREPARATION FOR CEQA WORK HAS BEEN CHANGED FROM 9/30 TO 11/7/13. EIR TECHNICAL STUDIES ARE UNDER WAY. THE HEACOCK CHANNEL TEAM IS DISCUSSING THE 35% DESIGN PLANS AND WILL REVIEW THE DRAFT EIR IN NOVEMBER. ▪ Fire Safety Needs Assessment and Funding Study: THIS RELATES TO MJPA ADOPTION OF THE COUNTY'S DIF's AND THE QUESTION OF HOW MORENO VALLEY'S DIFs WILL COMPARE. STATUS IS PENDING RIVERSIDE COUNTY ADOPTION OF NEW DIF FEES. COUNTY STAFF WILL RELEASE THE NEW STUDY ON THURSDAY / FRIDAY. 4. Report: Receive and file the Special **Technical Advisory Committee** Meeting (page 92): THE TAC MEETING ON SEPTEMBER 30 PROVIDED INFORMATION ABOUT THE AGREEMENTS ON THE 10/16 AGENDA. 5. Approve the **Endowment Management Agreement** between March JPA and Riverside Land Conservancy, establishing funding and management responsibilities for a 185-acre Lease Bell's Vireo Conservation Easement – approximately Van Buren and Plummer roads (page 59). ▪ JPA will pay to start the baseline study, legal costs to establish a non-wasting fund. JPA will maintain the drop structures and perform graffiti control. ▪ RLC will comply with the streambed alteration agreement, manage the conservancy, maintain fences, and file annual reports on the non-wasting fund and the status of the species. 6. Approve the **Memorandum of Contingent Abandonment of Utility Easements** by and between LNR, WMWD, and March JPA.	Yes Yes Yes Yes

	This is a Tri-Party Agreement between LNR, March JPA, and WMWD regarding existing easements for facilities in the conservancy / habitat. LNR will install new upgraded water facilities serving future Meridian development, located outside the conservation area. Once accepted, WMWD will quitclaim their access easement for maintaining the obsolete facilities and will remove the old tank. JUST AN FYI – A THIRD AGREEMENT WAS DISCUSSED AT THE TAC MEETING THAT I DO NOT FIND IN THE PACKET – IT MAY ALREADY EXIST. BELOW IS A SCREEN SHOT OF THE TAC MINUTES RELATED TO THAT AGREEMENT: Second is the maintenance and funding agreement between LNR Properties, LLC (LNR) and March JPA. LNR is responsible for the establishment of the initial conservation easement costs including initial biological surveys and legal fees, as well as the long-term non-wasting fund. To assist in funding, LNR can use proceeds from the SKR habitat settlement. However the settlement funds are well below the level of the endowment, which leaves a funding gap that LNR will fill. Moving the streambed to the north will cause LNR to install a re-aligned channel and drop structures to the streambed to slow water flow to avoid erosion of riparian habitat. LNR will also provide fencing to enclose the area to keep the public out. The JPA will maintain the drop structures and perform graffiti control within the fenced area which is adjacent to commercial and industrial projects. **b. MIPAA – Operations:** 1. Report on Case No. RIC1207681, March International Logistics Center LLC v March JPA (page 250 - 701). 7 attachments are the settlement documents provided to the JPC consistent with direction given to ED Stone in the September 4 closed session to: ▪ Settle the pending litigation and resolve claims from the DDA, ERN, and amendments. Dismissing pending Action and Cross-Action with prejudice; ▪ Release both parties of all claims against one another arising out of the DDA, ERN, and amendments, MILC's lease, etc. ▪ Terminate the DDA and ERN and amendments. ▪ Identify that each party is responsible for their respective suit and attorney fees / costs.	??? Tom and Victoria,

Mr. Chavez stated he would like to meet with you and Chief Ontiveros regarding a citation he received a couple of weeks ago for blocking the sidewalk with his wheelchair at a DUI checkpoint. He stated there were two PD signs blocking the sidewalk, and a car that had been pulled over was blocking the sidewalk. He stated he couldn't maneuver his wheelchair around because of the blockages, but yet he received a citation for blocking the sidewalk. Please advise if you would like to meet with Mr. Chavez and if you would like Chief Ontiveros included in the meeting.

Moreno Valley Announces the "Ride Moval" Charity Bicycle Ride

The City of Moreno Valley, in collaboration with the Inland Empire Biking Alliance, is hosting a premier bicycle event on Sunday, October 20, 2013. The ride will start and finish at the Conference and Recreation Center, located at 14075 Frederick Street. All proceeds will benefit Moreno Valley Unified School District sports programs. There are routes for riders of all ages and abilities from a family-oriented casual ride to a hilly and challenging Metric Century. Post ride activities include food trucks, live entertainment, and a beer garden.

Start times and costs for the rides are as follows:
Metric Century - 8:00 a.m.
32 Mile - 8:15 a.m.
15 Mile - 10:00 a.m.
5 Mile - 10:15 a.m.

Entry fees are $25.00 for the 32-Mile and Metric Century, and $15.00 for the 5-Mile and 15-Mile rides. Moreno Valley Unified School District students ride FREE! (please bring your student ID). To register go to www.bikereg.com/Net/ride-moval. For more information, go to www.moval.org or www.iebike.org.

Freeway Closures set for SR-60 at Nason Street for Falsework Removal

The City of Moreno Valley is constructing improvements to the State Route 60 (SR-60)/Nason Street Overcrossing (Bridge). The contractor is currently building a new Nason Street Bridge over SR-60 and completing related improvements.

The removal of the temporary support system (falsework) for the east side of the new Nason Street Bridge is scheduled for Friday, October 18, 2013 through Sunday, October 20, 2013. Full freeway closures are necessary as part of this operation.

- Eastbound SR-60 at the Nason Street Bridge will be closed beginning at 11:50 p.m. on Friday, October 18, 2013 and will reopen at 6:00 a.m. on Saturday October 19, 2013. The detour for this closure will be from SR-60 eastbound, exit at Nason Street. Continue eastbound on the off-ramp, cross over Nason Street, and return onto the eastbound SR-60 on-ramp. See attached detour map. Nason Street nortbound will remain open only at the eastbound on-ramp. Nason Street southbound will remain open only at Elder Avenue west or at the Nason Street westbound on-ramp. Motorists may experience delays in this area

- Westbound SR-60 at the Nason Street Bridge will be closed beginning at 11:00 PM on Saturday, October 19, 2013 and will reopen at 7:00 a.m.on Sunday, October 20, 2013. The Nason Street westbound on and off ramps will be closed from 10:00 p.m., Saturday, October 19 to 7:00 am., Sunday, October 20. The detour for this closure will be from SR-60 westbound, exit Moreno Beach Drive north. Continue north on Moreno Beach Drive to Ironwood Avenue west. Continue west on Ironwood Avenue to Perris Boulevard south. Continue south on Perris Boulevard to return to SR-60 westbound. See attached detour map. Nason Street northbound and southbound, and the easbound on- and off- ramps will remain open although motorists may experience delays

Residents may experience noise during the operation. If inclement weather and/or other factors change this schedule, updated notifications will be issued.

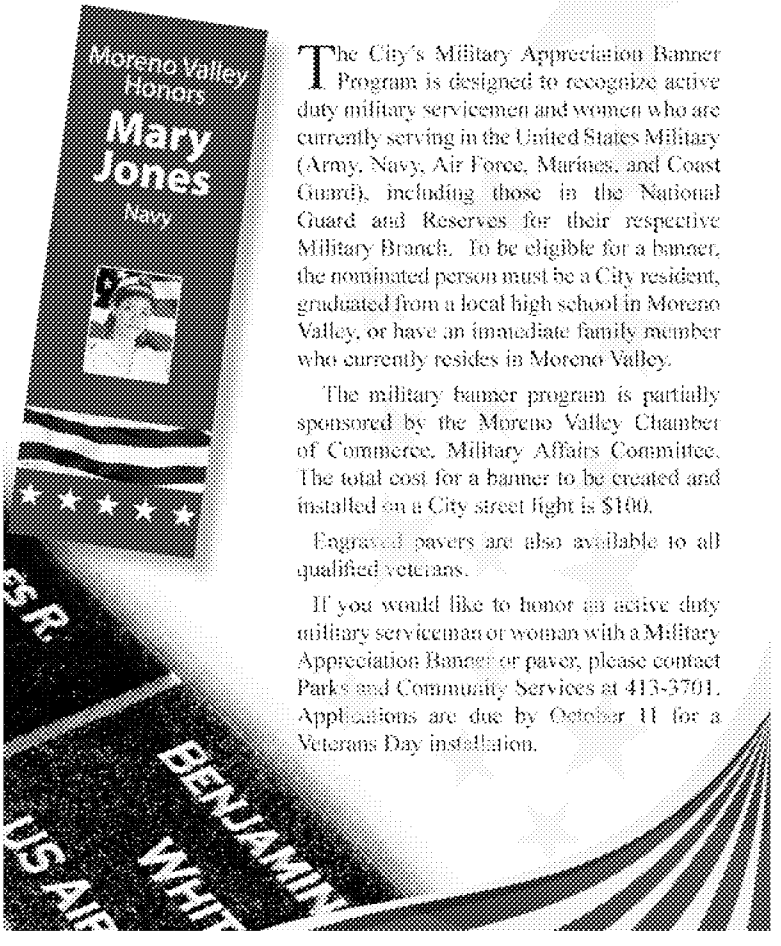
HONORING MILITARY PERSONNEL



The City's Military Appreciation Banner Program is designed to recognize active duty military servicemen and women who are currently serving in the United States Military (Army, Navy, Air Force, Marines, and Coast Guard), including those in the National Guard and Reserves for their respective Military Branch. To be eligible for a banner, the nominated person must be a City resident, graduated from a local high school in Moreno Valley, or have an immediate family member who currently resides in Moreno Valley.

The military banner program is partially sponsored by the Moreno Valley Chamber of Commerce, Military Affairs Committee. The total cost for a banner to be created and installed on a City street light is $100.

Engraved pavers are also available to all qualified veterans.

If you would like to honor an active duty military serviceman or woman with a Military Appreciation Banner or paver, please contact Parks and Community Services at 413-3701. Applications are due by October 11 for a Veterans Day installation.

Subject: The Great ShakeOut
Attachments: ShakeOut 2013.pdf

The Great ShakeOut earthquake drill is an opportunity to practice how to be safer during earthquakes through the "Drop, Cover and Hold On" campaign. The ShakeOut has also been organized to encourage you, your family, your community and your place of business to update emergency plans, kits and supplies.

Now held annually on the third Thursday of October, the 2013 Shakeout is set for Thursday, October 17, 2013 at 10:17 a.m. During the self-led drill, participants practice how to "Drop, Cover, and Hold On."

Endorsed by emergency officials and first responders, the proper response to an earthquake is to:

- Drop to the ground
- Take Cover under a sturdy table or desk if possible, protecting your head and neck
- Hold On until the shaking stops

Following National Preparedness Month in September, Great ShakeOut Earthquake Drills are occurring nationwide in more than 40 states and territories. More than 12 million people are expected to participate in drills on October 17. In addition to the safety drills, many participant take extra steps to become more prepared for earthquakes.

For any additional information or questions regarding the Great ShakeOut Earthquake Drill, Emergency Preparedness or Emergency Planning, please contact the Office of Emergency Management at [redacted]

This email has received City Manager approval.

MORENO VALLEY
OFFICE OF EMERGENCY MANAGEMENT AND VOLUNTEER SERVICES

City of Moreno Valley
Preparing for Earthquakes

The Great California ShakeOut

The Great California ShakeOut is an annual opportunity to practice how to be safer during earthquakes. You could be anywhere when an earthquake strikes: at home, at work, at school, or even on vacation. Are you prepared to respond, survive and recover quickly?

Drop, Cover and Hold On: Protocol to protect lives during earthquakes:
When: Thursday, October 17, 2013
Time: 10:17 AM

Why is it important to do a "Drop, Cover and Hold On" drill?
You may only have seconds to protect yourself in an earthquake, before strong shaking knocks you down--or drops something on you. You must react quickly and practice often. Practicing helps you be ready to respond.

How can you participate?

If you are inside a building, move no more than a few steps, then Drop, Cover and Hold On:

- **DROP** to the ground (before the earthquake drops you!),
- Take **COVER** by getting under a sturdy desk or table,
- and **HOLD ON** to it until the shaking stops.

- ❖ If there isn't a table or desk near you, drop to the ground at an inside corner of the building and cover your head and neck with your hands and arms. Do not try to run to another room just to get under a table.
- ❖ Remain indoors until the shaking stops and you are sure it is safe to exit. Most buildings in California are safer if you stay where you are until the shaking stops.
- ❖ The main point is to immediately protect yourself where you are and try not to move.

Preparedness at work:
Keep a small backpack, duffle bag or survival kit of your own personal supplies in a desk drawer. This pack could include the following:

- ✓ Flashlight with extra batteries
- ✓ Emergency blanket (very compact and made of a special material that reflects up to 90% of your body heat)
- ✓ Food (high calorie food bars, MREs, granola bars, fruit bars, candy bars, crackers, fruit leather, raisins, nuts, prepackaged foods, etc.)
- ✓ Water pouches or juice boxes
- ✓ Pair of walking shoes
- ✓ Mini first aid kit (adhesive bandages, rolled bandages for sprains, pain reliever, any medication you need, gauze, antiseptic wipes, antibiotic first aid cream, etc.)

In addition to packing a small survival kit, here are some other important things you can do:

- ✓ Read Moreno Valley's evacuation plan. If your building or facility doesn't have a copy, contact Alia Rodriguez at 951.413.3809. Make sure you are familiar with your departments meeting location.
- ✓ Make sure you are aware of the exit routes in your building.
- ✓ Know where the fire extinguishers and first aid kits are located.
- ✓ Note the locations of stairways as you walk from room to room.
- ✓ Carry a card in your wallet or purse that has important phone numbers including the number of your out-of-state phone contact.

Earthquakes occur without any warning and may be so violent that you cannot run or crawl; you will most likely be knocked to the ground. You will never know if the initial jolt will turn out to be the start of the big one. You should Drop, Cover, and Hold On immediately!

To register or learn more about the Great ShakeOut, visit www.shakeout.org

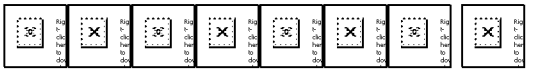
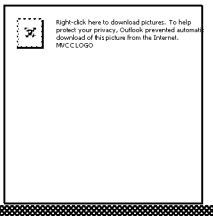
Subject: Local Artists Invited to Display Work





Moreno Valley Chamber of Commerce

Local Artists Invited to Display Work

The City of Moreno Valley is currently accepting applications from artists to display their artwork through a new Art Loan Policy. The City's Arts Commission will review all works of art submitted for exhibition. The commission will judge the appropriateness of each piece based on common sense and an eye for family-friendly works.

