>
> Dear Mayor Tom Owings,
>
> I urge you to oppose the Mid County Parkway because of its numerous, significant financial and environmental impacts.
>
> The parkway is unnecessary and will constitute a massive waste of taxpayer money. Existing roads like State Route 74 and the Ramona Expressway already serve the current traffic load; several of these roads are already slated for expansion and could provide a responsible alternative. The project's current cost of $1.94 to $2.52 billion will likely balloon as it encounters construction delays and problems due to its significant environmental harm. Approved funding would be far more wisely spent developing sounder alternatives, such as light rail and bus routes.
>
> Property and business owners will directly feel the negative impacts of the parkway. The project's environmental study finds it could displace up to 659 residents, 90 businesses and 350 employees. Up to 102 residential property owners could have their land and homes taken away; eminent domain may be invoked. Farmland will likely be lost, both through direct impacts and through the acceleration of ongoing conversion.
>
> The parkway project poses significant, immitigable impacts to open space and wildlife habitat areas of western Riverside County that can never be replaced. It threatens the San Jacinto Valley, a biodiversity hotspot and globally important bird area. Threatened and endangered species will be harmed -- especially in the San Jacinto Valley-Lake Perris area. Valuable arid-land streams and riparian resources will be lost.
>
> The parkway will encourage sprawl that requires costly public services from cities and Riverside County. It will create a self-fulfilling prophecy of unsustainable growth and real estate speculation. Instead of alleviating anticipated transit distress, it will bring traffic and freeway sprawl into the beautiful and rural area San Jacinto valley.
>
> Sprawl and vehicle emissions are some of the worst contributors of greenhouse gases and climate change. Building this parkway will undermine California's greenhouse gas emission reduction

goals, undermine public transit by encouraging cars, and run contrary to the sound "Regional Transportation Plan" developed by the Southern California Association of Governments and required by the Sustainable Communities and Climate Protection Act of 2008, S.B. 375.

I urge you to choose environmentally, financially sound alternatives for growth and development in western Riverside County and Southern California: Reject the Mid County Parkway.

Good morning Mr. Owings,

I am writing to you in hopes of some clarification as to a policy of the City of Moreno Valley. A few months ago a branch from a tree (outside of my property line) come down on my fence. I called the City of Moreno Valley and a crew was sent out. When the gentlemen removed the branch from on top of the fence it had caused some damage. They told me that we would have to file a claim with the city of Moreno Valley to have it repaired. I contacted the City of Moreno Valley (after my claim was denied) and their response was that, the tree was last trimmed by Verizon. I was told that I had to go after Verizon in order to get my fence repaired. I have had the hardest time trying to communicate with this company whose Claims Office is in Florida.

I need someone to help me with this matter. I do not feel that what is happening to me is fair. Why do I have to be the one has to chase down Verizon in order to have this matter

resolved? If the tree had been on my property and I had allowed Verzion to come in and trim it that would be understandable however, the tree sits on city property and the City of Moreno Valley allowed Verzion to do the trimming. I would really appreciate any help with resolving this matter.

Respectfully,

Gloria Cuevas

Having lived here for almost a quarter of a century, I think I know something about how things work in this city. The only thing that seems to work is the animal services division and with such a small piece of the budget pie, it's a miracle. I'm not afraid to say that the city manager is overpaid by about $400,000 per year. And yes, although I have no proof, it's my personal opinion that this Iddo Benzeevi is bleeding this city dry, under your jurisdiction, under your guidance and apparently, with your permission.

Subject: Moreno Valley Utilities

Mr Owings,

I am Nicholas Black, my address is 12931 Cobblestone lane, Moreno Valley 92555. I am writing you in hopes that you may be able to answer my questions in good faith and honesty. Unfortunately I am under duress due to the Moreno Valley Utility Company. I came to Moreno Valley in hopes it would be a promising place to raise my children, all in all I do not have much complaints about the area i live in, that being said the Moreno Valley Utility Company are horrendous to deal with, to the point I have been considering putting my house up for a "short sale" to get away from it all. I have 4 children and I am the only support my family has, the Moreno Valley Utility Company took a 235.00 deposit from me to begin business. The problem I have is their latest increase in penalties. If you were late on your bill, the customer would get a $10.00 fine for a door knocker and a $50.00 reconnect fee if not paid in a timely matter. My problem is now the add a $50.00 dollar deposit and raised the door knocker fee to $30.00 dollars and on top of that added another $50.00 reconnect fee for a total of $130.00 added to bill if late. I hope you see where this is going. If a family has a hard time paying the bill how is adding an additional $130.00 to the total going to help? Customer service for the Utility Company says, "it is to defend the cost of service if you are to up and leave", I have a mortgage for 24 more years and should not be a risk of flight, i can understand if I was renting. I bring this up to you in hopes you may be able to rectify the practices of the Moreno Valley utility company. I do not have a perfect record of paying my bills on time unfortunately, I recently have been in the hospital, due to the fact my wife was having complications with her pregnancy, when I returned home I noticed the dreaded door knocker and meant to pay it before 5:00 p.m. their DEADline. I ended up having to pay $247.40 of which $130.00 was fines. I hope you understand why I see this as piracy! I asked for them to drop the deposit and the reconnect fee, since my service was never disconnected to begin with, which fell upon deaf ears. I do not have issues with any other utility company and pay my property taxes on time every year. If you are powerless to change the additional fee hikes, i ask if at all possible to have the Moreno Valley Utility Company to issue courtesy calls to there patrons if they are late before the hang the door knockers to avoid punishment. After all if i save some money i spend it in my community which is beneficial for business and Moreno Valley. Please do not make me regret moving to this city, and help make the lives of Moreno Valley citizens more prosperous thank you for your time and I look forward to your response,

Sincerely,
Nicholas Black

>
> The Southern California Association of Government (SCAG) General Assembly will be held May 2 – 3, 2013 at the JW Marriott Desert Springs Resort & Spa in Palm Desert, California. Each year, SCAG's member cities select a Delegate and/or Alternate to represent their city to participate at this Annual Meeting.
>
> If you have not done so, please send a copy of your city's action in appointing a SCAG Delegate and/or Alternate as soon as possible. Delegates/Alternates are required to submit FPPC Form 700, Statement of Economic Interests, to our office. You may use the form filed within your city; however, please note "SCAG" in Box 1 of the form.

Please note: If your City currently has a Regional Council Member that serves on the SCAG Board, per SCAG Bylaws, that person is your City delegate so there is no need to appoint a delegate. However, please provide us with the name of the alternate.

Statement of Economic Interests forms are available on FPPC's website at http://www.fppc.ca.gov/index.php?id=500 and must be filed with this agency no later than April 1, 2013.

Thank You,

Lillian Harris-Neal
Clerk of the Board

Hello,
This year I am having two Career Days.

One is on Friday, May 24 from 8:15-12:15 at Hendrick Ranch [District 1] and on Friday, May 31 from 9:15-12:25 at Honey Hollow [District 2].

Please let me know if you can participate this year. We would love to have you at both schools.

My number is [redacted].
Thank you,
Susan Bucy-Gist

> My wife and I recently had a chance to review the DEIR for the WLC. We know that the city needs money badly and that you are looking for funding sources. We wanted to see if we could support the WLC project as a way of finding money. As a way of introduction, we are both long time residents of Moreno Valley and are now retired. We are both trained physicists and have spent our careers in technical and management areas in various industries. We feel that our background allowed us to make an objective and unbiased review of the document. We were trained to think out of the box.
>
> The DEIR is a good document, very well organized and written. The traffic analysis was very detailed. We were especially impressed by the fact that the trip generation rate was peer reviewed in Appendix T.
>
> The WLC will have high cube warehouses; yet to date, there is very little data available for such facilities. They tend to be efficient, require less employees, and may require fewer truck trips per KSF than smaller warehouses. Because there is very little data yet available on high cube warehouses, the DEIR makes some big conclusions on small data samples, contradictory data, or even erroneous data. For example, the trip generation rate of 1.68 was used in the DEIR (ITE edition 9). I agree with the argument in Appendix T that the 2011 NAIOP study makes a good case for the use of the smaller number 0.99 for traffic analysis. The use of the 0.99 number would greatly reduce the estimate of truck trips which would reduce the estimate for the impact of the WLC on traffic density. However, what number should be used for air quality? Because the trucks used in the WLC are primary large diesel trucks, it appears to us that no proper engineering estimate can be made at this time, by anyone, on the impact on air quality for the large number of high cubes at the WLC.
>
> We also reviewed the fiscal and economic analysis in the DEIR. We were unable to duplicate various important parameters in this section of the document, including the number of employees for the WLC, the wage information, and the sales tax revenue received. A detailed review by us indicates that the presented information is suspect and at times is based on wrong source data. (In scientific and engineering circles, data that cannot be verified is suspect).
>
> In addition, the document assumes 100% occupancy from day one and gives the reader the impression that the city income will be $5 million dollars by 2022. Our analysis shows that 100% occupancy by 2022 is very unlikely, even in a positive economic cycle.

The discussion on construction is a self contradictory. For example, the label in Figure 3.19 in the DEIR, seems to indicate that 20 MSF of warehouses will be built by 2017, and another 20 MSF will be built by 2022. The document elsewhere states that an average of 1700 FTEs will be employed to accomplish phases 1 and 2. These two data points give the impression that all 40 MSF will be completed by 2022. However, other sections of the document indicate that the buildings will be customized, i.e. need to have a tenant before they will be built. There appears to be no probable and realistic schedule for building completion and building occupancy. So, when will the warehouses really be built? When will the city benefit fully from the promised construction income?

What is actually built, and when, pertains directly to the construction income to the city and fiscal responsibilities that come to the city when those buildings are completed. These statements may cause civic leaders to assume income from the WLC at an earlier date then can be reasonably expected, without having a clear understanding of the timeline for the city's future responsibilities, such as police protection, and electric utility bills.

There is not enough data for anyone to prepare a realistic cost/benefit analysis of the WLC. More data is needed.

I propose that if you decide to proceed with the WLC, you only modify the General Plan as needed to accommodate Phase 1; that you, as a condition to proceed with phase 1, collect traffic, air quality, economic, and social data during implementation of phase 1; that you obtain and review another EIR before the city agrees to modify the General Plan for Phase 2.

I believe that our findings and conclusions in some of these areas are of definite interest to you before you decide on how to proceed with the WLC and how to modify the General Plan. We would appreciate the chance to meet with you to discuss some of these findings. I have a couple of suggestions that we feel you may be interested in. I want our city to have income to meet our needs, but I question the need to allow Phase 2 to proceed at this time.

Thank you for considering my request.

Sincerely , Hans and Barbara Wolterbeek

Subject: Response to Your e/Mail-WLC vs Promise
Reply-To: "pisaco@jps.net" <pisaco@jps.net>

Councilman Stewart; thank you for your quick response and I apologize for not responding sooner. We have been north of Sacramento preparing for a Baptism of our great grandson and haven't taken much time to get on the internet.

We understand the needs of our city and community and am not discouraging growth nor the prosperity that comes with it as well as the costs involved, monetarily and esthetically, but wonder about the overall good with such a grand project.

We have been long-time members of the community; I arrived in November of 1976 and my family arrived in January 1977. We purchased our home in the east end of Moreno in June of '77, have been here ever since, and plan to stay for the remainder of our lives. Our reason for purchasing in the east end was what it had to offer in the way of being rural and what it provided; a WLC was well beyond our dreams or expectations.

If memory serves us correctly when the three communities of Moreno, Sunnymead, and Edgemont first tried to incorporate it did not make it as the residents of the east end objected to losing the open areas that enabled them to ride their horses, raise animals, grow produce, and things that made the east end attractive. After much debate it was, shall we say, stated rather than promised as it seems to have been a "trigger" word, that the east end would remain rural and mostly homes, stores, and/or some light industry may possibly take away some of the vision.

The western area along the 215 corridor in and around the now March Air Reserve Base was to be the area that warehousing, medium-to-light industry, and other business ventures of that nature were to develop, some of which is currently progressing in that direction. More of the same is possible within that area as was submitted by a previous MV City Planning Board that would provide "..funding to match its (MV's) needs."

Growth along the east end corridor on both sides of highway 60 is possible and doable but should be tempered to match the actual needs of the city. What are the plans for Moreno Valley that require the development of the WLC to match it's actual needs? Growth for it's own sake can become uncontrollable/unmanageable and is the fear of many of our residents.

And yes there are other concerns and impacts: actual job opportunities, long-term employment, wages & earnings, traffic, pollution, occupancy (terms, conditions, & rates) as well

as strong city/state code enforcements that prevent hazardous waste storage, illegal parking, noise & air pollution, and traversing city streets not designed for heavy truck traffic. The list could go on.

We want to see our city grow, prosper, and meet the original vision of Rancho Belago as it presented high hopes for the future. Along with open green areas bring in medium-to-light industry, medical opportunities, ranges of business-small to large, housing to accommodate residency, use the remaining areas within Moreno Valley more wisely, and encourage our city to be a viable asset to Southern California, to itself, and its residents.
Thank you. ***Joe & Della Celentano***

Mayor & City Council
14177 Frederick Street
P. O. Box 88005
Moreno ValleyCA92552-0805
Telephone: 951.413.3008

Date

Address to U.S. Attorney

Dear _____:

The purpose of this letter is to respectfully request that the U.S. Attorney's Office conduct, complete, and reveal the results of the current investigation pertaining to Moreno Valley as expeditiously as possible.

While faced with many challenges, the City of Moreno Valley is making great strides to right our fiscal ship and even enhance some City programs and services that are critical to our community. The specter ofyour Office's investigation places our forward progressseverely at risk.

It is our understanding that the U.S. Attorney's Office is conducting a sweeping review in western Riverside County, and perhaps beyond. Until your Office concludes its review of matters pertaining specifically to Moreno Valley, however, this City's progress is severely obstructed…at a crucial point when key stakeholders are relying on our ability to chart a course for our community's future.

Until the U.S. Attorney's Office announces its findings pertaining to the City of Moreno Valley:

- Our residents are left with significant questions about the integrity of their elected leaders. And, really,who could blame them?Homes of the neighbors they elected to represent them were raided by armed agents, and nearly every newspaper article regarding the City restates that investigators seized items and documents from each of us…back in April. The absence of updated, specific information regarding your Office's findings continues to undermine residents' confidence in their local government and its credibility in making decisions on their behalf.

- Development interests, whose investment in our communityis essential to our long-term sustainability, are actively considering other locations over their concern that Moreno Valley is under a cloud related to your Office's pending investigation. We have balanced our budget, we are addressing

key public safety and infrastructure needs, and we are partnering with educational leaders to create a positive future for future generations. Creating jobs and broadening Moreno Valley's economic base, however, require private sector investment. Since announcement of your Office's investigation, our Mayor, Council and City staff have spent countless hours attempting to reassure private investors that this City and its residents remain worthy of their confidence. Delays in announcing your Office's findings will cause irreparable harm to the future of our community, possibly for decades to come.

- City employees, who have firsthand knowledge regarding the sound, ethical daily operations of our public service organization, are unjustly seeing their own actions questioned by those who would inaccurately characterize the City of Moreno Valley as "corrupt." This is not the City of Bell, yet continued delays in your Office's announcement of its findings related to our City subject us to continued comparisons to a community whose leaders violated their community's trust by engaging in criminal acts.

We understand the complexity of the regional investigation your Office has undertaken. Your staff must sort through facts associated with numerous agencies, public officials and private citizens. But we collectively send this letter to ensure that your Office grasps *the profound impact that delayed announcement of findings will continue to have upon our City and its nearly 200,000 residents.*

Our community's future hangs in the balance. United, this City Council calls upon the U.S. Attorney's Office to announce its findings related to the City of Moreno Valley without further delay.

Respectfully,

Tom Owings, Mayor

Marcelo Co, Mayor Pro Tem

Jesse Molina, Councilmember

Richard Stewart, Councilmember

Victoria Baca, Councilmember

Subject: notification to council members

Hi Jane,

I think it would be helpful to the entire City Council if your office would adopt a SOP to notify each member about every aspect of the recall efforts. This should include forwarding of all correspondence with attachments from proponents, staff and media. Also, include Cc's of all staff correspondence with attachments concerning the recall.

It would be helpful to have copies of all valid notice of intent to recall petitions, all notices of publication and all petitions that have already been filed with your office ASAP. Copies of future filings should be given ASAP so members can receive timely legal advice.

Additionally, all filings should be forwarded to the city attorney for review.

Thank you in advance for you help on this matter.

Tom

Hi Jane,

I am sorry I have interrupted your holiday with this stuff... I know you will take care of it on Monday. Could you also get me copies of Stewart's and Batey's Form 7000 since 2006. No hurry. I will see you tomorrow and please except my apologies.

As always,
Tom

Subject: Notice of Publication

Hi Jane,

If I have the complete Notice of Publication and I interpret sections 11020-11024 of the election code I believe the notice maybe insufficient in that it does not include my response to the notice of intention to recall. There are also discrepancies in the published names i.e.,

Graig Givens vs Craig R. Givens
Loretta Jean Philips vs Loretta Philips

Let me know your thoughts...

Tom

Cc: Esparza911@aol.com
Subject: Moreno Beach/60 Freeway

Hello Mayor Tom Owings,

I write you about a concern I have regarding the traffic signals at the CALTRANS project located at Moreno Beach and the 60 Freeway. I noticed that the signals do not have signal pre-emption devices on them. The devices are critical for emergency responses for the fire department and the ambulance company. Signaling devices save critical time for emergency responders. I respectfully request to know if there is a plan to install them on the 3 traffic signals involved with that project.

It is my understanding that Moreno Valley has a policy to install the signal pre-emption devices in all new traffic signals. I hope that has been conveyed to CALTRANS. At my work, I have found CALTRANS receptive to not delaying emergency responders and thus willing to install the devices at their projects. My hope is that this was unintentionally overlooked and can be corrected as soon as possible.

Thanks for your time,
Mike Esparza

Sent: Wednesday, March 20, 2013 8:46 PM
To: Tom Owings
Subject: upcoming Sheriff election

Good Morning Sir,

My name is Chad Bianco and I am currently a Lieutenant with the Sheriff's Department. I worked in various management positions at MVPD from 2006-2012.

I am running for Sheriff in the June 2014 Election against Sheriff Sniff. I know there have been ongoing issues with the current Sheriff and I would like to speak with you about these issues and the upcoming election.

Working there for years, I have a soft spot for MoVal and I am very concerned about the options you may be considering. What I can promise is a much more personal involvement in the department, especially when it comes to our contract cities. An open, honest relationship is something long overdue.

Having Moreno Valley support would greatly help in my campaign and I know I would be a great Sheriff for the citizens of Moreno Valley.

Please let me know if you are available to discuss not only your concerns with the department, but also the possibility of endorsing me in my campaign.

Thanks!!!
Chad

Attachments: RESOLUTION ON COMPREHENSIVE IMMIGRATION REFORM.docx; RESOLUTION ON COMPREHENSIVE IMMIGRATION REFORM.docx; RESOLUTION ON COMPREHENSIVE IMMIGRATION REFORM.docx

Rough Draft… any thoughts

RESOLUTION ON COMPREHENSIVE IMMIGRATION REFORM

WHEREAS, The Citizens of Moreno Valley recognizes the economic, social and cultural contributions immigrants bring to the community; and

Whereas, year after year the growing national appeal for comprehensive immigration reform has been ignored by Washington's failure to come to grips with the problem; and

Whereas, the national political debate on immigration reform has tended to polarize our communities; and

Whereas, it is the duty of local governments to respect the rights of and provide equal services to all individuals regardless of national origin or immigration status,

Whereas, the responsibility of municipal leaders is to protect the wellbeing and safety of all the people residing in their cities; and

Whereas, the absence of a sensible, effective immigration policy in the U.S. has translated into enormous human and financial costs; and

Whereas, much of that cost is being borne by our City, in particular our police departments, whose resources are being strained as they are forced to respond to crimes directly connected to illegal immigration – crimes which might have been avoided if the federal government were fulfilling its obligations relating to immigration; and

Whereas, The City of Moreno Valley opposes the separation of families by the enforcement of our current immigration laws and supports the reunification of families that have been so separated, especially those "mixed status" families with U.S. citizen children; and

NOW, THEREFORE, BE IT RESOLVED, that the City of Moreno Valley calls for quick passage of comprehensive immigration reform legislation which promotes the reunification of families, provides legal status with a path to earned citizenship to the estimated 12 million undocumented workers and designs a plan forcurrent and future immigrant workers.

Subject: Committee and Board Vacancies

Dear Michelle and Cindy,

I hope you agree that filling committee vacancies is an important step in moving our city forward and therefore may need some extra work when the public fails to respond to fill vacancies.

Can you will lend me a hand in this endeavor. The following is an outline of what I need:

Arts Commission: Can you give me a list of names and contact information for current members

Environmental & Historical Preservation Board: Please draft a letter from me to each current member asking them to recruit new members.

Library Commission: Please ask Tom Desantis to recommend a couple of prospective members from the Friends of the Library. Cindy can then send a letter to them from me asking them to apply.

Parks and Recreation: Could you have Mike McCarty call me to discuss current board make up.

Recreational Trails: Draft letter for me to Kim asking her to recruit members

Thanks,

Tom

Tom, Rick, Jane, Suzanne, Abdul, Ahmad, John, Joel, Mike, Mayor Owings, Councilman Molina and Councilman Stewart: Thank you so much for supporting the Employee Appreciation Barbeque today. I really appreciate everyone coming through with donations of money to pay for the food and contributions of time and effort to help serve. We had a great turnout and everyone appeared to be having fun and more than enough delicious food. Special thanks to Mike for coordinating the event and getting up extra early to supervise the food prep this morning.

Thanks again
--Michelle

Subject: RE: 2013-09-04 Custom Home at 13930 Curtis Street - Occupancy Release

Mr. Sambito,

We appreciate the Public Works Director understanding regarding occupancy of the just completed single home. However, the restriction mentioned below to not grant further building permits prior to punch list and all applicable COA is problematic with our construction schedule and would surely result in damage to the final cap… let me explain further.

Our construction plan is to begin building the 2nd home one month after occupancy of the 1st home and then suspend building of the 3rd and 4th larger homes for 18-24 months to get our finances in order after enduring the expenses of building the 2 homes and street improvements. Given this plan already in motion, it would not make sense to lay the final cap of pavement prior to the 2nd house building permit (per your restriction) to immediately afterwards begin construction again. The new pavement would be subject to very high pressure of 1) setting of a Waste Management (WM) multi-ton waste diversion program container for approximately three months and b) many extremely heavy 10-wheeler truck deliveries for the rough construction of the 2nd home which include sand, concrete, lumber, trusses, drywall, and tile roofing. All this pressure on the new pavement would almost certainly result in damage… unfortunately that is a risk we cannot take since we cannot afford unplanned expenses that could result from damage.

In the interest of protecting the final cap of pavement, we propose completing the punch list and applicable COA after construction of the 2nd home for the reasoning stated above. I am perfectly fine doing the final cap prior to final/occupancy of the 2nd home since by then the construction activity would be completed and our focus would be on turning over the improvements.

As a side note, I'm still very curious as to what process the larger developers (i.e. DR Horton, Richmond American, etc.) went through to build dozens/hundreds of homes prior to final cap. I would appreciate if you could share that information for my records.

Thank you,
Alfonso Guzman

Subject: 2013-09-04 Custom Home at 13930 Curtis Street - Occupancy Release

Mr. Guzman,

I discussed your request for roster sign-off for occupancy of the first custom home without being required to complete the cap paving as well as the signing and striping. In an effort to assist you, the Public Works Director felt that it would be fair to allow for the occupancy sign-off of this single residence, so long as you understood that you would be required to complete any punch list items and all applicable Conditions of Approval before the issuance of any further building permits or other discretionary approvals.

Vince Giron has already sent notification this morning to the Building Department indicating that the Land Development Division approves for the final inspection/occupancy of this one residence.

Importance: High

Vince and Mark,

The summary vacation and emergency vehicle access easement mentioned in items 1 and 2 respectively were submitted this morning. The gate currently in place across Gifford mentioned in item 4 obviously is temporary to protect my retired parents' new home and will be removed once we're closer to occupancy.

Regarding the final cap of pavement on item 3, our intent has always been to lay the final cap after at least 50% of the homes are built primarily to avoid damage to the improvements during the ongoing construction. In conversations with Mr. Ramirez and the prior inspector, and based on my personal experience having lived in 2 newer tracts by large developers in the same area, laying the final cap after most of the construction is completed and most of the houses being occupied is a common practice.

DR Horton was allowed to build, sell, and occupy 77 homes on Tract Map 31326 prior to laying the final cap of pavement more than 6 months after most homes were occupied. Similarly, Richmond American was allowed to build, sell, and occupy 48 homes on Tract Map 27251 and many more homes in the adjacent tract prior to laying the final cap of pavement approximately 2 years after most homes were occupied. Over the 15+ years I've lived in the area, I've seen this approach used in Celebrations and many other developments. Understandably, having the homes sold and occupied allowed those large developers the ability to gain financial leverage to make the final investment of finishing up the improvements. I completely believe this flexibility to do the final cap after construction and occupancy is something that most, if not all, developers need to keep projects moving along… we are no exception and need the same flexibility to continue the project and finally get my retired parents into their home.

As a developer so far we have met all your demands of the sub-division process, including but not limited to designing all pertinent improvements, constructing most of the improvements, obtaining all the necessary easements and dedications to fix a badly designed cul-de-sac that the city allowed prior to our project, posting security for the remaining improvements and putting in place a public improvement agreement (PIA) which expires in Feb 2014. Our goal is to finish the improvements by January 2014 timeframe.

Please consider this a formal request to the city engineer, Mr. Ahmad Ansari, requesting permission to lay the final cap of pavement on our project PM33275 after at least 50% of the homes are constructed and occupied so that we can minimize damage to the improvements during construction and so that we can gain the financial leverage we need from the first couple homes' occupancy to continue the project. We are still within our PIA timeframe and traffic in the involved streets, which is a dead-end cul-de-sac between mostly vacant land, will be minimal for the single house so unquestionably the final cap is not necessary prior to occupancy. Given the many disagreements and conflicts over the last 8 years with Land Development staff, I am requesting that you refrain from responding and provide a written response from the Mr. Ansari directly. If this request is denied, I ask that Mr. Ansari provide justification of why DR Horton and Richmond American were provided special treatment as I will need that information to pursue the next action in search of equal and fair treatment… we will absolutely not stand for this form of discrimination.

P.S. If it looks like discrimination, and it feels like discrimination, it absolutely is discrimination…

Subject: PA04-0216 (PM33275), PA06-0060 Custom Home at 13930 Curtis Street

Alfonso,

The Building and Safety Division has sent notified us that the above referenced custom home is nearing completion and will be requesting a certificate of occupancy/final inspection. There are several items that need to be satisfied prior to the Land Development Division signing off on the roster for occupancy release. They are as follows:

1. Summary Vacation must be submitted and approved. Please note that there are several property owners that must be included the vacation process according to the conditions of approval.
2. Emergency vehicle access easement must be submitted and approved. This was required during project construction due to the fact that additional right-of-way for a cul-de-sac could not be secured on the east side of Curtis Street.
3. Gifford Avenue and Curtis Street must have final cap. (Once public improvements are completed, we can begin the security release/exoneration process to accept the public improvements into the City maintained system. This can occur after occupancy. The current fee for this process is 1,760.00.)
4. Construction gate crossing Gifford Avenue must be removed.

For your reference, I have attached the conditions of approval for Parcel Map 33275 (PA04-0216) and the custom home application (PA06-0060). Please call or email me if you have any questions.

Thank you,

Vicente Giron

Subject: Pickleball Courts

Mr. Owings,
My name is Carey Zambrano and my husband and I have recently relocated to Moreno Valley from Hemet. While living in Hemet we became familiar with a sport called Pickleball. If you have never heard of Pickleball before, it is a cross between ping pong and tennis. It is a very popular sport within the senior community, although, it is also being introduced in middle school and high school PE classes. People of all ages enjoy the sport. It is very competitive and is also a wonderful form of exercise.

I am writing to you today hoping you can direct me to the appropriate person with whom I can speak to in regards to possibly having a Pickleball court somewhere in Moreno Valley. I have seen several tennis courts at various parks in the city and would love to see just one Pickleball court.

Any assistance you can give me is very much appreciated.

Thank you for you time,

Carey Zambrano

Moreno Valley Chamber of Commerce

Moreno Valley Encourages Participation on Boards and Commissions

Citizen input is a valuable tool for the City's progress in several areas. The City of Moreno Valley has 11 boards/commissions covering important quality of life topics. Currently, there are four boards/ commissions with openings that Moreno Valley residents (or business customers of Moreno Valley Utility for the Utilities Commission) are encouraged to apply for. Please visit the Boards and Commissions webpage at www.moval.org/city_council/commissionsfor qualifications and deadlines.

Current vacancies exist on the following boards/commissions:

- Utilities Commission
- Arts Commission
- Parks and Recreation Commission
- July 4 Advisory Board

All Advisory Boards and Commissions are established by the Moreno Valley City Council and include:

- The Accessibility Appeals Board, conducting public hearing on written appeals regarding Title 24 accessibility issues
- The Arts Commission, considering matters pertaining to the planning and promoting arts activities and education in the City
- The Environmental and Historical Preservation Board, considering matters pertaining to the preservation of the City's heritage and cultures
- The July 4th Advisory Board, considering matters pertaining to promoting and seeking possible funding sources for the City's July 4th Festivities
- The Library Commission, considering matters pertaining to the administration, operation, development, improvement and maintenance of library services
- The Parks and Recreation Commission, considering matters pertaining to the administration, operation, development, improvement and maintenance of parks, recreation facilities, and parks and recreation programs
- The Planning Commission, considering matters pertaining to development and zoning

within the City (Planning Commissioners are compensated $100 per meeting)

- The Recreational Trails Board, considering matters pertaining to single-use and multi-use recreational trails, including bicycle, jogging and equestrian trails
- The Senior Citizens' Board, considering matters pertaining to senior citizens, senior citizens programs, including policies for the Moreno Valley Senior Community Center
- The Traffic Safety Commission, considering matters pertaining to traffic safety within the City
- The Utilities Commission, considering all matters pertaining to Moreno Valley Utility, and to other utility services such as water, sewer, gas, and the investor-owned electric utility

For more information, current openings, and board and commission meeting information, please visit the City's Web site at http://www.moval.org/city_council/commissions.shtml or contact the City Clerk's Office at 951.413.3001 or visit during regular business hours 7:30 a.m. to 6:00 p.m. Monday through Thursday. City Hall is located at 14177 Frederick Street, Moreno Valley.

Subject: Chili Cook Off and Halloween Costume Contest
Attachments: flyer.pdf

Our last event of the year, the Chili Cook off and Halloween Costume Contest will be held on Thursday, October 31, 2013, in the CRC Ballroom!

During the Cook off, we will hold a Cake Walk. It will be similar to "musical chairs." Chairs will be removed during each round. In the final rounds, there will be numbers on the chairs corresponding to the yummy donated cakes. Whoever is left "sitting" will win a cake. We will have as many winners as we have cakes. ***If you would like to donate a cake to the Cake Walk, please contact me.***

Please let me know if your department would like to participate. May the best chili win!

Thank you for supporting the 2013 Employee Giving Campaign.

This message has been approved by the City Manager's office.

Chili Cook-off and Costume Contest

Thursday, October 31, 2013
CRC Ballroom

Awards for:

- Best Chili (voted by Judges)
- People's Choice (most tickets)
- Most Unique Ingredients
- Most Creative Group
- Most Spirited Group
- Best Costume
- Best Decorated Table
- Best Overall Group

- Tickets sold at the Door…$5.00 = 10 tickets
- $.50 buys a taste
- $2.00 buys a bowl
- VOTES DO COUNT; 1 ticket = 1 Vote
- Three tickets buy entrance to Cake Walk

We will have a "cake walk" during the event!

All proceeds benefit the 2013 Employee Giving Campaign

Subject: Department Feud

What a fun time the Department Feud was AND what a great crowd! It was wonderful to have so many people there supporting our teams and the campaign.

Thank you to the teams: Finance, CEDD, Fire and Parks for your spirit and enthusiasm. Your answers were very entertaining. LOVED the Finance Department wigs! Congratulations to the Parks Department for winning the Feud.

Special thanks to:

Jose's Restaurant for providing a discounted price on the Catering (YUM-O)
Tim Carroll, Bob Lorch, Rob Roseen for being amazing and talented
Mel Alonzo for emceeing the Feud and keeping the energy level high
Employee Giving Campaign Team for making the event special

Thank you for supporting the 2013 Employee Giving Campaign.

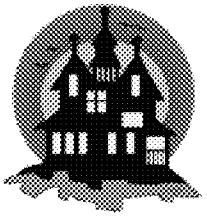
Subject: REMINDER: Employee Night at MoVal Haunting



City employees and their families are invited to attend a private, or soft opening of the special clown-themed Haunted House on Tuesday, October 22nd, from 6:00 p.m. to 8:00 p.m. The Haunted House will be held at the Cottonwood Golf Center. **City employees are needed** this evening to wander the spooky maze to assist staff in preparation of the public opening. Bring your city badges for free admittance on this date. Attend if you dare…

You won't want to miss the Youth Fall Festival on October 25th and 31st and House of Clowns on October 25th, 26th, and 31st.

We hope to see everyone there!

Subject: Fire Alarm Testing Schedule Notice - Monday 10/28

Facilities has scheduled Stanley Security for Monday, 10/28, to perform the required quarterly testing of our Fire Alarm Systems. Please be aware that there will be a short testing period of the strobes & horns in each building listed below. The schedule is as follows:

Time	*Building*
1:00p-2:00p	Conference & Recreation Center *(PA system announcement will be made)*
2:00p-3:00p	Annex #1
3:00p-4:00p	Emergency Operation Center
5:00p-6:00p	Animal Shelter *(silent mode)*
6:00p-7:00p	City Hall

Please distribute this message to those without City email. Thank you for your patience as we perform this important test of our fire alarm systems.

Thank you,

Rix

Subject: Chili Cook off and Halloween Costume Contest

The Chili Cook off and Halloween Costume Contest is THIS Thursday, October 24, 2013. We have a couple Departments working on their team, but this is what we have so far:

- Fire
- Parks
- Finance
- City Clerk
- Media

If you haven't had an opportunity to sign up and want a space, please contact me at your earliest convenience. It promises to be a fun event and having all the departments participate really makes it special.

Thank you for supporting the 2013 Employee Giving Campaign.

Subject: Silent Auction

The Silent Auction was a huge success thanks to your generosity and participation! We raised a little over $600 for Community Health Charities and United Way of the Inland Valley.

Special thanks to those who donated your treasures to get the buyers in there.

Businesses & Citizen of the Year

- Do you know a business or someone who is making a difference in Moreno Valley?
- A business or person who has gone above and beyond to contribute to and better the community?

If so, the Moreno Valley Chamber of Commerce is accepting nominations for Citizen & Businesses of the Year. We have many unsung heroes in Moreno Valley and the Chamber wants to recognize them.

Click here for the nomination form. Please review the criteria and nominate that special business or person.

Nomination forms must be received by November 4, 2013. Please feel free to pass this on to others.

Send nomination forms to office@movalchamber.org or fax [redacted]

Subject: 2013 REXIE Finalists NAIOP Inland Empire

Moreno Valley has been notified that it will be selected as the NAIOP Public Partner of the Year. I would like for Mayor Owings and Henry Garcia to join John Terell and myself in accepting the award this coming Tuesday 1/22 at the event which starts at 11:30 at the Ontario Hilton. Moreno Valley was nominated by a number of industrial developers and real estate brokers doing business in Moreno Valley who are also in the running REXIE awards including Alere, First Industrial, Panattoni and Trammell Crow.

Hi Christina,

Cindy is out of the office today, but I can help you with scheduling this meeting.

Mayor Owings is still available for February 4 at 11:30 a.m. Do you have a suggestion for a place for lunch in Riverside? I will place a hold on Mayor Owings' calendar until I hear from you.

Thank you.

Subject: RE: Meeting request - Mayor Owings

Hi Cindy,

Is the Mayor available at 11:30 a.m. on the 4th? Superintendent Young has a meeting at the Moreno Valley Conference & Recreation Center at 2:00 p.m. and you mentioned that Mayor Owings has one in Riverside at the same time, that would give them enough time for both to make it to their meetings on time in case the meeting goes longer.

Subject: visit of students from France

Dear Mayor Owings,

Moreno Valley High School is going to host ten students and two teachers from our sister high school in Caen, Normandy from February 20 to March 5. This is the 7th visit of students and teachers from our sister school, the Lycée Malherbe. The students are hosted by students and their families of our school. They will attend our classes and participate in school activities. My French Club students will be in Normandy over spring break and attend classes at our sister school. They will also live with French families.

Every time, we host students and teachers from France, they get the chance to meet with the Mayor of Moreno Valley at City Hall. They spent an hour with our mayor and learned how an American city is run and what the job of a mayor consists of. Being a mayor of a French city is very different. When I am in France with my students, we are also welcomed at City Hall in Caen. I attached a picture of my students and their French host brothers and sisters in front of city Hall in Caen.

Would you be so kind and meet with the students from France in February or March? We still have Monday, February 25, Tuesday, February 26 or Wednesday, February 27, or Monday, March 4, available. We can be at City Hall during school time between 8 a.m. and 3 p.m.

I am attaching the program we have prepared for our sister school students for your information.

Please let me know if you might have time to meet for an hour with our sister school students and teachers from France. The students all speak English and are very interested in Moreno Valley.

9:00 a.m.
Friday, February 1, 2013

EMBASSY SUITES LA QUINTA
50-777 Santa Rosa Plaza
La Quinta, CA

In compliance with the Brown Act and Government Code Section 54957.5, agenda materials distributed 72 hours prior to the meeting, which are public records relating to open session agenda items, will be available for inspection by members of the public prior to the meeting at the Commission office, 4080 Lemon Street, Third Floor, Riverside, CA, and on the Commission's website, www.rctc.org.

In compliance with the Americans with Disabilities Act and Government Code Section 54954.2, if special assistance is needed to participate in a Commission meeting, please contact the Clerk of the Board at (951) 787-7141. Notification of at least 48 hours prior to meeting time will assist staff in assuring that reasonable arrangements can be made to provide accessibility at the meeting.

1. CALL TO ORDER

2. PLEDGE OF ALLEGIANCE

3. ROLL CALL

4. PUBLIC COMMENTS – *Each individual speaker is limited to speak three (3) continuous minutes or less. The Commission may, either at the direction of the Chair or by majority vote of the Commission, waive this three minute time limitation. Depending on the number of items on the Agenda and the number of speakers, the Chair may, at his/her discretion, reduce the time of each speaker to two (2) continuous minutes. In addition, the maximum time for public comment for any individual item or topic is thirty (30) minutes. Also, the Commission may terminate public comments if such comments become repetitious. Speakers may not yield their time to others without the consent of the Chair. Any written documents to be distributed or presented to the Commission shall be submitted to the Clerk of the Board. This policy applies to Public Comments and comments on Agenda Items.*

Under the Brown Act, the Commission should not take action on or discuss matters raised during public comment portion of the agenda that are not listed on the agenda. Commission members may refer such matters to staff for factual information or to be placed on the subsequent agenda for consideration.

5. APPROVAL OF MINUTES – TO BE SUBMITTED AT THE NEXT MEETING

6. ADDITIONS / REVISIONS – *The Commission may add an item to the Agenda after making a finding that there is a need to take immediate action on the item and that the item came to the attention of the Commission subsequent to the posting of the agenda. An action adding an item to the agenda requires 2/3 vote of the Commission. If there are less than 2/3 of the Commission members present, adding an item to the agenda requires a unanimous vote. Added items will be placed for discussion at the end of the agenda.*

7. CLOSED SESSION

7A. CONFERENCE WITH LEGAL COUNSEL – INITIATION OF LITIGATION Pursuant to Government Code Section 54956.9(a)

7B. CONFERENCE WITH LEGAL COUNSEL – EXISTING LITIGATION

Pursuant to Government Code Section 54956.9(a)
Case Number(s): RIC 1113896

8. AGREEMENT FOR CONSTRUCTION OF THE PERRIS VALLEY LINE COMMUTER RAIL EXTENSION

Page 1

Overview

This item is for the Commission to:

1) Award Agreement No. 13-33-049-00 to Ames Construction, Inc., for the construction of the Perris Valley Line (PVL) commuter rail extension project in the amount of $132,202,749, plus a contingency amount of $16 million for potential change orders, for a total amount not to exceed $148,202,749;
2) Authorize the Chair or Executive Director, pursuant to legal counsel review, to execute the agreement on behalf of the Commission; and
3) Authorize the Executive Director to approve contingency work up to the total not to exceed amount as may be required.

9. FUNDING OF THREE ADDITIONAL PROJECTS IN THE FISCAL YEAR 2012/13 SB 821 BICYCLE AND PEDESTRIAN FACILITIES PROGRAM

Page 27

Overview

This item is for the Commission to approve the allocation of incremental SB 821 funding to fund three projects (Nos. 15, 16, 17) from the ranked FY 2012/13 SB 821 Bicycle and Pedestrian Facilities program call for projects list.

10. 2013 STATE AND FEDERAL LEGISLATIVE PLATFORMS

Page 30

Overview

This item is for the Commission to adopt the 2013 State and Federal Legislative Platforms.

11. COMMISSIONERS / EXECUTIVE DIRECTOR REPORT

Overview

This item provides the opportunity for the Commissioners and the Executive Director to report on attended meetings/conferences and any other items related to Commission activities.

12. ADJOURNMENT

The next Commission meeting is scheduled to be held at **9:30 a.m., Wednesday, February 13, 2013,** Board Chambers, First Floor, County Administrative Center, 4080 Lemon Street, Riverside.

Subject: Interim Urgency Ordinance

Unfortunately, I was not able to attend the City Council meeting this last Tuesday when the decision to impose a 45 day "interim urgency ordinance" placing a moratorium on issuance of land use entitlements along the SR-60 corridor so that you can spend $50K to hire a land use consultant and be better able to decide on long term land uses. I did not hear about the meeting until very late and regret not being able to attend. I want to assure all of you that my absence is not in the remotest sense a lack of interest on Prologis part. As a matter of fact, I am more than a little frustrated that after being in the entitlement process for going on 5 years, going back to our acquisition of the site in 2007, that such action is happening now. In 2007, Prologis made the decision to acquire the site after having meet with most of the Council at that time and hearing their support of our initiative. We felt that M.V. was underserved in industrial and over committed in residential and retail. We still feel very positive about our site and the potential it offers to provide a product that is in demand and provides numerous benefits to the community.

As you may know, we are, or should I say were, very close to scheduling a Planning Commission hearing and likely be before City Council within the next 60 or so days. Now we will be delayed and it is my hope that this will be only temporary. We have worked very closely with your Planners in accommodating changes on a number of fronts to make this a successful project. We have closely engaged with your planning department for the last year, in the processing of an EIR and similarly in 2008 and 2009 before putting the EIR on hold due to the economic downturn. We have done community outreach to engage the residence of the immediate area and throughout the City. We have responded to the routine Sierra Club's assault and feel certain that we have been able to address the concerns they have raised and mitigated wherever possible.

Prologis is the largest owner of industrial properties in the world, including over 32 million SF in the Inland Empire and has been in the forefront of developing projects globally, just as our proposed MV project. We feel that our propose project will provide the City with a "best in class" development and make all of the council proud and satisfied that they have done the best thing for MV. I respect Councils desire to have additional input to assist in long range land planning but am disappointed that this includes our property, a)since our proposed project has been on the City's radar for so long, only to now raise such concerns and b) that we are the only meaningful property on the south side of the SR-60 included in the study area. With what is being contemplated on the Highland Fairview site and not to even mention this in the "land planning discussions" is puzzling. To that end, I would like to arrange a tour of Prologis projects in the I.E. so that you can see firsthand the quality, thought and ongoing care that you should expect and anticipate from a Prologis project. I think it would be very meaningful for all the council to have this firsthand experience. We would provide a bus tour, picking you up at City Hall and should be able to complete the tour in 2-3 hours tops. I hope you take this invitation seriously and that we at Prologis can better familiarize you with our business and our approach to development.

I would welcome the opportunity to discuss our Company and the proposed project with you personally and welcome your call. Please give me your feedback on scheduling a tour and allow us to show you what we are doing in other cities throughout the Inland Empire. The sooner the better!

Subject: Phyllis Harris, Moreno Valley Elks Lodge, [redacted]

Ms. Harris stated the Moreno Valley Elks lodge is holding a fundraiser on Saturday, February 23, at 6 p.m. She is seeking a prominent person in the community to speak at a fundraiser and asked if the Mayor would be available to attend.

Ms. Harris stated the purpose of the event is to raise funds to "Save the Moreno Valley Elks Lodge." She stated the MV Elks are hopeful they can raise enough funds to remain in Moreno Valley and not have to merge with the Riverside Elks Lodge.

Subject: WRCOG Mediation Ad-Hoc Subcommittee meeting

Good morning,

Thank you for responding so promptly. I recognize the fact that you all have very busy calendars, so I appreciate any flexibility you can provide. The majority of responses favor holding the meeting on **Wednesday, February 20th, from 2 p.m. – 3 p.m.** Meeting location will be here on the 3rd floor in **Conference Room C**, which is the conference room just outside of WRCOG's doors, to the left.

If anyone would like to call-in to the meeting, please let me know as soon as possible and I will establish a conference call.

Respectfully,

Janis L. Leonard
Executive Assistant to Rick Bishop

Ms. Maxwell [redacted]

Ms. Maxwell requested to meet with the Mayor regarding the issue below, which has been resolved with the intervention of the owner of the shopping center. Ms. Maxwell would still like to meet with the Mayor to discuss the problems/issues small business owners are facing.

On Mar 4, 2013, at 2:44 PM, "Cindy Miller" <cindym@moval.org> wrote:

Valerie Maxwell requested to speak with you. She stated she recently met you at an event and discussed general real estate issues with you.

Ms. Maxwell is a real estate agent who is representing Emagine U at Play Child Care Center, located at 14420 Elsworth St., Suite 103 (Council District 5). Ms. Maxwell stated Emagine is having problems securing the Certificate of Occupancy for its expansion into Suite 106, where a travel agency was originally located. She stated each time her client contacts B&S, there is something new added – licensed architect site plan (the site plan for the facility has not changed), fire inspection requirements…. Ms. Maxwell stated her client is currently paying rent on an unused space and cannot go forward to secure a State license until the process has been completed with the city.

Subject: Youth Sports Budget Concerns - Caesar Chavez [redacted]

Tom,

Mr. Chavez stated he would like to meet with you regarding the park light fees not being lowered yet. He stated he had just come from Iddo Benzeevi's office as Mr. Benzeevi stated he would help them with their fees. Mr. Chavez stated Mr. Benzeevi told him to make an appointment with you to see why the city hasn't done anything with the fees yet.

I talked to Mike McCarty, and Mike stated they had met with Mr. Chavez and had given him money generating ideas to help. Mike stated Parks made it more equitable with the snack bar for Mr. Chavez' group, and Parks gave Mr. Chavez their snack bar at the skate park. Mike stated Mr. Chavez' group has yet to implement any of the ideas given to them, and he sent the email shown below stating staff will be reviewing the fee structure as part of this fiscal year's budget process in conjunction with assessing the City current fee structure.

Mike offered to meet with you to discuss this matter further. Please advise if you would like to meet with Mike. Would you like to meet with Mr. Chavez?

Thank you.

Juliene

Subject: FW: Youth Sports Budget Concerns

Please forward to the City Council

As a follow up to the last City Council meeting I wanted to provide the Council with an update as to where Parks and Community Services is in regards to working with our local youth athletic organizations in trying to help them meet any and all budgetary issues. Currently all youth groups (football, soccer and baseball) are current in paying their field rental and lighting fees except Moreno Valley Little League. As indicated in my staff report, collaborating with MVLL as well as Diamond Girls Softball and Canyon Springs Little League has allowed us to offer significant revenue generating possibilities to MVLL for this year's season. Staff is anxious to review the outcome of these new revenue possibilities and evaluate their success with the organization. Staff will also be reviewing the fee structure as part of this fiscal year's budget process in conjunction with assessing the City's current fee structure. If I can provide any further information please let me know.

Thank you.

Mike

Subject: Prudential Thanks you

Hello Mayor Tom Owings,

I wanted to thank you for helping us with our Re-Grand Opening last Thursday. I was honored to have you cut the red ribbon for us. I also wanted to thank you for your patience and waiting for our Company Presidents who were late arriving for the ceremony due to traffic coming from Orange cCunty. I appreciated your being here and for bringing your dog Molly. I would like more information regarding the dog rescue program that the City is involved in as I know I have agents that would be interested in participating.

Again thank you for helping to welcome Prudential back to Moreno Valley. Please let me know what I can do to get involved in the City of Moreno Valley.

Best Regards!

Per Barry lunch will be at 11:45 a.m. (cm)

On Mar 22, 2013, at 12:09 PM, "Barry Foster" <barryf@moval.org> wrote:

> The Aldi team and their site selector-Raymond Walker will be here on Tuesday April 9 to discuss Aldi placing their new Western DC & regional office at WestRidge in eastern MV. The Ridge site in MV is one of two finalist sites Aldi is looking (not sure where the other location is in the Inland Region). I have know Ray Walker for awhile and the Aldi Development Director has met with MV staff three times over the past year as they have narrowed their site selection down. We have established a great working relationship with Raymond and Aldi.
>
> On Tuesday 4/9 Dennis Rice and his development team will meet with Aldi from 8 am until 11:30 am at the Mission Inn in Downtown Riverside. At 11:45 am, I would like to have Mayor Owings, Henry Garcia and myself join Dennis Rice and the Aldi team for lunch at the Mission Inn. After lunch we'll drive back to Moreno Valley for a 1:45 to 3:30 pm meeting with the Moreno Valley Development Services staff that will include Barry Foster, Denise Bagley John Terell, Mark Sambito, Randy Metz & Jeannette Olko.
>
> Please let me know if you can block out from 11 am until 1:30 pm for the lunch. You're also welcome to join the afternoon Development Services meeting if you like.

Subject: Bryan Clymer [redacted]

Tom,

Mr. Clymer is part of Ben Clymer Body Shop, and every year they give away a refurbished car to a needy person in Moreno Valley, Riverside, and Yucaipa as that is where their three stores are located. AAA supplies wrecked cars, and the people at Clymers fix them up for give away. Mr. Clymer stated he would like to know if you would like to be part of the event when the car is given away in Moreno Valley in September of this year. He stated he would like to speak to you for 5 or 10 minutes. Please advise if you would like me to schedule a meeting for you.

Subject: Speaker Request

Mayor Tom Owings
City of Moreno Valley

I would like to invite you to be the speaker at The Salvation Army's Annual Appreciation Luncheon on **Thursday, June 6 at 12 noon.** This event will be located at the March Field Air Museum. The theme will be National Doughnut Day. For more information check out: http://blog.salvationarmyusa.org/tag/doughnut-lassies/.

The purpose of the event is to: 1) honor & recognize our major donors, community partners & volunteers; 2) install new Advisory Board members; and 3) raise community awareness of our new & existing program & services. Funds raised will help us send 60 local children to summer camp and provide 30 local children with a back-to-school Target shopping spree.

We would like you to speak for about 5-7 minutes. Are you available to be our speaker for this event?

Thank you for your consideration. If you need add'l information please let me know.

Good afternoon Cindy,

I recently spoke to Miceal Kelly who works for the San Bernardino County Office of Education regarding Mayor Tom Owings's interest in supporting AVID at the elementary level. He had mentioned that I should contact you directly to get some more information. I wanted to see if I could schedule a time for you and our Director of Elementary, Shannon McAndrews to talk sometime in the next week? She will be out of the office tomorrow and Friday but will be back in the office Monday. We look forward to hearing from you soon, have a wonderful afternoon!

4/8/13 (cm)

Our Streetlight Solutions program gives municipalities control and ownership of their LS-1 streetlight pole infrastructure and immediately generates net cash savings of 10 to 15% versus current SCE tariffs at no net cost to your city. Our program had been pre-approved by, and acquisition costs are 100% funded through, the California Municipal Finance Authority (CMFA). Only upon owning your streetlight infrastructure can you benefit from deploying new cost saving energy and operational technologies. I have attached a brochure that briefly outlines the Muni-Fed Streetlight Solutions program and some of its benefits.

Over the past two years, my company, Muni-Fed Energy (www.munifedenergy.com), has worked closely with the staff at Moreno Valley Utilities (MVU), Southern California Edison (SCE) and the California Public Utility Commission (CPUC) to develop a program allowing Moreno Valley to purchase their LS-1 streetlights (excluding those on distribution poles) from SCE. Our experience with MVU to date has been excellent, especially with Jeannette Olko and Ahmad Ansari.

At your convenience, I would very much enjoy the opportunity to meet with you to discuss our program further. Please let me know a date that works for you.

Thank you for your consideration. – Phil Bowman

Subject: RE: Meeting with Tom Owings.

Hi Alicia:

Mayor Owings advised that for this meeting he would like to meet with only you and Chief Ontiveros, not a large group of people.

I also left you a voicemail message this afternoon.

Thanks,

Cindy

- Mtg with Alicia Espinosa to hear about her allegations that the Sheriff is utilizing MVPD officers at other locations (RCC, other colleges, etc.)
- Ms. Espinosa will be bringing eight other attendees

Reply-To: "Michael J. Zwirn" <mz2431@verizon.net>

Mr. Owings,

I am wondering if you could give me a call, or let me know when would be a good time for me to either call or meet with you.
I live in your district. The address below in my signature is that of my office.
I am having some difficulty resolving an issue I have with police services in our area of the community.
I know you're a pretty busy fellow, and as this is not a matter of great urgency, I am hoping you could respond sometime within the next several days.

Best wishes,

Michael J. Zwirn

I received calls from Ms. Ammons and Ms. Deveaux from Black Diamond Community Outreach Entertainment Fund Raising Service. They stated they fund raise for foster children, children with autism, community outreach and global ministries. They stated they are holding a fund raiser, which is a gospel music festival, and they asked if you would attend. They also asked if the city would purchase one or two tables. The tickets are $15 for an individual or $150 for a table. Please advise if you would like to attend.

Subject: Conflict Waiver Meeting

Good morning. Thanks for your patience and agreeing to meet with me. I am on the firm's investment committee and was out of the office attending our annual investment conference with our financial advisors in St. George, Utah. After a

day of mountain biking outside of Zion National Park I managed to take a spectacular fall over the handlebars of my bike and dislocated my shoulder. It is back in place now and I am feeling fine. I am available to meet at your convenience. I know you are busy and would be happy to buy you dinner this evening or Wednesday or if you prefer I could come to Moreno Valley and meet you anytime this afternoon, all day Tuesday until 3:00, and Wednesday afternoon. John Brown

Help Bring Meetings to Moreno Valley - USA

We Can Impact Moreno Valley's Economy

Dear Business Owner:

Your investment in Moreno Valley is an important contribution to the economic well-being of our City. As you are aware, community support can make a huge differencein creating a hospitable environment forgroups which are in the process of selecting future destinations. If we work together to make Moreno Valley's reputation more inviting, we can generate hundreds of thousands of dollars in incremental revenue for the City and your property.

As a major stakeholder in the City, I would like to invite you to attend a brainstorming session aimed at creating a strategic partnership to increase business and maintain the March Air Reserve Base (MARB) contract. Possible topics of discussion are:

1. Sunnymead Boulevardcleanup effort
2. Improved communications with March Air Reserve Base (MARB)
3. Formation of a "mini" trade association
4. Hotel occupancy tax
5. Advertising
6. Distribution of promotional material
7. Direct sales
8. Combined City, hotel, and Chambers of Commerce efforts
9. Familiarization tours and other hospitality functions

Other communities have found a collective marketing strategy to reach decision makers is usually more cost effective. Should we have a collective strategy? If so, how can the City help? The meeting will be held:

3 p.m., Monday, June 17, 2013
Conference and Recreation Center
14075 Frederick St.
Alessandro Room

Your business is important and appreciated by the City Council, and I am confident that if we work together to generate incremental income, all parties will benefit.

Please RSVP to Cindy Miller, Executive Assistant to the Mayor and City Council, at 951.413.3006 or cindym@moval.org.

Sincerely,

Tom Owings
Mayor

On May 15, Ms. Morales and her daughter Liana Jordan came to City Hall requesting to meet with Council Member Molina.

Ms. Jardon stated when her parents purchased the property they were not aware that the patio had not been permitted. She stated they received a Citation C06639 for unpermitted patio, landscaping, and inoperable vehicles in public view.

Ms. Jardon stated the patio has since been permitted and the landscaping is fine. She stated James Verdugo, Building Inspector, has confirmed the corrections. She stated Summer Looey, Permit Tech, advised that they made an agreement and still owe $100. Ms. Jardon stated they did not make any agreement.

Ms. Morales stated she is very frustrated and feels they are being singled out. She stated she has met all of the city requirements and the property looks better than the others in the neighborhood. She would like to resolve the matter and requested to meet with Council Member Molina. She stated she is available on Mondays and Thursdays.

Council Member Molina requested Mayor Owings be invited to attend the meeting

Subject: CONFIRMED: Special Meeting of the WRCOG Executive Committee

Good afternoon WRCOG Executive Committee members,

Thank you everyone for your responses to my request for availability to schedule a special meeting of the Executive Committee. As Chairman Hyatt announced at the last Executive Committee meeting, the special meeting date has been confirmed for **Monday, July 15, 2013, at 2:00 p.m.**

The purpose of the meeting is to accept new jurisdictions into the California HERO Program, to hold a Public Hearing for the City of Temple City, and to accept any new jurisdictions that were accepted into the Program on June 14, 2013.

In order to accommodate your respective calendars, we will be providing a teleconference number. If you decide you will be calling in, I do need the address location in which you will be calling in from, as it must be listed in the agenda, and you must post an agenda at your call-in location.

For those of you who would like to attend in person, the meeting will be held here on the 3rd floor in Conference Room C.

If you have any questions, please don't hesitate to contact me.

Sincerely,

Janis L. Leonard

It's with great excitement that the time has finally come for the Grand Openings for Moss Bros. Volkswagen, Moss Bros. Buick GMC and Moss Bros. Chevrolet. I would like to invite you join us for these celebrations.

We are kicking it off with the official Grand Opening ceremonies on Wednesday, July 3rd. In attendance will be the Chambers of Commerce, corporate management from Chevrolet, Buick, GMC, and Volkswagen and employees. The ribbon cutting ceremonies will begin at Moss Bros. Volkswagen at 11:15am, followed by Moss Bros. Buick GMC and Moss Bros. Chevrolet. In celebration of the openings, we will be having a catered BBQ for all those attending.

We will continue the celebration throughout the 4th of July weekend with a carnival themed atmosphere including DJ, catered BBQ, appreciation gifts for current and previous customers, activities for the kids including a bounce house and face painting- a great time for everyone in attendance.

I know how busy your schedule is and I'm hoping that you will be able to attend this great event. I have attached some fun videos of the construction process for your viewing.

Please let me know if you will be attending. Hope to see you there.

Sincerely,

Glenn

Alex Capiz [redacted]

7/8/13: A very frustrated Alex Capiz and Julio Soto requested to meet with the Mayor ASAP. Mr. Soto stated he would like for the Mayor to be aware of how difficult the process has been to secure the permit for the Lumber Liquidators' trash enclosure, and he is asking for the Mayor's assistance to process the permit through staff. Mr. Soto stated he has already spent several thousand dollars on the project; the owner is getting anxious and is considering canceling his contract.

7/3/13: Mr. Capiz owns Interstate Concrete Cutting and Demolition. Mr. Capiz stated he has a contract with Lumber Liquidators on Day Street to demolish their trash enclosure so they can place it in a different area. He stated he received the job six months ago, and since then he has been having problems getting the permits he needs. He stated Lumber Liquidators wants to cancel the contract because it has taken so long to do the job. Mr. Capiz stated Lumber Liquidators' lease is almost up at the shopping center, and they are talking about moving to a different city due to the problems with obtaining permits.

