## comprehensive annual **FINANCIAL** REPORT

FISCAL YEAR ENDED JUNE 30, 2020

December 10, 2020

To the Honorable Mayor, Members of the City Council and Citizens of the City of Moreno Valley:

On behalf of the City Manager, Management Team and City Staff, it is my pleasure to submit the Comprehensive Annual Financial Report (CAFR) of the City of Moreno Valley (the City) for the fiscal year ended June 30, 2020.

This report consists of management's representations concerning the finances of the City. Consequently, management assumes full responsibility for the completeness and reliability of all the information presented in this report. To provide a reasonable basis for making these representations, management has established a comprehensive internal control framework that is designed to both protect the City's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the City's financial statements in accordance with generally accepted accounting principles (GAAP). Because the cost of internal controls should not outweigh their benefits, internal controls have been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

The City's financial statements have been audited by Rogers, Anderson, Malody & Scott, LLP, a firm of certified public accountants. The independent auditor concluded, based on their audit, that there was a reasonable basis for rendering an unmodified opinion on the City's financial statements for the fiscal year ended June 30, 2020. An unmodified opinion reflects the auditor's judgment that the City's financial records and statements are fairly and appropriately presented, and are in accordance with GAAP. The independent auditor's report is presented as the first component of the Financial Section of this report.

The independent audit of the financial statements of the City was part of a broader, federally mandated "Single Audit" designed to meet the special needs of federal grantor agencies. The standards governing the Single Audit engagements require the independent auditor to report not only on the fair presentation of the financial statements, but also on internal controls and compliance with legal requirements, with emphasis on those involving the administration of federal awards. These reports are available in the City's separately issued Single Audit Report.

Management has provided an overall analysis of the financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The City's MD&A can be found immediately following the report of the independent auditors.

## **Key Financial Report Sections**

The **Introductory Section** includes information about the organizational structure of the City, the City's economy, major initiatives, status of City services, and cash management.

The **Financial Section** includes the MD&A, Basic Financial Statements, Notes to the Basic Financial Statements, and Required Supplementary Information. The Basic Financial Statements include the government-wide financials and other statements that report on all City financial operations, and also include fund financial statements that present information for all City funds. The independent auditor's report on the Basic Financial Statements is also included.

The **Statistical Section** includes up to ten years of historical financial data and miscellaneous social and economic information that conforms to GASB standards for reporting statistical information. This section may be of special interest to citizens and prospective municipal bond investors.

## **Profile of the City of Moreno Valley**

The City of Moreno Valley was incorporated on December 3, 1984. It is centrally located in Southern California, 66 miles east of Los Angeles and 100 miles north of San Diego. The City encompasses approximately 50 square miles of land area in western Riverside County and with a population estimate of 208,838 continues to be the second largest city in Riverside County.

During the 2019/20 fiscal year, the City operated under the council-manager form of government with a directly elected mayor and a four-member elected City Council. There are volunteer Commissions and Boards, as well as several Citizen Advisory Committees to help guide the Council in its decisions. The City Council is responsible for, among other things, passing ordinances, adopting the budget, appointing committees, and hiring the City Manager, City Attorney and City Clerk. The City Manager is responsible for carrying out the policies and ordinances of the Council, for overseeing the day-to-day operations of the City, and for appointing the heads of the various departments.

The City provides a wide range of services, which include general government, public safety (police and fire), animal control services, disaster preparedness, construction and maintenance of infrastructure, economic development, library, an electric utility which primarily serves the newly developed areas of the City, parks, and a wide range of community recreation and youth programs. In addition to general City activities, the Council is financially accountable for the Moreno Valley Community Services District, the Moreno Valley Public Financing Authority, the Moreno Valley Public Facilities Financing Corporation, the Housing Authority, the Successor Agency and several Community Facilities Districts. These entities are included as an integral part of the City's financial statements. Additional information on these legally separate entities can be found in Note 1a of the Notes to Financial Statements.

The annual budget serves as the foundation for the City's financial planning and control. The City Manager presents the proposed two-year budget to the City Council for review in April/May of the first budget year. The Council holds a series of public meetings on the proposed budget and adopts a final budget no later than June 30<sup>th</sup>. The City's fiscal year is July 1<sup>st</sup> through June 30<sup>th</sup>. The City Council is updated on the City's financial condition through the process of quarterly budget reviews, which contain amendments as needed to update revenues and expenditures. The appropriated budget is prepared by fund, department and program, and is controlled at the fund level by the City Council. The City Manager can approve transfers between programs and departments, provided that such transfers do not increase the overall budget. Appropriations that increase the fund budget require City Council approval. Budget-to-actual comparisons are provided in this report for each individual governmental fund for which an appropriated annual budget has been adopted. The budget-to-actual comparisons for the general fund and the major governmental funds can be found in the Financial Section of this report. The budget-to-actual comparisons for the non-major governmental funds can be found in the Supplemental Schedules of this report.

## **Moreno Valley's economy and long-term outlook**

The information presented in the financial statements is perhaps best understood when it is considered from the broader perspective of the specific environment within which the City of Moreno Valley operates.

The City continues to be a leader in business development with 4,500 businesses strong, including many Fortune 500 and international companies such as Amazon, Proctor & Gamble, Skechers USA, Karma Automotive and many more. In addition, the City has an array of undeveloped land, development opportunities, entitled development projects, and available lease space at economically feasible prices to continue its growth into the future.

Moreno Valley has experienced yet another year of pronounced economic activity. The City continues to experience increased development activity in new retail, commercial and industrial construction and development. The employment environment in the City of Moreno Valley has expanded dramatically in recent years and over 20,000 jobs have been created in the last six years.

Following employment growth within the City, average household income has increased to \$ 86,641 in 2020 or nearly a 38% growth rate since 2015.

The City continues to look forward to ongoing growth with 2 million of square feet of industrial space under construction in 2020. This is in addition to the previously approved World Logistics Center, which would be the largest industrial park in California with 40.6 million square feet of development over 2,600 acres of land and projected to produce an estimated 20,000 new jobs.

The ongoing growth and development has had other positive impacts to the community with the residential market showing strong growth over the last year with a 5.6% annual increase in average home value to over \$356,000. This has also driven the demand for additional housing and the City now has more than 4,100 single family units approved, entitled or under construction along with more than 2,300 multifamily units approved, entitled or under construction.

In March 2020, the County of Riverside issued a "Safer at Home" order to address the growing spread of the Coronavirus Disease 2019 (COVID-19) virus. This order applied to everyone in non-essential job classifications. It was anticipated that as a result of this order many of the local revenue streams would be negatively impacted. As a proactive measure the City staff prepared a series of cost cutting measures to be prepared for the impact of potential declines in local taxes such as sales tax and transient occupancy tax and the overall effect that the pandemic could have on the local economy. These cost-reducing measures included postponing or cancelling some costs related to non-essential tasks in addition to reduction in personnel costs through the implementation of a furlough program. The overall impact of the pandemic during FY 2019-20 has been minimal but as many business reductions and closures may have occurred following the end of the fiscal year and as the pandemic stretches into the next fiscal year the overall impact on the economy at the local, state and national level has yet to be determined.

**Long-term financial planning:** In May 2019, the City Council approved a two year Operating Budget for fiscal years 2019/2020 and 2020/2021 that was not only balanced without the use of General Fund reserves, it also restored services and increased customer service standards for our development community, customers, and citizens. Through quarterly budget review meetings and continued development of Long Range Business Projections the City continues to be responsive to any financial changes and remains focused on the long term impacts of any financial decisions. In June 2019, the City Council approved a two-year Capital Improvement Plan (CIP) which includes all capital projects and identifies the timing of each project as well as the funding source. These actions provide the City Council with expected results of operations based on their budget and other policy decisions within the scope of projected revenues and expenditures.

The City of Moreno Valley continues to prepare for the future, enhancing a comprehensive financial reserve policy to direct the City's reserves for specific purposes. This policy will help maintain the City's financial stability, protect against future economic downturns which bring unpredictable shortfalls in tax revenue,

better prepare the City, its residents and its businesses for a catastrophic natural disaster. Moreno Valley's financial reserves policy formalizes the City's long-standing best practice of maintaining reserves, and splits the reserve funds into three categories: Cash Flow, Rainy Day, and Emergency reserves. Maintaining a Cash Flow reserve in unassigned fund balance with a minimum of 17% of the City's general fund expenses will allow the City to provide day-to-day services through normal revenue cycles. Assigning a minimum of 10% of the City's general fund to a Rainy Day (Economic uncertainty) reserve will ensure that the City has the flexibility to continue to deliver quality services during future economic downturns. A minimum of 12% of the City's general fund will be committed to an Emergency (Operating) reserve which can be used in response to a catastrophic earthquake, flood, fire or other disaster. The fund will also provide a financial buffer in the event that the City is forced to wait for receipt of federal disaster relief funds.

While Moreno Valley's fiscal position currently remains stable, the City is keeping a watchful eye on areas of concern such as the impacts from the COVID-19 pandemic, potential for slower economic growth and increased costs for public safety services provided by Riverside County. As the City continues to add residents, infrastructure and service needs will also grow as new facilities and roadways are constructed to meet community needs. Through financial management, the City will continue to focus on financial stability and community quality of life, despite state and federal policies that potentially affect the funding Moreno Valley and other California cities receive.

### **Awards and Acknowledgements**

The Government Finance Officers Association (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Moreno Valley for its Comprehensive Annual Financial Report (CAFR) for the year ended June 30, 2019. This was the twenty second consecutive year that the City has received this prestigious award. The City received the award for publishing an easily readable and efficiently organized CAFR that satisfied both GAAP and applicable legal requirements. A Certificate of Achievement is valid for a period of one year only. I believe that our CAFR continues to meet the Certificate of Achievement Program's requirements and I am submitting it to the GFOA to determine its eligibility for another certificate. The City also received its fifth consecutive award from the GFOA for Outstanding Achievement in Popular Annual Financial Reporting (PAFR) for the year ended June 30, 2019. The development of the supplemental PAFR is just one piece of the City's increased public communication efforts to increase transparency and public awareness.

The preparation of this report would not have been possible without the efficient and dedicated services of the entire staff of the Financial & Management Services Department and especially the Financial Operations, Financial Resources and Treasury Operations Divisions. I would like to express my appreciation to all members of the divisions who assisted and contributed to its preparation. Credit also must be given to other City departments for their assistance and the City Council for their continuous support for maintaining the highest standards of professionalism in the management of the City of Moreno Valley's finances.

Lastly, I would like to thank the City's independent auditors, Rogers, Anderson, Malody & Scott, LLP, for their assistance in preparing this important financial document.

Respectfully submitted,

Marshall Eyerman

### **Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Moreno Valley, California, (the City) as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

### ***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### ***Auditor's Responsibility***

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement. An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the City's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

## **Opinions**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Moreno Valley, California, as of June 30, 2020, and the respective changes in financial position and, where applicable, cash flows thereof and the respective budgetary comparison for the General Fund, Neighborhood Stabilization Grant Special Revenue Fund, Development Impact Fees Special Revenue Fund, CSD Zones Special Revenue Fund, and Housing Authority Special Revenue Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

## **Other Matters**

### *Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and required supplementary information, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### *Other Information*

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The introductory section, combining and individual nonmajor fund financial statements and schedules, and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual nonmajor fund financial statements and schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements and schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

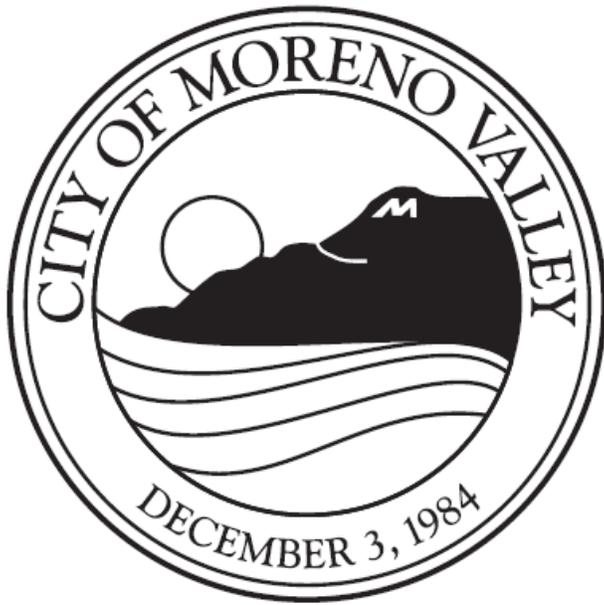

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

### **Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated December 10, 2020 on our consideration of the City's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control over financial reporting or on compliance. That report is in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

*Rogers, Anderson, Malody & Scott, LLP.*

San Bernardino, California

## City of Moreno Valley, California

### Management's Discussion and Analysis

The following discussion and analysis of the financial performance of the City of Moreno Valley provides an overview of the City's financial activities for the fiscal year ended June 30, 2020. Please read it in conjunction with the transmittal letter located in the introductory section, and financial statements, which follow this discussion.

#### Financial Highlights

- In the Government-wide - Statement of Net Position: The City's assets and deferred outflows of resources exceeded its liabilities and deferred inflows of resources by \$1.06 billion (net position) at June 30, 2020.
- In the Government-wide - Statement of Net Position: The City's total net position decreased \$1.8 million for fiscal year 2019-2020 mainly due to the decrease in capital assets.
- In the Governmental Fund – Balance Sheet: The General Fund had an end of year fund balance of \$70.5 million. Unassigned fund balance increased \$3.5 million to \$25.6 million primarily due to unrealized gains. Additionally, fund balance for reserves remained unchanged as the City maintains adequate reserve levels in compliance with City Council adopted policy.
- For business-type activities: Revenues exceeded expenses by \$7.9 million increasing unrestricted net position to \$21.3 million. Future infrastructure projects are anticipated to meet the demands for the City's electric service customer base.

#### Overview of Financial Statements

The City's basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements.

##### Components of the Basic Financial Statements

Government-wide Financial Statements	Provide both long-term and short-term information about the City's overall financial status
Fund Financial Statements	Focus on individual parts of the City government, reporting the City's operations in more detail than the government-wide statements
Notes to the Financial Statements	Additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements

**Government-wide Financial Statements.** The government-wide statements report information about the City as a whole using accounting methods similar to those used by private-sector companies. The statement of net position includes all of the City's assets and liabilities, as well as any deferred outflows or inflows of resources. The statement of activities includes all current year revenues and expenses regardless of when cash is received or paid. These government-wide statements report the City's net position and how the City's net position has changed during the fiscal year. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial health of the City is improving or deteriorating.

The government-wide financial statements of the City are divided as follows:

- *Governmental activities* - Most of the City's basic services are included here, such as police, fire, public works, community development, parks and recreation, and general government. Taxes and state and federal grants finance most of these activities.
- *Business-type activities* - Certain services provided by the City are funded by customer fees. The business-type activities of the City include the Electric Utility.
- *Component unit* - The City includes the Moreno Valley Community Services District, Moreno Valley Public Financing Authority, the Moreno Valley Public Facilities Financing Corporation and the Moreno Valley Housing Authority in its basic financial statements because, although legally separate, the City is financially accountable for them.

**Fund Financial Statements.** A fund is a group of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. Fund financial statements provide more detailed information about the City's largest funds, not the City as a whole. All of the funds of the City can be divided into three categories: governmental, proprietary and fiduciary.

*Governmental funds* - Governmental fund statements tell how general government services such as police, fire and public works were financed in the short-term as well as what remains for future spending. Most of the City's basic services are included in governmental funds, which focus on (1) short-term inflows and outflows of spendable resources, and (2) the remaining year-end balances available for spending. Because this information does not encompass the additional long-term focus of the government-wide statements, reconciliations that explain the relationship (or differences) between governmental funds and governmental activities follow the governmental fund statements.

Information regarding governmental funds is presented separately in the governmental funds balance sheet and in the governmental funds statement of revenues, expenditures and changes in fund balances for the General Fund, the Neighborhood Stabilization Grant, the Development Impact Fees, the Community Services District (CSD) Zones, and the Housing Authority Special Revenue Funds. All of these are considered to be major funds. Data from the other governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these non-major governmental funds is provided in the supplementary section of the report in the form of *combining statements*.

*Proprietary funds* - The City maintains two different types of proprietary funds, enterprise and internal service funds. *Enterprise funds* are used to report the same functions presented as *business-type activities* in the government-wide financial statements. The City uses an enterprise fund to account for its Electric Utility. *Internal service funds* are an accounting device used to accumulate and allocate costs internally among the City's various functions. The City uses internal service funds to account for self-insured insurance programs, technology services, facilities maintenance, fleet operations, equipment replacement, and compensated absences. Because these services predominantly benefit governmental rather than business-type functions, they have been included within *governmental activities* in the government-wide financial statements.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The Electric Utility, the City’s only enterprise fund, is included in the Basic Financial Statements. All internal service funds are combined into a single, aggregated presentation in the proprietary funds financial statements. Individual fund data for the internal service funds is provided in the form of *combining statements* in the supplementary section of the report.

*Fiduciary funds* - Fiduciary fund statements provide information about the financial relationships in which the City acts solely as a trustee or agent for the benefit of others, to whom the resources belong. The City is the trustee, or *fiduciary*. The City is responsible for ensuring that the assets reported in these funds are used for their intended purposes. All of the City’s fiduciary activities are reported in a separate statement of fiduciary net position and a statement of changes in fiduciary net position. We exclude these activities from the City’s government-wide financial statements because the City cannot use these resources to finance its operations.

**Notes to the financial statements.** The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

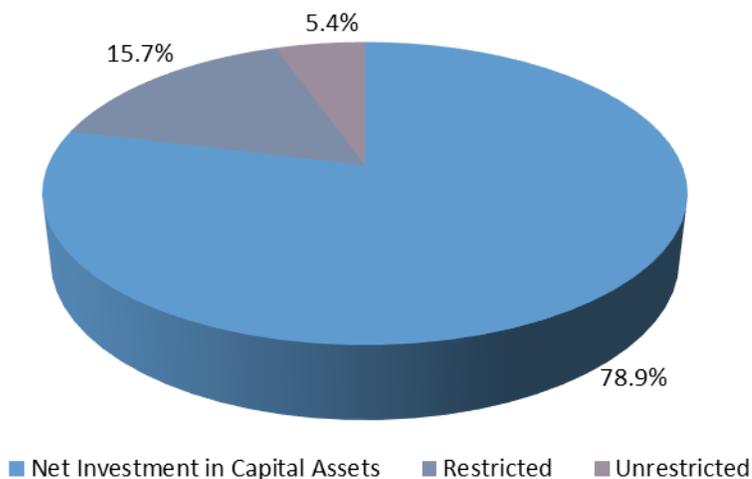

### Financial Analysis of the Government-wide Statements

This section provides analysis of the government-wide financial statements including long-term and short-term information about the City’s overall financial condition. The following graphs and tables address the financial results of the City as a whole for fiscal year ended June 30, 2020. Comparative data from fiscal year ended June 30, 2019 is also represented in the table.

#### Analysis of Net Position

Net Position represents the difference between the City’s resources and its obligations. As noted earlier, net position may serve as a useful indicator of a government’s financial position. The following graphs and table address the financial results of the City as a whole. The City’s combined net position as of June 30, 2020 was \$1.06 billion.

Total Net Position	<u>\$ 1,014,023</u>	<u>\$ 1,004,279</u>	<u>\$ 44,148</u>	<u>\$ 52,083</u>	<u>\$ 1,058,171</u>	<u>\$ 1,056,362</u>

Total net position of the City of Moreno Valley remained relatively unchanged from June 30, 2019 at \$1.06 billion at June 30, 2020. The City's unrestricted fund balance increased \$13.6 million to \$56.8 million. Total assets decreased \$3.4 million and total liabilities increased by \$1.0 million.

The following analysis of governmental and business-type activities provides more detailed information for these changes:

**Governmental Activities**

Total assets decreased by \$8.6 million primarily due to a decrease in capital assets of \$17.7 million, offset by an increase of \$9.0 million in current and other assets.

The current year capital asset additions of \$33.9 million were offset by current year depreciation expenses of \$35.0 million and asset retirements (including transfers out from Capital Improvement Projects) net of accumulated depreciation of \$16.6 million for a net decrease of \$17.7 million.

Current liabilities decreased by \$0.8 million primarily due to a decrease in accounts payable. Total liabilities increased \$3.7 million due to the increase in net pension and OPEB liability at June 30, 2020. See Note 8 and Note 9 of Notes to the Financial Statements for more information.