The policy allows works strictly from artists, living or deceased, connected to Moreno Valley through residence, work or birth. The primary points of the policy include:

- All artists will need to reside, work, or have been born in Moreno Valley. Theserequirements also apply to works of art submitted by family members of deceased artists.
- The City's Arts Commission will review all works of art submitted for exhibition at a City facility. The review includes an evaluation of each work of art for quality, style, the type of media the artwork is displayed on, the nature of the artwork, and diversity. Following the review, recommendations will be made to the City Manager's Office which will approve all artwork prior to being loaned to the City for display.
- Works of art that are deemed too large or difficult to display, contain materials which are inherently dangerous or unstable, or are made out of materials that may decay if not kept displayed in the optimum environmental conditions will not be displayed.

The deadline for submittal is December 2, 2013. Art pieces will be displayed January 1-April 30. Applications are available at www.moval.org. For more information, contact Moreno Valley Parks and Community Services at [redacted]

Subject: Backflow Theft case - Results

Good afternoon,

As you may recall, the Burglary and Robbery Suppression Teams handled a series of backflow device thefts earlier in the year. Their investigation led to numerous arrests and the recovery of several stolen backflow devices, including four stolen from RCRMC valued at $40,000. On 10-15-13, the preliminary hearing in this matter was held in Superior Court. The following pleas/convictions/penalties have been handed down so far:

Javier Ramirez, 43 (primary suspect)

- 6 years state prison
- One felony strike
- Full restitution ordered

Jesse Andrew Diaz, 28

- 4 years prison
- Full restitution

Ernest V. Diaz, 47

- 180 days jail
- 4 years formal probation
- Partial restitution ($1,500)

Joe Ramirez, 38

- 180 days jail
- Gun recovered to be destroyed
- Prohibited from possessing firearms for term of probation
- 3 years summary probation with search terms
- Partial restitution ($1,500)

Humberto I. Martinez, 64

- 180 days jail
- 3 years summary probation with search terms
- Partial restitution ($1,500)

Two other suspects are still awaiting final disposition. Both will likely accept plea agreements soon. Overall, a very successful investigation and prosecution.

Subject: Fraud and Theft prevention training - Moreno Valley Mall

Good afternoon,

Today Investigator Drexler and Deputy Honore of BST conducted a presentation for vendors in the Moreno Valley Mall about fraud awareness for the upcoming holidays. During the presentation, they provided posters and flyers showing how to detect fictitious currency and procedures to help in identifying potential suspects. They also demonstrated the benefits of using UV machines to detect fraudulent currency, fraudulent credit cards, and fraudulent identification cards. Hopefully these tips will help reduce the frequency of these issues in the coming months.

Subject: Greg, Victory Outreach [redacted]

Greg stated the Mayor offered to cover the cost of the event. He is requesting $217 for the application fee. You have committed to pay for the $125 stage rental fee and $87 permit fee.

I believe there was previous discussion that you were seeking business sponsorships to offset the cost of the fees. Any luck?

Please advise.

Thanks,

Cindy

Subject: Pastor Mark Update

Tom,

Pastor Mark stated he wanted to give you an update on what is happening with the Harvest Festival. He stated he is meeting with Land Development this Monday, October 21, at 3:00 p.m. with Land Development. He stated Mel Alonzo is providing the port-a-potties and washing stations. He stated he talked to Chief Ontiveros to see if police were in the vicinity of the event if they could slow down and drive by to make their presence known. He stated Chief Ontiveros couldn't promise anything, but if they are available, he will send them by. Pastor Mark stated they are finishing up with what they need for the festival.

Subject: Assault with a deadly weapon

Good evening,

Today about 1:53 PM, officers responded to the area of Adeline X Dracaea reference several subjects fighting. On arrival, officers detained three teenage boys and two 18-year old men. Investigation revealed they were the victims and that the suspects had fled the area.

Investigation revealed that several unknown males attacked the victims with knives, screwdrivers, and some sort of blunt object. Three of the victims were transported to RCRMC for treatment of what appeared to be minor injuries. The other two were released at the scene to their parents.

The investigation is continuing. At this time, the suspects are unidentified and the motive is unknown. I will update you if additional information is discovered.
MVUSD was notified as some of the victims are students.

Subject: Robbery on Sunnymead Blvd- arrest

Good evening,

Tonight about 7:30 PM, Officers responded to an armed robbery on Sunnymead Blvd near the Comfort Inn. A 55 year-old long-haul truck driver from Michigan was walking on Sunnymead Blvd when a hispanic male adult walked up behind him and poked something in his back, simulating a knife. The suspect ordered the victim not to move and reached into his pocket, taking property from the victim.

The suspect fled and the victim called police. The victim provided a detailed description of the suspect to two POP officers. They recognized the suspect as a man they spoke to earlier in the evening.

The officers located the possible suspect and conducted an in-field line-up. The victim positively identified the suspect as the person who robbed him.

Suspect Genaro Trejo Jr., 20, is a transient known to live in Moreno Valley. The suspect was booked into RPDC on a charge of armed robbery.

Subject: Silent Auction

Not many donations have been received for the Silent Auction on Thursday, October 24. The success of the Silent Auction is 100% dependent on donations. We're hoping the weekend gives you an opportunity to go through your closets and garages for items that you no longer want or need. Donations should be provided by October 23.

You can donate items to the following team members:

ANIMAL SERVICES: Tina Gallegos
ANNEX: Margaret Williams
CITY HALL: Ewa Lopez, Liz Plazola
CORPORATE YARD: Kathy Savala
CRC & SENIOR CENTER: Joy Uribe, Gina Henderson
POLICE: Kandace Baptiste

Thank you for supporting the 2013 Employee Giving Campaign. **We can't wait to see you today at the Department Feud today!**

Subject: Trash/Waste Management Issue Appeal for Help

Dear. Mr. Mayor,

I am in the middle of a HUGE problem with Moreno Valley Waste Management and I am literally writing to everyone I can think of in order to try and fix this dilemma. I know you and your office are busy, so I apologize for the length of this email, but I want to make sure I include all the pertinent facts so that you have all the information you need to see if there is anything you can do.

My family and I purchased and moved into our property at 11849 Graham St Moreno Valley, CA 92557 in February of 2010. As all of our income is and was tied up in the mortgage we were unable to pay for trash service so we did not call and set up service. My father and husband both work at locations where we are able to dispose of our trash, so service was not even needed.

The reason this is an issue now is that we received our property tax bill yesterday and while going over it I noticed there was a $311 assessment from Moreno Valley trash Disposal Services and a number to call. When I called customer service they asked my name and address and said the service was under some other name that I've never heard and she informed me that I am going to be forced to sign up for trash service, a service I would NEVER use. However, I am fine with that. I understand the reasons behind it and I am more than willing to sign up for service going forward. However, I was also informed that I will be required to back-pay for service for the past three years! WE DID NOT AND COULD NOT USE THE SERVICE and should not be liable for it. We don't even have trash cans! At almost $22.00 a month we are going to be liable for over $700 for a fault that was not ours. In the current economy that is money that we just don't have.

I was never made aware of the fact that service was required. I see the Waste Management Trucks and workers on a weekly basis and have never been warned by them or anyone else that we have to partake in this service. I have never received a bill or a flyer, a door tag or a phone call from anyone at Waste Management and this is the first year that it has been on my taxes. I literally had no clue and was given no information on the matter. I do not believe it is our fault or our responsibility that we were never informed of this. I could not simply go wash windows at a company without their approval and then say they owe me for the windows.

Nor would I require that service, not actually provide it and then charge the company for 3 years of unpaid service!
For those reasons, as well as the others I mentioned I do not believe that I should have to pay for back service.

I went to the following websites :
http://www.rivcowm.org and
http://www.moreno-valley.ca.us/resident_services/waste/index-waste.shtml

NEITHER of these sites say that Trash Service is required in Moreno Valley. If you want electric you call Edison, or they send you a mailer, or they knock on the door, same with water. Nothing was ever provided to me to make me aware of this issue.

Having spoken to a Waste Management rep today I will be setting up the service by the end of the week, but I find it ludicrous that I am being charged for a services that I did not and COULD not use. As I mentioned earlier in this e-mail we do not even have trash cans.

I hope that someone in the city can see how to help my family out of this situation. I will be forwarding this letter to the tax board, my mortgage company, my city counsel man and anyone else I can in hopes that someone will be able to rectify this issue and help us.

As I mentioned, I was not aware of the requirement for service and now that I am I will be setting it up by the end of the week.

If you have any questions or can provide me with any assistance in this matter (perhaps there is a form to appeal this type of thing and I just can't find it) please e-mail or call me at your convenience.

Thank you for you time in reading this e-mail and your help with this matter.

Sincerely,
Samantha Chauvin

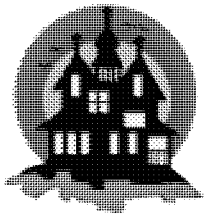
Subject: Employee Night at MoVal Haunting



City employees and their families are invited to attend a private, or soft opening of the special clown-themed Haunted House on Tuesday, October 22nd, from 6:00 p.m. to 8:00 p.m. The Haunted House will be held at the Cottonwood Golf Center. **City employees are needed** this evening to wander the spooky maze to assist staff in preparation of the public opening. Bring your city badges for free admittance on this date. Attend if you dare…

You won't want to miss the Youth Fall Festival on October 25th and 31st and House of Clowns on October 25th, 26th, and 31st.

We hope to see everyone there!

Dear Chief Ontiveros,

As you may know, on Saturday October 12,2013, Louise Palomarez was assaulted at the Environmental event at Vista de lago High School, I was not present and am only forwarding this information to you to assist in any way I can.

Apparently Thomas Kent Thornsley, dob 03/13/57, 29177 Stevens Ave. Moreno Valley, CA 92555, physically put hands on Mrs Palomarez and continued to attempt to remove her from the location at which she was standing. He yanked her arms and insisted she leave from this public event. He or someone took possession of her personal belongings, her purse, and threw it outside the auditorium.

In my opinion, this seems to be Assault and Battery, the purse issue I'm sure is another crime.

The Officer handling the case at this time has contacted Mrs Palomarez and indicated that he has statements from individuals at the event which state that this did not occur. That would be obvious, due to them being allies of Tom Thornsley. I hope you can further investigate this matter and hopefully, the auditorium has surveillance equipment which can prove that he did assault Mrs Palomarez.

Also, please contact the following individuals whom were there and witnessed the crime:
Tom Hines, [redacted], he witnessed Thomas Thornsley speaking of the assault and apologizing to someone

Christopher Prudhome, [redacted], he witnessed the assault but did not see the purse matter.

(Another individual whom was with Chris Prudhome also witnessed this incident, but I have not been able to identify. As soon as I have this information I will forward to you)

Thank you very much

Subject: Fight involving Canyon Springs HS students

Good evening,

Today about 12:44 PM, the SRO at Canyon Springs HS received a radio call from campus supervisors about a fight in the lunch area. The SRO responded and saw a 14 year-old male student flailing his arms as campus supervisors attempted to detain him. The SRO detained the suspect without incident and began walking him to the Admin building. He noticed campus supervisors attempting to detain another 15 year-old male student in the quad area. This student was very agitated and displayed hostility toward the campus supervisors. The SRO handcuffed this student as well and began walking both suspects to the Admin building.

Once the SRO arrived at the office with the two detained students, he received another radio call from campus supervisors asking for help with additional fights occurring in the lunch area. The SRO requested emergency assistance via radio and two units were dispatched. Officers arrived quickly and secured the school. All uninvolved students were directed to return to their classrooms.

Investigation revealed that 6 male students (14-17 years old) were involved in one large mutual fight. This fight was the result of another fight that occurred earlier in the day between two of the subjects in the larger fight. In all, six CSHS students were detained and later released to their parents. Two of them sustained minor injuries during the fight but declined medical attention. All involved parties desire prosecution against each other. The case will be filed with the Juvenile Court. MVUSD Administration was made aware of the incident and will handle any administrative discipline deemed necessary.

Order was restored and the school day continued without further disruption.

Help Bring Meetings to Moreno Valley USA

We Can Impact Moreno Valley's Economy

Dear Business Owner,

Your investment in Moreno Valley is an important contribution to the economic wellbeing of our City. As you are aware, community support can make a huge differencein creating a hospitable environment forgroups which are in the process of selecting future destinations. If we work together to make Moreno Valley's reputation more inviting we can generate hundreds of thousands of dollars in incremental revenue for the City and your property.

As a major stakeholder in the City, I would like to invite you to attend a brainstorming session aimed at creating a strategic partnership to increase business and maintain the Air Force contract. Possible topics of discussion are:

1. Sunnymeade Cleanup Effort,
2. Improved Communications with the Air Force,
3. Formation of a "mini" trade association,
4. Hotel occupancy tax,
5. Advertising,
6. Distribution of promotional material,
7. Direct sales,
8. Combined City, Hotel and Chamber efforts,
9. Familiarization tours and other hospitality functions.

Other communities have found that a collective marketing strategy to reach decision makers is usually more cost effective. Should we have a collective strategy? If so, how can the City help? The meeting will be held at the:

Conference and Recreation Center
Alessandro Room B
May15, 2013 - 10:00 AM

Your business is important and appreciated by the City Council and I am confident that if we work together to generate incremental income, all parties will benefit.

Sincerely,

Tom Owings

P.S. Please RSVP to Cindy Miller, Executive Assistant to the Mayor and City Council at [redacted]

Mr. Owings:

My wife and I recently had a chance to review the DEIR for the WLC. We know that the city needs money badly and that you are looking for funding sources. We wanted to see if we could support the WLC project as a way of finding money. As a way of introduction, we are both long time residents of Moreno Valley and are now retired. We are both trained physicists and have spent our careers in technical and management areas in various industries. We feel that our background allowed us to make an objective and unbiased review of the document. We were trained to think out of the box.

The DEIR is a good document, very well organized and written. The traffic analysis was very detailed. We were especially impressed by the fact that the trip generation rate was peer reviewed in Appendix T.

The WLC will have high cube warehouses; yet to date, there is very little data available for such facilities. They tend to be efficient, require less employees, and may require fewer truck trips per KSF than smaller warehouses. Because there is very little data yet available on high cube warehouses, the DEIR makes some big conclusions on small data samples, contradictory data, or even erroneous data. For example, the trip generation rate of 1.68 was used in the DEIR (ITE edition 9). I agree with the argument in Appendix T that the 2011 NAIOP study makes a good case for the use of the smaller number 0.99 for traffic analysis. The use of the 0.99 number would greatly reduce the estimate of truck trips which would reduce the estimate for the impact of the WLC on traffic density. However, what number should be used for air quality? Because the trucks used in the WLC are primary large diesel trucks, it appears to us that no proper engineering estimate can be made at this time, by anyone, on the impact on air quality for the large number of high cubes at the WLC.

We also reviewed the fiscal and economic analysis in the DEIR. We were unable to duplicate various important parameters in this section of the document, including the number of employees for the WLC, the wage information, and the sales tax revenue received. A detailed review by us indicates that the presented information is suspect and at times is based on wrong source data. (In scientific and engineering circles, data that cannot be verified is suspect).

In addition, the document assumes 100% occupancy from day one and gives the reader the impression that the city income will be $5 million dollars by 2022. Our analysis shows that 100% occupancy by 2022 is very unlikely, even in a positive economic cycle.