Subject: Ben Clymer's Benevolence Program

Hello Cindy Miller,
My name is Brett Clymer and we have a auto collision repair business in Moreno Valley. We have a Benevolence Car Giveaway program that we do annually for a family in need. We would like to see if we could meet with you and Mayor Tom Owings next week, possibly Wednesday or Thursday. We would like for you to come to the event. It will be in Moreno Valley at 22335 Alessandro Blvd., 92553. It is within a mile of the City and Public Safety building.

At the proposed meeting we can go over the details and show you some information of the past Benevolence Events that we have done. We started doing these events in 2009 at our Riverside facility. We did our first Benevolence Giveaway in Moreno Valley last year August of 2012.

The event will be on September 12th this year. Would you be able to check the Mayor's schedule to see if he would have a couple hours in the middle of the day on September 12th to attend? It would greatly appreciated.

Please let me know if next week will work out for a meeting and we can go over any details and questions in person.

Thank you

Best Regards

Brett Clymer

Subject: Re: INVITATION TO ATTEND THE UPWARD BOUND MATH AND SCIENCE SUMMER SYMPOSIUM AND AWARDS CEREMONY - WEDNESDAY, JULY 31, 2013

On Jul 11, 2013, at 10:33 AM, "Micki.Clowney@mvc.edu" <Micki.Clowney@mvc.edu> wrote:

My name is Micki Poole Clowney. I am the Director for the Moreno Valley College Upward Bound Math and Science (UBMS) Program. UBMS is funded through US Department of Education to work with low income, first generation high school students to strengthen students' skills in science, technology, engineering, and math (STEM).

On June 17, 2013, the Moreno Valley College Upward Bound Math and Science (UBMS) Program launched its inaugural Summer Institute. Over the past few weeks, approximately sixty students from Vista Del Lago High School have participated in this interactive summer program designed to engage students in a variety of interactive hands-on STEM activities. The Summer Institute ends on July 31, 2013.

During the summer experience, UBMS Scholars have the opportunity to work closely with faculty, industry professionals, and other community partners to learn about common core principles in math, science, and literature. Scholars also participate in student development workshops on topics such as financial literacy, college preparation, career planning, and test preparation. Each Friday, scholars participate in unique field experiences visiting the Ocean Institute, the Columbia Memorial Space Museum, and more. So far, we have taken trips to the Palm Springs Aerial Tramway and Mount San Jacinto State Park where students learned about botany, life sciences, plant pathology, and ecosystems. We also visited Lake Perris State Recreation area where students raced boats they designed and made out of cardboard.

On July 31, 2013, we are hosting a dinner and symposium to honor the UBMS Scholars and to allow them to showcase their work to families, local educators, community members, and elected officials. As one of our area's esteemed public service officials, given your passion for educating the next generation and understanding the critical need for preparing students for careers in science, technology, engineering, and math (STEM), we would be honored to have you join us that evening during the awards ceremony. The theme of the program is: ENGAGE AND EMPOWER…STEM "U" LATE YOUR MIND. The UBMS Summer Institute Symposium and Awards Program is scheduled from 6:30pm to 8:30pm in the Theater at Vista Del Lago High School. Dinner will be served in the Commons/Multipurpose Room from 5:30pm to 6:30pm.

If you have any questions or need additional information, please feel free to contact me at (951) 571-6382 or via e-mail at micki.clowney@mvc.edu<mailto:micki.clowney@mvc.edu>.

Thank you. I look forward to seeing you.

RIVERSIDE COUNTY TRANSPORTATION COMMISSION

TUMF AD HOC COMMITTEE
MEETING AGENDA

TIME: **2:00 P.M. – OR DIRECTLY FOLLOWING THE WESTERN RIVERSIDE COUNTY PROGRAMS AND PROJECTS COMMITTEE**

DATE: **Monday, September 23, 2013**

LOCATION: **CONFERENCE ROOM A**
County of Riverside Administrative Center
4080 Lemon Street, Third Floor, Riverside

COMMITTEE MEMBERS

Ella Zanowic, City of Calimesa
Adam Rush, City of Eastvale
Bob Magee, City of Lake Elsinore
Tom Owings, City of Moreno Valley
Daryl Busch, City of Perris
Andrew Kotyuk, City of San Jacinto
Ron Roberts, City of Temecula

RIVERSIDE COUNTY TRANSPORTATION COMMISSION

TUMF AD HOC COMMITTEE

2:00 P.M. OR DIRECTLY
FOLLOWING THE WESTERN RIVERSIDE COUNTY
PROGRAMS AND PROJECTS COMMITTEE
MONDAY, SEPTEMBER 23, 2013

CONFERENCE ROOM A
Riverside County Transportation Commission
4080 Lemon Street, Third Floor, Riverside, 92501

AGENDA

1. **CALL TO ORDER**

2. **TUMF REGIONAL ARTERIAL DEVELOPER REIMBURSEMENT POLICIES**

   Overview

   This item is for the Ad Hoc Committee to discuss and consider potential changes to the reimbursement policy for developer funded TUMF Regional Arterial improvements.

3. **ADJOURNMENT**

AGENDA ITEM 2

RIVERSIDE COUNTY TRANSPORTATION COMMISSION	
DATE:	September 23, 2013
TO:	TUMF Ad Hoc Committee
FROM:	Shirley Medina, Planning and Programming Director Theresia Trevino, Chief Financial Officer John Standiford, Deputy Executive Director
THROUGH:	Anne Mayer, Executive Director
SUBJECT:	TUMF Regional and Arterial Developer Reimbursement Policies

STAFF RECOMMENDATION:

This item is for the Ad Hoc Committee to discuss and consider potential changes to the reimbursement policy for developer funded TUMF Regional Arterial Improvements.

BACKGROUND INFORMATION:

At its September meeting, the Commission approved the formation of a TUMF Ad Hoc Committee to discuss the reimbursement policy for developer funded TUMF Regional Arterial improvements.

Administrative Plan for the
Western Riverside County Transportation Uniform Mitigation Fee (TUMF) Program

Preamble

Future development within Western Riverside County will result in traffic volumes exceeding the capacity of the Regional System of Highways and Arterials (RSHA or Regional System) as it presently exists. The Regional System needs to be expanded to accommodate anticipated future growth; current funds are inadequate to construct the Regional System needed to avoid the unacceptable levels of traffic congestion and related adverse impacts.

The TUMF Program will provide significant additional funds from new development to make improvements to the Regional System, complementing funds generated by Measure A and the Reauthorized Measure A, local transportation fee programs, and other potential funding sources. By establishing a fee on new development in the sub-region, local agencies can establish a mechanism by which developers will effectively contribute their "fair share" toward sustaining the regional transportation system. This is a twenty-five year program and will be influenced by a variety of market factors that could cause a shortfall or surplus in the revenue projections. The TUMF Program shall be reviewed at no less than five-year intervals to ensure the integrity of the Program with the first review occurring in June of 2005. The Program is not designed to be the only source of revenue to construct the identified facilities, and it will be necessary for matching funds from a variety of available sources to be provided.

It is the intent that TUMF requirements may be met by paying cash, building eligible facilities or through public financing, such as Community Facility Districts and Assessment Districts, or private financing vehicles consistent with local jurisdiction policies.

General TUMF Program parameters, definitions and procedures are described in the TUMF Program Ordinance adopted by participating Western Riverside County jurisdictions. The Western Riverside Council of Governments (WRCOG) is designated as the TUMF Program Administrator, and as such will work closely with member jurisdictions, the Riverside County Transportation Commission (RCTC), the Riverside Transit Agency (RTA), and Riverside County Regional Conservation Authority (RCA) to coordinate the TUMF expenditures to maximize the effectiveness of future transportation investments. As the Program Administrator, WRCOG, agrees to indemnify, defend and hold harmless any TUMF Program participant, and its respective agents, officers, members, officials, employees, and attorneys, whose TUMF Ordinance is challenged in court, from and against all claims, liabilities, damages, or costs of any kind whatsoever, including attorneys' fees and court costs; provided, however, that such indemnity and defense shall not extend or apply to challenges alleging procedural defects in the adoption and implementation of the TUMF Ordinance.

"TUMF Administrative Plan" means the Administrative Plan for the Western Riverside County TUMF Program prepared by WRCOG dated March 24, 2003, in substantially the form approved by the WRCOG Executive Committee on April 7, 2003, as may be amended from time to time, provided that, any material amendments to the TUMF Administrative Plan shall be approved by WRCOG Executive Committee."

This Administrative Plan serves as the guideline to implement the TUMF Program and will be amended as needed to address changing conditions over the life of the Program.

MV00253929

I. **Purpose** - The Purpose of this Administrative Plan is to provide those jurisdictions and agencies that are participants in TUMF Program with guidelines and policies for implementation of the TUMF Program. This Administrative Plan specifies implementation and responsibilities for the TUMF Program.

TUMF Program funds may only be used for capital expenditures associated with the Regional System of Highways and Arterials and for capital expenditures for transit system improvements consistent with the TUMF Nexus Study. These purposes include expenditures for the planning, environmental review, engineering and design costs, right of way acquisition, and administrative costs.

II. **Authority** - The TUMF Program applies to those jurisdictions in Western Riverside County (County of Riverside and the Cities of Banning, Calimesa, Canyon Lake, Corona, Eastvale, Hemet, Jurupa Valley, Lake Elsinore, Menifee, Moreno Valley, Murrieta, Norco, Perris, Riverside, San Jacinto, Temecula, Wildomar and the March Joint Powers Authority (JPA) that have adopted and are implementing the TUMF Program Ordinance. The TUMF Program has been developed pursuant to and consistent with authority provided in the requirements of California Government Code Chapter 5 Section 66000-66008 Fees for Development Projects also known as California Assembly Bill 1600 (AB 1600 or the Mitigation Fee Act), which governs the assessment of development impact fees in California. The Mitigation Fee Act requires that all local agencies in California, including cities, counties, and special districts follow three basic rules when instituting impact fees as follows:

A. Establish a nexus or reasonable relationship between the development impact fee's use and the type of project for which the fee is required;
B. The fee must not exceed the project's proportional "fair share" of the proposed improvement; and
C. The fee cannot be used to correct current problems or to make improvements for existing development.

III. **Imposition of and Participation in the TUMF Program** - Participating jurisdictions in Western Riverside County are responsible for collecting the fees on new development within their jurisdictions. To be considered a participant in the TUMF Program a jurisdiction must have an effective date for the TUMF Ordinance of no later than June 1, 2003 and adopt any amendment of the TUMF Ordinance within ninety (90) days of approval by the WRCOG Executive Committee unless otherwise directed by the WRCOG Executive Committee. The local jurisdictions must adopt the Model TUMF Ordinance and any amendments as prepared by WRCOG staff and approved by the WRCOG Executive Committee. Participating jurisdictions shall not modify the Model TUMF Ordinance, except to meet local municipal codes and references. Further, in order to be considered a participating jurisdiction, local jurisdictions shall collect the full TUMF and transmit the fee to WRCOG as provided herein.

Those jurisdictions that have ordinances with an effective date after June 1, 2003, or opt out of the TUMF Program and decide to participate at a later date must remit to WRCOG the amount of TUMF Program revenue for new development that was not collected by the jurisdiction. In order to verify the amount of revenue that would have been collected during the period in which a jurisdiction did not participate, said jurisdiction shall provide WRCOG with an annual report of building permit activity by the land uses identified in the Nexus Study. The remittance of the fee can be accomplished either in a lump sum

MV00253930

or through a separate Memorandum Of Understanding with WRCOG with a repayment schedule. Those jurisdictions that are not considered participants in the TUMF Program shall not be eligible to participate in the TUMF Program or the decision-making processes as more fully described in this document.

Non-participating jurisdictions will be ineligible to vote on any TUMF Program item and to receive their share of an estimated $1.02 billion in local streets and roads funds that will be allocated from the Reauthorized Measure A.

A. **Calculation of the TUMF** - Each participating jurisdiction shall calculate and collect the TUMF for new development projects as outlined in the Fee Calculation Handbook. For residential, the fee is based on the number of units and for non-residential the fee is based on the square footage. This method of calculation may be different from how the local development impact fee is determined.

The TUMF shall be calculated using the most current fee schedule in effect at the time the fee is due. Participating jurisdictions are prohibited from freezing TUMF by such means as "locking" a fee rate by paying a deposit or a portion of the fee prior to the date the fee is due or by entering into a Development Agreement or other agreement with a developer that freezes the fee at a certain level.
Partial Payments or Deposits: WRCOG discourages the use of deposits and partial payments as it will create additional reporting requirements for the jurisdictions and may give the developer the impression that the fees are not subject to change. However, if a jurisdiction allows for deposits or partial payments, it will transmit the partial payment/deposit to WRCOG in accordance with the TUMF ordinance along with a remittance report. In the variance column of the Remittance report, the jurisdiction shall indicate that the fee collected is a portion of the total due. When the balance is paid, the jurisdiction shall calculate the total fee for the project based on the TUMF fee schedule in place at the time the balance is paid and deduct the partial payment against the total. The balance will be transmitted in accordance with the TUMF ordinance and this Administrative Plan. The variance column of the Remittance report shall indicate that the balance is paid. If there is a fee adjustment between the deposit/partial payment and the payment of the balance, the fee that is required to be paid will be based on the most current TUMF fee schedule.

For the purpose of calculating the TUMF obligation for non-residential development the applicable land use category for a non-residential development is determined based on the predominate authorized use of the building or structure permitted by the underlying zoning associated with the new development. Projects could be subject to higher fee if the land use intensifies during the development process from what was originally proposed to the jurisdiction.

B. **Refunds** – Under certain circumstances, such as double payment, expiration of a building permit, or fee miscalculation, an applicant may be entitled to a TUMF refund. In all cases the applicant must promptly submit a refund request with proof of TUMF payment to the local jurisdiction that collected the TUMF. The jurisdiction will forward the request to WRCOG for verification, review and possible action.

1. **Expiration Of Building Permits** - If a building permit should expire, is revoked, or is voluntarily surrendered and is, therefore voided and no construction or improvement of land has commenced, then the applicant may be entitled to a refund of the TUMF collected which was paid as a condition of approval, less administration.

The applicant shall pay the appropriate TUMF in full if he reapplies for the permit.

If a development project is partially under construction at the time of the effective date of the TUMF Ordinance, the TUMF shall be paid only on that portion of the development for which a building permit is next issued.

2. **Double Payments** – on occasion due to a clerical error a developer has paid all or a portion of the required TUMF for project twice. In such cases, a refund of the double payment may be required. If, however, it is determined that the developer paid the fees to the jurisdiction to expedite the project with the intent of entering into a credit agreement at a later time the refund process is different and is more fully described in section VI of this document.

C. **March Joint Powers Authority** - The March JPA shall not have a separate vote at the WRCOG Executive Committee as it has representation by elected officials from the County of Riverside and Cities of Moreno Valley, Perris, and Riverside. The Executive Director of the March JPA shall be a voting member of the WRCOG TAC for TUMF Program items only. The March JPA is a unique partner in the TUMF Program in that it has land use authority and therefore will need to adopt and implement the TUMF Program in the same manner as the cities and county.

IV. **Allocation of Funds** – After the administrative costs and MSHCP are allocated (as specified in Section IX herein), TUMF funds shall be distributed in accordance with WRCOG Executive Committee actions, the Nexus Study, this Administrative Plan and any future amendments thereto.

A. **Allocation to Regional Transit Improvements** - Of the TUMF funds received by WRCOG, 1.64% shall be allocated to the RTA for making regional transit improvements.

B. **Allocation to Regionally Significant Transportation Improvements** - Of the TUMF funds received by WRCOG, 46.39% shall be allocated to the RCTC for programming improvements to the arterials of regional significance on the Regional System of Highways and Arterials.

C. **Allocation to Zones** - Of the TUMF funds received by WRCOG, 46.39% shall be allocated to the five Zones for programming improvements to the Regional System of Highways and Arterials as determined by the respective Zone Committees. The amount of TUMF funds allocated to each Zone shall be proportionate to the amount of TUMF revenue generated from the zone.

MV00253932

D. **Allocation to Mitigate TUMF Construction Projects** – Of the TUMF funds received by WRCOG, 1.59% shall be allocated to the RCA to purchase habitat for the MSHCP, to mitigate the impacts of TUMF construction projects.

V. **Administration of the Program** - WRCOG shall administer the TUMF Program as described in the enabling Ordinance adopted by participating jurisdictions and further defined in this Administrative Plan.

VI. **Administration of Credits** – The TUMF Ordinance has a provision that if a developer constructs a TUMF facility he will receive credit against the TUMF obligation for the project improvements. Typically, major infrastructure, such as rail grade separations, interchanges, transit projects, etc., is constructed by the local jurisdiction rather than the developer, and involves multiple parties. As such, this section makes the distinction between credit agreements for major infrastructure with the local jurisdictions and the standard arterial improvements with developers. Each jurisdiction shall be responsible for the administration of TUMF credit agreements. Each jurisdiction shall transmit all TUMF credit agreements to WRCOG within 60 days of execution by that jurisdiction. WRCOG may administer credit agreements upon written request from that jurisdiction. Fee credit shall be in accordance with the following:

A. **Developer Credits** -

1. If a developer, as a requirement of the Conditions of Approval, constructs improvements identified on the RSHA, the developer is entitled to a TUMF credit up to 100% of the TUMF obligation, if the developer follows the requirements outlined in Exhibit "B" of the Administrative Plan. The developer shall enter into a credit agreement that will identify the maximum TUMF credit, which is determined by the most current unit cost assumptions for the RSHA, or actual costs, whichever is less. TUMF credit shall be determined based on approved improvement plans and after conditions of approval have been determined. The credit agreement at a minimum shall identify the facility, the dimensions of the facility, number of lanes and applicable unit costs used to deliver the improvements. The unit costs shall be based on the fee in effect at the time the agreement is approved and the maximum TUMF value for the facility (ies) on the RSHA and shall remained fixed through the completion of the project/improvement(s) identified in the agreement.

2. **Credits** – Prior to receiving any credit or payment of fees, a written credit agreement shall be executed between the jurisdiction and the developer. A jurisdiction may not allow a developer to pay the TUMF obligation and at a later date enter into a credit agreement with the expectation of receiving a refund. Parties that operate outside the policy outlined in this section and Exhibit "B" shall experience delays, sometimes significant, and possible denials in reimbursement for the project which is dependent on the transportation improvement program of projects.

3. **Credit for Right-of-Way (ROW) Dedication** – A developer may receive credit for dedication of ROW for RSHA improvements. This section addresses the crediting of ROW dedications that are not part of construction projects. The ROW component in the current Nexus Study determines the maximum share of credit available. An appraisal is

MV00253933

required to determine the value of the ROW being dedicated. One of the following methods determines the appraisal of the ROW:

a. The developer provides to the jurisdiction a current appraisal (no more than two years old), of the ROW to be dedicated. The jurisdiction reviews it and determines if the appraisal is valid and acceptable; or

b. The developer accepts the appraisal of the jurisdiction.

4. Any improvement made to the RSHA that is obligated through an existing fee district (prior to June 1, 2003) shall not be eligible for TUMF credit.

5. Should it be determined that a jurisdiction granted credits exceeding the maximum TUMF credit, that jurisdiction shall provide WRCOG payment in the amount equal to the excess credit amount.

6. Any project that is exempt from the fee is not entitled to fee credits or reimbursement.

B. Use of Credit by Developer – All TUMF credit shall be used first by the developer to offset the TUMF obligation for the project.

1. Credits may not be transferred or sold to other development projects.

2. Developers must exhaust all credits before they are eligible for reimbursements. Any reimbursement shall be made only in accordance with a reimbursement agreement as provided in Section VIII, hereof.

3. Credits shall run with the sale of the land.

C. Local Development Impact Fees and other funding programs - The local jurisdiction shall compare facilities in local fee programs against the RSHA and eliminate any overlap in its local fee program.

1. New Financing Districts and Bond Issues:
For a financing district created or bonds or other evidence of indebtedness issued on or after June 1, 2003, the local jurisdiction may allow a property owner, in lieu of the payment of TUMF to participate in such a financing district and receive credit against the TUMF obligation if the district is funding the following facilities: (i) a Regionally Significant Transportation Improvement, as defined as those facilities that typically are proposed to have six lanes at build out and extend between multiple jurisdictions, or discrete useable segment thereof, as determined by WRCOG, (ii) any interchange on an interstate or state highway with an estimated construction cost of twenty-two million dollars ($22,000,000) or more, (iii) any railroad crossing with an estimated construction cost of more than ten million dollars ($10,000,000), and (iv) any bridge located on a regionally significant arterial as defined in (i) of this section.

MV00253934

1. Prior to and in lieu of payment of TUMF under this Section VI.B. the local jurisdiction must do all of the following:

   (a) Sell bonds within 3 years in an amount sufficient to construct the improvement for which the financing district is created;
   (b) Receive written approval from the WRCOG Executive Director, or designee; and
   (c) In the event that a local jurisdiction is unable to satisfy the requirements of section I (a), above, the local jurisdiction may still excuse the payment of bonds if the local jurisdiction enters into an agreement with WRCOG in which it commits to pay the full amount of any excused Fee, plus interest at the average rate earned by WRCOG over the past twelve months, in the event that the bonds may be extended up to an additional 5 years with the approval of the WRCOG Executive Committee.

2. If a local jurisdiction proposes to issue a credit in lieu of requiring the payment of TUMF as provided in this Section VI.B, then the jurisdiction shall enter into an MOU with WRCOG, and provide reasonable information to account for the credit.
3. If credit is issued in lieu of requiring the payment of TUMF as provided in this Section VI.C, then the jurisdiction shall be responsible for construction of the improvements and those improvements shall not be eligible for TUMF Program prioritization or funding.
4. As used in this section, a financing district means a community facilities district, a local road and bridge district, or an assessment district.
5. Where there is an existing financing district or an existing fee program established prior to June 1, 2003, with bonded indebtedness, then the local jurisdiction may credit payment of the TUMF for that portion of the facility identified in both programs. Notwithstanding the previous sentence, a local jurisdiction shall not issue a TUMF credit for any facilities for which bonds have been issued after February 4, 2008, regardless of when the financing district was first created.
6. Any dispute regarding this implementation of this Section VI.B. may be appealed by the local jurisdiction to the WRCOG Executive Committee for a final determination.
7. This Section VI.C is not intended to impact the administration of credits under Section VI.A. of the Administrative Plan.

VII. Administration of Reimbursements - Local jurisdictions/agencies and developers are eligible for reimbursement for construction of TUMF facilities. The processes for local agencies is different than for landowners/developers; the processes are described below:

1. Developer Reimbursements: Each jurisdiction shall be responsible for the administration of reimbursement agreements (Exhibit "D" of the credit

MV00253935

agreement). WRCOG may administer reimbursement agreements upon written request from the jurisdiction.

Should a developer construct RSHA improvements in excess of the TUMF obligation the developer may be reimbursed for eligible expenses based on actual costs or the approved unit cost assumptions, whichever is less at the time of the agreement. Reimbursements shall be made through an agreement between the developer, and the local jurisdiction, and contingent upon funds being available. In all cases reimbursements under such agreements must coincide with construction of the transportation improvements as scheduled in the five year Transportation Improvement Program (TIP) adopted annually by WRCOG.

The developer may enter into a reimbursement agreement with the jurisdiction to reimburse the developer/owner for the direct and verifiable costs of constructing improvements to the RSHA when all of the following conditions have been met:

a. All available credits have been exhausted;
b. The improvements received prior approval from the jurisdiction and WRCOG based on the review of the TUMF project priority list; and
c. The jurisdiction and WRCOG have reviewed and approved the scope of the project to be constructed.

In no event shall the developer be reimbursed for improvements to the RSHA in excess of the most current approved unit cost assumptions for the TUMF at the time of the agreement.

A development that is exempt from paying the TUMF is not eligible for a reimbursement.

2. **Local Jurisdictions/Agencies:** Local jurisdictions are exempt from paying TUMF, as such, there is no credit given for projects constructed by a local jurisdiction, however, the contribution to the RSHA may be considerable. In such cases where a local jurisdiction constructs TUMF facilities it is eligible for reimbursement for eligible expenses, up to the maximum share identified in the Nexus Study or actual cost whichever is less, in accordance with the prioritization schedule in the adopted Transportation Improvement Program.

Local jurisdictions are required to enter into a reimbursement agreement with WRCOG in order to be eligible to receive TUMF revenue.

VIII. Administrative Responsibilities

A. **Program Administration** - As set forth in Section II, WRCOG is designated as the TUMF Program Administrator. As Administrator, WRCOG shall receive all fees generated from the TUMF as collected by local jurisdictions. WRCOG shall invest, account for and expend such fees in accordance with the TUMF Ordinance and applicable state laws.

For jurisdictions that are not participating in the TUMF Program, the representative for that jurisdiction shall not be eligible to vote on any matter

related to the TUMF Program that goes before the WRCOG TAC and WRCOG Executive Committee.

1. **The WRCOG Executive Director** - Reporting to the WRCOG Executive Committee, the Executive Director shall be responsible for the following TUMF Program activities:

    a. Administration of the TUMF Program, including development of credit and reimbursement agreements, fee collection process and processing Program appeals;
    b. Conduct an audit to report on the evidence that the collection and expenditure of funds collected is in accordance with the Mitigation Fee Act. The audit shall be presented to the WRCOG Executive Committee and made available to the public;
    c. Establishment and management of the "TUMF Program Trust Fund" for the purposes of depositing TUMF revenues and income interest earned on Trust Fund deposits;
    d. Preparation of an Annual Report for consideration by the WRCOG Executive Committee detailing the status of the TUMF Program including but not limited to fees collected and disseminated, capital projects planned for, prioritized, and built;
    e. Preparation of periodic comprehensive TUMF Program review and required by the California Mitigation Fee Act. The review of the TUMF Program will include a review of the various Nexus Study inputs and assumptions, and preparation of recommendations on potential TUMF Program revisions for consideration by the WRCOG Executive Committee. Such reviews and updates may include, but are not limited to recommended fee adjustments based on changes in the facilities required to be constructed, and revenues received pursuant to the Ordinance;
    f. Preparation of technical studies/analysis required to select and prioritize Regionally Significant Arterial projects;
    g. Development of a 10-year Strategic Plan that identifies long term planning goals and objectives for implementation of the TUMF Program;
    h. Development of a five-year TIP that identifies projects that are scheduled and funded for construction over a specified period of time and is reviewed on an annual basis;
    i. Staff support to and coordination with each of the TUMF Zone Committees as necessary;
    j. Other related activities as directed by the WRCOG Executive Committee;
    k. Approve Zone and RTA TIP Administrative Amendments; and
    l. Execute amendments to TUMF reimbursement agreements.

2. **The WRCOG Executive Committee** - The WRCOG Executive Committee shall be responsible for reviewing and acting on the following:

    a. Recommendations for project selection and prioritization of the Regionally Significant Arterials, 10-year Strategic Plan, and the TIP;

MV00253937

b. Review and consider recommendations on projects from the Public Works Committee (PWC) and WRCOG TAC;
c. The approval of the TUMF Program Administrative Plan and any subsequent amendments thereto;
d. Recommend changes to the Ordinance for consideration by participating jurisdictions; and
e. Review and take action on reimbursement agreements.

In developing recommendations on Regionally Significant Arterials for consideration by the WRCOG Executive Committee, WRCOG staff and the Committee structure shall work with RCTC to coordinate compatibility with Measure A project priorities and schedules of area transportation improvements. WRCOG staff and the WRCOG Executive Committee shall also work with WRCOG jurisdictions and each Zone Committee for the same purposes.

For jurisdictions that are not participating in the TUMF Program, the WRCOG Executive Committee representative for that jurisdiction shall not be eligible to vote on any matter related to the TUMF that goes before the WRCOG Executive Committee.

3. **The WRCOG Technical Advisory Committee** - The WRCOG TAC shall review and make recommendations to the WRCOG Executive Committee on the following:

a. Program updates and reviews and all supporting technical documentation;
b. Revisions to the Administration Plan, 10-Year Strategic Plan, Fee Calculation Handbook and any other Program document;
c. Ordinance revisions;
d. Annual fee adjustments; and
e. Reimbursement Agreements.

The WRCOG TAC shall also provide additional assistance to the TUMF Program as requested by the WRCOG Executive Committee. For jurisdictions that are not participating in the TUMF Program, the WRCOG TAC representative for that jurisdiction shall not be eligible to vote on any matter related to the TUMF Program that goes before the WRCOG Executive Committee.

4. **The Public Works Committee/TUMF PWC** - The PWC shall be comprised of the Public Works Director or designee from each participating jurisdiction of WRCOG, RCTC, RTA and WRCOG and shall be responsible for the following:

a. Provide technical assistance and guidance for program updates;
b. Developing objective criteria for project selection and prioritization including but not limited to the following factors: traffic safety issues potentially created by growth, regional significance, availability of matching funds, mitigation of congestion created by new development, system continuity, geographic balance, project

MV00253938

readiness, and completed projects with reimbursement agreements;

c. Provide additional assistance to the TUMF Program as requested by the WRCOG Executive Committee, RCTC and/or the WRCOG TAC;
d. Prepare the 10-Year Strategic Plan;
e. Prepare the 5-Year TIP, which will be reviewed annually and amended every two years;
f. Review and recommend the RCTC Regional Arterial TUMF Program of Projects; to the WRCOG TAC, WRCOG Executive Committee and RCTC;
g. Select a lead agency for each of the projects in the TIP;
h. Review Annual Report prepared by WRCOG;
i. Review and revise the RSHA as may be necessary (at a minimum every 5 years); and
j. Review and revise Unit Cost Assumptions to the RSHA as may be necessary (at a minimum every 5 years).

B. Regional Arterial Administration - RCTC through an MOU with WRCOG (effective October 1, 2008) is the responsible agency for programming and delivering the Regionally Significant Arterials designed under Measure A and defined in the Nexus Study. WRCOG and RCTC have established a committee structure that incorporates the Public Works Directors, City Managers the WRCOG Executive Committee, and the RCTC Board for the development, review and approval of the Regional Arterial TUMF Program of projects.

1. **The RCTC Executive Director** - The Executive Director shall be responsible for the following TUMF Program activities:

   a. Establishment and management of the "TUMF Program Trust Fund" for the purposes of depositing TUMF revenues and income interest earned on Trust Fund deposits;
   b. Development of the RCTC Regional Arterial TUMF Program that identifies projects that are scheduled and funded for construction over a specified period of time and is reviewed on an annual basis;
   c. Staff support to and coordination with the TUMF Committees as necessary; and
   d. Other related activities as directed by the RCTC Board.

2. **The Riverside County Transportation Commission** - RCTC shall be responsible for reviewing and acting on recommendations for project selection and prioritization of the RCTC Regional Arterial TUMF Program. RCTC shall review and consider recommendations on the RCTC Regional Arterial TUMF Program project on TUMF Regional Arterial projects from the TUMF Public Works Committee, WRCOG TAC and WRCOG Executive Committee.

C. Zone Administration - Each Zone shall establish a committee structure, similar to Exhibit "A", for the purpose of preparing a Zone Transportation Improvement Program (TIP) with the TUMF revenue that has been returned to the Zone and

MV00253939

develop policies that impact the Zone, such as how to close a funding shortfall in the Zone. The Executive Committee has determined that the 5-Year TIP shall be balanced to the most reasonable extent possible and that program shortfalls will need to be closed or projects could be reduced or eliminated from the TIP. The Zone shall be responsible for prioritization of projects, selection of the lead agency for each project, and to review all the projects for consistency within the Zone.

All Zones shall approve their TIP by consensus and forward their recommendations to Executive Committee for review and approval to ensure compatibility with the other Zones and the 10-Year Strategic Plan.

Zone dollars are to be allocated by the Zone Committee only and cannot be utilized or borrowed for projects located outside the zone unless such projects are: 1) proposed and approved by the Zone Committee and have a direct benefit to the Zone and 2) it is consistent with the Nexus Study. In furtherance of this Section VIII.B, each Zone shall abide by the Guidelines set forth in Exhibit "C".

The Riverside County Transportation Improvement Plan approved by Riverside County voters on November 5, 2002 states "Funding which is not allocated to a city or county because it is not a participant in the TUMF Program in the Coachella Valley area and the TUMF and MSHCP in the Western County area shall be allocated to the Regional Arterial Program in the geographic area in which the city or portion of the county is located".

Each City and a portion of the unincorporated area of Riverside County are assigned to each of the zones. The five Zones are as follows:

1. Northwest Zone – The Cities of Corona, Eastvale, Jurupa Valley, Norco, Riverside and the County of Riverside, and the March JPA;

2. Southwest Zone – The Cities of Canyon Lake, Lake Elsinore, Murrieta, Temecula, Wildomar and the County of Riverside;

3. Central Zone – The Cities of Menifee, Moreno Valley and Perris, and the County of Riverside, and the March JPA;

4. Pass Zone – The Cities of Banning and Calimesa, and the County of Riverside; and

5. Hemet/San Jacinto Zone – The Cities of Hemet and San Jacinto and the County of Riverside.

D. Local Administration - As described in the TUMF Ordinance, participating jurisdictions are responsible for collecting the TUMF. Fees collected and a corresponding Remittance Report are required to be transmitted to the Executive Director of WRCOG. In accordance with the TUMF Ordinance and the Mitigation Fee Act, WRCOG shall deposit, invest, and expend the transmitted fees. Participating jurisdictions are required to transmit reports as set forth below to WRCOG which will include, but not be limited to the following information regarding the TUMF Program status.

MV00253940

1. **Monthly Remittance Reports** – Participating jurisdictions are required to submit the standard Remittance Reports to WRCOG by the tenth (10th) day of the month end for the previous month's activity, for example; June's Remittance report is due July 10. The report shall contain information necessary for WRCOG to determine the total amount of fees collected within each fee category as it relates to the number of building permits, certificates of occupancy, or final inspections issued during the same period of time. Remittance reports are required even when no fees have been collected, and will show building permits or certificates of occupancy have been issued. In addition the participating jurisdiction shall provide WRCOG the following information: the name of the developer or payee, project address, APN, total square feet, credits issued, and such other information as requested by WRCOG. This information will assist WRCOG in tracking new development, total revenue received and revenue projections for purposes of Program audits and program updates.

2. **Remittance Delays** - If a participating jurisdiction does not transmit the fees along with a corresponding Remittance Report by the tenth (10th) day of the close of the month for the previous month in which fees were collected, the following fiscal policy shall be applied:

   On the eleventh (11th) day after the close of the month WRCOG staff shall notify, in writing, the delinquent jurisdiction of the delinquency and request that said jurisdiction remit by the fifteenth (15th), the fees and the required Remittance Report;

   If fees and Remittance Report have not been received, by the fifteenth (15th) day, WRCOG staff will invoice the jurisdiction for the approximate amount owed plus interest and penalties which is calculated at the current interest rate earned by the Riverside County Investment Pool plus thirty-five basis parts beginning from the first day of the month following the closing of the month being reported;

   WRCOG staff will continue this notification until sixty (60) days after the close of the month. At which time, WRCOG will determine if an audit is necessary of the jurisdiction's TUMF account, general ledger and any other financial data. If an audit is conducted, WRCOG will investigate the amount owed and the cause of delay. Upon completion of the audit, WRCOG staff shall make any recommendations to resolve any outstanding issues; and

   If an audit is required due to reporting and remittance irregularities, the jurisdiction shall incur the cost of the audit.

E. **Riverside Transit Agency** – In accordance with the Nexus Study 1.64% of funds received will be made available to the RTA to make capital facilities improvements for transit purposes as identified in the Nexus Study. The RTA

MV00253941

shall provide a report to the WRCOG Executive Committee each year, which has been reviewed by the technical committees, detailing its expenditures of TUMF Program funds received, as well as future commitments for transit facilities using TUMF Program revenues as determined by the RTA Board of Directors.

IX. **Administrative Costs.** The TUMF Ordinance authorizes WRCOG to expend funds generated from TUMF that are necessary and reasonable to carry out its responsibilities to implement the Program. The WRCOG Executive Committee adopted a series of policies that clarify the expenditure and retention of program funds for the Administration of the Program and they are as follows:

1. WRCOG will retain no more than one percent (1%) of the total TUMF Program revenue for administration salaries and benefits;
2. Administration costs will be budgeted at whatever is reasonable and necessary, but not to exceed four percent (4%) of the TUMF revenues collected (inclusive of the one percent administrative salaries and benefit cap) unless otherwise directed by the Executive Committee.
3. Beginning July 1, 2006, WRCOG will take the administrative component from the revenue collected based on the total fee obligation inclusive of executed credit agreements.
4. Beginning July 1, 2006, all CFD's, SCIP and other financing mechanisms will pay the maximum (4%) administrative component in cash to WRCOG. When the administrative component is less than 4% then the surplus revenue will be allocated in accordance to their adopted percentages to the Multi-species Habitat Conservation Plan, RCTC, RTA and the Zones.
5. For refunds, whether it is because the project is no longer going forward or expiration of building permits (where no construction has commenced), the applicant is entitled to a refund less the administrative component. Refunds will be processed based on available cash and will not take precedence over the projects identified as funded on the approved TIP. Refunds will however take precedence over the addition of new projects to the TIP.

X. **Appeals.** Appeals shall only be made in accordance with the provisions of this Section X.

A. **Persons or Entities Who Having Standing to Appeal.** No person or entity shall have standing to avail themselves of this Section X, except those persons or individuals who are responsible for paying the TUMF and have an unresolved appealable issue or matter.

B. **Appealable Issues and Matters.** No issue or matter shall be heard or reviewed under this Section X unless the issue or matter is appealable. An issue or matter is appealable, if a qualified person or entity ("Appellant") has a good-faith dispute directly related to Appellant's Property ("TUMF Dispute") regarding (i) the amount of Appellant's TUMF obligation; (ii) the administration of TUMF Credits; (iii) exemption of Appellant's property from the TUMF Program; or (iv) administration of TUMF reimbursements.

C. **Appeal Process.**

1. If a qualified person or entity has a TUMF Dispute, he or she shall first attempt to resolve the dispute informally with the staff of the local jurisdiction. If the TUMF Dispute remains unresolved after a reasonable attempt to address it at the local level, the qualified person or entity may submit a written appeal to the appropriate department of the local jurisdiction. The written appeal shall thoroughly identify the TUMF Dispute. If the staff of the local jurisdiction determines the issue or matter is not a TUMF Dispute, the written appeal shall be rejected. Staff's decision shall be provided in writing to the Appellant. In such cases, if the Appellant desires further review from the Board of Supervisors/City Council of the affected local jurisdiction, the Appellant must submit a written request for review to the Clerk of the Board/City Council within five (5) days of receiving staff's written decision. The decision of the Board/City Council shall be forwarded to the WRCOG Executive Committee in the same manner set forth in Paragraph 3 of this Section.
2. If the written appeal identifies a TUMF Dispute, the Appellant and staff from the local jurisdiction shall attempt to resolve the issue within thirty (30) days of the local jurisdiction's receipt of the appeal. At the request of the local jurisdiction, or on its own accord, WRCOG staff may also participate in such discussions. At the conclusion of the thirty (30) day period, staff of the local jurisdiction shall render a written decision on the appeal.
3. The issue or matter shall be heard by the Board of Supervisors/City Council of the affected local jurisdiction; provided, the Appellant submits a written request for further review to the Clerk of the Board/City Council within five (5) days of Appellant's receipt of the local jurisdiction's written decision regarding the Appellant's appeal. The Board/City Council shall forward its written decision to WRCOG for review and concurrence. If the WRCOG Executive Committee disagrees with the decision of the City Council/Board of Supervisors the WRCOG Executive Committee shall determine a proper course of action and notify the jurisdiction of its findings.

XI. **Arbitration.** When there is a dispute among the Zone members that cannot be resolved and prevents the adoption of a project prioritization schedule, the matter shall be forwarded to the WRCOG TAC and WRCOG Executive Committee for a determination. Once the WRCOG Executive Committee takes action on the issue the decision is final.

If there is a dispute at the WRCOG Executive Committee level regarding project prioritization of a specific project(s) and a consensus cannot be reached, that project shall be tabled until such time as new information is presented and the matter can be resolved.

XII. **TUMF Program Amendments.** WRCOG shall undertake a review of all components of the TUMF Program in accordance with AB 1600 and other applicable laws, and, if necessary, recommend Program amendments and/or adjustments. Amendments to the Administrative Plan will be subject to the approval of the WRCOG Executive Committee. Amendments required to the TUMF Program Ordinance shall be approved by each participating jurisdiction, acting on recommendations provided by the WRCOG Executive

MV00253943

Committee. The review shall consider whether future administration costs to participating jurisdictions are needed.

1. **TUMF Network Revisions**: The TUMF Network is reviewed and revised at regular Nexus updates, with minor adjustments such as name changes, distances, and other errors that may be found from time to time occurring on a more frequent basis. However, there could be instances when certain assumptions were made during a Nexus Update that did not come to fruition that should be addressed. The primary cause is when a new city is incorporated and inherits the TUMF Network, which may not reflect the new jurisdiction's General Plan or priorities; another example is if a jurisdiction needs to "trade" a facility on the Network due to a rapid change in development patterns that should not wait for the normal revision cycle.

   For new cities there would be an opportunity to review the TUMF Network with WRCOG staff to ensure that the Network identifies their priorities and allows them to make recommendations and to have the ability to swap out facilities. Any revision request must meet the criteria to be on the Network before the PWC will consider the request.

   Jurisdictions that are not part of the above mentioned group that need to swap out facilities, must justify the swap by demonstrating that it provides continued regional circulation, meets the criteria to be on the TUMF Network, and does not provide an advantage to a specific land-use, community, developer/project for the purposes of TUMF credits or reimbursements. These jurisdictions must also demonstrate that the impacts mitigated in the swapped facilities are substantially similar to those impacts that would have been mitigated in the abandoned facilities.

   This process is intended to be applied on an annual basis during interim years between revisions to the TUMF Nexus Study that would inherently include a revision to the TUMF Network. The deadline to submit any revision is June 30th. The focus of this process is the ability to shift projects on the TUMF Network with the intent to incur minimal fiscal impacts to the Program fee and Nexus determination, rather than adding new projects that would have a far more significant effect on the Program fee and therefore would be more appropriately addressed during the regular Nexus Study reviews. The exception to this policy is the ability for newly incorporated cities to request new additions during the initial cycle of this adjustment process to ensure appropriate facilities are designated to address their individual city's needs.

   The process requires the jurisdiction to submit a written justification of the requested TUMF Network facility shift. Elements to be addressed in the written justification should include an explanation of the rationale for the proposed facility shift specifically explaining why the facility should be addressed as part of the TUMF Program and cannot be addressed as part of an equivalent local program, and verification that the proposed shift in facility does not unduly favor or disadvantage a specific developer or development interest. Proximity to areas of significant recent development activity (i.e. shifts in development patterns resulting in changes in transportation system impacts to be mitigated) and the net cost differential to the program following the facility adjustment are key elements

to be addressed in the written justification. The written justification must also demonstrate that the impacts mitigated in the proposed facility shift are substantially similar to those impacts that would have been mitigated in the abandoned facilities.

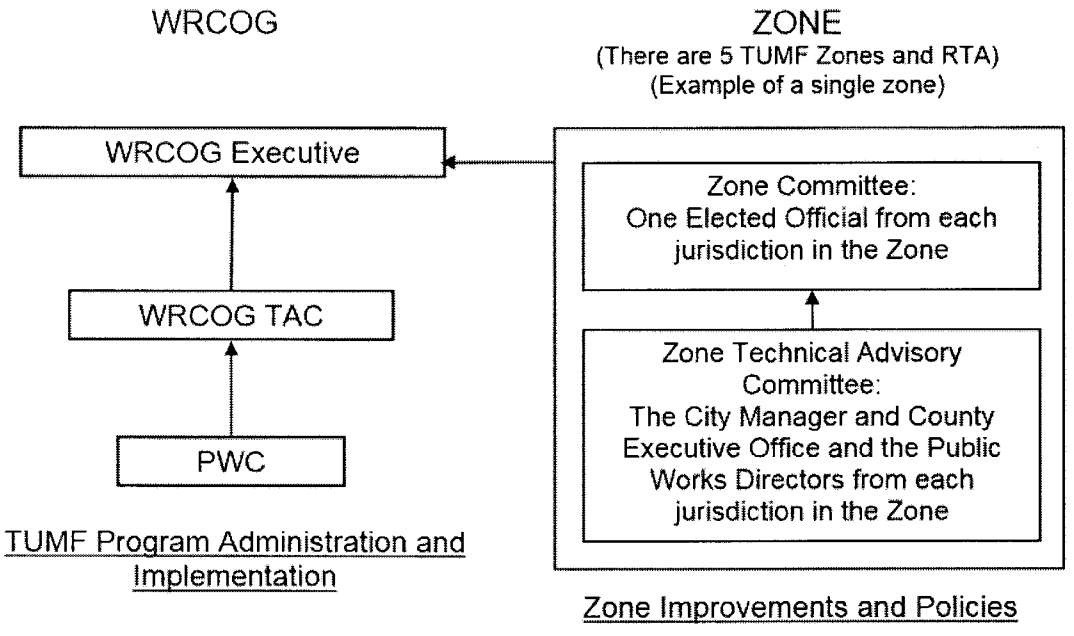
The existing criteria contained in the TUMF Nexus Study for identifying facilities to be included in the TUMF Network was refined for the purposes of evaluating requests for TUMF Network Amendments. All requested Network adjustments will be evaluated and scored using a point system based on key performance indicators consistent with the existing criteria contained in the TUMF Nexus Study. The scoring criteria is "Exhibit D" of this Plan. Only facilities defined in a participating jurisdiction's General Plan Circulation Element (or equivalent document) as an arterial highway facility with a minimum four (4) lanes at build-out will be evaluated for inclusion in the TUMF Network.

XIII. **CEQA.** The TUMF Program currently is a financing mechanism dependent on future actions of the WRCOG Executive Committee for improvements to the RSHA. WRCOG and its associated committees will be prioritizing and scheduling improvements on the RSHA, as such, the appropriate environmental documentation, shall be completed before a project can commence construction.

The TUMF Program was developed to mitigate the cumulative impacts of future growth on the RSHA. It was not developed to mitigate project-specific traffic impacts. Accordingly the program does not relieve any development project of the responsibility to mitigate project-specific impacts identified in the environmental analysis prepared for the project. When a development project is required to construct RSHA facilities as project-specific mitigation, it shall be eligible for credit and or reimbursement.

EXHIBIT "A"

TUMF Decision Making Process



MV00253946

EXHIBIT "B"

TUMF Credit / Reimbursement Eligibility Process

1. Prior to the construction of any TUMF Improvement, Developer shall follow the steps listed below:

   a. Prepare a separate bid package for the TUMF Improvements.
   b. The plans, cost estimate, specifications and contract document shall require all contractors to pay prevailing wages and to comply with applicable provisions of the Labor Code, Government Code, and Public Contract Code relating to Public Works Projects.
   c. Bids shall be obtained and processed in accordance with the formal public works bidding requirements of the City/County.
   d. The contract(s) for the construction of TUMF Improvements shall be awarded to the lowest responsible bidder(s) for the construction of such facilities in accordance with the City's/County's requirements and guidelines.
   e. Contractor(s) shall be required to provide proof of insurance coverage throughout the duration of the construction.

2. Prior to the determination and application of any Credit pursuant to a TUMF Improvement and Credit Agreement executed between City/County and Developer ("Agreement"), Developer shall provide the City/County and WRCOG with the following:

   a. Copies of all information listed under Item 1 above.
   b. Surety Bond, Letter of Credit, or other form of security permitted under the Agreement and acceptable to the City/County and WRCOG, guaranteeing the construction of all applicable TUMF Improvements.

3. Prior to the City's/County's acceptance of any completed TUMF Improvement, and in order to initiate the construction cost verification process, the Developer shall comply with the requirements as set forth in Sections 7, 14.3 and 14.4 of the Agreement, and the following conditions shall also be satisfied:

   a. Developer shall have completed the construction of all TUMF Improvements in accordance with the approved Plans and Specifications.
   b. Developer shall have satisfied the City's/County's inspection punch list.
   c. After final inspection and approval of the completed TUMF Improvements, the City/County shall have provided the Developer a final inspection release letter.
   d. City/County shall have filed a Notice of Completion with respect to the TUMF Improvements pursuant to Section 3093 of the Civil Code with the County Recorder's Office, and provided a copy of filed Notice of Completion to WRCOG.
   e. Developer shall have provided City/County a copy of the As-Built plans for the TUMF Improvements.
   f. Developer shall have provided City/County copies of all permits or agreements that may have been required by various resource/regulatory agencies for construction, operation and maintenance of any TUMF Improvements.
   g. Developer shall have submitted a documentation package to the City/County to determine the final cost of the TUMF Improvements, which shall include at a minimum, the following documents related to the TUMF Improvements:

MV00253947

i. Plans, specifications, and Developer's Civil Engineer's cost estimates; or Engineer's Report showing the cost estimates.
ii. Contracts/agreements, insurance certificates and change orders with each vendor or contractor.
iii. Invoices from all vendors and service providers.
iv. Copies of cancelled checks, front and back, for payments made to contractors, vendors and service providers.
v. Final lien releases from each contractor and vendor (unconditional waiver and release).
vi. Certified contract workers payroll for City/County verification of compliance with prevailing wages.
vii. A total cost summary, in spreadsheet format (MS Excel is preferred) and on disk, showing a breakdown of the total costs incurred. The summary should include for each item claimed the check number, cost, invoice numbers, and name of payee. See attached sample for details.

4. The amount of the development credit shall not exceed the maximum amount determined by the most current unit cost assumptions for the RSHA in the adopted Nexus Study, or actual costs whichever is less. This shall be known as the maximum credit. The maximum TUMF credit shall be determined based on an approved Improvement Plan and after the Conditions of Approval have been determined.

EXHIBIT "C"

Guidelines for the Administration of the Programmed Projects in the Zone's Adopted 5-Year TIP

Once each Zone's 5-Year Transportation Improvement Program (TIP) is adopted by the WRCOG Executive Committee, said TIPs shall be incorporated into and governed by these guidelines, the Administrative Plan, and 10-Year Strategic Plan in accordance with AB 1600. Annually, WRCOG staff meets with the Zone Technical Advisory Committees to review the status of all programmed projects on the 5-Year TIPs and bring the subsequent project adjustment requests to the Zone Committees for approval. The goals of the annual review process are as follows: (i) to update project cost estimates; (ii) to review project status; (iii) to determine the continued viability of projects; (iv) review the backlog of reimbursement projects;(v) to address local jurisdiction issues; and (vi) address compliance with AB 1600.

Adjustments:

In accordance with the 10-Year Strategic Plan and the original reimbursement agreement entered into with the lead jurisdiction, all approved projects' funding and schedules are directly tied to critical milestones. As such, requests to change a project's funding or schedule shall necessitate an amendment to the original agreement and the adopted TIP.
Annual 5-Year TIP adjustments could include, but are not limited to:

- Scope of work reductions or additions;
- Project or phase delays;
- Project or phase cancellations;
- New shelf-ready network projects being added as replacement projects;
- Project or phase advances; and
- Request to transfer funding beyond a programmed project's limits within a Zone.

Levels of Approval:

A. Zone Committee/WRCOG Executive Committee

The following shall be approved by the Zone Committee and adopted by the WRCOG Executive Committee as required in the Administrative Plan:

1. Annual updates to the Zone TIP.

2. Requests to increase total TUMF funding allocations to projects in the Zone TIP. These requests may be made by the local jurisdiction administratively outside of the annual TIP update cycles if deemed necessary by one of the Zone participating jurisdictions and WRCOG management due to unforeseen circumstances that necessitate immediate action. Such unforeseen circumstances shall include, but not be limited to, higher than expected bid prices, Might want to give more examples] WRCOG staff will obtain action from the Zone Committee in these cases either by calling for a Special Zone Committee meeting or through individual consultation.

MV00253949

3. Administrative requests to advance funds or adjust project schedules on TIP approved projects, upon the recommendation of the Public Works Committee. Such advancements are subject to:

   - Jurisdiction's proof of readiness to move forward with project, and
   - Zone's current cash flow can support the advancement or change.

B. WRCOG Executive Director

The WRCOG Executive Director shall be responsible for the review and approval of the following changes to an approved Zone TIP, including the review and approval of any agreements, for:

1. Change in Lead Jurisdiction, with the written consent of the transferring and accepting Lead Jurisdiction.

2. Cancellation of project upon request of the local jurisdiction. In the event of cancellation, all funds shall revert to the Zone TIP Trust account.

3. Approval of final completion of the project. Upon notification from the Jurisdiction that the Project has been completed, all unused funds programmed for that Project shall revert to the Zone TIP Trust account.

4. All other administrative requests, upon consultation with the Public Works Committee.

C. Public Works Committee

The Public Works Committee shall be responsible for the review and approval of the following:

1. Requests to move funds within project categories (environmental, design, etc.) administratively, contingent upon participating jurisdiction's certification of viability of all phases.

2. Provide recommendations to the WRCOG Executive Director on any other requests that are deemed administrative in nature by the Director.

All administrative adjustments will be submitted to the WRCOG Executive Committee as part of the next Annual Review Report for final adoption.

D. Obligating Programmed Funds

The TUMF Program has established the policy that construction projects take priority and therefore WRCOG limits the obligation of TUMF dollars. WRCOG has two options by which to obligate TUMF. In both options, steps 1, 2 and 3 (Option A) or 6 (Option B) must be completed by the local jurisdiction to ensure TUMF funding can be made available for use on an eligible project. Since TUMF project funds are generally obligated on a first come first served basis, failure to follow the prescribed steps for either option may preclude a project sponsor from receiving TUMF payments for completed work until sufficient funds are available to be obligated.

Option A:
Funding for a project programmed on Zone 5-Year TIPs is not considered obligated by WRCOG until certain steps outlined below have been accomplished by the local jurisdiction.

1. Ensure that funding for the project phase is **programmed in the current year** of an adopted 5-Year TIP.
2. Ensure that there is a **signed (executed) reimbursement agreement** that matches the funding amount with the funding amount of the project phase in the adopted TIP.
3. Submit **an invoice for TUMF eligible work** prior to the end of the fiscal year to obligate the project phase funding. At the time of submitting the first invoice, the project sponsor will be required to submit all necessary supporting documentation (not previously submitted) in accordance with the provisions of the reimbursement agreement.
4. WRCOG will obligate the entire phase of the project if there is available revenue at the time the invoice is submitted.

Option B:
Funding for a project programmed on Zone 5-Year TIPs is not considered obligated by WRCOG until the steps outlined below have been accomplished by the local jurisdiction.

1. Ensure that funding for the project phase is **programmed in the current year** of an adopted 5-Year TIP.
2. Ensure that there is a **signed (executed) reimbursement agreement** that matches the funding amount with the funding amount of the project phase in the adopted TIP.
3. Send WRCOG a letter of **notice of intent** to issue RFP, solicit bids, make offer to purchase ROW or other similar action to verify that sufficient funding is available and that funds are obligated and reserved exclusively for the particular project phase.
4. Receive a **notice of obligation** from WRCOG within fourteen working days of receipt of the notice of intent confirming the amount of funding that is obligated and reserved exclusively for the particular project phase. Alternatively, the project sponsor will receive a notice of deferred obligation if WRCOG determines that insufficient funds are currently available for the project phase to be obligated.
5. Award the project and execute a contract within four months of receipt of the notice of obligation from WRCOG and send a letter of **confirmation of award** to WRCOG including evidence of a Board/Council action relating to the project award and contract execution.
6. Commence project work and submit the **first invoice** for payment within nine months of receipt of letter of obligation by WRCOG to preserve fund obligation. At the time of submitting the first invoice, the project sponsor will be required to submit all necessary supporting documentation (not previously submitted) in accordance with the provisions of the reimbursement agreement.

If a contract has not been executed within four months of receipt of the notice of obligation from WRCOG (step 5), there will be a review of the project status. Based on the review of project status, WRCOG will either:

i. extend the fund obligation for up to a total of nine months from the notice of obligation if the project sponsor can demonstrate a realistic expectation that the project will be awarded and a confirmation of award can be provided to WRCOG within that time frame; or
ii. de-obligate the funds.

Similarly, if the first invoice has not been submitted to WRCOG within nine months of receipt of the letter of obligation (step 6), there will be a review of the project status. Based on the review of project status, WRCOG will either:

i. extend the fund obligation for up to an additional nine months if the project sponsor can demonstrate a realistic expectation that the project work will commence and a first invoice is submitted within that time frame; or
ii. de-obligate the funds.

E. Programming the Cost Assumption's 10 Percent Contingency

The TUMF Program has established the policy allowing local jurisdictions the ability to choose how to apply the available 10 percent Contingency costs historically assigned to the construction phase of a project when it is programmed on a TUMF 5-Year Transportation Improvement Program (TIP). The Contingency fund is 10 percent of the sum of the new lane, right-of-way, bridge, interchange, and railroad costs.

Under this new policy, some jurisdictions may opt to continue applying the 10 percent Contingency to the construction costs, while others may choose to apply a portion of the 10 percent Contingency to help defray their administrative costs incurred during the planning and engineering phase delivery.

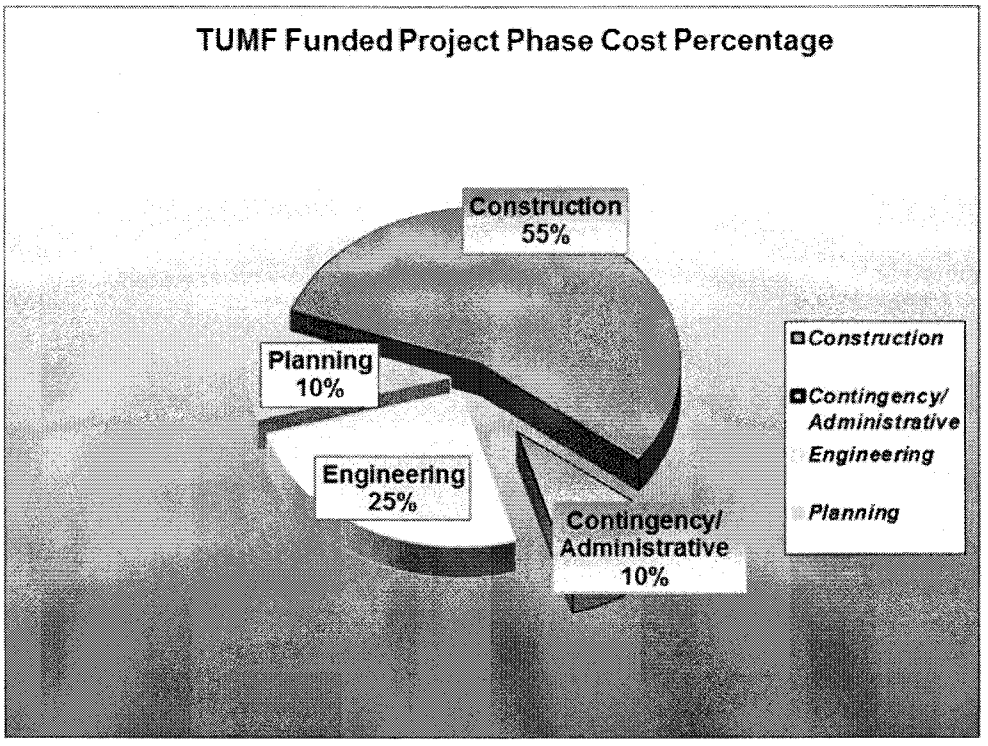
Since currently programmed construction funds already reflect the eligible 10 percent Contingency, the policy only applies to those projects that have not obligated or received payments on their construction phases.