Net investment in capital assets decreased \$15.4 million as a direct result of depreciation expense as assets deplete during the useful life cycle.

Restricted net position increased slightly as funds are committed and programmed mostly in the areas of community development, public works and infrastructure.

## **Business-type Activities**

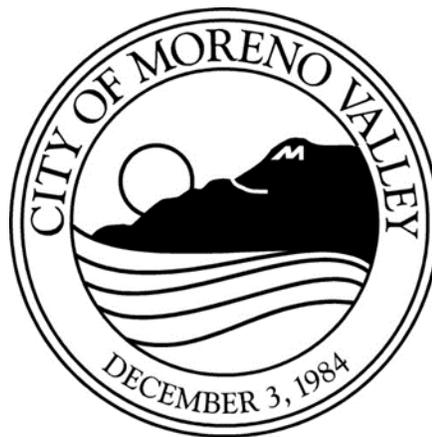

Current and other assets of business-type activities decreased by \$0.8 over last year. This was primarily due to the spend-down of bond proceeds for infrastructure projects under construction as of June 30, 2020 totaling \$6.8 million.

Capital assets had a net increase of \$6.0 million during the fiscal year. Capital asset additions included investment in additional electric utility infrastructure. More capital asset information is located in Note 5 to the financial statements.

Total liabilities decreased by \$2.8 million primarily due to reduction in long term debt at June 30, 2020. More long term debt information is located in Note 6 to the financial statements.

Net investment in capital assets increased \$0.5 million as a direct result of the addition of the capital assets mentioned above.

Unrestricted net position increased by \$8.5 million during the year primarily due to future infrastructure projects planned for construction in the following year.

## **Analysis of the Changes in Net Position**

Total government-wide revenues decreased by \$2.9 million, a 1.4% decrease from the prior year, while total expenses increased \$13.7 million, a 6.7% increase from the prior year.

The following table represents a summary of the changes in net position of the City's governmental and business-type activities, as of June 30, 2020. Comparative data from fiscal year ended June 30, 2019 is also presented.

### **Governmental Activities**

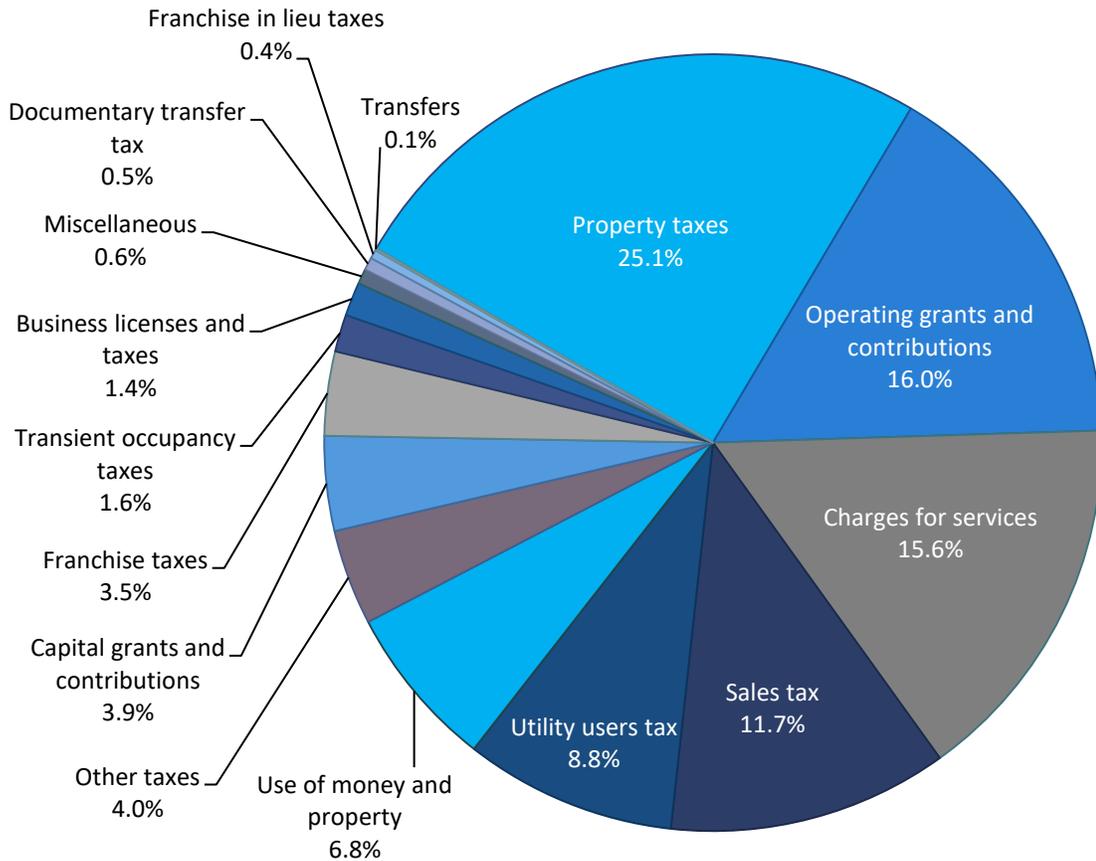

The City's governmental revenues decreased \$7.2 million, a 3.9% decrease from the prior year, and total expenses increased \$11.9 million, a 7.0% increase. The following discusses the changes in more detail.

#### **Revenue**

Program revenues decreased \$13.4 million primarily as a result of the decrease in charges for services of \$9.1 million and decreased capital grants and contributions of \$8.5 million, which were offset by increased operating grants and contributions of \$4.2 million.

General revenues increased \$6.1 million primarily due to an increase in property taxes of \$3.7 million and an increase in use of money and property of \$2.3 million.

**Revenues by Source – Governmental Activities  
For the year ended June 30, 2020**

**Expense**

Total governmental expenses increased by \$11.9 million. This increase is primarily due to increased public works expenses of \$5.2 million, increased general government expenses of \$4.0 million, and increased public safety expenses of \$3.6 million.

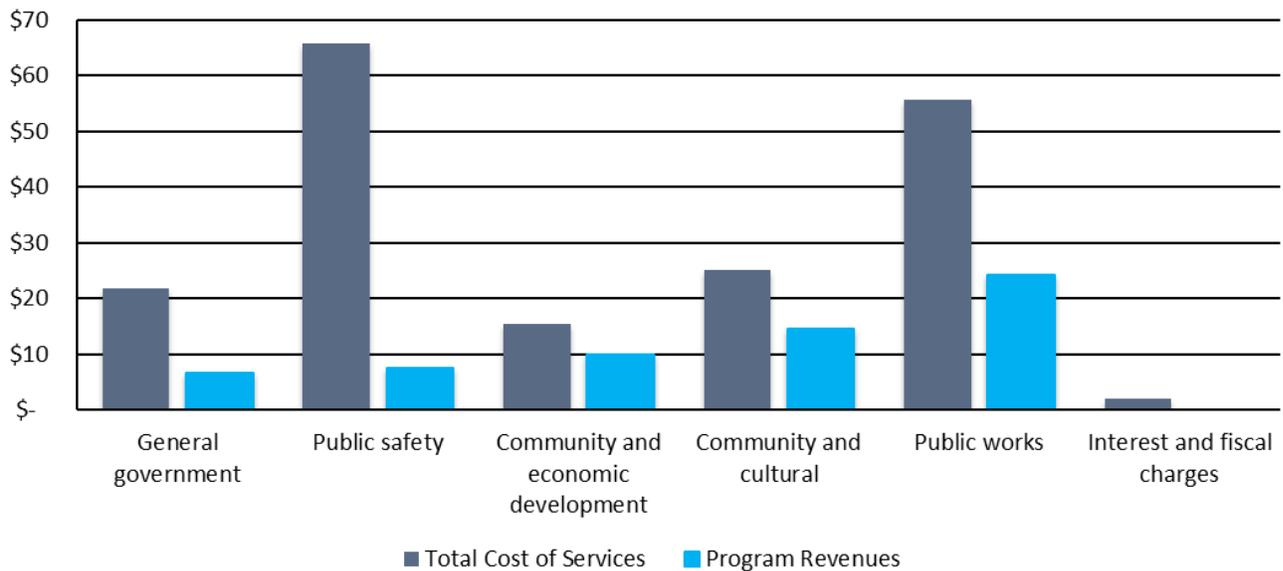

The following table presents the cost of each of the six major program categories, and identifies each program’s *net cost* (total cost less revenues generated by the activities). The net cost is the amount paid for by general revenue sources that are generated by all City taxpayers. As illustrated, program revenues recovered \$62.5 million of the cost of providing these services.

**Governmental Activities - Net Cost of Services  
For the year ended June 30, 2020**

	Total Cost of Services	Net Cost of Services
General government	\$ 21,724,336	\$ (15,207,245)
Public safety	65,849,855	(58,448,073)
Community and economic development	15,366,811	(5,573,506)
Community and cultural	25,136,772	(10,668,096)
Public works	55,562,894	(31,279,388)
Interest and fiscal charges	2,006,183	(2,006,183)
<b>TOTAL</b>	<b>\$ 185,646,851</b>	<b>\$ (123,182,491)</b>

The City paid for the remaining public benefit portion of these governmental activities with \$113.4 million in taxes (some of which were restricted for certain programs) and with other revenues. This governmental activity cost/revenue relationship is further illustrated in the following graph.

**Governmental Activities - Net Cost of Services  
For the year ended June 30, 2020  
(in millions)**

**Business-type Activities**

The City's business-type activities include the activities of the Electric Utility. Total revenues for business-type activities increased \$4.3 million from the prior year or 12.5%. Total expenses increased \$1.7 million or 6.2%. The following discusses the changes in more detail.

**Revenue**

Total revenues increased \$4.3 million from prior year primarily due to increase in charges for services.

## Expenses

Expenses in the Electric Utility increased \$1.7 million. This increase was primarily due to increases in services and supplies and expenses associated with providing services to a growing customer base.

## Financial Analysis of the Fund Statements

Funds are accounting devices that the City uses to keep track of specific sources of funding and spending for particular purposes. The fund financial statements focus on individual parts of City governments, reporting City operations in more detail than the government-wide statements.

Total fund balances presented in the governmental funds balance sheet are \$204.3 million, with the General Fund representing \$70.5 million, or 34.5% of the total. The City's General Fund has unassigned fund balance of \$25.6 million.

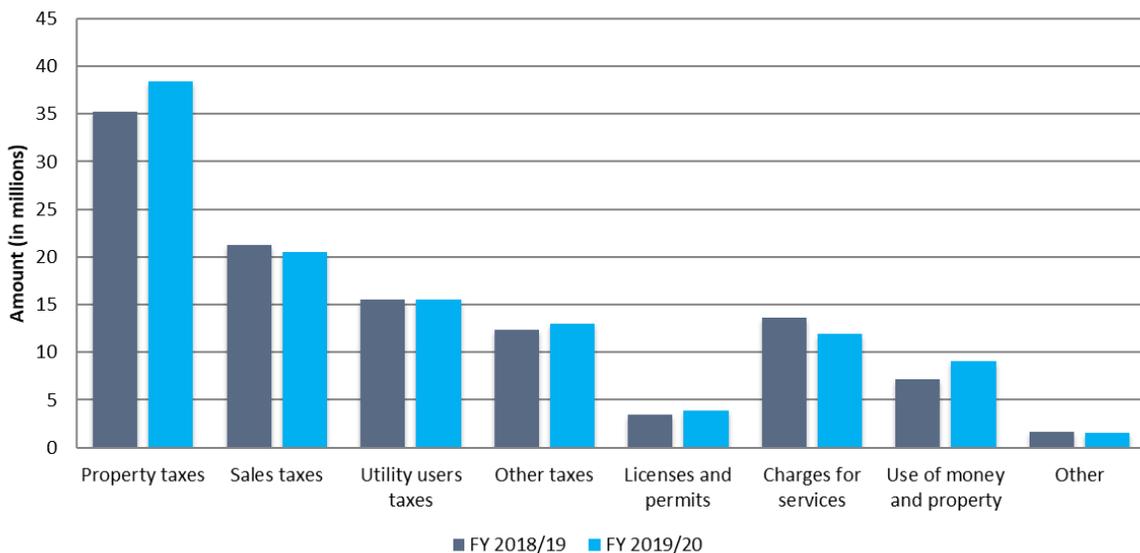

## General Fund Financial Results

The General Fund was anticipated to have a net decrease in fund balance of \$4.3 million. Actual results increased the total fund balance by \$4.7 million, \$9.0 million more than anticipated. Actual results realized an expenditure reduction of \$2.9 million primarily related to capital outlay purchases delayed to next year and current expenditure savings. The operating reserve remained at \$13.4 million and the economic uncertainty remained at \$11.2 million. These reserves are maintained at adequate levels per the City Council adopted policy to mitigate financial risk that can occur from unforeseen revenue fluctuations, unanticipated expenditures, major emergencies, or a catastrophic event.

General Fund tax revenues were \$6.8 million more and fees for services were \$0.1 million more than anticipated. Additionally, use of money and property was \$4.0 million more than anticipated primarily due to the GASB 31 fair value adjustment of our investments; however, a decrease in licenses and permits of \$1.4 million and a decrease of \$3.6 million for transfers largely offset those gains.

The following graph presents a comparison of each General Fund revenue source for the fiscal years ended June 30, 2019 and 2020.

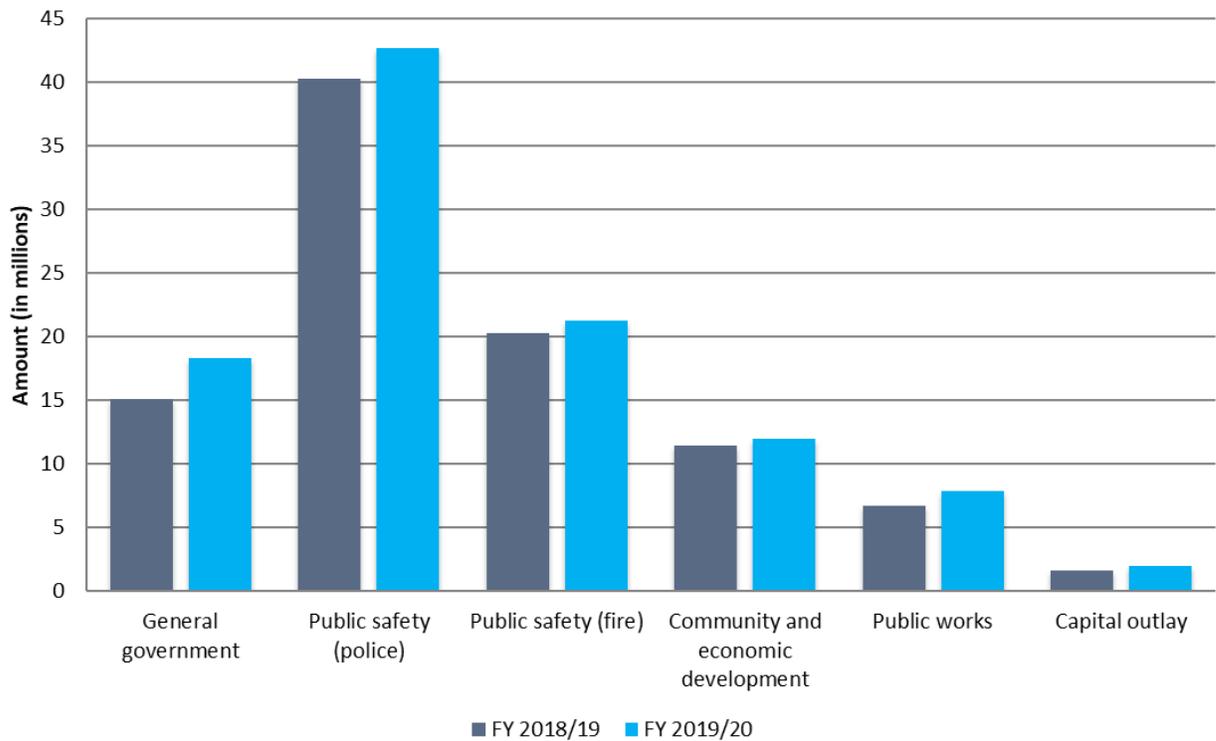

**General Fund – Revenues (Two Year Comparison)  
For FY's 18/19 & 19/20**

General Fund actual expenditures were \$2.5 million less than the final budget. The major contributor to this result was in large part due to \$1.3 million of current expenditure savings in combination with the unanticipated delay of capital outlay of \$2.9 million related to projects running multiple years.

The following graph presents a comparison of each General Fund expenditure category for the fiscal years ended June 30, 2019 and 2020.

**General Fund – Expenditures (Two Year Comparison)  
For FY’s 18/19 & 19/20**

**Other Major Fund Financial Results**

The fund balance of the Neighborhood Stabilization Grant Special Revenue Fund remained stable with only a slight increase. This fund accounts for the grant allocation received by the City from the U.S. Department of Housing and Urban Development to address the affordable housing needs of our community.

The fund balance of the Development Impact Fees Special Revenue Fund increased by \$2.0 million over FY 2018-19. This fund accounts for the developer impact fees, which are one-time charges, used to offset the additional public service costs of new development. The increase in fund balance is primarily due to the current receipt of fees from the new development projects within the City, which are committed for future public improvement projects.

The actual fund balance of the Community Service District Zones Special Revenue Fund increased \$1.6 million over FY 2018-19 compared to the \$2.0 million decrease anticipated. This fund accounts for the administration, operations and maintenance of the City’s various service zones established by the Moreno Valley Community Services District. The primary contributor to this result was in large part due to expenditures coming in under budget by \$3.3 million along with \$0.5 million of additional property tax revenues.

The fund balance of the Housing Authority Fund decreased \$0.1 million over FY 2018-19. This fund accounts for the housing assets as a result of the dissolution of the redevelopment agency of the City. In FY 2019-20 the fund balance decreased primarily due to transfers to other funds.

**Capital Asset and Debt Administration**

**Capital Assets**

At the end of FY 2019-20, the City’s governmental activities had \$1.4 billion (\$854.7 million net of accumulated depreciation) invested in a broad range of capital assets, including land, buildings and improvements, machinery and equipment, vehicles, park facilities, roads, highways and bridges. The current year capital asset additions of \$33.9 million were offset by current year depreciation expense of \$35.0 million and asset retirements (including transfers out from Capital Improvement Projects) net of accumulated depreciation of \$16.6 million for a net decrease of \$17.7 million. This decrease is primarily attributed to the retirement of machinery, equipment, and vehicles along with the recognition of depreciation expense.

At June 30, 2020, the City’s business-type activities had \$88.7 million (\$74.7 million net of accumulated depreciation) invested in capital assets, primarily utility infrastructure. The current year capital asset additions of \$21.2 million were offset by current depreciation expense of \$2.1 million and asset retirements (including transfers out from Capital Improvement Projects) net of accumulated depreciation of \$13.1 million for a net increase of \$6.0 million. This increase was primarily the result of the completion of the construction of two crosstown ties, the purchase of over 9,400 streetlights and the retrofit of over 11,000 streetlights with LED fixtures.

Some of the major capital projects from the Capital Improvement Plan that were completed during the current fiscal year were:

- Citywide Pavement Rehabilitation Program for Various Streets – FY 18/19
- Alessandro Blvd and Grant Street Traffic Signal
- ADA Improvements at City Facilities
- Citywide Pavement Rehabilitation Program for Various Streets – FY 19/20
- Intelligent Transportation System (ITS) Deployment Phase 1B
- Liberty Lane Improvements

Some major capital projects under construction at the end of the fiscal year, which are expected to be completed by the end of the next fiscal year are:

- Pedestrian Hybrid Beacon on Cactus at Woodland Park
- Moreno Valley Ranch ITS
- Pigeon Pass Road ITS
- Civic Center Amphitheater and Park
- Citywide Pavement Rehabilitation Program – FY 19/20 - Arterial
- Advanced Dilemma Zone Detection at Certain Intersections

Other major projects that are in the Design, Environmental and Right of Way Acquisition Phases are:

- State Route 60/World Logistics Center Parkway Interchange
- State Route 60/Moreno Beach Drive Interchange – Phase 2
- Kitching Street Storm Drain
- Juan Bautista De Anza Multi-Use Trail
- Indian Street/Cardinal Avenue Bridge
- Sunnymead – Flaming Arrow Drive Storm Drain

Additional information on the City’s capital assets can be found in Note 5 to the basic financial statements.