The discussion on construction is a self contradictory. For example, the label in Figure 3.19 in the DEIR, seems to indicate that 20 MSF of warehouses will be built by 2017, and another 20 MSF will be built by 2022. The document elsewhere states that an average of 1700 FTEs will be employed to accomplish phases 1 and 2. These two data points give the impression that all 40 MSF will be completed by 2022. However, other sections of the document indicate that the buildings will be customized, i.e. need to have a tenant before they will be built. There appears to be no probable and realistic schedule for building completion and building occupancy. So, when will the warehouses really be built? When will the city benefit fully from the promised construction income?

What is actually built, and when, pertains directly to the construction income to the city and fiscal responsibilities that come to the city when those buildings are completed. These statements may cause civic leaders to assume income from the WLC at an earlier date then can be reasonably expected, without having a clear understanding of the timeline for the city's future responsibilities, such as police protection, and electric utility bills.

There is not enough data for anyone to prepare a realistic cost/benefit analysis of the WLC. More data is needed.

I propose that if you decide to proceed with the WLC, you only modify the General Plan as needed to accommodate Phase 1; that you, as a condition to proceed with phase 1, collect traffic, air quality, economic, and social data during implementation of phase 1; that you obtain and review another EIR before the city agrees to modify the General Plan for Phase 2.

I believe that our findings and conclusions in some of these areas are of definite interest to you before you decide on how to proceed with the WLC and how to modify the General Plan. We would appreciate the chance to meet with you to discuss some of these findings. I have a couple of suggestions that we feel you may be interested in. I want our city to have income to meet our needs, but I question the need to allow Phase 2 to proceed at this time.

Thank you for considering my request.

Sincerely , Hans and Barbara Wolterbeek

>
> Good morning City Council member Owings,
>
> I would hope that you have read the World Logistic Center's Draft EIR by now, but if you haven't, then perhaps begin reading the letters that have been submitted to the document. Attached below is one such letter. While it is 40 pages, I believe it raises question which City Council members should be considering. There are several other letters submitted this past week to the WLC's DEIR which I also believe you should definitely read. Mark Gross has already provided copies of all the letter on a CD. You should ask him for the CD and begin reading these letters. Many are from concerned residents and others are done by people who write DEIR comments for a profession. All are worth reading. I am sorry I did not see you at the WLC Community meeting earlier today. The next one is Saturday May 18th.

Re: World Logistics Center Project Draft Environmental Impact Report (SCH #2012021045)

Dear Mr. Terell:

This firm represents the Friends of the Northern San Jacinto Valley with respect to the proposed World Logistics Center Project ("WLC" or "Project"). We respectfully submit this letter to present comments on the Draft Environmental Impact Report ("DEIR") circulated by the City of Moreno Valley for the proposed Project pursuant to the California Environmental Quality Act ("CEQA"), Public Resources Code § 21000 *et seq.*

The Project as proposed and described in the DEIR is enormous. Highland Fairview, the applicant, proposes to build more than 41 million square feet of warehouse and associated uses on over 2,700 acres of land. The new users of the site would overwhelm the area's roadways, in violation of the City's General Plan, and the Project itself would require extensive on- and off-site infrastructure and utilities. Through this approval, Highland Fairview seeks specific vested rights to build this particular project at this specific density.

Yet, due to the City's decision to prepare a programmatic EIR for the Project, critical details of the Project and its related infrastructure remain entirely

undefined. In many instances, the DEIR improperly defers both analysis and mitigation of the Project's impacts to some future, post-approval date. For example, the DEIR fails to provide crucial information relating to the extensive network of storm water infrastructure that would be needed to adequately handle increased storm water flows. This deferral is particularly problematic given the nature of the Project site, which has a history of poor drainage and localized flooding. The DEIR also asserts that the Project can be designed to avoid impacts to scenic viewsheds from State Route 60, but defers determining how the 41 million square feet of high-cube buildings can actually be arranged to accommodate these views.

The overly simplified nature of this programmatic EIR and its deficient impact analyses and mitigation measures undermine the very purpose of CEQA. As the Supreme Court has explained, the EIR is "the heart of CEQA." *Laurel Heights Improvement Ass'n v. Regents of Univ. of Cal.* (1988) 47 Cal.3d 376, 392 ("*Laurel Heights I*") (citations omitted).

> [It] is an environmental "alarm bell" whose purpose is to alert the public and its responsible officials to environmental changes before they have reached ecological points of no return. The EIR is also intended "to demonstrate to an apprehensive citizenry that the agency has, in fact, analyzed and considered the ecological implications of its action." Because the EIR must be certified or rejected by public officials, it is a document of accountability.

Id. (citations omitted).

Where the environmental document fails to fully inform decision makers and the public of the environmental consequences of the proposed actions, it does not satisfy the basic goals of CEQA. "The purpose of an environmental impact report is to provide public agencies and the public in general with detailed information about the effect which a proposed project is likely to have on the environment; to list ways in which the significant effects of such a project might be minimized; and to indicate alternatives to such a project." Pub. Res. Code § 21061. The DEIR here fails to fulfill this purpose.

For all the reasons set forth below, it is our opinion that the DEIR does not comply with the requirements of CEQA. The City must revise and recirculate the DEIR to provide the public an accurate assessment of the environmental issues at stake, and a mitigation strategy—developed *before* project approval—that fully addresses the

MV00253250

Project's significant impacts. The City must also take a serious look at alternatives that can avoid or lessen the Project's significant impacts, rather than designing straw-man alternatives to make this particular Project seem like the only possible choice.

Finally, the Project demonstrates a disturbing disregard for the City of Moreno Valley General Plan's provisions developed to protect the environment and human health and well-being. Although the applicant proposes to amend to the General Plan, these amendments would likely only serve to undermine the integrity of the City's planning efforts. Thus, because the Project conflicts with fundamental General Plan provisions so as to result in significant environmental impacts, and because the City has failed to adequately identify these conflicts in the EIR, approval of the Project would violate not just CEQA, but also the California Planning and Zoning Law, Gov't Code § 65000 *et seq.*, and the Subdivision Map Act, Gov't Code §§ 66473.5, 66474.

I. THE PROJECT VIOLATES THE CALIFORNIA ENVIRONMENTAL QUALITY ACT.

A. The City's Reliance on a Programmatic EIR Is Unlawful Because the Project Includes Vested Rights to Develop.

From the outset, the DEIR establishes that it will offer a "programmatic" review of the WLC. DEIR at 1-1 ("It is important to note that, even though this project has a Specific Plan, it does not have a site plan showing actual building locations, so the EIR will be programmatic rather than project level."); DEIR at 2-3. For that reason, the DEIR repeatedly defers analysis of environmental impacts and the development of mitigation and alternatives to a later time. The City avers this analysis will occur once the development plans are more specific. This approach violates the core tenant of CEQA: environmental impacts of a project are to be studied and disclosed at the earliest possible time.

"The most common type of EIR" is the "project EIR," which "examines the environmental impacts of a specific development project." CEQA Guidelines § 15161.[1] By contrast, programmatic EIRs are "designed for analyzing program-wide effects, broad policy alternatives and mitigation measures, cumulative impacts and basic policy considerations, as opposed to specific projects within the program." *Friends of*

[1] The CEQA Guidelines, Cal. Code Regs., tit. 14 § 15000 *et seq.*, are referred to herein as "CEQA Guidelines." The courts generally accord the Guidelines "great weight." *Laurel Heights I*, 47 Cal.3d at 391, fn. 2.

MV00253251

Mammoth v. Town of Mammoth Lakes Redevelopment Agency (2000) 82 Cal.App.4th 511, 533-34; CEQA Guidelines § 15168(c). Programmatic EIRs frequently serve as "first-tier" documents, whereby review for future specific projects relies in part on the analysis contained in the programmatic EIR. The City asserts that it will use the programmatic EIR as a first-tier EIR in this instance. DEIR at 3-27 ("This programmatic EIR provides a streamlined environmental review process for future development projects in the WLC Specific Plan area, including site-specific subdivisions and development entitlements that are consistent with the overall plan."); *id.* at 3-75.

CEQA, however, permits the use of programmatic environmental review documents only in certain limited circumstances. In particular, programmatic EIRs—and later tiering—are permitted only when a lead agency considers a wide-ranging set of policies or an over-arching land use plan. *See, e.g., Al Larson Boat Shop, Inc. v. Board of Harbor Comrs.* (1993) 18 Cal.App.4th 729, 740 (noting the appropriateness of using a first-tier EIR for the adoption of a general plan "which is by its nature tentative and subject to change"); Pub. Res. Code § 21068.5 (tiering is available from a first-level document that reviews a "policy, plan, program or ordinance"); CEQA Guidelines §§ 15152(c), 15168. Programmatic EIRs have been upheld for such programs as a statewide water management plan (*In re Bay Delta Programmatic Environmental Impact Report Consolidated Proceedings* (2008) 43 Cal.4th 1143) and a major port expansion project (*Al Larson Boat Shop*, 18 Cal.App.4th at 740). This use of a programmatic EIR makes practical sense: it allows a lead agency to weigh the pros and cons of a general policy choice before proceeding to make site-specific decisions.

The CEQA Guidelines, however, caution that "[t]iering does not excuse the lead agency from adequately analyzing reasonably foreseeable significant environmental effects of the project and does not justify deferring such analysis to a later tier EIR or negative declaration." CEQA Guidelines § 15152(b). Consequently, when an agency commits to a course of action by issuing binding approvals for a specific project, the use of a programmatic EIR and its generalized and deferred analysis are unlawful. *Id.* § 15152(c) (prohibiting the use of tiering to "prevent adequate identification of significant effects of the planning approval at hand"); *In re Bay Delta Programmatic Environmental Impact Report Consolidated Proceedings*, 43 Cal.4th at 1171 (distinguishing a statewide water management program, an appropriate subject of a programmatic EIR, from projects involving "proposed commercial land developments . . . on identified sites").

In *Stanislaus Natural Heritage Project v. County of Stanislaus* (1996) 48 Cal.App.4th 182, the California Court of Appeal struck down the use of a first-tier EIR for a project analogous to the one under review by the City. In that case, Stanislaus County approved a private developer's proposal to build a "destination resort and

MV00253252

residential community" that featured golf courses, sports facilities, and 5,000 residential units. *Id.* at 186. For its approval, the county prepared a "first-tier EIR" that, like this DEIR, explicitly deferred important aspects of environmental review to a later document. *Id.* at 197-98.

The Court of Appeal firmly rejected this approach: "[T]iering is not a device for deferring the identification of significant environmental impacts that the adoption of a specific plan can be expected to cause." *Id.* at 199. Instead, because the county "adopted a specific plan calling for construction of [specific] facilities and of other particularly described facets of the [proposed resort]" (*id.* at 203), it had to prepare a project-level EIR. The court took particular issue with the project's commitment to (1) "the specific sites for future development," (2) "the timing of construction" and (3) "what structures the future development will consist of." *Id.* at 204.

All three factors counsel in favor of a project EIR in this instance. The City is proposing to approve not only General Plan amendments, which alone might warrant a programmatic EIR, but also a Specific Plan, a Tentative Parcel Map, and a Development Agreement. DEIR at 3-25; 3-65, 3-74. The public has yet to be informed regarding the contents of the Development Agreement or the location or size of the parcels to be subdivided, but these activities will vest certain specific rights and entitlements with the developer, should the City approve the Project as proposed. Given the importance of these documents, the City must release this information to the public and provide additional time for review and comment. Pub. Res. Code § 21092(b)(1).

Regardless of the specifics, once a development agreement is approved, a public agency "shall not prevent development of the land for the uses and to the density or intensity of development set forth in the agreement," even if the project requires further discretionary approvals. Gov. Code § 65865.2; *see also Citizens for Responsible Government v. City of Albany* (1997) 56 Cal.App.4th 1199, 1214-15 (development agreement creates vested rights in the form of an "entitlement for use"); DEIR at 3-74 (noting that the development agreement will "provide certainty for the future development of the project for those parcels owned by Highland Fairview"). If the agency breaches a development agreement, it may be subject to damages. *See Mammoth Lakes Land Acquisition, LLC v. Town of Mammoth Lakes* (2010) 191 Cal.App.4th 435, 443-47, 476 (developer awarded $30 million for town's anticipatory breach of development agreement).

Moreover, a city cannot later impose new standards or conditions on an approved vesting tentative map that were not in place at the time the application was deemed complete. *Bright Development Co. v. City of Tracy* (1993) 20 Cal.App.4th 783,

MV00253253

788. The DEIR's efforts to characterize the tentative parcel map as a mere technicality are ill-founded. DEIR at 3-25 ("A Tentative Parcel Map is being processed to subdivide 1,539 acres of the project for financing purposes only. . . . Approval of the map will confer no development rights to the property."). The Subdivision Map Act provides no mechanism for dividing land for a limited purpose such as financing. Instead, all resulting parcels can be sold, financed, or developed separately. A subdivision map is, by definition, a land use entitlement, not a financing mechanism. *See* Gov't Code § 66424 (defining "subdivision" as "the division, by any subdivider, of any unit or units of improved or unimproved land, or any portion thereof . . ."). We have located no law suggesting that a subdivision, even if created for the purpose of financing, is not a land use entitlement that could lead to development. The revised DEIR must clarify the legal import of this subdivision map.

Given these specific land use entitlements, the City's use of a programmatic EIR for the Project is entirely inappropriate. The City must instead employ a project EIR in order to meet CEQA's core mandate: to conduct a full environmental analysis at the time of a project's earliest approval. *See, e.g., Save Tara v. City of West Hollywood* (2008) 45 Cal.4th 116, 134.

The City's programmatic approach creates errors throughout the document. Some examples include:

- The DEIR's failure to produce visual renderings of the Project. DEIR at 1-9 (Mitigation Measure 4.1.6.1B).
- The DEIR's failure to conduct a glare analysis for solar panels, despite the Specific Plan's requirement for a "maximize[d] [] use" of roof-mounted solar systems. DEIR at 1-9 (Mitigation Measure 4.1.6.4B); *id.*, App. H at 10.
- The DEIR's failure to conduct surveys or analysis for sensitive plant species, the L.A. Pocket Mouse, and other biological resources. *E.g.*, DEIR at 1-14 (Mitigation Measure 4.4.6.2A), *id.* at 1-15 (Mitigation Measure 4.4.6.4E).
- The DEIR's failure to conduct a jurisdictional delineation of wetlands. DEIR at 1-14 (Mitigation Measure 4.4.6.3A).
- The DEIR's failure to conduct a geotechnical fault study. DEIR at 1-19 (Mitigation Measure 4.6.6.1A, B).
- The DEIR's failure to conduct grading and drainage studies. DEIR at 1-38 (Mitigation Measure 4.16.1.6.2A).

MV00253254

- The DEIR's failure to develop air pollution control measures. DEIR at 1-11 to 12 (Mitigation Measure 4.3.6.2A).

These errors are only compounded by others detailed elsewhere in this letter.