For those jurisdictions who wish to recapture administrative costs of ongoing projects programmed on the TIP that do not involve an obligated construction phase, up to 10 percent of each of the programmed planning and engineering phases would be eligible for administrative costs and would be deducted from the available 10 percent contingency (leaving the remaining balance to be applied to construction costs or construction administration costs.)

Scenario –

Construction costs	= $1,000,000	
Contingency	= $ 100,000	(or 10%)
Planning costs	= $ 100,000	
Engineering costs	= $ 250,000	
Admin costs (PA&ED)	= $ 10,000	(or 10% of $100k)
Admin costs (ENG)	= $ 25,000	(or 10% of $250k)
Balance Contingency	= $ 65,000	(for construction admin or contingency costs)

MV00253952



Jurisdictions may apply a portion or all of the available 10 percent Contingency to reimburse accrued administration costs for all three phases by requesting the amount to be programmed as a separate line item on the TIP during a biennial TIP review or amendment as any other project adjustment.

All existing and future reimbursement agreements, cost estimates, and scopes of work will need to be amended to include specific language covering the jurisdiction's individual contingency use option.

EXHIBIT "D"

The following table summarizes the criteria, evaluation thresholds and point values for evaluating TUMF Network adjustment requests for approval. For each evaluation measure, the maximum point value has been highlighted in **bold** font for easy reference.

Criteria	Evaluation Thresholds	Points
Minimum number of lanes at build-out	Less than 4 lanes	not eligible
	4 or 5 lanes	5
	6 or more lanes	**15**
Jurisdictions served	1 jurisdiction	0
	2 jurisdictions	5
	3 or more jurisdictions	**10**
Future forecast traffic volumes	Less than 20,000 vehicles per day	0
	20,000 to 24,999 vehicles per day	5
	25,000 to 29,999 vehicles per day	10
	30,000 to 34,999 vehicles per day	15
	35,000 to 39,999 vehicles per day	20
	40,000 or more vehicles per day	**25**

Subject: FW: Jose Godoy & Anthony Godoy

Hi Juliene,

I just learned that the Godoy brothers began the formal complaint process on September 04, 2013 by completing a Citizen's Complaint form and submitting it to the Sheriff's Department. Sgt. Fellows is the designated investigator and will make contact with one or both of them today to introduce himself. I just spoke with Jose Godoy and explained that he would be contacted by a Sergeant to discuss his complaint. At this point, the matter is in the able hands of Sgt. Fellows. In the near future, he will schedule interviews with each of the Godoy's to obtain their statements about the incident they are complaining about. The investigation will be conducted per Sheriff's Department policy and the Godoy's will receive a letter in the mail informing them of the final outcome of the investigation. This information may be helpful to CM Gutierrez if he plans to meet with the Godoy's.

Thanks,

Joel

Anthony and Jose Godoy are brothers who reside at 15429 Gemstone, in District 4. They requested to meet with the Mayor (prior to the District 4 rep being appointed) to discuss an incident with the Police Department. The Godoy's stated the police department was looking for suspect and entered their home. The Godoy's stated they advised the police officer there was no suspect in their home. They allege the police officer abused his authority when he entered their home, the officer did not leave when asked to leave, and the officer arrested Anthony Godoy for obstruction of an officer.

Chairman Busch, Vice Chairman Ashley, Commission Members,

It's that time of year again! We are starting to fund raise for our 9th annual Holiday Harvest. The way this year is flying by it will be here before you know it. Last year we served 259 residents from our shelters here at March!

Please help us raise the funds for this event that is so appreciated by our shelter residents. Also, please mark your calendars for **Sunday, November 24th** to help serve the food. We always appreciate the tremendous turn out we get from most of you on this very special day.

Thank you!

Lori

HUMAN
RIGHTS
CAMPAIGN

CITY COUNCIL
MORENO VALLEY
RECEIVED
13 JUL 11 PM 4:27

Office of Tom Owings
14177 Frederick Street
Moreno Valley, CA 92553

July 1, 2013

Dear Mayor Owings,

I am writing to invite you to participate in the Human Rights Campaign's Municipal Equality Index. The Human Rights Campaign (HRC) is the largest civil rights organization working to achieve equality for lesbian, gay, bisexual and transgender (LGBT) Americans. Now in its second year, the Municipal Equality Index (MEI) is the first nationwide evaluation of municipal laws affecting the LGBT community. In 2013, the MEI will expand its scope by scoring 291 municipalities, more than double the number assessed in our first publication.

HRC has been inspired by the large number of cities with scores that have increased since 2012. These rising scores mean that cities are acting to adopt new ordinances and policies to protect their LGBT citizens. **You are receiving this letter because Moreno Valley, CA has been selected as one of the cities to be rated in the 2013 MEI.** HRC has already conducted preliminary research on each of the cities selected, but we would like to confirm our research with you and extend to you an opportunity to correct or refute any point upon which you believe we are in error. The preliminary scorecard for your city is enclosed, as well as an explanation of the scoring system.

This year, are again rating the cities we rated in 2012 – the fifty state capitals, the fifty largest U.S. cities, and those cities with a large percentage of same sex couples – as well as cities that fall into three new criteria: the three largest cities in each state, the 50 to 150 largest U.S. cities, and the city with the largest university in each state.

Looking to the future, HRC's upcoming 2014 index will increase the number of cities scored and more strictly apply the standards of the forty seven assessment criteria used in our current scorecard. We will also be making trans-inclusive health benefits standard (not bonus) points. Each of these changes aims to more accurately identify local benefits and protections available to the LGBT community, focusing on availability as well as whether cities provide adequate notice to residents of a particular service. This change recognizes that even the best programming will fail to make a difference if the target community does not know to take advantage of it.

HUMAN RIGHTS CAMPAIGN | 1640 RHODE ISLAND AVE., N.W., WASHINGTON, D.C. 20036
P 202-628-4160 | *F* 202-423-2861 | HRC@HRC.ORG

HUMAN
RIGHTS
CAMPAIGN®

If you have any corrections to make to your city's scorecard please contact me by email at cathryn.oakley@hrc.org or by telephone at (202) 572-8974. I am also happy to answer questions about the scoring process or how your city may improve its score before the 2013 MEI. In order for me to incorporate your feedback into the final publication, **I ask that I receive your revisions by July 29, 2013.** Please be sure to include documentation for any portion of the score which you would like to be amended.

Thank you for your participation.

Sincerely,

Cathryn M. Oakley

Explanation of Scoring in 2013 Municipal Equality Index

The maximum possible score for the Municipal Equality Index (MEI) is 100 points: there are 100 standard points on the scorecard, plus an additional 20 bonus points. However, no city will score higher than 100 points. Bonus points are awarded for items that are commendable but for which, at this time, it would not be reasonable to hold all cities accountable – therefore, cities with these services are awarded points, and cities without them are not penalized. Points fall into one of the following six categories:

I. **Non-Discrimination Laws – 18 points.** Points are awarded if there is a non-discrimination law (state or local) that applies to the municipality's constituents; if both a state and local law exist this will be reflected on the scorecard but the city will only receive points once (this is one of the ways that the MEI neutralizes the influence of state-level legislation and focuses on work the *city* has done). A city is awarded three points for protections based on sexual orientation, and three more for protections based on gender identity, in each of the following three categories: employment, housing, and public accommodations.

II. **Relationship Recognition – 12 points.** Because this is an evaluation of municipalities, not states, and marriage is a state-level policy, this section is weighted so that an equal number of points are awarded for marriage (or other state relationship recognition) and municipal domestic partner registries. There are also two bonus points available if a city had a form of relationship recognition that was subsequently preempted by state action.

III. **Municipality as Employer – 26 points.** This section is the most heavily weighted because it is an area in which almost every municipality will have extensive control and the power to do much good. This category includes employee protections from discrimination on the basis of sexual orientation and gender identity, equal benefits ordinances, contractor non-discrimination policies, and equality in employee benefits. It also includes bonus points for transgender-inclusive health care benefits and for a city's "grossing up" to ameliorate the increased federal tax burden imposed on the benefits of a domestic partner. While these two categories are bonus in this year's MEI, they will be incorporated into the standard 100 points in future years. Further, bonus points are awarded where the municipality creates a welcoming place for LGBT employees to work; this is measured by whether it has an LGBT employee affinity group, makes a specific effort to recruit LGBT employees or offers diversity training to its employees.

IV. **Municipality's Services and Programs – 18 points.** This section assesses the efforts of the city to include LGBT constituents in city services and programs. Points are awarded for the existence of: a Human Rights Commission or similar program (even if that Commission does not currently do work

MV00253992

HUMAN
RIGHTS
CAMPAIGN®

related to LGBT equality) whose purpose is to identify and eliminate discrimination in the city; an LGBT liaison or task force in the Mayor's office; and for an enumerated policy (at state or local level) prohibiting bullying in schools. Bonus points are awarded where the municipality offers services to vulnerable LGBT populations (such as youth, the elderly, homeless, and HIV+).

V. **Municipality as Law Enforcement – 18 points.** Here a city can earn points in one of two categories: whether it reports its hate crimes statistics to the FBI, and whether the police force has an LGBT liaison or task force. Partial credit will also be awarded if the entire police force underwent LGBT-specific sensitivity training.

VI. **Municipality's Relationship with the LGBT Community – 8 points.** This category measures the commitment of the city to include the LGBT community and to advocate for equality. It is a category which values efforts – even small or unsuccessful efforts – to advance LGBT equality, and it particularly rewards city leadership that pushes for equality in the face of substantial adversity. Points are awarded for city resolutions or mayoral declarations in opposition to bad state or federal policy, for example.

Finally, this section also includes two opportunities to earn bonus points: first, bonus points will be awarded if there are openly LGBT people holding elected or appointed office in the municipality; second, points will be awarded for active engagement with LGBT constituents through participation in Pride or partnership with LGBT advocacy groups to serve the LGBT community.

If you have any questions about the scoring system or any feedback to offer about the preliminary research, please contact Cathryn Oakley at cathryn.oakley@hrc.org or at (202) 572-8974. The Human Rights Campaign sincerely appreciates your assistance in ensuring that the MEI reflects complete and correct data, and hopes you find the Municipal Equality Index to be a helpful tool. Should you have suggestions for how to improve the MEI in coming years, please send those suggestions to Cathryn as well.

10/29/13: Confirmed meeting with Raymond Wang [redacted] (jc)

Reference CRM # MV-16068-P8D0

10/23/13 - from email by Chief Ontiveros:
Deputy Chico is handling this case and is working with the detective bureau in trying to track down the ex-tenants, who are the alleged suspects. Mr. Wang does not have a forwarding address for the ex-tenants, so it is going to take a little work. On another note, the Burglary Suppression Team is currently investigating a previous burglary that Mr. Wang reported, so he should be reassured that we are fully investigating all of his calls for service. I would encourage Mr. Wang to contact the police department directly in the future if he has concerns about the progress of any investigations he is involved in. If he does not feel he is getting satisfaction from the deputy, he should ask to speak to a sergeant. We are very accommodating and have no problem answering questions about anything we can legally discuss. In any event, contacting us directly is the most expedient way for him to get answers to his questions.

Sgt. Bright spoke with Mr. Wang and advised him we are still conducting follow-up on the MV132810119 case. He also explained that we referred MV121420129 to BST and are taking another look at the case. Sgt. Bright told him he would contact him on Monday when he returned to work to provide an update to the investigations. Mr. Wang was very appreciative and said he looked forward to speaking to Sgt. Bright in the future. We will continue to work with Mr. Wang to resolve his cases.

Issue Description: Please investigate Mr. Wang's complaint on behalf of Mayor Owings and Council Member Gutierrez, contact Mr. Wang, and advise the outcome. Mr. Wang stated he owns several rental properties in Moreno Valley. He requested to meet with the Mayor to discuss his concerns regarding the Police Department's responses to past and recent complaints. Mr. Wang recently evicted a tenant from one of his properties located at 24512 Beal Ave. (District 4). He stated the tenant stole $3,000 of fencing material and a stove. He stated a neighbor witnessed the former tenant breaking into the property. He stated the former tenant resides with two blocks of the Beal property. He stated he has filed a police report – MV132810119. He stated in the past he felt that PD did not pursue his complaints, and he is concerned they are not addressing his most recent complaint.

Subject: Sheriff's Academy Graduation - Invitation

Good afternoon,

The graduation ceremony for the will be held on November 21, 2013 at 6:00 PM. The ceremony will be held at The Grove Community Church located at 19900 Grove Community Dr., Riverside, CA 92508.

I'd like to invite you to attend this special event and watch as newly minted peace officers are sworn in. The ceremonies are impressive and reflective of the sacrifices made by both the academy recruits and their families during six months of arduous training. Recruits from several agencies will receive their badge of office during the ceremony. Hundreds of family members and supporters will be present, but don't worry, there is plenty of seating available. I look forward to seeing you there!

Subject: Raymond Wang [redacted]

Tom/Yxstian:

Mr. Wang stated he owns several rental properties in Moreno Valley. He requested to meet with the Mayor to discuss his concerns regarding the Police Department's responses to past and recent complaints.

Mr. Wang recently evicted a tenant from one of his properties located at 24512 Beal Ave. (District 4). He stated the tenant stole $3,000 of fencing material and a stove. He stated a neighbor witnessed the former tenant breaking into the property. He stated the former tenant resides with two blocks of the Beal property. He stated he has filed a police report – MV132810119. He stated in the past he felt that PD did not pursue his complaints, and he is concerned they are not addressing his most recent complaint.

Please advise if you would like to meet with Mr. Wang. A CRM has been initiated. I'll also provide Mr. Wang contact information for PD's Crime Free Multi-Housing Program.

Thanks,

Cindy

Filling a City Council Vacancy: Representation for Everyone Now
By Victoria Baca

The editors of the Press-Enterprise have opined that voters, and not council members, should have selected the individual to fill the vacant 4th District seat on the Moreno Valley City Council (*"Let City Voters Fill Vacant Council Seat"*, Aug. 26). But that course of action would have required far too much sacrifice by residents, and would have hindered the City's ability to tackle pressing issues facing the 4th District.

To fill this Council vacancy, the City had the following 4 options:

1) Appoint someone to serve out the remainder of the unexpired term, until December 9, 2014. The Council's decision to do so provided immediate and consistent representation for the residents of District 4 for the next 15 months.

2) Call a special election to fill the vacancy, leaving the seat open for 8 months. The earliest date to hold a special election would have been April 8, 2014. The individual elected would serve only the remaining 7 months of the unexpired term, while subjecting voters to two Council elections within a period of just 6 months and an additional cost of $50,000.

3) A hybrid of the above options: appoint someone to fill the vacancy for the 7 months until a special election next April, with the individual elected serving only 7 months of the unexpired term. This could result in District 4 being represented by as many as 4 different Council Members in less than a year and a half, with added election costs.

4) Take no action. In this case, the vacancy would be filled by election on April 8, 2014 and the individual elected to office would serve the remaining 7 months of the term. Like option 2, this would have cost taxpayers $50,000 while leaving District 4 residents without representation for a total of 8 months.

I am a fierce advocate for voters' rights. As noted by the P-E, I supported the recent successful campaign to have the school district board vacancy filled by election and not appointment.

So why would I vote to fill a Council vacancy by appointment in lieu of an election?

The answer is representation. The residents of City Council District 4 deserve consistent representation now and should not have to wait until April of 2014.

How is a decision to appoint to fill a City Council vacancy different than doing so for a school board seat?

Council Members represent Districts; more than 39,000 of our residents had no Council representative during the vacancy. School board members are elected at-large, serving all residents. A vacancy on the school board does not leave anyone unrepresented.

District 4 has interests and issues that are different than other areas, including the recent siting of large, job-producing businesses within the area. These residents deserve to have a Council representative now…someone who lives in their neighborhood and is familiar with the qualities that make the southern part of our City unique.

Lastly, while I applaud the P-E advocating for "a credible unbiased selection process," the paper doesn't have a strong track record for understanding our voters. The paper consistently endorses candidates who are subsequently rejected by Moreno Valley residents….in the last two elections alone the P-E's endorsed candidates were 0 for 5. They couldn't be more out of touch with our community.

It's time to get on with business in MoVal, and I stand by my vote to fill the vacant 4th District seat.

Baca is the Moreno Valley City Councilwoman Representing District 5

Subject: Email virus warning

There is a serious virus circulating the Internet that everyone should be aware of. The CryptoLocker virus infects computers by enticing you to open attachments to phony emails that look like they are from well-respected organizations like the Better Business Bureau, FedEx, or UPS. If you click on the attachment, a message will pop up telling you that your files are being encrypted and if you don't pay $300 within 96 hours you will not be able to unencrypt the files. The message is true. The only way to get your files back is to restore them from a previously saved copy.

Technology Services email security has been very effective in blocking these types of attachments but this virus warrants an extra warning to be vigilant about email attachments. If you receive an email with an attachment from FedEx, UPS, the Better Business Bureau or any other company that you are not expecting, be very aware of how you treat the email. Do not click on the attachment. Usually, FedEx and UPS send shipping notifications in the body of the email; they do not send attachments.

The best defense against this virus at home is to make sure you have up to date antivirus software, don't open emails or attachments from someone you don't know or aren't expecting, and regularly backup your data. Thank you for your increased vigilance with email attachments.

This e-mail was sent to all employees with the permission of the City Manager's Office.

Filling a City Council Vacancy: Representation for Everyone Now
By Victoria Baca

The editors of the Press-Enterprise have opined that voters, and not council members, should have selected the individual to fill the vacant 4th District seat on the Moreno Valley City Council (*"Let City Voters Fill Vacant Council Seat"*, Aug. 26). But that course of action would have required far too much sacrifice by residents, and would have hindered the City's ability to tackle pressing issues facing the 4th District.

To fill this Council vacancy, the City had the following 4 options:

1) Appoint someone to serve out the remainder of the unexpired term, until December 9, 2014. The Council's decision to do so provided immediate and consistent representation for the residents of District 4 for the next 15 months.

2) Call a special election to fill the vacancy, leaving the seat open for 8 months. The earliest date to hold a special election would have been April 8, 2014. The individual elected would serve only the remaining 7 months of the unexpired term, while subjecting voters to two Council elections within a period of just 6 months and an additional cost of $50,000.

3) A hybrid of the above options: appoint someone to fill the vacancy for the 7 months until a special election next April, with the individual elected serving only 7 months of the unexpired term. This could result in District 4 being represented by as many as 4 different Council Members in less than a year and a half, with added election costs.

4) Take no action. In this case, the vacancy would be filled by election on April 8, 2014 and the individual elected to office would serve the remaining 7 months of the term. Like option 2, this would have cost taxpayers $50,000 while leaving District 4 residents without representation for a total of 8 months.

I am a fierce advocate for voters' rights. As noted by the P-E, I supported the recent successful campaign to have the school district board vacancy filled by election and not appointment.

So why would I vote to fill a Council vacancy by appointment in lieu of an election?

The answer is representation. The residents of City Council District 4 deserve consistent representation now and should not have to wait until April of 2014.

How is a decision to appoint to fill a City Council vacancy different than doing so for a school board seat?

Council Members represent Districts; more than 39,000 of our residents had no Council representative during the vacancy. School board members are elected at-large, serving all residents. A vacancy on the school board does not leave anyone unrepresented.

District 4 has interests and issues that are different than other areas, including the recent siting of large, job-producing businesses within the area. These residents deserve to have a Council representative now…someone who lives in their neighborhood and is familiar with the qualities that make the southern part of our City unique.

Lastly, while I applaud the P-E advocating for "a credible unbiased selection process," the paper doesn't have a strong track record for understanding our voters. The paper consistently endorses candidates who are subsequently rejected by Moreno Valley residents….in the last two elections alone the P-E's endorsed candidates were 0 for 5. They couldn't be more out of touch with our community.

It's time to get on with business in MoVal, and I stand by my vote to fill the vacant 4th District seat.

Baca is the Moreno Valley City Councilwoman Representing District 5

[redacted]

Good morning! I am Tom Owings, Council Member for District 3, here to give you an update on the latest happenings at City Hall.

* * * SCAG Sustainability Planning Grant

The City has been awarded a grant of approximately $150,000 in planning services for the Nason Street Corridor Plan. The Plan will create a transportation corridor that improves mobility for pedestrians, bicyclists and public transit while maintaining traffic flows and reducing traffic conflicts on Nason.

* * * Fall Events

Artober Fest is this Saturday

The City is celebrating our 6th Artober Fest this Saturday from 10 to 5 at the Conference & Rec Center. Come out and experience the talent of Moreno Valley's artists, who excel at photography, painting, sculpture, and jewelry making. A food & beer garden will be available and we'll also enjoy musical performances and poetry readings.

Haunted House and Youth Fall Festival this Weekend and Halloween

- A special, SCARY CLOWN-themed Haunted House will be held at the Cottonwood Golf Center this Friday and Saturday and on Halloween from 6:00to 10:00 for those who dare.

MV00254547

- Along with the Haunted House, the City is holding a Youth Fall Festival this Friday and on Halloween, also at the Cottonwood Golf Center from 6:00 to 8:00. Children up to 12 years will enjoy fall-themed games and activities with optional entrance into the Haunted House.
- MoVal Movies has returned! This Saturday, residents are invited to enjoy "Hotel Transylvania" at 6:00 at the Conference and Rec Center.

Craft Faire

We're looking forward to the Arts Commission's first Craft Faire on November 16 at the Senior Center.

Veterans Day Recognition

Please plan to join us on Veterans Day when we recognize our community's service men and women! We'll be holding the City's event at the Veterans Memorial on Monday, November 11, at 3:30 p.m. The keynote speaker is Retired Brigadier General James Melin, who led the 452nd Air Mobility Wing at March Air Reserve Base from 2006 to 2010.

The program includes a wreath-laying ceremony and a proclamation naming Moreno Valley as a Purple Heart City, among other patriotic activities. The Valley View High School Band and Moreno Valley Master Chorale are scheduled perform. We're also hosting a small reception to encourage attendees to meet and share their stories.

Incident Description

Moreno Valley firefighters were called to the scene of a reported residential structure fire at 25201 Sugar Hill Road. Upon arrival firefighters found a single story, single family dwelling with light smoke showing from the attic area. Firefighters quickly initiated an interior fire attack. Firefighters quickly contained the fire to the attic area above the kitchen with no extension to the living space of the dwelling.

Subject: Pastor Mark - Festival Update [redacted]

Tom,

Pastor Mark stated staff and the City Yard have been very helpful. He stated Fire was okay with the plan Ahmad submitted. He stated they will have security on both sides of the street, and there will be parking at the church. He stated he is working on getting the Certificate of Insurance and the permit for the generators for lighting and jumpers. He stated he met with Dean Ristow, and he wanted to know where the stage will be. Pastor Mark stated there will be an ADA Porta-Potty. He stated he got the sign, and staff is okay with it. He stated flyers are going to the schools so kids will be made aware of the event.

Subject: Medical Aid call at Vista Heights Middle School

Good morning,

As you know, we experienced the tragic death of a student yesterday at Vista Heights Middle School. The victim has been identified as 11 year-old Elijah Allen. Although life-saving efforts were attempted by both first responders, and later hospital staff, the young man succumbed to unknown injuries or illness. An autopsy was completed today, but no immediate cause of death was determined. Several additional tests, including toxicology, will be conducted and a determination as to cause and manner of death will be made by the Coroner's Office at a later date.

MVPD detectives are investigating this incident. At the moment, foul play is not suspected or alleged.

Subject: Planning Commission - 10/24/13

Dear City Council:

Tomorrow night's Planning Commission meeting includes two items related a master plan for Saint Christopher's Catholic Church, located at the southeast corner of Perris Boulevard and Cottonwood Avenue. The master plan includes several phases, including new and expanded buildings.

The project is potentially controversial due to neighbor concerns related to parking, traffic, drainage and past activities on portions of the site. Neighbors to the south on Saint Christopher's Lane have concerns regarding existing traffic and parking issues on Sundays and holidays. They are also concerned about past grading that may have blocked drainage and resulted in flooding in and adjacent to the street. The proposed project would include a drainage basin at the end of Saint Christopher's Lane in its first phase, which should address the drainage issue. Additional parking and access to Cottonwood Avenue, also in the first phase, will address, but not eliminate parking and traffic issues. Parking and traffic issues on the street are also being addressed by the Police Department and Public Works Department, as follow up to a previous neighborhood meeting.

The neighbor to the east (Pete Bleckert) has concerns related to drainage issues that may have been caused by prior grading activities. The drainage basin should address this issue. He has also expressed concerns with parking near his property and light trespass from vehicles. The additional parking areas to the east will be required to provide a shrub row to screen vehicle lights from the adjacent property.

Staff anticipates that several neighbors will attend the meeting to express their concerns to the Planning Commission.

This e-mail is provided as a notification should you receive any contacts in advance of the meeting. Please let me know if you have any questions.

Sincerely,

John

Subject: FW: Heroes with Heart nomination - Dep. Richard Dixon
Attachments: Dixon- TIP Heroes with Heart Nomination Form 2013.doc

Good afternoon,

Attached you will find the award nomination for MVPD Deputy Richard Dixon. The annual Trauma Intervention Program "Heroes with Heart, Top Cop" award was created in memory of fallen Riverside County Deputy Sheriff Kent Hintergardt. Deputy Hintergardt was murdered in the line of duty while handling a domestic dispute in May 1993. The award is given to a law enforcement officer who has gone beyond the call of duty and shown extraordinary care and compassion for citizens in crisis. I am extremely proud to inform you that Moreno Valley SET Gang Deputy Richard Dixon has been selected as the 11th annual recipient of this prestigious award. I will work with Kandace to get this on the special presentation calendar for an upcoming council meeting.

MVPD has the honor of displaying the perpetual trophy for the next year. Please take a moment to read the compelling award nomination attached.

Thanks,

Joel

Captiain,

Attached is the nomination for Deputy Dixon for the "Heroes with Heart" program. If approved, I will forward the nomination off to the organization. Sgt. Kent completed the nomination and I reviewed it.

Eric

Lieutenant Eric Hernandez
Moreno Valley Police Department
Special Enforcement Team
[redacted]

"Heroes With Heart"

NOMINATION FORM

Your Nominee should have shown extraordinary caring & compassion for citizen(s) in crisis.

Your Nominee's Name: Richard Dixon

Nominee's Title & Agency: Deputy / Moreno Valley Police (Riverside Sheriff)

(Example: Firefighter, Nurse, Deputy, Officer)

Date of Event: Various times throughout 2013

Your Name & Title: Aaron Kent / Sergeant

Your Phone Number: [redacted]

Please describe in detail the event for which your Nominee is being nominated:

Deputy Dixon is currently assigned to the gang unit after being a school resource officer in the city of Moreno Valley. As a school resource officer Deputy Dixon observed children come to school with tattered clothes. Deputy Dixon knew this affected the child's self-esteem and increased their susceptibility for recruitment by local gangs for money and support. In an effort to keep children from seeking financial assistance and emotional support through gang membership, Deputy Dixon would help the child get clothes from lost and found or buy the child clothes with his own money.

When Deputy Dixon was assigned to the gang unit he saw children of gang members growing up in poverty and not having food or clothes. The parents or older siblings would tell the child the police were at the residence to arrest the family and not to help them. Deputy Dixon would arrest a member of the family a majority of the times as they were gang households. However, prior to leaving the residence Dixon would show the children that he was there to help them as well as arrest a family member who violated the law.

Over the last eighteen months, Deputy Dixon located a Catholic church that was willing to provide food donations and local stores (Stater Brothers and Food for Less) who would donate gift cards. Deputy Dixon would go to a home to investigate a crime and notice there was no food at the home containing small children. He would retrieve some food and a gift card then provide it to the family without being directed or asked. Some families were too proud to take the food or distrusted the police, so they did not want to accept the donations. Deputy Dixon explained it was not for the adults but for the children and would leave the food on the porch. Deputy Dixon uses the gift card in addition to the food because it helps save some of the adult's pride. The adults can go purchase the food instead of just taking the free food.

Deputy Dixon's sole purpose in providing the food and clothes is to help members of the community. His unselfishness helps build trust between law enforcement and the community. He has assisted over twelve families in the last nine months. He could not remember any others because he does not keep records of those he assisted. Deputy Dixon goes above and beyond his duties by providing not only safety for the community but by raising the quality of life and self-esteem of children in the area.

Deadline for Nominations to be considered is October 5, 2013

Use the enclosed envelope to submit your nomination.

Subject: Major seizure of US Currency

Good afternoon,

On 10-17-13, about 6:30 PM, the MVPD SET K-9 officer and his new Police Service K-9 partner conducted a vehicle stop on a big rig truck for a traffic violation in the area of Cactus and I215. The driver consented to an exterior sniff search of the truck by the K-9. The K-9 alerted to several areas on the exterior of the truck, indicating the presence of controlled substances. The driver and passenger were detained and a search of the vehicle was conducted. The officer located more than two ounces of methamphetamine inside the truck.

The suspects were arrested for possession and transportation of methamphetamine and their truck was towed to a local tow yard for further inspection. Closer inspection of the vehicle revealed a large amount of US currency strapped to the underside of the flatbed trailer. Further investigation revealed hidden compartments in the vehicle containing a much larger cache of US currency. Based on the amount of currency found, the Sheriff's Special Investigation Bureau was called to the scene to assist. The suspects denied any knowledge of the currency. They were booked into RPDC on multiple felony counts.

SIB Asset Forfeiture Investigators took possession of the currency and transported it to a banking facility to be counted. At this time, I can report the total amount of US currency seized is approximately $2,930,000. Asset forfeiture proceedings will be pursued by the Special Investigation Bureau. MVPD will be entitled to a significant portion of this forfeiture once all legal processes are completed. It could be several months before we receive the final amount we can expect to receive.

Subject: Robbery update - Arrest

Good afternoon,

On 10-13-13, the Pizza Hut restaurant located at 11875 Pigeon Pass was robbed by two unknown suspects using a handgun. The suspects entered the business, brandished a firearm, and ordered everyone to the ground. One suspect emptied the cash registers, then took cell phones and wallets from the employees. The suspects fled the area on foot. Nobody was injured during the robbery and the case was referred to the Robbery Suppression Team for investigation.

Follow-up investigation by RST, coupled with additional information obtained by Patrol, resulted in the identification of one of the suspects. On 10-19-13, surveillance was established by SET-Gang officers on a residence in the 28000 block of Campbell Street in Moreno Valley. The suspect left the residence and was detained during a traffic stop. A search warrant was served on the residence and stolen property belonging to MVUSD (I-pad) was recovered. The I-Pad was reported stolen on September 22, 2013. The suspect, Ronald Lane (34) of Moreno Valley, was interviewed and confessed to committing the Pizza Hut robbery on 10-13-13. He also confessed to committing a robbery on September 22, 2013 at the Mobil gas station at Alessandro x Heacock and a third robbery on September 30, 2013 at the Pizza Hut on Alessandro x Heacock. Lane, who is on parole, was booked into RPDC on three counts of robbery and a parole violation. This will be a third violent strike for this criminal.

This was outstanding work by Patrol, RST, and the Gang Team.

Subject: Residential marijuana cultivation

Good evening,

Today about 12:30 PM, officers responded to a residence in the 28000 block of Alessandro Blvd reference a strong odor of marijuana. Officers found three subjects who claimed to be growing marijuana for personal medicinal use. Officers obtained consent to search and found a significant marijuana cultivation, packaging, and sales operation in the residence and back yard.

Patrol officers called in SET officers to assist. Ultimately, officers seized 56 large live marijuana plants and an estimated 2,000 pounds of marijuana processed and ready for sale.

2,000 pounds of marijuana equates to more than 1.8 million individual dosage units capable of producing more than 3.6 million hours of intoxication. If you are doing the math, that equates to more than 414 continuous years of intoxication.

Put simply, if each of the 3 suspects smoked a joint every two hours of every day, they would have enough marijuana for 138 years of continuous intoxication. Of course, marijuana loses all of its intoxicating chemical within 2 years, no matter how you store it. Clearly, the marijuana was possessed for the purpose of illicit sales in and/or outside our community.

The suspects, Kevin Syhavong (24), Bobby Bouriboun (29), and Somsamai Kanyavmohn (26) were all booked into RPDC for cultivation and sales of marijuana.

City of Moreno Valley

Council Summary

Michele Patterson, ATCM, 10/23/13 - from email by Chief Ontiveros:

Deputy Chico is handling this case and is working with the detective bureau in trying to track down the ex-tenants, who are the alleged suspects. Mr. Wang does not have a forwarding address for the ex-tenants, so it is going to take a little work. On another note, the Burglary Suppression Team is currently investigating a previous burglary that Mr. Wang reported, so he should be reassured that we are fully investigating all of his calls for service. I would encourage Mr. Wang to contact the police department directly in the future if he has concerns about the progress of any investigations he is involved in. If he does not feel he is getting satisfaction from the deputy, he should ask to speak to a sergeant. We are very accommodating and have no problem answering questions about anything we can legally discuss. In any event, contacting us directly is the most expedient way for him to get answers to his questions.

Sgt. Bright spoke with Mr. Wang and advised him we are still conducting follow-up on the MV132810119 case. He also explained that we referred MV121420129 to BST and are taking another look at the case. Sgt. Bright told him he would contact him on Monday when he returned to work to provide an update to the investigations. Mr. Wang was very appreciative and said he looked forward to speaking to Sgt. Bright in the future.

We will continue to work with Mr. Wang to resolve his cases.

Case Information

Issue Category: Police Adminstration

Issue: **Other**

Council District: 4

Issue Description: Please investigate Mr. Wang's complaint on behalf of Mayor Owings and Council Member Guiterrez, contact Mr. Wang, and advise the outcome.

Mr. Wang stated he owns several rental properties in Moreno Valley. He requested to meet with the Mayor to discuss his concerns regarding the Police Department's responses to past and recent complaints.

Mr. Wang recently evicted a tenant from one of his properties located at 24512 Beal Ave. (District 4). He stated the tenant stole $3,000 of fencing material and a stove. He stated a neighbor witnessed the former tenant breaking into the property. He stated the former tenant resides with two blocks of the Beal property. He stated he has filed a police report – MV132810119. He stated in the past he felt that PD did not pursue his complaints, and he is concerned they are not addressing his most recent complaint.

Subject: MVPD - Operation SafeHouse "Stuff the Bus"
Attachments: Stuff The Bus.pdf

The Moreno Valley Police Department supports the annual fundraiser Operation SafeHouse "Stuff the Bus." SafeHouse is a private, non-profit organization that operates emergency shelters in Riverside and Thousand Palms, and provides intervention and outreach services to runaway, homeless and other troubled youth between the ages 12 to 18. Thanks to the generous support from our community, Operation SafeHouse has made a positive difference in the lives of many of our children.

If you would like to share in this rewarding opportunity, the Moreno Valley Police Department - Community Services Unit is accepting and coordinating the delivery of SafeHouse donations. SafeHouse is seeking monetary support, and/or new and unopened household cleaners, personal hygiene articles, school supplies, non-perishable foods, bedding. Please see the attached flyer for further information on the needed items.

If you wish to support this worthy cause, collection boxes have placed in the break room of City Hall, Conference and Recreation Center, Senior Center, and City Yard.

Thank you in advance for your support of the 2013 Operation SafeHouse "Stuff the Bus" campaign.

Dear Community Partner,

The Moreno Valley Police Department supports an annual fundraiser known as Operation SafeHouse "Stuff the Bus." SafeHouse is a private, non-profit organization that operates emergency shelters in Riverside and Thousand Palms, and provides intervention and outreach services to runaway, homeless and other troubled youth between the ages 12 to 18. Thanks to the generous support from our community, Operation SafeHouse has made a positive difference in the lives of many of our children.

At the Moreno Valley Police Department we believe public safety is directly related to the health and welfare of our youth. We also believe partnerships with organizations like SafeHouse offer us all the rewarding opportunity to make a positive difference in the life of a child. As a community, we can take great pride in the fact that Moreno Valley Police Department and its community partners have been the biggest contributors to the SafeHouse campaign for the last three years running.

If you or your organization would like to share in this rewarding opportunity, the Moreno Valley Police Department – Community Services Unit is accepting and coordinating the delivery of SafeHouse donations. SafeHouse is seeking monetary support, and/or new and unopened household cleaners, personal hygiene articles, school supplies, non-perishable foods, bedding. Please see the attached flyer for further information on the needed items.

If you can support this worthy cause, please drop-off your donation at the Moreno Valley Police Department Monday – Friday from 7:30 a.m. to 5:30 p.m. We will be accepting donations through November 7, 2013. If you would like to offer this opportunity to others, we can provide you with "Stuff the Bus" collection boxes that you can display and use to support the giving effort. On November 7, 2013, the Community Services Unit will deliver all the donations to the "Stuff the Bus" event at the Riverside County Administrative Center in Riverside.

Without the support of our community partners this program could not be a success. **Please contact the Moreno Valley Police Department – Community Services Unit at 951-486-6700 to coordinate your donation.** Thank you in advance for your generous donation in support of the 2013 Operation SafeHouse "Stuff the Bus" campaign.

Sincerely,

Chief Joel Ontiveros

Hi Cindy,

There has been one cancelation for the upcoming Traffic Commissioners Workshop and I wanted to extend the opportunity to City Council. The workshop is on 10/26/13 (Saturday) from 8:00 am – 4:00 pm in Buena Park. Please see the attachments for additional information. If one of the council members would like to attend, please, if possible let me know by 4:00 pm today.

Thank you,
LaSonja

Subject: 2013 Traffic Commissioners Workshop Registration

Hi CTE Members,

I am excited to announce CTE's upcoming **Traffic Commissioners Workshop**. The purpose of the Workshop is to provide participants with information relevant to traffic issues in their communities. One or two professionals with traffic engineering, public service, or enforcement experience will present each session. It will be interactive, fast-paced, and loaded with practical knowledge.

The workshop is scheduled for **Saturday, October 26th** from **8:00 am to 3:30 pm**. The City of Buena Park has graciously offered to host the workshop in Heritage Hall at the Ehlers Community Recreation Center (8150 Knott Avenue, Buena Park, CA 90620).

The registration fee for the workshop is $80 which includes a continental breakfast, lunch, refreshments, and a reference binder ($40 for students). The deadline to register is October 17th.

A registration form and instructions for payment are attached to this e-mail. Should you have any questions about the workshop, you can reply to Scott (sma@hartzog-crabill.com) or me (edunlap@dpw.lacounty.gov).

Please pass on my e-mail including attachments to anyone you feel might be interested in the workshop.

Eric Dunlap
2013 CTE Secretary/Treasurer

CITY TRAFFIC ENGINEERS (CTE) ASSOCIATION

CHAIRMAN: Scott Ma

SECRETARY/TREASURER: Eric Dunlap

October 1, 2013

Subject: **2013 Traffic Commissioners Workshop**

Dear Sir or Madam:

The City Traffic Engineers Association invites you to attend its 2013 Traffic Commissioners Workshop for elected and appointed officials. The Workshop is intended for commissioners and committee members, as well as other city officials, traffic engineering technicians and planners.

The purpose of the Workshop is to provide participants with information relevant to traffic issues in their communities. One or two professionals with traffic engineering, public service or enforcement experience will present each session. It will be interactive, fast-paced, and loaded with practical knowledge.

The Workshop will be held on **SATURDAY, OCTOBER 26, 2013,** at the City of Buena Park, at the Heritage Hall Facility. We have included a map indicating directions to the Heritage Hall facility for your use. The registration fee is **$80.00,** which includes continental breakfast, lunch, refreshments, and a reference binder packed with useful materials. We would like to receive the registration form and check by **Thursday, October 17, 2013** because space is limited. However, we understand that processing checks can take some time. Therefore, if you cannot process the check to meet the deadline, please send in the registration form with a date as to when the check will follow. We will accept checks at the door if the applicant is pre-registered.

The reference binder can also be purchased separately for $45.00. If purchased separately, they will not be sent until after the date of the Workshop. Also, students who wish to attend the conference will be charged a discounted rate of $40.00.

We hope you will take advantage of this Workshop. We believe this is one of the best opportunities for those in public service to learn about traffic related issues. If you have any questions regarding the Workshop, please contact Mr. Scott Ma at (714) 731-9455 or Mr. Eric Dunlap at (626) 300-4714.

Sincerely,

Eric Dunlap
CTE Secretary/Treasurer

RECEIVED
OCT 24 2013
CITY OF MORENO VALLEY
Planning Division

To : City of Moreno Valley , Planning Commission Date 10-23-2013

From: Roy Bleckert
Subject: PA 13-0002 PM 36522
P12-051 Master Plan

Dear Planning Commissioners

I would appreciate your consideration of my concerns of the above titled project

Background

I own the property directly east of the Church @ 25183 Cottonwood Ave Moreno Valley Ca. & have been on the property since 1979 & this Property has been used since the 40's to present as a Material, Construction , Research & Development & other Commercial /Industrial uses

Concerns

I have many concerns with the above project including but not limited to Parking issues , Flooding Problems , Environmental Impact , Land Merger , Easterly Block Wall ,Stock piling of dirt, Community Safety, Good & Sensible Planning

Parking

For the past 20 years as The Church Parish has grown the parking issue on Sundays has been increasing at a great amount every year, to the point of almost doubling the parking that was required when the latest sanctuary building was built 30 years ago

321 parking spaces were adequate when the sanctuary was built with a capacity of 964 assembly as was used for the specs for determining parking spaces using the old standard as submitted in the plans

This is very inadequate for what is being used today (pics A-F)

It would appear the sanctuary has been modified from when it was built because my observation on site @ 10-20-13 (att AA) that there were appox. 2,045 parishioners @ the 12 p.m. service 1845 in sanctuary with all the pews filled salon 13 & 15 plus people standing in the halls & doorways (pics G) 150 parishioners in the parish hall pics G, H (which is not to be in use when the sanctuary is in use per City Planner Julia)

Using good planning per www.frugalmom.com you should average 3 weeks' worth of cars to determine parking spaces required , doing this the last 3 weeks I came up with 679 cars average & this squares

with the 2,045 people in attendance if you use the city standard of 1 parking spot for every 3 in attendance per current City Standard .

It is my understanding that if you modify, expand, alter the Sanctuary Building it will be required to the new code, it would appear that the Sanctuary building was modified as the old specs were 964 capacity to holding 1,845 parishioners now , also the existing Sanctuary is 18,577 s.f (att CC) In Phase 1 the Sanctuary is expanding to 18,920 s.f , these are two potential actions that would cause the Sanctuary building to be required to meet the new code

If you use Moreno Valley Municipal Code based just off of current usage of the Sanctuary @ 1,845 parishioners (att AA) 614 Parking spaces would be required just for the Sanctuary building which would still be short of the average Sunday usage & considering the are using the parking from 6 a.m to 7p.m. with 6 services a day there is a high demand for parking

This does not factor in the parish building which is being used currently by closed circuit T.V. broadcasting the Sanctuary Building services to handle the over flow crowd.

Per current usage the Parish building is not to be used currently but is and they are going to build a new parish building twice as big and not use it per special condition p.10 ? (att EE)

In my view this does not pass the logic or common sense test

Parking Impact

Per this plan there is a Big potential adverse impact per development plans submitted, as soon as phase 1 is started to completion of the project, it throws appox. 200 cars to offsite parking as shown in (attFF)

Per Resolution 2012-95 St Christopher parking permit vandalism, trash among other things were caused by offsite parking of appox 40 cars , this plan would put appox. 200 cars to offsite parking would this not cause a 5 times greater problem?

Also not withstanding the legality of parking (to my understanding is illegal) in the dirt lot across the street it raises safety concerns people crossing in the middle of Cottonwood Ave all day (pic I)

Environmental Impact

How the removal of the tanks is at issue especially since this is a proposed school site & schools nearby (pic J,K,L)
Holes shown in the grading plan and what might have been dumped in them could pose a hazard

Easterly Block Wall

The 400 feet of Required Block wall to be built in phase 4 . should be moved to phase 1

The Church from about the time they bought the most easterly property in 2008 until about 4 months ago used that property as a Construction/Contractor yard (pics M,N) that provided a screening off church usage which is not compatible with Current usage of my property , plus it will shift cars further eastward more likely to cause conflict's

My reading of the plans the retention basin design with the way it is @ free board line water could flow into my property which per JMS existing drainage pattern it does not do presently (att HH)

To minimize conflicts and keep established drainage it would be in the best interest to put all of the required block wall in phase 1

Lot Merger

Since the easterly church parcel was used up until appox 4 months ago as a construction/contractor yard merging the parcels as a church use does not make sense as being a church usage

My reading of MV , Municipal code 9.14.080 b talks about divisions & phasing & how this qualifies for phasing as this is a merger per M.C. 9.14.170 & Ca subdivision act 66423, 66424 defines subdivision & subdivider as division of lots not merger as I read it

Stock Piling of Dirt

If the project is done in phases a substantial portion of the approximately 7,000 c,y of dirt in the retention will have to be stock piled or hauled offsite , a special condition needs to be put in that only allows stock piling of dirt for 30 days

Conclusion

This project fails on all the above accounts in my view to the Letter or Intent of the Law, Good planning practices, being good neighbors & having a cohesive community & If we do not correct things such as parking issues etc, at this time & allow expansion on top that , are we not compounding the adverse impact on the community ?

Respectfully submitted
Roy Bleckert

P3. The site shall be developed in accordance with the approved plans on file in the Community & Economic Development Department - Planning Division, the Municipal Code regulations, General Plan, and the conditions contained herein. Prior to any use of the project site or business activity being commenced thereon, all Conditions of Approval shall be completed to the satisfaction of the Planning Official. (MC 9.14.020)

P4. The developer, or the developer's successor-in-interest, shall be responsible for maintaining any undeveloped portion of the site in a manner that provides for the control of weeds, erosion and dust. (MC 9.02.030)

P5. All landscaped areas shall be maintained in a healthy and thriving condition, free from weeds, trash and debris. (MC 9.02.030)

P6. Any signs indicated on the submitted plans are not included with this approval. Any signs, **whether permanent (e.g. wall, monument) or temporary (e.g. banner, flag),** proposed for this development shall be designed in conformance with the sign provisions of the Development Code or approved sign program, if applicable, and shall require separate application and approval by the Planning Division. **No signs are permitted in the public right of way.** (MC 9.12)

P7. (GP) All site plans, grading plans, landscape and irrigation plans, fence/wall plans, lighting plans and street improvement plans shall be coordinated for consistency with this approval.

Special Conditions

P8. **The site has been approved for a Master Site Plan for the existing and future uses of the church site and a Tentative Parcel Map 36522 to combine all five parcels into one parcel for the existing church facility. A change or modification shall require separate approval.**

P9. **The church will be utilizing the existing buildings as offices, meeting rooms and classrooms. This use is in conjunction with the church and does not to include regular elementary, middle, high or college school activities. (A separate conditional use permit is required for private schools).**

P10. **Church services and assembly meetings may be held in only one building at a time to ensure adequate parking.**

P11. **The existing building on the south east portion of the site shall be used for storage purposes only. Any assembly use is prohibited.**

Report to City Council

TO: Mayor and City Council

FROM: Ahmad R. Ansari. Public Works Director/City Engineer

AGENDA DATE: November 27, 2012

TITLE: ADOPT RESOLUTION NO. 2012-95 IMPLEMENTING PERMIT PARKING FOR THE RESIDENTS OF ST. CHRISTOPHER LANE ON SATURDAYS AND SUNDAYS.

RECOMMENDED ACTION

Approve and adopt Resolution No. 2012-95 direct staff to implement permit parking on St. Christopher Lane.

ADVISORY BOARD/COMMISSION RECOMMENDATION

A public hearing was conducted at the Traffic Safety Commission (TSC) meeting on November 7, 2012. The Commissioners unanimously approved staff's recommendation to implement permit parking on St. Christopher Lane (6-0-0 approval).

BACKGROUND

The City's permit parking program was established by ordinance in 2007. Typically, permit parking requests come from residents that are impacted by high schools, colleges, parks, and other uses that generate a large amount of off-site parking. The residents along St. Christopher Lane are being impacted by St. Christopher Church parishioners.

Residents have complained about their driveways being blocked, mailboxes being damaged, and trash being left behind. In response to this, the residents submitted a petition to the Public Works Department requesting implementation of permit parking in front of their residences. Implementing permit parking will allow residents to maintain parking for guests, have uninterrupted access to their homes, and have parking space available for contractors/maintenance vehicles when service is needed.

CASE NUMBERS

TENTATIVE MAP:	PA 13-0002
CUP, MASTER PLAN	P 13-001

9.14.170 MERGER OF LOTS

Moreno Valley Municipal Code

9.14.080 General regulations.

A. Revised Tentative Maps.

1. Any revised tentative map shall comply with all of the provisions of the Subdivision Map Act and this chapter in effect at the time the revised map is approved.

2. Proceedings on a revised tentative map shall be conducted in the same manner as for the original approval of a tentative map, except those procedures that are not applicable. The approval or conditional approval of a revised tentative map shall annul approval of the previous tentative map, but the approval thereof shall not extend the time within which the final map may be filed.

B. Division into Phases.

1. Multiple final maps relating to an approved or conditionally approved tentative map may be filed prior to the expiration of the tentative map provided:

a. The subdivider, at the time the tentative map is filed, informs the city of his intent to file multiple final maps on such tentative map; or

b. After filing of the tentative map, the city and subdivider concur in the filing of multiple final maps.

2. No phased map shall be approved unless it is complete and in compliance with all of the provisions of this title, including fire protection, flood control, traffic circulation, access and environmental considerations, and with all conditions of approval of the tentative tract, and specifically approved by the planning commission.

3. The phase will be identified by the approved tentative map number with a dash number designating such unit. The unit number shall be obtained from the city engineer upon payment of the fee specified by the city council. Units shall be recorded in the order as indicated by the unit number. The last unit within a tentative map to be recorded will not bear a unit number.

4. No more than three unrecorded phase numbers may be issued or be effective on a tentative map at any tune, unless otherwise approved by the planning commission during a public hearing.

5. The right of the subdivider to file multiple final maps shall not limit the authority of the city to impose reasonable conditions relating to the filing of multiple final maps.

C. Expiration of Approved Tentative Maps and Vesting Tentative Maps: Extension of Time.

1. Tentative Subdivision Maps. An approved or conditionally approved tentative subdivision map shall expire thirty-six (36) months after such approval unless within that period of time a completed final map meeting all applicable conditions of approval shall have been filed with the city engineer for completion of processing, approving and recording. Prior to the expiration date, the land divider may apply in writing for an extension of time. Each application shall be made to the community development director no more than sixty (60) days prior to the expiration date of the tentative map and shall be accompanied by the fee set by the city council.

2. Tentative Parcel Maps. Expiration of approved or conditionally approved tentative parcel maps shall be subject to the same provisions specified for tentative subdivision maps under subsection (C)(1) of this section.

3. An extension of time shall not be granted unless: all incurred city fees have been paid; the land division conforms to the general plan; the land division is consistent with existing zoning and with applicable improvement standards; and the land division will not be detrimental to the public health, safety and welfare.

MV00254620

This provision shall not necessarily be construed to prohibit approval of an extension of time for a land division that is nonconforming with respect to the design of lots or cul-de-sac streets.

4. Vesting Tentative Maps. A vesting tentative map shall be subject to the same expiration and extension of time provisions as a tentative map; provided, however, that on recordation of a final map, the rights conferred on a vesting tentative map shall be as specified under Section 9.14.060(B)(6)(a) of this chapter.

5. If the subdivider is required to construct, improve or finance the construction or improvement of public improvements outside the boundaries of the tentative map, and the cost of improvements is equal to or exceeds the dollar amount, as specified in the current edition of the state Subdivision Map Act, each filing of a final map, as specified in Section 9.14.090 of this chapter, shall extend the expiration of the approved or conditionally approved tentative map by thirty-six (36) months from the date of its expiration or the date of the previously filed final map, whichever is later. The extension shall not extend the tentative map more than ten (10) years from its approval or conditional approval. For the purposes of this section, the number of phased final maps which may be filed shall be determined by the advisory agency at the time of the approval or conditional approval of the tentative map.

6. Extensions of Time for Maps Affected by Moratoriums and Lawsuits. The period of time specified in subsections (C)(4) and (C)(5) of this section shall not include any period of time during which a development moratorium, imposed after approval of the tentative map, is in existence; provided, however, that the length of the moratorium does not exceed five years. Once a moratorium is terminated, the map shall be valid for the same period of time as was left to run on the map at the time that the moratorium was imposed. However, if the remaining time is less than one hundred twenty (120) days, the map shall be valid for one hundred twenty (120) days following the termination of such moratorium. A development moratorium shall include a water and/or sewer moratorium as well as other actions of public agencies which regulate land use, development, or the provisions of services to the land, other than the city which thereafter prevents, prohibits or delays the approval of a final or a parcel map. A development moratorium shall also be deemed to exist for those reasons set forth in the Subdivision Map Act.

7. a. The period of time specified in subsections (C)(1) and (C)(2) of this section shall not include the period of time during which a lawsuit involving the approval or conditional approval of the tentative map is or was pending in a court of competent jurisdiction if the stay of the time period is approved by the planning commission pursuant to this subsection. After service of the initial petition or complaint in the lawsuit upon the city, the subdivider may apply to the community development department for a stay pursuant to this section.

b. Applications for a stay shall be made to the community development director on the forms provided by the community development department and shall be accompanied by the filing fee set by the city council and shall include such information and documents as may be required by the community development director.

c. The community development director shall forward to the planning commission a recommendation for approval or denial of the request for a stay. The planning commission shall act on the requested stay within forty (40) days after the application is received by the community development director. The decision of the planning commission shall be forwarded to the city clerk. The decision of the planning commission shall be final unless the decision is appealed to the city council or the city council or any councilmember elects to hear the matter after the notice of decision appears on the agenda. Any appeal must be filed with the city clerk accompanied by the fee set by the city council within ten (10) days of the date the notice of decision appears on the city council agenda. (Ord. 694 § 1.1 (part), 2005; Ord. 488 § 1.3, 1996; Ord. 475 § 1.4 (part), 1995; Ord. 402 § 1.7, 1993; Ord. 386 § 1.30, 1993; Ord. 359, 1992)

MV00254621

SUBDIVISION ACT CA [redacted] PDF

DEFINITIONS SUBDIVISION SUBDIVIDER DEF

66419.

(a) "Improvement" refers to any street work and utilities to be installed, or agreed to be installed, by the subdivider on the land to be used for public or private streets, highways, ways, and easements, as are necessary for the general use of the lot owners in the subdivision and local neighborhood traffic and drainage needs as a condition precedent to the approval and acceptance of the final map thereof.

(b) "Improvement" also refers to any other specific improvements or types of improvements, the installation of which, either by the subdivider, by public agencies, by private utilities, by any other entity approved by the local agency, or by a combination thereof, is necessary to ensure consistency with, or implementation of, the general plan or any applicable specific plan.

66420. "Local agency" means a city, county or city and county.

66421. "Local ordinance" refers to a local ordinance regulating the design and improvement of subdivisions, enacted by the legislative body of any local agency under the provisions of this division or any prior statute, regulating the design and improvements of subdivisions, insofar as the provisions of the ordinance are consistent with and not in conflict with the provisions of this division.

66422. "Certificate of exception" means a valid authorization to subdivide land, issued by the County of Los Angeles pursuant to an ordinance thereof, adopted between September 22, 1967, and March 4, 1972, and which at the time of issuance did not conflict with this division or any statutory predecessor thereof.

66423. "Subdivider" means a person, firm, corporation, partnership or association who proposes to divide, divides or causes to be divided real property into a subdivision for himself or for others except that employees and consultants of such persons or entities, acting in such capacity, are not "subdividers."

66424. "Subdivision" means the division, by any subdivider, of any unit or units of improved or unimproved land, or any portion thereof, shown on the latest equalized county assessment roll as a unit or as contiguous units, for the purpose of sale, lease or financing, whether immediate or future. Property shall be considered as contiguous units, even if it is separated by roads, streets, utility easement or railroad rights-of-way. "Subdivision" includes a condominium project, as defined in subdivision (f) of Section 1351 of the Civil Code, a community apartment project, as defined in subdivision (d) of Section 1351 of the Civil Code, or the conversion of five or more existing dwelling units to a stock cooperative, as defined in subdivision (m) of Section 1351 of the Civil Code.

APARTMENTS CONDOS

66424.1. Nothing in Section 66424 shall prevent a purchaser of a unit of land created under the provisions of this division or a local ordinance enacted pursuant thereto, from subdividing the land one or more times, pursuant to the provisions of this division prior to the time that an equalized county assessment roll has been completed reflecting the creation of the unit proposed to be subdivided. Nothing contained in this chapter shall prevent the same subdivider of a unit of land created under the provisions of this division, or a local ordinance enacted pursuant thereto, from making consecutive subdivisions of the same parcel or any portion thereof. Further, local agencies shall not, by ordinance or policy, prohibit consecutive subdivision of the

RE: Case Number: C13-02887

The Code and Neighborhood Services Division is concerned for the health, safety, and general welfare of the residents, businesses and properties in the city. Recently, this office received information that the condition of your property located at 25141 COTTONWOOD AVE may constitute a violation of the Moreno Valley Municipal Code regarding property containing ENCROACHMENT OF PUBLIC RIGHT-OF-WAY .

If the alleged condition does exist, we ask that you take corrective action as quickly as possible to remove or eliminate the above referenced violation(s). Please note that according to Moreno Valley Municipal Code Section 6.04, every property owner within the City is required to maintain their property in a safe and nuisance free manner. Please contact this office when appropriate corrective measures have been taken so that we may close our case on this matter.

Please notify this office if you feel this complaint has been filed in error, or if the alleged conditions do not exist. Kindly refer to the case number listed above for proper handling. ***If we do not receive a response from you within 14 days, a site inspection will be scheduled to determine if further enforcement action may be necessary.***

Thank you for your prompt attention to this matter. Your anticipated cooperation and community spirit is appreciated to help protect property values and to preserve neighborhood integrity. If you have any questions regarding this letter, please contact our office at (951) 413-3340.

Sincerely,

Code and Neighborhood Services

Code and Neighborhood Services Division Mission Statement
The Code and Neighborhood Services Division is responsible for the enforcement of Code, related to neighborhood nuisances, health and safety, sub-standard housing, vehicle abatement, zoning/land use, illegal signs, parking control, weed abatement, business licenses and graffiti restitution.

AGENDA DATE: November 27, 2012

TITLE: ADOPT RESOLUTION NO. 2012-95 IMPLEMENTING PERMIT PARKING FOR THE RESIDENTS OF ST. CHRISTOPHER LANE ON SATURDAYS AND SUNDAYS.

RECOMMENDED ACTION

Approve and adopt Resolution No. 2012-95 direct staff to implement permit parking on St. Christopher Lane.

ADVISORY BOARD/COMMISSION RECOMMENDATION

A public hearing was conducted at the Traffic Safety Commission (TSC) meeting on November 7, 2012. The Commissioners unanimously approved staff's recommendation to implement permit parking on St. Christopher Lane (6-0-0 approval).

BACKGROUND

The City's permit parking program was established by ordinance in 2007. Typically, permit parking requests come from residents that are impacted by high schools, colleges, parks, and other uses that generate a large amount of off-site parking. The residents along St. Christopher Lane are being impacted by St. Christopher Church parishioners.

Residents have complained about their driveways being blocked, mailboxes being damaged, and trash being left behind. In response to this, the residents submitted a petition to the Public Works Department requesting implementation of permit parking in front of their residences. Implementing permit parking will allow residents to maintain parking for guests, have uninterrupted access to their homes, and have parking space available for contractors/maintenance vehicles when service is needed.

MY NOTES FROM THE PAST MONTH REGARDING THIS PROJECT

41

Notes from 9-25-13 mtg Julia, Connect @ Bucking Community Property Rite, Roy (Mountain Empire.

1) Discussed grading, flood & how things were & how they are today

2) Discussed wall & need to make complete wall on east property line common to church & Bucking Mare Subdivision to minimize impact of - 2 uses that are not compatible

3) Asked how they determined the 321 parking spaces required (uses

4) Discussed possible environmental concerns

5) Discussed possible continuance on project

6) Asked how phasing is allowed on land consolidation

7) Asked where they planned to stockpile dirt out of Community Basin, as viewed it would be about 20' from the property line church & Bucking Mare.