### Long-term Liabilities

At year-end, the City’s governmental activities had \$134.7 million in bonds, certificates of participation, compensated absences, pension and OPEB liability and self-insurance claims and judgments.

#### Outstanding Liabilities at Year End For the Year Ended June 30, 2020

Net pension and OPEB liability	78,780,226	2,291,058
Self-insurance claims and judgments	2,447,000	-
	\$ 134,726,543	\$ 60,034,765

Additional information on the City’s long-term debt can be found in Note 6, Note 8, Note 9 and Note 11 to the basic financial statements.

## **Economic Factors and Outlook for Future Years**

Although the focus of this Annual Report is on the economic condition of the City in the fiscal year that ended June 30, 2020, it is important for the City's financial management to report on current issues affecting the City and their economic impact on FY 2019-20 and future years.

The Moreno Valley's local economy has continued to demonstrate steady improvements as our tax revenues continue to experience moderate growth. Moreno Valley is still experiencing population growth with a population estimate of 208,838 and remains the second largest city in Riverside County and is presently the fourth largest city in the Inland Region. Population growth continues in Moreno Valley because of its strategic location at the junction of Interstate I-215 and State Route 60, along with offering a wide array of quality housing options, a family oriented lifestyle and a variety of quality of life amenities.

For several years, Moreno Valley has experienced substantial non-residential growth including significant new commercial retail and industrial development. The economy has slowed commercial development in Southern California, but Moreno Valley continues to secure new business development opportunities. In FY 2019-20 several new retail and industrial developments opened adding to the sales tax base which will provide a foundation for sales tax revenue to continue to grow moderately in the near future.

In line with the region's growth, Moreno Valley continues to experience employment growth as more than 20,000 new jobs have been created in the past six years. The health of our local economy has been driven by Moreno Valley's commitment to ensuring our Citizens have a growing and fiscally responsible local government.

The City's Economic Development Department has been committed to aggressively marketing Moreno Valley as the region's preeminent choice for businesses interested in locating in the Inland Empire. Ideally situated in Southern California, Moreno Valley continues to be a leading location for the logistics industry with an array of developable parcels, available facilities and projects entitled by the nation's most recognized development and investment firms.

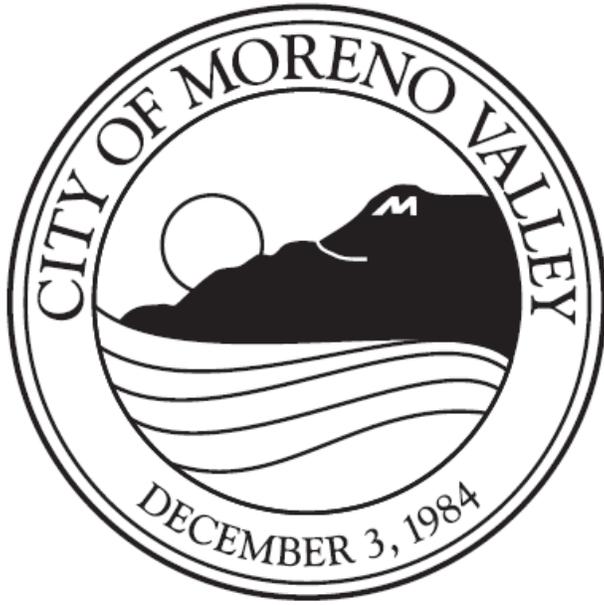

During FY 2019-20 the City's credit rating of A positive was affirmed with a positive outlook by Standard & Poor's. A key factor in achieving and maintaining the strong rating is the action of City Council and the City Manager to balance the City's General Fund budget. The City's ongoing commitment to fiscal responsibility and effective management is continuously demonstrated as we navigate complex fiscal challenges without the use of General Fund reserves. Our City Council and management team strategized, planned and delivered on balanced financials and as revenues continue to steadily grow, we look forward to strategizing and planning our continued economic recovery.

The local responses to the Coronavirus Disease 2019 (COVID-19) pandemic implemented by both the state and county have been a shock to the local economy. In response to the "Safer at Home" executive order issued by the governor, City staff took a proactive approach to address potential revenue impacts. During the last quarter of the fiscal year City staff prepared a series of cost cutting measures to be prepared for the impact of potential declines in local taxes such as sales tax and transient occupancy tax and the overall effect that the pandemic could have on the local economy due to the broad measures, most notably the impact on jobs. These cost-reducing measures included postponing or cancelling some costs related to non-essential tasks in addition to a reduction in personnel costs through the implementation of a furlough program. The overall impact of the pandemic during FY 2019-20 has been minimal, but as many business reductions and closures may have occurred following the end of the fiscal year and as the pandemic stretches into the next fiscal year the overall impact on the economy at the local, state and national level has yet to be determined.

## Contacting the City's Financial Management

This financial report is designed to provide our citizens, taxpayers, customers, investors and creditors with a general overview of the City's finances and to show the City's accountability for the money it receives. For component units that publish separate financial statements, those statements can be obtained from the City Clerk. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Chief Financial Officer/City Treasurer, City of Moreno Valley, 14177 Frederick Street, P.O. Box 88005, Moreno Valley, California 92552-0805.

## **City of Moreno Valley, California**

### **MAJOR GOVERNMENTAL FUNDS**

#### **General Fund**

This fund is used to account for all financial resources of the city traditionally associated with government operations which are not required legally or by sound financial management to be accounted for in another fund.

#### **Neighborhood Stabilization Grant Fund**

This fund is used to account for the grant allocation received by the City from the U.S. Department of Housing and Urban Development to address the foreclosure crisis and implement a neighborhood stabilization program (NSP) aimed at assisting low-to-moderate income households, while targeting the areas of the City most affected by the foreclosures.

#### **Development Impact Fees Special Revenue Fund**

This group of funds is used to account for the restricted fees collected to provide funding for capital improvements related to the impact of development on various City services. The City collects fees for the following: arterial streets, traffic signals, fire facilities, police facilities, park improvements, recreation facilities, library facilities, city hall facilities, corporate yard facilities, interchange improvements, maintenance equipment, animal shelter facilities, and administration fees.

#### **Community Services District (CSD) Zones Special Revenue Fund**

This group of funds is used to account for the revenues expended on the various Community Services District (CSD) programs. There are ten special financing districts within the CSD providing services. Zone A (Parks and Community Services) provides parks and community services throughout the City. Zone C (Arterial Street and Intersection Lighting) provides funding for arterial and intersection street lighting. Zone D (Parkway Landscape Maintenance) and Zone E (Extensive Landscape Maintenance) provide funding for the maintenance of public landscaping in and around specific residential areas and specific major residential/commercial development areas, respectively. Zone L (Library Services) provides funding for library services to the City residents. Zone M (Commercial, Industrial, and/or Multifamily Median Maintenance) provides funding for the public landscape maintenance services for landscaped medians within the City's right-of-way. Zone S (Sunnymead Boulevard Maintenance) provides funding for the maintenance of certain public landscape improvements fronting Sunnymead Boulevard from Frederick Street to Perris Boulevard. Community Facilities District (CFD) No. 1 provides funding for the maintenance of new park facilities constructed after the formation of CFD No. 1 in 2003. Lighting Maintenance District (LMD) No. 2014-01 provides funding for the operation and maintenance of residential subdivision street lighting. Landscape Maintenance District (LMD) No. 2014-02 provides funding for the maintenance of public landscaping in defined zones throughout the City.

#### **Housing Authority Fund**

This fund is used to account for the housing assets as a result of the dissolution of the former Community Redevelopment Agency of the City.

#### **Nonmajor Governmental Funds**

These funds constitute all other governmental funds that do not meet the criteria to be a major fund, which is 10% or more of total assets plus deferred outflows of resources, or liabilities plus deferred inflows of resources, revenues or expenditures for its fund category and at least 5% of the corresponding total for all governmental and enterprise funds combined. These funds include other Special Revenue Funds, all Capital Projects Funds, all Debt Service Funds and all Permanent Funds of the City.

**City of Moreno Valley, California**  
**Reconciliation of Balance Sheet To the Statement of Net Position**  
**June 30, 2020**

Fund balances of governmental funds		\$204,291,116
Amounts reported for governmental activities in the statement of net position are different because:		
Capital assets net of depreciation have not been included as financial resources in governmental fund activity		
Capital Assets (excludes internal service capital assets)	1,386,076,308	
Accumulated depreciation (excludes internal service accumulated depreciation)	<u>(543,290,287)</u>	
		842,786,021
Long-term debt and compensated absences have not been included in the governmental fund activity		
2011 Private Placement Refunding of 1997 Lease Revenue Bonds	(954,000)	
2013 Refunding of 2005 Lease Revenue Bonds	(4,142,000)	
2013 Total Road Improvements Certificates of Participation	(17,885,000)	
2014 Refunding of 2005 Lease Revenue Bonds	(22,602,069)	
Unamortized Premium/Discount	(1,337,998)	
Compensated Absences	<u>(6,308,232)</u>	
		(53,229,299)
Revenues reported as unavailable revenue in the governmental funds are recognized in the statement of activities. These are included in the intergovernmental revenues in the governmental fund activity		
		24,239,714
Accrued interest payable for the current portion of interest due on long-term debt has not been reported in the governmental funds		
		(282,797)
Deferred outflows of resources related to pensions and OPEB are not financial resources and therefore are not reported in the governmental funds		
		12,499,853
Long-term liabilities related to pensions and OPEB are not due and payable in the current period and therefore are not reported in the governmental funds		
Net OPEB liability	(7,888,335)	
Net pension liability	<u>(70,891,891)</u>	
		(78,780,226)
Deferred inflows of resources related to pensions and OPEB are not current obligation and are not reported in the governmental funds		
		(2,662,356)
Internal service funds are used by management to charge the costs of certain activities, such as equipment management and self-insurance, to individual funds. The assets and liabilities of the internal service funds must be added to the statement of net position		
		<u>55,416,616</u>
Net position of governmental activities		<u>\$1,004,278,642</u>

**City of Moreno Valley, California**  
**Reconciliation of the Statement of Revenues, Expenditures and Changes in**  
**Fund Balances to the Statement of Activities**  
**For the Year Ended June 30, 2020**

---

Net change in fund balances - total governmental funds	\$7,838,154
--	-------------

Amounts reported for governmental activities in the statement of net position are different because:

Governmental funds report capital outlay as expenditures and do not report donated capital assets. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense

Capital outlay	14,730,915	
Donated infrastructure	2,315,855	
Depreciation expense	<u>(34,078,309)</u>	(17,031,539)

The issuance of long-term debt provides current financial resources in the governmental funds, but issuing debt increases the long-term liabilities in the statement of net position. Repayment of principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position

Repayment of debt	2,117,000	
Amortization of bond premiums	189,648	
Amortization of bond discount	<u>(5,398)</u>	2,301,250

Accrued interest for long-term liabilities. This is the net change in accrued interest for the current period	14,748
---	--------

Compensated absences expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds	(101,585)
--	-----------

Revenues reported as unavailable revenue in the governmental funds are recognized in the statement of activities. These are included in the intergovernmental revenues in the governmental fund activity	(2,298,754)
--	-------------

Pension and OPEB expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds. This is the amount by which actuarially calculated pension/OPEB expense exceeded the contributions during the year	(3,703,177)
--	-------------

Internal service funds are used by management to charge the costs of certain activities, such as equipment management and self-insurance, to individual funds. The change in net position of the internal service funds is reported with the governmental funds	<u>3,236,409</u>
---	------------------

Change in net position of governmental activities	<u><u>(\$9,744,494)</u></u>
---	-----------------------------

**City of Moreno Valley, California**

**PROPRIETARY FUNDS**

**ENTERPRISE FUND:**

Enterprise Funds account for any activity for which a fee is charged to external users for goods or services. The City's enterprise fund is the Electric Fund. This fund is used to account for the operations of the City electric utility, with its basic purpose to purchase and distribute electricity to customers in the City's newly developed areas under the "Greenfield" concept. The City began serving its first customers in February 2004.

**INTERNAL SERVICE FUNDS:**

Internal Service Funds are used to account for services provided to other departments on a cost reimbursement basis. These services include general liability and workers' compensation insurance benefits, maintaining and replacing information systems, facilities maintenance, vehicle and equipment maintenance, accumulating cash reserves for equipment replacement, and payment of compensated absences.

## City of Moreno Valley, California

### FIDUCIARY FUNDS

#### **FIDUCIARY FUNDS:**

A fiduciary fund is an account with funds from assets that the city holds as a trustee and that it cannot use to fund its own programs. The city reports Agency Funds and Private-purpose Funds. Agency funds are used to report resources held by the agency in a purely custodial capacity. Agency funds typically involve only the receipt, temporary investment and remittance of fiduciary resources to individuals, private organizations or other governments. Private-purpose trust funds report all other trust arrangements under which the principal and income benefits individuals, private organizations or other governments.

**City of Moreno Valley, California**

**Notes to Financial Statements  
For the Year Ended June 30, 2020**

**Note 1                    Organization and Summary of Significant Accounting Policies**

**a.    Description of the Reporting Entity**

The City of Moreno Valley, California (the City), is located in the County of Riverside and was incorporated on December 3, 1984 under the general laws of the State of California. The City operates under an elected Council/City Manager form of government. The City's major operations include police and fire protection, public works, parks, recreation and certain social services and general administration services.

Reporting Entity:

Accounting principles generally accepted in the United States of America require that these financial statements represent the City of Moreno Valley and its component units. A component unit is included in the primary government's financial statements if the governing body is substantively the same as that of the City or if the component unit provides services or other benefits almost entirely to the primary government. The component units discussed below are legally separate component units and are included in the City's reporting entity because of their operational significance or financial relationships with the City. The City Council members, in separate session, serve as the governing board of the Moreno Valley Community Service District, the Moreno Valley Public Facilities Financing Corporation, and the Moreno Valley Housing Authority, as such; these entities are presented on a blended basis. The component units have the same fiscal year end as the City.

- The Moreno Valley Community Services District (the District) was established pursuant to the terms and provisions of the California Government Code, Division 3 of Title 6. The District was established to allow for the continued provision of certain services provided by the County of Riverside through the use of County Service Areas prior to the City incorporation.
- Community Facilities District 2014-01 and Community Facilities District No. 87-1 and 87-1, IA#1 (Towngate) were established pursuant to the terms and provisions of the Mello-Roos Community Facilities Act of 1982. Their purpose is to finance the acquisition and construction of certain major public capital infrastructure and improvements within the boundaries of the Community Facilities Districts and they are governed by City Council. Separate financial statements are not available for the Community Facilities Districts.
- The Moreno Valley Public Facilities Financing Corporation (MVPFFC) and the Moreno Valley Public Financing Authority (MVPFA) are nonprofit public benefit corporations, formed for the purpose of providing public facility financing to the City. The Corporations' Boards of Directors are each composed of the five elected City Council members. Both Corporations may acquire, construct, rehabilitate, remodel, improve, install and finance or lease various facilities, land and equipment for the benefit of the City. Separate financial statements are not available for the Public Facilities Financing Corporation and the Public Financing Authority.

**City of Moreno Valley, California**

**Notes to Financial Statements  
For the Year Ended June 30, 2020**

**Note 1 Organization and Summary of Significant Accounting Policies (Continued)**

- The Moreno Valley Housing Authority (the Housing Authority) was established pursuant to State law section 34240 of the California Health and Safety Code, which allows for every City to establish a housing authority. The Housing Authority is designed to protect local housing funds and programs, provide new revenue opportunities for affordable housing programs, serve the public interest, promote public safety and welfare, and ensure decent, safe, sanitary and affordable housing accommodations to persons of low income. The City of Moreno Valley City Council serves as the Housing Authority's Commissioners. The City manages, administers and has operational responsibility for the operations of the Housing Authority. Separate financial statements are not available for the Housing Authority.

The accounting policies of the City of Moreno Valley conform with generally accepted accounting principles as applicable to governments. The following is a summary of the significant policies.

**b. Government-Wide and Fund Financial Statements**

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the primary government and its component units. For the most part, the effect of interfund activity has been removed from these statements. The primary government is reported separately from certain legally separate component units for which the primary government is financially accountable.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Certain indirect costs are included in the program expense reported for individual functions and activities. Program revenues include: 1) charges to customers or applicants who purchase, use or directly benefit from goods, services or privileges provided by a given function or segment, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements.

**c. Measurement Focus, Basis of Accounting and Financial Statements Presentation**

The government-wide financial statements are reported using the economic resource measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

**City of Moreno Valley, California**

**Notes to Financial Statements  
For the Year Ended June 30, 2020**

**Note 1 Organization and Summary of Significant Accounting Policies (Continued)**

The proprietary and private-purpose trust funds are reported using the economic resources measurement focus and the accrual basis of accounting. The agency funds have no measurement focus but utilize the accrual basis of accounting for reporting assets and liabilities.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period, while grant and sales tax revenues have an availability period of 120 days.

Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, franchise taxes, licenses and interest associated with the current fiscal period are all considered to be susceptible to accrual and as such have been recognized as revenue in the current fiscal period. Only the portion of special assessments receivable due within the current fiscal period is considered to be susceptible to accrual as revenue of the current period. All other revenue items are considered to be measurable and available only when cash is received by the government.

The City reports the following major governmental funds:

The General Fund is the government's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The Neighborhood Stabilization Grant Fund accounts for the grant allocation received by the City from the U.S. Department of Housing and Urban Development to address the foreclosure crisis and implement a neighborhood stabilization program (NSP) aimed at assisting low-to-moderate income households while targeting the areas of the City most affected by the foreclosures.

The Development Impact Fees Special Revenue Fund accounts for the restricted fees collected to provide funding for capital improvements related to the impact of development on various City services. The City collects fees for the following: arterial streets, traffic signals, fire facilities, police facilities, park improvements, recreation facilities, library facilities, city hall facilities, corporate yard facilities, interchange improvements, maintenance equipment, animal shelter facilities, and administrative fees. The City has elected to report this fund as a major fund.

The Housing Authority accounts for the housing assets as a result of the dissolution of the former Community Redevelopment Agency of the City.

**City of Moreno Valley, California**

**Notes to Financial Statements  
For the Year Ended June 30, 2020**

**Note 1 Organization and Summary of Significant Accounting Policies (Continued)**

The CSD Zones Special Revenue Fund accounts for restricted property taxes for the various Community Services District (CSD) programs. There are ten zones within the Community Services District providing services. Zone A-Parks and Community Services provide citywide park maintenance and recreation programming. Lighting Maintenance District (LMD) 2014-01 – Residential Street Lighting provides the funding for the operation and maintenance of residential subdivision street lighting. Zone C-Arterial and Intersection Street Lighting provides funding for the operation and maintenance of arterial and intersection street lighting. Landscape Maintenance District (LMD) 2014-02, Zone D and Zone E provide funding for the maintenance of public landscaping throughout the City. Zone L-Library Services provides funding for library services to City residents. Zone M-Medians provides funding for the landscape maintenance of public medians within the City. Community Facilities District (CFD) #1 provides funding for the maintenance of new parks, trails and class 1 bikeways. Zone S – Sunnymead Boulevard Maintenance provides funding for the maintenance of certain landscape improvements along Sunnymead Boulevard.

The City reports the following major business-type fund:

The Electric Fund accounts for the operations of the City electric utility, with its basic purpose to purchase and distribute electricity to customers in the City's newly developed areas under the "Greenfield" concept. The City began serving its first customers in February 2004.

Additionally the government reports the following fund types:

Internal Service Funds account for financial transactions related to repair, replacement and maintenance of City-owned vehicles and equipment, the City's self-insurance programs, compensated absences, and the City's general information systems and telecommunications hardware and software. These services are provided to other departments or agencies of the City on a cost reimbursement basis.

The Agency Funds are used to report resources held by the City in a purely custodial capacity, which includes assets held on behalf of customers and trustees for the Assessment Districts, TUMF and MSHCP Trust funds.