The very real problem created by the use of a programmatic EIR in this instance will become evident only after this phase of the development is approved. Highland Fairview is seeking specific vested rights through the Development Agreement and Tentative Parcel Map. Once these approvals are granted, it is impossible to undo them. *See, e.g., Citizens for Responsible Government*, 56 Cal.App.4th at 1223 ("[T]he purpose of a development agreement is to provide developers with assurance that they can complete the project. After entering into the development agreement . . . the City is not free to consider the wisdom of the project in light of environmental effects."). Yet the DEIR is proposing to defer analysis of significant environmental effects and the development of necessary mitigation measures off into the future. Granting these approvals for a specific project at a guaranteed density now, before adequate CEQA analysis has been completed, contravenes CEQA's primary goal: to study the environmental impacts of an action *before* making a binding decision. *Laurel Heights I*, 47 Cal.3d at 392.

The DEIR must be revised as a project EIR, a document that will thoroughly analyze the impacts of the entitlements granted the developer, and identify appropriate mitigation measures and alternatives. Without a properly detailed level of analysis, the City cannot include the Specific Plan, Development Agreement, or Tentative Parcel Map as part of its approvals.

B. The DEIR's Project Description is Inadequate.

Even though the City proposes to grant specific vested rights to the applicant via this approval, the DEIR's project description fails to provide a complete picture of the entire Project. In order for an EIR to adequately evaluate the environmental ramifications of a project, it must first provide a comprehensive description of the project itself. "'An accurate, stable and finite project description is the *sine qua non* of an informative and legally sufficient EIR.'" *San Joaquin Raptor/Wildlife Rescue Center v. County of Stanislaus* (1994) 27 Cal.App.4th 713, 730 (quoting *County of Inyo v. City of Los Angeles* (1977) 71 Cal.App.3d 185, 193). As a result, courts have found that even if an EIR is adequate in all other respects, the use of a "truncated project concept" violates CEQA and mandates the conclusion that the lead agency did not proceed in the manner required by law. *San Joaquin Raptor/Wildlife Rescue Center*, 27 Cal.App.4th at 729-30. Further, "[a]n accurate project description is necessary for an

MV00253255

intelligent evaluation of the potential environmental effects of a proposed activity." *Id.* at 730 (citation omitted). Thus, an inaccurate or incomplete project description renders the analysis of significant environmental impacts inherently unreliable. Here, the DEIR for the WLC Project does not come close to meeting this established legal standard.

In practical terms, the WLC is a plan to erect more than 41 million square feet of warehouses and warehousing-related uses in the middle of what are now mostly agricultural lands in the City of Moreno Valley. Because of the scale and the timing of the Project—it is slated to be developed over a period of 10 years—the DEIR has a lot of ground to cover. There may be further discretionary approvals down the road, but this EIR and the approvals it informs are the only opportunity for decision makers and the public to understand and weigh in on the "big-picture" questions that will determine what kind of Project will be created in their midst, or whether this massive Project should be created at all.

1. Construction Phasing and Infrastructure Improvements Are Undefined.

Despite proposing to provide Highland Fairview with certain vested rights, the DEIR fails to contain fundamental information relating to the phasing and timing of the Project's development and infrastructure. The document states that the Project will be built over the next ten years, absorbing approximately four million square feet of development each year, depending on market conditions. DEIR at 3-65. The DEIR does not, however, provide any evidence that this phasing timeline is realistic. Other than estimating that construction is estimated to take ten years, the DEIR lacks any substantive description of how or when this massive Project would actually be implemented. Details of construction are critical to understanding the impacts of the Project and to designing appropriate mitigation, yet the DEIR lacks the necessary description of this critical Project component. The revised DEIR must describe the overall plan for construction of this Project.

Fundamental details pertaining to the infrastructure and public services necessary to serve the Project are also deferred until later, remaining unplanned and therefore unresolved. In a development of this size and duration, public and private improvements must be developed in a logical and viable sequence; infrastructure needs to be in place prior to demand for new development. Because the DEIR contains no documentation, let alone evidence, that development would be efficiently linked to necessary infrastructure, it violates CEQA. Courts have made it abundantly clear that infrastructure improvements that are integral to a project must be analyzed in an EIR.

MV00253256

San Joaquin Raptor/Wildlife Rescue Center, 27 Cal.App.4th 713; *Santiago County Water Dist. v. County of Orange* (1981) 118 Cal.App.3d 818, 830.

What little detail exists in the DEIR regarding infrastructure components such as water and wastewater service, flood control, and drainage and electrical service is given such cursory treatment that the public and decision-makers are left in the dark as to how the development would actually function. Although the DEIR contains diagrams of the water, wastewater, and drainage systems (Figures 3.13, 3.14, 3.15), these graphics simply depict the location and tentative size of utility lines. The description of the storm water drainage system, for example, amounts to nothing more than self-evident ruminations that a drainage system will be constructed. *See* DEIR at 1-54 (stating "[p]rior to issuance of any development permit within the Specific Plan area, the developer shall place detention basin(s) and spreading area(s) as appropriate within each proposed watershed).

In addition, as the report from Tom Brohard & Associates explains, the Project would result in a substantial increase in traffic congestion, yet the DEIR provides no assurance that the many needed improvements to local and regional roadways would keep pace with development.[2] In fact, the DEIR concedes that area roadways will operate under gridlock conditions during every phase of development and upon buildout. *Id.* at 1-32 to 1-35 (finding traffic impacts to be significant and unavoidable).

The Project would also require construction of a number of off-site infrastructure improvements, including debris basins and water reservoirs, covering more than 100 acres of land adjacent to the Project site. *Id.* at 3-19. Yet, the DEIR omits critical details associated with these improvements, such as their specific location or design. For example, while the DEIR states the Project will require the construction of three new off-site reservoirs (*id.* at 3-45, 61, 4.16-14), the details pertaining to these reservoirs are never identified. Nor is there any indication that the DEIR has analyzed the environmental effects associated with the construction of these facilities.

As described above, given that the City intends to use this EIR to support subdivision maps and a Development Agreement, the DEIR cannot put off analysis of necessary infrastructure planning. The public and decision makers must know now whether it is possible to develop infrastructure that is able to accommodate the density

[2] This report is submitted under separate cover.

MV00253257

that the City intends to guarantee to the applicant. The revised EIR must contain a description and analysis of these integral aspects of the Project.

2. The DEIR Does Not Identify General Plan Amendments Needed to Implement the Proposed Project.

The vagueness of the DEIR's description of the Project creates all sorts of analytical problems, including making it impossible to determine the Project's consistency with the City of Moreno Valley General Plan or to analyze the Project's land use impacts. The Project requires amendments to the General Plan's Goals and Objectives, as well as to several General Plan elements, including to the Community Development; Circulation; Parks, Recreation and Open Space; Safety; and Conservation elements. *Id.* at 3-25, 4.10-1. Amazingly, however, the DEIR fails to identify the *content* of these amendments or explain how they would relate to the existing General Plan. The scant explanation that is provided is entirely vague (e.g., "revise land use map," and "revise discussion on flood hazards" (*id.* at 3-71 and 3-72)). With respect to the transportation and circulation improvements, for example, the DEIR asserts that a revised General Plan Circulation Element will provide for the movement of vehicles in and around the WLC area. *Id.* at 3-33. Yet, the DEIR does not include the text of this "revised Circulation Element" or even bother to describe it in general terms.

As discussed below, the Project would be inconsistent with numerous provisions of the General Plan. Yet, because the DEIR does not identify the specific amendments to the General Plan, the public and decision makers have no idea whether it is even possible to rectify all of the General Plan inconsistencies, while ensuring the integrity of the Plan. Some of the amendments may result in environmental impacts, while other amendments may result in internal inconsistencies within Plan. The environmental impacts and planning inconsistencies arising from these amendments are indirect impacts of the Project. Under CEQA, they must be identified, analyzed, and mitigated now; they cannot wait until after approval of the Project.

C. The DEIR's Analysis of and Mitigation for the Impacts of the Proposed Project Are Inadequate.

The discussion of a proposed project's environmental impacts is at the core of an EIR. *See* CEQA Guidelines § 15126.2(a) ("[a]n EIR shall identify and focus on the significant environmental effects of the proposed project"). An EIR must effectuate the fundamental purpose of CEQA: to "inform the public and responsible officials of the environmental consequences of their decisions before they are made." *Laurel Heights Improvement Assn. v. Regents of the University of California* (1993) 6 Cal.4th 1112, 1123

MV00253258

("*Laurel Heights II*"). To do so, an EIR must contain facts and analysis, not just an agency's bare conclusions. *Citizens of Goleta Valley v. Board of Supervisors* (1990) 52 Cal.3d 553, 568.

An EIR must also identify feasible mitigation measures to minimize significant environmental impacts. CEQA Guidelines § 15126.4. Under CEQA, "public agencies should not approve projects as proposed if there are feasible alternatives or feasible mitigation measures available which would substantially lessen the significant environmental effects of such projects . . . ." Pub. Res. Code § 21002. California courts have made clear that an EIR is inadequate if it fails to suggest feasible mitigation measures, or if the proposed mitigation measures are so undefined that it is impossible to evaluate their effectiveness. *San Franciscans for Reasonable Growth v. City and County of San Francisco* (1984) 151 Cal.App.3d 61, 79.

As explained below, the EIR's environmental impacts analysis is deficient under CEQA because it fails to provide the necessary facts and analysis to allow the City and the public to make informed decisions about the WLC Project and its environmental impacts. The DEIR also impermissibly defers analysis and the development of mitigation until after Project approval—clear violations of CEQA. Finally, the conclusions drawn in the DEIR regarding the significance of Project impacts and the adequacy and efficacy of mitigation are not supported by evidence. For all of these reasons, the DEIR is inadequate under CEQA.

1. The DEIR Fails to Adequately Analyze and Mitigate the Project's Hydrological Impacts.

Insufficient drainage on and around the Project site currently causes localized flooding. The proposed Project would result in a substantial increase in the amount of impervious surfaces. Consequently, the post-development flow volumes that will be generated on site are anticipated to be substantially higher than the pre-development flows. DEIR at 4.9-28, 29. At the same time, the Project would substantially alter the existing drainage pattern of the site and area. This additional runoff volume and velocity, reduced infiltration, and increased flow frequency and duration have the potential to exceed the capacity of existing or planned storm water drainage systems. Notwithstanding these facts, the DEIR fails to accurately describe the existing drainage and flooding problems, fails to adequately analyze the Project's potential to exacerbate these problems, and fails to identify enforceable mitigation for these impacts.

MV00253259

(a) The DEIR Fails to Describe the Project's Hydrological Setting.

CEQA requires that an initial study contain "an identification of the environmental setting." CEQA Guidelines § 15063(d)(2). "Without accurate and complete information pertaining to the setting of the project and surrounding uses, it cannot be found that [a CEQA document] adequately investigated and discussed the environmental impacts" of the Project. *San Joaquin Raptor/Wildlife Rescue Center*, 27 Cal.App.4th at 729.

The DEIR generally concedes that the Project site and vicinity suffer from poor drainage and localized flooding. Members of the public have also expressed concerns regarding the Project's effects on local drainage, especially in locations that currently experience historic localized flooding. DEIR at 4.9-8. Drainage from east of Gilman Springs Road has been an on-going problem as it flows southwest and south out of the Badlands and under Gilman Springs Road through corrugated steel pipe culverts. These culverts are relatively small, and during times of high flow, runoff often causes repeated localized flooding along the roadway. *Id.* at 3-51. Despite recognizing this problem, the DEIR fails to describe these flooding incidents. Where does this flooding occur, and how often? How extensive is the flooding? What properties, if any, have been affected? What measures, if any, have been taken to control the drainage and flooding?

Nor does the DEIR include fundamental information regarding the site's hydrologic characteristics. It does not disclose, for example, the amount of existing impervious surfaces on the site, or the site's existing storm flow velocities or volumes. Without this information, it is not possible to determine if post-development velocities or volumes would exceed pre-development conditions, as the DEIR claims. *Id.* at 4.9-30.

In addition, the DEIR's hydrological chapter never discloses that the site contains numerous natural drainage channels and blue-line (waters of the state of California) streams. It is not until the biological resources chapter that the reader learns there are a total of 14 primary drainages and a number of sub-drainages or tributaries on the Project site. *Id.* at 4.4-59. Yet, the biological resources chapter discusses these drainages only in the context of riparian and wetland resources. Consequently, there is no discussion of the hydrological value of these creeks. Moreover, because the DEIR's hydrological analysis does not disclose the location—or even the existence—of these natural drainage features, it does not analyze whether the Project would result in a substantial alteration of the existing drainage pattern of the site consistent with the DEIR's thresholds of significance. *See id.* at 4.9-17 ("[A] project would have a

MV00253260

significant impact on surface hydrology if it would result in a substantial alteration of the existing drainage pattern of the site or area, including through the alteration of the course of a stream or river.").

As discussed below, the DEIR's analysis focuses exclusively on whether post-development storm water flows would be greater than pre-development storm water flows. While this is an issue that requires analysis, the DEIR cannot simply omit evaluation of the Project's impact on natural storm drainages. In particular, the DEIR must actually analyze the hydrological effect to downstream resources (e.g., San Jacinto Wildlife Area, Mystic Lake, and San Jacinto River). The EIR must be revised to include this analysis.

(b) The DEIR Fails to Adequately Analyze the Project's Hydrological Impacts.

There are numerous deficiencies in the DEIR's analysis of drainage and flooding impacts. First, as discussed above, the DEIR fails entirely to analyze the Project's impacts to natural drainages and streams. The only mention of a potential impact to a natural drainage feature occurs in the context of biological resources. Here, the DEIR admits that the proposed Project may impact Drainage Feature 12, located on the San Jacinto Wildlife Area ("SJWA"), but then defers any analysis. Instead, the DEIR asserts that if any impacts are to occur, regulatory permitting may be required. *Id.* at 4.4-59. As California courts make clear, merely requiring compliance with agency regulations does not conclusively indicate that a proposed project will have no significant impacts. In *Kings County Farm Bureau v. City of Hanford* (1990) 221 Cal.App.3d 692, 716, for example, the court found that the fact that the EPA and the local air pollution control district had issued air emission permits for a coal-fired cogeneration plant did not nullify CEQA's requirement that the lead agency analyze the significant air quality impacts of the entire project. The revised EIR must analyze the Project's potential impacts to all natural drainage features. If these impacts are significant, the EIR must identify mitigation and/or alternatives capable of minimizing or eliminating altogether these impacts.

Second, the DEIR fails to use the correct baseline for analyzing the Project's storm water impacts under CEQA because it assumes the implementation of storm water infrastructure improvements. In analyzing the Project's effects, the DEIR must evaluate the Project's impacts against a baseline of existing conditions, not a hypothetical future environment where planned infrastructure will be built. In *Sunnyvale West Neighborhood Assn. v. City of Sunnyvale*, the City of Sunnyvale certified an EIR that measured the project's impacts against a baseline of traffic conditions in the year

MV00253261

2020; these conditions assumed a future scenario where: (1) development had occurred according to the city's general plan, and (2) "numerous roadway improvements in the project area [were] in place by the year 2020 . . . ." (2010) 190 Cal.App.4th 1351, 1361. In a lengthy analysis, the court held that this approach violated CEQA as a matter of law:

> The statute requires the impact of any proposed project to be evaluated against a baseline of existing environmental conditions (*see* §§ 21060.5, 21100, subd. (d); *see also* CEQA Guidelines § 15125, subd. (a)), which is the only way to identify the environmental effects specific to the project alone.