MV00254636

NOTES FROM 10-11-13 MTG MIKE, LINUS, MANNY
@ McGIVENY ON CHURCH PROP PETE, ROY, DAVE
REC PRELIM GRD PLAN FROM MANNY

1) DISCUSSED FLOOD CONTROL, GRADING, WALL & NEED TO WORK TO FIND SOLUTIONS TO MINIMIZE IMPACTS

2) ASKED MANNY & DAVE HOW CHURCH/ENGR DETERMINED THE NEED FOR 321 PARKING SPACES REQUIRED PER THEIR PLANS, MANNY SAID THAT IT WAS DONE PER CITY CODE THAT ONLY 1 BUILDING WAS TO BE USED PER SPECIFIC COND.

3) DISCUSSED THE NEED FOR THE WALL TO BE 6' HIGHER THAN CHURCH GRADE OR BLDG ADJACENT TO OUR PROP TO MINIMIZE IMPACTS

TO MINIMIZE IMPACTS, SO NO FURTHER COMPLAINTS

4) ASKED WHY THE APPROX 400 FT OF WALL IS NOT PUT IN ON PHASE 1, MANNY/DAVE SAID THEY WILL ONLY DO WHAT THE CITY REQUIRES

5) ADDRESS POSSIBLE ENVIRONMENTAL CONCERNS

6) ASKED ON 10-6-13 (UNDERSTORY) THERE WERE APPROX 250 CARS (600 DWELLING 150 OFFICING) WHERE WERE THE OVER 2,250 PEOPLE AT THEY WHERE NOT STANDING OUTSIDE (NO RESPONSE)

7) ASKED ABOUT STOCKPILING OF DIRT OUT OF RETENTION BASIN MANNY/DAVE STATED THAT ALL DIRT IN RETENTION BASIN IS TO BE HAULED OFFSITE, WITHOUT BASIN DIRT SITE WILL BALANCE PER THEM THE 7,200 cy OF CUT DOES NOT INCLUDE THE BASIN

ON MANNY

THIS IS MY UNDERSTANDING OF NOTES THAT TOOK PLACE

@ CITY HALL CITY COUNCIL

4 of 7

1) DISCUSSED FLOOD CONTROL, HOW OBSERVED & POSSIBLE SCENARIO'S THAT COULD IMPACT PROJECT & SURROUNDING AREA & HOW CURRENT DESIGN COULD BE A PROBLEM (previously)

2) DISCUSSED NEED FOR (some) WALL ON COMMON CHURCH BUILDING PROPERTY LINE, TO MINIMIZE COMPLAINTS & COMPLY WITH MUNI CODE FOR SCREENING & TO MINIMIZE IMPACTS & CONFLICTS

3) PHASING & LAND CONSOLIDATION RE MY REVIEW OF M.C., I DO NOT SEE PHASING IN L.C., ONLY IN SUBDIVISION, AHMAD ASKED CLARIFY ABOUT L.C. & HE SAID PLANNING SAID IT WAS O.K.

4) DISCUSSED POSSIBLE ENVIROMENTAL CONCERNS

5) DISCUSSED WHAT SHOULD BE 6' FROM HIGHEST POINT ON CHURCH SIDE (AHMAD MADE THE DRAWING ON GRADING PLAN)

6) DISCUSSED AVG PARKING ALL DAY SUNDAY IN THE 700 BLOCK & HOW COES IT ONLY REQUIRE 321 ON THE PLANS AHMAD SAID THAT IS ALWAYS LEGIT COUNT

MV00254638

NOTES FROM 10-17-13 COUNCIL

7) BROUGHT UP GRADING PLAN & REQ. HISTORY SINCE WAS TO BALANCE, GRADING PLAN DOES NOT AGREE WITH FILL BY MR DIAGRAM SURROUND & THERE IS NO SPECIFIC CONDITION REQUIRING RETENTION BASIN DIRT TO BE IMPORTED OFF SITE

5 of 7

8) DISCUSSED ST CHRIS PARKING ORDINANCE & HOW IMPACT OF SHIFTING 4 TO 5 TIMES MORE PARKING OFFSITE WILL CAUSE A SIGNIFICANT IMPACT ON THE COMMUNITY

9) DISCUSSED MULTIPLE THREATS FROM PARISHIONERS SAID THEY WOULD FILE COMPLAINTS AGAINST PLANNING PROP DOC INCLUDED OF COMPLAINT FILED WITH CODE ENFORCEMENT OCT 9-13 CASE C13-02887

10) GAVE AMANDA MARK & COUNCIL COPIES OF 12 PAGES OF DOC INCLUDED INCLUDING PARKING NOTES 3 PAGES, FLOOR CONSTRUCTION, BUILDING HEIGHT, BUILDING USAGE, GRADING CUTSHEETS, RETENTION BASIN CALCS, ST CHRIS CALLS & RES 2012-57 & PLAN & COMPLAINT CASE

MV00254639

NOTES FROM PHONE CONV. 10-22-13 JULIA, PETE, ROY 6/7

1) DISCUSSED CHURCH PARKING; PER MY UNDERSTANDING JULIA/DOV ARE BASING PARKING REQ OFF OF THE OLD STD. FOR SANTUARY, FOR OLD NON CONFORMING USE STD.

2) SAID PARKING WOULD NOT BE NEED TO BE BROUGHT TO CURRENT STD AS SANCURARY BLDG IS TO BE UNALTERED OR EXPANDED 5 RES 2013-21

3) DISCUSSED LOT MERGING & PHASING HOW WOULD THIS PROJECT QUALIFY UNDER M.V. MUNICIPAL CODE CA SUBDIVISIONS ACT # 9,14.080, 9.14.170 66423, 66424 & HOW IT AFFECTS THIS PROJECT

4) DISSCUSSED WALL ON EAST PROP LINE & THE IMPACT IT WOULD HAVE AS TO CONFLICTING USES & SCREENING & UNDERLET & THE NEED FOR WALL TO ALLEAVIATE CONFLICTS IN USE BETWEEN A CHURCH & A CONST. YARD MATERIALS PROSSESING, RESEARCH & DEVLOPMENT & THAT THE WALL IN PHASE 4 BE CONDITIONED INTO PH 1, IT IS MY UNDERSTANDING THAT JULIA'S POSITION IS MOVING PAVED PARKING 132' FURTHER EAST & A GRAVEL PARKING RIGHT UP TO EAST FENCE LINE POSED ANY PROBLEM FACT 4 RES 2013-26

5) DISCUSSED CHILDREN CHANGE IN P.10, JULIA SAID SHE WAS GOING TO CHANGE THAT BACK TO THE ORG.

6) JULIA SAID IT WAS ILLEGAL TO PARK IN OFFSITE LOT ACCROSS NEXT STREET

7) JULIA SAID ~~IT WAS~~ THAT USED OF PARISH HALL & SANCTUARY AT THE SAME TIME WAS PROHIBITED

8) IF BUILDING IS MODIFIED WOULD THEY HAVE NEW STD.
THIS IS MY UNDERSTANDING FROM EVENTS THAT TOOK PLACE SB

MV00254640

NOTES PH CONV. 10-22-13 ROY, MANNY VMS

7 of 7

1) SPOKE ABOVE QUANTITIES OF DIRT ON ATTS ON AGENDA

2) MANNY CHANGES POSITION 10-11-13 MEETING THEY MIGHT NOT HAUL OFF DIRT TO RETENTION BASIN

THIS IS MY UNDERSTANDING OF EVENTS THAT TOOK PLACE

Subject: Update

Good afternoon,

Here is a recap/update of all the cases we have in progress related to the recall effort:

· MV132040186 – Allegation that an adult male vandalized a car belonging to an adult female. The case has been submitted to the DA. As of 10-23-13, the case is still under review and charges have not yet been filed.

· MV132040209 – Allegation that an adult female was involved in the theft of anti-recall signs – same incident that spawned the alleged vandalism listed above. Elements of the alleged crime do not exist, DDA agrees the allegation is unfounded and no charges will be filed.

· MV132490077- Allegation that unknown suspect(s) stole or vandalized more than 100 signs around the city. Citywide camera system did capture footage of 3 incidents, but the video was not sufficient to make an identification of the suspect. This case is currently suspended for lack of suspect information.

· MV132490171 – Allegation that an adult male and an adult female stole three anti-recall signs. Photos were taken of the suspects and their vehicle by witnesses. Case submitted to the DA who filed 3 counts of theft against the suspects; arraignment is scheduled for 11-08-13.

· MV132850106 – Allegation that an adult male battered an adult female and stole her purse during a public meeting at a local school site. This investigation is continuing. There were numerous people present and interviews are still being conducted to obtain all available witness statements.

Subject: Found Child

Good afternoon,

Today about 6:28 AM, officers responded to the report of a found child in the 25000 block of Sunnymead Blvd. On arrival, they contacted the reporting party and a 2 year-old boy. The reporting party (RP) said she was leaving her apartment complex and found the child outside the complex gates. The RP said she did not know the child and had no idea where he came from. The apartment complex was searched in an effort to find the child's home, but nothing was found to identify the child or his apartment of residence.

The child was transported to the police department where CPS was notified. Officers believed someone would be calling to report a lost child very soon, but that did not occur. After about 3 hours with no contact from a responsible adult, an officer responded back to the complex and began a second search for the child's home. The officer found an apartment with an open door and contacted an adult female inside. The woman was the child's grandmother and had no idea he had been dropped off at her apartment or that he was found wandering near the apartment. Ultimately, the child's father was located and we learned he was running late for work and he dropped off at the boy's grandmother's house. Grandma was still asleep at the time and was not aware her grandson was present. The child was able to open the door and wander away.

Although no crime occurred, the incident will be documented. CPS is working with the family to prevent a repeat of this incident.

Subject: WCNTF activity

Good afternoon,

On 10-23-13, the West County Narcotics Task Force (WCNTF) served a search warrant at a residence in the 23000 block of Hemlock reference the sale of methamphetamine. During service of the warrant, officers seized several grams of methamphetamine and evidence indicating that sales of meth were occurring from the residence. The suspect, probationer Eddie Thompson (37) was arrested and booked into RPDC on charges of possessing methamphetamine for sale and probation violation.

Subject: SWAT search warrant

Good afternoon,

On September 5, 2013, MVPD Patrol and SET deputies investigated a gang-related attempted murder in the area of Gentian and Lasselle. This shooting was later determined to be one of the catalysts that ultimately led to the murder of 6 year-old Tiana Ricks. SET deputies continued the investigation into this case and ultimately identified two suspects. Through extensive investigation, they tracked one of the suspects to an apartment in the city of Riverside. The SET Team conducted extensive surveillance on the apartment to determine if the second suspect was also hiding out in the apartment. Eventually, they confirmed that both suspects in the attempted murder were holed up in the apartment. Because of their obvious propensity for violence and the belief that they were armed, the decision was made to have the Sheriff's SWAT Team serve a search warrant on the apartment.

This morning about 4:30 AM, the Special Enforcement Bureau- SWAT Team served the warrant on the apartment in the 6500 block of Doolittle Avenue in Riverside. After a brief standoff and the use of two flash-bang devices, the suspects surrendered to deputies and were taken into custody without incident. A search of the apartment by SET Team members revealed several grams of methamphetamine and more than 100 prescription pain pills.

The suspects are identified as follows:

Monte Walker (20) - Booked for attempted murder, possession of methamphetamine for sales, and gang enhancements

Jeron Hall (18) - Booked for conspiracy/attempted murder, possession of methamphetamine for sales, and gang enhancements

Leonard Harbor – (19) Booked for possession of prescription pain meds without a prescription, conspiracy, and gang enhancements

The investigation is ongoing, but today's events help bring the case much closer to conclusion.

Subject: FW: Town Hall meeting

Mayor, Mayor Pro Tem, and Members of the City Council: Please see the following information from Chief Ontiveros regarding a Town Hall meeting he and Chief Knutson will be participating in on Monday evening. Joel indicated that the scheduling of this comes as an outcome of a meeting that Sheriffs Administration had requested with the parties mentioned below. He also indicated that the subject of the community meeting will be Sheriffs' policies and practices and not specific to any particular incident; the goal is to focus on police-community relations. Joel said that the Council is welcome to attend and, if this format works well, they will do more of these in the community (perhaps we can schedule one in each Council District, for example). I plan to attend on Monday.

(Note that Joel said the P-E posted something re: this event online and got it wrong by calling it a press conference; that has since been corrected.)

Subject: Town Hall meeting

Good morning Michelle,

During our meeting with Dr. Fleming and Woodie Rucker-Hughes, the idea of conducting a town hall meeting was discussed. The concept is to give concerned community members the opportunity to pose questions about Sheriff's Department policies, responses to calls for service, etc… in the wake of the recent in-custody death on Hemlock. Chief Knudson and I readily agreed to participate in such a town hall meeting if Dr. Fleming would be willing to set one or more up. Dr. Fleming is directly involved with the Johnson family and agreed to serve as a go-between for us.

In light of the press release by the family's attorney yesterday and the pending litigation, the idea of a town hall meeting was in question. After discussions with our legal advisors, we decided to go forward with the planned meeting if Dr. Fleming could arrange it. Dr. Fleming called this morning and advised the meeting is set for Monday October 28, 2013 at 6:00 PM. It will be held at Cross Word Christian Church with the assistance of Bishop Lacy Sykes.

Woodie Rucker-Hughes, president of the Riverside chapter of the NAACP, Dr. Fleming, and Pastor Ted Collins of the Cops and Clergy Network will also be present for the meeting. Woodie is adamant that this meeting will not devolve into chaos. The current plan is to have a professor from UCR moderate the meeting. Dr. Fleming could not provide her full name, but indicated her first name is Carol and she is affiliated with UC Riverside.

Attendees will be given 3 x 5 cards on which they will write questions that will be posed to us. Dr. Fleming indicated that the questions will likely center around department policies, how we respond to calls for service, and DUI driving. Chief Knudson and I will respond to all the questions we can answer, but we will not be providing any information directly related to the in-custody death beyond what has already been released to the news media.

As I mentioned on Monday, Chief Knudson and I also offered to meet with the Johnson family if they were interested in speaking to us privately. As of this morning, Dr. Fleming indicated the family does not appear to be interested in such a meeting, but she will check again. I will keep you updated on the progress of that proposed meeting as well.

See you at E-Team!

Subject: Gang related shooting

Good evening,

Officers are working on a gang-related shooting in the 28000 block of Calle Agua. Information is very preliminary at this time and subject to change. I will send an update in the morning when more details are available.

At this time, we have one 20 year-old male victim suffering from serious but non-life threatening gunshot wounds. Two teenage girls were in the line of fire, but thankfully were not injured. The victims were inside the open garage of a single family residence when a car stopped in the street in front of the house. Suspects inside the vehicle fired several shots into the open garage, striking the victim.

The victim is being treated at a local hospital and is expected to survive. Gang officers are processing the scene and will coordinate with the MVPD Investigations Bureau as the investigation progresses.

Subject: Complying with the request to not delete emails

Employees:

On Friday, Oct. 25, we were all asked to not delete any records. In anticipation of questions about how that will work with emails I want you to be aware of several changes that TS has made to the email system.

1. The auto-delete functions have been turned off;
2. The retention period for email folders has been extended way out (~68 years);
3. Mailbox quotas have been suspended; and
4. Existing backup tapes have been set aside, new tapes have been ordered for backups going forward, and the new tapes will not be reused (to preserve the data on them).

Therefore, you can use the X on emails to "delete" emails (which actually only moves the email to your Deleted Items folder). But do not "empty" or permanently delete mails from your Deleted Items folder until notified that it is OK to do.

Thanks for your cooperation; feel free to contact TS at x3410 if you have questions.

This e-mail was sent to all employees with the permission of the City Manager's Office.

Subject: Gang related shooting- update

Good morning,

The gang-related shooting I reported to you last night occurred at a residence in the 25000 block of Calle Agua. I initially reported that it occurred in the 28000 block of Calle Agua. All other information reported earlier is accurate. Three victims were seated inside a vehicle parked inside the attached garage. The garage was open when the suspect vehicle stopped in front of the residence. Suspects opened fire on the victims, striking the 20 year-old male but missing two teenage girls also seated in the car. As of this morning, the victim is recovering from his wounds. This crime appears to be related to the same gang involved in the murder of 6 year-old Tiana Ricks. SET Gang officers and MVPD Investigators are working hard to identify the shooter(s). I'll keep you updated.

Subject: WEST PACT (AB 109) Task Force activity

Good morning,

During the month of September 2013, the AB 109 WEST PACT Task Force conducted operations in Moreno Valley on six separate occasions. During those operations, task force members conducted 27 checks on parolees/probationers living in Moreno Valley and one pedestrian check for a total of 28 contacts in September.

- On September 6th, they arrested/booked a probationer on Dream Street for being under the influence of a controlled substance and for possessing ammunition.
- On September 12th, they arrested/booked a probationer/gang member for interfering with their probation search at his residence on Running Deer Rd.
- On September 17th, they discovered evidence of drug possession and probation violation at a residence on Bello Way. The suspect was not present, but an arrest warrant has been requested.
- On September 19th, they conducted a pedestrian check at Atwood x Perris and arrested/booked the subject for 5 felony arrest warrants.
- On September 27th, they arrested/booked a probationer for possession of ammunition at a residence on Hawthorne.
- On September 27th, they arrested a parolee wanted by MVPD for identity theft at a residence on Victor.

Mayor Tom Owings
The City of Moreno Valley
14177 Frederick Street
Moreno Valley, CA 92553

Dear Mayor Owings:

Congratulations! The The City of Moreno Valley has been chosen to receive a **2013 Project of the Year** award from the Southern California Chapter of the American Public Works Association (APWA). This award is for the following City project:

1. Cactus Avenue/Nason Street Improvement Project

APWA is the professional association of Public Works leaders throughout the United States and Canada. The Southern California Chapter covers Los Angeles, Orange, Riverside and San Bernardino Counties and there are over 1,400 members in the Chapter. The purposes of the Chapter's awards program are to recognize public agencies for their outstanding projects and programs, and to share the wealth of good ideas.

The 2013 awards ceremony and presentation will be held at the APWA Southern California Chapter's 14th Annual Awards Luncheon on:

Tuesday, December 10, 2013
11:30 a.m. – 1:30 p.m.
The Centre at Sycamore Plaza, Lakewood Civic Center.

We hope that you and your staff, including any consultants or contractors, will attend this important event to receive your plaque personally. Attached is a reservation form with additional instructions. You may also wish to reserve a display table for showcasing information or photos of your worthy project.

Congratulations again and we look forward to recognizing your City.

Sincerely,

Bonnie Teaford
APWA President

Subject: Robbery - update/arrest

Good evening,

On December 17, 2012 a lone suspect entered the Moreno Valley Mall wearing a ski mask and carrying an axe. He entered Kay Jewelers and used the axe to smash a display case. He grabbed more than $12,000 worth of jewelry and fled on foot to a vehicle waiting on the 60 freeway. The suspect escaped, but left the axe and ski mask behind.

On October 17, 2013 the Robbery Suppression Team (RST) received DNA results from evidence gathered at the scene of the crime. Those results identified a suspect who lives in Moreno Valley.

RST set up surveillance on the suspect's residence in the 13000 block of Persimmon Road. Today, RST officers saw the suspect, Kevin Williams (25), leave his residence with an adult female. A vehicle stop was conducted and the suspect was detained. The female, the suspect's girlfriend, was found to be wearing one of the three rings stolen during the Kay Jeweler's robbery.

Investigation revealed the female was not involved in the robbery and she was later released. Search warrants were served on the suspect's car and residence.

The suspect was booked into RPDC on a charge of robbery and a bail enhancement was requested, raising his bail to $100,000. We are very encouraged by this rapid turnaround on DNA evidence.

Subject: FW: Google Alert - moreno valley

This e-mail is forwarded to you on behalf of Michelle Dawson, City Manager…

Mayor, Mayor Pro Tem, Members of the City Council, and City Staff: Please see the article at the link below announcing the selection of Moreno Valley for the next Amazon fulfillment center.

As you'll see in this article, Amazon indicates that the facility will bring as many as 1,000 new jobs to our City.

Special thanks to John Terell and all the development services team that has been working with the developer on this very important project for our community. More info to follow.

Subject: SET Division activity - September 2013

Good morning,

During the month of September 2013, the Special Teams Division (SET Gangs and Narcotics, POP Team, CCAT, and BST/RST) posted the following proactive statistics:

BST/RST – Made 19 felony arrests and 2 misdemeanor arrests; authored and served 6 search warrants; closed 38 criminal cases and recovered stolen property valued at $32,150.

SET-Gangs – Made 24 felony arrests and 4 misdemeanor arrests; prepared 4 gang enhancements; conducted one gang presentation and seized 2 firearms.

SET-Narcotics – Made 10 felony arrests; authored and served 2 search warrants; seized 34 grams of methamphetamine and 2 firearms; recovered 1 stolen vehicle.

CCAT – Made 9 felony arrests; authored and served 2 search warrants; prepared 7 gang enhancements.

POP – Made 19 felony arrests and 62 misdemeanor arrests; conducted a prostitution sting on Sunnymead Blvd.; conducted proactive patrol on Sunnymead Blvd; initiated 16 POP Tracks; issued 40 citations for City Ordinance violations and handled 106 noise disturbance calls.

Totals for September 2013 –

- 81 felony arrests
- 68 misdemeanor arrests
- 10 search warrants authored and served
- 4 firearms taken off the street
- 1 stolen vehicle recovered
- 11 gang enhancements prepared
- 01 prostitution sting conducted

Other activity included extensive assistance over nine days to the Central Homicide Unit on the Tiana Ricks murder. SET Gang officers were instrumental in identifying, locating, and arresting suspect Keandre Johnson for this murder. They were also instrumental in gathering crucial evidence that we believe will ultimately lead to a conviction in this matter.

RST/BST conducted a lengthy investigation into a series of armed robberies, including the take-over style robbery at a Pizza Hut restaurant. Their efforts resulted in the arrest of suspect Ronald Lane and his confession to three armed robberies in Moreno Valley.

The POP Team worked cooperatively with Moreno Valley Code Enforcement in the area south of Ironwood and Davis to address complaints about illegal camping/trespassing by transients behind The Festival center on Hemlock. 4 transients were arrested and removed from the area.

Well, this does explain why Tom Owings is so intent on keeping Richard Stewart out of the loop. Seems fishy to me. Isn't this how Law Enforcement works? Take somebody you have something on and get them to turn on the others in exchange for immunity. I don't know, but I'm just saying.....

Meli Van Natta · Top Commenter · Owner/Broker at Rancho Belago Realty
I have been taking a "wait and see" position regarding the actions of this Council, urging restraint until the investigations were completed, but this action really strains my resolve. To deny one Council Member's right to participate in the process is unconscionable, and will do more to further the recall effort than anything the petitioners could have done themselves.

Having written on this subject before, I remain convinced that there MUST have been some prior discussion or agreement on the appointment of Mr. Gutierrez. It would strain credibility for it to have happened any other way. Mayor Owings is not the type of person to blindly agree with Mrs. Baca's choice of a candidate absent any prior knowledge. However, it is very likely that, knowing the rules of the Brown Act, those were the only two people who discussed the appointment of Mr. Gutierrez in advance of the meeting, feeling that it was not likely that Mr. Molina would vote against them. As I have said before, the APPEARANCE of impropriety is to be avoided when one's integrity is already being questioned.

https://www.facebook.com/askmeli

Meli Van Natta @askmeli 10 Oct

@**SuzanneHurt** I hope Jesse Molina starts using his own mind instead of going along with Owings and Baca on everything.

https://twitter.com/askmeli

Meli Van Natta But if only Baca and Owings are recalled? Molina and Gutierrez were both supported by Baca, would they choose another of her friends? And two against one, would they outvote Stewart? Or would they, out of an abundance of caution, choose someone less controversial? Tune in next week for the next installment of "As the Council Churns."

Subject: Chili Cook off, Costume Contest and Cake Walk
Attachments: flyer.pdf

Please join us tomorrow for our final event of the campaign, the ***Chili Cook off, Costume Contest and Cake Walk*** at the CRC Ballroom beginning at 11:30 a.m. Teams competing this year are: City Manager/Media, City Clerk, Finance, Fire, Public Works and Parks. It promises to be a memorable day with loads of food, fun and laughs.

New this year is a Cake Walk which will begin at approximately noon. Cost to participate is $3.00 per person, or six tickets. It will be similar to a "musical chairs" event. We have six homemade cakes donated for the walk.

Thank you for supporting the 2013 Employee Giving Campaign.

This message has been approved by the City Manager's office.

Chili Cook-off and Costume Contest

Thursday, October 31, 2013, 11:30 a.m.

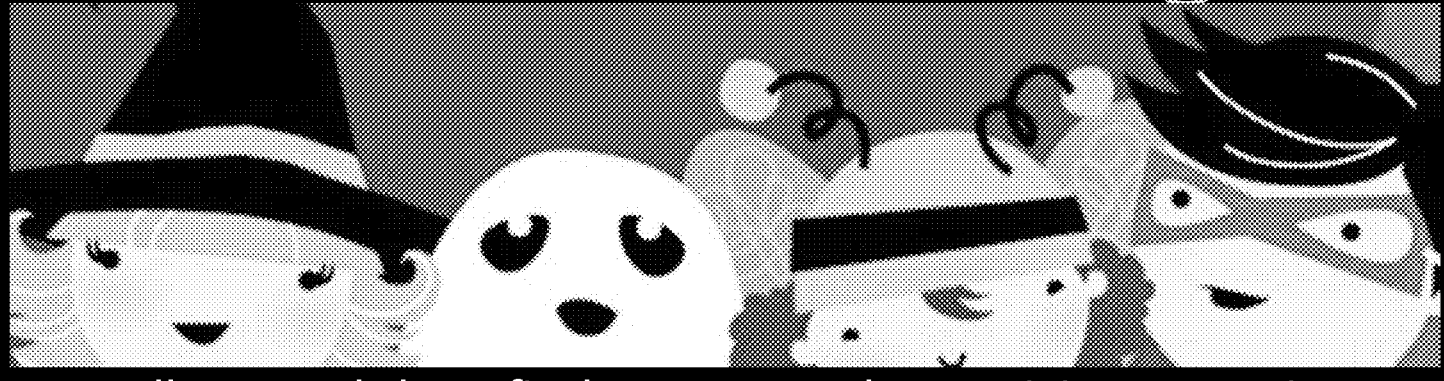
CRC Ballroom

Awards for:

- Best Chili (voted by Judges)
- People's Choice (most tickets)
- Most Unique Ingredients
- Most Creative Group
- Most Spirited Group
- Best Group
- Best Costume
- Best Decorated Table

- Tickets sold at the Door…$5.00 = 10 tickets
- $.50 buys a taste
- $2.00 buys a bowl
- VOTES DO COUNT; 1 ticket = 1 Vote
- $3.00 buys admission to Cake Walk

We will have a "cake walk" during the event!



All proceeds benefit the 2013 Employee Giving Campaign

Subject: Residential berglary - arrest

Good afternoon,

Today about 10:10 AM, officers responded to the report of a residential burglary in progress in the 24000 block of Wild Calla Drive. The victim reported that someone rang her doorbell. She looked through the peep hole and saw a person she did not know wearing a backpack and pacing nervously on her front door step. She elected not to answer the door. A few minutes later, the suspect broke into the residence through a back door. Officers arrived on scene just as the suspect fled from the residence on foot. Officers established a perimeter and called in the Sheriff's helicopter and an MVPD K-9 unit. A Motor officer assisting with the perimeter found the suspect's backpack and secured it as evidence. The backpack was later found to contain identification belonging to the suspect. Another Motor officer spotted the suspect in the greenbelt area near Hyacinth and Sunnymead Ranch Pkwy and detained him without incident. An in-field show-up was conducted and the suspect was positively identified by the victim and a witness who lives next door to the victim.

The suspect, a 17 year-old male resident of Moreno Valley, was found to be in possession of burglary tools. He is currently being interviewed by the Burglary Suppression Team and so far has admitted to committing three residential burglaries in Moreno Valley. By interesting coincidence, the suspect's father came to the police department yesterday with several pieces of property he found in his son's room. He advised officers he had no idea where the items came from and turned them over to police. BST is following up on that and will make every effort to return all stolen property to its rightful owners.

Subject: Halloween

Importance: High

With Halloween festivities scheduled for tomorrow, I wanted to reiterate a few things in order to help insure everyone has a good time while maintaining reasonable workplace decorum.

Of course costumes are appropriate but please make sure that they do not interfere with your ability to work and move about safely in the work environment. Masks that fully cover your face and conceal your identity are not allowed. Also, costumes should not be distasteful (e.g. revealing, offensive). Please use common sense in this regard. If in doubt, please ask your supervisor. Jeans are permitted if they are clean, in good repair and part of a costume.

Remember this is first and foremost a workplace and we should all take that into consideration when choosing a costume.

Subject: Explosion with injury- short term evacuation

Good morning,

Today about 1:00 AM, officers responded to the 13000 block of Heacock Street to the report of an explosion. Officers arrived at the apartment complex and found the windows blown out of one apartment and remnants of a small fire. One white male adult was seriously injured, was transported to RCRMC, and ultimately LifeFlighted to the Arrowhead Burn Center for treatment. Seven apartments immediately adjoining the damaged apartment were evacuated for about 30 minutes while Fire officials confirmed it was safe for them to return.

Investigation revealed that the injured man. Michael Miranda (30) was inside a bathroom at the apartment attempting to create "Honey Oil" from marijuana. Honey Oil is a highly concentrated form of cannabis and can be created with the use of Butane. Several cans of butane were found in the damaged bathroom, along with other items used to create Honey Oil.

The suspect sustained serious burns over about 45% of his body. Although his injuries are not considered life-threatening, he faces many months of painful recovery. SET narcotics officers will continue the investigation this morning with a search warrant to determine if a crime was committed. Most likely, charges will be filed out of custody and could include drug manufacturing, child endangerment, and other serious crimes.

Incident Description

Dispatched to a Commercial Structure Fire Multi Family Dwelling with explosion and burn victims at 13270 Heacock St. in the City of Moreno Valley at 0055 AM. First arriving engine company E-65 found no evidence of a fire, but multiple people evacuating the 12 unit 2 story Apartment Complex. We were notified of 1 burn patient who was located in the laundry building of the complex and started ALS personnel to that location. We found 1 Male Adult 30 years of age with 2nd & 3rd degree burns estimated to cover about 65% of his upper body. FF/PM for E-65 & AMR started immediate treatment of the burn victim and he was transported Code 3 to Riverside County Region Medical Center. He was later transported to Arrowhead Regional Burn Center in San Bernardino County and is expected to survive the incident with major burns. Moreno Valley PD was on

Sent: Thursday, October 31, 2013 5:20 PM
To: Council
Cc: Executive Team
Subject: FW: P-E coverage of Amazon site selection for Moreno Valley

Mayor, Mayor Pro Tem, and Members of the City Council: I wanted you to know that I sent the following to Nels Jensen, editor at the P-E, regarding Suzanne Hurt's article on the Amazon announcement (and in particular her referencing the FBI raids in what should only have been a very positive news item). I included a cc: to Aaron Kushner, owner of the OC Register and reported new owner of the P-E.

Sent: Thursday, October 31, 2013 5:12 PM
To: 'njensen@pe.com'
Cc: 'nfoltz@ocregister.com'
Subject: P-E coverage of Amazon site selection for Moreno Valley

Good afternoon Nels:

We're increasingly frustrated with the mixed signals we seem to be receiving from the P-E. I hope that sharing a very recent example will illustrate what we're experiencing and solicit your assistance in reconciling what appear to be contradictory editorial perspectives.

When you, Deb Gruszecki and I spoke briefly on Tuesday morning at the Beacon Economics forum, I indicated that we hoped to announce some wonderfully positive news very soon. I was delighted by your reply, indicating that "we want to print good news about Moreno Valley." Within the hour, I forwarded to Deb the announcement about Amazon selecting Moreno Valley as the site for just its 4th fulfillment center in California. The announcement was replete with positive news for Moreno Valley and its residents, in particular the creation of **1,000** jobs.

Imagine my surprise and disappointment when Ms. Hurt's article on Amazon's decision included an oft-repeated account of the FBI's April 30th "raid" on the homes of Council Members and developers.

I'm confident that you'll agree that Amazon's announcement is perhaps the best news that our community has had in months, if not years. The prospect of 1,000 NEW jobs is huge, particularly for a community that has suffered unemployment as high as 15%. Yet, your reporter inserted canned copy regarding the FBI raid into a story which had absolutely no connection to the ongoing investigation. None, whatsoever.

Does your reporter's treatment of Moreno Valley news reflect your editorial philosophy? We're incredibly disappointed as it appears to directly contradict your comments to me

on Tuesday. Furthermore, I specifically forwarded that announcement to Ms. Gruszecki because 1) it is a business news item and 2) our relations with Deb were cordial and fair in the limited time she covered Moreno Valley. I can't say that we have a consistently cooperative relationship with the current reporter and her article on Amazon is a perfect example. City staff tries to be responsive to your reporter (keeping in mind that we are operating a City and we have our own deadlines); her irresponsible "reporting" makes me even less inclined to direct City staff to take any steps to assist her beyond what is required by law.

I would very much appreciate your insight.

Tom Owings
Mayor, City of Moreno Valley
14177 Frederick Street
PO Box 88005
Moreno Valley, CA 92552

Dear Mayor Owings:

As the Assemblymember who proudly represents the 61st Assembly District and Chair of the Assembly Committee on Jobs, Economic Development, and the Economy (JEDE), I would like to invite you to attend an upcoming hearing on ***The Role of Trade and Foreign Investment on the Inland Empire's Regional Economy***.

The hearing is scheduled for **Wednesday, November 6, 2013,** at the **Riverside City Council Chambers, 3900 Main Street, Riverside, California** from **10:00 a.m.** to **1:00 p.m.**

Trade and foreign investment play an integral part in the Inland Empire's economy. Among other advantages, trade and foreign investment bring new capital to the region, support job creation and business expansion, provide new technologies and skills to workers, generate local and state revenues, and generally strengthen the region's economic base.

Trade experts, international business executives, and regional civic and business leaders have been invited to make presentations at the hearing. Key issues discussed will include the region's biotech sector and foreign trade and investment, the region's strategic location in attracting foreign investment and supporting manufacturing and global distribution networks, the important role small businesses can play within global markets, and workforce challenges facing the region's global competitiveness.

JEDE is the policy committee within the California State Assembly responsible for reviewing policies and legislation related to small business development, international trade, and other economic development related issues. The committee regularly publishes reports on these areas of interest. Copies of these reports are available online at www.assembly.ca.gov under the policy committee heading.

Please join us before the start of the hearing at 9:30 a.m. for an opportunity to network with other local players who help contribute the success of our region.

To RSVP to the hearing and the pre-hearing reception, please contact Chris Manning at my Riverside Office at 951.369.6644.

Attached is a preliminary agenda for your review.

Sincerely,

JOSE MEDINA
Assemblymember, 61st Assembly District
Chair, Assembly Committee on Jobs, Economic Development and the Economy

The Role of Trade and Foreign Investment on the Inland Empire's Regional Economy

Wednesday, November 6, 2013 from 10:00 a.m. to 1:00 p.m.
City Council Chambers, Riverside City Hall in Riverside, California

Preliminary Agenda (subject to change)

International trade and foreign investment serve as critical components of California's $1.9 trillion economy. If California were a country, it would be the 17th largest exporter and the 14th largest importer in the world. Exports from California ($162 billion) accounted for over 10.5% of total U.S. exports in goods, shipping to over 220 foreign destinations in 2012. California's land, sea, and air ports of entry serve as key international commercial gateways for the $537 billion in products entering and exiting the country. Over 562,700 California workers benefit from jobs with foreign-owned firms, which accounts for 5.1% of all private sector jobs in the state. Trade and foreign investment support new job creation, bring new technologies and skills to California workers, generate local and state revenues, and generally strengthen the state's economic base.

In today's hearing, Chair Jose Medina and Members of the Assembly Committee on Jobs, Economic Development, and the Economy (JEDE Committee) will take a closer look at how foreign trade and investment support the regional economy of the Inland Empire. The JEDE Committee will hear from senior trade experts, international business leaders, and regional civic and business leaders about the role that trade and foreign investment play within the regional economy of the Inland Empire.

I. Welcome, Introductions and Opening Statements

Assemblymember Jose Medina, Chair, and other members of the JEDE Committee will provide opening statements and frame key discussion items.

II. International Trade and Foreign Investment: Profile of the Inland Empire

- *Dr. John Husing, Chief Economist with the Inland Empire Economic Partnership*
- *Commissioner Tom Freeman, Foreign Trade Commission, Riverside County*

Economic forecasts anticipate 2013 to be a good year for trade and investment for Southern California with the Port of Long Beach/Los Angeles regaining pre-recession activity levels, cargo activity at Ontario International Airport remaining strong, and BNSF/UP planning upgrades to the rail system. Inland Empire manufacturing, warehousing and logistical networks continue to grow with the attraction and expansion of foreign companies and investors. Among the region's other trade and investment strengths, are its strategic location for both foreign and domestic trade, foreign trade zones, and having a proactive county-level Foreign Trade Commission. Dr. John Husing, Chief Economist with the Inland Empire Economic Partnership, and Commissioner Tom Freeman with the Riverside County Trade Commission will discuss the importance of trade and foreign investment within the region and highlight key actions the region could be taking to more fully leverage the region's strategic location and economic advantages within the global marketplace.

III. Creating Competitive Advantages within the Inland Empire

- *Dr. Imran Farooq - Chief Advisor for Inland Southern California iHUB*
- *Dr. Michael Pazzani, Vice Chancellor for Research and Economic Development, U.C. Riverside*
- *Mr. Paul Cramer, Director of Sales with Star Milling Co.*
- *Mr. John Walburg, Manager of Marketing and Sales, California Steel Industries, Inc.*

In this second panel, the presentations will focus on distinct, yet economically linked, resources within the Inland Empire. Dr. Farooq from the Inland SoCal iHUB will be discussing the region's globally significant logistics network. Mr. Cramer and Mr. Walburg will provide insights on how the global economy affects the day-to-day operations of their companies including recommendations on how the region can become more globally competitive and supportive of companies that utilize foreign trade and investment in their business activities.

II. Public Comment

Those interested in speaking during the public comment period should sign-up at the registration table.

IV. Summary of Key Findings and Closing Remarks

Participants will be invited to share final comments and provide recommendations on further actions.

Subject: Pit Bull attack with injuries

Good morning,

Today about 7:34 AM, officers were flagged down in the area of Kitching and Cottonwood reference a Pit Bull attack on a child. An 8 year-old girl was walking alone to Moreno Elementary School at 24700 Cottonwood when she was attacked by 4 loose pit bull dogs. She suffered multiple injuries that do not appear to be life-threatening. She was transported to RCRMC for treatment. Moreno Valley Animal Control responded to a call from officials at Moreno Elementary School concerning 4 loose pit bulls on campus. The Animal Control officer was able to capture 3 of the 4 dogs. Investigation revealed the dogs are owned by a family who lives in the 27000 block of Cottonwood. ACO and the investigating officer will attempt to locate/detain the 4th dog and contact the owner. The dogs will be quarantined. The investigation is ongoing and I will keep you updated.

Tom and Victoria,

Since you are meeting with Supt. Lopez for lunch tomorrow, would you like to compare calendars for the school visits? Because these tours involve so much walking, would you like to visit an elementary and middle school one day and the high school another day? If you don't check calendars with Supt. Lopez tomorrow, would you please provide me with several dates and times that work for both of you.

Thank you.

Subject: State Controller's Office Audit of RDA/Successor Agency

Mayor, Mayor Pro Tem and Members of the City Council:

Last week, the City was notified by the State Controller's Office that their auditors will begin a comprehensive Asset Transfer Review of the former RDA and the Successor Agency on Monday November 4th. This is a routine review of all RDAs throughout the state that City staff has been expecting. The review will take about two weeks to complete. The purpose of the audit is to determine whether the disposition of the former redevelopment agency's assets were in compliance with Assembly Bill X1 26. Based on news reports of reviews of other Cities/former RDAs, the review will be thorough and in-depth to ensure all assets transferred, accounting and payments have been performed within the context of the law and subsequent interpretations of the law. Please know that the outcome of these audits at other cities has oftentimes resulted in the State Controller's Office issuing information to the media regarding RDA/CITY fund transfers, etc. As an example, the P-E printed the following story based upon information from the audit done at the City of Riverside:
http://www.pe.com/local-news/politics/jim-miller-headlines/20130516-redevelopment-state-audit-faults-riverside-on-asset-transfers.ece

Rick Teichert will update you on the progress of the review and any significant issues that may occur during the course of the audit work.

Subject: Possible halloween candy tampering

Good afternoon,

This morning, officers responded to Kaiser hospital reference a 2-year old boy suffering from methamphetamine intoxication. An extensive investigation was conducted by MVPD officers and the Sheriff's Drug Endangered Children Unit. At this time, it appears the child may have ingested the drug when he ate halloween candy. His candy has been sent to the California Department of Justice laboratory for testing in an effort to identify the source.

A press release is being sent to encourage parents to check their kids candy before it is eaten.

The child is expected to make a full recovery.

Subject: Food Tampering Incident

MORENO VALLEY **News Release**

Food Tampering Incident

RIVERSIDE COUNTY SHERIFF'S DEPARTMENT
Sheriff Stanley Sniff
Moreno Valley Station

Moreno Valley Police Department

Press Release:

Type of Incident:	Food Tampering		
Date Written:	November 3, 2013	Time Written:	3:00 PM
Date of Incident:	November 3, 2013	Time of Incident:	2:00 AM
Location of Incident:	25000 Block of Calabria Way, Moreno Valley		
Reporting Officer:	Sergeant Curt Bright		
File Number:	MV133070048		

Details:

On November, 2, 2013, at 9:00 P.M. a child was taken to a local hospital after exhibiting symptoms of someone who had ingested an illegal drug. Earlier in the evening the child had been playing with other kids at a neighbor's house. The child's mother took the child home after about thirty minutes. Within minutes of arriving home, the child began exhibiting symptoms of being under the influence. The child's mother immediately took the child to a local hospital.

During the investigation, officers discovered the child may have consumed candy that was tampered with. The ingested candy was believed to have been collected while trick-or-treating on Halloween in the 25000 block of Calabria Way, Moreno Valley. At this time, there have been no other reports of anyone in the community becoming ill from ingesting tampered candies.

The department would like to remind parents to tell their children not to eat treats until parents have inspected them. Do not give homemade or unwrapped treats to children and discard any items which may appeared to be tampered with.

Note: Due to the urgent nature of this alert, this press release is being sent to all City e-subscribers. Some people may receive duplicate emails if they have subscribed to multiple lists. We apologize for any inconvenience this may cause and thank you for your understanding.

The Riverside County Sheriff's Department is seeking applicants for Deputy Sheriff, Deputy Sheriff Trainee, Correctional Deputy, Sheriff's 911 Communications Officer, and other employment opportunities such as clerical and support positions. If you are interested in a career with us, please apply at www.joinrsd.org or call 1-888-Join-RSD

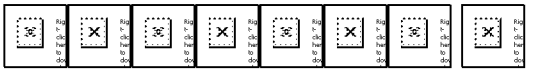
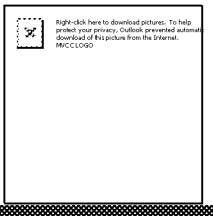
Subject: SR 60 Corridor Study - Public Meetings





Moreno Valley Chamber of Commerce

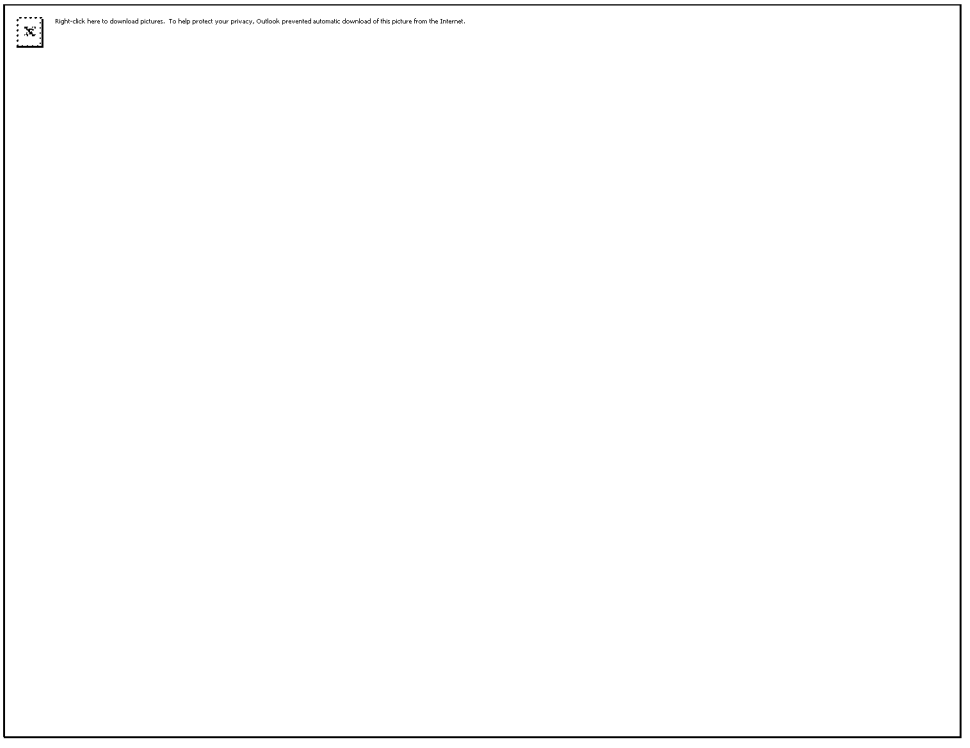
State Route 60 East Corridor Study Public Meetings

The SR60 East Corridor Study will identify land use alternatives for four sub-areas along the freeway with consideration of highest and best land use. The study area traverses along the eastern portion of Highway 60, from roughly Nason Street to the City limits from west to east and Hemlock Avenue to Eucalyptus Avenue from north to south. Please see the map below for specific location details.

The City of Moreno Valley, with assistance from the City's Consultant Raimi and Associates, has prepared a preferred concept and two additional alternative land use concepts for public review available with the Planning Commission staff report. The information provided focuses on long-term goals and policy guidance for any future land use modification proposals within the study area. A Community Workshop on October 14, 2013 provided the opportunity to review land use alternatives with stakeholders, property owners, and residents. The input received at the Community Workshop has facilitated the development of the land use study. Three alternatives were presented at the Community Workshop. Based on considerable public input, the consultant along with staff developed the preferred alternative. The preferred alternative is similar to Alternative 1 presented at the meeting.

Two project meetings have been established to review the informational documents. On November 14, 2014, the Planning Commission will be conducting a public meeting to review information provided from Study conclusions at 7:00 pm in the Council Chambers at City Hall, 14177 Frederick Street. A City Council public meeting will likely take place on December 10, 2013. The City's public website will have updated information for specific dates/times of future meetings.

Please see the Highway 60 East Corridor area map below.



For more information on this project, please contact Mark Gross, Senior Planner at (951) 413-3215 or the Moreno Valley Planning Division at (951) 413-3206.

Subject: Search warrant and arrests

Good afternoon,

On 11-02-13, SET Gang officers, assisted by patrol officers, served a search warrant at a residence in the 26000 block of Nublado. Officers detained two subjects and located a laptop stolen from a victim in the city of Perris. Suspect Bryan Gholson (24) was arrested and booked for possession of stolen property. The second person detained was identified as Kenneth Boone (19), a documented member of the criminal street gang known as "South Side Mafia." Boone is wanted in connection with two separate gang-related shootings in the city of Perris. He was booked on two counts of assault with a deadly weapon.

Good afternoon,

On May 25, 2013, Patrol officers responded to the Popeye's Chicken restaurant at 26510 Iris Avenue reference an armed robbery just occurred. Another Patrol officer spotted the suspect speeding away from the area and gave chase. The suspect abandoned his vehicle in the parking lot at RCRMC and attempted to evade capture by blending in with patients at the hospital. That did not work and he was quickly taken into custody. A search of his vehicle revealed a loaded firearm. The Robbery Suppression Team picked up the investigation and began preparing a search warrant for his residence. While doing so, they learned the suspect matched the description of a suspect in 4 additional robberies in the city of Perris, as well as an additional robbery in Moreno Valley. The Robbery and Burglary Suppression Teams served the warrant on the suspect's residence and located several items used in these previous robberies. They also located the suspect's cell phone. Officers obtained a second search warrant to check phone records. Those records proved the suspect was in the immediate area of each robbery when the robberies occurred.

On September 18, 2013, defendant David Benitez (34) of Perris, pled guilty to all of the above listed robberies and was sentenced to 15 years in state prison. This suspect was a one-man crime wave seriously impacting businesses and patrons in both Moreno Valley and Perris. Between January 30, 2013 and May 25, 2013, he committed no fewer than 6 armed robberies. Based on normal sentencing guidelines, he should serve at least 12.75 years before becoming eligible for parole. Congratulations and thanks to Patrol and RST/BST for putting this case together and making Moreno Valley and Perris safer communities for all.

Subject: Town Hall Meeting

Greetings Mayor & City Council Members,

As part of the City of Moreno Valley, Rising Stars Business Academy YouthBuild Charter School wants to thank you for serving as our Mayor and Councilmembers. Rising Stars Business Academy (RSBA) is a 501(c)3 non-profit organization in the city of Moreno Valley, CA. In order for the students to get their WASC accredited High School Diploma, RSBA partnered with YouthBuild Charter School of California (YCSC).

Since the beginning of the year, September 3rd, the students projects all revolved around the essential question which is "What are the needs of our community?" At the end of every trimester the students are required to participate in the culminating project in order to receive full credit. This trimester the students want to coordinate a Town Hall Meeting.

We are scheduled to have a Town Hall Meeting at our school on Thursday, November 14th at 11:00AM. It is essential to have our City, County, District & State officials present. We would love to have you present at the meeting. The students have been studying the importance of the Mayor and Councilmembers. All next week the students will formulate questions that will be directed toward the symposium guests.

We understand that you must be really busy, but it would be of great honor to have you present at the meeting. We want this to be a great educational experience for our students and allow you to hear from firsthand what the youth in your city feel is a concern and need more attention. In appreciation, there will be a catered lunch for all of our honorary guests.

Thank you for taking the time out to read this message and if you can please notify me by November 6th if you or a representative can attend to address the youth.

Respectfully,
Benedito Orduno

Subject: Sheriff's Academy Graduation - Invitation

Good afternoon,

The graduation ceremony for the Sheriff's Basic Academy Class 191 will be held on November 21, 2013 at 6:00 PM. The ceremony will be held at The Grove Community Church located at 19900 Grove Community Dr., Riverside, CA 92508.

I'd like to invite you to attend this special event and watch as newly minted peace officers are sworn in. The ceremonies are impressive and reflective of the sacrifices made by both the academy recruits and their families during six months of arduous training. Recruits from several agencies will receive their badge of office during the ceremony. Hundreds of family members and supporters will be present, but don't worry, there is plenty of seating available. I look forward to seeing you there!

MORENO VALLEY

CITY OF MORENO VALLEY
Community & Economic Development Department
Building & Safety Division

MEMORANDUM

To: Barry Foster, Community and Economic Development Director

From: Anne Schneider, PE, Building Official

Date: January 24, 2013

Subject: Response of the Building and Safety Division to CRM

This is the partial text of the CRM we received Tuesday January 22, 2013.

Please investigate on behalf of Mayor Owings and advise the outcome.

Mr. Fisher submitted a letter (attached) regarding a dispute with Building and Safety regarding the building permits for a "guest house" located at 13850 Belia Ct.
Text of letter is attached separately.

Here is the proposed response.

Anne Schneider, PE, Building Division Manager/Building Official on 01/24/13: Building & Safety received a complaint of substandard conditions at 13850 Belia Ct. An inspection was conducted on November 26, 2012 and substandard living conditions were found to exist at the property.

A review was conducted of the permit history for the property with the following items noted. See attached map for identification of each structure on property.

Structure 1

Structure 1 is a 2812 square foot home with a detached 800 square foot garage and 592 square feet of patios & porches.
The property owner obtained a custom home approval from Planning, Plot Plan PP1946 and a Building permit, #9411845 from Building & Safety. (See attached copy). The home received final approval for occupancy on September 9, 1994.

Structure 2

Structure 2 is a 1000 square foot addition to Structure 1 that was permitted for a workshop and storage room, with plumbing and electrical installations but no mechanical (heating or air-conditioning) equipment under Building permit #9412845. (See attached copy). This area was specifically noted on the permit, which is signed by Mrs. Beverly Fisher, as "No second unit permit'd".

Structure 3

Structure 3 is a 2400 square foot home with an attached 500 square foot garage.
The property owner obtained a custom home approval for a second unit on the property from Planning, Plot Plan PP2003 and a Building permit, #9414588 from Building & Safety. The "second unit" home received final approval for occupancy on April 28, 1995.

Per the Planning Division requirements, a maximum of two dwelling units are permitted at the property. A third unit is not permitted. The property owner was informed of this in writing at the time the permit for the "workshop and storage room" was issued and the room was in compliance with that requirement at the time of the final inspection in April of 1995.

The tenant renting the "workshop" provided access to the rental unit for inspection on November 26, 2012. The photographs taken during the inspection clearly show the use of the "workshop & storage room" as a separate dwelling unit. (See attached photos.) The photographs document construction done after the final inspection was completed. There have been no permits for this construction obtained.

On December 19, 2012, the property owner provided eviction paper work for the workshop unit to Building & Safety. The landlord initiated eviction proceedings against the tenant on November 28, 2012. The property owner provided a rental agreement showing that the space is being rented as a separate unit. Based on receipt of the eviction notice, further enforcement action against the property owner has been suspended until the hearing date of February 8, 2013 as shown in the eviction papers. As long as the property owner diligently continues with the eviction proceedings, further punitive action against the property owner is suspended. If the property owner fails to complete the eviction and allows the tenant to remain, the enforcement action will immediately resume.

The property owner must remove all illegal construction, including the entire kitchen, separate water heater system, new heating system and interior partitions constructed without permits.

No documentation that is contrary to these stated facts had been provided by the property owner. If he wishes to submit the information he believes clarifies the situation at the property, he is welcome to do so. He will be contacted and a request made to

MV00255267

submit any information that he feels is relevant to this issue. All information provided herein is from public records available to the property owner.

CRM MV-14669-P356

Sir

My wife and I are writing you to solicit your help in solving a dispute we are having with the Building and Safety Dept. We have spoken to a number of people both in the Building and Safety and Planning Departments with no resolution to the problem.

In 1994 my father had built the house we are living in now. In addition to this house he had built a small house attached to the rear of this house. The purpose of the rear house was for him to live there during the last years of his life and we could take care of him. He was the sole owner of the property and house. In 1996 he added my wife and I to the deed to make an easier transfer of title after his death. When he died in 1998 we became sole owners of the house.

After his passing I found a copy of the building permits and inspection records for both the main house and the rear unit. Both the building permit and inspection record labels the rear house a "Guest House" After his passing my wife and I rented out the rear house. We did not receive criteria concerning what a guest house can and cannot be used for.

Last month we gave the couple that were renting notice that we no longer wanted to rent to them. They became very vindictive and they did everything they could think of to get even with us. In fact it became so bad that we had to get a court ordered restraining order against the man. One thing this man did was call the building and safety department to complain about a number of things. The inspector came out and spoke to him. While he was there I tried to speak to him but he refused to talk to me. So my wife and I went down to the office and spoke to the person at the counter. We explained to her what we had and what was going on. She than told us that we cannot rent out a "guest house". We told her that we did not know and we are in the process of evicting the tenant now. We also told her once he is out we will not rent it out in the future. She said that was good. It shows we are trying to comply with the code.

Since that time we managed to speak to the inspector who came out for this person's complaint. During the conversation he told us that we converted a "workshop" into a livable house. I tried to tell him and show him written proof that this house was built as a guest house and we did not convert anything. We inherited it from my father just the way it is today. He refused to listen to me and look at the written proof I had. He also told be that I was the owner and I built the house as a licensed contractor without a business license. I tried to tell him I did not build the house as a licensed contractor. I helped my father build it as his son. He did not hire me to do the work. But again he refused to listen to me.

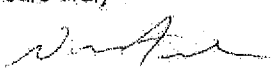
Now here is the problem. I asked the inspector what does he want me to do. He said I have to basically gut the inside so it will no longer be livable. We tried to tell him that is an unreasonable request since everything in it was inspected and approved. We were fined $100 dollars for the, quote, illegal conversion and given until Jan 2, 2013 to comply with his request. My wife and I told him that we cannot do that because the people we are evicting will not move out and in all likelihood they will not move until they are ushered out by the police. We told him we need more time. We also told him we did not convert the house, we inherited it the way it is today. He said he will not give it to us and the fine will continue to increase. I asked to speak to his supervisor but he ignored me. We than went up to your office and asked to see you. The woman we spoke to asked what was it concerning. We told her and she said she would be right back. In a few minutes she returned and told us that the head of the Building and Safety department said for us to bring in the eviction papers and we would be given more time. As soon as we received the papers from our attorney we brought them into the office.

While we were there we spoke to someone in the planning department and asked if Guest houses were permited in the city. She said they were as long as we meet the criteria. She told us what they were and we do meet them. So I than asked her what do we need to do in order to keep this rear unit as a guest house, not to rent in out, but to use for family and friends who visit us from time to time. We than went to the Building department and asked them the same thing. Basically we were told that we just have to start from scratch. We have to pay all the fees and have it inspected again. We just don't understand why we have to pay all the fees again and have it inspected when the fees were paid and it was inspected and approved when it was first built. They gave us an estimate of what the fees would be and they could amount to almost $5000. I am retired and my wife does not work. We cannot afford that amount.

Why is it when a vindictive person calls to complain we suddenly have to either have to tear down what has been approved or pay more money to keep it as it is. This house has been in existence for nearly 20 years. Our only mistake was renting it out after my father's death. We did that not knowing any better. Now that we know we will comply with the code. It is not fair nor right for us to repay all the fees again.

Any help and clarification on this matter will be greatly appreciated

Yours Truly



Norman Fisher

Division of Industrial Safety Permit No. _____

HAZARDOUS MATERIALS AND EMISSIONS CERTIFICATION
(These requirements do not apply to residential construction)

Permit Number: _____ Date: _____

1. Will the applicant or present or future building occupant need to file and certify a Business Plan for emergency response to a release or threatened release of a hazardous material?

Yes ☐ No ☐

(Section 25505 of the California Health and Safety Code requires, with some exceptions, that a Business Plan be filed with the County of Riverside by every business which has at any one time during a reporting year a quantity of hazardous materials equal to or greater than a weight of 500 pounds, or a volume of 55 gallons, or 200 cubic feet of compressed gas at standard temperature and pressure).

2. Does or will the applicant or present or future building occupant need to file a registration form for acutely hazardous material?

Yes ☐ No ☐

(Section 25533 of the California Health and Safety Code, with some exceptions, requires registration with the County of Riverside by each business which at any one time has on hand a quantity of acutely hazardous materials equal to or greater than a weight of 500 pounds, or a volume of 55 gallons, or 200 cubic feet of compressed gas at standard temperature and pressure).

3. Does or will the applicant or present or future building occupant need to prepare an RMPP (Risk Management and Prevention Program for acutely hazardous materials)?

Yes ☐ No ☐

(Section 25534 of the California Health and Safety Code provides that the County of Riverside may require the preparation, certification and filing with the County of an RMPP by businesses which are required to register acutely hazardous materials with the County).

4. If an RMPP is presently required, has Section 25534 of the California Health and Safety Code been fully complied with?