The Private-Purpose Trust Fund accounts for the assets and liabilities of the former redevelopment agency and its allocated revenue to pay estimated installment payments of enforceable obligations until obligations of the former redevelopment agency are paid in full and assets have been liquidated.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are charges between the government's proprietary funds function and various other functions of the government. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

**City of Moreno Valley, California**

**Notes to Financial Statements  
For the Year Ended June 30, 2020**

**Note 1 Organization and Summary of Significant Accounting Policies (Continued)**

Amounts reported as program revenues include: 1) charges to customers or applicant for goods, services or privileges provided, 2) operating grants and contributions, an 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the Internal Service Funds are charges to other departments or agencies for sales and services. Operating expenses for Internal Service Funds include the cost of sales and services, administrative expenses and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

**d. Assets, Deferred Outflows, Liabilities, Deferred Inflows and Net Position or Equity**

Deposits, Investments, Cash and Cash Equivalents:

The City's cash and cash equivalents are considered to be cash on hand, demand deposits and short-term investments with original maturities of three months or less from the date of acquisition.

Investments for the City, as well as for its component units, are reported at fair value except for investment contracts that are reported at cost because they are not transferable and they have terms that are not affected by changes in market interest rates. The City's policy is generally to hold investments until maturity or until fair values equal or exceed cost. The State Treasurer's Investment Pool operates in accordance with appropriate state laws and regulations. The reported value of the pool is the same as the fair value of the pool shares.

Receivables and Payables:

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds" (i.e., the current portion of interfund loans) or "advances to/from other funds" (i.e., the non-current portion of interfund loans). All other outstanding balances between funds are reported as "due to/from other funds." Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances." All trade and property tax receivables are shown net of an allowance for uncollectibles.

Inventory and Prepaid Items:

Inventory in proprietary funds consist of expendable supplies held for consumption. Proprietary funds value inventory at cost and expense supply inventory using the first-in/first-out (FIFO) method. This is referred to as the consumption method of inventory

City of Moreno Valley, California

Notes to Financial Statements  
For the Year Ended June 30, 2020

Note 1 Organization and Summary of Significant Accounting Policies (Continued)

accounting. The governmental fund types use the purchase method to account for supply inventories, which are not material.

Payments to vendors for services benefiting future periods are recorded as prepaid items in both governmental and proprietary funds and expenditures are recognized when item are consumed. The fund balances in the governmental fund types have been set aside as nonspendable for amounts equal to the prepaid items in the fund-level statements, since these amounts are not available for appropriation.

Capital Assets:

Capital assets, which include property, plant, equipment and infrastructure assets (e.g. roads, bridges, sidewalks and similar items), are reported in the government-wide financial statements. Capital assets are defined by the City as assets with an initial, individual cost of \$5,000 or more and an estimated useful life in excess of two years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value at the date of donation. Donated infrastructure assets are recorded at estimated acquisition cost provided by the developer.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed.

Property, plant and equipment are depreciated using the straight-line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Buildings and Improvements	5 - 50
Furniture and Equipment	3 - 15
Vehicles	3 - 10
Infrastructure	25 - 50

Deferred Outflows and Inflows of Resources:

Pursuant to GASB Statement Nos. 63, *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position*, and 65, *Items Previously Reported as Assets and Liabilities*, the City recognizes deferred outflows and inflows of resources. A deferred outflow of resources is defined as a consumption of net position by the government that is applicable to a future reporting period. A deferred inflow of resources is defined as an acquisition of net position by the government that is applicable to a future reporting period. Refer to Note 8 and Note 9 for the list of deferred outflows and deferred inflows of resources the City has recognized as of June 30, 2020.

**City of Moreno Valley, California**

**Notes to Financial Statements  
For the Year Ended June 30, 2020**

**Note 1 Organization and Summary of Significant Accounting Policies (Continued)**

Unearned Revenue:

The City reports unearned revenue in the fund-level statements and in the statement of net position. Unearned revenue arises when the City receives resources before it has a legal claim to them, as when grant monies are received prior to the incurrence of qualifying expenditures.

Compensated Absences:

It is the government's policy to permit employees to accumulate earned but unused annual leave benefits. The City records the annual leave liability using benefits earned by employees at the balance sheet date that will result in termination payments rather than compensated absences. The City records the annual leave liability using the dollar value of employees' rights to receive compensation attributable to services already rendered.

Long-term Obligations:

In the government-wide financial statements, and proprietary and fiduciary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities. Bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

In the fund financial statements, governmental fund types recognize bond premiums and discounts during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Land Held for Resale:

Land purchased for the purposes of resale is recorded at cost or, if lower, the estimated net realizable value upon entering into an agreement to sell the property.

Fund Balance:

In the governmental fund financial statements, fund balances are classified as follows:

*Nonspendable* include amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact.

*Restricted* include amounts that are constrained on the use of resources by either (a) external creditors, grantors, contributors, or laws or regulations of other governments, or (b) by law through constitutional provisions or enabling legislation.

**City of Moreno Valley, California**

**Notes to Financial Statements  
For the Year Ended June 30, 2020**

**Note 1 Organization and Summary of Significant Accounting Policies (Continued)**

*Committed* include amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the government's highest authority, City Council. The formal action that is required to be taken to establish, modify, or rescind a fund balance commitment is a resolution by the City Council.

*Assigned* include amounts that are constrained by the government's intent to be used for specific purposes, but are neither restricted nor committed. The Chief Financial Officer is authorized to assign amounts to a specific purpose, which was established by the governing body in a resolution.

*Unassigned* include the residual amounts that have not been restricted, committed, or assigned to specific purposes. General Fund is the only fund that reports a positive unassigned fund balance amount. In other governmental funds, if expenditures incurred for specific purposes exceed the amounts restricted, committed, or assigned to those purposes, it may be necessary to report a negative unassigned fund balance.

An individual governmental fund could include non-spendable resources and amounts that are restricted, committed, assigned, or unassigned or any combination of those classifications. Restricted amounts are to be considered spent when an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available and committed, assigned, then unassigned amounts are considered to have been spent when an expenditure is incurred for purposes for which amounts in any of those unrestricted fund balance classifications can be used.

**Fund Balance Flow Assumptions:**

Sometimes the government will fund outlays for a particular purpose from both restricted and unrestricted resources (the total of committed, assigned, and unassigned fund balance). In order to calculate the amounts to report as restricted, committed, assigned, and unassigned fund balance in the governmental fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the government's policy to consider restricted fund balance to have been depleted before using any of the components of unrestricted fund balance. Further, when the components of unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by assigned fund balance. Unassigned fund balance is applied last.

**Net Position Flow Assumption:**

Sometimes the government will fund outlays for a particular purpose from both restricted (e.g., restricted bond or grant proceeds) and unrestricted resources. In order to calculate the amounts to report as restricted – net position and unrestricted – net position in the government-wide and proprietary fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the government's policy to consider restricted – net position to have been depleted before unrestricted – net position is applied.

**City of Moreno Valley, California**

**Notes to Financial Statements  
For the Year Ended June 30, 2020**

**Note 1 Organization and Summary of Significant Accounting Policies (Continued)**

**Property Taxes:**

Property taxes attach as an enforceable lien on property as of January 1. Secured property taxes are payable in two installments with December 10 the last day to pay the first installment of secured property taxes without penalty, and April 10 the last day to pay the second installment of secured property taxes without penalty. Unsecured personal property taxes are due in a single installment on August 31. The County of Riverside bills and collects the property taxes and remits them to the City in installments during the year.

Property taxes received within 60 days after the City's fiscal year end are considered "measurable" and "available" and are accrued in the City's financial statements.

**Pensions:**

For purposes of measuring the net pension liability, deferred outflows and inflows of resources related to pensions, and pension expense, information about the fiduciary net position and additions to/deductions from the fiduciary net position have been determined on the same basis as they are reported by the California Public Employees' Retirement System (CalPERS) Financial Office. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

**Postemployment Benefits Other than Pensions (OPEB):**

For purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the City of Moreno Valley Retiree Benefits Plan (the Plan) and additions to/deductions from the Plan's fiduciary net position have been determined on the same basis as they are reported by the Plan. For this purpose, the Plan recognizes benefit payments when due and payable in accordance with the benefit terms. Investments are reported at fair value, except for money market investments and participating interest-earning investment contracts that have a maturity at the time of purchase of one year or less, which are reported at cost.

**Implementation of New Accounting Pronouncements**

During the fiscal year ended June 30, 2020, the City did not adopt any new Statements of the Governmental Accounting Standards Board (GASB).

**City of Moreno Valley, California**

**Notes to Financial Statements  
For the Year Ended June 30, 2020**

**Note 2 Stewardship, Compliance and Accountability**

**a. Budget Information**

Budgets are legally adopted and formal budgetary integration is employed as a management control device during the year for all governmental fund types. The budget is prepared on a GAAP (Generally Accepted Accounting Principles) basis.

From the effective date of the budget, the amounts stated therein as proposed expenditures become appropriations to the various City departments.

The City Council may amend the budget only during a regular meeting, providing that sufficient monies are available and that expenditures of proceeds of taxes will not be increased beyond the constitutional appropriation limit as imposed by Article XIIIB of the State Constitution.

The City's formal budgetary process begins at the operating program level. Departmental budgets are comprised of the various operating program budgets. Individual fund budgets consist of the departmental budgets; departmental budgets may cross fund lines.

Individual fund budgets are, in all cases where appropriations are required, the same as the appropriation amounts. In the case of the Governmental Fund types, unexpended budgeted amounts, except for amounts relating to capital projects, lapse at the end of the budget year. Spending control (legal level) for most funds is established by the amount of expenditures budgeted at the fund levels. Accordingly, the General Fund expenditures are displayed in the supplementary schedules at the department level and the Special Revenue, Debt Service and Capital Projects Funds expenditures are displayed at the function level. Management control is exercised at the line item level in each operating program. Management can transfer budgeted amounts between operating programs and departments, provided that such transfers do not increase the overall fund budget. Appropriations that increase the fund budget require City Council approval.

**City of Moreno Valley, California**

**Notes to Financial Statements  
For the Year Ended June 30, 2020**

**Note 2 Stewardship, Compliance and Accountability (Continued)**

**b. Excess Expenditures Over Appropriations**

Excess of expenditures over appropriations in departments of individual funds are as follows:

Fund	Final Budget	Expenditures	Excess
General Fund			
General government			
City manager	\$ 1,928,488	\$ 2,269,972	\$ 341,484
City attorney	954,053	1,363,817	409,764
Non-departmental	1,586,885	2,316,455	729,570
Public safety

**c. Fund Deficits**

As of June 30, 2020, there are no funds with deficit fund balance.

**City of Moreno Valley, California**

**Notes to Financial Statements  
For the Year Ended June 30, 2020**

**Note 3           Cash and Investments**

As of June 30, 2020, cash and investments were reported in the accompanying financial statements as follows:

Governmental Activities	\$	210,439,213
Business-type Activities		31,303,069
Fiduciary Funds		14,042,167
Total Cash and Investments	<u>\$</u>	<u>255,784,449</u>

Cash and investments as of June 30, 2020, consist of the following:

Cash and Cash Equivalents		
Petty Cash and Cash Boxes	\$	5,690
Demand Deposits		2,220,472
Investments		240,398,975
Cash and Investments with Fiscal Agents		13,159,312
Total Cash and Investments	<u>\$</u>	<u>255,784,449</u>

The City follows the practice of pooling cash and investments of all funds, except for funds required to be held by fiscal agents under provisions of bond indentures. Interest income earned on pooled cash and investments is allocated monthly to the various funds based on monthly cash and investment balances. Interest income from cash and investments with fiscal agents is credited directly to the related fund.

**Deposits:**

The California Government Code requires California banks and savings and loan associations to secure a City's deposits by pledging government securities with a value of 110% of a City's deposits. California law also allows financial institutions to secure City deposits by pledging first trust deed mortgage notes having a value of 150% of a City's total deposits. The City Treasurer may waive the collateral requirement for deposits that are fully insured up to \$250,000 by the FDIC. The collateral for deposits in federal and state chartered banks is held in safekeeping by an authorized Agent of Depository recognized by the State of California Department of Banking. The collateral for deposits with savings and loan associations is generally held in safekeeping by the Federal Home Loan Bank in San Francisco, California as an Agent of Depository. These securities are physically held in an undivided pool for all California public agency depositors.

Under Government Code Section 53655, the placement of securities by a bank or savings and loan association with an "Agent of Depository" has the effect of perfecting the security interest in the name of the local government agency. Accordingly, all collateral held by the California Agents of Depository are considered to be held for, and in the name of, the local government agency.

**City of Moreno Valley, California**

**Notes to Financial Statements  
For the Year Ended June 30, 2020**

**Note 3 Cash and Investments (Continued)**

Investments:

Under provisions of the City's investment policy, and in accordance with the California Government Code, the following investments are authorized:

- U.S. Treasury Bills, Notes and Bonds
- Government Sponsored Enterprises (GSE's) or U.S. Agencies
- California State Local Agency Investment Fund (LAIF)
- Bonds, notes or other indebtedness of the State of California
- Bonds, notes or other indebtedness of local agencies in California
- Bonds, notes or other indebtedness of supranationals (IBRD, IFC or IADB)
- Bankers Acceptances
- Commercial Paper
- Mortgage/Asset backed securities
- Time Deposits and Non-negotiable Certificates of Deposit
- Negotiable Certificates of Deposit
- Repurchase Agreements
- Corporate Obligations (Medium-term Notes)
- Mutual Funds and Money Market Accounts
- Other Government Sponsored Investment Pools

Investments Authorized by Debt Agreements:

The above investments do not address the investment of debt proceeds held by a bond trustee. Investments of debt proceeds held by a bond trustee are governed by the provisions of the debt agreements, rather than the general provisions of the California Government Code or the City's investment policy.

Investments in State Investment Pool:

The City is a voluntary participant in the Local Agency Investment Fund (LAIF) that is regulated by California Government Code Section 16429 under the oversight of the Treasurer of the State of California. LAIF is overseen by the Local Agency Investment Advisory Board, which consists of five members, in accordance with State statute. The State Treasurer's Office audits the fund annually. The fair value of the position in the investment pool is the same as the value of the pool shares.

**City of Moreno Valley, California**

**Notes to Financial Statements  
For the Year Ended June 30, 2020**

**Note 3 Cash and Investments (Continued)**

GASB Statements No. 31 and 72:

The City adopted GASB Statement No. 31, *Accounting and Financial Reporting for Certain Investments and for External Investment Pools* and GASB Statement No. 72, *Fair Value Measurement and Application*. GASB Statement No. 31 establishes fair value standards for investments in participating interest earning investment contracts, external investment pools, equity securities, option contracts, stock warrants and stock rights that have readily determinable fair values. Accordingly, the City reports its investments at fair value in the balance sheet. All investment income, including changes in the fair value of investments, is recognized as revenue in the operating statement. GASB Statement No. 72 clarified the definition of fair value, established general principles for measuring fair value and enhanced disclosures about fair value measurements.

Credit Risk:

The City's investment policy limits investments in medium term notes (MTN's) to those rated in the top category by two of the three largest nationally recognized rating services at the time of purchase (with split ratings, the lower rating must meet the standard). As of June 30, 2020, the City's investment in medium term notes consisted of investments with Ace, air Products, Caterpillar, Charles Schwab, HSBC Holdings, JP Morgan Chase, IBM Credit Corp, Bank of New York Mellon., John Deere Capital, Exxon/Mobil, Microsoft State Street Corp, Apple Inc., U.S. Bankcorp, Cisco Systems, American Honda Finance, Toyota Motor Credit, American Express, Oracle, Paccar Financial, Bank of America, General Dynamics, PNC Bank, Royal Bank of Canada Toronto Dominion Bank and US Bank. At June 30, 2020, all MTN's were rated "A" or higher by Moody's. All securities were investment grade and legal under State and City law at their time of purchase. Federal agency securities are rated AA+. Investments in U.S. Treasury securities are not considered to have credit risk and, therefore, their credit quality is not disclosed. As of June 30, 2020, the City's investments in external investment pools and investment agreements are unrated.

Custodial Credit Risk:

The custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover deposits or will not be able to recover collateral securities that are in the possession of an outside party. The carrying amount of the City's demand deposits was \$2,220,472 at June 30, 2020. The custodial credit risk for investments is the risk that, in the event of the failure of the counterparty to a transaction, a government will not be able to recover the value of investment or collateral securities that are in the possession of an outside party. In accordance with the City's investment policy, all investments are held by third-party custodians for safekeeping, with the securities in the City's name. This is the lowest level of custodial credit risk exposure.

**City of Moreno Valley, California**

**Notes to Financial Statements  
For the Year Ended June 30, 2020**

**Note 3 Cash and Investments (Continued)**

**Interest Rate Risk:**

The City's investment policy limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. The City's investment portfolio will not directly invest in securities maturing in more than five years. The City has elected to use the segmented time distribution method of disclosure for its interest rate risk.

As of June 30, 2020, the City had the following investments and original maturities:

Investment Type	6 months or Less	6 months to 1 year	1 to 3 years	3 to 5 years	Fair Value
Local Agency Investment Fund	\$ 73,136,342	\$ -	\$ -	\$ -	\$ 73,136,342

**Concentration of Credit Risk:**

The City's investment policy imposes restrictions on the maximum percentage and amount that can be invested in certain types of investments. These restrictions are as follows:

Investment Type	Maturity Limit	Maximum Portfolio Percentage	Maximum Investment in One Issuer
U.S. Treasury bills, notes and bonds	5 years	None	None
GSE's or U.S. Agencies	5 years	None	None
California State Local Agency Investment Fund	n/a	None	None
Bonds, notes or other indebtedness of the State of California	5 years	None	None
Bonds, notes or other indebtedness of local agencies in California	5 years	None	5%

Mutual Funds and Money Market Accounts	n/a	20%	5%
Collateralized Bank Deposits	5 years	None	5%
Mortgage Pass-Through Securities	5 years	20%	5%
Bank/Time Deposits	5 years	None	5%
Other Governmental Sponsored Investment Pools	n/a	None	None
Supranationals	5 years	30%	5%

**City of Moreno Valley, California**

**Notes to Financial Statements  
For the Year Ended June 30, 2020**

**Note 3 Cash and Investments (Continued)**

As of June 30, 2020, the City is in compliance with the investment policy restriction.

In accordance with GASB Statement No. 40, if the City has invested more than 5% of its investments in any one issuer, it is exposed to credit risk. The following investments are considered exposed to credit risk:

Federal Home Loan Bank	9.92%
Federal National Mortgage Association	10.67%

Investments guaranteed by the U.S. government and investments in mutual funds and external investment pools are excluded from this.

Fair Value Measurement:

*GASB 72, Fair Value Measurement and Application* establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The City categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset.

- Level 1 inputs are quoted prices for identical assets or liabilities in active markets that government can access at the measurement date.
- Level 2 inputs are other than quoted prices included in Level 1 that are observable for an asset or liability, either directly or indirectly.
- Level 3 inputs are unobservable inputs for an asset or liability.

**City of Moreno Valley, California**

**Notes to Financial Statements  
For the Year Ended June 30, 2020**

**Note 3 Cash and Investments (Continued)**

Fair Value Measurement:

The following table represents the City's fair value hierarchy for its financial assets measured at fair value on a recurring basis:

<u>Investments by Fair Value Level</u>	<u>Fair Value</u>	<u>Fair Value Measurement Using Significant Other Observable Inputs (Level 2)</u>
Money Market Fund	\$ 424,937	\$ 424,937
Medium Term Notes	37,638,728	37,638,728
Supranationals	3,210,711	3,210,711
US Treasury Notes	40,254,839	40,254,839
Federal Home Loan Bank	25,158,078	25,158,078

Total Uncategorized	<u>73,136,342</u>	
Total Investments measured at Fair Value	<u><u>\$ 253,558,287</u></u>	

The City and the third-party trustees that hold the City's assets utilize the Market Approach in valuing the investment portfolio through the use of a pricing service that utilized matrix pricing. The market approach utilizes prices and other relevant data from market transactions for similar assets.

Totals	<u>\$ 32,497,731</u>	<u>\$ 6,218,701</u>	<u>\$ 6,995,749</u>	<u>\$ 45,712,181</u>

**b. Notes to Successor Agency**

In prior years, the City made various loans to the former Redevelopment Agency. Upon dissolution of the Redevelopment Agency, certain loans were approved as enforceable obligations in a letter dated May 26, 2012, from the California Department of Finance and remain as a receivable in the General Fund and a liability of the Successor Agency. At June 30, 2020, the balance of \$11,753,341 consists of the following:

The Towngate Regional Mall notes (Sears Note) totaling \$9,216,575 which originated from a participation agreement (as amended) whereby the Agency acquired certain parcels within the mall for subsequent transfer to major tenants. The notes bear interest at 4.9% and are payable solely from available site-generated property tax increment and up to 50% of site-generated sales tax. Payments on this agreement are determined and pre-approved by the Department of Finance. Furthermore, the Agency has covenanted to use reasonable best efforts to refinance these notes with Tax Allocation Bonds, provided such financing is determined to be fiscally feasible. At June 30, 2020, accrued interest amounts to \$2,536,766.