Id. at 1380.

Here, the DEIR authors make the exact same error. The analysis simply assumes that storm water runoff will be stored in on-site basins or somehow infiltrated in the ground. DEIR at 4.9-29, Table 4.9.G, Footnote 1. Yet, as discussed below, there is no indication that this storm drain infrastructure will be constructed. Because the DEIR assumes the implementation of this as-of-yet unplanned storm water infrastructure, it concludes that post-development storm water flows would not exceed pre-development storm water flows. *Id.* at 4.9-29. An adequate environmental analysis would include the following four steps:

(1) identify existing hydrologic conditions;
(2) identify the Project's impact (assessment of the increase in storm flows attributable to proposed Project and the site's ability to accommodate these flows);
(3) identify proposed storm water control features; and,
(4) evaluate whether the storm water features are sufficient to ensure that post-development flows do not exceed pre-development flows.

The DEIR skips steps 1 through 3 and simply concludes, absent factual analysis, that post-development flows will exceed pre-development flows. DEIR at 4.9-29.

(c) The DEIR Proposes Insufficient Mitigation for the Project's Hydrological Impacts.

Notwithstanding this flawed impact analysis, the DEIR concludes that the Project would result in a significant hydrological impact. *Id.* at 4.9-29. The DEIR's approach to mitigation is insufficient, however, because it lacks the evidentiary support to

conclude the impacts would be reduced to insignificant levels. When a lead agency relies on mitigation measures to find that project impacts will be reduced to a level of insignificance, there must be substantial evidence in the record demonstrating that the measures are feasible and will be effective. *Sacramento Old City Assn. v. City Council of Sacramento* (1991) 229 Cal.App.3d 1011, 1027; *Kings County Farm Bureau*, 221 Cal.App.3d 692, 726-29. To this end, the DEIR must set forth either specific mitigation measures or specific performance standards guaranteeing that mitigation will be successful. *See* CEQA Guidelines § 15126.4; *see also Sacramento Old City Ass'n*, 229 Cal.App.3d at 1034. Here, the DEIR lacks the evidence necessary to show that the Project will not contribute to on-going drainage and flooding problems.

The DEIR identifies exactly one mitigation measure for the Project's significant drainage and flooding impacts. This measure (4.9.6.1A) would route the on-site storm water flows through a series of detention and infiltration basins, so that storm water flows are reduced to equal or below pre-development conditions. DEIR at 4.9-30. Specifically, the DEIR calls for the developer to place detention basin(s) and spreading area(s) *as appropriate* within each proposed watershed, to "mitigate the impacts of increased peak flow rate, velocity, flow volume and reduce the time of concentration by storing increased runoff for a limited period of a time and release the outflow at a rate that does not exceed the pre-development conditions." *Id.* (emphasis added). Unfortunately, there are numerous flaws with this proposed measure.

First, by using phrases such as "as appropriate," the DEIR provides no assurance or commitment that the storm water facilities will ever be implemented. *San Franciscans for Reasonable* Growth, 151 Cal.App.3d at 79. The CEQA Guidelines state that "mitigation measures must be fully enforceable through permit conditions, agreements, or other legally-binding instruments." CEQA Guidelines § 15126.4(a)(2).

Second, although the DEIR asserts the "project hydrology plan" provides the details regarding the storm water facilities relating to peak flow rate, velocity, flow volume and the timing of releasing flows (at 3-46), the hydrology plan contained in Appendix J to the DEIR does no such thing. The hydrological appendix explicitly *excludes* the necessary details relating both to the design for controlling increased peak flow rate, velocity, and flow volume and to the methodology that would be used to release the outflow at a rate that does not exceed the pre-development conditions. Instead, the appendix improperly asserts that the approximate sizes of the basins will determined in the final design stage. DEIR, App. J at 9.

Moreover, even if these important details were included in the DEIR's hydrological appendix, the DEIR's approach is unlawful. CEQA requires that the

MV00253263

analysis be presented in the EIR. *See Santa Clarita Organization for Planning the Environment v. County of L.A.* (2003) 106 Cal.App.4th 715, 722 (agency's analysis must be contained in the EIR, not "scattered here and there in EIR appendices"). "Decisionmakers and the general public should not be forced to sift through obscure minutiae or appendices in order to ferret out the fundamental assumptions that are being used for purposes of the environmental analysis." *San Joaquin Raptor Rescue Center v. County of Merced* (2007) 149 Cal.App.4th 645, 659; *see also Vineyard Area Citizens for Responsible Growth, Inc. v. City of Rancho Cordova* (2007) 40 Cal.4th 412, 442 ("The data in an EIR must not only be sufficient in quantity, it must be presented in a manner calculated to adequately inform the public and decision makers, who may not be previously familiar with the details of the project.").

Third, although the Project will be constructed in phases, neither the DEIR nor the hydrological appendix provides any explanation as to whether or how the drainage improvements would keep pace with anticipated development. The DEIR does not set forth specific, measurable performance standards for the Project's drainage system that could justify later formulation of mitigation methods targeted to meet those standards. The closest the hydrology appendix comes is the vague statement that "proposed drainage systems which are connecting to the existing downstream facilities shall be designed so the proposed discharge does not exceed the existing discharge to the downstream facilities." DEIR, App. J at 7. The Specific Plan also lacks any performance standards for the drainage improvements. Instead, it simply states that "at each stage of development, the peak flows at downstream discharge points at the southerly project boundary will not exceed the peak flows for the existing conditions." DEIR, App. H at 42. Because the DEIR lacks any specific performance standards, this vague statement of intent is meaningless.

Fourth, the DEIR promises that post-development flows will not exceed the pre-development condition. DEIR at 4.9-30. Yet, as discussed above, the Project site and surrounding area currently experience flooding. By the DEIR's own admission, the post-development flow volumes that will be generated on-site are anticipated to be substantially higher than the pre-development flows. *Id.* at 4.9-29. Simply designing drainage facilities to meet pre-development drainage conditions provides no assurance that flooding will not continue to occur on and adjacent to the Project site. In fact, as the DEIR recognizes, flood control systems are not always constructed to the ultimate condition envisioned. *See id.* at 4.9-26. Moreover, without appropriate monitoring and maintenance, over time storm drainage systems may no longer provide sufficient capacity for storm water flows.

MV00253264

Indeed, the DEIR provides no mechanism for on-going maintenance of drainage facilities. As the hydrology appendix makes clear, proper maintenance is necessary to adequately convey flows. DEIR, App. J at 18. Sediment, for example, can be transported downstream, filling the downstream channel, leading to a decrease in channel capacity and an increase in flooding and overbank deposition. *Id.* at 16. In fact, the DEIR identifies sediment as the principal component in most storm water by volume. DEIR at 4.9-31. Rather than ensure regular monitoring and maintenance as Project mitigation, the DEIR specifically states that sediment basins will *not* be constructed as part of the Project. *Id.* Instead, it calls for operations, maintenance and funding details to be included in a Project specific water quality management plan ("WQMP"), to be prepared at a later date. *Id.* at 4.9-35. Such deferral of mitigation violates CEQA.

Fifth, the DEIR explains that projects that are identified as "Priority Development Projects" are required to prepare a Project-Specific WQMP. DEIR at 4.9-12. The City's Municipal Separate Storm Sewer System ("MS4") Permit System mandates a Low Impact Development ("LID") approach to storm water treatment and management of runoff discharges. *Id.* at 3-59. According to the DEIR, the Project site should be designed to minimize imperviousness, detain runoff, and infiltrate, reuse, or evapotranspirate runoff where feasible. DEIR at 4.9-13. The DEIR goes on to explain that LID Best Management Practices ("BMPs") should be used to infiltrate, evapotranspirate, harvest and use, or treat runoff from impervious surfaces, in accordance with the Design Handbook for Low Impact Development Practices. *Id.* We can find no indication that the Project or the mitigation measures include any design features to minimize imperviousness or reuse or evapotranspirate runoff.

2. The DEIR's Analysis and Conclusions Regarding Aesthetic Impacts to State Route 60, a City-Designated Scenic Road, Are Unsupported.

The Project site is directly adjacent to State Route 60, designated a local scenic road under the City's General Plan. Existing agricultural fields currently allow expansive views across the site. Consequently, motorists driving along State Route 60 in the vicinity of the Project site, particularly those driving east, have excellent views of Mystic Lake and the San Jacinto Valley.

The DEIR's analysis of impacts to these views errs in two crucial ways. First, the DEIR's primary methodology for understanding Project impacts on scenic vistas and viewsheds fails to provide necessary information about the Project's impacts to views from State Route 60. The DEIR purports to identify specific key vantage points. DEIR at 4.1-17. Photographs of existing conditions at these key vantage points are

MV00253265

provided (*id.* at 4.1-11, 13); next, digital models of the Project are projected onto each key vantage point to approximate the Project's impacts (*id.* at 4.11-43 to 59). The flaw is that while the DEIR recognizes that impacts to the motoring public along State Route 60 have the potential to be significant (*id.* at 4.1-7), the DEIR offers only *one* vantage point from this location. *Id.* at 4.1-9. Moreover, the direction and scope of the photograph work to *cut off* the significant views from this scenic road. *Id.* at 4.1-13 (Photograph 12). The DEIR must be revised to disclose the true extent of these visual impacts.

Second, the DEIR erroneously concludes that the Project's visual changes "while substantial, are generally consistent" with the City's General Plan. *Id.* at 4.1-65, 69. The City's General Plan "require[s] development along scenic roadways [including State Route 60] . . . to allow for scenic views of the surrounding mountains and Mystic Lake." Moreno Valley General Plan Policy 7.7.5. The DEIR's simulation of views from State Route 60, however, indicates that the Project will completely block all views from the road out toward the San Jacinto Wildlife Area and Mystic Lake. DEIR at 4.1-55, 57.

To the extent the City relies on the "programmatic" nature of the EIR to justify its failure to simulate important views from State Route 60 (DEIR at 4.1-62 to 63), the tactic must fail. The DEIR's statement provides another example of the improper deferral encouraged by the City's inappropriate use of a programmatic EIR. *See* Part I(A).

The DEIR offers a number of excuses for this apparent contradiction. While the General Plan focuses on impacts to views of both the surrounding mountains and Mystic Lake, the DEIR focuses only on impacts to views of the "scenic uplands." DEIR at 4.1-7. Because the tips of the mountains may be visible over structures reaching 60 feet or higher, the City implies that the Project can still comply with the General Plan. This argument strains credulity. The General Plan refers to "scenic views" of the surrounding mountains and Mystic Lake. Because the Project will largely block these natural features, the views will not be "scenic." In addition, the DEIR must be clarified that the Specific Plan allows this 60 foot height limitation to be raised under certain circumstances. *E.g.*, DEIR at 4.1-61 (stating that "the project will allow a maximum of 60-foot tall warehouse buildings along the west, north, and south perimeters of the site"); DEIR, App. H at 113 (Specific Plan allows height exceptions up to an additional ten feet).

The DEIR also relies on an erroneous baseline: the Moreno Highlands Specific Plan. The DEIR states that the Project's change in views "while substantial, is anticipated in the City's General Plan, which allows development within the Project area," and therefore concludes that the Project is compliant with the General Plan. *Id.* at

MV00253266

4-1.65. It is black letter CEQA law, however, that a lead agency must consider a project's impact on the existing environment, not on the underlying land use designations. *Environmental Planning & Information Council v. County of El Dorado* (1982) 131 Cal.App.3d 350, 354 (CEQA is not concerned with a project's impacts on a plan, but "with the impacts of the project on the environment, defined as the existing physical conditions in the affected area."). Relying on the Moreno Highland Specific Plan in this instance is particularly inappropriate, as the development agreement for that project has since expired and the City acknowledged in an update to its Housing Element in 2011 that that project will not be built. DEIR at 4.13-5.

In addition, the DEIR's conclusion regarding compliance with the General Plan's protections for scenic roads is based on a faulty assumption regarding the City's ability to mitigate for Project impacts. The DEIR states that the Project "can preserve significant visual features, significant views, and vistas if the size and location of building developed under the [specific plan] can be controlled so as not to substantially block views of Mount Russell, the Badlands, and Mystic Lake." DEIR at 4.1-65; *accord id.* at 4.1-69. Yet the DEIR includes no requirement to actually control the size and location of buildings; the only mitigation measures outlined in the DEIR relate to setbacks and visual screening. *Id.* at 4.1-65. While the DEIR states that the Specific Plan includes such restrictions (*id.* at 4.1-69), the DEIR is wrong. In fact, the Specific Plan's only provisions for protecting views and vistas call for localized screening and setbacks, which would have no impact on long-range views. *See, e.g.*, DEIR, App. H at 104, 106-07. The Specific Plan fails even to mention the important viewsheds toward Mystic Lake and San Jacinto Valley.

In any event, given the sheer size of the Project, it is unlikely that such mitigation is feasible at all. *See* Pub. Res. Code § 21081.6 (mitigation under CEQA must be both feasible and enforceable); *Lincoln Place Tenants Ass'n*, 155 Cal.App.4th at 445 (same). Over 950 acres of the of the 2710-acre Project site will be covered in buildings, and much of the remainder will be used for parking facilities and other improvements. DEIR at 3-19.

The City's unsupported conclusion regarding the Project's compliance with the General Plan leads to two legal outcomes. First, the City cannot approve a project that fails to comply with a General Plan policy, where, like Policy 7.7.5, the requirement is "fundamental, mandatory, and clear." *Endangered Habitats League, Inc. v. County of Orange* (2005) 131 Cal.App.4th 777, 782. Second, inconsistency with a General Plan is a potentially significant impact under CEQA, which must be analyzed just like any other potentially significant impact. *Pocket Protectors v. City Of Sacramento* (2004) 124 Cal.App.4th 903, 930-34. Here, given the Project's clear inconsistency with a

MV00253267

fundamental General Plan policy intended to protect the environmental setting, the impact is significant. The DEIR must be revised to address the Project's inconsistency with a fundamental General Plan policy and to address the inconsistency as a significant impact under CEQA.

3. The DEIR Does Not Properly Analyze the Project's Land Use Impacts.

The DEIR also suffers from other land use related errors. CEQA requires that environmental impact reports analyze the consistency of a project with applicable local plans, including general plans. *See Napa Citizens for Honest Govt. v. Napa County Board of Supervisors* (2001 91 Cal.App.4th 342, 386-87; CEQA Guidelines, App. G, § IX (b). Inconsistencies with a general plan or other local plan goals and policies that were enacted in order to protect the environment are significant impacts in themselves and can also be evidence of other significant impacts. *See id.*; *Pocket Protectors*, 124 Cal.App.4th at 929.

The DEIR's analysis of the Project's consistency with the City's General Plan is seriously flawed. First, because the proposed general plan amendments are not provided, it is not even possible to determine the Project's consistency with the General Plan. Second, what information that is provided in the DEIR makes clear that the Project would conflict with numerous General Plan provisions.

(a) Deficiencies in the Project Description Make It Impossible to Determine the Project's Consistency With the General Plan.