Yes ☐ No ☐

5. Does or will the applicant or present or future building occupant required for the work which is the subject of this application a permit for such construction or modification from the South Coast Air Quality Management District or from any other air pollution control district or agency?

Yes ☐ No ☐

(Section 65850.2 of the California Government Code requires that the requested information be furnished on applications for non-residential building permits).

6. Will any part of the facility to be constructed under this permit be within 1000 feet from the outer boundaries of a school?

Yes ☐ No ☐

(If "yes", the facility must meet the requirement of Sections 25534 and 42301 of the California Health and Safety Code).

7. If a permit from the South Coast Air Quality Management District or other air pollution control district or agency is required for the work which is the subject of this application, have all of the disclosures prescribed by California Health and Safety Code Section 42303 been made?

Yes ☐ No ☐

(If "yes", attach certificate of compliance from the appropriate air pollution control district).

Certificate of compliance: I certify that under penalty of perjury the information given above is correct. I agree to comply with all state laws and city ordinances regarding Hazardous Materials and Emissions.

MORENO VALLEY

CITY OF MORENO VALLEY
Community & Economic Development Department
Building & Safety Division

MEMORANDUM

To: Barry Foster, Community and Economic Development Director

From: Anne Schneider, PE, Building Official

Date: January 24, 2013

Subject: Response of the Building and Safety Division to CRM

This is the partial text of the CRM we received Tuesday January 22, 2013.

Please investigate on behalf of Mayor Owings and advise the outcome.

Mr. Fisher submitted a letter (attached) regarding a dispute with Building and Safety regarding the building permits for a "guest house" located at 13850 Belia Ct.
Text of letter is attached separately.

Here is the proposed response.

Anne Schneider, PE, Building Division Manager/Building Official on 01/24/13: Building & Safety received a complaint of substandard conditions at 13850 Belia Ct. An inspection was conducted on November 26, 2012 and substandard living conditions were found to exist at the property.

A review was conducted of the permit history for the property with the following items noted. See attached map for identification of each structure on property.

Structure 1

Structure 1 is a 2812 square foot home with a detached 800 square foot garage and 592 square feet of patios & porches.
The property owner obtained a custom home approval from Planning, Plot Plan PP1946 and a Building permit, #9411845 from Building & Safety. (See attached copy). The home received final approval for occupancy on September 9, 1994.

Structure 2

Structure 2 is a 1000 square foot addition to Structure 1 that was permitted for a workshop and storage room, with plumbing and electrical installations but no mechanical (heating or air-conditioning) equipment under Building permit #9412845. (See attached copy). This area was specifically noted on the permit, which is signed by Mrs. Beverly Fisher, as "No second unit permit'd".

Structure 3

Structure 3 is a 2400 square foot home with an attached 500 square foot garage.
The property owner obtained a custom home approval for a second unit on the property from Planning, Plot Plan PP2003 and a Building permit, #9414588 from Building & Safety. The "second unit" home received final approval for occupancy on April 28, 1995.

Per the Planning Division requirements, a maximum of two dwelling units are permitted at the property. A third unit is not permitted. The property owner was informed of this in writing at the time the permit for the "workshop and storage room" was issued and the room was in compliance with that requirement at the time of the final inspection in April of 1995.

The tenant renting the "workshop" provided access to the rental unit for inspection on November 26, 2012. The photographs taken during the inspection clearly show the use of the "workshop & storage room" as a separate dwelling unit. (See attached photos.) The photographs document construction done after the final inspection was completed. There have been no permits for this construction obtained.

On December 19, 2012, the property owner provided eviction paper work for the workshop unit to Building & Safety. The landlord initiated eviction proceedings against the tenant on November 28, 2012. The property owner provided a rental agreement showing that the space is being rented as a separate unit. Based on receipt of the eviction notice, further enforcement action against the property owner has been suspended until the hearing date of February 8, 2013 as shown in the eviction papers. As long as the property owner diligently continues with the eviction proceedings, further punitive action against the property owner is suspended. If the property owner fails to complete the eviction and allows the tenant to remain, the enforcement action will immediately resume.

The property owner must remove all illegal construction, including the entire kitchen, separate water heater system, new heating system and interior partitions constructed without permits.

No documentation that is contrary to these stated facts had been provided by the property owner. If he wishes to submit the information he believes clarifies the situation at the property, he is welcome to do so. He will be contacted and a request made to

MV00255280

submit any information that he feels is relevant to this issue. All information provided herein is from public records available to the property owner.

CRM MV-14669-P356

Sir

My wife and I are writing you to solicit your help in solving a dispute we are having with the Building and Safety Dept. We have spoken to a number of people both in the Building and Safety and Planning Departments with no resolution to the problem.

In 1994 my father had built the house we are living in now. In addition to this house he had built a small house attached to the rear of this house. The purpose of the rear house was for him to live there during the last years of his life and we could take care of him. He was the sole owner of the property and house. In 1996 he added my wife and I to the deed to make an easier transfer of title after his death. When he died in 1998 we became sole owners of the house.

After his passing I found a copy of the building permits and inspection records for both the main house and the rear unit. Both the building permit and inspection record labels the rear house a "Guest House" After his passing my wife and I rented out the rear house. We did not receive criteria concerning what a guest house can and cannot be used for.

Last month we gave the couple that were renting notice that we no longer wanted to rent to them. They became very vindictive and they did everything they could think of to get even with us. In fact it became so bad that we had to get a court ordered restraining order against the man. One thing this man did was call the building and safety department to complain about a number of things. The inspector came out and spoke to him. While he was there I tried to speak to him but he refused to talk to me. So my wife and I went down to the office and spoke to the person at the counter. We explained to her what we had and what was going on. She than told us that we cannot rent out a "guest house". We told her that we did not know and we are in the process of evicting the tenant now. We also told her once he is out we will not rent it out in the future. She said that was good. It shows we are trying to comply with the code.

Since that time we managed to speak to the inspector who came out for this person's complaint. During the conversation he told us that we converted a "workshop" into a livable house. I tried to tell him and show him written proof that this house was built as a guest house and we did not convert anything. We inherited it from my father just the way it is today. He refused to listen to me and look at the written proof I had. He also told be that I was the owner and I built the house as a licensed contractor without a business license. I tried to tell him I did not build the house as a licensed contractor. I helped my father build it as his son. He did not hire me to do the work. But again he refused to listen to me.

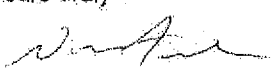
Now here is the problem. I asked the inspector what does he want me to do. He said I have to basically gut the inside so it will no longer be livable. We tried to tell him that is an unreasonable request since everything in it was inspected and approved. We were fined $100 dollars for the, quote, illegal conversion and given until Jan 2, 2013 to comply with his request. My wife and I told him that we cannot do that because the people we are evicting will not move out and in all likelihood they will not move until they are ushered out by the police. We told him we need more time. We also told him we did not convert the house, we inherited it the way it is today. He said he will not give it to us and the fine will continue to increase. I asked to speak to his supervisor but he ignored me. We than went up to your office and asked to see you. The woman we spoke to asked what was it concerning. We told her and she said she would be right back. In a few minutes she returned and told us that the head of the Building and Safety department said for us to bring in the eviction papers and we would be given more time. As soon as we received the papers from our attorney we brought them into the office.

While we were there we spoke to someone in the planning department and asked if Guest houses were permited in the city. She said they were as long as we meet the criteria. She told us what they were and we do meet them. So I than asked her what do we need to do in order to keep this rear unit as a guest house, not to rent in out, but to use for family and friends who visit us from time to time. We than went to the Building department and asked them the same thing. Basically we were told that we just have to start from scratch. We have to pay all the fees and have it inspected again. We just don't understand why we have to pay all the fees again and have it inspected when the fees were paid and it was inspected and approved when it was first built. They gave us an estimate of what the fees would be and they could amount to almost $5000. I am retired and my wife does not work. We cannot afford that amount.

Why is it when a vindictive person calls to complain we suddenly have to either have to tear down what has been approved or pay more money to keep it as it is. This house has been in existence for nearly 20 years. Our only mistake was renting it out after my father's death. We did that not knowing any better. Now that we know we will comply with the code. It is not fair nor right for us to repay all the fees again.

Any help and clarification on this matter will be greatly appreciated

Yours Truly



Norman Fisher

☐ **CERTIFICATE OF EXEMPTION FROM WORKERS' COMPENSATION INSURANCE:** This section need not be completed if the work to be performed under this permit is valued at one hundred ($100) or less. I certify that in the performance of the work for which this permit is issued, I shall not employ any person in any manner so as to become subject to Workers' Compensation Laws of California.

Date _____

Applicant _____

NOTICE TO APPLICANT: If, after making this Certificate of Exemption, you should become subject to the Workers' Compensation provisions of the Labor Code, you must forthwith comply with such provisions or this permit shall be deemed revoked.

☐ **WORKERS' COMPENSATION DECLARATION:** I hereby affirm that I have a certificate of consent to self-insure, or a certificate of Workers' Compensation Insurance, or a certified copy thereof. Sec. 3800, Lab. C.)

☐ Certified copy is hereby furnished.

☐ Certified copy is already filed with the Community Development Department of the City of Moreno Valley.

☐ **DIVISION OF INDUSTRIAL SAFETY PERMIT CERTIFICATION:** I hereby certify that no excavation five (5) or more feet in depth into which a person is required to descend, will be made in connection with work authorized by this permit, and that no building, structure, scaffolding, falsework, or demolition or dismantling thereof, will be more than thirty-six (36) feet high. (Chap. 3.2, Grp 2, Art 2, Sec. 341, Title 8, California Administrative Code).

☐ As owner, I will not employ anyone to do work which would require a permit from the Division of Industrial Safety, as noted above, unless such person has a permit to do such work from the Division.

☐

Division of Industrial Safety Permit No. _____

HAZARDOUS MATERIALS AND EMISSIONS CERTIFICATION
(These requirements do not apply to residential construction)

Permit Number: _____ Date: _____

1. Will the applicant or present or future building occupant need to file and certify a Business Plan for emergency response to a release or threatened release of a hazardous material?

Yes ☐ No ☐

(Section 25505 of the California Health and Safety Code requires, with some exceptions, that a Business Plan be filed with the County of Riverside by every business which has at any one time during a reporting year a quantity of hazardous materials equal to or greater than a weight of 500 pounds, or a volume of 55 gallons, or 200 cubic feet of compressed gas at standard temperature and pressure).

2. Does or will the applicant or present or future building occupant need to file a registration form for acutely hazardous material?

Yes ☐ No ☐

(Section 25533 of the California Health and Safety Code, with some exceptions, requires registration with the County of Riverside by each business which at any one time has on hand a quantity of acutely hazardous materials equal to or greater than a weight of 500 pounds, or a volume of 55 gallons, or 200 cubic feet of compressed gas at standard temperature and pressure).

3. Does or will the applicant or present or future building occupant need to prepare an RMPP (Risk Management and Prevention Program for acutely hazardous materials)?

Yes ☐ No ☐

(Section 25534 of the California Health and Safety Code provides that the County of Riverside may require the preparation, certification and filing with the County of an RMPP by businesses which are required to register acutely hazardous materials with the County).

4. If an RMPP is presently required, has Section 25534 of the California Health and Safety Code been fully complied with?

Yes ☐ No ☐

5. Does or will the applicant or present or future building occupant required for the work which is the subject of this application a permit for such construction or modification from the South Coast Air Quality Management District or from any other air pollution control district or agency?

Yes ☐ No ☐

(Section 65850.2 of the California Government Code requires that the requested information be furnished on applications for non-residential building permits).

6. Will any part of the facility to be constructed under this permit be within 1000 feet from the outer boundaries of a school?

Yes ☐ No ☐

(If "yes", the facility must meet the requirement of Sections 25534 and 42301 of the California Health and Safety Code).

7. If a permit from the South Coast Air Quality Management District or other air pollution control district or agency is required for the work which is the subject of this application, have all of the disclosures prescribed by California Health and Safety Code Section 42303 been made?

Yes ☐ No ☐

(If "yes", attach certificate of compliance from the appropriate air pollution control district).

Certificate of compliance: I certify that under penalty of perjury the information given above is correct. I agree to comply with all state laws and city ordinances regarding Hazardous Materials and Emissions.

Subject: Section 8 fraud investigation

Good evening,

The MVPD Special Enforcement Team served another search warrant today related to Section 8 housing assistance fraud. The residence in question is located in the 25700 block of Coriander, Moreno Valley. Investigation revealed that the primary resident, Julie Telles (49 years old) perjured herself on the Section 8 forms and fraudulently received over $73,000 in Section 8 housing assistance. Officers also discovered that she was involved in the illegal sale of prescription medications. Telles was booked into RPDC on charges of perjury, Fraud, Defrauding a government entity, and drug sales. Two additional adult male suspects are being sought for various weapons related offenses.

This case is the fourth Section 8 fraud case investigated in recent weeks. In each case, HUD has canceled the fraudulently obtained government assistance and sought restitution, forcing the criminals living in our community to pack up and leave. An added benefit of these investigations is that once convicted, the offenders can never legally receive Section 8 assistance again.

The MVPD SET Team has been very successful addressing criminals in our community using this approach. As a result, we have established a team of two Detectives who will spearhead the effort to pursue all criminals who seek to defraud the system by illegally obtaining Section 8 housing assistance. I will keep you updated on our efforts.

Subject: FW: Youth Sports Budget Concerns

Please forward to the City Council

As a follow up to the last City Council meeting I wanted to provide the Council with an update as to where Parks and Community Services is in regards to working with our local youth athletic organizations in trying to help them meet any and all budgetary issues. Currently all youth groups (football, soccer and baseball) are current in paying their field rental and lighting fees except Moreno Valley Little League. As indicated in my staff report, collaborating with MVLL as well as Diamond Girls Softball and Canyon Springs Little League has allowed us to offer significant revenue generating possibilities to MVLL for this year's season. Staff is anxious to review the outcome of these new revenue possibilities and evaluate their success with the organization. Staff will also be reviewing the fee structure as part of this fiscal year's budget process in conjunction with assessing the City's current fee structure. If I can provide any further information please let me know.

Thank you.

Mike

Subject: Residential Structure Fire NOTIFICATION, Council District # 1

Good evening,

Please see the attached notification of a residential structure fire in the City of Moreno Valley.

Below is a short narrative for ease of reading on mobile devices:

Moreno Valley Firefighters were called to the 13000 block of Harewood Drive in the City of Moreno Valley for a reported Residential Structure Fire. Upon arrival firefighters found a 2-story single family residence with moderate smoke issuing from a gable vent on the "B" side of the residence. Firefighters deployed interior attack lines while coordinating ventilation operations and searching for any potential victims. After a quick knock down it was observed by firefighters that the home appeared to have been vandalized. Multiple windows had been broken throughout and damage was observed from within. The fire was contained to one room with smoke damage throughout. The home was vacant with no furnishings. CALFIRE Arson investigators were requested to investigate the cause of the fire. The cause at this time does appear to be intentional.

Any questions please call,

Silvio Lanzas
Battalion Chief - Moreno Valley Division

CAL FIRE
Riverside County Fire Department

Subject: Re: Juanita Barnes

Good morning Commissioners, Here is the latest. Commissioner Barnes is doing as well as can be expected at this time. The only thing she is asking is that the Commissioners and whatever city officials who have worked with her to attend her daughters funeral service. It will be on Saturday at the Rubidoux Campus, Cathedral of Praise, located at 2591 Rubidoux St./Blvd., Riverside Ca. at 11:30 am. Of course, any financial gifts or cards you may want to send would be appreciated. Her address is 13411 Jo Ann St., Moreno Valley Ca., 92553.

Hello Commissioners, 2/7/13 11:20 am

As many if not all of you know, Our own Commissioner Barnes daughter passed recently and of course we want to do something for her and the family. I have not spoken to Ms. Barnes yet, but we want to offer a token of love towards the family. Please contact me individually at jcbaker2@earthlink.net and give your thoughts and suggestions, and please pray for the family in this time of bereavement

Thank You
Commissioner James C. Baker II
Chair, Parks & Recreation Commission

Subject: Injury collision - update

Good evening,

The investigation into the collision I reported to you earlier has been completed. Initial reports from firefighters indicated that one of the drivers might be DUI. Further investigation revealed that alcohol was not involved in this crash.

The roadway was closed for 5 hours and has now been reopened. The injured victim is in serious condition, but is expected to survive. A press release will be issued.

Good night,

Joel

Subject: FW: Sunnymead Blvd. Weed Abatement Project

Mayor, Mayor Pro Tem, and Members of the City Council: the homeless encampment on the north side of Sunnymead Blvd. by the Chuck E. Cheese has been a source of complaints from Council Members, business owners and residents for some time. A major part of the problem has been that the trees on the property in question have provided the homeless with shelter and coverage and the property owner hasn't been willing to clear it up. The City hasn't been able to abate the property due to issues with the CA Dept of Fish & Wildlife. After many months of determined effort, Fire Marshall Randy Metz and Code and Neighborhood Services Official Al Brady have finally secured the necessary permit to get the abatement done. Please see Randy's update below.

Subject: Sunnymead Blvd. Weed Abatement Project

All,

The time has finally arrived where we have a draft permit in hand to perform the abatement on the Sunnymead Blvd. lot next to Chuck E. Cheese. After a 90 submittal process with the California Department of Fish & Wildlife (DFW), they have issued the city a draft permit with the permanent 5 year maintenance permit to follow in March. This will allow our abatement contractor to perform the required work prior to the March 1, 2013 deadline for the nesting seasons outlined by the DFW. Both of our city abatement contractors provided bids for the work and the lowest bidder, Natures Image, was selected. Natures Image also specializes in environmental remediation projects and regularly works with DFW to achieve compliance within permit specifications. At this time we anticipate the total costs for the abatement contractor, permit fees to DFW, staff cost recovery time, and county filing fees with the assessor's office to be somewhere between $24,000 and $25,000.

The contractor is scheduled to begin the onsite work this Thursday, February 21, and work Thursday, Friday, Monday & Tuesday to complete the abatement and haul off of all vegetation and debris. Fire Prevention staff will be present onsite with the abatement contractor and the environmental engineer with the DFW may stop by the parcel, time permitting. We anticipate that this process will be completed by Wednesday at the latest, in advance of the March 1 deadline. Once we have completed the abatement work, we will advise you all of the outcome. A statement of costs will be provided to the parcel owner for payment. In the event that they do not respond to the SOC, we will be including this parcel on our Nuisance Abatement PAL log filing that is scheduled to go to the Council on April 23rd.

I will be notifying the Manager of the Chuck E. Cheese restaurant tomorrow of our abatement schedule and any impacts that may have on his operations.

I wanted to thank Al Brady for his assistance throughout this process as this truly has been a joint effort between he and I. I would also like to thank Juan Pablo Torres from the Department of Fish & Wildlife for all of his help throughout the permit application process. Once we have completed the initial abatement process, I think we should sit down and discuss the city's long term approach to dealing with this parcel and any options that could lead to future development of the land.

Please let me know if you have any questions.

Subject: Daytime Residential Burglary Arrests

Good evening,

This afternoon at 12:11 PM, officers responded to the 15600 block of Sage Court reference a residential burglary in progress. A witness saw several unknown suspects running from a residence and called 911. The witness followed the suspects as they fled the area in a vehicle. An MVPD officer in the area spotted the suspect vehicle traveling westbound on Brodiaea near Houston. As the officer got behind the suspect vehicle, it turned onto southbound Houston. The driver lost control of the vehicle and they collided into a fire hydrant, shearing it off. One suspect fled on foot but was arrested a short time later. The other three suspects remained at the scene and were taken into custody without incident. Moreno Valley Fire responded to shut off the hydrant and check the suspects for injuries from the collision. A search of the suspects and their vehicle revealed numerous valuable items believed to be stolen from the victim's residence. The items included jewelry, cameras, and laptop computers. An officer secured the residence after confirming it had been burglarized. The victim arrived a short time later and confirmed the property recovered belonged to her and that it had been stolen from her residence. The MVPD Gang Team responded to the scene and quickly identified all four suspects as members of the local Wild Flax Street Gang.

The suspects were identified as follows:

(Driver) Devonte Stevenson (18) of Moreno Valley
Eric Hunter (20) of Moreno Valley
Antonio Boatman (18) of Moreno Valley

The fourth suspect is a 16 year-old Black male juvenile who also resides in the City of Moreno Valley.

The three adult suspects were booked into RPDC on charges of first degree residential burglary and a gang enhancement. The juvenile suspect was booked into Juvenile Hall on the same charges. The MVPD SET Gang Unit will prepare the gang enhancement documentation on all four suspects.

Subject: Moreno Valley Ranch incident

Good afternoon,

Today about 1:40 PM, an adult male with personal problems attempted suicide (by his own admission) by driving his car through a wrought iron fence and into the lake near Los Cabos Drive. Once his vehicle began to sink, he changed his mind and swam to shore where he was detained.

The vehicle was towed from the lake and the association president indicated he will have a security guard stand by until the fence can be repaired.

The driver also admitted to using Phencyclidine (PCP) recently. Blood was drawn and when the results are available a decision will be made concerning the actual cause of this crash.

The driver did not sustain any serious injuries and noone else was involved.

Subject: Gang Intervention For Teens Operation

Good morning,

On February 20, 2013 the Region 5 Gang Task Force and the MVPD SET-Gangs Unit conducted a Gang Intervention for Teens (GIFT) program in the City of Moreno Valley. The operation targeted 12 specific individuals identified as being either recent initiates to the gang culture or kids affiliating with local gangs and in danger of becoming members of those gangs. These 12 young people are affiliated with up to 8 different criminal street gangs and are at a critical stage in their lives. The GIFT program, the brainchild of former Chief of Police Rick Hall, seeks to give these young people alternatives and educate parents about the signs of gang involvement.

Of the 12 youth selected for this effort, only 3 were not located. It appeared the addresses they listed were vacant or occupied by unrelated persons. Nine of the teens were present and officers met with them and their parent(s) to discuss the problem of gangs and gang affiliation. The sergeant in charge of the operation was pleasantly surprised to see that "more than half" of the contacts were very positive, with parents being receptive and showing concern.

Gang intervention at any level is a challenge. If we can get to a child before he or she falls too far into the abyss, there is a slim chance we can rescue them from the gang life. We will continue to try our best.

To: Erin Sasse
Subject: Update from the League 2-28-13

Good Afternoon Riverside Division,

Last Friday, was the deadline to introduce legislation in Sacramento and almost 2,200 bills (813 in the Senate and 1,376 in the Assembly) have been introduced (related story HERE). Many of these are "spot bills," i.e. placeholders without much substance, but I have a very preliminary list of some of the bills which have come to my attention below. Again, this is just a preview – the League's lobbyists are preparing a more complete list of bills that will be coming out in the coming weeks.

Also in this email, there are a number of upcoming events, including the upcoming **Riverside Division meeting**, a link to the latest study from the RAND Corporation on Transportation and Mileage Based Fees, an article written by the League on neglecting annexations and incorporations, and lastly information on the NLC Conference in Washington DC.

Please let me know if you have questions or comments – and if your city is already watching a piece of legislation that is not on this list please let me know.

Erin

LEGISLATION

SB 1 (Steinberg) Sustainable Communities Investment Authority. This bill would authorize certain public entities of a Sustainable Communities Investment Area, to form a Sustainable Communities Investment Authority (authority) to carry out the Community Redevelopment Law in a specified manner.

SB 7 (Steinberg) Public Works: Charter Cities. Prohibits a charter city from receiving state funding for public works projects if the city has a charter provision/ordinance that does not require a contractor to pay prevailing wages on any public works project (including municipal projects). Excludes contracts of $25,000 or less for construction work and $15,000 or less for alteration, demolition, repair, or maintenance work. This bill has the potential to open up all aspects of state funding to this same type of eligibility constraints. *(Expect the League to strongly oppose this measure.)*

SB 33 (Wolk) Infrastructure Financing Districts. SB 33 makes it easier to establish IFDs throughout California by: Removing the two-thirds vote requirement associated with forming (and issuing bonds related to) an IFD; Establishing a public financing; Allowing IFDs to be located in (former) redevelopment areas; and Extending the life of an IFD from 30 to 40 years, increasing an IFD's bonding capacity. *(Nearly identical to a bill the League supported last year.)*

SB 684 (Hill) Advertising Displays: RDA Project Areas. Currently the Outdoor Advertising Act regulates the types and the locations of outdoor advertising displays but provides an exemption for signs within redevelopment areas so that they could be considered on-premise advertising. The extension of the authorization of these advertising displays requires approval of CalTRANS and the affected redevelopment agency. With the elimination of redevelopment agencies, CalTRANS cannot act solely to extend the authority of signs in redevelopment areas. This bill will give local agencies the flexibility to extend the authority of existing signs in former redevelopment areas. *(League sponsored)*

AB 22 (Blumenfield) Sidewalk Repairs. This law imposes a duty of repair on the abutting property owners for defects in sidewalks, regardless of who created the defects, but does not of itself create tort liability to injured pedestrians or a duty to indemnify municipalities, except where a property owner created the defect or exercised dominion or control over the abutting sidewalk. This bill would prohibit a city, county, or city and county that has an ordinance in operation that requires the city, county, or city and county to repair or reconstruct streets, sidewalks, or driveways that have been damaged as a result of tree growth from repealing the ordinance without the concurrence of the local electorate by majority vote. The bill would also declare that this is a matter of statewide concern. *(Nearly identical to the bill the League opposed last year.)*

AB 1080 (Alejo) Community Revitalization Investment Authority (CRIA). Allows certain "disadvantaged" areas to create a CRIA which would use property tax increment financing to fund improvements. Similar to RDA, each CRIA would be required to devote 20% of tax increment to affordable housing. *(Fact sheet from the author's office attached.)*

H.R. 456 (Schiff) Los Angeles Residential Helicopter Noise Relief Act of 2013. This Act would direct the FAA to exercise its legal authority to set guidelines on flight paths and minimum altitudes for helicopter operators in residential areas in Los Angeles County within 12 months of being signed into law. Exemptions would be provided for law enforcement, emergency responders and the U.S. military.

UPCOMING EVENTS

March 11: Riverside Division General Membership Meeting, 5:30pm Social, 6:00PM Dinner. Flyer attached – PLEASE GET YOUR RSVPs in

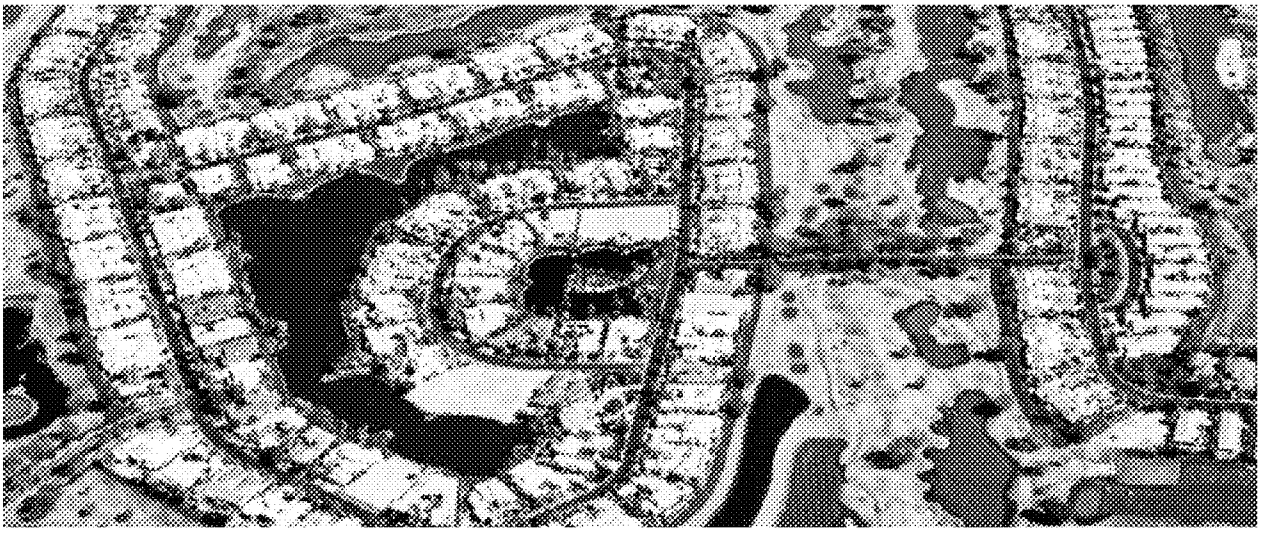
April 15: Legislative Action Day Preview Webinar, 11 AM – 12:30 PM. A preview of legislation the League of CA Cities is tracking in advance of our lobby day. RVSP deadline April 12. Full details available HERE.

April 24: Legislative Action Day & Reception, 9AM – 7 PM in Sacramento. This year we have shortened our Capitol lobby day to just a single day for those city officials who would rather avoid an overnight stay. Full details available HERE.

The Santa Monica based **RAND Corporation** has come out with a new report on the potential advantage of mileage fees for transportation funding. This primer presents some promising and innovative mileage fee system designs and transition strategies. The report is free to read or download using this link: **Mileage-Based User Fees for Transportation Funding: A Primer for State and Local Decision makers**

Neglecting Annexation and Incorporation Will Not Serve the State's Growth Goals

BY KIRSTIN KOLPITCKE AND DAN CARRIGG



Kirstin Kolpitcke is a legislative representative for the League and can be reached at kkolpitcke@cacities.org. Dan Carrigg is the League's legislative director and can be reached at dcarrigg@cacities.org.

As California's Legislature emerges from a decade of severe budget deficits, many are celebrating the achievement of a balanced budget. Closing the state's massive deficit required severe spending cuts, a major boost from the taxpayers and a slowly recovering economy. But the desperate budget decisions made in recent years have policy impacts, whether it is the cost of attending public universities, potential increases in crime from realignment or the state's capacity to compete for jobs. Amid the budget wreckage, major questions also remain about the ability of cities to continue to grow and prosper.

Throughout history cities have served as centers of commerce and culture. This is certainly the case in California — the names of our major cities are known throughout the world. The Golden State's cities serve more than 83 percent of its residents and provide a range of municipal services including police, fire, libraries, parks and recreation, water, sewers and waste disposal. Cities also maintain a network of streets and roads.

State policies for achieving sustainability, greenhouse gas reduction, smart growth, infill and transit-oriented development and preserving farmland and open space have staked much on the role and success of cities. Yet the state's recent actions have signaled a lack of appreciation for the vital function cities serve as centers of commerce and providers of essential quality-of-life services for the vast majority of California's population.

The de facto state approach to cities appears to be one of neglect. When it comes to economic development, infrastructure and absorbing growth, cities are now on their own. The state discarded redevelopment — the most powerful municipal tool for upgrading urban cores, decontaminating brownfields, building affordable housing and transit-oriented development and countering urban sprawl. Revenues that supported new cities and cities that annexed inhabited areas were taken with no public process, leaving some cities on the verge of disincorporation. The message being sent is that while growth will occur, the state no longer will expend the effort to support how and where it happens.

SB 89 Leaves Incorporation and Annexation Policies Upended

As part of a push to close the budget gap in 2011, the Legislature passed SB 89 (Chapter 35, Statutes of 2011) without a public hearing. The measure swept allocations of the Vehicle License Fee (VLF) from cities and Orange County as part of a scheme to fund realignment programs, which included grants for local law enforcement previously paid from the state General Fund. These local VLF revenues included special allocations dedicated by all other cities to assist newly incorporated and annexed territories. The allocations were established by League-supported legislation to compensate new cities and annexations for provisions of the 2004 VLF-property tax swap, which failed to include the in-lieu property tax adjustments that other cities receive. In addition, these VLF allocations supported state Local Agency Formation Commission (LAFCO) policies that encourage service consolidation, including the annexation of islands of inhabited unincorporated territory. Incorporations also uphold state objectives to control sprawl, because LAFCO policies guide city growth but have less effect on unincorporated county growth.

The timing of SB 89 could not have been worse for Jurupa Valley, the state's newest city, incorporated on July 1, 2011. Before Jurupa Valley incorporated, the Riverside County LAFCO determined that county agencies could not provide services to the Jurupa Valley community "… in a more efficient and accountable manner. Incorporation will allow for increased local accountability."[1]

As a result of SB 89, the city lost more than one-third of its General Fund. According to an Oct. 25, 2012, article in the *Press Enterprise,* "Over the past two fiscal years, Jurupa Valley has lost more than $13 million in state revenue. The city expects to run out of money by June 30, [2013], the end of the current fiscal year."[2] Without some sort of reinstatement of the lost revenue or having the county contribute funding, Jurupa Valley faces possible disincorporation.

Three other newly incorporated cities have also lost funding because of SB 89. Fontana, San Jose and many other cities that made the state-supported policy decisions to annex and serve inhabited unincorporated areas were undercut and lost the revenue they relied upon when making those decisions. The policy signals and future impact of SB 89 are obvious: Cities no longer have any incentive to annex and serve inhabited unincorporated areas. Furthermore, without the prospect of future incorporations the state will be faced with more unincorporated county growth patterns, which historically have been less dense than city-centered development.

SB 244's Leverage Will Reduce Other Annexations

Another recent law with good intentions but unintended consequences is SB 244 (Chapter 513, Statutes of 2011). Inspired by advocates concerned about the poor services and infrastructure conditions for low-income people in county unincorporated areas, this bill was designed to promote annexation by adjacent cities. The advocates sponsoring the bill observed that the quality of infrastructure and services in cities were superior and sought leverage to increase the likelihood of future annexation. The law requires that any area of proposed annexation contiguous to a disadvantaged unincorporated community must include an application to annex the disadvantaged

unincorporated community as well. The bill essentially asks those who seek a financially viable annexation to annex an area that's less than financially viable in hopes that the monetary incentives of the first annexation are so beneficial that they can sustain the financial losses of annexing the disadvantaged unincorporated community.

However, while the intent is understandable, the additional financial burden of annexing a disadvantaged unincorporated community will stall other viable annexations. While the law is still relatively new and interest in annexation has slowed with the economy, one example illustrates its impact.

On Jan. 6, 2012, the Riverside County LAFCO denied a proposal to annex two unincorporated areas that included about 625 acres adjacent to the City of Desert Hot Springs. The LAFCO report states, "Most importantly, recently enacted legislation prohibits the approval of this annexation since it excludes an adjacent disadvantaged unincorporated community. As a result, staff recommends denial of Annexation 29 to the City of Desert Hot Springs."[3] The annexation will not be pursued any further.

Revenue Neutrality Compounds Incorporation Challenges

Prior to the passage of SB 89, city incorporations were already significantly limited by the revenue neutrality law adopted in the early 1990s during yet another state budget crisis. As a result, jurisdictions fortunate enough to make incorporations pay their way, or "pencil out," were typically the exception rather than the rule.

"Revenue neutrality" essentially means that the incorporating city gets to keep only the amount of revenue that the county was spending in the area prior to incorporation, not the amount of revenue generated within the area. For example, the incorporation proponents for the City of Elk Grove agreed to give the county a percentage of property tax that would decline over 25 years while keeping other taxes, such as the sales tax and transient occupancy (hotel) tax. Under the revenue neutrality law, counties are in a position to drive hard bargains that limit the ability of new cities to pencil out. That is why in recent years the VLF allocations became so critical to helping cities like Jurupa Valley incorporate.

Some at the state level may view the incorporation question as making no real difference. That view has serious flaws.

California anticipates annual population growth of approximately 300,000 to 400,000 people in the coming years. These people will need essential community services and a place to live. What is the most appropriate land-use solution to meet the challenge of this growing population?

From a growth perspective, an area proposed for incorporation already has a level of development previously approved by the county; in many cases such growth was not subject to LAFCO review. Incorporation will ensure that future expansion complies with LAFCO policies, which reflect state priorities. City incorporation efforts are also one of the most fundamental expressions of democracy. Affected residents may be dissatisfied with growth patterns approved by the county, the remoteness of government offices, the quality of public services, emergency response times and the lack of parks or other desired amenities. Once a city is incorporated, public engagement often increases as more attention can be paid to local needs and desires. The thriving communities of Elk Grove, Rancho Cordova and Citrus Heights in Sacramento County provide examples of the community empowerment that incorporation can bring. Residents of East Los Angeles and Carmel Valley have long desired self-governance for the same reasons.

Going Forward

It serves little purpose to rehash the past, but the future offers opportunities for change and rectifying the problems described here. As California's economy recovers, the challenges of growth will return. Where should this growth be directed? How will infrastructure and services to support growth be provided? If strong cities are truly important to the state's economic future and growth goals, then the broken policies affecting California's cities must be repaired.

Key Legislation Articulates State's Vision for Sustainability

In recent years, the State of California has enacted key legislation that focuses on reducing greenhouse gas emissions in an effort to address the impacts of climate change:

- AB 32 (Chapter 488, Statutes of 2006) requires the California State Air Resources Board to adopt a statewide greenhouse gas emissions limit to be achieved by 2020 that is equivalent to 1990 statewide greenhouse gas emissions;
- SB 375 (Chapter 728, Statutes of 2008) requires each metropolitan planning organization to prepare a sustainable communities strategy that, if implemented would achieve the greenhouse gas emissions reduction targets established by the California Air Resources Board; and
- AB 857 (Chapter 1016, Statutes of 2002) established state planning priorities that promote infill development, protect environmental and agricultural resources and encourage efficient development patterns.

To: California City Officials

As the 113th Congress gets underway, there is no better place to support bipartisan action on economic recovery and job creation in our cities than the NLC Congressional City Conference, March 9 – 13, 2013, in Washington, D.C. If you have already registered, we look forward to seeing you. If not, please join us along with other California city officials and over 2,000 city leaders from across the country as we focus on federal policy issues that are important to cities. You'll have the opportunity to learn why these issues are important to your cities and constituents, and to lobby your Member of Congress, including in a meeting for all California city officials with Senator Barbara Boxer.

Key federal policy issues that will be addressed at the Congressional City Conference include:

- How federal budget deficit reduction plans could affect municipal bonds.
- Federal job creation and economic development strategies.
- Federal tax code reform and municipal finance, including legislation to simply allow state and local governments the flexibility to collect the taxes already owed to them on remote online purchases-not raising existing taxes.
- Immigration Reform.
- Water and transportation infrastructure investment.
- Public safety.
- Regulatory reform and streamlining.

As part of this premier legislative conference, NLC also offers professional development to help develop skills we need in our role as community leaders: effective governance, communications and managing change.

On behalf of the NLC and LCC Board of Directors and staff, we thank you for your continued support and look forward to seeing you in Washington next month.

Best Regards,

Mayor Marie Lopez Rogers, Avondale, AZ & President, National League of Cities
Mayor Bill Bogaard, Pasadena, President, League of California Cities
Clarence E. Anthony, Executive Director, National League of Cities

Chris McKenzie, Executive Director, League of California Cities

Subject: Environmental Youth Conference

Hi Cindy,

Attached is some information regarding our Environmental Youth Conference, per our phone conversation.

The Environmental Youth Conference is a yearly event hosted by Western Riverside Council of Governments, where we teach middle school students from around the county how to live a more sustainable lifestyle. The students participate in a number of activities, and this year's theme is "Design your Future; Pledge to the planet."

We have four schools attending this year, one of them being Badger Springs Middle School [DISTRICT 4], in Moreno Valley. We generally like to invite the Mayor, Mayor pro-tem, or council members from participating cities to give some short (5 min) remarks at the beginning of the day. The event will be held on March 21, 2013, at Diamond Valley Lake Visitors Center, in Hemet.

I have also attached the event flyer to this email. Please feel free to call or email me at any time if you have questions.

Thank You.

Taylor York

> Good morning,
>
> On 3-02-13, MVPD SET Team officers conducted surveillance of the hotels on Sunnymead Blvd in an attempt to detect and discourage criminal behavior in and around those establishments. At 11:30 PM, officers saw a Toyota pick up truck driving on the wrong side of Sunnymead Blvd. The vehicle entered the parking lot of the Travel Inn and collided into a parked car. The pickup exited the parking lot and was promptly stopped by a SET officer. The driver, 25 year-old Robert Salcido of Lake Mathews, was found to be under the influence of alcohol. Salcido was arrested and booked into RPDC. An additional report was generated for the collision in the parking lot.
>
> At 12:15 AM on 3-03-13, officers contacte two males as they left the Travel Inn. Both were found to be on active probation. A probation search of their room resulted in the seizure of several grams of methamphetamine. One of the suspects was under the influence of meth. 23 year-old Glenn Schaal and 28 year-old Daniel Vanhove, both of Moreno Valley, were arrested and booked into RPDC on charges of possession of methamphetamine, probation violation, and under the influence of meth.

> It's 10:40 and the Study Session has just ended. Yes, I was actually one of those citizens who stayed up until the very end. Deanna Reader is the one who told me that if I want to know what's going on in the city, then I need to watch the City Council Study Sessions. She was so right.
>
> As you know, I just love your straight-forward, a sort of in-your-face-style. Tonight was no exception. You call it like it is and for that I am so grateful. But I also have a couple of other quick things I want to share.
>
> **1. The "Depressed" Enterprise.** What a great moniker! And so true. I was a News Assistant for the P-E in the early 90s when they had an office off of Alessandro. Even way back then, I couldn't believe how EVERY reporter assigned to the city-- and back then there were four or five of them--bashed Moreno Valley at every chance they got. They proudly boasted how much they hated the city. Obviously, things haven't changed. I love how you confronted Lora with the bias they have against the Moreno Valley. As a citizen, I thank you. But my personal highlight was when you brought up Bill Batey's quote and his "going to the DA." Yeah, he had told me that too, among other things that caused me to question his credibility. Don't ever let up on that until she answers you.
>
> **2. The Sheriff's Contract.** Bravo for asking about why we continue to pay so much for their services in these tough economic times. We are their largest contract yet they can't even produce an annual report for us. Recently, I've been criticized for questioning how the SRO officers spend their time when working for MVUSD. I don't think SROs have to keep a daily activity log like a regular sheriff...but I might be mistaken about that. I do know that the school district doesn't require any kind of documentation on what they do all day. I'm not suggesting that they are wasting time; I'm just curious what do they do, especially when they are allowed to go on calls away from our campuses. We aren't supposed to be billed for the time away but is that the really happening? I don't know. Again, I'm not accusing them of any wrong doing. I just wanted to know the find out the facts. BTW, I'm not like Alicia Espinoza who thinks the city is joining forces with MVUSD just to get grant money.

3. MVU & the City Budget. Wow....fascinating information! I had no idea the city receives such little money from property taxes. I also loved the comparisons with the other four cities. And the MVU contract? Sad but you were very gracious about not pointing the fingers.

Finally,

4. The Citizen Initiative. That was really nice of you to applaud the people who are trying to get that initiative on the ballot. Shame on Richard Stewart! He made it sound like they were the same people who failed at the Mike Rios recall. They aren't! Thank you for putting him in his place. He's my Councilman and I've already emailed my complaint to him directly.

The two men who are pushing that initiative are my friends and they have worked REALLY hard at creating something that is realistic and viable. I will share with them your nice comments. I was really hoping they would want to jump on the Council's charter committee. But since your group will be meeting in the daytime, 1:30, and they are school teachers, that isn't going to happen. That's okay. They really want to do their own thing.

Hey, I'm keeping it short tonight! (Yes, this is short.) Oh, and I have to text Deanna and thank her for her suggestion about watching the city Study Session.

Honestly, it wouldn't bother me to find out if you really lived in Thousand Oaks. I'm glad you're bringing the leadership to a city that has sorely lacked it.

Most sincerely, again,

Debra Craig

Subject: Settlement Conference with State DOF

Mayor and City Council,

Suzanne Bryant and I met with department of Finance and State Attorney General representatives at 1:30 this afternoon. After an hour discussing relevant facts regarding the State's claim that the Successor Agency owed the State $3.6 million, the State reps agreed that the SA owes them nothing. We were successful in our effort to explain and win our argument on this issue.

This resolves all Housing Asset due diligence report issues and paves the way to quickly prepare a Property Management Plan and pursue a Finding of Completion from the State DOF. This is exciting news for the Successor Agency and the City.

Subject: Finley Incident 03-11-2013
Attachments: Finley Inc Rescue Exception Report March 2013.xlsx

Mayor and Council,

As a follow up to the Finely Significant Incident Report emailed to each of you yesterday, I am forwarding the copy of our Department's Rescue Exception report. In reviewing the document , you will see the heroic efforts made by our Kennedy Park firefighters whom performed a rescue of a deaf citizen while in an atmosphere that was immediately dangerous to life and health and at great risk to the firefighting crew. Our quick response to this incident and declaration of Rescue Mode by the first arriving Company Officer, rapidly locating the victim with simultaneous fire attack undoubtedly contributed to a successful outcome for the victim, averting serious injury and or death.

I am proud of the work that our firefighters performed yesterday which serves to reiterate the professional abilities of the men and women of our Department that serve this community.

Respectfully,

Subject: Kendra Doel, Ralphs [redacted]

Message forwarded on behalf of Barry Foster

Talked to Kendra (VP of PR) with Ralphs. She confirmed what we had been speculating for months--that Ralphs (Kroger) will be closing the Ralphs store in Sunnymead Ranch. This location has been significantly underperforming since it opened and has been loosing over $1 million annually. Slight uptick in sales with closing of Albertson's but not much towards becoming anywhere near profitable. Lease will expire in July 1. Owner of the center (family trust) had been discussing a rent reduction but not enough to make the store cash flow. Kroger (parent company of Ralphs) has made decision to not extend the lease and will close the store after close of business on Friday May 17. This decision by Kroger (Ralphs) is not subject to negotiation....Employees of the store will be informed of the closing tomorrow (Wednesday 3/13).

Kroger/Ralphs are pleased with the performance of their Food For Less stores in Moreno Valley, buy has no plans for any new Ralphs stores anywhere in the Inland Region.

Staff will continue to market the closed Albertson's-along with the soon to be vacant Ralphs store. Options include Stater Bros. (maybe another run at Albertson's location if acquisition price is decreased), new WalMart grocery store concept being rolled out in SoCal, Cardenas, Aldi (coming to CA in summer 2014) or independent grocery store concepts.

I would speculate that the news of Ralphs closing will hit the press on Wednesday or Thursday.

Subject: Sunnymead Blvd arrest - AB 109/PRCS related

Good morning,

On Tuesday 3-12-13, about 11:28 PM, officers working high visibility patrol on Sunnymead Blvd contacted a pedestrian at the Jack in the Box restaurant at the corner of Heacock and Sunnymead. The pedestrian, Nicholas Morales (27 years old) had a misdemeanor warrant for his arrest and was determined to be on Post Release Community Supervision (PRCS) for a past theft crime. The suspect was arrested and transported to the station for the warrant and for being under the influence of a controlled substance. While at the station, the suspect became irate and spit in the face of the SET officer attempting to interview him. The suspect was restrained and a spit mask was placed over his face. The suspect was later booked on charges of gassing (spitting in the officer's face), parole/PRCS violation, and being under the influence of a controlled substance. We will seek a court order to force blood from the suspect to check for communicable diseases. Worker's compensation paperwork was generated for the exposed officer.

Subject: Kids with Guns Protocol - Landmark Middle School

Good evening,

Today about 10:11 AM, an SRO received information from school officials concerning a 14 year-old male student who posted a photo of himself on Facebook. The photo depicted the student holding a handgun and contained a quote from the student indicating he might be suicidal. The student was quickly located and detained. He was not in possession of any firearms or other weapons. The Riverside County Kids with Guns Protocol was initiated and contact was made with his foster parent. The parent provided officers with consent to search their residence. No weapons or threatening information was located. The student indicated that the handgun in the Facebook post is actually a BB gun that looks like a real handgun. He told officers it had been thrown away by a cousin in a neighboring city. Officers are following up on that information. Based on the statement made on the Facebook post and other specific indicators, officers determined the student was a danger to himself and transported him to Riverside Emergency Treatment Services for a mental health evaluation. At this time, it does not appear any laws have been broken.

Subject: Attempted murder arrest

Good morning,

On March 11, 2013 officers responded to the 11000 block of Wild Flax reference a shooting and a large disturbance. Upon arrival, officers were unable to locate any victims or suspects related to the shooting. However, they did recover evidence confirming that shots were fired in that specific area. On 3-19-13, a series of events unfolded that led officers to a 17 year-old female Canyon Springs High School student. The student was interviewed and confessed to being involved in the attempted murder of a 20 year-old male who claims membership in the criminal street gang known as "Wild Flax Gang." The investigation led officers to the identity of the actual shooter, a 15 year-old male who is known to be a member of the rival criminal street gang known as "Sex, Cash, Money."

On 3-19-13, SET officers wrote a search warrant for the suspect's residence and, with the assistance of the POP Team, served the warrant in the 9700 block of Whitewater, Moreno Valley. The suspect was taken into custody without incident and items confirming his gang affiliation were seized. The firearm used in this attempted murder was not located. The suspect later confessed to shooting at the victim and also implicated the female student previously mentioned. The 15 year-old male suspect was booked into Juvenile Hall on a charge of attempted murder. The female suspect will be charged out of custody for her role in this crime. Gang enhancements will be sought where appropriate.

This case came to a successful conclusion through the outstanding efforts of the Patrol Division, the School Resource Unit, the POP Team, and the SET Team.

Subject: Robbery and arrests

Good morning,

On Wednesday 3-27-13, about 6:12 PM, officers were dispatched to the Easter Market located at 29010 Alessandro Blvd. reference a robbery just occurred. The store clerk advised that two male suspects had just entered the store and stolen merchandise. They then fled to the parking lot where a vehicle occupied by three other subjects was waiting. The store clerk and two patrons followed the suspects into the parking lot to get the license plate number of the suspect vehicle. One of the suspects, later identified as 26 year-old David Salas, exited the vehicle and brandished a semi-automatic handgun at the three witnesses and threatened to shoot them.

The clerk was able to obtain the license plate number as the suspects drove away. Moments later, Sheriff's Dispatch received reports of a traffic collision on the E/B 60 Freeway at Redlands Blvd. Reports indicated the vehicle crashed into the center divider and 5 subjects fled on foot. MVPD officers responded to the area and ultimately detained all 5 subjects. Three of the vehicle occupants were eventually transported to RCRMC for treatment of injuries received in the accident. Witnesses at Easter market positively identified Salas as the suspect who robbed the store and brandished the handgun.

CHP handled the crash on the Freeway. The driver of the vehicle, 23 year-old Joseph Welsh of Victorville, was arrested by CHP for DUI. Suspect Salas was arrested for robbery, brandishing a firearm, and making terrorist threats. He was later booked into RPDC. The other three occupants of the vehicle were not involved in the crime and were released. An extensive search was conducted, but the gun used by Salas could not be located. An additional search using Explorer Scouts is planned for today.

Subject: Burglary Arrests - Gang related

Good afternoon,

Today about 11:33 AM, officers responded to a residential burglary in the 14100 block Of St. Tropez. Witnesses reported seeing 3 suspects breaking into a neighbor's residence. The suspects attempted to flee the area in the vehicle they arrived in, but it would not start. They then fled on foot. Officers located and detained two suspects.

A search of the victim residence confirmed it had been burglarized. One of the suspects detained has an extensive history of burglary contacts. A search of the suspect's vehicle revealed more than $1,500 in jewelry stolen from the victim residence. This was later identified by the victim. The suspects had also removed a flat screen TV and a safe from the residence, but left them just outside the house.

Suspect #1, 18 year old Roosevelt Williams, is a known "Edgemont Criminals" gang member. Suspect #2, 20 year-old Sydney Harper is a known associate of the "Edgemont Criminals" street gang. Both suspects were booked into RPDC on charges of 1st degree burglary, conspiracy, and possession of stolen property. Suspect #2 also had a warrant out for his arrest charging him with a sex crime. Officers will seek gang enhancements as well.

Quick action by neighbors and responding officers resulted in an excellent result for the victim and the entire community.

Subject: Pit Bull shooting

Good afternoon,

This morning about 9:15 AM, officers responded to the Comfort Inn at 23330 Sunnymead Blvd reference a trespassing and disturbance of the peace in the hotel office. On arrival, they contacted the manager who directed them to room #109. Officers obtained the identity of the guests and ran them through law enforcement computer systems to determine who they would be dealing with. That inquiry revealed that the male subject, Nathanial Harms (35) was wanted on felony drug warrant. Officers contacted the couple in the parking lot and noted that Suspect Harms was holding two pit bull dogs on separate leashes. Officers directed Harms to pass the leashes to the female (Lauren Bains 33 years) and he complied. Harms was taken into custody without incident.

Both dogs became agitated so officers asked Bains to place them inside her car. One of the pit bulls escaped by backing out of its collar and charged the officers. Officer Acosta attempted to use his TASER to subdue the dog, but the TASER did not have the desired effect. The officer then drew his service weapon and fired one shot, striking the pit bull in the muzzle. The dog retreated to room 109 where it remained until it was captured by Moreno Valley Animal Control. Harms was booked into RPDC on his warrant and Bains was allowed to pack and leave the hotel.

Subject: Prostitution sting

Good morning,

On 4-18-13, the POP Team conducted a prostitution operation at the Comfort Inn in the 23300 block of Sunnymead Blvd. The operation targeted individuals using social media to advertise for the purpose of prostitution. The operation resulted in the arrest of eight men and three women. All eleven suspects were charged with prostitution or solicitation. One male and one female were each charged with drug possession in addition to the prostitution charges.

Subject: Section 8 search warrant

Good afternoon,

Today, about 9:00 AM, the MVPD Special Enforcement Team (SET) served a search warrant at a residence in the 13600 block of Blue Spruce Avenue. The search warrant was granted in reference to multiple forms of suspected fraud, including welfare fraud and Section 8 fraud. The primary suspect, Bettina Ross (37) has been drawing various forms of government assistance since 2001. During that same time frame, she has worked and earned unreported income. Also, she has allowed suspect #2, Damon Ross (38) to live at the residence throughout that time, in violation of her Section 8 agreement. Suspect #2 is a career criminal, convicted felon, and was currently wanted on a $1 million felony arrest warrant for child endangerment and theft.

During service of the warrant, officers found and arrested Damon Ross on his warrant. They also located several grams of methamphetamine and items indicating the suspects were involved in the sale of that illegal drug. Finally, officers encountered 3 children, ranging from 3 to 14 years old. The Sheriff's Drug Endangered Children Unit and Riverside County Child Protective Services responded to the residence and took the kids into protective custody. It appears that Bettina Ross has fraudulently obtained more than $175,000 in state or county financial aid during the past 12 years. She confessed to multiple felonies, including fraud, defrauding a government entity, perjury, drug charges, and child endangerment and was booked into RPDC. Damon Ross was also booked on his warrant, drug charges, and child endangerment charges.

In addition to criminal charges, we will pursue restitution for the fraudulently obtained taxpayer dollars. HUD will revoke services permanently. All other involved governmental assistance agencies will be notified of the fraudulent activity.

Subject: Directed traffic enforcement - Rancho Verde HS

Good morning,

Last week we received a traffic complaint that was originally directed to the Perris Sheriff's Station. The complaint indicated that parents are stopping in the number one (left) lane of Lasselle in front of the high school and allowing their kids to walk across two lanes of congested traffic to get to school. The complainant was concerned about the traffic congestion and the safety of the students. Today, traffic units from MVPD and the Perris Police Department conducted directed enforcement in the area specified. In all, officers issued 18 citations as follows: 8 cites for impeding (stopping to let kids get out of cars); 3 seatbelt cites; 2 speeding cites; 1 modified exhaust cite; 1 expired registration cite; and one cite for a miscellaneous traffic violation.

We will continue to address these issues and educate the motoring public about the dangers of this illegal behavior.

Subject: Fatal traffic collision with significant road closures

Good evening,

We are working a fatal traffic collision involving three vehicles on Moreno Beach and Bay Avenue. About 9:10 PM, an SUV, a Mercedes, and a motorcycle collided. The 24-year-old male motorcyclist from Moreno Valley sustained major injuries and was transported to RCRMC. A short time later, he succumbed to his injuries. The driver of the Mercedes had a complaint of pain and was also transported to the hospital. It is unknown at this time if any of the drivers was under the influence of alcohol or any other substance.

All lanes of Moreno Beach are closed between Alessandro and Cottonwood while the Traffic Accident Reconstruction Team conducts its investigation. Also, a 200 foot section of Bay Avenue is closed to traffic for the same purpose. The roadway will remain closed for the duration of the investigation. Traffic Recon officers are sensitive to the need to restore traffic flow and will do so as soon as possible. I will update you tomorrow if any new information becomes available.

Subject: FW: Fatal traffic collision with significant road closures - UPDATE

Good morning,

The road closures at Moreno Beach and Bay were lifted this morning about 3:30 AM. It took about 6 hours to process the scene. Alcohol was not a factor in this crash. At this preliminary stage, it appears the driver of the Mercedes did not see the motorcyclist and turned left in front of him, causing the collision.

Subject: Important information regarding your SIRE Agenda to Go iPad App

Importance: High

Good Afternoon iPad Users.

Hyland Software, our vendor for our SIRE applications notified us an upgrade to the SIRE Agenda to Go app will appear on your iPad May 1st, 2013.

PLEASE DO NOT APPLY UPDATE. Our current version of the software is not compatible with the new iPad app. A compatible version is expected to be completed with the Council Chambers upgrade.

For additional information regarding the update please see Hyland's email below.

If you have any questions, please feel free to contact me at [redacted].

Thank you and have a wonderful day.

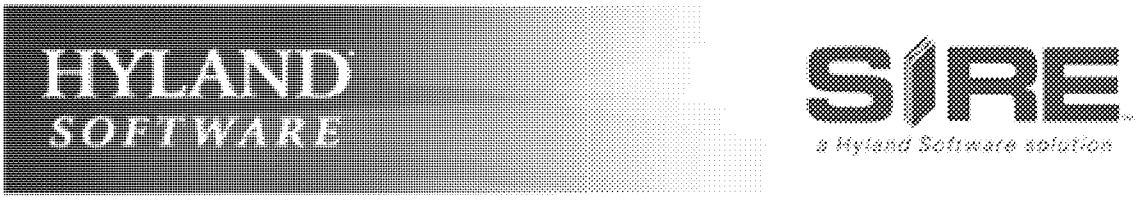
Subject: SIRE Agenda To Go Update



Hello Valued Customer,

As a SIRE Agenda To Go user, I wanted to take the time to let you know about the first of several updates coming throughout the remainder of 2013 for your SIRE product – along with the preparations you need to make for it.

The first update is a new version of SIRE Agenda To Go for the iPad, which will hit the Apple store around Wednesday, May 1. If you do not want to upgrade in the coming weeks, you *must* tell your iPad Agenda To Go users not to download the newest version from the Apple Store as this new version will *not* be compatible with your servers.

The table below will help you identify if your organization is affected by this update and details your options to prepare for the update accordingly.

Question:	Yes:	No:
Are you presently using SIRE Agenda To Go?	If you are currently using the product, please proceed to the next question.	If you are not actively using Agenda To Go, then you have nothing to do! Just know that updates are happening and it's even more compelling to use it.
Are you using the Mobile version on your iPads and have the Agenda To Go Server installed?	In this case, you have 2 options: **1. Prepare for the new update!** If you are currently on SIRE version 6.2 or lower, you will need to update your SIRE Application server and clients to 6.3 or higher before you can get the updated Agenda To Go Server. SIRE version 6.6 is scheduled for release in a few weeks, so it is a great time to upgrade. This will enable you to upgrade to the new Mobile Agenda To Go app on the Apple Store and update your Agenda To Go Server too. If you already are on version 6.3 or higher, you only need to upgrade the Agenda To Go Server. The server upgrade will be available before May 1 and updates very easily. It should not impact your users or require testing for any other parts of your SIRE installation. Once the server upgrade is completed, you can let your users know to download the new version from the Apple Store. If you anticipate needing help with your upgrade, please schedule time with support before you download the new version from the Apple Store. You can reach support at support@siretechnologies.com or by calling 801.415.0626. **2. Don't upgrade - but you still need to prepare!** The new version will hit the iPad store around Wednesday, May 1. If you do not want to upgrade in the coming weeks, you must tell your iPad Agenda To Go users not to download the newest version from the Apple Store. This version will not be compatible with your servers, and Apple does not allow us to have multiple versions in their store.	If you are just using the Windows version then you do not need to do anything.