City of Moreno Valley, California

Notes to Financial Statements  
For the Year Ended June 30, 2020

Note 6 Long-term Debt (Continued)

Direct Borrowing/Direct Placements

2011 Private Placement Refunding

The 2011 Private Placement Refunding Bonds mature in serial and term fashion through November 1, 2022 and bear interest of 3.98%. The original amount of the issue was \$3,272,000. The bonds are payable from lease payments made by the City under a project lease dated November 1, 1997 between the City and the MVPFA. The lease payments are equal to the principal and interest on the bonds and are made by the City for the rental use of the City Hall Annex and Fire Station 65 (John F. Kennedy Park). These properties also act as the security for the agreement. There are no provisions or events of default or termination identified in the Lease Agreements which would result in finance-related consequences or the acceleration clauses. Events of default would result in the ability of the lessor to sublease the leased property for the remainder of the life of the agreement.

The annual debt service requirements for the 2011 Private Placement Refunding, 1997 Lease Revenue Bonds outstanding at June 30, 2020, are as follows:

Year Ending June 30,	2011 Private Placement Refunding	
	Principal	Interest
2021	\$ 305,000	\$ 31,900
2022	318,000	19,502
2023	331,000	6,587
Totals	<u>\$ 954,000</u>	<u>\$ 57,989</u>

City of Moreno Valley, California

Notes to Financial Statements  
For the Year Ended June 30, 2020

Note 6 Long-term Debt (Continued)

Other Debt

2013 Refunding Lease Revenue Bonds

Refunding Lease Revenue Bonds 2013 in the original issue amount of \$11,695,000 were issued for the purpose of paying off a portion of the 2005 Lease Revenue Bonds and certain costs related to the issuance of the Bonds. Of the \$11,695,000 originally issued, the portion for the electric utility infrastructure (\$1,240,770) has been separated and is shown as long-term debt of the Electric Fund business-type activities. The bonds mature in serial fashion through November 1, 2022 and bear interest ranging from 3% to 5.00%. The bonds are not subject to optional redemption or mandatory redemption. The bonds are payable from lease payments made by the City under a project lease dated Dec 1, 2013, between the City and the MVPFA. The lease payments are equal to the principal and interest on the bonds and are made by the City as rent for use of the Public Safety Building and the City Hall. The transaction resulted in an economic gain of \$540,661 and a reduction of \$554,000 in future debt service payments.

The annual debt service requirements for the 2013 Refunding Lease Revenue Bonds outstanding at June 30, 2020, are as follows:

**Direct Borrowing/Direct Placements**

**2018 Streetlight Financing**

Lease/Purchase agreement in the amount of \$8,110,892 was executed to purchase approximately 9,411 streetlights from Southern California Edison and to retrofit approximately 11,100 City-owned streetlights with LED fixtures. Interest on the lease will be charged at 5.42%. Debt service payments start in FY 2019/20 and end in FY 2033/34 and will be paid through MVU streetlight rates. The security for the agreement is the poles themselves, and no General Fund assets will be used to secure this agreement. There are no provisions or events of default or termination identified in the Lease Agreement which would result in finance-related consequences or the acceleration clauses. Events of default would result in the ability of the lessor to take ownership of the leased light poles.

The annual debt service requirements for the 2018 Streetlight Financing outstanding at June 30, 2020, are as follows:

Year Ending June 30,	2018 Streetlight Financing

**Note 6 Long-term Debt (Continued)**

**2019 Lease Revenue Bonds**

2019 Lease Revenue Bonds (Taxable) in the original amount of \$15,830,000 were issued for the purpose of financing capital improvements of the City including installation of approximately 5.8 miles of 12Kv backbone infrastructure, retrofit and/or replacement of switches, and installation of smart meters and associated data collection system. The bonds will mature in serial and term fashion through 2049 and bear a true interest cost of 6.00% per annum. The Series 2019 Bonds will share the “Master Lease” bond structure to secure repayment of the bonds that is also being used to secure the 2015 and the 2016 Lease Revenue Bonds. This allows the City to pledge fewer assets over time for future lease financings. The bonds will be secured primarily by four assets in the master lease, Kitching Substation, Moreno Beach Substation, the Conference and Recreation Center and the Corporation Yard.

The annual debt service requirements for the 2019 Lease Revenue Bonds outstanding at June 30, 2020, are as follows:

**c. Non-Commitment Debt**

*2007 Community Facilities District No. 5 Special Tax Bonds*

The Community Facilities District No. 5 of the City of Moreno Valley 2007 Special Tax Bonds were issued to finance various public improvements needed to develop property located within the Community Facilities District No. 5 ("District"). The original issue amount was \$5,870,000. The Bonds are special limited obligations of the District and are payable solely from revenues derived from certain annual Special Taxes to be levied on and collected from the owners of the taxable land within the District and from certain other funds pledged under the Fiscal Agent Agreement dated May 1, 2007 by and between the City for and on behalf of the District and Wells Fargo Bank, National Association, as fiscal agent.

The Special Taxes are to be levied according to the rates and method of apportionment approved by the City Council, the legislative body of the District, and the qualified electors within the District. Except for the Special Taxes, no other taxes are pledged to the payment of the Bonds. The City is in no way liable for repayment but is acting as an agent for the property owners in collecting the assessments and forwarding the collections to bondholders. Interest on the Bonds will be payable on September 1, 2007 and semiannually thereafter on each March 1 and September 1 thru 2037. Interest rates range from 4.00% to 5.00%. Principal on the Bonds is due each September 1 beginning 2009 and ending 2037. The outstanding balance at June 30, 2020 was \$5,240,000.

*2007 Towngate Improvement Tax Refunding Bonds*

CFD 87-1 Improvement Area No. 1 Special Tax Refunding Bonds in the original issue of \$4,075,000 were issued in November 2007, to refund prior bonds currently outstanding, to fund a reserve for the bonds and to pay issuance costs. The bonds mature in serial fashion through October 1, 2023 and bear interest ranging from 3.75% to 4.875%. The bonds are subject to both optional and mandatory redemption prior to maturity beginning on April 1, 2009. The bonds are payable from and secured by a special tax levy against certain affected parcels within the District.

**City of Moreno Valley, California**

**Notes to Financial Statements  
For the Year Ended June 30, 2020**

**Note 6 Long-term Debt (Continued)**

Under an arrangement (a Cooperation and Reimbursement Agreement) involving the District, the City and the Successor Agency of the former RDA, the required tax levy may be reduced in part by a reimbursable tax increment from the Agency to a maximum of 70.3% of required debt service. This debt is not the responsibility of the City but the City will act as the administrator for the collection of the special tax and the transfer of special tax funds to the trustee for the payment of debt service. The outstanding balance at June 30, 2020 was \$1,290,000.

*2007 Towngate Special Tax Refunding Bonds*

Towngate CFD 87-1 2007 Special Tax Refunding Bonds in the original issue of \$10,665,000 were issued in November 2007, to refund prior bonds currently outstanding, to fund a reserve for the bonds and to pay issuance costs. The bonds mature in serial fashion through December 1, 2021 and bear interest ranging from 3.50% to 5.00%. The bonds are subject to both optional and mandatory redemption prior to maturity beginning on December 1, 2017. The bonds are payable from and secured by a special tax levy against certain affected parcels within the District. Under an arrangement (Participation Agreement) involving the District, the City and the Successor Agency of the former RDA, the required tax levy may be reduced in part by the reimbursable tax increment and utility reimbursements from the Agency. This debt is not the responsibility of the City but the City acts as the administrator for the collection of the special tax and the transfer of special tax funds to the trustee for the payment of debt service. The outstanding balance at June 30, 2020 was \$1,935,000.

*2016 Community Facilities District 7 Improvement Area 1 Special Tax Bonds*

Community Facilities District No. 7 of the City of Moreno Valley issued bonds in the amount of \$3,265,000 in September 2016 to reimburse the site developer for the cost of certain site improvements. These bonds consist of both serial and term bonds that mature on September 1, 2047 and bear interest rates ranging from 1% to 3.25%. The bonds will be repaid from a special tax assessment levied on the parcels and are subject to optional redemption beginning in September 2026. This debt is not the responsibility of the City but the City acts as the administrator for the collection of the special tax and the transfer of special tax funds to the trustee for the payment of debt service. The outstanding balance at June 30, 2020 was \$3,115,000.

Internal Service Funds	-	-	12,678	508,633	599,689	1,121,000
Electric Utility	-	-	-	137,786	9,674	147,460
<b>Totals</b>	<b>\$ 217,760</b>	<b>\$ 4,080,738</b>	<b>\$ 1,390,199</b>	<b>\$13,341,218</b>	<b>\$ 4,701,231</b>	<b>\$ 23,731,146</b>

The General Fund transferred a total of \$5,411,389 to several funds to provide subsidies to cover the operating and capital deficits, and to cover the cost for general benefit services.

The Development Impact Fees Fund and Nonmajor Governmental Funds transferred a total of \$7,609,831 and \$3,055,926, respectively, to Nonmajor Governmental Funds for debt service payments and to provide support for several capital projects in the fiscal year.

The Nonmajor Governmental Funds transferred a total of \$4,080,738 to Development Impact Fees Fund primarily as a result of savings from facility construction projects.

**Note 8 Employee Pension Plan**

**a. General Information about the Pension Plans**

**Plan Descriptions** – All qualified permanent and probationary employees are eligible to participate in the City’s Miscellaneous Plan, an agent multiple-employer defined benefit pension plan administered by the California Public Employees’ Retirement System (CalPERS), which acts as common investment and administrative agent for its participating member employers. Benefits provisions under the Plan are established by State statute and City resolution. CalPERS issues publicly available reports that include a full description of the pension plans regarding benefit provisions, assumptions and membership information that can be found on CalPERS website.

**Benefits Provided** – CalPERS provides service retirement and disability benefits, annual cost of living adjustments and death benefits to plan members, who must be public employees and beneficiaries. Benefits are based on years of credited service, equal to one year of full time employment. Classic CalPERS members with five years of total service are eligible to retire at age 50 with statutorily reduced benefits. PEPR CalPERS members with five years of total service are eligible to retire at age 52 with statutorily reduced benefits. All members are eligible for non-duty disability benefits after 10 years of service. The death benefit is one of the following: the Basic Death Benefit, the 1957 Survivor Benefit, or the Optional Settlement 2 Death Benefit. The cost of living

**City of Moreno Valley, California**

**Notes to Financial Statements  
For the Year Ended June 30, 2020**

**Note 8 Employee Pension Plan (Continued)**

adjustments for each plan are applied as specified by the Public Employees' Retirement Law.

The Plans' provisions and benefits in effect at June 30, 2020, are summarized as follows:

	<b>Miscellaneous</b>		
	Prior to December 23, 2011	December 23, 2011 thru December 31, 2012	On or after January 1, 2013
Hire Date			
Benefit Formula	2.7% @ 55	2.0% @ 55	2.0% @ 62
Benefit vesting schedule	5 years service	5 years service	5 years service
Benefit payments	Monthly for life	Monthly for life	Monthly for life
Retirement Age	50-55	50-55	52-62
Monthly benefits, as a % of eligible compensation	2.0% to 2.7%	1.426% to 2.418%	1.0% to 2.5%
Required employee contribution rates	8.00%	7.00%	6.75%
Required employer contribution rates	35.893%	35.893%	35.893%

**Employees Covered** – At June 30, 2020, the following employees were covered by the benefit terms for each Plan:

	<b>Miscellaneous</b>
Active Employees	311
Retired Employees	379
Inactive Employees	279

**Contributions** – Section 20814(c) of the California Public Employees' Retirement Law requires that the employer contribution rates for all public employers be determined on an annual basis by the actuary and shall be effective on the July 1 following notice of a change in the rate. Funding contributions for both Plans are determined annually on an actuarial basis as of June 30 by CalPERS. The actuarially determined rate is the estimated amount necessary to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. The City is required to contribute the difference between the actuarially determined rate and the contribution rate of employees.

**b. Net Pension Liability**

The City's net pension liability is measured as the total pension liability, less the pension plan's fiduciary net position. The net pension liability is measured as of June 30, 2019, using an annual actuarial valuation as of June 30, 2018 rolled forward to June 30, 2019 using standard update procedures. A summary of principal assumptions and methods used to determine the net pension liability is shown below.

**City of Moreno Valley, California**

**Notes to Financial Statements  
For the Year Ended June 30, 2020**

**Note 8 Employee Pension Plan (Continued)**

**Actuarial Assumptions** – The total pension liabilities in the June 30, 2018 actuarial valuations were determined using the following actuarial assumptions:

	<b>Miscellaneous</b>
Valuation date	June 30, 2018
Measurement date	June 30, 2019
Actuarial cost method	Entry Age Normal Cost Method
 Actuarial assumptions:	
Discount rate	7.15%
Inflation	2.75%
Payroll growth	3.00%
Projected salary increase	Varies by Entry Age and Service (1)
Investment rate of return	7.375% (2)
Mortality	Derived using CalPERS' Membership Data for all Funds

(1) Depending on age, service, and type of employment

(2) Net of pension plan investment and administrative expenses, including inflation

The underlying mortality assumptions and all other actuarial assumptions used in the June 30, 2018 valuation were based on the results of a 2014 CalPERS actuarial experience study for the period 1997 to 2011. Further details of the Experience Study can found on the CalPERS website.

**Discount Rate** – The discount rate used to measure the total pension liability was 7.15% for the Plan. To determine whether the municipal bond rate should be used in the calculation of a discount rate for each plan, CalPERS stress tested plans that would most likely result in a discount rate that would be different from the actuarially assumed discount rate. Based on the testing, none of the tested plans run out of assets. Therefore, the current 7.15% discount rate is adequate and the use of the municipal bond rate calculation is not necessary. The long-term expected discount rate of 7.15% is without reduction of pension plan administrative expenses and will be applied to all plans in the Public Employees Retirement Fund (PERF). The stress test results are presented in a detailed report that can be obtained from the CalPERS website.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class.

**City of Moreno Valley, California**

**Notes to Financial Statements  
For the Year Ended June 30, 2020**

**Note 8 Employee Pension Plan (Continued)**

In determining the long-term expected rate of return, CalPERS took into account both short-term and long-term market return expectations as well as the expected pension fund cash flows. Using historical returns of all the funds' asset classes, expected compound returns were calculated over the short-term (first 10 years) and the long-term (11-60 years) using a building-block approach. Using the expected nominal returns for both short-term and long-term, the present value of benefits was calculated for each fund. The expected rate of return was set by calculating the single equivalent expected return that arrived at the same present value of benefits for cash flows as the one calculated using both short-term and long-term returns. The expected rate of return was then set equivalent to the single equivalent rate calculated above and rounded down to the nearest one quarter of one percent.

The table below reflects the long-term expected real rate of return by asset class. The rate of return was calculated using the capital market assumptions applied to determine the discount rate and asset allocation. These rates of return are net of administrative expenses.

Asset Class <sup>1</sup>	New Strategic Allocation	Real Return Years 1-10 <sup>2</sup>	Real Return Years 11+ <sup>3</sup>
Public Equity	50.0%	4.80%	5.98%
Global Fixed Income	28.0%	1.00%	2.62%
Inflation Sensitive	0.0%	0.77%	1.81%
Private Equity	8.0%	6.30%	7.23%
Real Assets	13.0%	3.75%	4.93%
Liquidity	1.0%	0.00%	-0.92%

<sup>1</sup> In the Basic Financial Statements, fixed income is included in Global Debt Securities; Liquidity is included in Short Term Investments; Inflation Assets are included in both Global Equity Securities and Global Debt Securities

<sup>2</sup> An expected inflation of 2.0% used for this period

<sup>3</sup> An expected inflation of 2.92% used for this period

For the Year Ended June 30, 2020**

**Note 8 Employee Pension Plan (Continued)**

**c. Changes in the Net Pension Liability**

The changes in the Net Pension Liability over the measurement period are as follows:

Miscellaneous Plan:	Total Pension Liability	Plan Fiduciary Net Position	Net Pension Liability	Governmental Activities Net Pension Liability (Asset)	Enterprise Net Pension Liability (Asset)
Balance at June 30, 2018 (MD)	\$ 207,884,851	\$ 139,792,584	\$ 68,092,267	\$ 66,253,697	\$ 1,838,570
Changes in the year:					
Service Cost	4,224,541	-	4,224,541	4,078,730	145,811
Interest on the Total Pension Liability	14,940,039	-	14,940,039	14,424,382	515,657
Differences between Expected and Actual Experience	3,645,228	-	3,645,228	3,519,412	125,816
Net Plan to Plan Resource Movement	-	-	-	-	-
Contributions - Employer	-	7,094,031	(7,094,031)	(6,849,180)	(244,851)
Contributions - Employees	-	1,710,075	(1,710,075)	(1,651,052)	(59,023)
Net Investment Income	-	9,301,132	(9,301,132)	(8,980,102)	(321,030)
Benefit Payments, including Refunds of Employee Contributions	(9,381,500)	(9,381,500)	-	-	-
Administrative Expense	-	(99,759)	99,759	96,316	3,443
Other Miscellaneous Income/(Expense)	-	323	(323)	(312)	(11)
Net Changes	<u>13,428,308</u>	<u>8,624,302</u>	<u>4,804,006</u>	<u>4,638,194</u>	<u>165,812</u>
Balance at June 30, 2019 (MD)	<u>\$ 221,313,159</u>	<u>\$ 148,416,886</u>	<u>\$ 72,896,273</u>	<u>\$ 70,891,891</u>	<u>\$ 2,004,382</u>

***Sensitivity of the Net Pension Liability to Changes in the Discount Rate***

The following presents the net pension liability of the City calculated using the discount rate for the Miscellaneous Plan, as well as what the City's net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower or 1-percentage point higher than the current rate:

	1% Decrease to 6.15%	Current Discount Rate 7.15%	1% Increase to 8.15%
Net Pension Liability	\$ 102,797,734	\$ 72,896,273	\$ 48,179,991

**City of Moreno Valley, California**

**Notes to Financial Statements  
For the Year Ended June 30, 2020**

**Note 8 Employee Pension Plan (Continued)**

**d. Pension Expenses and Deferred Outflows/Inflows of Resources Related to Pensions**

For the year ended June 30, 2020, the City recognized pension expense of \$11,738,885 principally paid by General Fund, Community Services District, and the Electric Utility. At June 30, 2020, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Pension contributions subsequent to measurement date	\$ 7,972,616	\$ -
Changes of assumptions	-	(439,465)
Differences between expected and actual experience	2,295,144	(560,922)
Net difference between projected and actual earnings on pension plan investments	-	(873,759)
	<u>\$ 10,267,760</u>	<u>\$ (1,874,146)</u>

\$7,972,616 reported as deferred outflows of resources related to contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2021. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized as pension expense as follows:

Measurement Periods Ending June 30:	
2020	\$ 796,910
2021	(251,729)
2022	(249,239)
2023	125,056
2024	-
Thereafter	-

Note: The fiscal year will be one year later than the measurement period. The 2020 measurement period presented in the above table will be listed as year 2021 in the City's fiscal year ending June 30, 2020 financial statements.

As of June 30, 2020, the City did not have outstanding amount of contributions to the pension plan required for the year ended June 30, 2020.

**City of Moreno Valley, California**

**Notes to Financial Statements  
For the Year Ended June 30, 2020**

**Note 9            Other Post Employment Benefits (OPEB)**

***Plan Description***

The City's defined benefit postemployment healthcare plan provides a portion of certain health care for retired employees. In accordance with City policy, employees hired prior to September 30, 2011, who retire directly from the City under CalPERS (age 50 and 5 years of CalPERS service or disability) and are not temporary employees, are eligible for these benefits. In June 2009, the City established an irrevocable trust fund to begin funding the City's unfunded liability through the California Employers' Retiree Benefit Trust (CERBT), an agent multiple-employer plan administered by CalPERS, which acts as a common investment and administrative agent for participating public employers within the State of California. A menu of benefit provisions, as well as other requirements, are established by state statutes within the Public Employees' Retirement Law. The City selects optional benefit provisions from the benefit menu by contract with CalPERS and adopts those benefits through local ordinance. The City administers a single-employer defined-benefit post-employment healthcare plan. Benefits vary by hire date and employment status (Management or Non-Management). Benefits continue to the surviving spouses.