As discussed above, the DEIR fails to adequately describe key components of the Project. The DEIR does not include, for example, fundamental information pertaining to the utilities, infrastructure and public services that will be needed to serve the Project. The General Plan, however, contains provisions about the importance of ensuring that utilities, infrastructure and public services keep pace with development. Because the DEIR does not provide that assurance—for example, there is no assurance that storm drainage infrastructure will be constructed in advance of each phase of development—it is simply not possible to determine whether the Project is consistent with the General Plan.

Nor does the DEIR disclose the content of the proposed general plan amendments. Consequently, the public and decision makers are left in the dark as to whether the amendments would be consistent with the remaining elements of the General Plan or whether they would result in a General Plan that is internally inconsistent. Perhaps the most troubling omission pertains to the DEIR's treatment of the Project's

MV00253268

transportation circulation system. Here, the DEIR states that "the revised General Plan Circulation Element (as amended by the proposed project) and the Specific Plan's Circulation Plan (Specific Plan Section 3.1) provides for the movement of vehicles in and around the World Logistics Center area." DEIR at 3-33. Yet, we can find no indication that this "revised General Plan Circulation Element" has even been prepared. If this Circulation Element is a part of the proposed Project, as the DEIR implies, it must be described in the DEIR.

The implications of this omission are very important. The circulation element of a general plan serves as an "infrastructure" plan and must "correlate" with the other elements of the plan, including planned land uses called for in the land use element. *Concerned Citizens of Calaveras County v. Calaveras County* (1985) 166 Cal.App.3d 90, 99-104. The City must ensure that its discretionary land use projects do not result in a general plan land use element that is inconsistent with its circulation element. Here, the WLC Project calls for an enormous level of development that will result in significant and unavoidable traffic impacts. DEIR at 1-32 through 1-35. The DEIR does not analyze the Project's consistency with the General Plan Circulation Element, or whether approval of the Project would result in an internally inconsistent General Plan.

(b) The Project Is Inconsistent With Numerous General Plan Objectives, Goals and Policies.

The General Plan embodies values and principles that recognize the importance of protecting the safety, healthy, and desirability of the City. *See* General Plan at 1-1, 9-1. These goals and policies are inextricably linked to preserving the environment through protection of visual resources, avoidance of noise-intensive uses and air emissions near sensitive receptors, and minimizing traffic impacts.

Notwithstanding the massive nature of the Project and the General Plan's emphasis on environmental protection, the DEIR concludes that the Project is consistent with the Plan's goals, policies, and objectives. To reach this contrived conclusion, the EIR carefully cherry-picks a sampling of isolated Plan policies. DEIR Table 4.10.E. Because the EIR ignores a myriad of other relevant policies—with which the Project flatly conflicts—the document misinforms decision makers and the public about the Project's consistency with the General Plan.

Set forth below are examples of the Project's General Plan inconsistencies. The DEIR provides either inaccurate analysis, or no analysis, of these conflicts.

Objective, Goal and Policy	Definition	Consistency of Proposed WLC Project
Policy 2.5.2	Locate manufacturing and industrial uses to avoid adverse impacts on surrounding land uses. General Plan at 9-7.	*Inconsistent*: As the DEIR explains, the Project would result in increased noise, lighting, air pollutant, and health risk impacts. There is no effective mitigation available to protect or separate existing residences in the area from the Project's warehousing buildings and operations. The DEIR concludes this impact is significant and unavoidable. DEIR at 4.10-34.
Policy 2.5.3	Screen manufacturing and industrial uses where necessary to reduce glare, noise, dust, vibrations and unsightly views. General Plan at 9-7.	*Inconsistent*: As the DEIR explains, the Project would result in increased noise, lighting, air pollutant, and health risk impacts. There is no effective mitigation available to protect or separate existing residences in the area from the Project's warehousing buildings and operations. The DEIR concludes this impact is significant and unavoidable. DEIR at 4.10-34.

Objective, Goal and Policy	Definition	Consistency of Proposed WLC Project
Policy 2.10.11	Screen and buffer nonresidential projects from adjacent residential property and other sensitive land uses when necessary to mitigate noise, glare and other adverse effects on adjacent uses. General Plan at 9-9.	*Inconsistent*: As the DEIR explains, the Project would result in increased noise, lighting, air pollutant and health risk impacts. There is no effective mitigation available to protect or separate existing residences in the area from the Project's warehousing buildings and operations. The DEIR concludes this impact is significant and unavoidable. DEIR at 4.10-34.
Objective 2.13	Coordinate development activity with the provision of public infrastructure and services to eliminate possible gaps in service provision. General Plan at 9-10.	*Inconsistent*: During each phase of development, and at build out, the Project will generate significant amounts of traffic onto roadways, intersections, and freeways. The DEIR identifies these impacts as significant and unavoidable. DEIR at 1-32 to 35. The DEIR provides no evidence that storm drain infrastructure will be installed concurrent with development.

Objective, Goal and Policy	Definition	Consistency of Proposed WLC Project
Objective 5.3	Maintain Level of Service (LOS) "C" on roadway links, wherever possible, and LOS "D" in the vicinity of SR 60 and high employment centers. Figure 9-2 depicts the LOS standards that are applicable to all segments of the General Plan Circulation Element Map. General Plan at 9-18, 19.	*Inconsistent*: During each phase of development, and at build out, the Project will generate significant amounts of traffic onto roadways, intersections and freeways. The DEIR identifies these impacts as significant and unavoidable. DEIR at 1-32 to 35.
Policy 5.3.6	Where new developments would increase traffic flows beyond the LOS C (or LOS D, where applicable), require appropriate and feasible mitigation measures as a condition of approval. Such measures may include extra right-of-way and improvements to accommodate left-turn and right-turn lanes at intersections, or other improvements. General Plan at 9-19.	*Inconsistent*: During each phase of development, and at build out, the Project will generate significant amounts of traffic onto roadways, intersections and freeways. The DEIR identifies these impacts as significant and unavoidable. DEIR at 1-32 to 35.

Objective, Goal and Policy	Definition	Consistency of Proposed WLC Project
Policy 5-6	Conduct studies of specified arterial segments to determine if any additional improvements will be needed to maintain an acceptable LOS at General Plan build-out. Generally, these segments will be studied as new developments are proposed in their vicinity. Measures will be identified that are consistent with the Circulation Element designation of these roadway segments, such as additional turn lanes at intersections, signal optimization by coordination and enhanced phasing, and travel demand management measures. The study of specified arterial segments will be required to identify measures to maintain an acceptable LOS at General Plan build-out for at least one of the reasons discussed below: (a) Segments will need improvement, but their ultimate volumes slightly exceed design capabilities. (b) Segments will need improvements but require inter-jurisdictional coordination. (c) Segments would require significant encroachment on existing adjacent development if built-out to their Circulation Element designations. General Plan at 9-23, 24.	*Potentially inconsistent*: The Project includes a "Revised Circulation Element" yet it is not included in the DEIR. The DEIR concludes that roadway segments would exceed applicable level of service thresholds and that these impacts are significant and unavoidable. DEIR at 1-32 to 35.

MV00253273

Objective, Goal and Policy	Definition	Consistency of Proposed WLC Project
Policy 6.2.3	Maximize pervious areas in order to reduce increases in downstream runoff resulting from new development. General Plan at 9-30.	*Inconsistent*: Although the DEIR does not identify the increase in impervious surfaces, the 41 million square foot development would result in an enormous increase in impervious surfaces in a location that already experiences drainage deficiencies and flooding. The DEIR provides no indication as to whether the applicant has taken any action to maximize pervious areas.
Policy 6.2.4	Design, construct and maintain street and storm drain flood control systems to accommodate 10-year and 100-year storm flows respectively. General Plan at 9-30.	*Potentially Inconsistent*: As discussed above, the DEIR provides no evidence that sufficient storm drain flood control systems will be implemented.
Policy 6.3.1	The following uses shall require mitigation to reduce noise exposure where current or future exterior noise levels exceed 20 CNEL above the desired interior noise level: Single and multiple family residential buildings shall achieve an interior noise level of 45 CNEL or less. Such buildings shall include sound-insulating windows, walls, roofs and ventilation systems. Sound barriers shall also be installed (e.g. masonry walls or walls with berms) between single-family residences and major roadways. General Plan at 9-31.	*Inconsistent*: The Project will result in significant and unavoidable construction- and operational- noise impacts. DEIR at 1-27, 28.

Objective, Goal and Policy	Definition	Consistency of Proposed WLC Project
Objective 6.5	Minimize noise impacts from significant noise generators such as, but not limited to, motor vehicles, trains, aircraft, commercial, industrial, construction, and other activities. General Plan at 9-31.	*Inconsistent*: The Project will result in significant and unavoidable construction- and operational- noise impacts. DEIR at 1-27, 28.
Policy 7.7.5	Require development along scenic roadways to be visually attractive and to allow for scenic views of the surrounding mountains and Mystic Lake. General Plan at 9-38.	*Inconsistent*: The Project will significantly impact viewsheds in the area, including views of the Mt. Russell Range, the Badlands, and Mystic Lake. DEIR at 1-9; *see also* Part I(C)(2) of this letter.

The revised EIR must examine each of the General Plan policies for which the Project may be inconsistent. If inconsistencies exist, the revised EIR must identify these as significant impacts and identify feasible mitigation or Project alternatives capable of minimizing or eliminating these impacts.

4. The DEIR's Analysis of Hazards and Hazardous Materials Is Inadequate.

(a) The DEIR Fails to Provide Sufficient Information for Accurate Analysis and Decision-Making.

The hazards and hazardous materials section of the DEIR lacks sufficient information to enable the public and decision-makers to make an informed judgment regarding the potentially significant impacts of the Project. In particular, the section relies on conclusory statements and unstated assumptions that are specifically prohibited under CEQA. *See Berkeley Keep Jets Over the Bay Com. v. Board of Port Cmrs.* (2001) 91 Cal.App.4th 1344, 1371 (striking down an EIR "for failing to support its many conclusory statements by scientific or objective data"); *San Joaquin Raptor Rescue Center*, 149 Cal.App.4th at 659 ("[D]ecision makers and general public should not be forced to . . . ferret out the fundamental baseline assumptions that are being used for purposes of the environmental analysis.").

MV00253275

As an example, the DEIR states that "18 separate Phase I Environmental Site Assessments (ESAs) have been conducted covering a large majority of the property." DEIR at 4.8-2. However, the DEIR fails to inform the public which areas have not been subject to Phase I ESAs and if any of these areas will be part of the 42 million cubic yards of cut and fill necessary to grade the Project site. *Id.* at 3.6-1. Without this information, the public and the relevant decision-makers cannot ascertain whether the DEIR accurately concludes that the Project will result in a less than significant impact with respect to hazardous materials. *Id.* at 4.8-17.

The Moreno Valley Local Hazard Mitigation Plan and the Moreno Valley General Plan also indicates the presence of hazardous materials sites on the Project site. Local Hazard Mitigation Plant at 89; Moreno Valley General Plan Final EIR, Figure 5.5-1. These sites are not disclosed or otherwise described in the Project EIR. Information about these hazardous materials sites, and the impacts of the Project on the sites, must be included in a revised draft EIR and recirculated for additional public comment.

Similarly, the DEIR states that certain setbacks "appear [to be] sufficient" to guard against potential risks from an existing regional natural gas compressor station located within the Project site. *Id.* at 4.8-15. The DEIR, however, contains no analysis or substantial evidence to support its conclusion that the specified setbacks are "sufficient." This type of conclusory statement does not comport with CEQA's informational purpose.

(b) The DEIR Fails to Adequately Mitigate for Potentially Significant Impacts.

In addition to its information disclosure requirements, CEQA mandates that lead agencies adopt all feasible mitigation measures that substantially lessen the significant environmental effects of a project. Pub. Res. Code § 21001. If a lead agency concludes that an impact is less than significant based on the presence of conditions or mitigation measures that lessen the potential impact, these conditions or mitigation measures must be adopted and enforceable. Pub. Res. Code § 21081(a) (A lead agency may not approve a project unless "changes or alterations have been *required in, or incorporated into,* the project which mitigate or avoid the significant effects on the environment." (emphasis added)). In contravention of these requirements, the hazards and hazardous materials section of the EIR frequently relies on conditions or mitigation measure that the City appears *not* to intend to adopt or enforce.

For example, Phase I ESAs for the Project site indicate the presence of trash and debris, including some potentially hazardous material. *E.g.*, DEIR at 4.8-2 to 4 (noting several containers of paint, waste, and hydrocarbons and dozens of tires and other

MV00253276

debris). These materials present a potentially significant impact, in that they could create a significant hazard to the public or the environment through a reasonably foreseeable upset and release. *Id.* at 4.8-11. While the DEIR indicates that "all containers of hazardous materials and waste will need to be lawfully transported off site for disposal or recycling by a licensed hazardous waste transporter" (*id.* at 4.8-4), this requirement is not listed as a condition or mitigation measure for the Project. As mitigation measures must be enforceable, the DEIR must be revised accordingly. Pub. Res. Code § 21081.6.

Similarly, the DEIR indicates that manufacturing or chemical processing on the Project site could result in a significant hazard to the public. DEIR at 4.8-13. The DEIR therefore states that such uses "will not be permitted under the provisions of the Specific Plan." *Id.* However, the Specific Plan contains no express prohibition on this type of activity, and thus the DEIR erroneously concludes that there is no risk associated with this type of use. The DEIR must be revised to indicate that this prohibition must be incorporated into the Specific Plan.

The DEIR also concludes that potential hazards from the Moreno natural gas Compressor Plant will be reduced to a "less than significant level," in part because of "sufficient setback[s] from the plant to the future warehouse uses (e.g., 1,000 feet to [*sic*] east and 1,500 feet to west)." *Id.* at 4.8-15. This setback, however, is not included as a requirement in the Specific Plan or as a enforceable mitigation measure in the DEIR. Given that the location of the buildings will not be established as part of the proposed Project, the DEIR or Specific Plan must include a specific condition regarding these proposed setbacks to ensure that the potential hazard from the natural gas compressor plant can be reduced to a less-than-significant level.

(c) The DEIR Repeatedly Defers Analysis and Mitigation Related to Potential Hazards.

In response to the City's Notice of Preparation, a number of members of the public raised concerns regarding the pressurized natural gas lines that currently criss-cross the Project site and the potential for construction to result in a catastrophic accident. *Id.* at 4.8-6. In response to these concerns, the DEIR states that "as development occurs in areas with buried natural gas lines, the project proponent will be required to negotiate with the involved utility provider as to whether these pipelines can be relocated or need to be protected in place." *Id.* at 4.8-16. The DEIR ultimately concludes, however, that any potential impact can be reduced to a less-than-significant level. *Id.* This response represents a deferral of analysis that is strictly prohibited under CEQA. *Communities for a Better Environment*, 184 Cal.App.4th at 92 (setting aside an EIR for deficient consideration of greenhouse gas emissions where the document "improper[ly] deferr[ed]

MV00253277

[] environmental assessment."). As explained in Part I(A), the programmatic nature of the EIR provides no excuse for this deferral.