If you are unsure how to proceed or have any questions, please email support@siretechnologies.com to set up a meeting with one of our experts. To stay informed about this and other product updates, please also register for our SIRE Community Page.

With kind regards,

Subject: Homicide on Bay Avenue - Update

Good afternoon,

The suspect in the double homicide on Bay Avenue is out of the induced coma and has been interviewed by Sheriff's homicide investigators. The autopsies are being completed today and we hope to have confirmation of the victim's identities soon. The suspect will be transported back to Riverside County today and will ultimately be booked into RPDC on two counts of murder, home invasion robbery (in Garden Grove) and various other felony counts. The Riverside District Attorney's Office will prosecute all charges, including those that took place in Orange County. This decision was based on the fact that the most serious crimes occurred in our jurisdiction. Based on various factors, including multiple murders, the suspect will likely face the death penalty if convicted. A press release will be generated by the Sheriff's Central Homicide Unit once next of kin for the decedents have been notified.

Subject: Burglary arrest

Good afternoon,

Today about 9:25 AM, officers were dispatched to a residence in the 11500 block of Triumph Lane reference a burglary just occurred. The homeowner discovered the suspect inside and the suspect immediately fled, dropping a bloody knife in the backyard. Officers searched the area but were unable to locate the suspect. Officers alerted local hospitals to the possibility of a suspect seeking treatment for an injury from an edged weapon. As short time later, the suspect was located at RCRMC seeking treatment for a deep cut to his hand. Suspect DeJohn Miller (18) of Moreno Valley was treated for his injury and later booked into RPDC after admitting to the crime.

Subject: Shooting near Home Depot with road closure

Good evening,

Today about 2:55 PM, officers responded to the Home Depot store on Pigeon Pass just north of SR 60 reference a shooting and traffic collision. On arrival officers learned that a Chevy truck occupied by two adult males was exiting the northernmost exit of the Home Depot parking lot when an unknown male suspect walked up behind their vehicle and began shooting at them with a handgun. The victims sped away southbound Pigeon Pass, but quickly collided with a southbound Chevy Suburban. The victim in the passenger seat fled the crashed truck on foot because he feared the suspect would continue shooting. The passenger was located a short distance away and was found to have a non-life-threatening gunshot wound to his upper back.

The driver of the victim vehicle sustained minor injuries during the crash. Both victims were transported to RCRMC for treatment. The driver of the Suburban was not injured. Northbound Pigeon Pass was closed for about two hours while the incident was investigated. An extensive search was conducted for the suspect by both ground units and the Sheriff's helicopter. The suspect was not located. Video footage is being sought from all surrounding businesses.

The suspect was described as a White male adult, 20-30 years old with tattoos on both arms. He was last seen wearing a black shirt and black pants. The motive for this shooting is unknown at this time. The investigation is continuing.

When one of the reporting parties called about this incident, he informed Dispatch that Congressman Mark Takano was inside the Home Depot speaking with a group of Home Depot employees at the time of incident. We verified this information and attempted to locate Mr. Takano, but he had left the area by the time we became aware of his presence.

10 a.m. – 4 p.m., Saturday, July 20
12880 Heacock St. (x Myers) (District 1)

Centro Cristiano Sinai invites you to become a partner for our annual Community Health and Wellness Fair (Feria de la Salud y Bien Estar), to benefit Moreno Valley and surrounding areas.

Centro Cristiano Sinai has been part of the Community for over 24 years. It is centrally located in the heart of Moreno Valley on Heacock Street. Centro Cristiano Sinai provides community services, some of the services include, G.E.D. courses, citizenship classes, family services and resources, senior citizens activities, English classes and children developmental activities.

Our objective is to unite the Community of Moreno Valley to help on health and wellness through awareness, education and empowering for a more fulfilling and healthy lifestyle. The target market includes a diversified population with everyone welcome, Spanish speaking personnel will be available. We are anticipating 1,500 – 2,000 people to attend the event. Media coverage; includes local radio, press releases, public service announcements, Press Enterprise coverage and distribution of flyers throughout the Moreno Valley Unified School District and other locations.

This exciting event will be held on Saturday, July 20, 2013, from 10 a.m. to 4 p.m. It is a free family community event that will provide blood pressure and diabetes screenings, dental/optical information, bicycle safety, fitness, self-defense and nutritional presentations with hands on children activities. The local fire department, law enforcement, military recruitment and local businesses will also participate. to include fitness and nutritional demonstrations. The Moreno Valley city officials have been invited to attend. The event will also include fun for all ages with face painting, jumpers and games for the children. Food, music and special guests will be on-site.

Subject: MVCEA Ratification Vote

Honorable Mayor & City Council Members,

The Moreno Valley City Employees Association just informed me that the Tentative Agreement was ratified today by a vote of its members. The final vote was 105 in favor and 50 opposed.

Next week, the Management Team will Meet & Confer with the Moreno Valley Management Association Board.

Respectfully,

Tom

Subject: Charter subcommittee

It is with regret that I must stop participating in the Charter subcommittee. I have lost confidence in the purpose and process and do not fully support portions of what is being proposed.

Cindy: pass this on to the Mayor and all of council as well as the City Manager.

Subject: Sunnymead Blvd enforcement

Good afternoon,

On 5-09-13, about 9:00 PM, MVPD SET officers conducted a vehicle stop on Sunnymead Blvd. near Indian Street. The driver, Raymond Siguero (27) of Moreno Valley, was arrested for an outstanding $50,000 felony warrant. He was also found in possession of a small amount of suspected methamphetamine. He was booked into RPDC without incident.

Moreno Valley Mayor to Resume Testimony on Wednesday

On Wednesday, May 8th, I appeared voluntarily at the Grand Jury and they graciously accepted my request to be interviewed. My desire to appear was the result of a search warrant which was served at my home as part of a wide ranging investigation by federal enforcement agencies. As I have previously stated, I welcome this probe, and pledge my full support.

I will resume my testimony before the Grand Jury on Wednesday, May 15th at 9:00 A.M. and, as always, stand ready to respond to any and all questions, and to assist the Grand Jury in its important work.

City Manager Announces Retirement

The Moreno Valley City Council tonight accepted notice of City Manager Henry Garcia's retirement, effective December 1, 2013. Following an upcoming vacation, he will be on Administrative Leave and available to provide consulting assistance to the City pending retirement.

Mr. Garcia joined the City in February 2011, after having served as a City Manager in several communities in Los Angeles County as well as Inland Southern California. He has served as a City Manager/Administrator for 22 years.

"Henry has made lasting contributions to the City of Moreno Valley," said Mayor Tom Owings on behalf of the City Council. "We appreciate his leadership of the staff and wish him all the best."

"We have accomplished much in this community over the past several years," said Garcia. "The level of collaboration between elected officials, community stakeholders and staff leaves the City extremely well positioned for the future. I have found it professionally and personally rewarding to be part of such a successful, community-driven team."

The City Council has appointed Assistant City Manager Michelle Dawson as City Manager, effective immediately.

Cindy -

I would like to extend an invitation to everyone at the City regarding our Artists' Reception at the Vanguard Community Art Gallery (upper level, Moreno Valley Mall next to Mrs. Field's Cookies) on Saturday, May 25 from 4:00 pm - 8:00 pm. Music, refreshments and an opportunity to meet Charles Bibbs, Maurice Howard, and other artists represented at the Vanguard. Mr. Bibbs and Howard are part of our show/exhibition entitled "Colors" and runs through June 15th. I hope to see you there!

Subject: Grant awarded

Good evening,

It is my pleasure to announce that the Moreno Valley Police Department has been approved to receive a Sobriety Checkpoint Grant from the California Office of Traffic Safety. The grant period runs from October 01, 2013 through September 30, 2014. The total amount of this grant is $156,410.00 and will allow for the operation of 18 checkpoints in Moreno Valley during the grant period. The Moreno Valley Police Department will use this important grant to safeguard individuals and families who live, work, visit and shop in the City of Moreno Valley.

Subject: Section 8 search warrant (#2 today)

Good afternoon,

The MVPD SET Team served a search warrant in the 13700 block of Pattilynn Drive reference Section 8 housing assistance fraud. This warrant was the result of a complaint received from other citizens in the area. Officers found evidence indicating the suspect falsified applications and fraudulently received more than $70,000 in Section 8 housing assistance. Officers also located two loaded handguns, more than one pound of marijuana, and items related to the sale of marijuana. The weapons and drugs were accessible to a minor child who regularly visits the residence and was present today.

Suspects Carmen Cabuloy (52) and Xycarlo Sistrunk (26) were arrested and booked into RPDC on the following charges:

Defrauding a government entity; Perjury; Obtaining aid by fraud; providing a false written document to gain funds; possession of marijuana for sales; armed with a firearm while committing a felony; and child endangerment. The child was released to her mother who does not reside at the residence and had no connection to the criminal activity taking place there.

Subject: Notice of Intention to Circulate Recall

Mayor Owings & Council Members:

The Notice of Intention to Circulate Recall was served on June 4, 2013 to Mayor Owings, Mayor Pro Tem Co and Council Member Baca. Recall proceedings are governed by the Elections Code. The following are steps giving you a general idea of what to expect.

After the Notice has been filed with the City Clerk, the targeted officer has 7 days (Tuesday, June 9, 2013) to file and serve a written response. The response cannot be more than 200 words in length. It must be signed and be accompanied by the printed name and business or residence address of the targeted officer. It must be served on a least one of the proponents (and filed with the City Clerk) named in the Notice of Intent by personal delivery or by certified mail.

Within 10 days after filing the answer, the proponents would have to file two copies of the blank form of the petition with the City Clerk and proof of publication of the Notice of Intention. The Clerk would have 10 days to review the petition and proof of publication for compliance with the law and notify the proponents in writing of her findings. The proponents would have 10 days to correct the deficiencies and the Clerk would get another 10 days to re-review. The process is repeated until the petition is correct. Once the petition form is approved, the Clerk would notify the proponents and the 120 to circulate the petition and file with the Clerk. The proponents would need to gather 20% of signatures as reported by the Secretary of State. I've been given these figures by the Registrar of Voters office.

District #3 – 17,717
District # 4 – 16,219
District #5 – 14,390

Once the signed petitions are submitted to the City Clerk, the Registrar of Voters office will verify the signatures.

Let me know if you have any questions.

Subject: Notice of Intention to Circulate Recall

Mayor Owings & Council Members:

The Notice of Intention to Circulate Recall was served on June 4, 2013 to Mayor Owings, Mayor Pro Tem Co and Council Member Baca. Recall proceedings are governed by the Elections Code. The following are steps giving you a general idea of what to expect.

After the Notice has been filed with the City Clerk, the targeted officer has 7 days (Tuesday, June 9, 2013) to file and serve a written response. The response cannot be more than 200 words in length. It must be signed and be accompanied by the printed name and business or residence address of the targeted officer. It must be served on a least one of the proponents (and filed with the City Clerk) named in the Notice of Intent by personal delivery or by certified mail.

Within 10 days after filing the answer, the proponents would have to file two copies of the blank form of the petition with the City Clerk and proof of publication of the Notice of Intention. The Clerk would have 10 days to review the petition and proof of publication for compliance with the law and notify the proponents in writing of her findings. The proponents would have 10 days to correct the deficiencies and the Clerk would get another 10 days to re-review. The process is repeated until the petition is correct. Once the petition form is approved, the Clerk would notify the proponents and the 120 to circulate the petition and file with the Clerk. The proponents would need to gather 20% of signatures as reported by the Secretary of State. I've been given these figures by the Registrar of Voters office.

District #3 – 17,717
District #4 – 16,219
District #5 – 14,390

Once the signed petitions are submitted to the City Clerk, the Registrar of Voters office will verify the signatures.

Let me know if you have any questions.

CONSENT CALENDAR

Item #	Comments
9A	**Agreement Amendment with BBK for Legal Services** – staff recommends supporting this action. Allows for continuity of legal services for ongoing projects / programs.
9C	**Appropriations Limit for FY 13/14** – staff recommends supporting this action. No impact to Moreno Valley and action is in accordance with Article XIIIB of Calif. Constitution.
9E	**Quarterly Sales Tax Analysis** – receive and file. Noteworthy that out of 25 top sales tax producers, at least 15 of stores / companies listed have representation in Moreno Valley. Additionally, Auto Sales posted the largest gain.
9F	**Recurring Contracts for FY 13/14** - staff recommends supporting these actions. There will be no impact to Moreno Valley and actions will provide continuity of service in many important programs.
9G	**Agreement with Nossaman, LLP for On-Call Strategic Partnership Advisor Services** - staff recommends supporting this action. Firm is provides support for improvements to SR91 / I-15 providing a regional benefit for Riverside County including Moreno Valley residents that commute / travel through the area.
9I	**2009 Measure A Western Riverside County Regional Arterial Funds – City of Perris Programming Request** - staff recommends supporting this action. Action will provide direct benefit for Moreno Valley residents traveling to I-215 from Indian Street, Perris Boulevard, Lasselle Street, and Heacock Avenue.
9J	**2013 Multi-Funding Call for Projects** - staff recommends supporting this action. Action will provide opportunities for grant funding for several CIP projects within Moreno Valley.
9K	**Federal Surface Transportation Program 2013 Call for Rehabilitation Projects – Additional Project Programming** - staff recommends supporting this action. Action has no impact to Moreno Valley and will provide funding for road rehabilitation projects within the cities of Calimesa, Coachella, Eastvale, Lake Elsinore, Norco, and Palm Desert.
9M	**Fiscal Year 2013/14 Short Range Transit Plans** - staff recommends supporting this action. Action has direct benefit to Moreno Valley in terms of enhanced Transit / Train services provided by RTA / Metrolink respectively.

9N	**Federal FY 2013 FTA Section 5310 Capital Grant Applications** - staff recommends supporting this action. Action provides for medium bus for Moreno Valley Senior Center resulting in a direct benefit for Moreno Valley elderly residents.

Hello Cindy,

My name is Anilu Carrillo and I am from St. Christopher Catholic Church. Our ministry is the Sports Committee and we bring teens closer to God through sports. This Saturday June 15, 2013 I will be hosting a Goodwill Fundraiser and I will be honored to see our Mayor Tom Owings and Council member Victoria Baca attend to this event. We will provide food and drinks around lunch time. St. Christopher Church is very excited for this event and we would love to see the support of everyone. We will take pictures and show our community who came out to support! Hope to see you all soon and thanks for your time! God Bless

Sincerely,
Anilu Carrillo

Subject: Pastor Earnestine Poole Anderson - I Am My Sister's Keeper Fundraiser

Pastor Anderson is inviting you to the I Am My Sister's Keeper Fundraiser event. I Am My Sister's Keeper is a mentoring program for 8 – 18 year old girls. Southern California Edison will be presenting a donation check to them at the event. Their church is located in District 4. Next year, May 2014, I Am My Sister's Keeper is hosting the Convoy of Hope, which is a city wide food program give away, and she stated they are expecting about 5,000 people. She stated she is looking for a venue to hold the event. I gave her the phone number for the MVUSD PIO. I also gave her the phone number for Parks in case she would like to hold the event in a park, and I transferred her to Michele Patterson to see about promoting the event.

Please advise if you would like to attend the following:

I Am My Sister's Keeper Fundraiser
Saturday, August 3
11:00 a.m.
Universal Strike Bowling
23750 Alessandro Blvd.
$15 – Includes 2 games of bowling, shoes, hotdog, drink and entrance to talent show

Subject: Joint Study Session - Highway 60 East Corridor Plan

July 10th works for the project consultant. Grace is now checking with the Planning Commission. Can we check with the City Council to confirm that they are available on that date? Also, would there be an issue with starting at 5:30 rather than 6? This would allow more time for the consultant who is covering a second meeting later that evening.

Thanks!

John

Subject: Checkpoint Statistics - 2013

Good morning,

During the first 5 ½ months of 2013, the MVPD Traffic Team has conducted nine DUI/Driver's License checkpoints around the city. A total of 8,892 vehicles have passed through those nine checkpoints, an average of 988 vehicles per checkpoint. These nine checkpoints have resulted in the following:

- 61 DUI arrests (34 for alcohol, 27 for drugs) This is an average of 6.7 DUI drivers per checkpoint.
- 171 drivers cited for either being unlicensed (112) or for driving on a suspended or revoked license (59).
- 119 vehicles towed, an average of 13 per checkpoint.
- 01 felony arrest for drug possession.
- 01 misdemeanor arrest for assault on a peace officer.
- 01 DUI driver was arrested and found to have two outstanding arrest warrants for DUI.

These statistics indicate the following ratios:

- One DUI arrest for every 145 drivers who pass through the checkpoint.
- One citation issued for an unlicensed driver for every 52 drivers who pass through the checkpoint.
- One DUI or unlicensed driver for every 38 drivers who pass through the checkpoint.

CITY OF MORENO VALLEY
Library Services Division

Memorandum **June 18, 2013**

TO: Library Commissioners
Victoria Baca, City Council
Paula Smus, Library Services Division Manager

FROM: Evelyn Bell, Executive Assistant

SUBJECT: Minutes of Regular Library Commission Meeting of April 18, 2013

1. **Call to Order**
   Chairperson Sharon Clements called the meeting to order at 7:13 p.m.
   a) Chairperson Clements led the Pledge of Allegiance.

2. **Roll Call**
   Present: Sharon Clements, Beverly Crockett, Kristina Dixon, and Cathy Merkt.

   Absent: Peggy Hadaway (excused).

3. **Approval of the Order of the Agenda**
   Commissioner Dixon made a motion, seconded by Vice-Chairperson Merkt, to approve the order of the agenda. Motion approved 4-0-1.

4. **Introductions**
   Michelle Dawson, Assistant City Manager; Tom DeSantis, Administrative Services Director; Rick Teichert, Chief Financial Officer/City Treasurer; Laura D'Arciprete, prospective Library Commissioner; AnnaLynda Henderson, Library staff; Alvin Horn, resident.

5. **Public Comments for Items Not on the Agenda**
   None.

6. **Approval of Minutes from March 21, 2013**
   Vice-Chairperson Merkt made a motion, seconded by Commissioner Crockett, to approve the minutes as submitted. Motion carried 4-0-1.

7. **New Business**
   a) *Discussion and possible action on potential outsourcing of library services*
   Library Services Division Manager Paula Smus introduced Administrative Services Director Tom DeSantis, who provided a summary for the commission regarding the exploration of outsourcing Library Services.

DRAFT

DeSantis acknowledged that the issue had been addressed at the March 21 commission meeting and praised Library Services Division Manager Paula Smus for doing a masterful job at explaining at that meeting the context of the issue.

DeSantis stated that the new City Council had directed City management staff to completely close the budget deficit by the beginning of the 13/14 fiscal year, and to do so without using reserves. Rick Teichert is leading the effort to balance the budget. DeSantis also said that he had never seen this effort before, where discussions included reducing police officers by 25 positions. This shows how serious the situation is.

The library is subsidized by the General Fund by more than $500,000, so they are looking to reduce this subsidy.

The City determined two years ago that outsourcing was not needed.

DeSantis reported that he met with library staff earlier that day, including Paula Smus, to inform them of the City's Administrative Policy 2.25 (Privatization), adopted in 1997. This policy requires a feasibility review to be submitted to the City Council, explaining the reasons for proposing the outsourcing of a city service. DeSantis stated that he will submit this feasibility review at the April 30 City Council Study Session. The report will be a public document. Library staff were also informed that the policy provides that an affected work unit, faced with losing their jobs due to outsourcing, is allowed the option of submitting an alternative proposal to that of the private company or companies. He gave staff a deadline of May 30, 2013 to submit an alternative proposal, which he said would also be the submission deadline for the proposed contractor, Library Systems & Services, Inc. (LSSI).

DeSantis defined a desired savings of $200,000 to the General Fund subsidy. He said that he has asked LSSI to identify $200,000-$250,000 in savings, along with expanding service hours and dollars spent on materials. He further stated that if library staff did not wish to submit an alternative proposal, LSSI's deadline could be moved up.

DeSantis said that he had not yet seen the proposal from LSSI.

DeSantis explained that LSSI currently operates the Riverside County Library System, and that he was the person who negotiated that contract. He said he was confident that he could negotiate the best terms with the contractor. He said that he wanted to hear from the commission to help city management through the process.

Michelle Dawson stated that the proposed outsourcing was not a reflection on the excellent job staff has done. When it was previously discussed, they didn't take it to Council because they knew the impact to staff. The situation has

MV00257147

changed. It is a huge dilemma to resolve the budget deficit in one year. The city has previously contracted out the after-school program.

Rick Teichert stated that there were significant reductions in the prior three-year deficit elimination plan. General Fund staff were cut by 40%. Revenues are growing, but not fast enough. Costs for police, fire and retirements are growing faster than the 2% revenue growth. They are also proposing closing a fire station, and further layoffs will be coming.

Commissioner Merkt asked whether we could get out of the contract, and stated that it felt like we were selling our library. DeSantis replied that there would be a termination provision in the contract. Commissioner Merkt said that these were difficult cuts; she is glad that he has dealt with them before; and she wished it didn't have to happen.

Rick Teichert stated that he has been Deputy Director of the Sacramento Library System, and that he didn't look fondly on LSSI, but it is now a drastic situation.

Commissioner Crockett asked what options we would have if LSSI doesn't come up with a proposal. DeSantis said that there are certain constraints as a public agency; and cutting service hours is not in anyone's interests.

Commissioner Merkt asked about the possibility of volunteer services. DeSantis replied that the only way to do it would be to replace staff with volunteers, which is not recommended. Volunteers are a good augmentation, but not a good replacement.

Rick Teichert stated that in the long term, they are looking for a new revenue stream, such as a ballot measure for a parcel fee or sales tax. Michelle Dawson added that a parcel fee was previously tried but was defeated. Teichert clarified that the previous measure was a special tax, which required a super majority for passage. The next measure proposed would be one requiring only a simple majority. They will be asking the Library Commission to help support that future measure.

Commissioner Dixon asked how we could protect the staff and asked how the cost savings are achieved. DeSantis stated that almost all the savings are achieved through retirement costs, and there are also centralized operations that pick up savings. Our staff know and serve the community, so he wants our staff to have first consideration for hiring by LSSI. He said that LSSI doesn't maintain a body of staff to just plop into a newly contracted library, and that LSSI is run by librarians who know the value of library staff. He added that, in the case of Riverside County, there were people who left City of Riverside employment to go to the county, even when they didn't need to.

MV00257148

Teichert said that the city had more in reserves at the time of the first proposal. They need to maintain $12-$14 million in reserves for cash flow. We don't want to be like San Bernardino and declare bankruptcy. We can't continue to operate this way. DeSantis added that it is a different context now, and that he didn't envy the Council.

Michelle Dawson said that two years ago, when facing the budget deficit, 70 different budget-saving ideas were discussed for implementing over three years, ideas that didn't need to be used. The commission might think that $200,000 isn't much, but they need to look at every dollar. She gave the example of an employee at City Hall who had recently been laid off for an annual savings of only $60,000, but that they are looking at every dollar.

Teichert mentioned that other cities are in similar situations. Some cities, such as Temecula and Rancho Cucamonga, have major shopping that we don't; we bleed to the city of Riverside west of Day Street.

Commissioner Merkt said that the city wants to draw more shoppers, so shouldn't charge more sales tax. She added that people know what their sales tax is now, and we don't want them to go to Cabazon. Dawson said her point was taken.

DeSantis stated that the feasibility review would be available the Thursday prior to the April 30 Study Session. The commission secretary will email the study to the commissioners as soon as it is available.

Commissioner Merkt asked if anything were needed from the Library Commission. DeSantis said that we need to provide service to the public, even if the method is not our favorite option. We want to give them more, not less.

Commissioner Crockett asked what expansion is being asked from LSSI. DeSantis replied that they are requesting more hours and more money spent on materials.

DeSantis also asked the commissioners to let the staff know how valued they are. It's hardest on them. He added that if they had any questions, they could call Paula, Rick, Michelle, or him; they want to be accessible.

(Dawson, Teichert, and DeSantis left the meeting.)

8. **Library Director's Report**

The Cover-to-Cover Reading Program had more than 500 participants, a 66% increase over last year.

The Library has been a regular collector of food items for the Community Assistance Program (CAP). We collected 1,337 pounds of food in 2012 alone.

MV00257149

This food collection will be incorporated into the Summer Reading Program this year, since the theme is "Reading Is So Delicious!"

Gale Cengage recently gave the library 15 free reference e-books, which can be used simultaneously by multiple users.

9. **Board Comments**

Commissioner Merkt said she came into the meeting with one opinion about outsourcing, but feels differently now. She didn't think the discussion was adversarial. She didn't think the city was making arbitrary decisions, and she didn't feel sold out. She appreciated the input.

Commissioner Crockett said that she was impressed with Policy 2.25 and that she liked it. She is concerned that there has been no proposal yet from LSSI. Paula Smus clarified that Tom DeSantis asked LSSI to hold off until the May 30 deadline. Commissioner Crockett asked how the staff felt. Ms. Smus replied that they just found out today. Commissioner Crockett liked that some Riverside employees left the city and went to LSSI. She asked if there was a big difference in the income. Commissioner Clements replied that she didn't know, but her three friends who work for LSSI seem to be happy. It will take a while to become accustomed to it. There were a lot of concerns at first with the county, but they have built a pretty good reputation. Some libraries have some of the same staff as at the transition.

Commissioner Dixon stated that she appreciated city staff coming to talk to them. She thinks the Council is overly ambitious to cut $8 million in one year. She is concerned for staff. She wants the city to make every effort to keep everyone on staff. We need to educate the community about what's going on. She's against more taxes, but if people know why they're needed, there might be more support; it's the only way to increase revenue. Commissioner Crockett asked who would do that education. She added that during election time, her mailbox gets flooded; she tells people when it's something important to her.

Commissioner Merkt asked if there were anything the staff needed from the commission. Ms. Smus replied that there was nothing at this time.

10. **Upcoming Agenda Items**

None.

11. **Adjournment**

Commissioner Crockett moved that the meeting be adjourned. The meeting was adjourned at 8:00 p.m.

Subject: Kids safety

Hello all,

I received a call from a Fourth of July Community Stage 2013 PARENT, she was concerned about her children's safety. Her children were selected for this years Fourth of July Community Stage. They were also on the Fourth of July Youth stage 2012. I think it is important that someone gets to the bottom of ALL this, before someone gets hurt or another lawsuit against our city.

Safety for the youth, need to be a huge part of anything the city does.

Maurice Sears had called Georgette child's cell phone and said, "the Moreno Valley Fourth of July Community Stage youth will be rehearsing in his home (garage)."
I do have a concern with anyone calling the child, and so does this parent. This mom is active with her children and Maurice has her number. So, why not call the parent?

Maurice stated that the Fourth of July rehearsals will be at his home and he said "the City has this set up."
This parent did NOT feel that the city would do this, especially after last year a few of the parents (herself) and Anthony Acosta felt so strongly that Maurice may be a child pedophile.
Anthony Acosta said to me that he "ran a FBI background check on Maurice" under Maurice Sears, in late August/September 2012. Anthony Acosta and Maurice Sears continued working with the 4th of July youth after the event, I did not know this.

My concern is Maurice has two last names. Sears and another that starts with a Boudoor, not sure of the spelling, sounds French. No one knows how to spell it and therefore no one ran a background check on that last name. Nor am I sure if Anthony Acosta ran a qualified background check.

With six people saying, in August/September, that Maurice may be a pedophile, it was and still is a concern to me. I did at the time forward the information to MVPD. Not sure what they did?

I only worked with Maurice and the selected youth for the Youth Stage 2012; 5 or 6 days. So I only know a little bit about him. We only met Fridays and Saturdays. He is an armed guard, so I felt safe to have him work the few days with the youth and I was always with the kids during rehearsals.

Outside of Maurice not being able to communicate or show up on time, I only had a few issues with him as he volunteered to help prior to the 4th of July, for those few days.

1) Maurice did feel that it was okay to keep the kids out late, I did post up a paper stating, "if you are with the Fourth of July group, we must end at 10PM." However, some parents and youth wanted to stay later and did so, saying they were working with Maurice on their own.

2) Maurice told a parent that the City was paying $50.00 to a man's daughter and that the daughter would get one hour on the stage. I had to correct the father that she was not getting an hour, nor paid.

3) I did notice that Maurice's neighbors did NOT want their children involved with Maurice. Maurice stated it was due to a bad divorce.

4) Maurice is guilty of being a awful parent, as he left his 6 yr old child with this mother (Georgette) to watch, as he went to work and they did not know each other at all.

5) On the Fourth of July, Maurice was missing most of the time.

Anything other than that is Maurice and Anthony's doing, not City or my involvement.

At this point, I think it is wise for either City or MVPD to check into Maurice for the safety of the youth. I get that volunteers are not perfect, but, my point is trust only Law Enforcement when doing a background check.
And after six parents thought the same thing.. maybe it would be wise just to double check.

Plus, I want Park and Rec to know what is being said, so they can correct anything that may not be true.

This is my third call/text from parents, not knowing anything. I did tell them all to call Park and Rec and ask for Sarah. I hope that was correct?

Good Luck!
JulieAnn Stewart-Cleaveland

Subject: RE: Kids safety

Good Afternoon JulieAnn,
Thank you for your concern regarding children's safety and the 4th of July Community Stage. Children's, as well as for all community residents, safety is our department's top priority.

Maurice Sears is not associated with any aspect of this year's 4th of July Community Stage. The City of Moreno Valley and the Parks and Community Department has not supported or encouraged any of the youth or adult performers to rehearse with Mr. Sears. To further emphasize the matter, our department has not released any of the performers' names to anyone other than the performers themselves in relation to the Community Stage performance schedule. If Mr. Sears is contacting individuals that have performed in the past or he believes are performing this year, than he is doing so on his own accord and without any information or consent from our department.

In regards to any issues that occurred before, during, or after last year's 4th of July Youth Stage between you, Anthony Acosta, or Maurice Sears; our department did not have any knowledge of the issues you described, nor did we encourage the rehearsals. So we cannot address these issues 11 months after the 4th of July, 2012. As Mr. Sears is not currently a volunteer or involved in any or our department's events or programs, then we will not administer a background check on Mr. Sears. Any illegal allegations would need to be addressed through our local police department.

If any community member contacts you in regards to any of our events, programs, or the 4th of July Community Stage; please continue to refer them to myself or a supervisor in the Parks and Community Services Department. We will continue to maintain our "open door" policy and will address any of our resident's concerns as quickly and effectively as possible. Neither our department nor I have been contacted by any of the 4th of July Community Stage performers or parents in relation to Mr. Sears. We will certainly be more than happy to address any concerns performers or parents may have.

Thank you,
Sarah Martinez

Subject: Kids safety

Hello all,

I received a call from a Fourth of July Community Stage 2013 PARENT, she was concerned about her children's safety. Her children were selected for this years Fourth of July Community Stage. They

were also on the Fourth of July Youth stage 2012. I think it is important that someone gets to the bottom of ALL this, before someone gets hurt or another lawsuit against our city.

Safety for the youth, need to be a huge part of anything the city does.

Maurice Sears had called Georgette child's cell phone and said, "the Moreno Valley Fourth of July Community Stage youth will be rehearsing in his home (garage)."
I do have a concern with anyone calling the child, and so does this parent. This mom is active with her children and Maurice has her number. So, why not call the parent?

Maurice stated that the Fourth of July rehearsals will be at his home and he said "the City has this set up."
This parent did NOT feel that the city would do this, especially after last year a few of the parents (herself) and Anthony Acosta felt so strongly that Maurice may be a child pedophile.
Anthony Acosta said to me that he "ran a FBI background check on Maurice" under Maurice Sears, in late August/September 2012. Anthony Acosta and Maurice Sears continued working with the 4th of July youth after the event, I did not know this.

My concern is Maurice has two last names. Sears and another that starts with a Boudoor, not sure of the spelling, sounds French. No one knows how to spell it and therefore no one ran a background check on that last name. Nor am I sure if Anthony Acosta ran a qualified background check.

With six people saying, in August/September, that Maurice may be a pedophile, it was and still is a concern to me. I did at the time forward the information to MVPD. Not sure what they did?

I only worked with Maurice and the selected youth for the Youth Stage 2012; 5 or 6 days. So I only know a little bit about him. We only met Fridays and Saturdays. He is an armed guard, so I felt safe to have him work the few days with the youth and I was always with the kids during rehearsals.

Outside of Maurice not being able to communicate or show up on time, I only had a few issues with him as he volunteered to help prior to the 4th of July, for those few days.

1) Maurice did feel that it was okay to keep the kids out late, I did post up a paper stating, "if you are with the Fourth of July group, we must end at 10PM." However, some parents and youth wanted to stay later and did so, saying they were working with Maurice on their own.

2) Maurice told a parent that the City was paying $50.00 to a man's daughter and that the daughter would get one hour on the stage. I had to correct the father that she was not getting an hour, nor paid.

3) I did notice that Maurice's neighbors did NOT want their children involved with Maurice.
Maurice stated it was due to a bad divorce.

4) Maurice is guilty of being a awful parent, as he left his 6 yr old child with this mother (Georgette) to watch, as he went to work and they did not know each other at all.

5) On the Fourth of July, Maurice was missing most of the time.

Anything other than that is Maurice and Anthony's doing, not City or my involvement.

At this point, I think it is wise for either City or MVPD to check into Maurice for the safety of the youth. I get that volunteers are not perfect, but, my point is trust only Law Enforcement when doing a background check.
And after six parents thought the same thing.. maybe it would be wise just to double check.

Plus, I want Park and Rec to know what is being said, so they can correct anything that may not be true.

This is my third call/text from parents, not knowing anything. I did tell them all to call Park and Rec and ask for Sarah. I hope that was correct?

Good Luck!

Subject: Drowning

Good evening,

I need to modify my last message. I just learned that hospital staff was able to revive the 2-year old victim. We do not know if she will survive at this point. Initially, she had no pulse and was believed to be deceased. Apparently physicians were able to get a pulse back. I will update you when I have a more definitive answer. Sorry for the confusion.

Joel

Subject: Agenda Item E-2 Contract - Hidden Springs

From: jgiba@reagan.com [mailto:jgiba@reagan.com]
Sent: Sunday, June 23, 2013 2:44 PM
To: Candace Cassel
Cc: Richard Stewart; Tom Owings; Steven Sopher; Victoria Baca; Jesse Molina; Marcelo Co; Richard Teichert
Subject: HS E-2 Contract

Hi Candace,

We have some concerns about this contract. Please contact Steven if he did not forward you his e-mail. You left us very little time to review prior to a meeting. Even I get the feeling this is being "shoved down our ... ". I have been reviewing this past weekend and I too have a collection of concerns for the vague nature. Didn't we specifically suggest the need for "specifics" and details for maintenance. We need some clarity, to relieve some anxiety, so we need to talk before the meeting. We could use some clarification. Tuesday is coming quickly and I don't think you have a clear consensus for approval. I don't like doing things this way. I am free Monday.

Ohh, why was the parkway landscape across from the elementary school cut to the dirt. Were we not clear that this is what ruined our landscape before. Also, comments about loss of plants do to reduced service was not quite true but in fact the plant cut backs NOT properly monitored by the CSD as pointed out by Jan Bower was a big factor in our die back up here.

We want this new contract to truly benefit the residents of HS and the City of Moreno Valley. A good working relationship does much to repair the trust issues developed over the past months by many.

So here are some of my preliminary observations: I still have a lot to read.

1. General Provisions - Scope of Work

C. What criteria is being used to reject or approve of work, BY whom is the designated "Director", methods & materials ect. As I went through this document so far, there are very little clear specifics by which to judge this criteria. This was a concern expressed in many of our meetings. I for one would like to know who that "Inspector" will be as well.

2. General Provision - Schedule of Work

G. Why are they not working a full week. M-Friday. I realize the city has been on a temporary no Friday work day but a contractor should be working a normal work week and not enjoying a short week specific to our city requirements. They do not need your inspector on site Friday to do work. If the city goes back to a 5 day week, they don't.

3. 17 Technical Provisions
A. Turf Care
6 & 7 - are these in reverse? In my practice, you keep the turf longer in the summer and shorter in the cooler weather.

4. B. Tree Care (pg 41)

You mentioned that we can not cut down any tress until August. According to section 4, "Trees can be pruned at ANY TIME in order to" - Remove dead, diseased or damaged tress (8-12 minimum) like the 47 tree photos I sent you. If this contract is approved, will the removal process start ASAP?

5. C Shrub Care (Pg 43)

Remember our discussion about very specific criteria for holding the contractor to very specific measurement criteria so we can truly hold them to a criteria. I don't see that here, just "remove unwanted encroachment..." with NO specific criteria to measure this encroachment. **e.g 18" from sidewalks and held straight when applied a vertical plumb line and not to exceed 60" in height.** Without this type of inspection criteria we get what we have been getting which generally looks,let us say, less than professional.

6. D Ground Cover (Pg 44)

3 & 4 - I see a reference to Frequency and " accepted practices" (what are these and do we have that information to refer to?) but I do not see where we hold them accountable to OUR practice or in other words a specific criteria so we do not have happen what happened before and what has appeared to have happened in from of the elementary school **(unless you are doing something specific we were not aware of like a drip system or new planting)**. Our collective suggestions made it very clear even when Mr Stewart was there that there must be "controls" built into the contract. Criteria we can hold them to when INSPECTED.

Also,I do not see information about the types of replants, plant pallet, etc. Where is our input in this document? e.g. refer to HSRC plant pallet selections, etc. This is suppose to be a partnership?

I'm sorry Candace,this contract seems to leave a lot of open decision making. In the past, that leads to concerns and trust issues. Steven had some honest concerns that I left for him to respond to. I am not done digging into this but unless you can help me feel better about Steven's concerns and the few things I expressed, I will not feel comfortable supporting this contract. In the past,we have had the opportunity to review a new contract in a timely fashion and discuss among residents giving the CSD thoughtful feedback. We are not getting that opportunity this time.

Just a few thoughts for you and Mr. Teichert to consider.

Best Regards,

Jeff Giba

Subject: Item B.5 AWARD OF AN INDEPENDENT CONTRACTOR AGREEMENT FOR PROJECT NO. E-2 (HIDDEN SPRINGS) MAINTENANCE OF PARKWAY, MEDIAN AND OPEN SPACE LANDSCAPING AND IRRIGATION

From: Steven Sopher [mailto:readisaiah53@icloud.com]
Sent: Sunday, June 23, 2013 3:46 PM
To: jgiba@reagan.com
Cc: Sopher Steven; Candace Cassel; Richard Stewart; Tom Owings; Victoria Baca; Jesse Molina; Marcelo Co; Richard Teichert; Hernandez Art
Subject: Item B.5 AWARD OF AN INDEPENDENT CONTRACTOR AGREEMENT FOR PROJECT NO. E-2 (HIDDEN SPRINGS) MAINTENANCE OF PARKWAY, MEDIAN AND OPEN SPACE LANDSCAPING AND IRRIGATION

Honorable Mayor, Members of our City Council, and Special Districts Staff:

Below are my comments related to the new landscaping contract for Special Districts Zone E-2, that you will
be considering on June 25, 2013.

You will find several of my comments directed to Mr. Teichert.

Please be advised my comments are not intended to be a personal confrontation of Mr. Teichert.

These comments are directed to the position and responsibilities associated with the Chief Fiscal Officer and not to the individual person.

I respectfully request the City Council table approval of this agreement pending resolution of the following concerns.

These issues have been discussed with City Staff, and our Council Representative, and remain unresolved.

City staff can perform the necessary maintenance activities, using Zone E-2 funds, during the interim; the contract award
may be adjusted accordingly.

Observations and/or Questions about the New Contract:

1. The proposed contract represents a 47% reduction in the purchase of landscape maintenance services. The current award is $85,422 base, with an additional $18,800 for "additional services" for a max amount of $104,282.

Using the city's own audited budget, in FY 10/11, we dedicated $188,400 to these same services.

Using the total amount earmarked for this award, the new contract represents a reduction of 47% or $84,118

In his Report to the City Council, dated June 25, 2013, Robert Teichert, Chief Financial Officer states, page 3:

" As a result, the base services were reduced for the landscape maintenance of the paseo area (maintenance of the parkways was retained at a standard service level) and additional work services were reduced (e.g. reduction in the number of replants) in order to balance the budget."

Teichert confirms Hidden Springs Residents Committee's previous analysis shared with City Staff, and our Council Representative, several months ago.

The "die back" problem was actually caused by a reduction of service, for budget reasons, which resulted in a reduction of replanting.

Teichert's statement is misleading as the replants needed were mainly in the parkways, so in fact, maintenance of the parkways was NOT sustained at a standard service level.

HSRC has clearly communicated to Mr. Stewart **Mr. Teichert's management of our district has been a failure.**

The City Council should be aware of this.

2. The consensus of the Hidden Springs Residents Committee opposes the reduction of funds dedicated to landscape maintenance.

There exists sufficient revenue to purchase needed services, including replants.

The problem with cash flow is a result of Mr. Teichert's fiscal requirement to divert a significant portion of our revenue to Undesignated Reserves along with high overhead costs associated with city staff.

Special Districts staff have been directed to preserve 108% of our Total Revenues for Undesignated Reserves.

City staff personnel costs (General Fund & Special Districts Admin) currently represent 31% of our Total Revenue.

3. The structure of the new contract does not enhance services rendered to our landscape district, the structure of the contract is purely for fiscal management purposes.

Quoting Mr. Teichert, page 3:

"This strategy provides the CSD flexibility in adjusting service levels based on available funding without incurring additional costs of issuing another RFP."

Mr. Teichert statement obscures a significant fact, *he should make it explicity clear to the City Council*, the new contract DOES allow for a substantial reduction in services for all areas, parkways and paseos, without the advice, consent, or input of the affected residents, or their elected representatives.

A significant feature of the new contract, not appearing in the previous contracts, is the designation of 3 service levels both for the parkways and the paseos, each succeeding service level representing a substantial reduction in service from the previous service level.

There has been no discussion with Hidden Springs residents as to how, and under what circumstances, the Chief Financial Officer will decide to lower the level of services, or when and how services will be restored.

3. Mr. Teichert's comments regarding the city's failed attempt to increase the parcel charge does not tell the complete story.

On page 3, Mr. Teichert states, *"In May 2011, the property owners within Zone E-2 did not support an increase in their parcel charge to support increasing costs to continue providing landscape maintenance at a standard service level."*

What Mr. Teichert does not mention, any increase in revenues (as the result of a parcel tax increase) would have been diverted to Undesignated Reserves, per his directive as Chief Financial Officer, **therefore an increase in the parcel tax would not result in an increase in services but absorbed in reserves.**

4. **On the record, who specifically will be personally responsible for managing the performance of this contract?**

Page 30, Exhibit A, Item 1C *"All work shall be performed in accordance with usual and customary horticultural practices to achieve, and maintain healthy, viable landscapes. The Chief Financial Officer/City Treasurer of the City of Moreno Valley, or his/her delegated representative(s), hereinafter designated as "Director" will periodically inspect all the operations and approve or reject the work performed, and methods or materials used, and make changes in work scheduling."*

5. The stipulation below appeared in our previous contract, **the City failed to perform it, what assurances do we have they won't fail again?**

On the record, when will this particular inspection of our landscape district be completed, when can we be informed of the results? Who specifically will represent the interests of the Hidden Springs residents in the development and finalization of this assessment? How will this assessment be used to guide the priorities of our service district?

Page 32, Exhibit A, Item 2A: *The Director and Contractor shall conduct an inspection of all sites covered under this Contract as soon as practicable after its execution, and prior to commencement of Contractor's operations. Following said inspection, the Contractor shall submit to the Director a written affidavit certifying the actual condition of the site(s) relative to District Specifications, including but not limited to the nature and extent of any deficiencies noted by the Contractor, and acknowledged by the Director. The Contractor is hereby advised that this affidavit shall serve as the benchmark for the Director's evaluation of Contractor's performance under this Contract. Failure to maintain site(s) up to this established standard may result in the District deducting payment of all or part of the Contractor's compensation, as further described in Exhibit C., Section 3.*

6. **The spending priorities of this contract remain unclear.** What specifically constitutes "Additional Work" and what is the basis and protocol for the contractor to submit billing for "Additional Work" ?

I cannot find a description or a billing protocol. I reviewed Page 61, Section 2, Paragraph C and do not see this information, perhaps it can be found elsewhere.

WIthout knowing what specifically constitutes "Additional Work" the Chief Financial Officer, or their designate, has no accountability as to how they use our funding, or what priorities to address. This is a significant concern as $18,800 of the total award, or 18%, is dedicated solely to "Additional Work."

Please note, there is no mandate to authorize any Additional Work, these funds could conceivably revert back to Undesignated Reserves without any service being rendered.

7. **Did Special Districts encumber the $3,200 dedicated for replanting from FY12/13 to the FY 13/14 budget?**

We were given assurances these funds would be available for use in FY 13/14 and not absorbed into Undesignated Reserves.

Respectfully submitted,

Steve Sopher, Participant
Hidden Springs Residents Committee

Subject: Attempted Murder

Good evening,

We are investigating an attempted murder in the 21800 block of Bay Avenue. Officers responded to a shooting with one victim wounded and found an adult male suffering from gunshot wounds. The victim was transported to RCRMC and is expected to survive.

The suspect and firearm used are both outstanding. MVPD Investigators, Forensic Techs, and Citizen Volunteers are on scene.

This does not appear to be a random event and Investigators are following leads in the case. I will keep you updated.

Subject: Notice of Intention to Circulate Recall Petition

Mayor Owings & Council Members:

Please be advised that the Notice of Intention to Circulate Recall Petition for Mayor Tom Owings is valid. Signature verification by the County has identified the proponents as registered voters in the City. The **original** NOI, Proof of Service and a copy of E.C. 11023 were filed with my office on June 24, 2013. The NOI complies with E.C. 11020.

Mayor Owings' response/answer to the NOI was filed in my office today (June 27, 2013).

Let me know if you have any questions.

Thank you.

Subject: DUI crash and power outage

Good morning,

Today about 3:11 AM, officers responded to Wintergreen and John F. Kennedy reference a vehicle crashed into a power pole. The driver was arrested for DUI.

Edison responded to handle the power outage and determined approximately 20 homes northeast of the intersection are without power. Edison estimates power will be out for another 18 hours (as of 11:56 AM).

We will keep you updated.

Mayor, Mayor Pro Tem, and Members of the City Council: We are so excited to share the news that Stater Bros. Markets is purchasing the vacant Albertsons located at Ironwood Avenue and Pigeon Pass Road. After discussions that appeared to have stalled, this actually came together very quickly and recently. John Terell, Tom DeSantis and I met with Mike Staton of Stater Bros. on May 26th and he indicated that they were resuming discussions for the store at that time. John has been providing information and other assistance during the process. Needless to say this is great news for the City and our residents. We will be posting this announcement on the City's web site as well as participating in other public relations activities.

Stater Bros. Announces
New Blue Ribbon Moreno Valley Supermarket

San Bernardino, California (July 1, 2013) – Stater Bros. has announced that the company has entered into an agreement to purchase the recently closed Moreno Valley Albertsons, located at the northwest corner of Ironwood Avenue and Pigeon Pass Road.

The NEW "Blue Ribbon" Stater Bros. Moreno Valley Supermarket will bring back a much needed full-service supermarket for the many residents north of Highway 60 and a revitalization for the neighborhood shopping center where it's located.

This new Stater Bros. Moreno Valley Supermarket will be the fourth location for Stater Bros. in Moreno Valley and demonstrates Stater Bros.' commitment to the Moreno Valley community it has served for over 34 years (since 1979). The three current Stater Bros. Supermarkets in Moreno Valley are located at 24931 Sunnymead Blvd, 25900 Iris Avenue, and 14425 Moreno Beach Drive.

Stater Bros. expects to take possession of the location from Albertsons in September. The Supermarket will subsequently undergo a major remodel and reopen as a state-of-the-art "Blue Ribbon" Stater Bros. Supermarket. A Grand Opening Celebration for the new Stater Bros. Moreno Valley Supermarket is planned before the end of the year.

The new 43,670 sq. ft. Stater Bros. Moreno Valley Supermarket will feature:

- Full Service Fresh Meat Department with famous Stater Bros. Butchers to serve you
- Full Service Fresh Seafood Department with experts to help with selection plus capability to season and fry on the spot
- Full Service Deli including fried and baked chicken, specialty sandwiches, wraps, taco plates, olive bar and much more
- Self Service Beverage Bar with New Coca-Cola "Freestyle" Fountain Drink Station featuring over 150 flavors of soda, ICEE Drinks, Ice Teas, Espresso, Specialty Coffees, Vanilla Latte and Hot Cocoa
- Full Service Hot Bakery with a full selection of Artisan breads and rolls, plus Ice Cream Cakes, special occasion cakes and cupcakes
- Full Service Floral Department for that special gift of fresh flowers, plants or floral arrangements
- Garden Fresh Produce Department featuring more than 800 items with expanded organic selections

The new Stater Bros. Moreno Valley Supermarket will also include many environmentally friendly practices:

- Addition of LED lighting in building signage and refrigerated display cases plus use of glass doors and curtains in refrigerated cases that reduce energy usage by 60%
- New lighting system that uses dimming ballasts, energy efficient lamps and occupancy sensors
- Energy Management System that controls refrigeration, HVAC, Demand Response, and lighting
- Recycling Center located inside for customers to recycle paper and plastic grocery bags
- Earth-conscious alternatives such as Large Grocery Bags made with 100% recycled paper and Reusable Bags for purchase

"Since 1979, Stater Bros. has proudly served the community of Moreno Valley, and the Stater Bros. Supermarket Family is especially proud to offer this modern and environmentally friendly Stater Bros. Supermarket to better serve our long-time and 'valued' Moreno Valley Customers," stated Jack H. Brown, Chairman and Chief Executive Officer of Stater Bros.

Stater Bros. is the largest privately owned Supermarket Chain in Southern California and the largest private employer in both San Bernardino County and Riverside County, with annual sales in 2012 of $3.9 billion. The Company currently operates 166 Supermarkets, and there are over 18,000 members of the Stater Bros. Supermarket Family.

STATER BROS ... PROUDLY SERVING SOUTHERN CALIFORNIA FAMILIES FOR 77 YEARS

Subject: Notice of Intention to Circulate Recall Petition

Mayor Owings & Council Members:

Please be advised that the Notices of Intention to Circulate Recall Petitions for Mayor Pro Tem Marcelo Co, Council Members Richard A. Stewart and Jesse Molina are valid. A second NOI for Council Member Stewart was filed in my office on June 26, 2013 and is also valid. Signature verification by the County has identified the proponents as registered voters in the City. The **original** NOI, Proof of Service and a copy of E.C. 11023 were filed. The NOI complies with E.C. 11020.

The incumbents may file an Answer/response to the recall notice. Answers/responses to the recall notices need to be served by personal delivery or certified mail to the proponent.
The deadlines to file/serve answers are as follows:

For Mayor Pro Tem Co – by July 2
For Council Member Stewart – to the first recall notice by July 2; to second notice by July 3 – (received both responses today, 7/1/13)
For Council Member Molina – by July 3

Let me know if you have any questions.

Thank you.

Subject: Attempted murder

Good afternoon,

This morning about 3:00 AM, officers were dispatched to the 25000 block of Dracaea Avenue reference an unknown trouble with gunshots heard in the area. As they were responding, two victims arrived at RCRMC suffering from gunshot wounds.

Investigators responded to assist with the investigation. The victims, a 29 year-old male and a 27 year-old male, are believed to be members or associates of the criminal street gang known as "Sex, Cash, Money". It appears both victims will survive their injuries. As is often the case with gang-related crimes, investigators are receiving very little cooperation from potential witnesses.

I will update you if additional information becomes available.

Subject: Update on TRIP Financing challenged by resident RAdene Heirs

Mayor, Mayor Pro Tem, and Members of the City Council: In January the City Council approved the sale of not more than $20 million in Certificates of Participation (COPs). The COPs, issued through California Communities Total Road Improvement Program (TRIP) Gas Tax Revenue financing, are the funding mechanism for the Nason Street widening project between Fir and Cactus. You may recall that the Council initially approved the City's participation in the TRIP financing program in July, 2012. However, based upon the threat of a legal challenge from resident Radene Heirs and the probability that Moreno Valley's participation in the TRIP process would hold up funding for other cities in the program, we withdrew from that action and have been defending and responding to Ms. Heirs' attempts to stop the TRIP financing program since that time.

The State Appellate Court has finalized the decision in the City's favor regarding resident Radene Heirs' challenge to the validation action as a step in the process to completing the Total Road Improvement Program (TRIP) financing. The opportunity to appeal to the State Supreme Court has passed and no appeal was made. The challenge has delayed the completion of the financing which is the funding mechanism for the widening of Nason Street between Cactus and Fir Streets. The widening project has continued, and the City will be reimbursed from the proceeds from the sale of Certificates of Participation for funds that the City advanced to keep this project moving forward.

The cost of defending the legal challenge to the validation action was about $60,000, not including staff time to prepare for and appear at several court hearings. This cost will be paid to legal counsel from the proceeds of the financing.

The financing team is now active. The TRIP financing will be based on Measure A revenues for lease payments on the COPs. Documents previously approved by City Council are sufficient to proceed with and complete the financing, there will be no further action planned by the City Council. Staff anticipates that the financing will be complete by the end of August 2013.

Please contact me if you have any questions regarding this issue.

Subject: FW: Recent Positive Mosquito Pools Received from the CDPH today

Dear Council:

The City contracts with the Riverside County Vector Control program, which provides routine surveillance for West Nile Virus as part of their contract. Mosquitos collected at a location in Hidden Springs tested positive for West Nile Virus. The County plans to treat the location to reduce the number of mosquitos on Thursday morning. The County will post signs around the area explaining their actions. Related to this finding, the City's Code Compliance staff will implement an enhanced protocol when dealing with violations in the area for stagnant pools and other similar standing water complaints.

Should you have any questions or concerns, please contact me.

Sincerely,

John

Subject: FW: Assembly Outside City Hall

Mayor and City Council:

The assembly was from St. Christopher's Church. They asked to speak with the mayor to request that the City prepare documentation supporting immigration reform to be sent to elected officials - Congressman Takano.

Council Member Stewart, with the concurrence of the Mayor, spoke with the assembly. Council Member Stewart suggested, and asked for a second, to place on the next study session agenda (August 20) discussion of a resolution or letter to be signed by the mayor supporting immigration reform. The document would not be specific, but would be of a general commitment that all five council members could agree upon.

Council Member Molina stated he originally requested an immigration ordinance be presented to the City Council, and seconded placing the immigration reform item on the agenda.

The spokesperson for the assembly was Nicolas Gomez - [redacted]

Subject: Fraud search warrant

Good afternoon,

The MVPD SET Team served a fraud/drug search warrant at a residence in the 11300 block of Red Hill Road. Gang officers received information from several people in the neighborhood that drug sales were being made from the residence.

The search warrant was served today and officers located evidence indicating the suspects lied on their Section 8 application. They have fraudulently received more than $50,000 in government aid over the past 4 years.

Officers also located more than 7 pounds of marijuana, a small quantity of hashish, a small quantity of methamphetamine, drug packaging, scales, and other indicia of drug sales. Officers also located ammunition in the residence.

Suspects arrested are as follows:

Korey Gray (40)

Michael Adkins (41) an ex-felon

Both suspects confessed to drug sales and fraud and were booked into RPDC on numerous drug and fraud charges.

Subject: Re: August 20 -- City Council Meeting Schedule

Please remove item (immigration reform) from the study session for August 20, since we do not have any legislative powers. Therefore there is nothing to study. Since when do we study proclamations?
The group from Saint Christopher's church asked for a proclamation supporting immigration reform, either we do or we don't it's that simple.

Council Member
Jesse Molina

Subject: Application for a new WalMart Supercenter

Dear Councilmembers:

Please be advised that the City has received an application for a new WalMart Supercenter at the southwest corner of Perris Boulevard and Gentian Avenue. A brief description of the project is provided below. The project will be forwarded to the Planning Commission for review and action once the review of the site plan and environmental impact report (EIR) is completed. Since an EIR is involved, it is likely that the project would be appealed to the City Council for review and action.

The project includes a Plot Plan with a hearing (PA13-0032) for commercial retail shopping center on 22.28 acres. The site would be divided into three parcels through a proposed parcel map. (PA13-0033) The largest parcel, totaling 19.13, is proposed to be improved with a WalMart store (185,761 square foot) with a pharmacy with a drive-through. In addition, an Option A and Option B are also proposed for the other two parcels. Option A would include a gasoline fueling station with a convenience store and drive-through car wash. Option B would include an approximately 3,500 square foot fast food restaurant with drive-through, and 3,200 square feet of retail space. A Conditional Use Permit application has been submitted for the conditionally permitted uses proposed in Options A and B. (PA13-0034) A deposit application for review for of an Environmental Impact Report has also been submitted.

Please let me know if you have any questions.

Thanks,

John

Cc: Joel Ontiveros; Richard Teichert
Subject: Meetings with City Managers today re: public safety options

Mayor, Mayor Pro Tem, and Members of the City Council: Following up on the effort to explore any possible options for cost sharing, etc. for public safety services, I have meetings scheduled with several City Managers today and tomorrow to discuss this effort. Tom DeSantis and I are meeting with the managers from several surrounding cities per the schedule noted below. From the Strategic Policy Partnership we will have with us Bernard Melekian, the former Chief of Police in Pasadena and most recently the Director of the U. S. Department of Justice's Office of Community-Oriented Policing. The purpose of these meetings will be to discuss each city's current and future budget status as it relates to public safety, request data for Strategic Policy Partnership's use, and identify the level of interest in reviewing any options.

Monday July 29th
City of Temecula
City of Wildomar
City of Hemet
City of Menifee

Tuesday July 30th
City of Murrieta
City of Lake Elsinore
City of Canyon Lake
City of Banning
City of Calimesa

The City Managers from Perris and San Jacinto were unable to meet this week but I have had conversations with them and they are forwarding the requested data from their cities. The City of Beaumont declined to meet.

--Michelle

• Q & A	
• Adjournment	

MORENO VALLEY
WHERE DREAMS SOAR

CITY OF MORENO VALLEY

City Council Office
14177 Frederick Street, Moreno Valley, CA 92552

NOTES FROM THE SUNNYMEAD BLVD INITIATIVE WORKSHOP
April 23, 2013

Vision
- Vibrant downtown business area –
- Amend the City's sign ordinance (Sundance Center can't allow enough signs for the tenants)
- Sunnymead could be like Colorado in Pasadena...parade route, television coverage

Actions
- Prayer March in June
- Organize the nonprofits
  - Eliminate duplication
  - Learn inventory of services
  - Identify community needs

Homeless
- Homeless daycare idea
  - A regional center: showers, laundry, email / computer access, charge phones, services (help with paperwork, mental health providers).
  - Indicated successful programs in the desert and County Supervisorial District # 2. Provided handouts.
- Not illegal to be homeless. Many don't want help and they may not go to a shelter / get services.
  - Homeless are here, discussed where they can go vs. drawing more of them here
  - Some expressed the need to discourage the businesses who are "helping" the homeless – causing more loitering.
  - Some businesses attract trouble: liquor stores, pawn shop, panama night club - parking, loud music, drinking in the parking lot, gas stations selling alcohol, recycling centers, food banks, church.
- Homeless Response Recommendations:
  - If yours is not that type of business, let those other organizations help.
  - Develop a process / permit to organize businesses that draw homeless - church was shut down from providing food...eliminate duplication,
  - Liz and Robin of DPSS/ Continuum of Care – discussed that the homeless use EBT cards to get food. They give stuff away, provide services in the field.