CalPERS issues a separate comprehensive annual financial report. Copies of the CalPERS annual financial report may be obtained from the CalPERS Headquarters, 400 Q Street, Sacramento, California 95811.

***Benefits Provided***

The Public Employees' Medical and Hospital Care Act (PEMHCA) minimum amount for retirees participating in PEMHCA is \$139 per month for 2020 PEMHCA amounts are adjusted on an annual basis.

An additional \$318.73 per month will be paid for medical, dental, and vision for full-time employees hired and for City Council elected before September 30, 2011. The total subsidy will not be greater than the premium for the retiree and spouse. Coverage is allowed under any medical plan.

***Employees Covered by Benefit Terms***

At June 30, 2018 (the census date), the following employees were covered by the benefit terms:

Category	Count
Active employees	296
Inactive employees or beneficiaries currently receiving benefit payments	270
Inactive employees entitled to but not yet receiving benefit payment	0

**City of Moreno Valley, California**

**Notes to Financial Statements  
For the Year Ended June 30, 2020**

**Note 9 Other Post-Employment Benefits (OPEB) (Continued)**

***Contributions***

The City establishes contributions based on the Actuarially Determined Contribution (ADC). For the year ended June 30, 2020, the City's ADC contribution rate was 4.62% of covered-employee-payroll. Employees do not contribute to the plan, but instead pay the difference between the benefit that they receive and the monthly premium for that benefit.

**Net OPEB Liability**

The City's total OPEB liability was valued as of June 30, 2018 and was used to calculate the net OPEB liability measured as of June 30, 2019.

***Actuarial Assumptions***

This valuation assumes that the City will fund the OPEB benefits using the ADC each year, with the ADC calculated as the sum of the Entry Age Normal Cost (cash subsidy only) for the year plus amortization of the Unfunded Actuarial Accrued Liability (UAAL) and estimated administrative expenses. The Normal Cost is the portion of the Actuarial Present Value of benefits allocated to a valuation year. The UAAL is the excess of the Entry Age Normal Actuarial Accrued Liability over the Market Value of Assets.

The total OPEB liability in the June 30, 2019 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified:

Measurement Date:	<u>June 30, 2018</u>	<u>June 30, 2019</u>	
Discount Rate	7.28%	6.17%	
Investment rate of return	7.28%	6.17%	
Inflation	2.50%	2.50%	
Healthcare cost trend rates	n/a	5.50%	Trending down to 3.84% over 55 years.
Salary Increases	2.75%	2.75%	Additional merit-based increases based on CalPERS merit salary increase tables.
Mortality Rates	Based on CalPERS tables.		

\*Projections of the sharing of benefit-related costs are based on an established pattern of practice.

\*Experience studies come from the CalPERS Pension Assumption Model, revised May 14, 2018.

\*Inactive employees (retirees) pay for the cost of premiums not covered by the plan.

\*There were no ad hoc postemployment benefit changes (including ad hoc COLAs) to the plan.

***Changes of Assumptions***

For measurement period ending June 30, 2019 the discount rate and the investment rate of return decreased to 6.17% from 7.28%.

**City of Moreno Valley, California**

**Notes to Financial Statements  
For the Year Ended June 30, 2020**

**Note 9 Other Post-Employment Benefits (OPEB) (Continued)**

***Discount rate***

The discount rate used to measure the total OPEB liability is 6.17%. This is the expected long-term rate of return on City assets using the Strategy I asset allocation provided by California Employers' Retiree Benefit Trust (CERBT). The projection of cash flows used to determine the discount rate assumed that the City contribution will be made at rates equal to the actuarially determined contribution rates. Base on those assumptions, the OPEB plan's fiduciary net position is projected to cover all future OPEB payments. Therefore, the discount rate was set equal to the long-term expected rate of return.

***Long-Term Expected Real Rate of Return***

The long-term expected rate of return is determined using the long-term rates of return developed by the CalPERS Investment Office in their report dated August 18, 2014.

Asset Class	Target Allocation	Long-Term Compound Real Rate of Return
Global Equity	57%	8.71%
Fixed Income	27%	5.40%
Treasury Inflation Protection Securities	5%	5.25%
Real Estate Investment Trusts	8%	10.88%
Commodities	3%	7.95%

**Changes in the Net OPEB Liability**

	Increases (Decreases)		
	Total OPEB Liability	Plan Fiduciary Net Position	Net OPEB Liability
Balance as of Report Date June 30, 2019	\$ 16,792,895	\$ 10,339,408	\$ 6,453,487
Changes for the year:			
Service Cost	360,905	-	360,905
Interest on the Total OPEB Liability	1,212,957	-	1,212,957
Differences Between Expected and Actual Experience	(200,112)	-	(200,112)
Changes of Assumptions	1,961,763	-	1,961,763
Contribution - Employer		661,483	(661,483)
Implicit subsidy - Employer		295,036	(295,036)
Net Investment Income		670,718	(670,718)
Benefit Payments, Including			
Refunds of Employee Contributions	(689,589)	(689,589)	-
Implicit Subsidy Credit	(295,036)	(295,036)	-
Administrative Expenses	-	(2,350)	2,350
Other Miscellaneous Income/ (Expense)	-	(10,898)	10,898
Net Changes	<u>2,350,888</u>	<u>629,364</u>	<u>1,721,524</u>
Balance as of Report Date June 30, 2020	<u>\$ 19,143,783</u>	<u>\$ 10,968,772</u>	<u>\$ 8,175,011</u>

**City of Moreno Valley, California**

**Notes to Financial Statements  
For the Year Ended June 30, 2020**

**Note 9 Other Post-Employment Benefits (OPEB) (Continued)**

***Sensitivity of the net OPEB liability to changes in the discount rate***

The net OPEB liability of the City, as well as what the City's net OPEB liability would be if it were calculated using a discount rate that is one percentage point lower (5.17%) or one percentage point higher (7.17%) follows:

	1% Decrease <u>5.17%</u>	Discount Rate <u>6.17%</u>	1% Increase <u>7.17%</u>
Net OPEB liability	\$ 10,285,254	\$ 8,175,011	\$ 6,387,930

***Sensitivity of the net OPEB liability to changes in the healthcare cost trend rates***

The net OPEB liability of the City, as well as what the City's net OPEB liability would be if it were calculated using healthcare cost trend rates that are one percentage point lower (4.50%) or one percentage point higher (6.50%) than current healthcare cost trend rates follows:

	1% Decrease <u>4.50%</u>	Trend Rate <u>5.50%</u>	1% Increase <u>6.50%</u>
	Decreasing to <u>2.84%</u>	Decreasing to <u>3.84%</u>	Decreasing to <u>4.84%</u>
Net OPEB liability	\$ 7,872,548	\$ 8,175,011	\$ 8,525,475

**OPEB Expense and Deferred Inflows and Outflows of Resources Related to OPEB**

For the year ended June 30, 2020, the City recognized a reduction in OPEB expense of \$994,094. At June 30, 2020, the City reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences Between Expected and Actual Experience	\$ 95,716	\$ (170,683)
Changes of Assumptions	1,673,268	(602,858)
Net Difference Between Projected and Actual Earnings on Plan Investments	-	(48,506)
City Contribution Subsequent to the Measurement Date	<u>934,040</u>	<u>-</u>
Total	<u>\$ 2,703,024</u>	<u>\$ (822,047)</u>

**City of Moreno Valley, California**

**Notes to Financial Statements  
For the Year Ended June 30, 2020**

**Note 9 Other Post-Employment Benefits (OPEB) (Continued)**

Amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Report Year Ending June 30	
2021	\$ 43,314
2022	214,250
2023	161,039
2024	146,535
2025	174,544
Remaining	207,255

**Note 10 Commitments and Contingencies**

**a. Community Facilities District No. 87-1 Agreement**

In connection with the issuance of the Community Facilities District No. 87-1 (CFD) Towngate 2007 Special Tax Refunding Bonds, the former Community Redevelopment Agency entered into an owner participation agreement whereby the Agency has committed tax increment for the payment of debt service requirements for these Bonds.

**b. Construction Commitments**

The following material construction commitments existed at June 30, 2020:

Project Name	Contract Amount	Expenditures to date as of 6/30/2020	Remaining Commitments
<u>Governmental Activities</u>			
SR- 60/ World Logistics Center Parkway Interchange	\$ 3,315,222	\$ 3,017,376	\$ 297,846
SR- 60/ Moreno Beach IC Phase 2	1,833,606	1,729,314	104,292
Other projects	1,408,732	912,063	496,669
<u>Electric Utility</u>			
Day Street Line Extension	\$ 2,283,744	\$ 2,249,124	\$ 34,620
City Hall Annex Solar Carport	1,290,000	228,500	1,061,500
ENCO Work Authorizations on MVU CIP Projects	161,593	125,131	36,462

**City of Moreno Valley, California**

**Notes to Financial Statements  
For the Year Ended June 30, 2020**

**Note 10            Commitments and Contingencies (Continued)**

**c. Litigation**

There are several lawsuits pending against the City. The outcome and eventual liability of the City, if any, in these cases is not known at this time. Management estimates that the potential claims against the City, not covered by insurance or self-insurance reserves, resulting from such litigation would not materially affect the financial statements of the City.

**d. Grants Review**

The City has received local, state and federal funds for specific purposes that are subject to review and audit by the contracting agencies. Although such audits could generate expense disallowances under terms of the grants or contracts, it is believed that any required reimbursements will not be material.

**e. Tax Abatements**

GASB 77

As of June 30, 2020, the City has entered into two agreements to provide tax abatements to local businesses. These abatements are designed to encourage businesses to hire city residents and have "local hire" clauses in them. The structure of the abatement, or rebate, and the local-hire requirement is specific to each agreement and may vary with each one.

**Agreement # 1**

The terms of Agreement # 1, approved by City Council Resolution 2015-54, require that sales tax is refunded based on preset percentages over the life of the agreement. The original agreement covered a ten-year period but on August 23, 2018, the participating business completed the additional conditions which were required to extend the agreement to the full twenty-year period. Payments are made to the business on a quarterly basis as the detailed sales tax data is received from the California Board of Equalization.

The participating business is required to certify their compliance annually. If hiring levels fall below the 30% for a given year, the City is entitled to recapture a pro-rate share of the revenues abated for that year. The recapture clause is limited to the payments that pertain to the particular year where the requirement was not met and cannot be applied to any payments previously earned.

<u>Agreement Years</u>	<u>Tax Abatement Rate</u>
Years 1 through 5	60%
Years 6 through 10	50%
Years 11 through 15	50%
Years 16 through 20	40%

City of Moreno Valley, California

Notes to Financial Statements  
For the Year Ended June 30, 2020

Note 10 Commitments and Contingencies (Continued)

Agreement # 2

The terms of Agreement # 2, approved by City Council Resolution 2016-11, require that sales tax be refunded based on reaching established thresholds as shown in the following table. The term of this agreement is four years and is capped at \$60,000 per year and at \$240,000 over the life of the agreement.

The participating business is required to certify their compliance annually. If hiring levels fall below the 30% for a given year, the City is entitled to withhold the abatement for that year.

<u>Threshold #</u>	<u>Annual Threshold Range</u>	<u>Distribution</u>
Threshold #1	\$0-\$60,000	Retained by City
Threshold #2	\$60,001-\$120,000	Due to Business
Threshold #3	Over \$120,000	Retained by City

Section 7056.a.1 of the California Revenue and Taxation Codes states that “it is unlawful for the board, any person having an administrative duty under this part or any person who obtains access to information contained in, or derived from, sales or transactions and use tax records of the board pursuant to subdivision (b), to make known in any manner whatever the business affairs, operations, or any other information pertaining to any retailer or any other person required to report to the board or pay a tax pursuant to this part”. As such the City is unable to provide the amount of the tax that was abated during the year since this would result in a breach of the confidentiality standard.

**City of Moreno Valley, California**

**Notes to Financial Statements  
For the Year Ended June 30, 2020**

**Note 11 Self-Insurance**

The City is a member of CSAC Excess Insurance Authority. The Authority is a member directed joint powers insurance pool, which has been operational since October 1979. The purpose of the Authority is to arrange and administer programs for the pooling of self-insured losses, to purchase excess insurance or reinsurance, and to arrange for group purchased insurance for property and other coverage.

The City participates in the excess workers' compensation and employer's liability programs of the Authority. For workers' compensation, the City has a self-insured retention of \$300,000 per occurrence. For employer's liability, the City has a self-insured retention of \$250,000 per occurrence. The City has a pooled retention of \$5,000,000 each occurrence, a \$45,000,000 reinsurance layer in excess of the \$5,000,000 pooled retention per occurrence for workers' compensation claims, and a \$5,000,000 employer's liability reinsurance layer per occurrence in excess of the \$5,000,000 pooled retention. During the past three fiscal years, none of the above programs of protection have had settlements or judgments that exceeded pooled or insured coverage. There has been no significant reduction in pooled or insured liability coverage from coverage in the prior year.

*Self-Insurance Payable*

The City is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; and injuries to employees. The City established two self-insurance funds (Internal Service Funds) to account for and finance its uninsured risks of loss. Under this program, the self-insurance funds provide coverage for up to a maximum of \$300,000 for each workers' compensation claim and \$250,000 for each general liability claim. The City purchases commercial insurance for claims in excess of coverage provided by the funds and for all other risks of loss. Settled claims have not exceeded this commercial coverage in any of the past three years. All funds of the City participate in the program and make payments to the self-insurance funds based on actuarial estimates of the amounts needed to pay prior and current year claims.

The fund establishes claims liabilities based on estimates of the ultimate cost of claims (including future claim adjustment expenses) that have been reported but not settled, and of claims that have been incurred but not reported. The City has accrued for its anticipated liability with respect to claims filed and claims incurred but not reported to the City as of year-end. The accruals are in the amounts of \$1,418,000 and \$1,029,000 for the workers' compensation claims and general liability claims, respectively, for a total of \$2,447,000. Of these amounts, the current year's adjustment is an increase of \$440,000.

**City of Moreno Valley, California**

**Notes to Financial Statements  
For the Year Ended June 30, 2020**

**Note 11 Self-Insurance (Continued)**

A reconciliation of changes in aggregate liabilities for claims for the current fiscal year and the prior fiscal year is as follows:

	General Liability	Workers Compensation	Total
Amounts of accrued claims at June 30, 2018	\$ 667,000	\$ 1,460,000	\$ 2,127,000
Incurred claims, representing the total of provision for events for the current fiscal year and any changes (increase or decrease) in the provision for events of prior fiscal years and adjustments to estimates.	270,270	99,048	369,318
Payments on claims attributable to events of both the current fiscal year and prior fiscal years.	<u>(224,270)</u>	<u>(265,048)</u>	<u>(489,318)</u>
Amount of accrued claims at June 30, 2019	713,000	1,294,000	2,007,000
Incurred claims, representing the total of provision for events for the current fiscal year and any changes (increase or decrease) in the provision for events of prior fiscal years and adjustments to estimates.	349,825	478,979	828,804
Payments on claims attributable to events of both the current fiscal year and prior fiscal years.	<u>(33,825)</u>	<u>(354,979)</u>	<u>(388,804)</u>
Amount of accrued claims at June 30, 2020	<u>\$ 1,029,000</u>	<u>\$ 1,418,000</u>	<u>\$ 2,447,000</u>

**City of Moreno Valley, California**

**Notes to Financial Statements  
For the Year Ended June 30, 2020**

**Note 12      Successor Agency Trust for Assets of the Former Redevelopment Agency**

On December 29, 2011, the California Supreme Court upheld Assembly Bill X1 26 ("the Bill") that provides for the dissolution of all redevelopment agencies in the State of California. This action impacted the reporting entity of the City of Moreno Valley that previously had reported a redevelopment agency within the reporting entity of the City as a blended component unit.

The Bill provides that upon dissolution of a redevelopment agency, either the city or another unit of local government will agree to serve as the "successor agency" to hold the assets until they are distributed to other units of state and local government. On January 10, 2012, the City Council elected to become the Successor Agency for the former redevelopment agency in accordance with the Bill as part of City resolution number 2012-04.

After enactment of the law, which occurred on June 28, 2011, redevelopment agencies in the State of California cannot enter into new projects, obligations or commitments. Subject to the control of a newly established oversight board, remaining assets can only be used to pay enforceable obligations in existence at the date of dissolution (including the completion of any unfinished projects that were subject to legally enforceable contractual commitments).

In future fiscal years, successor agencies will only be allocated revenue in the amount that is necessary to pay the estimated annual installment payments on enforceable obligations of the former redevelopment agency until all enforceable obligations of the prior redevelopment agency have been paid in full and all assets have been liquidated.

The City acts as the Successor Agency for the former redevelopment agency and accounts for its activities in a private purpose trust fund.

**Cash and Investments**

Cash and investments of the Successor Agency reported in the accompanying financial statements consisted of the following:

Cash and Investments	\$ 2,874,304
Cash and Investments with Fiscal Agent	<u>197,754</u>
	<u>\$ 3,072,058</u>

The Successor Agency's cash and investments are pooled with the City's cash and investments in order to generate optimum interest income. The share of the pooled cash account is separately accounted for, and investment income is allocated to all participating funds based on the relationship of their average daily cash balances to the total of the pooled cash and investments. Information regarding the authorized types of deposits and investments, the type of risks (i.e. credit, interest rate, custodial, etc.) and other disclosures associated with the City's pooled cash and investments is reported in Note 3.

Unamortized premium	3,340,203	-	(167,010)	3,173,193	167,010
Totals	<u>\$ 53,901,544</u>	<u>\$ -</u>	<u>\$ (930,010)</u>	<u>\$ 52,971,534</u>	<u>\$ 930,010</u>

**Loans Payable to the City of Moreno Valley**

The Towngate Regional Mall notes (Sears Note), totaling \$13,000,000, originated from a participation agreement (as amended) whereby the Agency acquired certain parcels within the mall for subsequent transfer to major tenants. The notes bear interest of 4.9% and are payable solely from available site-generated property tax increment. Furthermore, the Agency had covenanted to use reasonable best efforts to refinance these notes with Tax Allocation Bonds, provided such financing is determined to be fiscally feasible. During 2003-2004, the City purchased the rights to the notes from the holder.

In a letter dated May 26, 2012, the California Department of Finance approved this loan as an enforceable obligation. At June 30, 2020, the outstanding principal and accrued interest balances are \$9,216,575 and \$2,536,766, respectively.

**City of Moreno Valley, California**

**Notes to Financial Statements  
For the Year Ended June 30, 2020**

**Note 12      Successor Agency Trust for Assets of the Former Redevelopment Agency  
(Continued)**

**2017 Tax Allocation Bonds Series A**

On September 13, 2017, the Successor Agency for the City of Moreno Valley issued bonds in the amount of \$38,045,000 for the purpose of paying off the remaining portion of the 2007 Moreno Valley Redevelopment Agency Tax Allocation Bonds (\$40,855,000 as of August 1, 2017). These bonds are comprised of both serial and term bonds bearing interest rates ranging from 3.125% to 5%. With a final maturity of August 1, 2038 that bear a true interest cost of 3.057%. These bonds include an optional call provision beginning in 2027. The repayment of this debt will be financed through Tax Increment and has been approved by the California Department of Finance to be included in future Recognized Obligation Payment Schedules (ROPS) submitted by the Successor Agency. This transaction is a current refunding of the outstanding debt, and resulted in an economic gain of \$8 million and a net savings in debt service costs of \$9.2 million.

The annual debt service requirements for the 2017 Tax Allocation Bonds Series A outstanding at June 30, 2020, are as follows:

Year Ending June 30,	2017 Tax Allocation Bonds Series A	
	Principal	Interest
2021	\$ -	\$ 1,506,881
2022	-	1,506,881
2023	-	1,506,881
2024	-	1,506,881
2025	-	1,506,881
2026-2030	10,195,000	6,429,556
2031-2035	14,315,000	3,468,981
2036-2039	13,535,000	860,091
Totals	<u>\$ 38,045,000</u>	<u>\$ 18,293,033</u>

**City of Moreno Valley, California**

**Notes to Financial Statements  
For the Year Ended June 30, 2020**

**Note 12      Successor Agency Trust for Assets of the Former Redevelopment Agency  
(Continued)**

**Pledged Revenue**

The former Redevelopment Agency pledged, as security for bonds issued, either directly or through the Financing Authority, a portion of tax increment revenue (including Low and Moderate Income Housing set-aside and pass through allocations) that it receives. The bonds issued were to provide financing for various capital projects, accomplish Low and Moderate Income Housing projects and to defease previously issued bonds. Assembly Bill X1 26 provided that upon dissolution of the Redevelopment Agency, property taxes allocated to redevelopment agencies no longer are deemed tax increment but rather property tax revenues and will be allocated first to successor agencies to make payments on the indebtedness incurred by the dissolved redevelopment agency. Total principal and interest remaining on the debt is \$56,338,033 with annual debt service requirements as indicated in the previous chart. For the current year, the total property tax revenue recognized by the Successor Agency for the payment of indebtedness incurred by the dissolved redevelopment agency was \$4,475,374 and the debt service obligation on the bonds was \$2,234,509.