In addition, the Project includes the construction of a liquefied natural gas/compressed natural gas fueling station. DEIR at 4.8-18. This construction raises similar concerns related to a fire or catastrophic explosion. *Id.* Instead of addressing these concerns in the DEIR, however, the City defers the development of mitigation measures to a later time: after the approval, the applicant must "provide a risk assessment or safety study" that demonstrates that the location and construction of "the facility will not create any significant public health or safety impacts or risk." *Id.* at 4.8-19. But this is the exact type of deferred mitigation that is prohibited under CEQA. An EIR is inadequate if

> "[t]he success or failure of mitigation efforts . . . may largely depend upon management plans that have not yet been formulated, and have not been subject to analysis and review within the EIR." *San Joaquin Raptor Rescue Center*, 149 Cal.App.4th at 670. "A study conducted after approval of a project will inevitably have a diminished influence on decisionmaking. Even if the study is subject to administrative approval, it is analogous to the sort of *post hoc* rationalization of agency actions that has been repeatedly condemned in decisions construing CEQA." *Sundstrom v. County of Mendocino* (1988) 202 Cal.App.3d 296, 307.

Communities for a Better Environment, 184 Cal.App.4th at 92. Without the specific information that will be disclosed through a risk assessment or safety study, the public cannot be assured that mitigation related to the risk of fire or catastrophic explosion can be adequately mitigated at the Project site.

5. The DEIR Fails to Adequately Analyze and Mitigate Impacts Relating to Geology and Soils.

The DEIR's analysis of impacts relating to geology and soils is riddled with flaws. First, the document fails to adequately analyze or mitigate impacts resulting from the Project site's location within an area susceptible to fault rupture. State law prohibits the construction and placement of habitable structures over the trace of an active fault within an Alquist-Priolo Zone. DEIR at 4.6-17. Before a project can be permitted within an identified Earthquake Fault Zone, a lead agency must require a geologic investigation to demonstrate that proposed buildings will not be constructed across active faults. The primary method to avoid this hazard is to either set structures and facilities away from active faults, or avoid their construction in close proximity to an active fault. *Id.* 4. 6-16.

MV00253278

The DEIR asserts that a detailed fault investigation was performed for the site's projected faults. Trenching conducted across the Claremont Segment of the San Jacinto Fault in the eastern area of the Project site identified the location of a portion of the fault. However, the DEIR admits that the entire length of the fault through the site was not trenched. DEIR at 4.6-17. Notwithstanding this incomplete investigation, the DEIR correctly concludes that future development permitted by the Project would locate development in an area susceptible to fault rupture and finds this impact to be potentially significant. *Id.* at 4.6-16. The DEIR proposes to mitigate this impact by requiring a study that "will likely" involve future trenching to adequately identify the location of the Claremont segment of the San Jacinto Fault Zone. *See* Mitigation Measure 4.6.61B at 4.6-17. We can find no logical explanation as to why the initial "detailed" fault investigation did not include trenching of the section of entire length of the Claremont Segment of the San Jacinto Fault through the Project site. Moreover, the DEIR's mitigation measure does not even commit to conduct future trenching. Without a thorough investigation, the DEIR has no basis to conclude that proposed buildings will not be constructed across active faults. Therefore, the document's conclusion that the Project's impacts relating to susceptibility to fault rupture would be mitigated to less than significant levels cannot be sustained.

Second, the DEIR fails to adequately analyze or mitigate impacts relating to ground shaking. The DEIR states that the level of potential ground motion is considered moderate to high in the City of Moreno Valley and concludes that this impact is potentially significant. DEIR at 4.6-18. The DEIR proposes to mitigate for this impact by complying with applicable standards and codes (e.g., Title 24 (California Building Standards Code), City Building Code and/or professional engineering standards). The DEIR never, however, identifies the specific grading, soils and construction techniques that could justify later formulation of mitigation methods targeted to meet the applicable standards. In the absence of this information, the DEIR lacks the evidence necessary to conclude that the Project's impacts related to ground shaking would be reduced to less than significant levels.

Third, the DEIR concludes that the potential exists to locate development on moderately expansive and compressible soils and deems these impacts to be significant. DEIR at 4.6-19. Here too, the DEIR defers the necessary analysis of impacts until after project approval. Mitigation Measure 4.6.6.3A calls for geotechnical investigations that "shall identify any site-specific impacts…", while Measure 4.6.6.3D calls for studies to "address if or to what degree compressible and/or expansive alluvium on or underlying individual pads is present." *Id.* at 4.6-19,20. It is wholly inappropriate

to deem these measures "mitigation" and allow them to be delayed until after project approval. *Gentry v. City of Murrieta* (1995) 36 Cal. App. 4th 1359, 1396 (rejecting mitigation measures allowing project applicant to comply with report and measures regarding the Stephens' kangaroo rat developed after project approval). An analysis of the Project's potential to locate development on expansive and compressible soils must necessarily begin with a detailed investigation of the presence of such soils on the Project site. This information must be must be included in the revised DEIR.

Finally, the Project includes an array of off-site improvements such as reservoirs and highway projects. DEIR at 4. 6-10. The DEIR fails to analyze the extent to which these off-site improvements would be subject to potential geotechnical constraints. Instead, the DEIR simply concludes that none of the off-site improvement areas would have substantial seismic or seismically related constraints. *Id.* Contrary to this conclusion, the DEIR's geotechnical appendix shows clearly significant potential geotechnical impacts. For example, several landslides have been mapped and observed during the field review of off-site reservoir Area A. *See* Appendix G at 6, 7. The appendix goes so far as to state, "Due to the existing nearby landslides, the gross stability of the area must be determined during future studies." *Id.* Nor does the DEIR disclose that that the planned reservoir access road will traverse through a mapped landslide as well as potential unstable San Timoteo formation bedrock and that the site has potential for ground fissuring/rupture. *Id.*

The DEIR also fails to disclose that water reservoir and access area B also have landslides and that the access road would cut through potentially unstable bedrock. Appendix G at 8 and 9. The appendix also explains that although no faulting was observed during the review, "mass wasting and weathering of the formational materials may be masking any onsite features indicative of active faulting." *Id.* at 8.

We can find no plausible explanation for the DEIR's omission of this important information. As the appendix makes very clear, the potential exists for these off-site improvements to result in significant geotechnical impacts. The EIR must be revised to include a comprehensive analysis of these site constraints and identify appropriate mitigation measures.

///

///

///

MV00253280

6. The DEIR Fails to Properly Analyze Impacts Relating to Population, Housing and Employment.

The DEIR lacks evidentiary support to conclude that the Project would not induce substantial population growth. According to Highland Fairview, the proposed Project will more than double the number of jobs within the City. While there were approximately 25,000 jobs in the City in 2011, the DEIR states the Project will generate about 29,500 new direct and induced jobs. DEIR at 4.13-3, 9; 5-5.

The DEIR asserts that the jobs generated by the proposed Project are anticipated to be filled by workers who, for the most part, already reside in the Project area; therefore, construction of the proposed WLC Project would not cause a permanent increase in population. DEIR at 4.13-8. The DEIR fails, however, to provide any factual support for this assertion. Indeed, because the DEIR omits fundamental information about the skills and/or the educational characteristics of the local labor force, it is not possible to determine whether City residents could fill the new positions. The DEIR also entirely ignores the fact that the creation of 28,000 potential jobs could cause people to move to Moreno Valley, which could generate additional housing demand in the region.

Finally, the DEIR lacks factual support for the conclusion that the Project would improve the jobs/housing imbalance. The DEIR asserts that since the City is already "housing rich," the Project's increase in jobs will help to improve the region's job/housing imbalance. DEIR at 4.13-13. But it is impossible to verify the accuracy of this conclusion because the DEIR provides incomplete information pertaining to existing employment. For example, the DEIR does not account for regional in- or out-commuting due to job/labor mismatches or housing affordability. Even if a community has a numerical balance between jobs and housing/employed residents, sizeable levels of in- and out-commuting are possible and even likely, especially where employment opportunities do not match the skills and/or the educational characteristics of the local labor force. An actual jobs-to-housing match occurs only when the types of jobs provided in a community "match" the skills and income needs of the employed workers within the community. The revised DEIR must describe the types of jobs that would be created by the Project and match them to local worker' skills and education.

7. The DEIR Fails to Adequately Analyze the Project's Cumulative Impacts.

Under the CEQA Guidelines, "a cumulative impact consists of an impact which is created as a result of the combination of the project evaluated in the EIR

together with other projects causing related impacts." CEQA Guidelines § 15130(a)(1). Because "[c]umulative impacts can result from individually minor but collectively significant projects" (CEQA Guidelines § 15355(b)), an impact that appears less than significant (or mitigable to such a level) when only the project is scrutinized may turn out to contribute to a significant cumulative impact. Accordingly, the EIR must determine whether the project's contribution is "cumulatively considerable," that is, whether its "incremental effects . . . are significant when viewed in connection with the effects of past projects, the effects of other current projects, and the effects of probable future projects." CEQA Guidelines § 15065(a)(3); *see also Kings County Farm Bureau*, 221 Cal.App.3d at 729. This mandate assumes even greater importance for a program-level EIR such as this one. *See* CEQA Guidelines § 15168(b)(4) (programmatic EIR allows agency to "consider broad policy alternatives and program-wide mitigation measures" at an early stage when the agency has greater flexibility to deal with cumulative impacts).

To analyze the Project's potential cumulative impacts, the DEIR purports to use the growth projections set forth in the City's General Plan. DEIR at 2-22. However, the DEIR identifies only the growth that is expected to occur in the City and the County, which simply lists the amount of population, housing, employment and jobs/housing ratio (*see* Table 2.E at p. 2-23). There is no indication that the General Plan documents "described or evaluated regional conditions contributing to the cumulative impact," as required by the CEQA Guidelines section 15130(b). Indeed, after purporting to rely on the City's General Plan, the DEIR goes on to discuss the Project's cumulative impacts without once referring back to the General Plan. DEIR at 4.9-42, 43.

The DEIR errs further because, rather than analyzing the Project's cumulative impacts, it simply repackages, in abbreviated form, the project-specific impact analysis. In doing so, the DEIR misses the point of cumulative impacts analysis entirely. For example, the DEIR concludes that the Project would not contribute considerably to cumulative storm water impacts because the Project's drainage system will be designed to control post-development runoff—and all other development in the vicinity of the Project site will have the same requirement. *Id.* at 4.9-43. However, the DEIR's project-specific analysis did not analyze whether the buildout allowed under the City General Plan, together with development in the City, would cause significant storm water and flooding impacts. The document never identifies how the growth anticipated by the General Plan would affect the various watersheds in the area.

Moreover, the very purpose of cumulative impact analysis is to determine whether impacts that appear insignificant in isolation add up to significant damage when taken together with other projects' impacts. Thus, the fact that individual projects may

MV00253282

have only less than significant impacts is no answer to the question whether, taken together, they may have a cumulative impact. *See Kings County Farm Bureau*, 221 Cal.App.3d at 720.

The DEIR must take a hard look at the impacts of the proposed Project together with the impacts of development with the various watersheds, and after undertaking that analysis, must determine whether the Project's contribution to such impacts are cumulatively considerable. In determining the significance of the Project's incremental contribution, the question is *not* the relative amount of the Project's contribution to the existing cumulative problem (i.e., whether this Project contributes the same, less, or more than other projects), but rather whether the addition of the Project's impact is significant in light of the serious existing or soon-to-be existing problem (i.e., whether the project's contribution to the environmental problem is cumulatively considerable). As the courts have explained, the greater the existing environmental problem is, the lower the threshold of significance is for considering a project's contribution to the cumulative impact. *Communities for a Better Environment v. California Resources Agency* (2002) 103 Cal.App.4th 98, 120.

The DEIR's analysis of cumulative impacts relating to wastewater treatment demand is similarly deficient. The document does not identify the cumulative wastewater demand in the area or evaluate whether the Project's increase in wastewater demand, combined with the wastewater demand from cumulative development, will impact wastewater treatment facilities. Instead, the DEIR merely observes that (1) cumulative population increases and development within the area serviced by the Moreno Valley Regional Water Reclamation Facility will increase the overall regional demand for wastewater treatment service, and (2) the reclamation facility *is expected to* have adequate capacity to service the City's wastewater needs through 2030. DEIR at 4.16-28. These vague and uninformative statements are not sufficient. CEQA requires that an EIR's conclusions be supported by substantial evidence. *Laurel Heights I*, 47 Cal.3d at 409. Substantial evidence consists of "facts, a reasonable presumption predicated on fact, or expert opinion supported by fact," not "argument, speculation, unsubstantiated opinion or narrative." Pub. Res. Code § 21080(e)(1)-(2).

The DEIR also concludes, absent factual analysis, that the proposed Project would not have a cumulatively significant impact on wastewater infrastructure because the Project itself would not require the expansion of existing infrastructure. DEIR at 4.16-28. As explained above, this misses the point of a cumulative impact analysis. Even where a project might cause an "individually limited" or "individually minor" incremental impact that, by itself, is not significant, the project may nevertheless contribute to a cumulative impact if the contribution is "cumulatively considerable" when

MV00253283

viewed together with environmental changes anticipated from past, present, and probable future projects. CEQA Guidelines §§ 15064(h)(1), 15355(b).

The DEIR must be revised to conduct its cumulative impact analyses in accordance with CEQA. If any Project impact is determined to be cumulatively considerable, the DEIR must identify mitigation measures or alternatives capable of minimizing or eliminating these impacts.

8. The DEIR Fails to Analyze the Project's Growth-Inducing Effects.

CEQA requires an EIR to include a "detailed statement" setting forth the growth-inducing impacts of a proposed project. Pub. Res. Code § 21100(b)(5); *City of Antioch v. City Council of Pittsburg* (1986) 187 Cal.App.3d 1325, 1337. The statement must "[d]iscuss the ways in which the proposed project could foster economic or population growth, or the construction of additional housing, either directly or indirectly, in the surrounding environment." CEQA Guidelines § 15126.2(d). It must also discuss how projects "may encourage and facilitate other activities that could significantly affect the environment, either individually or cumulatively." *Id.* The CEQA Guidelines expressly recognize that growth-inducing impacts can occur through extension of infrastructure. CEQA Guidelines, App. G, § XIII(a). The EIR here does not begin to meet these requirements.

The DEIR concedes that the Project has the potential to induce growth by creating new employment opportunities and increasing the demand for goods and services. DEIR at 5-5. Despite this pronouncement, however, we find no indication that the EIR has, in fact identified this resultant growth or evaluated its environmental consequences. None of the EIR's environmental impact analyses (save population, employment, and housing section) even mention induced or indirect growth. For its part, the population, employment and housing section merely notes that the specific location of the induced jobs cannot be specifically determined; the analysis then goes on to assume that a "large percentage" of these jobs may be located in the proposed WLC project vicinity, i.e. the City. *Id.* at 4.13-13. The DEIR provides no factual support for this assertion.

The DEIR errs further when it boldly asserts that "it is expected that any such [induced housing] development would occur consistent with planned growth identified in the General Plan or applicable specific plans." *Id.* 4.13-8. Here too, the DEIR provides no support that the City's General Plan anticipated the WLC project or its associated indirect growth. Nor could it: the Project as proposed requires numerous amendments to the City's General Plan.