Code Compliance
- Equal enforcement on the street: Mayor visited 45 businesses in door to door support and heard that the city does not enforce fairly...wait for a complaint to respond, not proactive.
- Apply in a broad, fair, across the board manner. Fix the sign ordinance to allow more legal signage
- Signage is not a concern
- Enforcement without exceptions: graffiti, signs, code enforcement, crime

MORENO VALLEY
WHERE DREAMS SOAR

CITY OF MORENO VALLEY

City Council Office
14177 Frederick Street, Moreno Valley, CA 92552

Crime

- Drug pushers at Sunnymead & Indian at bridge - police activity s/b parking in front of pawn shops, liquor stores
- gang problems
- panhandling
- Day laborers - undocumented. Ticketing is not going to help. In LA, home depot created a day laborer site with water and portapotty.

MV Police (Chief Joel Ontiveros)

- 200,000 pop & 181 officers (and reducing)
- Crime Rate: Uniform Crime Reporting:
  - 60% down in 20 years, but 20% increase in last two years.
  - AB 109 impact, decriminalized issues... Drinking, marijuana, panhandling = misdemeanors with $100 tickets
- Discussion about pawn shops - MVPD partners with pawn shops to recover stolen property
- Discussion of crime priorities - too many cops respond to all with same, short response times. San Jacinto roc program?

Follow-Ups

- Back to the group in a month for a follow up meeting at Miller Jones at 8 to 10 am. Discuss what have we accomplished.
- Create a Nextdoor social media neighborhood for Sunnymead Blvd businesses & / or a neighborhood watch. Meeting with Chief O.
- Prepare an agenda for next meeting:
  - Homeless:
    - Meet with Robin (?) of DPSS
    - Submit to MVPD: trespass letters
    - Install signs: no trespassing, no loitering
  - Code Compliance:
    - Cover info about signage
  - Crime
    - Hear the Info from MVPD.
    - MVPD plan, goals to study session
- Hotels:
  - Coordinate a network.
  - US Air Force maintain relationship / placement on list, network
- Publicize Enforcement activities:
  - In the paper - Press releases...
  - Handouts with message on one side?
  - City News publication

MORENO VALLEY, CA 92552-0805

August 1, 2013

Mrs. Alicia Espinoza
15326 La Palma Way
Moreno Valley, CA 92555

Dear Mrs. Espinoza:

This is to inform you that the petition format submitted to recall Tom Owings as Council Member of the City of Moreno Valley is hereby rejected for the following deficiencies:

1. The Petition Form is misleading, as it is referring to Council Member Stewart on Page 2, instead of Mayor Owings.

   Incorrect wording below: Refers to Council Member Richard Stewart

   Page 2, first paragraph, first sentence: "Pursuant to the California Constitution and California election laws, we the undersigned registered and qualified electors of the Second Council District, of the City of Moreno Valley, County of Riverside, California, respectfully state that we seek the recall and removal of *Richard Stewart*, holding the office of Councilmember for the Second Council District of the City Moreno Valley, in the County of Riverside, California.

   Correct wording below: Refers to Mayor Tom Owings

   Page 2, first paragraph, first sentence: "*Pursuant to the California Constitution and California election laws, we the undersigned registered and qualified electors of the City Council District 3 of the City of Moreno Valley, County of Riverside, California, respectfully state that we seek the recall and removal of Tom Owings, holding the office of City Council Member in District 3 of the City of Moreno Valley, in the County of Riverside, California.*"

2. Page 2, numbering in the voters' signature table should be consecutive..... "7, 8, 9, 10, etc." E.C. 100(c) (The numbering was correct on the previously filed Petition Form.)

CITY CLERK

MV00257940

HEADING:

1. Page 1, "Notice of Intention to Circulate Recall Petition" is the incorrect title of the form. The correct title is "*Petition for Recall.*" (The wording was correct on the previously filed Petition Form.)

2. Page 1, first paragraph, first sentence, quotation marks need to be removed: TO THE HONORABLE "*CITY*" COUNCIL, of the CITY of MORENO VALLEY. Page 2 (in the same paragraph) should have "*CITY*" inserted before Council and a comma after "MORENO VALLEY,"

NOTICE OF INTENTION TO CIRCULATE RECALL PETITION:

1. Page 2, first paragraph, first sentence of Petition Form has double wording: "*hereby give notice that we are the proponents of a recall petition*" ~~and that we are the proponents of a recall petition~~. (The wording must be the same as the original Notice of Intention and was correct on the previously filed Petition Form.)

2. Page 2, first paragraph, last sentence....City Council Member Council District Two,....The correct number of the city council district is "*Three*" not "~~Two~~." (The wording must be the same as the original Notice of Intention and was correct on the previously filed Petition Form.)

3. Page 2, the wording: "*The answer of the officer sought to be recalled is as follows:*" is listed twice. It should be listed once before the text of the Answer.

INCUMBENT'S ANSWER:

1. Pages 1 and 2, first paragraph, second sentence: The word "*the*" needs to be inserted "It is "the" ANTI-JOB recall supporters' unfounded allegations which are embarrassing and shameful." (It was correct in previously filed Petition Form.)

2. Pages 1 and 2, second paragraph, second sentence: The word "*OUR*" needs to replace "OR," as submitted by the incumbent's Answer. *"DON'T LET THEM STOP OUR MAYOR."* (It was correct in previously filed Petition Form.)

"Pursuant to EC 11041, the proponents shall use the recall petition format provided by the Secretary of State. According to Procedure for Recalling State and Local Officials prepared by the Office of the Secretary of State, "the submitted blank copies of the petition will be carefully reviewed for uniformity and correctness and <u>will be compared to the Notice of Intention and publication</u> to assure accuracy in text,

punctuation, capitalization, spelling, format, etc. If the comparison discloses discrepancies, the petition may be rejected."

Elections Code 11042 provides that the proponents must submit corrected petition formats to this office within ten days of receiving notification.

Please call the Office of the City Clerk at [redacted], if you have any questions.

Sincerely,

Jane Halstead, CMC
City Clerk

Subject: Multiple gang members convicted

Good afternoon,

1. On 02-09-12, MVPD responded to the Racquet Club Apartments on Hemlock reference a shooting. Initial officers soon determined the shooting was gang-related and requested the assistance of the MVPD SET-Gang team. Gang officers assumed the investigation and ultimately arrested three members of the local criminal street gang known as "Sex, Cash, Money." During the month of June 2013, MVPD Gang officers provided expert testimony in the attempted murder trial of these three suspects. On June 28, 2013, all three defendants were found guilty of the charges against them. On July 26, 2013, the following prison sentences were handed down by the judge:

   Jeremy Walker – 80 years to life
   Caleb Henderson – 77 years to life
   Daquan Branch – 59 years to life

2. On July 29, 2012, the MVPD Gang team responded to the Oakwood Apartments, located in the area of Perris and JFK, reference a gang related shooting. Through the course of the investigation, officers learned the suspects identified themselves as "Sex, Cash, Money" gang members. Later that night, the Gang team responded to the area of 11883 Wild Flax regarding a gang related shooting. Officers learned the suspects in this incident also identified themselves as "Sex, Cash, Money" (SCM) gang members.

   On July 31, 2012, SCM gang member Dominic Walls was arrested on an unrelated incident and brought to the police station. A Gang officer interviewed Walls regarding several shootings that occurred a few nights earlier and asked if he had any information regarding the shootings. Walls admitted to participating in the shootings. Walls was later booked into RPDC for attempted murder and gang enhancements.

   On March 14, 2013, Walls pled guilty to both charges. On April 19, 2013, he was sentenced to 93 years in prison.

Subject: Marijuana cultivation - arrest

Good afternoon,

The MVPD SET Team received "We-Tip" information regarding an illegal marijuana cultivation at a residence in the 24000 block of Atwood Avenue. SET narcotics offices conducted an investigation and ultimately contacted the suspect, Pablo Espinoza (55) at the residence. Espinoza admitted to growing marijuana for medicinal purposes and produced a medical marijuana recommendation. Espinoza consented to a search of his residence and officers located 5 pounds of dried marijuana inside. In the back yard, officers found 171 mature marijuana plants growing, each about 6 feet tall and 3 feet wide. Based on a recent court decision and information provided by the California Campaign Against Marijuana Planting (CAMP), officers determined that the amount of marijuana present far exceeded that which would be reasonable for a single person. The marijuana was seized and Espinoza was arrested for cultivation of marijuana.

The generally accepted standards indicate that one-half gram of marijuana can produce two hours of intoxication. Each pound of dried marijuana contains 454 grams, or 908 individual dosage units capable of generating a total of 1,816 hours of intoxication. 1,816 hours is equivalent to 75.66 days. Officers estimated that each of the mature plants would have generated between one and two pounds of dried marijuana. On the conservative side, that would be 171 pounds of marijuana, or 155,268 individual dosage units capable of producing 310,536 hours of intoxication. That's roughly 35.44 years of continuous intoxication. Interestingly, the psychoactive ingredient in marijuana, Tetrahydrocannibinol, or THC for short, diminishes from the finished product by 50% after one year and by 100% after two years. This fact makes it useless to attempt to store a large supply of marijuana for personal use and clearly confirms this suspect could not possibly have used all the marijuana he was growing for himself.

Subject: Tina Dickey - [redacted]

CRM has been initiated regarding Ms. Dickey's complaint.

Ms. Dickey called the City Council office requesting to file a complaint against the police department which she stated PD has not allowed. She stated when she attempted to contact the Police Chief's office, she was transferred to Personnel.

Impounded Vehicle
Ms. Dickey stated her vehicle was impounded on July 11, 2013. Ms. Dickey stated when she was asleep, the person visiting her home took her keys without her permission. Ms. Dickey stated the vehicle was impounded when the person was pulled over and it was discovered that her drivers license was suspended due to a DUI.

Ms. Dickey stated the officer would not allow her to report her vehicle as stolen because the driver told the officer that she was Ms. Dickey's girlfriend and she resided with Ms. Dickey. Ms. Dickey stated this is not true, she is married, and her husband is in jail. Ms. Dickey stated the officer told her it was her fault that her vehicle was stolen as the keys were easily accessible.

Ms. Dickey stated she should not have to pay the impound fees as her vehicle was stolen.

Breaking and Entering
Ms. Dickey stated this same person attempted to break into her home on July 28, 2013. She stated it took the police department 1-1/2 hours to respond to her 911 call, and the person who attempted to break into her home has not been arrested.

Threats
Ms. Dickey stated he she has saved threatening text messages from this person that she started receiving after July 11, 2013. She stated the police department has done nothing regarding the threats.

Ms. Dickey declined to provide the location of these incidents due to her profession.

Thanks,

Cindy

Tom,

Cal Fire, Riverside County Fire Department and the USFS are currently fighting a wildland fire located in the area of Highway 243 and Poppet Flats. The Communities of Twin Pines and Poppet Flats are imminently threatened with evacuations currently occurring. The fire is estimated at 300 acres and moving at a rapid rate of spread with a potential of 2500 plus acres. Numerous fire department resources to include the DC-10 are being diverted to this incident for immediate need structure defense. It is anticipated that this fire will become a major incident within Riverside County. Units from Moreno Valley are either at scene or enroute.

Respectfully,

Abdul R. Ahmad

MORENO VALLEY
WHERE DREAMS SOAR

14177 FREDERICK STREET
P.O. BOX 88005
MORENO VALLEY, CA 92552-0805

August 8, 2013

Mrs. Alicia Espinoza
15326 La Palma Way
Moreno Valley, CA 92555

Dear Mrs. Espinoza:

This is to inform you that the (corrected) petition format submitted on August 6, 2013 to recall *Tom Owings as City Council Member in District 3* of the City of Moreno Valley meets the requirements of the Elections Code as to form and wording.

Pursuant to Elections Code Section 11220, the petition shall be filed with the City Clerk's office not later than 120 days from August 8, 2013.

Therefore, the petition shall be filed no later than the close of normal office hours on December 5, 2013.

Pursuant to Elections Code Section 11221, the petition shall be signed by not less than 20% of the registered voters in City Council District 3 of the City of Moreno Valley. The number of registered voters in City Council District 3 is 17,717, as of the last report of registration to the Secretary of State, which was submitted by the Riverside County elections official on February 10, 2013.

The number of required signatures for City Council District 3 is 3,544.

Please be advised Elections Code 104, 11046 and 18650 are attached for your review. The circulator must be a registered voter in the jurisdiction of the officer sought to be recalled.

Please contact the office of the City Clerk at [redacted], if you have any questions.

Sincerely,

Jane Halstead, CMC
City Clerk
Enclosures: E.C. 104, 11046 & 18650

the petition is filed. A written request made under this section shall not constitute a petition or paper for purposes of Section 104.

(Amended by Stats. 2009, c. 510, §1.)

104. Declaration of circulator attached to petition; form.

(a) Whenever any petition or paper is submitted to the elections official, each section of the petition or paper shall have attached to it a declaration signed by the circulator of the petition or paper, setting forth, in the circulator's own hand, the following:

(1) The printed name of the circulator.

(2) The residence address of the circulator, giving street and number, or if no street or number exists, adequate designation of residence so that the location may be readily ascertained.

(3) The dates between which all the signatures to the petition or paper were obtained.

(b) Each declaration submitted pursuant to this section shall also set forth the following:

(1) That the circulator circulated that section and witnessed the appended signatures being written.

(2) That according to the best information and belief of the circulator, each signature is the genuine signature of the person whose name it purports to be.

(c) The circulator shall certify to the content of the declaration as to its truth and correctness, under penalty of perjury under the laws of the State of California, with the signature of his or her name. The circulator shall state the date and the place of execution on the declaration immediately preceding his or her signature.

(Amended by Stats. 2012, c. 132, §1.)

105. Examination of petitions; residence address verification.

For purposes of verifying signatures on any initiative, referendum, recall, nomination, or other election petition or paper, the elections official shall determine that the residence address on the petition or paper is the same as the residence address on the affidavit of registration. If the addresses are different, or if the petition or paper does not specify the residence address, or, in the case of an initiative or referendum petition, if the information specified in Section 9020 is not contained in the petition, the affected signature shall not be counted as valid.

Any signature invalidated pursuant to this section shall not affect the validity of other valid signatures on the particular petition or paper.

(Added by Stats. 1994, c. 920, §2.)

106. Nomination papers' signatures.

Notwithstanding any other provision of law:

(a) Any registered voter who is a candidate for any office may obtain signatures to and sign his or her own nomination papers. The candidate's signature shall be given the same effect as that of any other qualified signer.

(b) Any person engaged in obtaining signatures to the nomination papers of a candidate for any office or to any recall, initiative or referendum petition, may, if otherwise qualified to sign the papers or petition, sign the papers or petition. The signature of the person shall be given the same effect as that of any other qualified signer.

(Added by Stats. 1994, c. 920, §2.)

MV00258057

11043.5. Secretary of state to provide recall petition format.

(a) The Secretary of State shall provide to county elections officials a recall petition format for distribution to proponents of a recall. The recall petition format shall be made available upon request by the county elections official and by the Secretary of State.

(b) The recall petition format made available pursuant to this section shall be utilized by proponents of a recall election.

(Added by Stats. 1996, c. 714, §5.)

11044. Separate petitions necessary.

Separate petitions are necessary to propose the recall of each officer.

(Added by Stats. 1994, c. 920, §2.)

11045. Only registered voters of jurisdiction qualified.

Only registered voters of the electoral jurisdiction of the officer sought to be recalled are qualified to circulate or sign a recall petition for that officer.

(Added by Stats. 1994, c. 920, §2.)

11046. Circulator's declaration.

To each section of a petition shall be attached a declaration, signed by the circulator thereof, that complies with Section 104. The declaration shall include a statement that the circulator is a registered voter in the jurisdiction of the officer sought to be recalled.

(Added by Stats. 1996, c. 714, §7.)

11047. Petition circulated in more than one county.

When a petition is circulated in more than one county for the recall of an officer, each section of the petition shall bear the name of the county for which it is circulated, and only registered voters of that county may sign that section.

(Amended by Stats. 2004, c. 156, §1.)

Chapter 2. Recall of State Officers: Intermediate Steps in the Recall

11100. Application of chapter.

(a) This chapter applies only to the recall of state officers.

(b) In addition to this chapter, Sections 13 to 18, inclusive, of Article II of the California Constitution and the applicable provisions of Chapter 1 (commencing with Section 11000) and Chapter 4 (commencing with Section 11300) shall govern the recall of state officers.

(Amended by Stats. 2010, c. 328, §62.)

11101. Presumption that the petition contains the required signatures.

Unless and until it is otherwise proven upon official investigation, it shall be presumed that the petition presented contains the signatures of the requisite number of registered voters.

(Amended by Stats. 1996, c. 714, §8.)

11102. Filing of petition sections.

Each section of a recall petition shall be filed with the elections official of the county for which it was circulated.

(Amended by Stats. 2004, c. 156, §2.)

11103. Filing of petition section; written authorization.

Each section of the petition shall be filed by the proponents or by any person or persons authorized, in writing, by a proponent. Each time an autho-

Subject: West Nile Virus

Dear Council:

The City contracts with the Riverside County Vector Control program, which provides routine surveillance for West Nile Virus as part of their contract. Mosquitos collected at a location near John F. Kennedy Drive and Oliver Street tested positive for West Nile Virus. The County is increasing their efforts to locate the possible sources of any mosquito breeding and will treat those areas as needed to reduce the number of mosquitos on Thursday morning. The County will post signs around the area explaining their actions. Related to this finding, the City's Code Compliance staff will implement an enhanced protocol when dealing with violations in the area for stagnant pools and other similar standing water complaints.

This is the second location in the City with a positive test for West Nile Virus. The County continues to monitor the first location in Hidden Springs.

The County has provided the following tips on how individuals can reduce their risk of mosquito-borne diseases by taking these precautions:

- Avoid spending time outside when mosquitoes are most active, especially at dawn and dusk.
- When outdoors, wear long pants, long-sleeved shirts and other protective clothing.
- Apply insect repellent according to the label instructions.
- Make sure that the doors and windows have tight fitting screens. Repair or replace screens that have tears or holes.
- Eliminate all sources of standing water on your property that can support mosquito breeding.
- Contact this program if there is a significant mosquito problem where you live or work (for the location of local agency/district by using zip codes see the State's WNV Website).

Should you have any questions or concerns, please contact me.

Sincerely,

John

John C. Terell, AICP/Interim Community & Economic Development Director/City of Moreno Valley/PO Box 88005, Moreno Valley, CA 92552/T[redacted]

CLAIM AGAINST THE CITY OF MORENO VALLEY

(For Damage to Persons or Personal Property)

Received by Kathy Brown FOR OFFICE USE ONLY CLAIM NO. 2013-39

via ___ U.S. Mail
___ Inter Office Memo
✓ Over the Counter

A claim must be filed with the City Clerk of the City of Moreno Valley within six (6) months after occurrence of the incident or event on which the claim is based. Be sure your claim is against the City of Moreno Valley, not another public entity. Where space is insufficient, please use additional paper and identify information by paragraph number.

Completed claims must be mailed or delivered to: the City Clerk, City of Moreno Valley, 14177 Frederick St., P.O. Box 88005, Moreno Valley, California 92552-0805.

TO THE HONORABLE MAYOR AND CITY COUNCIL, The City of Moreno Valley California,
The undersigned respectfully submits the following claim and information relative to damage to persons and/or personal property:

1. NAME OF CLAIMANT: City of Perris
   a. ADDRESS OF CLAIMANT: 101 N. D Street, Perris, CA 92570
   b. PHONE NUMBER: [redacted]
   c. DATE OF BIRTH:
   d. SOCIAL SECURITY NO.: Not applicable
   e. DRIVER'S LICENSE NO.: Not applicable

2. Name, telephone, and mailing address to which claimant desires notices to be sent, if other than above:
June Ailin, Esq., Aleshire & Wynder, 2361 Rosecrans Avenue, El Segundo, CA 90245

3. Occurrence or event from which the claim arises:
   a. DATE: May 1, 2013 and May 13, 2013 at approximately 2:00 p.m.
   b. TIME:
   c. PLACE (Exact & specific location): Sacramento County Superior Court, 720 9th Street, Sacramento, CA 95814 and Perris City Hall, 101 N. D. Street, Perris, CA 92570

d. How and under what circumstances did damage or injury occur? Specify the particular occurrence, event, act, or omission you claim caused the injury or damage (use additional paper if necessary).

See Attachment 1 – City of Moreno Valley breached the Twelfth Amended Joint Powers Agreement and breached the covenant of good faith and fair dealing implied in the Twelfth Amended Joint Powers Agreement.

e. What particular action by the City, or its employees, caused the alleged damage or injury?

See Attachment 1

4. A general description of the indebtedness, obligation, injury, damage or loss incurred so far as it may be known at the time of presentation of the claim. If there were no injuries, state "no injuries"

See Attachment 1

5. Give the name(s)of the City employee(s) causing the damage or injury. If unknown, provide whatever information is available which might identify the person responsible.

Council members, Jesse L. Molina, Richard A. Stewart, Tom Owings, Marcelo Co and Victoria Baca, and City Manager, Michelle Dawson

6. Name and address of any other person(s) injured:

City of Riverside, 3900 Main Street, Riverside, CA 92522, and County of Riverside, 4080 Lemon Street, Riverside, CA 92501

7. Name and address of the owner of any damaged property:

Not applicable

8. Damages claimed:

a. Amount claimed as of this date: $ 10,000.00

b. Estimate amount of future costs: $ 350,000.00

c. Total amount claimed: $ 360,000.00

d. Basis for computation of amounts claimed (Include copies of all bills, invoices, estimates, etc.):

Attorney's fees and costs

9. Names and addresses of all witnesses, hospitals, doctors, etc:

a Council members, Jesse L. Molina, Richard A. Stewart, Tom Owings, Marcelo Co and

b Victoria Baca; City Manager, Michelle Dawson; and Iddo Benzeevi

c

d

10. Any additional information that might be helpful in considering this claim:

WARNING: IT IS A CRIMINAL OFFENSE TO FILE A FALSE CLAIM.
(Penal Code Section 72; Insurance Code Section 556)

I have read the matters and statement made in the above claim and I know the same to be true of my own knowledge, except as to those matters stated upon information or belief as to such matters I believe the same to be true. I certify under penalty of perjury that the foregoing is TRUE and CORRECT.

Signed this 8TH day of AUGUST, 20 13, at BERRIS California.

Claimant's Signature

ATTACHMENT 1
TO CITY OF PERRIS' CLAIM
AGAINST THE CITY OF MORENO VALLEY

On May 1, 2013, the City of Moreno Valley ("Moreno Valley") filed a Petition for Writ of Mandate and Complaint for Declaratory and Injunctive Relief initiating the case of *City of Moreno Valley v. Matosantos, et al.*, Sacramento County Superior Court, Case No. 34-2013-80001478 (the "Lawsuit"). Moreno Valley identified the City of Perris ("Perris"), among others, as a real party in interest in the Lawsuit. Moreno Valley alleges in the Lawsuit that the March Joint Powers Authority ("March JPA) is not the proper successor agency to the former March Joint Powers Redevelopment Agency ("Former RDA"), that the March JPA members, City of Riverside, County of Riverside, Moreno Valley and Perris ("March JPA Members"), individually became the successor agencies of the Former RDA upon its dissolution. It further alleges that agreements, including but not limited to the First Amendment to the Disposition and Development Agreement with March Healthcare, LLC, signed by the March JPA as the successor agency to the Former RDA, are not valid.

The allegations in the Petition are contrary to the express terms of the executed Twelfth Amended Joint Powers Agreement ("Twelfth JPA") executed by the March JPA Members, whereby the March JPA Members designated the March JPA to serve as the successor agency to the Former RDA upon its dissolution, and the express terms of Resolution JPA 12-04 adopted by the March JPA, whereby the Commission of the March JPA ratified the March JPA's election, in accordance with the Twelfth JPA, that the March JPA should serve as the successor agency to the Former RDA upon its dissolution. At all times from the Former RDA's dissolution until the filing of the Lawsuit, Moreno Valley's representatives on the March JPA's governing board have participated in business decisions of the March JPA as the successor agency of the Former RDA. From the Former RDA's dissolution until the filing of the Lawsuit, these representatives did not contest the March JPA's authority to administer the Successor Agency. In fact, Moreno Valley's

representatives on the March JPA's governing board voted to approve the Twelfth JPA and the First Amendment to the Disposition and Development Agreement between the Former RDA and March Healthcare Development, LLC that is attacked in the Lawsuit. Now, through the Lawsuit, Moreno Valley seeks to repudiate the Twelfth JPA and the First Amendment to the Disposition and Development Agreement between the Former RDA and March Healthcare Development, LLC, claiming the March JPA had no authority to act as or to administer the Successor Agency.

Moreno Valley has breached the Twelfth JPA and breached the covenant of good faith and fair dealing implied in the Twelfth JPA by, among other things, filing the Lawsuit and repudiating the Twelfth JPA and the First Amendment to the Disposition and Development Agreement between the Former RDA and March Healthcare Development, LLC. Perris is entitled to specific performance of the Twelfth JPA and money damages for the breach of the Twelfth JPA and the amendment to the Disposition and Development Agreement between the Former RDA and March Healthcare Development, LLC.

Further, Perris is entitled to indemnity from Moreno Valley for all damages and all costs and expenses Perris has incurred or will incur in connection with the Lawsuit. The pertinent parts of Section 7 of the Twelfth JPA provide that each party to the Twelfth JPA shall "defend, indemnify and hold harmless each other party from and against all claims, damages, losses, judgments, liabilities, expenses, and other costs including litigation costs and attorneys' fees arising out of, resulting from or in connection with the performance of this Agreement by any of its officers, employees, or agents."

   e. DRIVER'S LICENSE NO.: Not applicable

2. Name, telephone, and mailing address to which claimant desires notices to be sent, if other than above:
June Ailin, Esq., Aleshire & Wynder, 2361 Rosecrans Avenue, El Segundo, CA 90245

3. Occurrence or event from which the claim arises:
   a. DATE: May 1, 2013 and May 13, 2013 at approximately 2:00 p.m.
   b. TIME:
   c. PLACE (Exact & specific location): Sacramento County Superior Court, 720 9th Street, Sacramento, CA 95814 and Perris City Hall, 101 N. D. Street, Perris, CA 92570

d. How and under what circumstances did damage or injury occur? Specify the particular occurrence, event, act, or omission you claim caused the injury or damage (use additional paper if necessary).

See Attachment 1 – City of Moreno Valley breached the Twelfth Amended Joint Powers Agreement and breached the covenant of good faith and fair dealing implied in the Twelfth Amended Joint Powers Agreement.

e. What particular action by the City, or its employees, caused the alleged damage or injury?

See Attachment 1

4. A general description of the indebtedness, obligation, injury, damage or loss incurred so far as it may be known at the time of presentation of the claim. If there were no injuries, state "no injuries"

See Attachment 1

5. Give the name(s)of the City employee(s) causing the damage or injury. If unknown, provide whatever information is available which might identify the person responsible.

Council members, Jesse L. Molina, Richard A. Stewart, Tom Owings, Marcelo Co and Victoria Baca, and City Manager, Michelle Dawson

6. Name and address of any other person(s) injured:

City of Riverside, 3900 Main Street, Riverside, CA 92522, and County of Riverside, 4080 Lemon Street, Riverside, CA 92501

7. Name and address of the owner of any damaged property:

Not applicable

8. Damages claimed:

a. Amount claimed as of this date: $ 10,000.00

b. Estimate amount of future costs: $ 350,000.00

c. Total amount claimed: $ 360,000.00

d. Basis for computation of amounts claimed (Include copies of all bills, invoices, estimates, etc.):

Attorney's fees and costs

9. Names and addresses of all witnesses, hospitals, doctors, etc:

a Council members, Jesse L. Molina, Richard A. Stewart, Tom Owings, Marcelo Co and

b Victoria Baca; City Manager, Michelle Dawson; and Iddo Benzeevi

c

d

10. Any additional information that might be helpful in considering this claim:

WARNING: IT IS A CRIMINAL OFFENSE TO FILE A FALSE CLAIM.
(Penal Code Section 72; Insurance Code Section 556)

I have read the matters and statement made in the above claim and I know the same to be true of my own knowledge, except as to those matters stated upon information or belief as to such matters I believe the same to be true. I certify under penalty of perjury that the foregoing is TRUE and CORRECT.

Signed this 8TH day of AUGUST, 20 13, at BERRIS California.

Claimant's Signature

ATTACHMENT 1
TO CITY OF PERRIS' CLAIM
AGAINST THE CITY OF MORENO VALLEY

On May 1, 2013, the City of Moreno Valley ("Moreno Valley") filed a Petition for Writ of Mandate and Complaint for Declaratory and Injunctive Relief initiating the case of *City of Moreno Valley v. Matosantos, et al.*, Sacramento County Superior Court, Case No. 34-2013-80001478 (the "Lawsuit"). Moreno Valley identified the City of Perris ("Perris"), among others, as a real party in interest in the Lawsuit. Moreno Valley alleges in the Lawsuit that the March Joint Powers Authority ("March JPA) is not the proper successor agency to the former March Joint Powers Redevelopment Agency ("Former RDA"), that the March JPA members, City of Riverside, County of Riverside, Moreno Valley and Perris ("March JPA Members"), individually became the successor agencies of the Former RDA upon its dissolution. It further alleges that agreements, including but not limited to the First Amendment to the Disposition and Development Agreement with March Healthcare, LLC, signed by the March JPA as the successor agency to the Former RDA, are not valid.

The allegations in the Petition are contrary to the express terms of the executed Twelfth Amended Joint Powers Agreement ("Twelfth JPA") executed by the March JPA Members, whereby the March JPA Members designated the March JPA to serve as the successor agency to the Former RDA upon its dissolution, and the express terms of Resolution JPA 12-04 adopted by the March JPA, whereby the Commission of the March JPA ratified the March JPA's election, in accordance with the Twelfth JPA, that the March JPA should serve as the successor agency to the Former RDA upon its dissolution. At all times from the Former RDA's dissolution until the filing of the Lawsuit, Moreno Valley's representatives on the March JPA's governing board have participated in business decisions of the March JPA as the successor agency of the Former RDA. From the Former RDA's dissolution until the filing of the Lawsuit, these representatives did not contest the March JPA's authority to administer the Successor Agency. In fact, Moreno Valley's

representatives on the March JPA's governing board voted to approve the Twelfth JPA and the First Amendment to the Disposition and Development Agreement between the Former RDA and March Healthcare Development, LLC that is attacked in the Lawsuit. Now, through the Lawsuit, Moreno Valley seeks to repudiate the Twelfth JPA and the First Amendment to the Disposition and Development Agreement between the Former RDA and March Healthcare Development, LLC, claiming the March JPA had no authority to act as or to administer the Successor Agency.

Moreno Valley has breached the Twelfth JPA and breached the covenant of good faith and fair dealing implied in the Twelfth JPA by, among other things, filing the Lawsuit and repudiating the Twelfth JPA and the First Amendment to the Disposition and Development Agreement between the Former RDA and March Healthcare Development, LLC. Perris is entitled to specific performance of the Twelfth JPA and money damages for the breach of the Twelfth JPA and the amendment to the Disposition and Development Agreement between the Former RDA and March Healthcare Development, LLC.

Further, Perris is entitled to indemnity from Moreno Valley for all damages and all costs and expenses Perris has incurred or will incur in connection with the Lawsuit. The pertinent parts of Section 7 of the Twelfth JPA provide that each party to the Twelfth JPA shall "defend, indemnify and hold harmless each other party from and against all claims, damages, losses, judgments, liabilities, expenses, and other costs including litigation costs and attorneys' fees arising out of, resulting from or in connection with the performance of this Agreement by any of its officers, employees, or agents."

Subject: West Nile Virus

Dear Council:

The City contracts with the Riverside County Vector Control program, which provides routine surveillance for West Nile Virus as part of their contract. Mosquitos collected at a location near John F. Kennedy Drive and Oliver Street tested positive for West Nile Virus. The County is increasing their efforts to locate the possible sources of any mosquito breeding and will treat those areas as needed to reduce the number of mosquitos on Thursday morning. The County will post signs around the area explaining their actions. Related to this finding, the City's Code Compliance staff will implement an enhanced protocol when dealing with violations in the area for stagnant pools and other similar standing water complaints.

This is the second location in the City with a positive test for West Nile Virus. The County continues to monitor the first location in Hidden Springs.

The County has provided the following tips on how individuals can reduce their risk of mosquito-borne diseases by taking these precautions:

- Avoid spending time outside when mosquitoes are most active, especially at dawn and dusk.
- When outdoors, wear long pants, long-sleeved shirts and other protective clothing.
- Apply insect repellent according to the label instructions.
- Make sure that the doors and windows have tight fitting screens. Repair or replace screens that have tears or holes.
- Eliminate all sources of standing water on your property that can support mosquito breeding.
- Contact this program if there is a significant mosquito problem where you live or work (for the location of local agency/district by using zip codes see the State's WNV Website).

Should you have any questions or concerns, please contact me.

Sincerely,

John

Subject: Vehicle into building

Good afternoon,

The incident at the Loma Linda medical clinic resulted in very minor injuries with no treatment needed. The elderly female driver apparently confused the brake and accelerator pedals causing the vehicle to strike the building.

The building sustained significant damage and will likely be closed by Building and Safety until repairs are made. Traffic officers will seek a reevaluation of her driving privilege via DMV. There is no indication that drugs or alcohol played any role in this incident.

Tom Owings
Mayor
City of Moreno Valley
14177 Frederick Street
Moreno Valley, CA 92552

Dear Mayor Owings:

It is with great sadness I submit this letter of resignation to you. This letter will serve as formal notification that I am leaving my position with the City of Moreno Valley Planning Commission as of August 13, 2013.

I appreciate the opportunities this position has provided me. I am confident the City of Moreno Valley is in good hands and decisions will continue to be made with great thought, consideration, and benefit to the city. In my short time with the Planning Commission, I have had the opportunity to understand the inner workings of our city. I encourage the community to stay involved, work together, and make the city what we all want it to be. Even though I no longer live in Moreno Valley, this city will always be my home, where I grew up, where I graduated from high school, and where I purchased my first home.

I would like to say thank you to my fellow Planning Commissioners for their help, patience, and differing points of view. We may not have agreed on every project but we did a great job with expressing our opinions without discounting other opinions. I will miss all of you.

If I can be of any assistance during this transition, please let me know.

Sincerely,

Amber Crothers

Subject: Clarification of August 29 PE Article re subpoena

An article in the Press Enterprise on August 29 apparently indicated that "a federal political corruption probe has widened to include Moreno Valley City Hall." I felt the need to clarify that no search warrants have been served on City Hall as a result of the "federal corruption probe." The City was served with a federal subpoena via the City Clerk's Office. The City receives dozens of subpoenas per year and hundreds of public records requests. City staff aims to comply with the law when it comes to subpoenas and public records requests and provides the requested documents when it is legal to do so.

I hope this clarifies any misconceptions the article may have contained.

Dear Honorable Mayor Tom Owings,

I am writing to request that you write a letter to the Office of the Governor, and the State Senate, to oppose Assembly Bill 327 (AB327) unless amended to protect the investments that have been made in solar energy. The bill will allow the utilities to unfairly target solar producers. The proposed bill is going in front of the Senate this Friday, and time is of the essence. If passed as currently written, AB327 will flip the economics that solar generators signed up for, and change the rules of the game for all 150,000 California homeowners, schools, businesses, and municipalities that have invested in solar. If passed as currently written, this bill will forever create uncertainty in solar power and will kill the industry. I have attached a template letter that you can easily put onto your personal letterhead which addresses the issues of AB327, and request that existing protections for solar generators are to remain intact. Please protect the interests of all your constituents and local businesses by writing a letter to the Governor and Senate to oppose this bill unless amended to protect the investments that have been made in solar energy in the State of California. Thank you for your time and consideration, I look forward to hearing from you soon. Have a beautiful day!

Subject: Toastmasters Awareness month - Communication and Leadership skills

Hello Cindy

As discussed over the telephone, my name is Esther Phahla. I am the Lieutenant Governor Marketing for Toastmasters International District 12 and a CPA in Temecula. In an effort to raise awareness about Toastmasters and it's benefits of teaching communication and leadership skills and ultimately help people with the fear of public speaking, I am asking for help and support from the Mayor of Moreno Valley to declare Toastmasters Awareness Month by issuing a proclamation to that effect in the month of September 2013. We currently have 6 Toastmasters Clubs that meet in the City of Moreno Valley.

Toastmasters International is a nonprofit educational organization that teaches public speaking and leadership skills through a worldwide network of clubs. Founded in October 1924, the organization currently has more than 280,000 members in 13,500-plus clubs in 122 countries. Each week, Toastmasters helps more than a quarter million people of every ethnicity, education level and profession build their competence in communication so they can gain the confidence to lead others.

District 12 serves approximately 100 clubs and 1700 members throughout Riverside and San Bernardino counties.

I have attached a sample proclamation as requested.

Thank you

Esther

Subject: RE: MoVal Letter of Support for MCSA

Councilwoman Baca:

This week, the Parks & Community Services Director informed my office of a request for a letter of support for the Markham Collegiate Sports Academy, a proposed charter school that would operate in the City of Moreno Valley. We were also provided with a brief document which summarized what the Academy would offer to students.

In light of the extremely short deadline (Sept. 14) and limited information, I didn't believe it would be appropriate for staff to take a position on this policy matter without Council deliberation. The Council may wish to consider establishing a City position on this educational alternative as additional information is provided for formal consideration.

I understand that Mr. Giba met with Mayor Owings today and that the Mayor is sending a letter of support under his name.

As to Mr. Giba's concern that he has been trying to meet with Council Members for months, Council Office staff was unaware of that effort other than meeting requests with Mayor Pro Tem Molina and Mayor Owings which they handled.

Subject: MoVal Letter of Support for MCSA

Dear Council Woman Baca and Mayor PT Molina,

I have been trying for several months, unsuccessfully, to meet with the council and Mayor on the topic of support or even sponsorship of the New Charter I have been working on with Coach Don Markham, Leland Daniels, Jeffrey Clayton & Chuck Moore. This Charter application and Grant must be in Sacramento and presented to MVUSD by NLT Sept. 16th. I do understand the challenges that have perhaps hindered this contact but unfortunately, we have a deadline.

It has been my intention on several occasions to speak directly with the Mayor and in particular, Ms Baca to share the application, our vision and how we believe the city support and even exploration of a sponsorship could be approached. Thank you Ms Baca for taking the time to meet with some of the members previously. I have personally been to the city and asked for an appointment but for some reason that has not been responded to. We are running out of time.

The parks department, Mr Mel Alonzo, has met with us and is very supportive of some land use issues and the city also has a potential school site we might be able to use. He has sent the lease for our people to review. They have been very supportive, and have taken time to discus and review our vision and goals for an Online, high bred, Collegiate Sports Academy and eventually fully equipped school site at the North end of MV on Coach Don Markham's property. Mr Alonzo has a copy of the abstract and has made some approaches on our behalf.

If it is possible for any of you to make some time to meet with us and perhaps consider a letter of support for this unique opportunity to improve the educational opportunities of our Moreno Valley students, please contact me by cell at 951-334-6623, or by e-mail to any of the other Executive Council Members in the CC for this e-mail.

I hope to hear from you soon.

Best Regards,

Jeffrey Giba
Executive Council, MCSA

Follow Up Flag: Follow up
Flag Status: Flagged

Hello All,

Following up on the Mayor's request in preparation for the meeting with Lori Stone on Monday… I've located the:

- MJPA adoption of bylaws forming the JPA
- MJPA CAFRs for 2012

Also, Mayor Owings requested information about the square feet developed at the Meridian project at Monday's Public Safety Subcommittee. We received that info as part of a job creation update this recent May… the developments along Meridian Pkwy total 3,255,521 sq. ft. – see the attached spreadsheet.

Have a nice weekend!

Michele

Subject: Major injury and fatal accident updates

Good afternoon,

As you are aware, we experienced two separate major injury accidents yesterday. The victim in the first collision, a 63 year-old man, is still in critical condition at a local hospital. His prognosis is unclear. The second victim, a man believed to be in his 40's or 50's, did not survive his injuries. Both drivers involved in these collisions were found to be driving on suspended or revoked driver's licenses. Although alcohol and/or illegal drugs are not believed to be a factor in either case, prescription medications may have played a role in one or both collisions. The drivers will be charged with the appropriate criminal violations based on toxicology results. Neither driver should have been operating a motor vehicle because their driving privileges were suspended/revoked. Both drivers will minimally be charged with that vehicle code violation.

Good afternoon,

Apple is scheduled to release a new update to iOS 7 today. Unfortunately, due to an Apple restriction, SIRE is just now able to start testing the Agenda to Go app on the iOS 7 update. As such, please do not apply the update to your iPad until further notice. I will notify you once we have clearance from Hyland/SIRE.

Thank you for your patience.

CITY OF MORENO VALLEY
NOTICE OF OPENING
PLANNING COMMISSION

NOTICE IS HEREBY GIVEN that the City of Moreno Valley is now accepting applications for the Planning Commission. The appointee shall be a bona fide resident of the City of Moreno Valley at the time of appointment and throughout his/her incumbency. Planning Commissioners are compensated $100 per meeting.

There is one position that needs to be filled:

1 term – March 31, 2015

The appointment to the Planning Commission will be made by the City Council following interviews with selected applicants.

The Planning Commission considers matters pertaining to development and zoning within the City and has decision-making authority pursuant to the Government Code of the State of California. Meetings are scheduled the second and/or fourth Thursday of each month at 7 p.m., City Hall - Council Chamber.

The City Council encourages residents to apply for these positions. Applications are available at the City Clerk's Department, located at 14177 Frederick St., Moreno Valley, California, during regular business hours (7:30 a.m. to 6:00 p.m., Monday through Thursday; closed on Fridays). For further information, please call 951.413.3001.

Applications must be received in the City Clerk's Department no later than 6:00 p.m., Thursday, September 26, 2013.

Good afternoon,

Please see attached photos and press release. This is just one of many programs designed to increase driver awareness and decrease injury and fatal accidents in the city. The operation only lasted one hour, but more than a dozen motorists failed to see the giant Gingerbread Man using the cross walk.

RIVERSIDE COUNTY SHERIFF'S DEPARTMENT

Sheriff Stanley Sniff

Station
Moreno Valley
Agency
Moreno Valley Police

Press Release:

Type of Incident:	Pedestrian Decoy Program		
Date Written:	September 26, 2013	**Time Written:**	11:15 AM

Date of Incident:	September 26, 2013	**Time of Incident:**	8:00 AM – 9:00 AM
Location of Incident:	Eucalyptus Avenue x Running Deer Road		
Reporting Officer:	Sergeant Bill Guimont		
File Number:	Various		

Details:

In response to complaints from the public and local crossing guards, the Moreno Valley Traffic Team conducted a Pedestrian Decoy Program today. The Department has received numerous complaints regarding motorists not stopping for pedestrians in various crosswalks and intersections throughout the City. These intersections are utilized for students walking to and from local schools in the area. The California Vehicle Code requires motorists to yield to all pedestrians in a crosswalk.

Today's operation was conducted at Eucalyptus Avenue X Running Deer Road. This operation is just one aspect of the Department's Directed Enforcement Program. This program utilized an undercover police officer walking in the crosswalk. In previous operations many of the motorists stopped for these violations said they never saw the pedestrian in the crosswalk. In an effort to make our pedestrian more visible, he was dressed today in a large "Gingerbread Man" outfit. Many motorists who were stopped today said they never saw the "Gingerbread Man" in the crosswalk. Our goal is to make motorists more aware of their surroundings and to be vigilant while driving, especially near schools and crosswalks.

Today during our decoy program, 13 motorists received citations for "failing to yield to a pedestrian in a crosswalk", and 7 motorists received citations for other traffic related violations.

This program is scheduled to run throughout the year at various locations throughout the city. For additional information the Moreno Valley Police Department Traffic Division may be reached at [redacted]

The Riverside County Sheriff's Department is seeking applicants for Deputy Sheriff, Deputy Sheriff Trainee, Correctional Deputy, Sheriff's 911 Communications Officer, and other employment opportunities such as clerical and support positions. Subject: Open Enrollment is going on now.....

Good morning,

The annual Open Enrollment period for Calendar Year 2014 is going on now through October 10, 2013. During this period, you can take the following actions (with an effective date of January 1, 2014):

- Enroll or change medical coverage
- Waive medical coverage (with proof of other medical coverage)
- Enroll, change or cancel dental coverage
- Update dependent enrollment in vision coverage
- Add or drop coverage for:
  - Spouse or registered domestic partner
  - Children (up to age 26 for medical, dental and vision)
- Select, change or cancel supplemental insurance coverage
- Enroll or re-enroll into the Flexible Spending Account (for qualifying health or dependent care expenses)
- Purchase additional Annual Leave (per terms of the City's Personnel Rules and Regulations)

Here is some additional key information to assist you with this year's process:

- **All open enrollment changes *must* be completed by Thursday, October 10, 2013.**
- You must re-designate Flex spending accounts and purchase of annual leave each year; any prior election for these benefits in 2013 cannot be carried into 2014.
- **To make the Open Enrollment process automated and streamlined this year, Benefit elections will be made online through the City's E-Suite application. All employees will login to E-Suite, to make their benefit changes.**

- Once the open enrollment period ends, Human Resources will generate a Benefit Confirmation Statement for each employee to review, sign and return to Human Resources.
- All open enrollment changes will be effective January 1, 2014.
- **The 2014 medical, dental and vision rates are attached to this email**

We remain committed to providing you with the assistance you need as you make important choices regarding Benefits for you and your family members. HR Staff members, along with a representative from Colonial Supplemental Insurance will be on-site the following days and times:

Thursday, September 26th	10:00 AM – 1:00 PM 2:00 PM – 4:30 PM	City Hall City Yard
Thursday, October 3rd	10:00 AM – 1:00 PM 2:00 PM – 4:30 PM	City Hall City Yard

If you have any questions regarding your benefits or need any assistance making your open enrollment changes, please contact a member of your Human Resources team:

Bridgette Montgomery - [redacted] **bridgettem@moval.org** **Kim Schmitz** [redacted] **kims@moval.org**

We look forward to assisting you in accessing the full range of benefits provided to you as a City of Moreno Valley employee.

RE: City Council Appointment of Yxstian Gutierrez on September 24, 2013 in violation of the Brown Act

Greetings:

This letter is to call your attention to what I believe was a **substantial violation** of several central provisions of the Ralph M. Brown Act which jeopardize the finality of the action taken by the Moreno Valley City Council on September 24, 2013. I hereby submit this letter on behalf of concerned area residents and Residents for a Livable Moreno Valley.

At that meeting, the agenda item read: "G.1 Consider the Procedural Option to Fill the Vacancy on the Council in District 4 and Take Possible Action to Fill the Vacancy (Report of: City Attorney Department." The agenda recommendations stated the same. The Staff Report for this item cited the options of the City Council to fill the council vacancy: 1) appoint a successor for the unexpired term; or 2) call a special election to fill the vacancy. Gov. Code § 36512. There was zero discussion of potential candidates to fill the vacancy.

Yet, when this agenda item came up, it became apparent that an individual, Mr. Gutierrez, had already been considered and selected to fill this vacancy. Mayor Owings called for someone to make a motion to fill the City Council vacancy caused by the resignation of Councilman Co. Councilwoman Baca nominated Gutierrez, and Mayor Owings immediately called for a vote. Mayor Owings, Councilman Molina, and Councilwoman Baca voted to appoint Gutierrez, who was in the audience and who was immediately sworn in. Gutierrez was also there with a typed speech regarding the appointment.

Councilman Stewart rightly questioned how Gutierrez was selected, appointed, and came prepared with a typed speech given the allegedly impromptu nomination. It is clear that the nomination and appointment of Gutierrez was coordinated in private by the Mayor and two council members, without notice to or the knowledge of the public.

The action taken was not in compliance with the Brown Act for several reasons. First, there was no notice to the public on the posted agenda for the meeting that Gutierrez in particular would be discussed for appointment and/or appointed. Additionally, it appears that the action taken to appoint Gutierrez occurred prior to the September 24th hearing via secret meeting by a majority of the council including Mayor Owings, Councilman Molina, and Councilwoman Baca. There was no notice of this meeting and it quite obviously occurred outside of the public hearing, contrary to the Brown Act's presumption in favor of public access.

As you are aware, the Brown Act creates specific agenda obligations for notifying the public with a "brief description" of each item to be discussed or acted upon, and also creates a legal remedy for illegally taken actions—namely, the judicial invalidation of them upon proper findings of fact and conclusions of law.

Government Code Section 54952.2 defines a "meeting" as any congregation of a majority of members of a legislative body, and prohibits such a meeting from occurring outside of a public hearing where the matter discussed is within the subject matter jurisdiction of the legislative body. Such a wrongful meeting may occur through communications of any kind to discuss, deliberate or take action on any item of business that is within the subject matter jurisdiction of the legislative body. It appears that a meeting by Mayor Owings, Councilman Molina, and Councilwoman Baca occurred outside of a public meeting authorized by the Brown Act in which the Council discussed appointing Gutierrez to the vacant Council seat.

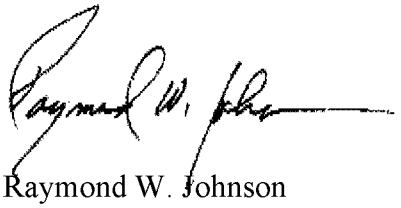
Government Code Section 54952.6, also defines "action taken" as "a collective decision made by a majority of the members of a legislative body, a collective commitment or promise by a majority of the members of a legislative body to make a positive or negative decision, or an actual vote by a majority of the members of a legislative body when sitting as a body or entity, upon a motion, proposal, resolution, order or ordinance." Again, it appears there was "action taken" here by a majority of the Council, Councilman Stewart excluded, in violation of the Brown Act.

Pursuant to Government Code Section 54960.1, I demand that the City Council of Moreno Valley cure and correct the illegal appointment of Yxstian Gutierrez.

Corrective action should include the formal and explicit overturning of any appointment made. The public should then be provided a full opportunity for a vote to fill the vacant council position. At a minimum, notice and a full opportunity for public comment regarding any such appoint to fill Co's vacant council seat must be provided. Moreover, any and all documents in possession of the City of Moreno Valley, the Mayor, and council members concerning any appointment must be made available to the public prior to any meeting concerning such appointment.

As provided by Gov. Code Section 54960.1, you have 30 days from the receipt of this demand to either cure or correct the challenged action or inform our office of your decision not to do so. If you fail to cure or correct as demanded, such inaction may leave no recourse but to seek a judicial invalidation of the challenged action pursuant to Section 54960.1, in which case I would seek court costs and reasonable attorney fees in this matter, pursuant to Section 54960.5.

Sincerely,



Raymond W. Johnson

CONSENT CALENDAR

Item #	Comments
8A	**Commission Officer Rotation Policy** – staff recommends supporting this action. Will provide for active participation, equity, and flexibility for appointments for city representatives.
8B	**Amendment to Agreement for On-Call Strategic Partnership Advisor Services with Parsons Brinkerhoff** – staff recommends supporting this action. The action supports the widening of the SR91 corridor in Corona which will provide a regional benefit for Riverside County including Moreno Valley residents that commute / travel through the area.
8C	**City of Moreno Valley Reprogramming Request** – staff recommends supporting this action. Action will support on-going efforts to fully fund this needed infrastructure project. Will provide direct benefit to Moreno Valley residents travelling on Perris Boulevard.
8D	**Awards for Construction Freeway Service Patrol Tow Truck Service During the Construction of the SR 91 Corridor Improvement Project** - staff recommends supporting these actions. Contract was competitively bid in accordance with procurement procedures. Actions will benefit all motorists travelling in the area of the project, including Moreno Valley residents, by clearing vehicles from minor collisions and breakdowns quickly and efficiently improving overall safety and traffic flow.
8E	**FY 2013/2014 Agreements for Regional Rideshare Services -** staff recommends supporting these actions. Will maintain highly successful IE511 system and will help to gain mode shift from single occupant vehicles thereby reducing overall congestion and improving traffic flow and air quality.
8F	**Agreement with the South Coast Air Quality Management District to Fund Rideshare Thursday Campaign** - staff recommends supporting this action. Will lead to reduced single occupant trips providing direct benefit to Moreno Valley residents through reducing overall congestion and improved traffic flow / air quality.
8G	**Amendment to Commission's Rail Program Short Range Transit Plans** - staff recommends supporting these actions. Using redirected unspent funding, needed upgrades can be made to existing Metrolink stations. Will encourage train travel

	with enhanced infrastructure and will provide direct benefit to Moreno Valley residents that utilize the service to commute.
9	**Transportation Uniform Mitigation Fee Program – City of Corona Developer Credit Reimbursement** - staff recommends supporting this action. Improvements have been built and public benefit has been realized since 2007. New policy allows for larger set aside funding for developer reimbursement agreements thereby encouraging developers to move forward with projects. This may provide a direct benefit to Moreno Valley by developers moving forward with needed infrastructure projects and the opportunity to be reimbursed sooner.
10	**Rail Service Through the Pass Area to the Coachella Valley** - staff recommends supporting this action. Will further the opportunity for future passenger rail service to the Coachella Valley, bringing reduced congestion and improved air quality through the area including within the City of Moreno Valley.

Notes:_____

_____

DISCUSSION CALENDAR

Item #	Comments
6	**Public Hearing – Adoption of Resolutions of Necessity for SR91 Corridor Improvement Project -** staff recommends supporting these actions. The actions support the widening of the SR91 corridor in Corona which will provide a regional benefit for Riverside County including Moreno Valley residents that commute / travel through the area.

Subject: Skechers-LEED Gold

Wanted to invite you to an event on Friday February 22 that will announce that the Skechers USA-Highland Fairview Corporate Park project has been certified as a LEED Gold development project. We all knew that this would happen (despite what the PE and others said). Please join Mr. Iddo Benzeevi and the Highland Fairview team in the event signaling the largest LEED certified building. The event will be 9 am on Friday February 22 in front of the Skechers USA office entrance area. Please RSVP to me whether you plan to attend.

Hope to see you there.

Subject: Cassie McDuff/Press Enterprise

Mayor Owings, Mayor Pro Tem Molina & Council:

I spoke to Cassie McDuff this afternoon and covered the items below. I made it clear that Council meeting videos would not be destroyed, "videos are too valuable to our public as well as staff." I also discussed the Code Compliance Case retention, reiterating that if there is an investigation or involved in litigation it would be placed on hold. Records destruction was also discussed and I informed her how the process works. Employees do not shred documents without authorization.

Topics covered:

- Retention on: emails, code violations, videos, (videos will not be destroyed), audios (gave her an example of recordings for Closed Session before and after meeting)
- Code Compliance Case Files retention – 5 year retention, but if there is an investigation or involved in litigation it would be placed on hold
    - Who advises? City Attorney
- Emails may be destroyed right away if they are transitory; emails with informational content are printed for future reference
- Investigations – only FBI
- Active Records Requests – City Clerk's Department estimated 11 active at this time
- Revisions of Retention Schedule
    - She asked why now, I informed her this was in the works for over 1 year
- Process on shredding documents, process and approval from Dept. Head, CA, & Clerk
    - Sometimes departments will shred their own documents, other times more cost effective for off-site storage to perform this function
- Will send her copy of Email policy
- Attorney General Opinion Consultant references
- Media Options Legend (these are on the retention schedule under Media Options)

Let me know if you have any questions.

Thank you.

RIVERSIDE COUNTY
DISTRICT ATTORNEY
3960 ORANGE STREET
RIVERSIDE, CALIFORNIA 92501-3643
951-955-5520

PAUL E. ZELLERBACH
DISTRICT ATTORNEY

October 22, 2013

Ms. Jane Halstead
Moreno Valley City Clerk
14177 Frederick St.
Moreno Valley, CA 92552

Subject: **Preservation of Evidence Demand**

Dear Ms. Halstead:

The Riverside County District Attorney's Office has learned that the Moreno Valley City Council will consider adopting Resolution No. 2013-82, a "Resolution Adopting Updated Records Retention Schedules and Authorizing Destruction of Certain City Records" at its regular meeting on October 22, 2013.

The District Attorney's Office has reason to believe that litigation may result from matters currently under investigation with regard to the City of Moreno Valley and that relevant evidence potentially may be destroyed if Resolution No. 2013-82 is passed and implemented. This information may be in the City of Moreno Valley's possession or control and the City has a duty to preserve that information.

Therefore, the District Attorney's Office demands that the City of Moreno Valley immediately take action to protect and preserve until further notice any of that information that is in its possession or under its control until further notice.

Specifically, the District Attorney's Office demands that the City of Moreno Valley immediately suspend deletion, overwriting and/or any other destruction of records and electronic stored information (hereinafter "ESI") connected, either directly or indirectly, to the following:

- All records and ESI associated with or concerning Highland Fairview, Iddo Benzeevi, Jerry Stephens, Tom Owings, Marcelo Co, Jesse Molina, Victoria Baca, Richard Stewart, Yxstian Gutierrez and Michael Geller.

- All records and ESI associated with or concerning all City of Moreno Valley elected and appointed public officials and Department Heads.

- All records and ESI associated with or concerning pending or approved development construction projects, infrastructure and/or new infrastructure projects located in the City of Moreno Valley.

- All records and ESI associated with or concerning communications to and from City of Moreno Valley employees, elected and/or appointed public officials regarding the hiring, employment and discharge of former City Manager Henry Garcia.

- All records and ESI associated with or concerning the following development projects: Skechers, World Logistic Center, Prologis, Aquabella Development, Ridge Property Development and Nason Street infrastructure improvements.

The District Attorney's Office is specifically demanding that you preserve all documents, tangible things and ESI potentially associated with or concerning the matters identified above for the time frame of January 1, 2008 to present.

ESI, as used in this demand, should be afforded the broadest possible definition and includes (by way of example and not as an exclusive list) any and all information electronically, magnetically or optically stored as:

- Digital communications (e.g., e-mail, voice mail, instant messaging);
- Word processed documents (e.g., Word or WordPerfect documents and drafts);
- Spreadsheets and tables (e.g., Excel or Lotus 123 worksheets);
- Accounting Application Data (e.g., QuickBooks, Money, Peachtree data files);
- Image and Facsimile Files (e.g., .PDF, .TIFF, .JPG, .GIF images);
- Sound Recordings (e.g., .WAV and .MP3 files);
- Video and Animation (e.g., .AVI and .MOV files);
- Databases (e.g., Access, Oracle, SQL Server data, SAP);
- Contact and Relationship Management Data (e.g., Outlook, ACT!);
- Calendar and Diary Application Data (e.g., Outlook PST, Yahoo, blog tools);
- Online Access Data (e.g., Temporary Internet Files, History, Cookies);
- Presentations (e.g., PowerPoint, Corel Presentations)
- Network Access and Server Activity Logs;
- Project Management Application Data;
- Computer Aided Design/Drawing Files; and,
- Back Up and Archival Files (e.g., Zip, .GHO)

All ESI must be preserved so that it can be retrieved at a later time. The information must be preserved in its original electronic form so that all information contained within it,

whether visible or not, is also available for inspection. It is not sufficient to make a hard copy of electronic communication.

Thank you for your anticipated cooperation.

Very truly yours,

PAUL E. ZELLERBACH
Riverside County District Attorney

To: Everyone
Subject: Update on investigation, subpoenas, etc.

City staff: I want to continue updating you on what little I do know about the investigation that began last May with the search warrants served at the residences of our Council Members (the ones in office at that time) and others. Subpoenas were delivered to the Clerk's Office today for documents related to the items listed below (most of which, the Clerk indicates, have already been provided to them). In addition, I was served with a subpoena to appear before a grand jury next Wednesday, as was Tom DeSantis. Our testimony is being requested just as witnesses.