**a. Insurance**

The Successor Agency is covered under the City of Moreno Valley's insurance policies. Therefore, the limitation and self-insured retentions applicable to the City also apply to the Successor Agency. Additional information as to coverage and self-insured retentions can be found in Note 11.

**b. Commitments and Contingencies**

*Litigation*

At June 30, 2020, the Successor Agency was involved as a defendant in several lawsuits arising out of the ordinary conduct of its affairs. It is the opinion of management that settlements of these lawsuits, including losses for claims that are incurred but not reported, if any, will not have a material effect on the financial position of the Successor Agency.

**City of Moreno Valley, California**

**Notes to Financial Statements  
For the Year Ended June 30, 2020**

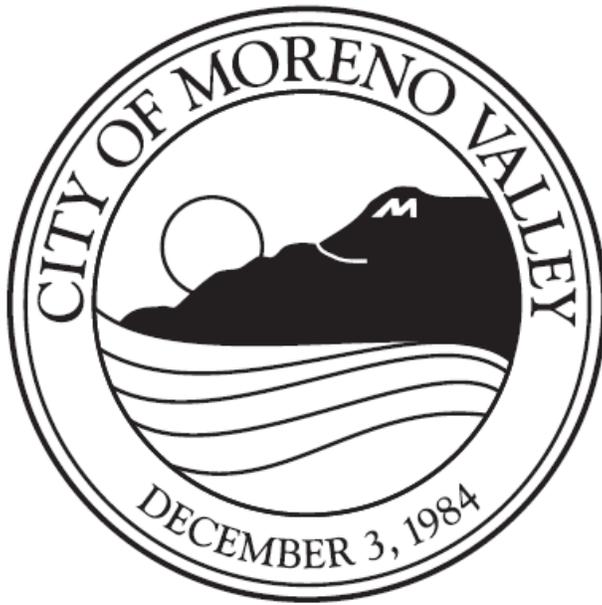

**Note 13      Subsequent Events**

***Debt Issuances***

On October 8, 2020, the City of Moreno Valley issued bonds in the amount of \$20,970,000 for the purpose of paying off the remaining portion of the 2013 (\$17,885,000 as of October 8, 2020.). These bonds are comprised of both serial and term bonds bearing interest rates ranging from .435% to 3.238%. With a final maturity of June 1, 2039 they bear a true interest cost of 2.686064%. These bonds include an optional call provision beginning in 2027. The repayment of this debt will be financed through the pledge of the City's Measure A revenues. This transaction is an advance refunding of the outstanding debt, and will result in an economic gain of \$1.3 million and a net savings in debt service costs of \$1.7 million.

***COVID-19***

The local responses to the COVID-19 pandemic implemented by both the state and county have been a shock to the local economy. In response to the "Safer at Home" executive order issued by the governor, City staff took a proactive approach to address potential revenue impacts. During the last quarter of the fiscal year, City staff prepared a series of cost cutting measures to be prepared for the impact of potential declines in local taxes such as sales tax and transient occupancy tax and the overall effect that the pandemic could have on the local economy due to the broad measures, most notably the impact on jobs. These cost-reducing measures included postponing or cancelling some costs related to non-essential tasks in addition to a reduction in personnel costs through the implementation of a furlough program. The overall impact of the pandemic during FY 2019-20 has been minimal, but as the pandemic stretches into fiscal year 2020-2021, the overall impact on the economy at the local, state and national level has yet to be determined. City staff is closely monitoring the existing economic conditions and its financial effect on the organization and will implement budgetary measures as deemed necessary.

**Notes to Schedule:**

Changes of Assumptions: For measurement period ending June 30, 2019 the discount rate and investment rate of return reduced to 6.17% from 7.28%.

<sup>1</sup> A one time change to the valuation approach was made to bring the census date in line with the measurement date, and to set the report date one year ahead of the measurement date to allow the City to complete reports ahead of the fiscal year.

\* Historical information is required only for measurement periods where GASB 75 is applicable. The City adopted GASB 75 for the fiscal year ending June 30, 2017.

**City of Moreno Valley, California**

**Schedule of Contributions - OPEB  
Last Ten Years\***

	For the Fiscal Years Ended June 30			
	2017	2018	2019	2020
Actually determined contributions	\$ 642,132	\$ 659,902	\$ -	\$ 908,656
Contributions in relation to the actuarially determined contributions	(1,116,747)	(927,877)	-	(956,519)
Contribution deficiency / (excess)	<u>\$ (474,615)</u>	<u>\$ (267,975)</u>	<u>\$ -</u>	<u>\$ (47,863)</u>
Covered-employee payroll	<u>\$ 20,650,038</u>	<u>\$ 21,269,539</u>	<u>\$ 20,129,158</u>	<u>\$ 20,682,710</u>
Contributions as a percentage of covered-employee payroll	<u>5.41%</u>	<u>4.36%</u>	<u>0.00%</u>	<u>4.62%</u>

**Notes to Schedule:**

Assumptions and Methods

Actuarial cost method	Entry age normal cost, level percent of pay
Amortization method	Closed period, level percent of pay
Amortization period	20 years
Inflation	2.50%
Assumed Payroll Growth	2.75%
Healthcare trend rates	6.0%, trending down to 3.84%
Rate of return on assets	6.17%
Mortality rate	CalPERS rates
Retirement rates	CalPERS rates

## Schedule of Investment Returns - OPEB Last Ten Years\*

	<u>Fiscal Year Ended June 30, 2017</u>	<u>Fiscal Year Ended June 30, 2018</u>	<u>Fiscal Year Ended June 30, 2019</u>	<u>Fiscal Year Ended June 30, 2020</u>
Annual money-weighted rate of return, net of investment expense	9.77%	10.24%	-0.70%	6.72%

Notes: The annual money-weighted rate of return, net of investment expenses, is the net investment income for the year divided by the average net position for the year (less investment expenses).

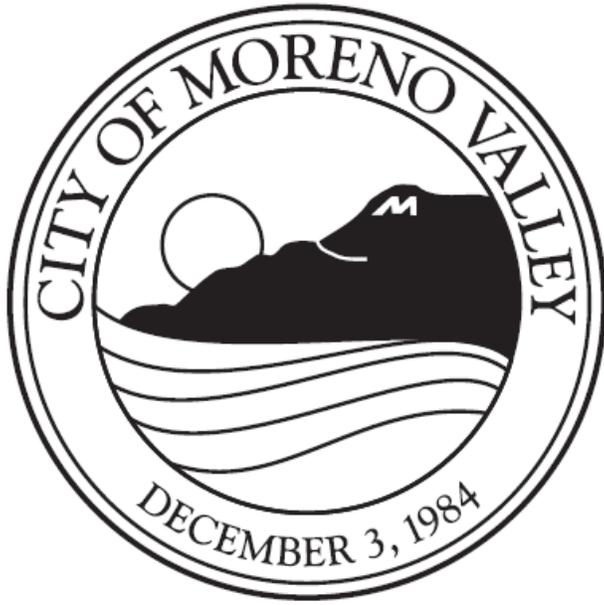

\* Historical information is required only for measurement periods where GASB 75 is applicable. The City adopted GASB 75 for the fiscal year ending June 30, 2017.

# Supplemental Schedules

## comprehensive annual **FINANCIAL** REPORT

FISCAL YEAR ENDED JUNE 30, 2020

**City of Moreno Valley, California**

**NONMAJOR GOVERNMENTAL FUNDS**

**SPECIAL REVENUE FUNDS:**

**State Gasoline Tax Fund**

This fund is used to account for the City's share of state gas tax revenue restricted for street improvement and maintenance. The revenue is apportioned under the Streets and Highway Code of the State of California.

**Measure A Fund**

This fund is used to account for the City's share of the Riverside County half-cent sales tax restricted for transportation projects.

**Air Quality Management Fund**

This fund is used to account for the City's share of the State AB 2766 funds. The revenue is apportioned to cities by the South Coast Air Quality Management District and is restricted for programs to reduce air pollution from mobile sources pursuant to the California Clean Air Act of 1988.

**Special Districts Administration Fund**

This fund is used to account for the coordination and administration of all special financing districts formed to finance the construction of public infrastructure improvements and/or fund the operation and maintenance of public improvements and administered by the City or CSD.

**Storm Water Maintenance Fund**

This fund is used to ensure the safety and cleanliness of our City streets and the City's maintained storm drain system by providing for routine street sweeping, cleaning of all catch basins, connector pipes and culverts on an annual basis, and by providing emergency services, as needed.

**Storm Water Management Fund**

This fund is used to account for the city-wide storm water and non-storm water pollution prevention work conducted to comply with regulations set forth by the Federal Clean Water Act and State Water Resources Control Board.

**CFD No. 4-M Fund**

This fund is used to account for the maintenance and administration costs of the detention basin within Centerpointe Business Park.

**Public Education Government Access Fund**

This fund is used to account for revenues and expenditures received in support of the City's cable television channel, MVTV-3. This fund also includes activity related to public education and government programming and equipment.

**Civil Penalties Fund**

This fund is used to account for all financial transactions involving civil penalties received by the City in accordance with the provisions of SB 1137, which requires legal owners of vacant properties to maintain and care for them.

City of Moreno Valley, California

NONMAJOR GOVERNMENTAL FUNDS (CONTINUED)

**SPECIAL REVENUE FUNDS (CONTINUED):**

**Emergency Services Agency Fines Fund**

This fund is used to account for the financial transactions involving American Medical Response (AMR) fines received by the City, which are to be used only to fund the purchase of various equipment needed by the Fire Department.

**Energy Efficiency Revolving Fund**

This fund is used to account for cost-effective energy efficiency programs and projects with the use of utility rebates and incentives.

**General Plan Amendments Fund**

This fund is used to account for revenues and expenditures related to support future General Plan Amendments.

**Quimby In-Lieu Park Fees Fund**

This fund is used to account for residential development fees in lieu of land dedication. In accordance with the Quimby Act, a 1965 provision in the State Subdivision Map Act for the dedication of park land. This revenue may be used for the development of parks and recreation facilities, including land acquisition, park improvements and rehabilitation of existing parks and facilities.

**CFD No. 2014-01 Fund**

This fund is used to account for the maintenance and administrative services related to public landscape maintenance and street lighting for developments that have annexed into the district.

**Child Care Grant Fund**

This fund is used to account for the Child Care grant program which provides valuable, subsidized, after-school day care services for qualifying City residents year-round. Nutritious meals and snacks are served to the children, and partially reimbursed to the City through participation in the Child and Adult Care Food Program (CACFP).

**ASES Program Grant Fund**

This fund is used to account for state-funded After School Education & Safety (ASES) program grants which provide expanded learning opportunities in an after-school setting, at no cost. Services are provided to participants from kindergarten through eighth grade. Children are also served a nutritious snack daily.

**Used Oil Recycling Grant Fund**

This fund is used to account for the California Integrated Waste Management Board Used Oil Block Grant. The program provides public education and support for convenient used oil collection sites.

**Other Grants Fund**

This fund is used to account for revenues and expenditures received from various governmental agencies and other sources for multiple purposes including beverage recycling, energy efficiency, and animal services programs.

**Capital Projects Grants Fund**

This fund is used to account for capital projects financed by grants.

**City of Moreno Valley, California**

**NONMAJOR GOVERNMENTAL FUNDS (CONTINUED)**

**SPECIAL REVENUE FUNDS (CONTINUED):**

**Law Enforcement Grants Fund**

This fund is used to account for revenue from several grants restricted for law enforcement. The grants include the Supplemental Law Enforcement Services Fund (SLESF), Office of Traffic Safety Grant (OTS), Edward Byrne Memorial Justice Assistance Grant (JAG).

**HOME Fund**

This fund is used to account for federal funds received from the U.S. Department of Housing and Urban Development to be used to develop and implement programs that expand the supply of affordable housing for low and very low income families.

**Community Development Block Grant Fund**

This fund is used to account for federal funds received from the U.S. Department of Housing and Urban Development – Community Development Block Grant Program to be used for the development of suitable housing environment and expansion of economic opportunities for low and moderate income families.

**Emergency Solutions Grants Fund**

This fund is used to account for federal funds received from the U.S. Department of Housing and Urban Development to be used to assist, protect, and improve living conditions for the homeless and to provide homeless prevention services for low-income families.

**Article 3 Transportation Fund**

This fund is used to account for the City's share of Article 3 revenue restricted for construction of pedestrian and bikeway projects.

**CAPITAL PROJECTS FUNDS:**

**Facility Construction Fund**

This fund is used to account for City facility related capital projects.

**Public Works Capital Projects Fund**

This fund is used to account for capital projects with co-op and reimbursement agreements with Riverside County Flood Control (RCFC) and Eastern Municipal Water District (EMWD).

**TUMF Capital Projects Fund**

This fund is used to account for transportation capital projects funded by the City's share of the Transportation Uniform Mitigation Fee (TUMF) which is a mandatory development impact fee program in Western Riverside County. This program, enacted by a two-thirds majority of voters in 2002, was designed to pay for major roads and interchange projects that are needed to serve communities as a result of new development. The Western Riverside Council of Governments (WRCOG) administers the program.

City of Moreno Valley, California

NONMAJOR GOVERNMENTAL FUNDS (CONTINUED)

**CAPITAL PROJECTS FUNDS (CONTINUED):**

**Traffic Signal Mitigation Fund**

This fund is used to account for traffic signal projects funded by revenues received from traffic mitigation fees.

**Parks and Community Services Development and Capital Projects Fund**

This fund is used to account for parks acquisition and development projects, including general parks and recreation capital projects, the development of new parks and recreation facilities, community parks, neighborhood parks and sports facilities and for the major renovation of existing parks and facilities.

**DIF Capital Projects Fund**

This fund is used to account for construction of capital improvements by the development impact fee (DIF) revenues.

**DEBT SERVICE FUNDS:**

**TRIP COP 13A**

This fund is used to account for the accumulation of resources and for the payment of the 2013 TRIP Certificates of Participation issued in August 2013.

**2013 Refunding of 2005 Lease Revenue Bonds**

This fund is used to account for the accumulation of resources and for the payment of the refinancing of the 2005 Lease Revenue Bonds.

**2014 Refunding of 2005 Lease Revenue Bonds**

This fund is used to account for the accumulation of resources and for the payment of the refinancing of the 2005 Lease Revenue Bonds.

**2011 Private Placement Refunding 97 Lease Revenue Bonds**

This fund is used to account for the accumulation of resources and for the payment of the refinancing of the 1997 Lease Revenue Bonds.

**PERMANENT FUNDS:**

**Celebration Park Endowment Fund**

This fund is used to account for the endowment program for Celebration Park. The principal endowment amount was provided by a developer. The Parks and Community Services Department may use 85% of the interest earned to sponsor a community event/activity at Celebration Park for the surrounding community to enhance community pride and involvement.

**Equestrian Trail Endowment Fund**

This fund is used to account for the endowment program for the Equestrian Trail. The principal endowment amount was provided by a developer. The interest earned will be used for the benefit of citywide trail use, maintenance, education and other trail-related costs.

**City of Moreno Valley, California**

**NONMAJOR GOVERNMENTAL FUNDS (CONTINUED)**

**PERMANENT FUNDS (CONTINUED):**

**Rockridge Park Endowment Fund**

This fund is used to account for the endowment program provided for Rockridge Park. The principal endowment was provided by a developer. The interest earned will be used to provide recreational opportunities to the surrounding development areas.

**NPDES Endowment Fund**

This fund is used to account for the endowment program provided for property owners to facilitate compliance with regulations set forth by the Federal Clean Water Act and State Water Resources Control Board. The principal endowment was provided by a property owner. The interest earned will be used for the benefit of the National Pollutant Discharge Elimination System (NPDES) program.

**Cultural Preservation Fund**

This fund is used to account for funds held and managed for the purposes of securing a museum location or renovating a building for use as a museum. The interest earned will be used for the benefit of museum facility acquisition.

## City of Moreno Valley, California

### INTERNAL SERVICE FUNDS

#### **General Liability Insurance Fund**

This fund is used to account for the costs of maintaining the City's general liability insurance program, on a reimbursement basis through charges to benefiting funds; and maintaining responsible reserves based on current actuarial assumptions.

#### **Workers' Compensation Insurance Fund**

This fund is used to account for the costs of maintaining the City worker's compensation insurance program, on a reimbursement basis through charges to benefiting funds; and maintaining responsible reserves based on current actuarial assumptions.

#### **Technology Services Fund**

This fund is used to account for the costs of maintaining and replacing the City's information systems including major software, hardware, radios, telephones, and the City's backbone telecommunications infrastructure. The fund recovers costs through charges to benefiting funds.

#### **Facilities Maintenance Fund**

This fund is used to account for the costs of maintaining all City-owned and leased buildings. Its user charges include the recovery of both depreciation on the City Hall building and debt service on the 1997 variable rate Certificates of Participation originally issued in 1995 to finance the acquisition of the building.

#### **Fleet Operations Fund**

This fund is used to account for the maintenance and replacement costs of the City's inventory of vehicles and equipment. This fund receives cash through annual lease fees to benefiting departments.

#### **Equipment Replacement Reserve Fund**

This fund is used to account for the accumulation of cash reserves to replace capital equipment based on replacement cost and useful life. The reserve receives cash through user charges for each fund's share of annual depreciation; and provides cash as a funding source to participating funds for capital replacement.

#### **Compensated Absences Fund**

This fund is used to account for the accumulation of cash reserves to provide for payment of future unfunded liabilities to employees attributable to services already rendered.

## City of Moreno Valley, California

### AGENCY FUNDS

#### **Deposit Liability Fund**

This fund is used to account for miscellaneous deposits collected by the City.

#### **TUMF Trust Fund**

This fund is used to account for the receipt of the Transportation Uniform Mitigation Fees (TUMF) and their remittance to the Western Riverside Council of Governments (WRCOG).

#### **MSHCP Trust Fund**

This fund is used to account for the receipt of the Multi-Species Habitat Conservation Plan (MSHCP) fees and their remittance to the Western Riverside County Regional Authority (WRCRCA).

#### **Moreno Valley Foundation Donations Fund**

This fund is being used on a temporary basis to account for the receipts and disbursements of the Moreno Valley Community Foundation until such time that the Foundation is officially cleared by the Internal Revenue Service to become operational as a tax-exempt 501(c)3 organization.

#### **Arts Commission Fund**

This fund is used to account for funds received to encourage, stimulate, promote and foster programs for the cultural enrichment of the City, thereby contributing to the quality of life of its residents. This fund also accounts for funding received to develop an awareness of the value of arts in Moreno Valley's business community, local government and the general public.

#### **CFD #5 Stoneridge Fund**

This fund is used to account for the receipt and remittance of special taxes for the CFD #5 Stoneridge Special Tax Bonds. The bonds are not secured by the general taxing power of the City, the State of California or any other political subdivision thereof, and neither the City nor the State, nor any potential subdivision thereof, has pledged its full faith and credit for the payment thereof.