MV00253284

Finally, the DEIR asserts that the streets, water, and sewer utilities that would be extended to serve the Project could potentially induce development because they would remove an impediment to growth. *Id.* at 5-6. Yet, the document immediately contradicts itself by stating that the Project will not necessitate extension of major infrastructure. *Id.* This statement is erroneous. Inasmuch as the Project site is currently undeveloped, it will certainly require the extension of utilities and services. Yet, because the DEIR fails to describe the necessary public utilities and services, the public is left in the dark as to whether this infrastructure would be sized only to accommodate the needs of the WLC. The revised DEIR must assess whether the extension of infrastructure to serve the Project will induce further growth and analyze the environmental consequences of this growth.

D. The DEIR Analyzes an Inadequate Range of Alternatives and Fails to Develop Alternatives that Reduce Impacts.

A core substantive requirement of CEQA is that "public agencies should not approve projects as proposed if there are feasible alternatives . . . which would substantially lessen the significant environmental effects of such projects." Pub. Res. Code § 21002; *see also* CEQA Guidelines §§ 15002(a)(3), 15021(a)(2), 15126(d); *Citizens for Quality Growth v. City of Mount Shasta* (1988) 198 Cal.App.3d 433, 443-45. Accordingly, a major function of the EIR "'is to ensure that all reasonable alternatives to proposed projects are thoroughly assessed by the responsible official.'" *Laurel Heights I*, 47 Cal.3d at 400 (quoting *Wildlife Alive v. Chickering* (1976) 18 Cal.3d 190, 197). To fulfill this function, an EIR must consider a "reasonable range" of alternatives "that will foster informed decisionmaking and public participation." CEQA Guidelines § 15126.6(a). "An EIR which does not produce adequate information regarding alternatives cannot achieve the dual purpose served by the EIR . . . ." *Kings County Farm Bureau*, 221 Cal.App.3d at 733.

By artificially constraining the Project's objectives and failing to consider alternatives that would lessen the Project's significant impacts, the DEIR for the Project fails to present a reasonable range of alternatives and thus violates CEQA.

1. The DEIR's Narrow Project Objectives Prevent Consideration of Reasonable Alternatives.

The first step in conducting an alternatives analysis under CEQA is to define the project's objectives. This step is crucial because project objectives "will help the Lead Agency develop a reasonable range of alternatives to evaluate in the EIR." CEQA Guidelines § 15124(b). The lead agency may not define project objectives so

narrowly as to make the proposed development a foregone conclusion. *Kings County Farm Bureau*, 221 Cal.App.3d at 736.

Here, the DEIR's project objectives include the following very specific directives:

- "[E]stablish the 2,710-acre WLC Specific Plan land use designations and development standards that will direct the development of a world-class corporate park specifically designated to support the logistics warehouse and operational needs of large companies and corporate users"
- "[D]esignate 1,084 acres of vacant land owned by the CDFW as Open Space"
- "Create a high-quality regional logistics center"
- "Create a major logistics center in Rancho Belago"
- "Establish a master plan for the entire project area to ensure that the project is efficient and business-friendly to accommodate the next-generation of logistics buildings"

DEIR at 6.2. The Alternatives analysis also states that "[t]he purpose of the proposed project is to establish the 2,710-acre WLC Specific Plan that will result in the development of 41.6 million square feet of high-cube logistics warehouse uses." *Id.* at 6-3.

Because these objectives specify the precise location and size of the Project site, as well as the specific use and footprint of buildings, they constrain the DEIR's alternatives analysis in violation of CEQA. In fact, they preclude *all* alternatives except building a massive logistics facility at the applicant's proposed location in Moreno Valley. As the DEIR explains, the only feasible alternative sites are ones that "could realistically support the proposed project (i.e., a contiguous 2,635-acre site for 41 million square feet of high-cube logistics warehouse uses as envisioned by the WLC Specific Plan)." *Id.* at 6-38. The document then proceeds to reject all potential alternatives sites, even those as large as 1,700 acres. *Id.* at 6-41 to 43.

In addition, though the DEIR frames "alternatives sites" as a considered alternative, the DEIR ultimately rejects all possible sites and fails to consider whether any alternative site would lessen environmental impacts. DEIR at 6-38 to 43. This alternative, unless more fully developed as required under CEQA, should be classified as an alternative considered but not carried forward. *Id.* at 6-3 to 4.

MV00253286

By designing the project objectives to make the selection of the applicant's site a foregone conclusion, the City failed to proceed according to law. Under CEQA, an agency cannot "avoid an objective consideration of an alternative simply because, prior to commencing CEQA review, an applicant made substantial investments in the hope of gaining approval for a particular alternative." *Kings County Farm Bureau*, 221 Cal.App.3d at 736. Rather, the agency must analyze a range of alternatives "even if these alternatives would impede to some degree the attainment of the project objectives." CEQA Guidelines § 15126.6(b). Here, the DEIR should have posited project objectives in a way that includes the public purposes of the project—as opposed to focusing narrowly on the developer's private objectives. Such an approach would allow an adequate discussion of off-site alternatives and consideration of how to meet these purposes with "minimal environmental expense." *Citizens of Goleta Valley*, 197 Cal.App.3d at 1179.

In sum, because the DEIR's narrow objectives for the Project prevent decision makers from evaluating a reasonable range of alternatives, including off-site options, the City violated CEQA. CEQA Guidelines § 15126.6(a); *see National Parks & Conservation Assn. v. Bureau of Land Management* (9th Cir. 2010) 606 F.3d 1058, 1072 (striking down a narrowly drawn statement of project objectives where it "necessarily and unreasonably constrain[ed] the possible range of alternatives" and "foreordain[ed] approval of the proposed project"). Because CEQA was patterned on the National Environmental Policy Act ("NEPA"), NEPA case law is treated as "persuasive authority" in interpreting CEQA. *Citizens of Goleta Valley*, 52 Cal.3d at 565, fn. 4.

2. The DEIR Fails to Identify Alternatives that Would Avoid or Substantially Lessen the Project's Significant Impacts.

In order to achieve the goals of CEQA, the discussion of alternatives must focus on alternatives to the project or its location that are capable of avoiding or substantially lessening any significant effects of the project, even if these alternatives would impede to some degree the attainment of the project objectives, or would be more costly. CEQA Guidelines § 15126.6(b). In this case, the DEIR authors have crafted a handful of environmentally inferior alternatives that, unsurprisingly, the document dismisses as creating more significant impacts or as infeasible. This approach is untenable, as the point of the alternatives analysis is to develop alternatives that *lessen* significant environmental impacts. *Laurel Heights I*, 47 Cal.3d at 403.

For example, the DEIR sets up Alternative 2 as a mix of logistics warehousing, light manufacturing, retail commercial, and office space on the same footprint as the proposed Project. DEIR at 6-5. The DEIR states that Alternative 2 is

MV00253287

intended to avoid or reduce impacts to traffic, air quality, and noise impacts. *Id.* at 6-29. However, because of the changes in use, "the volume of operational air pollution would be increased when compared to the proposed project." *Id.* at 6-30. Similarly, "this alternative would *almost triple total traffic trips*" as compared to the proposed Project, with concomitant effects on operational noise. *Id.* at 6-30 to 31 (emphasis added); *see also id.* at 6-33 ("[T]he Mixed Use Alternative A would increase employment opportunities but would substantially increase traffic, noise, and air quality impacts."). The City's good intentions mean nothing when the crafted alternative substantially worsens the very impacts it was intended to address. In fact, the only possible reason for including this mixed-use option is to set up a straw man that can be knocked down.

The DEIR fails to explain the significant impacts that Alternative 3 is intended to address, noting only that "this alternative would develop the project site similar to the land use plan of the Moreno Highlands Specific Plan (MSHP) but with logistics warehousing on the 603 acres proposed for business, retail, institutional and other uses under the MHSP." *Id.* at 6-34. However, the DEIR concludes that the alternative would increase traffic by 13 percent; it would also increase almost all air quality impacts and potentially expose new residents to health risks associated with diesel-related air pollution. *Id.* at 6-36 to 37. While the DEIR concludes that the alternative "would reduce a significant impact of the project (aesthetic—views) by substantially reducing the amount of warehousing on the site and replacing it with residential uses" (*id.* at 6-37), the DEIR offers no analysis to support this conclusion. As the project site would still be developed, albeit at a lower height, the impact to views from State Route 60, a designated scenic road, would still be significant. Consequently, this alternative also fails to address any of the significant impacts created by the Project.

The DEIR likewise sets up the reduced density alternative for failure. Under this alternative, the Project would permit only 29 million square feet of logistics warehousing (a 28 percent reduction in size), but allow the development to be spread across the same 2,635 acre footprint. DEIR at 6-6, 6-22. Because the footprint is identical, the alternative's impacts related to construction pollution and noise, storm water runoff and hydrology, agricultural land, and scenic vistas and local scenic roads, among others, remain *exactly the same* as under the proposed Project. *Id.* at 6-27. To reduce impacts, it would have been far more logical to reduce the footprint of the Project, as described further below. Such an alternative would produce far fewer significant impacts, yet offer similar employment and other public benefits. For that reason, a reduced footprint alternative, as opposed to the reduced density alternative developed in the DEIR, would meet CEQA's mandate to develop and analyze alternatives that lessen a project's significant impacts. *Laurel Heights I*, 47 Cal.3d at 403.

MV00253288

To remedy the DEIR's faulty alternatives analysis, the City must broaden the objectives both to clarify the public purpose of the proposed Project and to permit the selection of options other than the applicant's proposal. At the same time, the City must develop alternatives that actually lessen the Project's significant impacts, particularly in the areas of air quality, noise, traffic, aesthetics, agriculture, climate change, hydrology, and biological resources. One possible alternative to address many of these concerns is to build a smaller logistics warehousing project on a reduced footprint. Such a configuration would require the development of less impervious surfaces and allow for an increased buffer between the Project and the San Jacinto Wildlife Area. This option would not only reduce the Project's impacts from storm water runoff and other edge effects,[3] but also lessen its impact to agricultural land, as portions of the site could be retained in productive agriculture. A reduced footprint alternative must also remove the San Jacinto Wildlife Area/MSHCP lands from the scope of the Project. The San Jacinto Wildlife Area is not part of this Project. A reduced footprint alternative could also be sited to avoid the Project's severe impacts to scenic vistas and designated scenic roads. Finally, the reduced footprint alternative would have the same benefits related to air quality impacts, traffic, and noise as a reduced density alternative.

In particular, a reduced footprint alternative should be sited to leave significant amounts of land in agriculture to provide for local agriculture, thereby also reducing greenhouse gas emissions. Finally, given the severe impacts of the Project on air quality, traffic and noise, the DEIR must also include an alternative that would reduce truck traffic. In particular, the DEIR should identify alternative sites that could be served by existing or proposed rail corridors.

In sum, the DEIR must be revised to consider logical, environmentally superior alternatives. Its exclusive reliance on environmentally inferior or infeasible alternatives does not meet CEQA's mandate to provide decision makers with a reasonable range of options. *Citizens for Quality Growth*, 198 Cal.App.3d at 443-45.

E. The DEIR Must Be Recirculated.

Under California law, the present EIR cannot properly form the basis of a final EIR. CEQA and the CEQA Guidelines describe the circumstances which require recirculation of a draft EIR. Such circumstances include: (1) the addition of significant new information to the EIR after public notice is given of the availability of the DEIR but before certification, or (2) the draft EIR is so "fundamentally and basically inadequate

MV00253289

and conclusory in nature that meaningful public review and comment were precluded." CEQA Guidelines § 15088.5.

Here, both circumstances apply. Decision makers and the public cannot possibly assess the Project's impacts, or even its feasibility, through the present DEIR, which is riddled with errors. Among other fundamental deficiencies, the DEIR repeatedly understates the Project's significant environmental impacts and assumes that unformulated or clearly useless mitigation measures will effectively reduce these impacts. In order to resolve these issues, the City must prepare a revised EIR that would necessarily include substantial new information.

II. APPROVAL OF THE PROJECT WOULD VIOLATE THE STATE PLANNING AND ZONING LAW AND THE SUBDIVISION MAP ACT.

The State Planning and Zoning Law (Gov't Code § 65000 *et seq.*) requires that development decisions be consistent with the jurisdiction's general plan. As reiterated by the courts, "[u]nder state law, the propriety of virtually any local decision affecting land use and development depends upon consistency with the applicable general plan and its elements." *Resource Defense Fund v. County of Santa Cruz* (1982) 133 Cal.App.3d 800, 806. Accordingly, "[t]he consistency doctrine [is] the linchpin of California's land use and development laws; it is the principle which infuses the concept of planned growth with the force of law." *Families Unafraid to Uphold Rural El Dorado County v. Board of Supervisors* (1998) 62 Cal.App.4th 1332, 1336.

General plans establish long-term goals and policies to guide future land use decisions, thus acting as a "constitution" for future development. *Lesher Communications, Inc. v. City of Walnut Creek* (1990) 52 Cal.3d 531, 540. Specific plans and zoning then ensure implementation of the general plan. Gov't Code § 65450; *see* Gov't Code §§ 65850, 65860. The Subdivision Map Act likewise requires that subdivision maps be consistent with the general plan. Gov't Code § 66473.5, 66474.

To promote coordinated land use policies and practices, state law requires local governments not just to formulate theoretical general plans, but also to conform their development and land use projects and approvals to those duly certified plans. *Citizens of Goleta Valley*, 52 Cal.3d at 570; *see also* Gov't Code §§ 65860 (requiring consistency of zoning to general plan), 65454 (requiring consistency of specific plan to general plan), 66473.5 & 66474 (requiring consistency of subdivision maps to general plan), and 65867.5 (requiring consistency of development agreements to general plan). It is an abuse of discretion to approve a project that "frustrates[s] the General Plan's goals and policies." *Napa Citizens for Honest Gov't*, 91 Cal.App.4th at 379. The project need

MV00253290

not present an "outright conflict" with a general plan provision to be considered inconsistent; the determining question is instead whether the project "is compatible with and will not frustrate the General Plan's goals and policies." *Id.* at 379.

For the reasons described in Parts I(C)(2) and I(D) above, the Project is inconsistent with the General Plan. Because of these inconsistencies, approval of this Project would violate State Planning and Zoning Law and the Subdivision Map Act.

In addition, the General Plan is legally inadequate because it contains a statement that the provisions of specific plans take precedence over provisions of the General Plan to the extent that the two documents are inconsistent. General Plan at 9-8. This General Plan provision fails to recognize that in the hierarchy of land use law, a specific plan is inferior to a general plan and therefore cannot take precedence over a general plan. Gov't Code § 65454. Specific plans must be consistent with the general plan, not the other way around. *Id.* Because this General Plan inadequacy implicates this Project, the Project cannot be lawfully approved. *Neighborhood Action Group v. County of Calaveras* (1984) 156 Cal.App.3d 1176, 1187-88.

III. CONCLUSION

As set forth above, the WLC DEIR suffers from numerous deficiencies, many of which would independently render it inadequate under CEQA. Taken as a whole, the deficiencies of the DEIR necessitate extensive revision of the document and recirculation for public comment. Moreover, as currently designed, the Project conflicts with the General Plan, and therefore cannot be legally approved. Accordingly, we respectfully request that the City reevaluate this Project in light of its inconsistencies with the General Plan, and take no further action on it until a legally adequate EIR is prepared and circulated.

Very truly yours,