Also, some in the media have tried to make an issue of an item on tonight's Council agenda; it is a routine update by the City Clerk of the City's record retention policy. This is done every few years to keep current with technological advancements and to comply with State law. Other cities do this as a routine update as well. Prior year updates were approved by the Council in 2003 and again in 2007. An outside consultant has been working on this update for over one year, obviously well before any investigation began. Tonight's item is on the consent calendar, as was the previous update. The City Clerk will be pulling this item from the agenda and preparing a comprehensive report to present to the City Council at a later date when the consultant can attend and provide information regarding this routine update. I don't know if the record retention update prompted today's influx of subpoenas, but as always the Clerk's Office and City staff will comply fully in providing copies of these items.

I apologize for any distraction and thank you for your continued hard work serving the City of Moreno Valley.
--Michelle

Items subpoenaed today included the following:

1. All documents relating to the following development projects in Moreno Valley: Any development by Ridge Property; Project Numbers P08-133; PA08-0098; PA10-0017, PA08-0097; and PA09-0022.
2. All documents relating to the following development projects in Moreno Valley: All Moreno Valley Properties and Highland Fairview Projects, including Skechers; and City of Moreno Valley project numbers PA07-0090; PA-07-0088; PA-07-0090; and PA-07-0091
3. All documents relating to the following development projects in Moreno Valley: The Aquabella project, including project numbers P11-029, PA-04-0005, PA04-0069, PA-04-0070 and PA-04-0082
4. All documents relating to Victoria Baca
5. All documents relating to the hiring, employment, and termination of Paul J. Early
6. All documents relating to Iddo Benzeevi
7. All documents relating to Tom Owings

Hi Cindy,

There has been one cancelation for the upcoming Traffic Commissioners Workshop and I wanted to extend the opportunity to City Council. The workshop is on 10/26/13 (Saturday) from 8:00 am – 4:00 pm in Buena Park. Please see the attachments for additional information. If one of the council members would like to attend, please, if possible let me know by 4:00 pm today.

Thank you,
LaSonja

Subject: 2013 Traffic Commissioners Workshop Registration

Hi CTE Members,

I am excited to announce CTE's upcoming **Traffic Commissioners Workshop**. The purpose of the Workshop is to provide participants with information relevant to traffic issues in their communities. One or two professionals with traffic engineering, public service, or enforcement experience will present each session. It will be interactive, fast-paced, and loaded with practical knowledge.

The workshop is scheduled for **Saturday, October 26th** from **8:00 am to 3:30 pm**. The City of Buena Park has graciously offered to host the workshop in Heritage Hall at the Ehlers Community Recreation Center (8150 Knott Avenue, Buena Park, CA 90620).

The registration fee for the workshop is $80 which includes a continental breakfast, lunch, refreshments, and a reference binder ($40 for students). The deadline to register is October 17th.

A registration form and instructions for payment are attached to this e-mail. Should you have any questions about the workshop, you can reply to Scott (sma@hartzog-crabill.com) or me (edunlap@dpw.lacounty.gov).

Please pass on my e-mail including attachments to anyone you feel might be interested in the workshop.

Subject: SWAT search warrant

Good afternoon,

On September 5, 2013, MVPD Patrol and SET deputies investigated a gang-related attempted murder in the area of Gentian and Lasselle. This shooting was later determined to be one of the catalysts that ultimately led to the murder of 6 year-old Tiana Ricks. SET deputies continued the investigation into this case and ultimately identified two suspects. Through extensive investigation, they tracked one of the suspects to an apartment in the city of Riverside. The SET Team conducted extensive surveillance on the apartment to determine if the second suspect was also hiding out in the apartment. Eventually, they confirmed that both suspects in the attempted murder were holed up in the apartment. Because of their obvious propensity for violence and the belief that they were armed, the decision was made to have the Sheriff's SWAT Team serve a search warrant on the apartment.

This morning about 4:30 AM, the Special Enforcement Bureau- SWAT Team served the warrant on the apartment in the 6500 block of Doolittle Avenue in Riverside. After a brief standoff and the use of two flash-bang devices, the suspects surrendered to deputies and were taken into custody without incident. A search of the apartment by SET Team members revealed several grams of methamphetamine and more than 100 prescription pain pills.

The suspects are identified as follows:

Monte Walker (20) - Booked for attempted murder, possession of methamphetamine for sales, and gang enhancements

Jeron Hall (18) - Booked for conspiracy/attempted murder, possession of methamphetamine for sales, and gang enhancements

Leonard Harbor – (19) Booked for possession of prescription pain meds without a prescription, conspiracy, and gang enhancements

The investigation is ongoing, but today's events help bring the case much closer to conclusion.

Subject: Subpoenas update - CONFIDENTIAL

Mayor, Mayor Pro Tem and Councilmembers:

As you know, the City was served with federal subpoenas last week. The City is working diligently to cooperate and to comply. As part of this process, the City is also exploring how it may share with the public and members of the media, on an on-going basis, publicly available information related to this very large (and expensive) data-collection effort as it develops. I am working with the City Manager's Office and the Clerk's Office to determine the most efficient way to disclose all non-privileged information to the public with the goal being to advance transparency while preserving the integrity of any investigation(s) and the legal process.

Also, please remember to keep in mind that the City Attorney's Office represents the City and not any individual Councilmembers or employees.

Please do not forward this email.

Thank you.

Well, this does explain why Tom Owings is so intent on keeping Richard Stewart out of the loop. Seems fishy to me. Isn't this how Law Enforcement works? Take somebody you have something on and get them to turn on the others in exchange for immunity. I don't know, but I'm just saying.....

Meli Van Natta · Top Commenter · Owner/Broker at Rancho Belago Realty
I have been taking a "wait and see" position regarding the actions of this Council, urging restraint until the investigations were completed, but this action really strains my resolve. To deny one Council Member's right to participate in the process is unconscionable, and will do more to further the recall effort than anything the petitioners could have done themselves.

Having written on this subject before, I remain convinced that there MUST have been some prior discussion or agreement on the appointment of Mr. Gutierrez. It would strain credibility for it to have happened any other way. Mayor Owings is not the type of person to blindly agree with Mrs. Baca's choice of a candidate absent any prior knowledge. However, it is very likely that, knowing the rules of the Brown Act, those were the only two people who discussed the appointment of Mr. Gutierrez in advance of the meeting, feeling that it was not likely that Mr. Molina would vote against them. As I have said before, the APPEARANCE of impropriety is to be avoided when one's integrity is already being questioned.

Meli Van Natta @askmeli 10 Oct

@**SuzanneHurt** I hope Jesse Molina starts using his own mind instead of going along with Owings and Baca on everything.

https://twitter.com/askmeli

Meli Van Natta But if only Baca and Owings are recalled? Molina and Gutierrez were both supported by Baca, would they choose another of her friends? And two against one, would they outvote Stewart? Or would they, out of an abundance of caution, choose someone less controversial? Tune in next week for the next installment of "As the Council Churns."

Subject: Explosion with injury- short term evacuation

Good morning,

Today about 1:00 AM, officers responded to the 13000 block of Heacock Street to the report of an explosion. Officers arrived at the apartment complex and found the windows blown out of one apartment and remnants of a small fire. One white male adult was seriously injured, was transported to RCRMC, and ultimately LifeFlighted to the Arrowhead Burn Center for treatment. Seven apartments immediately adjoining the damaged apartment were evacuated for about 30 minutes while Fire officials confirmed it was safe for them to return.

Investigation revealed that the injured man. Michael Miranda (30) was inside a bathroom at the apartment attempting to create "Honey Oil" from marijuana. Honey Oil is a highly concentrated form of cannabis and can be created with the use of Butane. Several cans of butane were found in the damaged bathroom, along with other items used to create Honey Oil.

The suspect sustained serious burns over about 45% of his body. Although his injuries are not considered life-threatening, he faces many months of painful recovery. SET narcotics officers will continue the investigation this morning with a search warrant to determine if a crime was committed. Most likely, charges will be filed out of custody and could include drug manufacturing, child endangerment, and other serious crimes.

Tom Owings
Mayor, City of Moreno Valley
14177 Frederick Street
PO Box 88005
Moreno Valley, CA 92552

Dear Mayor Owings:

As the Assemblymember who proudly represents the 61st Assembly District and Chair of the Assembly Committee on Jobs, Economic Development, and the Economy (JEDE), I would like to invite you to attend an upcoming hearing on ***The Role of Trade and Foreign Investment on the Inland Empire's Regional Economy***.

The hearing is scheduled for **Wednesday, November 6, 2013,** at the **Riverside City Council Chambers, 3900 Main Street, Riverside, California** from **10:00 a.m.** to **1:00 p.m.**

Trade and foreign investment play an integral part in the Inland Empire's economy. Among other advantages, trade and foreign investment bring new capital to the region, support job creation and business expansion, provide new technologies and skills to workers, generate local and state revenues, and generally strengthen the region's economic base.

Trade experts, international business executives, and regional civic and business leaders have been invited to make presentations at the hearing. Key issues discussed will include the region's biotech sector and foreign trade and investment, the region's strategic location in attracting foreign investment and supporting manufacturing and global distribution networks, the important role small businesses can play within global markets, and workforce challenges facing the region's global competitiveness.

JEDE is the policy committee within the California State Assembly responsible for reviewing policies and legislation related to small business development, international trade, and other economic development related issues. The committee regularly publishes reports on these areas of interest. Copies of these reports are available online at www.assembly.ca.gov under the policy committee heading.

Please join us before the start of the hearing at 9:30 a.m. for an opportunity to network with other local players who help contribute the success of our region.

To RSVP to the hearing and the pre-hearing reception, please contact Chris Manning at my Riverside Office at 951.369.6644.

Attached is a preliminary agenda for your review.

Sincerely,

JOSE MEDINA
Assemblymember, 61st Assembly District
Chair, Assembly Committee on Jobs, Economic Development and the Economy

The Role of Trade and Foreign Investment on the Inland Empire's Regional Economy

Wednesday, November 6, 2013 from 10:00 a.m. to 1:00 p.m.
City Council Chambers, Riverside City Hall in Riverside, California

Preliminary Agenda (subject to change)

International trade and foreign investment serve as critical components of California's $1.9 trillion economy. If California were a country, it would be the 17th largest exporter and the 14th largest importer in the world. Exports from California ($162 billion) accounted for over 10.5% of total U.S. exports in goods, shipping to over 220 foreign destinations in 2012. California's land, sea, and air ports of entry serve as key international commercial gateways for the $537 billion in products entering and exiting the country. Over 562,700 California workers benefit from jobs with foreign-owned firms, which accounts for 5.1% of all private sector jobs in the state. Trade and foreign investment support new job creation, bring new technologies and skills to California workers, generate local and state revenues, and generally strengthen the state's economic base.

In today's hearing, Chair Jose Medina and Members of the Assembly Committee on Jobs, Economic Development, and the Economy (JEDE Committee) will take a closer look at how foreign trade and investment support the regional economy of the Inland Empire. The JEDE Committee will hear from senior trade experts, international business leaders, and regional civic and business leaders about the role that trade and foreign investment play within the regional economy of the Inland Empire.

I. Welcome, Introductions and Opening Statements

Assemblymember Jose Medina, Chair, and other members of the JEDE Committee will provide opening statements and frame key discussion items.

II. International Trade and Foreign Investment: Profile of the Inland Empire

- *Dr. John Husing, Chief Economist with the Inland Empire Economic Partnership*
- *Commissioner Tom Freeman, Foreign Trade Commission, Riverside County*

Economic forecasts anticipate 2013 to be a good year for trade and investment for Southern California with the Port of Long Beach/Los Angeles regaining pre-recession activity levels, cargo activity at Ontario International Airport remaining strong, and BNSF/UP planning upgrades to the rail system. Inland Empire manufacturing, warehousing and logistical networks continue to grow with the attraction and expansion of foreign companies and investors. Among the region's other trade and investment strengths, are its strategic location for both foreign and domestic trade, foreign trade zones, and having a proactive county-level Foreign Trade Commission. Dr. John Husing, Chief Economist with the Inland Empire Economic Partnership, and Commissioner Tom Freeman with the Riverside County Trade Commission will discuss the importance of trade and foreign investment within the region and highlight key actions the region could be taking to more fully leverage the region's strategic location and economic advantages within the global marketplace.

III. Creating Competitive Advantages within the Inland Empire

- *Dr. Imran Farooq - Chief Advisor for Inland Southern California iHUB*
- *Dr. Michael Pazzani, Vice Chancellor for Research and Economic Development, U.C. Riverside*
- *Mr. Paul Cramer, Director of Sales with Star Milling Co.*
- *Mr. John Walburg, Manager of Marketing and Sales, California Steel Industries, Inc.*

In this second panel, the presentations will focus on distinct, yet economically linked, resources within the Inland Empire. Dr. Farooq from the Inland SoCal iHUB will be discussing the region's globally significant logistics network. Mr. Cramer and Mr. Walburg will provide insights on how the global economy affects the day-to-day operations of their companies including recommendations on how the region can become more globally competitive and supportive of companies that utilize foreign trade and investment in their business activities.

II. Public Comment

Those interested in speaking during the public comment period should sign-up at the registration table.

IV. Summary of Key Findings and Closing Remarks

Participants will be invited to share final comments and provide recommendations on further actions.

Good afternoon,

Please see attached photos and press release. This is just one of many programs designed to increase driver awareness and decrease injury and fatal accidents in the city. The operation only lasted one hour, but more than a dozen motorists failed to see the giant Gingerbread Man using the cross walk.

Station
Moreno Valley
Agency
Moreno Valley Police

Press Release:

Type of Incident:	Pedestrian Decoy Program		
Date Written:	September 26, 2013	**Time Written:**	11:15 AM

Date of Incident:	September 26, 2013	**Time of Incident:**	8:00 AM – 9:00 AM
Location of Incident:	Eucalyptus Avenue x Running Deer Road		
Reporting Officer:	Sergeant Bill Guimont		
File Number:	Various		

Details:

In response to complaints from the public and local crossing guards, the Moreno Valley Traffic Team conducted a Pedestrian Decoy Program today. The Department has received numerous complaints regarding motorists not stopping for pedestrians in various crosswalks and intersections throughout the City. These intersections are utilized for students walking to and from local schools in the area. The California Vehicle Code requires motorists to yield to all pedestrians in a crosswalk.

Today's operation was conducted at Eucalyptus Avenue X Running Deer Road. This operation is just one aspect of the Department's Directed Enforcement Program. This program utilized an undercover police officer walking in the crosswalk. In previous operations many of the motorists stopped for these violations said they never saw the pedestrian in the crosswalk. In an effort to make our pedestrian more visible, he was dressed today in a large "Gingerbread Man" outfit. Many motorists who were stopped today said they never saw the "Gingerbread Man" in the crosswalk. Our goal is to make motorists more aware of their surroundings and to be vigilant while driving, especially near schools and crosswalks.

Today during our decoy program, 13 motorists received citations for "failing to yield to a pedestrian in a crosswalk", and 7 motorists received citations for other traffic related violations.

This program is scheduled to run throughout the year at various locations throughout the city. For additional information the Moreno Valley Police Department Traffic Division may be reached at [redacted]

The Riverside County Sheriff's Department is seeking applicants for Deputy Sheriff, Deputy Sheriff Trainee, Correctional Deputy, Sheriff's 911 Communications Officer, and other employment opportunities such as clerical and support positions. Subject: School Burglary and Strong Arm Robberies - Multiple Arrests

Good afternoon,

On 9-29-13 about 7:13 PM, officers responded to Palm Middle School reference a burglar alarm. On arrival, they discovered a legitimate burglary with significant damage. Suspects stole two golf carts and used them to smash through a glass and metal door, causing extensive damage. One of the stolen golf carts was recovered a short while later, but the other remained missing.

On 9-30-13, officers responded to the area of Parkland X Heacock reference several juvenile males riding on a golf cart. On arrival, officers spotted the vehicle and suspects. The suspects abandoned the golf cart and fled on foot. After a foot pursuit and a search of the area, two juvenile male suspects were taken into custody. Further investigation by the Burglary/Robbery Suppression Team identified a third juvenile suspect. Additionally, the 17 year-old suspect confessed to three unsolved strong-arm robberies in the area of Hemlock x Perris. The 13 year-old suspect confessed to one strong-arm robbery in the area of Sunnymead Ranch x Old Lake Drive. All four robberies were committed against other juveniles and involved the theft of cellular telephones. BST/RST officers located one of the stolen cell phones at a local indoor swap meet and returned it to the victim. Both suspects were booked into Riverside Juvenile Hall on multiple felony counts.

On 10-01-13, RST/BST served a search warrant at an apartment in the 12200 block of Lamos Place reference the school burglary and theft of the golf carts. Nothing of evidentiary value was located and the third suspect was not home. Officers spotted the third suspect, a 17 year-old male, in the area of Hemlock and Perris. He fled on foot but was quickly apprehended. Under Miranda, he confessed to his part in the burglary and theft of the gold carts and implicated two of his co-conspirators. The suspect was booked into Riverside Juvenile Hall on charges of burglary, conspiracy, auto theft, and violation of probation.

RST/BST officers responded to a residence in the 12000 block of Orchid and contacted the two co-conspirators. The 14 and 16 year-old brothers confessed to their stealing and riding in the gold carts with the other suspects. Charges will be sought against these two suspects via the Juvenile Court. All suspects involved in the burglary of Palm Middle School and theft of the golf carts have now been identified, arrested, and/or charged for this crime.

Re: Demand to Cure Violations of the Ralph M. Brown Act and Government Code Section 34882

Dear City Councilmembers Owings, Molina, Baca, and Stewart:

On behalf of Basil Kimbrew, Radine Ramos Hiers, Deanna Reader, and numerous other Moreno Valley voters represented by our office, we write to demand that the City Council of Moreno Valley (the "Council") take immediate action to cure and correct the violations of the Ralph M. Brown Act, Government Code section 54950 et seq. (the "Brown Act"), and the California Elections and Government Code committed by members of the Council on and around September 24, 2013. The Council's abrupt and evidently predetermined appointment of Yxstian Gutierrez to complete the unexpired term of office of former councilmember Marcelo Co was accomplished without adequate public notice and without any meaningful opportunity for public comment; indeed, there was not even any opportunity provided for the Council itself to deliberate on Dr. Gutierrez's unexpected appointment. By its conduct, the Council majority demonstrated a disturbing contempt for democratic participation in a community already plagued by distrust of its public officials.

The Council's action in appointing Dr. Gutierrez to the city council violated both the spirit and the letter of the Brown Act, California's open meetings law. The Brown Act is intended "to facilitate public participation in local government decisions and to curb misuse of democratic process by secret legislation by public bodies." (*Cohan v. City of Thousand Oaks* (1994) 30 Cal.App.4th 547, 555.) These protections are founded on the precept that "[t]he people, in delegating authority, do not give their public servants the right to decide what is good for the people to know and what is not good for them to know. The people insist on remaining informed so that they may retain control over the instruments they have created." (Gov. Code, § 54950.) The Council majority's handling of the appointment of Dr. Gutierrez to fill the vacancy in the District 4 seat made a mockery of these fundamental principles of democracy.

Moreover, it has come to light that Dr. Gutierrez does not live in the council district from which Mr. Co was elected and whose unexpired term he was appointed to fill. Accordingly, under established California law, Dr. Gutierrez was ineligible to be appointed to that office or to continue to hold the position of Council representative for District 4. If his appointment is not rescinded, every action that the Council takes with his participation will be of questionable legality, and judicial action will be necessary to compel his removal from office.

We therefore request, pursuant to Government Code sections 54960.1 and 34882, that the City Council immediately take action to remedy its illegal conduct. Specifically, the Council must rescind its unlawful appointment of Dr. Gutierrez and address the vacancy on the Council through a properly noticed, open public meeting that permits full public discussion and council deliberation of this important issue and that results in a decision that conforms with all applicable provisions of law.

Violations of the Brown Act

(1) *A majority of the Council engaged in an unlawful secret meeting to discuss appointing a replacement for Mr. Co.* The cornerstone of the Brown Act is its requirement that meetings of legislative bodies to discuss public business must be properly noticed and, with narrow exceptions not relevant here, open to the public. It is therefore illegal for a majority of the members of the Council, outside of a properly noticed public meeting, to "use a series of communications of any kind, directly or through intermediaries, to discuss, deliberate, or take action on any item of business that is within the subject matter jurisdiction of the legislative body." (Gov. Code, § 54952.2, subd. (b)(1).) Our clients are aware of at least two nonpublic communications that occurred between councilmembers concerning whether to appoint someone to fill the District 4 seat left vacant by Mr. Co's resignation. Together, these conversations constituted an unlawful secret meeting by a majority of the members of the City Council in violation of the Brown Act.

The issue of whether to appoint someone or, alternatively, to hold a special election to fill former Councilmember Co's 4th District seat is indisputably an item of public business within the Council's jurisdiction. Indeed, this precise issue was agendized for discussion at the September 24, 2013, Council meeting. Prior to the council meeting, however, Mayor Owings contacted Councilmember Stewart to express his preference for appointing someone to fill the unexpired portion of Mr. Co's term. During the Council's abbreviated discussion of this issue, Councilmember Stewart explicitly referred to this communication with Mr. Owings, and he subsequently elaborated on the contents of his conversation with Mr. Owings in a newspaper article later that week. (See S. Hurt, "Moreno Valley: Naming of Councilman May Have Violated Law, Expert Says," *Riverside Press-Enterprise* (Sept. 27, 2013).)

Mr. Owings also evidently engaged in pre-meeting deliberations with Councilmember

Baca regarding the same issue. The two discussed not only the proposal to fill Mr. Co's seat by appointment rather than to hold an election, but apparently went so far as to agree on the appointment of Dr. Gutierrez. The September 24th Council meeting includes the following exchange between Mr. Owings and Ms. Baca, which makes their pre-meeting collusion unmistakable:

Mr. Owings:	". . . This council should exercise its . . . State of California constitutional authority and make the decision to fill this vacancy. So I would entertain a motion."
Ms. Baca:	"I would like to use the first option, which is to appoint someone to serve out the remainder of the unexpired term until December 8th – I'm sorry, 9th – 2014. . . . So moved."
Mr. Owings:	"Let's just do one motion. Do you have someone in mind?"
Ms. Baca:	"I do."
Mr. Owings:	"All right, let's read the motion and let's get – let's just put it out."

As the *Riverside Press-Enterprise* observed in its editorial lambasting the City Council the next day, "unless council members have suddenly developed telepathic powers, the majority had to have conferred on the issue and settled on a choice in private before the meeting." For example, Mr. Owings could not possibly have known that Ms. Baca had "someone in mind" for the appointment to fill Mr. Co's unexpired term had they not previously discussed the matter.[1] Mr. Owing's previous comments had related only to whether the Council should exercise its authority to fill the seat by appointment rather than election, and Ms. Baca's initial motion responded only to that narrow issue. As Mr. Stewart observed, the Council's past practice had been to invite applicants and to publicly interview them before making appointments to city positions. Particularly in light of that history, nothing in Ms. Baca's suggestion to "use the first option, which is to appoint someone," implied that she also had a specific candidate in mind for the appointment that evening. Yet Mr. Owings not only was somehow aware that Councilmember Baca was ready to appoint a particular person at that time, but he expressed no surprise, made no comment, and displayed no visible reaction when she announced who that person was. Instead, Mayor Owings — somehow knowing that Dr. Gutierrez just happened to be present at the council meeting that night — asked Ms. Baca to amend her motion to have him sworn in immediately, even somehow divining that Dr. Gutierrez had prepared and wanted to

[1]Indeed, Ms. Baca acknowledged to the press that she had introduced Dr. Gutierrez to Mayor Owings in a meeting between the three of them the weekend before the City Council's vote on September 24th, but claimed — incredibly — that they did not discuss his possible appointment. (S. Hurt, "Moreno Valley: Naming of Councilman May Have Violated Law, Expert Says," *Riverside Press-Enterprise* (Sept. 27, 2013).)

deliver a written "acceptance speech" following his swearing-in ceremony.[2]

The conversation between Mr. Owing and Mr. Stewart, together with the communications between Mr. Owing and Ms. Baca, comprise serial meetings involving three members of the Council – a majority – to discuss whether the Council would exercise its statutory authority to fill the vacant District 4 Council seat by appointment or would instead call a special election to let the voters of the District decide who their representative should be. It is immaterial whether or not Mr. Stewart actually reached a consensus with Mr. Owing and Ms. Baca to proceed with the appointment of Dr. Gutierrez: the Brown Act prohibits *secret deliberation and discussion*, regardless of whether such communications result in an agreement to take specified action. (*Frazer v. Dixon Unified School Dist.* (1993) 18 Cal.App.4th 781, 796; see also 84 Cal. Ops. Atty. Gen. 30, at *2.) It was unlawful under the Brown Act to discuss this matter *at all* outside of a noticed public meeting, and the secret serial discussions, spearheaded by Mr. Owings and including a majority of council members, renders the resulting action taken by the Council unlawful.

(2) *The council's action to appoint Dr. Gutierrez was not adequately noticed on the meeting agenda.* The Brown Act requires every legislative body, at least 72 hours in advance of its regular meeting, to "post an agenda containing a brief general description of each item of business to be transacted or discussed at the meeting." (Gov. Code § 54954.2, subd. (a).) "No action or discussion shall be undertaken on any item not appearing on the posted agenda." (*Id.*, subd. (b).) The agenda for the Council's September 24, 2013, meeting stated only that the council would "consider the procedural options to fill the vacancy on the council in District 4 and take possible action to fill the vacancy." This statement was legally insufficient to notify members of the public that the Council actually planned to appoint someone to fill the unexpired portion of Mr. Co's term at the September 24th meeting.

While the description provided by the agenda is permitted by the Brown Act to be "brief" and "general," it must nevertheless give interested members of the public functional notice of the action the Council will take at the meeting. A description that is "inadequate to show the whole scope of the [Council's] intended plans" is unlawful. (*Carlson v. Paradise Unified Sch. Dist.*

---

[2]We are confident that discovery will reveal the full extent of the pre-meeting secret collaboration among members of the council regarding this issue. For example, Councilmember Stewart indicated at the meeting that he had seen Ms. Baca give Mr. Owings a document prior to the meeting (but which the Mayor refused to show Mr. Stewart), which was quite likely a copy of what she read from in proposing to appoint Dr. Gutierrez to the Council and which undoubtedly was what led Mr. Owings to invite Ms. Baca to "read the motion." The failure of Councilmembers Baca and Owings to make that document publicly available may well have constituted a violation of the Brown Act, in and of itself. (See Gov. Code, § 54957.5, subds. (b) & (c).)

(1971) 18 Cal.App.3d 196, 200 [applying analogous provision of Education Code].) In particular, when multiple decisions relate to the same topic, each item involving a "separate action or determination" by the Council must "be expressly disclosed on the agenda." (*San Joaquin Raptor Rescue Center v. County of Merced* (2013) 216 Cal.App.4th 1167, 1176.) Whether the Council should fill the vacancy in the 4th District seat by appointment or by special election is an entirely distinct decision from the issue of what particular person should be appointed to the position, and both topics must be separately noticed on the agenda.

The term "take possible action to fill the vacancy" in no way satisfied Government Code section 54954.2's disclosure requirement. The agenda's phrasing was entirely too vague to give the public meaningful notice that the Council might actually vote to appoint a specific individual to the City Council on September 24, much less to notify residents that Dr. Gutierrez was a candidate for such appointment. The agenda suggests, at most, an intent to discuss and vote on the *procedures* for making a "potential" appointment if the Council were to decide to go that route rather than to hold an election. This inference is strengthened by the placement of this item in the "Reports" section of the agenda, rather than under "Legislative Actions" — thereby suggesting that no actual *action* would be taken at the meeting — and by the Council's past practice, as described by Mr. Stewart, of inviting applicants and publicly debating their qualifications before voting on an appointment. In view of these facts and giving the agenda a common sense reading, "the agenda was not an adequate specification or description of the business that was transacted at the [September 24th] meeting." (*Moreno v. City of King* (2005) 127 Cal.App.4th 17, 26 [holding that agenda item stating "public employee (employment contract)" was inadequate to notify public of discussion of dismissal of a public employee].)[3]

(3) *The Council failed to allow any opportunity for public comment on Dr. Gutierrez's appointment.* Although the Council purported to permit the public to comment on the agenda item relating to filling the vacancy in Council District 4, the only meaningful public comment that was actually allowed related solely to the question of whether the seat should be filled by an appointment or by an election. Due to the way in which the agenda combined the two separate issues into a single agenda item, there was *absolutely no opportunity for public comment* on the critical issue of whether the Council should appoint *Dr. Gutierrez* or someone else to fill the

---

[3]It is no surprise, then, that given the inadequate notice of this issue in the agenda, not a single member of the public spoke to the qualifications of any particular individual for appointment to fill Mr. Co's unexpired term. Rather, *all of the public comment* addressed the predicate issue of whether the Council should fill the 4th District vacancy by appointment or by an election. Indeed, as noted in the following paragraphs, the agenda and handling of this item by the Council was structured in a manner that *rendered it impossible* for any member of the public to provide — and for any Council member to receive — *any input whatsoever* regarding the qualifications of Dr. Gutierrez for appointment to the Council — an independent violation of the Brown Act pursuant to Government Code section 54954.3.

vacant seat representing District 4. By failing to permit any meaningful public comment on Dr. Gutierrez's appointment, the Council violated Government Code section 54954.3, which requires "an opportunity for members of the public to directly address the legislative body on any item of interest to the public, *before or during the legislative body's consideration of the item*, that is within the subject matter jurisdiction of the legislative body." (Emphasis added.)

The only opportunity that the Council provided for the public to comment on the District 4 vacancy issue occurred before the meeting attendees had any reason to believe that the Council would act on an appointment that evening, much less that it would appoint Dr. Gutierrez to the seat. The only material included with the agenda for this item was the City Attorney's report, which focused entirely on the procedural options available to the Council — that is, whether to fill the vacancy by appointment or by calling a special election. Before this item was called and opened up for public comment, neither the Mayor nor any of the other council members (including those who clearly intended to move for and to vote for Dr. Gutierrez's appointment at this meeting) gave any indication that the ensuing Council deliberations or action might encompass the appointment of a particular individual to the District 4 seat. And the agenda, as discussed above, likewise failed to refer to any specific candidates or even to disclose that the Council might proceed to make an appointment that night without first at least inviting applicants to express their interest in being considered to fill the vacancy created by Mr. Co's resignation.

It was only after the public comment session on this agenda item had been closed that Councilmember Baca made her motion to appoint Dr. Gutierrez to fill the vacancy, the first inkling that any member of the public could possibly have had that the Council was considering taking such an action. And rather than re-opening the public comment session at that point so that the citizens of Moreno Valley could express their views, opinions, and questions regarding this sudden turn of events, Mayor Owings instead immediately "called for the question" on Ms. Baca's motion, squelching any opportunity for public discussion and only grudgingly allowing *even Councilmember Stewart* to speak on the matter. Thus, none of the citizens who attended the Council meeting had any occasion to address Dr. Gutierrez's qualifications for office *before or during* the Council's consideration of his appointment, because at the time they were permitted to speak, they could not have had any knowledge of his existence as a candidate for appointment to the District 4 Council seat.

Government Code section 54954.3 requires "an opportunity for public comment on *each specific agenda item* as it is taken up by the body." (*Galbiso v. Orosi Public Utility Dist.* (2008) 167 Cal.App.4th 1063, 1079 [emphasis added].) As discussed above, the procedural issue of whether to proceed by appointment or special election is distinct from the question of whom should actually be appointed to fill the vacant District 4 seat. An opportunity for public comment was required to be provided *after* the identity of Dr. Gutierrez as a candidate for appointment was revealed by the Council. Only by providing such an opportunity could the citizens of Moreno Valley exercise their right under section 54954.3 "to directly address the legislative body on any

item of interest to the public, *before or during the legislative body's consideration of the item*," and only after providing such an opportunity for public comment could the Council legally vote on Ms. Baca's motion to appoint Dr. Gutierrez to fill the District 4 seat on the Council.

Violation of Government Code Section 34882

The City Council's action in appointing Dr. Gutierrez to fill the unexpired term of Mr. Co for the District 4 seat on the Council must be rescinded for an independent substantive reason: Dr. Gutierrez does not reside within the boundaries of District 4 as the District was constituted when Mr. Co was elected and as it exists for purposes of filling the vacancy in his unexpired term of office. Consequently, Dr. Gutierrez was not eligible to be appointed to fill the vacancy in that office and he continues to be ineligible to serve as a member of the City Council representing District 4 pursuant to Government Code section 34882.

As you are undoubtedly aware, the dispute regarding Dr. Gutierrez's eligibility to hold office stems from the circumstance that in 2011, subsequent to Mr. Co's election in 2010 for a four-year term of office representing District 4, the city council boundary lines were redrawn. Dr. Gutierrez resides in and is registered to vote at an address that was *not* within District 4 at the time Mr. Co was elected to office (the "old" boundary lines), but which *is* within District 4 under the redistricted boundaries (the "new" boundary lines). The critical issue is whether, for the purpose of filling a vacancy in the unexpired term to which Mr. Co was elected, the "old" or the "new" boundary lines apply in determining who resides in District 4.

Not surprisingly, this is not the first time that this issue has arisen in California. Indeed, the issue arises with some regularity following every decennial redistricting for Congressional and state legislative offices, when inevitably — as a result of the resignation, death, or recall of the incumbent officer — an election must be held to fill the vacancy in an office whose boundary lines were redistricted subsequent to the previous incumbent's election but prior to the expiration of the office's term. Earlier this year, for example, special elections were held to fill vacancies created by the resignations of the incumbent officeholders in State Senate Districts 26 and 32, for terms that began in December 2010 and were not due to expire until December 2014, but whose boundary lines had been changed as a result of the 2011 statewide redistricting statute.

The established law in California is that under these circumstances, *the **old** district boundary lines* are to be used to fill the vacancy in the unexpired term of office, and thus *only those individuals who reside in the district as it was constituted at the time of the former incumbent's election are eligible to vote in an election to fill the vacancy or to be appointed to hold the office for the remainder of the unexpired term.* The leading case is the California Supreme Court's decision in *Sloan v. Donoghue* (1942) 20 Cal.2d 607. In that case, Lee Geyer had been elected to Congress to represent the 17th Congressional District in November 1940. Geyer died in October 1941, creating a vacancy in the office for the remainder of his unexpired term, through December 1942. Between Geyer's election and death, however, the Legislature

redistricted the boundaries of the 17th Congressional District. The Governor called for a special election to fill the vacancy using the boundary lines of the 17th Congressional District *as it existed when Geyer was elected* in 1940. The Supreme Court unanimously held that this was the proper district to use for the special election.

The question considered by the Court in *Sloan v. Donoghue* is identical to that presented by the current circumstances in Moreno Valley: "The issue presented by this proceeding is whether the election was properly proclaimed to be held in the 17th Congressional District as it existed when Geyer was elected [o]r, conversely, should the election have been proclaimed to be held in the enlarged district as it existed when the governor issued his proclamation." (20 Cal.2d at p. 609.) The Court's unequivocal answer is equally applicable here: "We are satisfied that under the circumstances of this case the proclamation of the governor properly called for the election to be held in the old district." (*Ibid.*)

The Court in *Sloan* noted that "it is not the first time the problem has arisen in this state," that "similar problems have arisen with the adoption of each Apportionment Act by the Legislature," and that the Attorney General's office "uniformly has advised that the special election should be held in the old district," citing five such prior opinions so holding. (*Id.*, p. 611.) The Supreme Court also observed that its ruling was consistent with established law elsewhere, citing both *McCrary on Elections* ["The true rule, therefore, must be that a district once created, and having elected a Representative in Congress, should be allowed to continue *intact* for the purpose of filling any vacancy which may occur, until the end of the Congress in which it is represented."] and *Corpus Juris* ["If after a congressional election the state is redistricted and a vacancy then occurs, such vacancy should be filled by the suffrage of the electors of the old district and not by that of the electors of the new district."]. (20 Cal.2d at pp. 609-610.)[4]

The Supreme Court applied the same ruling to vacancies that occur in state legislative offices in *Legislature v. Reinecke* (1973) 10 Cal.3d 396. In that case, the Court considered whether elections for State Senate had to be held in all Senate districts after a decennial census and delayed reapportionment, or only in the 20 new even-numbered districts that were normally scheduled for that year. Citing *Sloan v. Donoghue* (among other cases), the Court held that "those senators elected from odd-numbered districts in 1972 are entitled to serve four-year terms

---

[4]Significantly, the Court held that the old district boundaries should be used for the purpose of filling the vacancy in office even while acknowledging that those boundaries had expressly been repealed and replaced by new boundary lines under the intervening 2011 Apportionment Act. (*Id.*, p. 608.) The Court nevertheless ruled that "the only practical and sound conclusion is that regardless of the repeal of the act creating and delineating the old district, the special election to fill the vacancy now existing should be held in the old district." (*Id.*, p. 612 [citation omitted].)

or until after the 1976 general election, and *if vacancies occur in their offices they will be filled by elections in the districts in effect in 1972.*" (10 Cal.3d at p. 404 [emphasis added].) The Court in *Reinecke* fully recognized that "to give continuing effect to the old odd-numbered districts for the purpose of allowing the incumbents therein to serve their full terms and for the purpose of filling any vacancies in such districts" would result in some voters having to wait six years between senatorial elections and "be[ing] represented by no senator in whose election they could participate for two years following reapportionment" (*id.*, p. 405) — the same circumstance that Dr. Gutierrez apparently finds himself in with respect to Moreno Valley City Council elections following the 2011 redistricting. But the Supreme Court found that this result was merely "the inevitable byproduct of reapportioning a legislative body whose members are elected for staggered four-year terms." (*Ibid.*)

In conformance with the Supreme Court's decisions in *Sloan v. Donoghue* and *Legislature v. Reinecke*, the California Secretary of State — the state's chief elections official — issued a directive to all county clerks and registrars of voters on August 15, 2011, instructing them that although the newly drawn boundaries adopted by the Citizens Redistricting Commission in August 2011 are effective and should be used beginning with the June 2012 Presidential Primary election, "it is critical that you preserve the current maps and other data necessary to hold an election using the current district lines" because for "any recall election involving a member of the Legislature or Board of Equalization, *or a special vacancy election to fill a legislative vacancy*, the existing (in this case, the 2001) — not the proposed — district lines would be used for that election." (Memorandum from Jana M. Lean, Chief, Elections Division, California Secretary of State's Office to All County Clerks/Registrars of Voters, dated Aug. 15, 2011 [emphasis in original] [citations omitted].)[5]

In sum, *it is beyond dispute* that California law requires that elections to fill vacancies in unexpired terms be held in the "old" electoral districts, not the new districts that would be applicable in the next general election following redistricting. (See, e.g., *Gaona v. Anderson* (9th Cir. 1993) 989 F.2d 299, 301 [Secretary of State's and county registrars' decision to hold special election to fill vacancy using the boundaries of the "old" state senate district instead of the newly configured district following reapportionment "was based on established California law"].) Indeed, just as the special elections held earlier this year to fill the vacancies in State Senate Districts 26 and 32 were conducted using the old, pre-2011-redistricting boundaries for those districts, if the Riverside County Registrar of Voters were to conduct a special election to fill the vacancy in the District 4 Council seat for Mr. Co's unexpired term, the Registrar would be compelled under California law to use the city council district boundaries for District 4 as they existed when Mr. Co was elected, prior to the 2011 redrawing of those district lines. And because Dr. Gutierrez would not be eligible to *vote* in that election, he is likewise ineligible to be *appointed* to fill the vacancy for that office under Government Code section 34882.

---

[5]A copy of the Secretary of State's August 15, 2011, directive is attached hereto.

For the reasons set forth above, the City Council's action in appointing Dr. Gutierrez to fill the unexpired term of office for the District 4 Council seat resulting from Mr. Co's resignation was manifestly illegal. We thereby demand that the Council immediately rescind its unlawful action and instead call for a special election to be held as soon as legally possible to fill the vacancy in the office of City Councilmember for Council District 4.

Sincerely,

Fredric D. Woocher

County Clerk/Registrar of Voters (CC/ROV) Memorandum # 11062

TO: All County Clerks/Registrars of Voters

FROM: Jana M. Lean
Jana M. Lean
Chief, Elections Division

RE: Redistricting Maps: 2011 Congressional, Legislative, and BOE Districts

Today, August 15, 2011, the Citizens Redistricting Commission (CRC) certified the final maps for the Congressional, Legislative, and Board of Equalization districts to the Secretary of State.

We will be placing the certified final maps in equivalency and shape file formats (CDF, DBF, and SHP) in your county's CalVoter in-box. For your convenience, we have also provided a statewide jurisdiction table outlining the districts within each county.

Please promptly begin preparing your precincts with the new lines for the upcoming June 5, 2012, Presidential Primary Election. However, it is critical that you preserve the current maps and other data necessary to hold an election using the current district lines, should those lines be required for use in the event of a special election, a recall election, a court order, or should a referendum challenging one or more of the CRC maps qualify for the ballot.

Pursuant to previous court decisions, any recall election involving a member of the Legislature or Board of Equalization, or a special vacancy election to fill a legislative vacancy, the existing (in this case, the 2001) – not the proposed – district lines would be used for that election. (*See Gaona v. Anderson (9th Cir. 1993) 989 F.2d 299; and Sloan v. Donoghue (1942) 20 Cal.2d 607.*)

Under California Constitution article XXI, section (3)(b), a registered voter is permitted to file a challenge in the California Supreme Court to the CRC maps within 45 days after they have been certified by the CRC. The 45-day period ends on September 29, 2011.

Each certified map is also subject to referendum. Pursuant to California Constitution article XXI, section 2(i), any voter may file a referendum petition on any map or portion

of a map within 90 days of the final certification of the maps. The 90-day period to request a title and summary from the California Attorney General and collect the requisite signatures for filing with county elections officials ends on November 13, 2011.

If you have any questions regarding the CalVoter transmission of the final certified maps, please contact the CalVoter Help Desk at [redacted]. For other non-CalVoter related questions, please contact Diane Hinkle at [redacted]

Subject: Assault with a deadly weapon

Good morning,

Shortly after 12:00 AM today, officers responded to the 24000 block of Webster Avenue reference multiple gunshots fired at a residence. On arrival, officers detained a subject standing in the street armed with a handgun.

Initial investigation indicates a suspect who lives in Perris drove to the residence and fired multiple gunshots at the residence on Webster. The victim armed himself and returned fire at the suspect's vehicle.

Officers contacted Perris PD who ultimately found the suspect vehicle at a residence. The suspect attempted to flee, but realized he was surrounded. After a brief standoff, the suspect was detained.

MVPD investigators are now in the process of determining what actually happened and who was involved. Search warrants are being prepared for several locations and vehicles.

At this time, it appears nobody was injured by the gunfire. I will update you later.

Good Evening Mr. Lucas:

Thank you very much for acknowledging staff's efforts to resolve the issues on Jennings. I am pleased that we were able to address the problem and find a solution.

I'll forward your email to the City Council members, City Manager, and Public Works staff.

Again, thank you.

Subject: Street Maintenance

Cindy Miller,

I want to take this opportunity to thank Mayor Stewart, the Street Maintenance Department, and you in resolving my street issue in a timely manner. Over the course of five years, dirt and debris had accumulated at the end of my street, and Street Maintenance couldn't clean it up because my street was never "Accepted" by the City. After speaking with the Public Works Director Ahmad Ansari, and Mayor Stewart I was able to get the ball rolling and your office became

involved in finding a solution. In fact Mayor Stewart called me directly and insured me that he cares about my concerns and would look into the matter. I want to personally thank the Mayor for taking time to speak with me. I'm sure he's a busy man and for him to take time to speak with me, surely impressed me. I also want to thank you for keeping me informed during this process, and as of recent my street has been cleaned and now properly represents the homes that are on the street. My neighbors are also ecstatic from the city's immediate response.

Sincerely:

Melvin Lucas

Subject: Delores Hernandez

Mayor and Council Members,

Ms. Hernandez stated Louise Palomarez is offensive at Council meetings, and last week she told people to go to hell, but Mayor Owings didn't stop her. She stated Ms. Palomarez was talking about getting flipped off by people at the recall booth at WalMart on Nason, and Ms. Palomarez held up her middle finger in front of the camera. She stated Ms. Palomarez has no education, is ignorant and insulting to watch at Council meetings. She stated Mayor Owings allowed her to speak last on purpose at last evening's meeting so no one could respond to her remarks. She stated it's ridiculous and wrong. Ms. Hernandez stated if Mayor Owings is going to insult and berate Council Member Stewart, he needs to let Council Member Stewart defend himself. She stated Mayor Owings demanded a female speaker apologize for calling Moreno Valley Moron Valley, yet he doesn't apologize for his own nastiness. She stated Chris Baca feels he can throw his weight around because his sister is a Council Member. Ms. Hernandez stated she is Mexican, and she is embarrassed and insulted by Louise Palomarez. She stated there needs to be order, respect and dignity at the Council meetings. Ms. Hernandez declined to give her phone number as she stated she doesn't want Mayor Owings to call her and bully her.

Cindy,

Yes, we are participating, the Animal Shelter will donate an adoptable pet to the Boy Scouts for their live auction and we will also bring over several other pets available for adoption.

The pets we bring over will be made available for adoption at the discounted adoption fee of $50.00 (an all-inclusive fee meaning the pet will be altered, vaccinated and micro chipped).

Subject: Prostitution Operation - Sunnymead Blvd.

Good afternoon,

The MVPD POP Team, supported by the other units in the Special Teams Division, conducted a prostitution operation on 10-10-13 between the hours of 12:00 noon and 10:00 PM. Using hotel rooms donated by the Comfort Inn (23330 Sunnymead Blvd) undercover officers arrested 19 men who solicited an undercover female officer for prostitution. Two women were also arrested when they solicited an undercover male officer. Of the 21 people arrested, four attempted to barter using marijuana instead of cash as payment. They each were charged with possession with intent to furnish marijuana, a felony. A total of 5 ounces of high quality marijuana was seized. Suspects arrested reside in communities throughout Southern California, including Menifee, Perris, Riverside, Moreno Valley, Eastvale, Lake Elsinore, Tustin, Ontario, Burbank, Victorville, and Alta Loma.

The four suspects arrested for furnishing marijuana were booked into RPDC. The remaining suspects were released with a citation for solicitation of prostitution.

Subject: Protest at Burger King

Good evening,

Tonight about 8:00 PM, officers responded to the Burger King restaurant on Hemlock X Pigeon Pass, the site of the in-custody death that occurred last night. Burger King employees called for assistance when about 40 protesters/mourners gathered at the location and blocked the drive-through and pedestrian access to the facility.

Officers spoke to the apparent organizer of the event and explained the violations that were occurring. The mourners understood and decided to leave the area and carry on their vigil at a nearby apartment complex where many of them apparently reside. Officers will monitor the area for the remainder of the evening.

No arrests, no injuries, no incidents to report at this time related to this call for service

Hi Juliene,

I just learned that the Godoy brothers began the formal complaint process on September 04, 2013 by completing a Citizen's Complaint form and submitting it to the Sheriff's Department. Sgt. Fellows is the designated investigator and will make contact with one or both of them today to introduce himself. I just spoke with Jose Godoy and explained that he would be contacted by a Sergeant to discuss his complaint. At this point, the matter is in the able hands of Sgt. Fellows. In the near future, he will schedule interviews with each of the Godoy's to obtain their statements about the incident they are complaining about. The investigation will be conducted per Sheriff's Department policy and the Godoy's will receive a letter in the mail informing them of the final outcome of the investigation. This information may be helpful to CM Gutierrez if he plans to meet with the Godoy's.

Thanks,

Joel

CM Gutierrez,

On the surface, this appears to be a complaint against one or more police officers. If that is the case, it would be inappropriate to discuss the matter in any detail outside of our normal inquiry/complaint process. This is based on both Department policy and the California Peace Officer's Bill of Rights.

I have not had any contact from the Godoy's, but if they wish to meet privately with a Police Department representative to discuss their concerns, I am happy to arrange that. If a discussion is not sufficient to address their concerns, we will immediately provide them with a Citizen's Complaint form and initiate an investigation once the form is completed and returned.

In any event, I will need additional information before meeting with the Godoy's so I can research the issue and have enough information to have a meaningful discussion with them. Lastly, Tuesday afternoon's from 2:00 PM to 5:00 PM are almost never clear on my schedule due to a regularly scheduled staff meeting. Please let me know how you wish to proceed.

Thanks,

Joel

Subject: Media Inquiry: 10/22 Agenda Report

Honorable Mayor and Council Members,

PE Reporter Suzanne Hurt contacted our Office just before 5 p.m. this afternoon regarding Item A-10 on the Council's 10-22 meeting agenda. While the item is a routine update to the City's Records Retention Policy (agendized by the City Clerk), Ms. Hurt's line of questioning implied that the City was intentionally destroying records in an attempt to conceal them or preclude release.

Specifically, Ms. Hurt referred by name to the attorney representing several laid-off employees (Paul Early, Anne Schneider and Albert Brady) and asked if records were being destroyed in association with pending litigation…so they would not be available. I responded clearly and directly that this had nothing to do with litigation and would not affect records associated with matters of litigation. I also stated that such an allegation is "preposterous."

Although this is the first time I've seen a newspaper reporter inquire about a routine update to an organization's Records Retention schedule, we wanted to make you aware of the pointed line of questions being directed toward this item. Ms. Hurt indicated that she will contact Jane on Monday to discuss in greater detail.

Respectfully,

Tom

Subject: Cassie McDuff/Press Enterprise

Mayor Owings, Mayor Pro Tem Molina & Council:

I spoke to Cassie McDuff this afternoon and covered the items below. I made it clear that Council meeting videos would not be destroyed, "videos are too valuable to our public as well as staff." I also discussed the Code Compliance Case retention, reiterating that if there is an investigation or involved in litigation it would be placed on hold. Records destruction was also discussed and I informed her how the process works. Employees do not shred documents without authorization.

Topics covered:

- Retention on: emails, code violations, videos, (videos will not be destroyed), audios (gave her an example of recordings for Closed Session before and after meeting)
- Code Compliance Case Files retention – 5 year retention, but if there is an investigation or involved in litigation it would be placed on hold
    - Who advises? City Attorney
- Emails may be destroyed right away if they are transitory; emails with informational content are printed for future reference
- Investigations – only FBI
- Active Records Requests – City Clerk's Department estimated 11 active at this time
- Revisions of Retention Schedule
    - She asked why now, I informed her this was in the works for over 1 year
- Process on shredding documents, process and approval from Dept. Head, CA, & Clerk
    - Sometimes departments will shred their own documents, other times more cost effective for off-site storage to perform this function
- Will send her copy of Email policy
- Attorney General Opinion Consultant references
- Media Options Legend (these are on the retention schedule under Media Options)

Let me know if you have any questions.

Thank you.

Subject: Residential marijuana cultivation

Good evening,

Today about 12:30 PM, officers responded to a residence in the 28000 block of Alessandro Blvd reference a strong odor of marijuana. Officers found three subjects who claimed to be growing marijuana for personal medicinal use. Officers obtained consent to search and found a significant marijuana cultivation, packaging, and sales operation in the residence and back yard.

Patrol officers called in SET officers to assist. Ultimately, officers seized 56 large live marijuana plants and an estimated 2,000 pounds of marijuana processed and ready for sale.

2,000 pounds of marijuana equates to more than 1.8 million individual dosage units capable of producing more than 3.6 million hours of intoxication. If you are doing the math, that equates to more than 414 continuous years of intoxication.

Put simply, if each of the 3 suspects smoked a joint every two hours of every day, they would have enough marijuana for 138 years of continuous intoxication. Of course, marijuana loses all of its intoxicating chemical within 2 years, no matter how you store it. Clearly, the marijuana was possessed for the purpose of illicit sales in and/or outside our community.

The suspects, Kevin Syhavong (24), Bobby Bouriboun (29), and Somsamai Kanyavmohn (26) were all booked into RPDC for cultivation and sales of marijuana.

Hi Cindy,

There has been one cancelation for the upcoming Traffic Commissioners Workshop and I wanted to extend the opportunity to City Council. The workshop is on 10/26/13 (Saturday) from 8:00 am – 4:00 pm in Buena Park. Please see the attachments for additional information. If one of the council members would like to attend, please, if possible let me know by 4:00 pm today.

Thank you,
LaSonja

Subject: 2013 Traffic Commissioners Workshop Registration

Hi CTE Members,

I am excited to announce CTE's upcoming **Traffic Commissioners Workshop**. The purpose of the Workshop is to provide participants with information relevant to traffic issues in their communities. One or two professionals with traffic engineering, public service, or enforcement experience will present each session. It will be interactive, fast-paced, and loaded with practical knowledge.

The workshop is scheduled for **Saturday, October 26th** from **8:00 am to 3:30 pm**. The City of Buena Park has graciously offered to host the workshop in Heritage Hall at the Ehlers Community Recreation Center (8150 Knott Avenue, Buena Park, CA 90620).

The registration fee for the workshop is $80 which includes a continental breakfast, lunch, refreshments, and a reference binder ($40 for students). The deadline to register is October 17th.

A registration form and instructions for payment are attached to this e-mail. Should you have any questions about the workshop, you can reply to Scott (sma@hartzog-crabill.com) or me (edunlap@dpw.lacounty.gov).

Please pass on my e-mail including attachments to anyone you feel might be interested in the workshop.

Subject: FW: Town Hall meeting

Mayor, Mayor Pro Tem, and Members of the City Council: Please see the following information from Chief Ontiveros regarding a Town Hall meeting he and Chief Knutson will be participating in on Monday evening. Joel indicated that the scheduling of this comes as an outcome of a meeting that Sheriffs Administration had requested with the parties mentioned below. He also indicated that the subject of the community meeting will be Sheriffs' policies and practices and not specific to any particular incident; the goal is to focus on police-community relations. Joel said that the Council is welcome to attend and, if this format works well, they will do more of these in the community (perhaps we can schedule one in each Council District, for example). I plan to attend on Monday.

(Note that Joel said the P-E posted something re: this event online and got it wrong by calling it a press conference; that has since been corrected.)

Subject: Town Hall meeting

Good morning Michelle,

During our meeting with Dr. Fleming and Woodie Rucker-Hughes, the idea of conducting a town hall meeting was discussed. The concept is to give concerned community members the opportunity to pose questions about Sheriff's Department policies, responses to calls for service, etc… in the wake of the recent in-custody death on Hemlock. Chief Knudson and I readily agreed to participate in such a town hall meeting if Dr. Fleming would be willing to set one or more up. Dr. Fleming is directly involved with the Johnson family and agreed to serve as a go-between for us.

In light of the press release by the family's attorney yesterday and the pending litigation, the idea of a town hall meeting was in question. After discussions with our legal advisors, we decided to go forward with the planned meeting if Dr. Fleming could arrange it. Dr. Fleming called this morning and advised the meeting is set for Monday October 28, 2013 at 6:00 PM. It will be held at Cross Word Christian Church with the assistance of Bishop Lacy Sykes.

Woodie Rucker-Hughes, president of the Riverside chapter of the NAACP, Dr. Fleming, and Pastor Ted Collins of the Cops and Clergy Network will also be present for the meeting. Woodie is adamant that this meeting will not devolve into chaos. The current plan is to have a professor from UCR moderate the meeting. Dr. Fleming could not provide her full name, but indicated her first name is Carol and she is affiliated with UC Riverside.

Attendees will be given 3 x 5 cards on which they will write questions that will be posed to us. Dr. Fleming indicated that the questions will likely center around department policies, how we respond to calls for service, and DUI driving. Chief Knudson and I will respond to all the questions we can answer, but we will not be providing any information directly related to the in-custody death beyond what has already been released to the news media.

As I mentioned on Monday, Chief Knudson and I also offered to meet with the Johnson family if they were interested in speaking to us privately. As of this morning, Dr. Fleming indicated the family does not appear to be interested in such a meeting, but she will check again. I will keep you updated on the progress of that proposed meeting as well.

See you at E-Team!

Joel

Subject: Gang related shooting

Good evening,

Officers are working on a gang-related shooting in the 28000 block of Calle Agua. Information is very preliminary at this time and subject to change. I will send an update in the morning when more details are available.

At this time, we have one 20 year-old male victim suffering from serious but non-life threatening gunshot wounds. Two teenage girls were in the line of fire, but thankfully were not injured. The victims were inside the open garage of a single family residence when a car stopped in the street in front of the house. Suspects inside the vehicle fired several shots into the open garage, striking the victim.

The victim is being treated at a local hospital and is expected to survive. Gang officers are processing the scene and will coordinate with the MVPD Investigations Bureau as the investigation progresses.

Well, this does explain why Tom Owings is so intent on keeping Richard Stewart out of the loop. Seems fishy to me. Isn't this how Law Enforcement works? Take somebody you have something on and get them to turn on the others in exchange for immunity. I don't know, but I'm just saying.....

Meli Van Natta · Top Commenter · Owner/Broker at Rancho Belago Realty
I have been taking a "wait and see" position regarding the actions of this Council, urging restraint until the investigations were completed, but this action really strains my resolve. To deny one Council Member's right to participate in the process is unconscionable, and will do more to further the recall effort than anything the petitioners could have done themselves.

October 7
Having written on this subject before, I remain convinced that there MUST have been some prior discussion or agreement on the appointment of Mr. Gutierrez. It would strain credibility for it to have happened any other way. Mayor Owings is not the type of person to blindly agree with Mrs. Baca's choice of a candidate absent any prior knowledge. However, it is very likely that, knowing the rules of the Brown Act, those were the only two people who discussed the appointment of Mr. Gutierrez in advance of the meeting, feeling that it was not likely that Mr. Molina would vote against them. As I have said before, the APPEARANCE of impropriety is to be avoided when one's integrity is already being questioned.

Meli Van Natta @askmeli 10 Oct

@**SuzanneHurt** I hope Jesse Molina starts using his own mind instead of going along with Owings and Baca on everything.

https://twitter.com/askmeli

Meli Van Natta But if only Baca and Owings are recalled? Molina and Gutierrez were both supported by Baca, would they choose another of her friends? And two against one, would they outvote Stewart? Or would they, out of an abundance of caution, choose someone less controversial? Tune in next week for the next installment of "As the Council Churns."

Subject: P-E coverage of Amazon site selection for Moreno Valley

Good afternoon Nels:

We're increasingly frustrated with the mixed signals we seem to be receiving from the P-E. I hope that sharing a very recent example will illustrate what we're experiencing and solicit your assistance in reconciling what appear to be contradictory editorial perspectives.

When you, Deb Gruszecki and I spoke briefly on Tuesday morning at the Beacon Economics forum, I indicated that we hoped to announce some wonderfully positive news very soon. I was delighted by your reply, indicating that "we want to print good news about Moreno Valley." Within the hour, I forwarded to Deb the announcement about Amazon selecting Moreno Valley as the site for just its 4th fulfillment center in California. The announcement was replete with positive news for Moreno Valley and its residents, in particular the creation of **1,000** jobs.

Imagine my surprise and disappointment when Ms. Hurt's article on Amazon's decision included an oft-repeated account of the FBI's April 30th "raid" on the homes of Council Members and developers.

I'm confident that you'll agree that Amazon's announcement is perhaps the best news that our community has had in months, if not years. The prospect of 1,000 NEW jobs is huge, particularly for a community that has suffered unemployment as high as 15%. Yet, your reporter inserted canned copy regarding the FBI raid into a story which had absolutely no connection to the ongoing investigation. None, whatsoever.

Does your reporter's treatment of Moreno Valley news reflect your editorial philosophy? We're incredibly disappointed as it appears to directly contradict your comments to me

on Tuesday. Furthermore, I specifically forwarded that announcement to Ms. Gruszecki because 1) it is a business news item and 2) our relations with Deb were cordial and fair in the limited time she covered Moreno Valley. I can't say that we have a consistently cooperative relationship with the current reporter and her article on Amazon is a perfect example. City staff tries to be responsive to your reporter (keeping in mind that we are operating a City and we have our own deadlines); her irresponsible "reporting" makes me even less inclined to direct City staff to take any steps to assist her beyond what is required by law.

I would very much appreciate your insight.