#### **2007 Towngate Improvement Refunding**

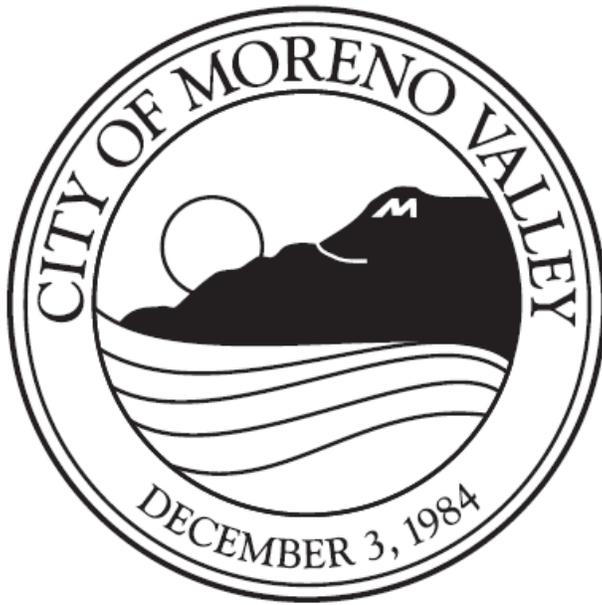

This fund is used to account for the collection of the special tax and the transfer of special tax funds to the trustee for the payment of principal, interest, and trustee and administrative costs related to the Improvement Area No. 1 Special Tax Refunding Bonds issued November 29, 2007.

#### **2007 Towngate Refunding**

This fund is used to account for the collection of the special tax and the transfer of special tax funds to the trustee for the payment of principal, interest and trustee and administrative costs related to the Special Tax Refunding Bonds issued November 29, 2007.

#### **IA1 CFD #7**

This fund is used to account for the collection of the special tax and the transfer of special tax funds to the trustee for the payment of principal, interest and trustee and administrative costs related to the Community Facilities District 7 Improvement Area #1 Special Tax Bonds issued August 2016.

# Statistical Section

## comprehensive annual **FINANCIAL** REPORT

FISCAL YEAR ENDED JUNE 30, 2020

## STATISTICAL SECTION

This part of the City of Moreno Valley's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the City's overall financial health.

### **Contents**

### **Page #**

#### **Financial Trends**

These schedules contain trend information to help the reader understand how the City's financial performance and well-being have changed over time.

184

#### **Revenue Capacity**

These schedules contain information to help the reader assess the factors affecting the City's ability to generate its key revenues.

189

#### **Debt Capacity**

These schedules present information to help the reader assess the affordability of the City's current levels of outstanding debt and the City's ability to issue additional debt in the future.

195

#### **Demographic and Economic Information**

These schedules offer demographic and economic indicators to help the reader understand the environment within which the City's financial activities take place and help make comparisons over time and with other governments.

200

#### **Operating Information**

These schedules contain information about the City's operations and resources to help the reader understand how the City's financial information relates to the services the City provides and the activities it performs.

202

**Sources:** Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports for the relevant year.

Notes:

In 1978 the voters of the State of California passed Proposition 13 which limited property taxes to a maximum rate of 1% based upon the assessed value of the property being taxed. Each year, the assessed value of the property may be increased by an "inflation factor" (limited to a maximum increase of 2%). With few exceptions, property is only reassessed at the time that it is sold to a new owner. At that point, the new assessed value is reassessed at the purchase price of the property sold. The assessed valuation data shown above represents the only data currently available with respect to the actual market value of taxable property and is subject to the limitations described above.

\*\*As of January 31, 2012 the Redevelopment Agency was dissolved due to the California Supreme Court passing two bills, AB XI 26 and AB XI 27.

Notes:

(1) The City began participating in the "Teeter Plan" in FY 1993-94. The Teeter Plan adopted by the County of Riverside guarantees each participating city payment equal to 100% of the total tax value. Any delinquencies and the associated penalties and interest are collected and maintained by the County.

(2) Beginning in 2013 the Redevelopment Tax Increment was no longer included in the calculation for the levy and the collections.

Notes:

- 1) These ratios are calculated using personal income and population for the prior year.
- 2) In Fiscal Year 2011 the City defeased the 1997 Lease Revenue Bonds and the 1997 City Hall COPs with private placement financing.
- 3) As of 2012, no longer considered general bonded debt as the result of the dissolution of the Redevelopment Agency.
- 4) In Fiscal Year 2019 the City and Moreno Valley Utility entered into an Equipment Lease/Purchase Agreement with Banc of America Leasing & Capital for the purchase and retrofit of streetlights.

Notes:

General bonded debt is debt payable with governmental fund resources and general obligation bonds recorded in enterprise funds (of which the City has none).

1) Assessed value has been used because the actual value of taxable property is not readily available in the State of California.

2) In Fiscal Year 2011 the City defeased the 1997 Lease Revenue Bonds and the 1997 City Hall COPs with private placement financing.

	890	869	728	684	700	713	737	745	739	713

This data represents a count of people employed by the City not the number of approved full time equivalents.

<sup>(1)</sup> The City contracts with the County of Riverside for Police and Fire services. The number includes the County and City

<sup>(2)</sup> In 2011 the Parks and Community Services Department received a grant from the State of California related to the After School Education and Safety Grant, however staffing for this services was contracted to an outside agency. This resulted in a large decrease in staffing.

### **Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the City of Moreno Valley, California, Community Services District (the District) as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

### ***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### ***Auditor's Responsibility***

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement. An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the District's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

## **Opinions**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the District as of June 30, 2020, and the respective changes in financial position and budgetary comparison for Zone L Library Services, Zone A Parks and Community Services, Zone E Extensive Landscaping Administration, Landscape Maintenance District No. 2014-2 and Zone D Standard Landscaping Administration for the year then ended in accordance with accounting principles generally accepted in the United States of America.

## **Other Matters**

### *Required Supplementary Information*

Management has omitted management's discussion and analysis and the required pension and OPEB schedules that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

### *Other Information*

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The combining and individual nonmajor fund financial statements and schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual nonmajor fund financial statements and schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements and schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

## **Other Reporting Required by Government Auditing Standards**

In accordance with *Government Auditing Standards*, we have also issued our report dated December 10, 2020 on our consideration of the District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

**City of Moreno Valley, California  
Community Services District**

**Reconciliation of the Statement of Revenues, Expenditures and Changes in  
Fund Balances of Governmental Funds to the Statement of Activities  
For the Year Ended June 30, 2020**

Net change in fund balances - total governmental funds \$ 1,582,125

Amounts reported for governmental activities in the statement of net position are different because:

Governmental funds report capital outlay as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives as depreciation expense.

Capital outlay	383,720	
Depreciation expense	(2,493,784)	
Capital asset contribution from the City of Moreno Valley	1,970,733	(139,331)

Pension and OPEB expense reported in the statement of activities does not require the use of current financial resources and, therefore, is not reported as an expenditure in the governmental funds.

(523,042)

<b>Change in net position of governmental activities</b>		<b>\$ 919,752</b>

**City of Moreno Valley  
Community Services District**

**Notes to Financial Statements  
For the Year Ended June 30, 2020**

**Note 1            Summary of Significant Accounting Policies**

**a.    Description of the Reporting Entity**

The City of Moreno Valley, California, Community Services District (the District), was created by a City Council ordinance adopted on December 3, 1984. Its purpose is to act as a legal entity, separate and distinct from the City of Moreno Valley (the City), even though the City Council is currently serving as the District's Governing Board. The District is broadly empowered to engage in the general maintenance and administration of the City's community programs.

Governmental Accounting Standards define the reporting entity as the primary government and those component units for which the primary government is financially accountable. Financial accountability is defined as appointment of a voting majority of the component unit's board, and either: a) the primary government has the ability to impose its will, or b) the possibility that the component unit will provide a financial benefit to, or impose a financial burden on the primary government. Since the City Council of the City of Moreno Valley also serves as the Governing Board of the District, the City, in effect, has the ability to influence and control operations. Therefore, the City has oversight responsibility for the District. Accordingly, in applying the criteria of Governmental Accounting Standards, the financial statements of the District are included in the City's Comprehensive Annual Financial Report, as a blended component unit. The District has the same fiscal year end as the City and its financial statements can be obtained from the City Clerk.

**b.    Government-Wide and Fund Financial Statements**

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on the component unit. For the most part, the effect of interfund activity has been removed from these statements. The statement of activities demonstrates the degree to which the direct expenses of a given function or segments are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include: 1) charges to customers or applicants who purchase, use or directly benefit from goods, services or privileges provided by a given function or segment, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Major individual governmental funds are reported as separate columns in the fund financial statements.

**City of Moreno Valley  
Community Services District**

**Notes to Financial Statements  
For the Year Ended June 30, 2020 (Continued)**

**Note 1            Summary of Significant Accounting Policies (Continued)**

**c. Measurement Focus, Basis of Accounting and Financial Statement Presentation**

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they have been levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Government fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers operating revenues to be available if they are collected within 60 days of the end of the current fiscal period, while grant revenues have an availability period of 120 days. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures are recorded only when payment is due.

Property taxes and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Only the portion of special assessments receivable due within the current fiscal period is considered to be susceptible to accrual as revenue of the current period. All other revenue items are considered to be measurable and available only when cash is received by the government.

The District reports the following major governmental funds:

*Zone L Library Services* accounts for the operations necessary to process and administer the library services program.

*Zone A Parks and Community Services* accounts for the administration and maintenance of the parks and community services facilities and programs.

*Zone E Extensive Landscaping Administration* accounts for the operations necessary to provide landscape maintenance of public landscaping in and around specific residential/commercial developments throughout the City.

*Landscape Maintenance District No. 2014-02* provides the funding for the maintenance of public landscaping in defined zones throughout the City.

*Zone D Standard Landscaping Administration* accounts for the operations necessary to provide landscape maintenance in and around specific residential developments throughout the City.

Community Services District**

**Notes to Financial Statements  
For the Year Ended June 30, 2020 (Continued)**

**Note 1            Summary of Significant Accounting Policies (Continued)**

**d. Budgetary Reporting**

Budgets are legally adopted and formal budgetary integration is employed as a management control device during the year for the governmental activities. Budgets presented in this report for comparison to actual amounts are presented in accordance with generally accepted accounting principles (GAAP). From the effective date of the budget, the amounts stated therein as proposed expenditures become appropriations to the various District departments.

Reported budget amounts represent the original legally adopted budget as amended. The City Council may amend the budget only during a regular meeting, providing that sufficient monies are available and that expenditures of proceeds of taxes will not be increased beyond the constitutional appropriation limit as imposed by Article XIII B of the State Constitution. Individual fund budgets are, in all cases where appropriations are required, the same as the appropriation amounts. In the case of the Governmental Fund type, unexpended budgeted amounts, except for amounts relating to capital projects, lapse at the end of the budget year. Spending control (legal level) for most funds is established by the amount of expenditures budgeted at the fund levels. Management control is exercised at line item levels within the departments. Management can transfer budgeted amounts between line items within each department provided that they do not increase or decrease total department appropriations. Expenditures may not legally exceed budgeted appropriations at the fund levels.

For the year ended June 30, 2020, there were no funds that had expenditures in excess of appropriations adopted by the City Council.

**e. Unavailable Revenue and Unearned Revenue**

The District reports unavailable revenue in the fund-level statements as deferred inflows of resources. Unavailable revenue arises when potential revenue does not meet both the "measurable" and "available" criteria for recognition in the current period. In subsequent periods, when both revenue recognition criteria are met, or when the District has a legal claim to the resources, the deferred inflow for unavailable revenue is removed and revenue is recognized.

The District reports unearned revenue in the fund-level statements and in the statement of net position. Unearned revenue arises when the District receives resources before it has a legal claim to them, as when grant monies are received prior to the incurrence of qualifying expenditures.

**City of Moreno Valley  
Community Services District**

**Notes to Financial Statements  
For the Year Ended June 30, 2020 (Continued)**

**Note 1            Summary of Significant Accounting Policies (Continued)**

**f.    Fund Balance**

In the fund financial statements, governmental funds report the following fund balance classifications:

*Nonspendable* include amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact.

*Restricted* include amounts that are constrained as to use of resources by either (a) external creditors, grantors, contributors, or laws or regulations of other governments or (b) by law through constitutional provisions or enabling legislation.

*Committed* include amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the government's highest authority, the Governing Board. The formal action that is required to be taken to establish, modify, or rescind a fund balance commitment is a resolution by the governing body.

*Assigned* include amounts that are constrained by the government's intent to be used for specific purposes, but are neither restricted nor committed. The Financial and Management Services Director is authorized to assign amounts to a specific purpose, which was established by the governing body in a resolution.

*Unassigned* include the residual amounts that have not been restricted, committed, or assigned to specific purposes.

**Fund Balance Flow Assumptions:**

Sometimes the government will fund outlays for a particular purpose from both restricted and unrestricted resources (the total of committed, assigned, and unassigned fund balance). In order to calculate the amounts to report as restricted, committed, assigned, and unassigned fund balance in the governmental fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the government's policy to consider restricted fund balance to have been depleted before using any of the components of unrestricted fund balance. Further, when the components of unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by assigned fund balance. Unassigned fund balance is applied last.

**g.    Net Position**

In the government-wide financial statements, net position is classified in the following categories:

*Net Investment in Capital Assets* – This amount consists of capital assets net of accumulated depreciation and reduced by outstanding debt that is attributed to the acquisition, construction, or improvement of the assets. Currently, the District does not have any debt attributed to capital assets.

**City of Moreno Valley  
Community Services District**

**Notes to Financial Statements  
For the Year Ended June 30, 2020 (Continued)**

**Note 1            Summary of Significant Accounting Policies (Continued)**

*Restricted Net Position* – This amount is restricted by external creditors, grantors, contributors, or laws or regulations of other governments.

Net Position Flow Assumption:

Sometimes the government will fund outlays for a particular purpose from both restricted (e.g., restricted bond or grant proceeds) and unrestricted resources. In order to calculate the amounts to report as restricted net position and unrestricted net position in the government-wide financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the government's policy to consider restricted net position to have been depleted before unrestricted net position is applied.

**h. Capital Assets**

Capital assets, which include property, plant, equipment and infrastructure assets (e.g. streetlights, medians, sidewalks and similar items), are reported in the government-wide financial statements. Capital assets are defined by the District as assets with an initial, individual cost of \$5,000 or more and an estimated useful life in excess of two years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed.

Property, plant and equipment are depreciated using the straight-line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Buildings and Improvements	5-50
Furniture and Equipment	3-15
Vehicles	3-10
Infrastructure	25-50

**i. Investments**

The District records all investments at fair value. The current year's changes in fair value are recognized in the statement of activities and statement of revenues, expenditures and changes in fund balances as use of money and property. *Use of money and property* includes interest earnings, changes in fair value, rental income and any gains or losses.

**City of Moreno Valley  
Community Services District**

**Notes to Financial Statements  
For the Year Ended June 30, 2020 (Continued)**

**Note 1            Summary of Significant Accounting Policies (Continued)**

**j.    Salary Expenditures**

The District does not employ any personnel and relies on the City for administrative services. The financial statements include expenditures for salary and other benefits, which were allocated to the District by the City.

**k.    Property Taxes**

Property taxes attach as an enforceable lien on property as of January 1. Secured property taxes are levied on August 10 and are payable in two installments on November 1 and February 1. Unsecured personal property taxes are due in a single installment on July 1. The County of Riverside bills and collects the property taxes and remits them to the District in installments during the year. Property taxes received within 60 days after the District's fiscal year-end are considered "measurable" and "available" and are accrued in the District's financial statements.

**l.    Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the related reported amounts of revenues and expenditures during the reporting period. Actual results could differ from estimates.

**m.    Pensions**

For purposes of measuring the net pension liability, deferred outflows and inflows of resources related to pensions, and pension expense, information about the fiduciary net position and additions to/deductions from the fiduciary net position have been determined on the same basis as they are reported by the California Public Employees' Retirement System (CalPERS) Financial Office. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value, except for money market investments and participating interest-earning investment contracts that have a maturity at the time of purchase of one year or less, which are reported at cost.

**City of Moreno Valley  
Community Services District**

**Notes to Financial Statements  
For the Year Ended June 30, 2020 (Continued)**

**Note 1            Summary of Significant Accounting Policies (Continued)**

**n.   Postemployment Benefits Other than Pensions (OPEB)**

For purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the City of Moreno Valley Retiree Benefits Plan (the Plan) and additions to/deductions from the Plan's fiduciary net position have been determined on the same basis as they are reported by the Plan. For this purpose, the Plan recognizes benefit payments when due and payable in accordance with the benefit terms. Investments are reported at fair value, except for money market investments and participating interest-earning investment contracts that have a maturity at the time of purchase of one year or less, which are reported at cost.

**Note 2            Cash and Investments**

Cash and investments reported in the accompanying financial statements consisted of the following:

Cash and investments pooled with the City     \$22,412,214

The District's cash and investments are pooled with the City of Moreno Valley's cash and investments in order to generate optimum investment income. The District is a voluntary participant in the City's investment pool. This pool is governed by and under the regulatory oversight of the Investment Policy adopted by the City Council of the City. The District has not adopted an investment policy separate from that of the City. Each fund's share of the pooled cash account is separately accounted for, and investment income is allocated to all participating funds based on the relationship of their average daily cash balances to the total of the pooled cash and investments. Information regarding the authorized types of deposits and investments, the type of risks (i.e. credit, interest rate, custodial, etc.) and other disclosures associated with the City's pooled cash and investments is included in the City's Comprehensive Annual Financial Report (CAFR), which are available at City Hall.

**Fair Value Measurement**

In accordance with GASB Statement 72, *Fair Value Measurement*, the City categorizes its fair value measurement within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the investments. Level 1 inputs are quoted prices in active markets for identical investments; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs. Refer to the City's CAFR for details about fair value measurement disclosures.

Community Services District**

**Notes to Financial Statements  
For the Year Ended June 30, 2020 (Continued)**

**Note 4 Pension Plans**

**A. General Information about the Pension Plans**

**Plan Descriptions** – All qualified permanent and probationary employees are eligible to participate in the City of Moreno Valley’s Miscellaneous Plan, an agent multiple-employer defined benefit pension plan administered by the California Public Employees’ Retirement System (CalPERS), which acts as common investment and administrative agent for its participating member employers. Benefits provisions under the Plan are established by State statute and City resolution. CalPERS issues publicly available reports that include a full description of the pension plans regarding benefit provisions, assumptions and membership information that can be found on CalPERS website.

**Benefits Provided** – CalPERS provides service retirement and disability benefits, annual cost of living adjustments and death benefits to plan members, who must be public employees and beneficiaries. Benefits are based on years of credited service, equal to one year of full time employment. Classic CalPERS members with five years of total service are eligible to retire at age 50 with statutorily reduced benefits. PEPR CalPERS members with five years of total service are eligible to retire at age 52 with statutorily reduced benefits. All members are eligible for non-duty disability benefits after 10 years of service. The death benefit is one of the following: the Basic Death Benefit, the 1957 Survivor Benefit, or the Optional Settlement 2 Death Benefit. The cost of living adjustments for each plan are applied as specified by the Public Employees’ Retirement Law.

The Plans’ provisions and benefits in effect at June 30, 2020, are summarized as follows:

	<b>Miscellaneous</b>		
	Prior to December 23, 2011	December 23, 2011 thru December 31, 2012	On or after January 1, 2013
Hire Date	December 23, 2011	December 31, 2012	January 1, 2013
Benefit Formula	2.7% @ 55	2.0% @ 55	2.0% @ 62
Benefit vesting schedule	5 years service	5 years service	5 years service
Benefit payments	Monthly for life	Monthly for life	Monthly for life
Retirement Age	50-55	50-55	52-62
Monthly benefits, as a % of eligible compensation	2.0% to 2.7%	1.426% to 2.418%	1.0% to 2.5%
Required employee contribution rates	8.00%	7.00%	6.75%
Required employer contribution rates	35.893%	35.893%	35.893%

**Employees Covered** – At June 30, 2020, the following employees were covered by the benefit terms of the Plan:

	<b>Miscellaneous</b>
Active Employees	311
Retired Employees	379
Inactive Employees	279

**City of Moreno Valley  
Community Services District**

**Notes to Financial Statements  
For the Year Ended June 30, 2020 (Continued)**

**Note 4 Pension Plans (Continued)**

**Contributions** – Section 20814(c) of the California Public Employees’ Retirement Law requires that the employer contribution rates for all public employers be determined on an annual basis by the actuary and shall be effective on the July 1 following notice of a change in the rate. Funding contributions for both Plans are determined annually on an actuarial basis as of June 30 by CalPERS. The actuarially determined rate is the estimated amount necessary to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. The District is required to contribute the difference between the actuarially determined rate and the contribution rate of employees.

**B. Net Pension Liability**

The District’s net pension liability is measured as the total pension liability, less the pension plan’s fiduciary net position. The net pension liability is measured as of June 30, 2019, using an annual actuarial valuation as of June 30, 2018 rolled forward to June 30, 2019 using standard update procedures. A summary of principal assumptions and methods used to determine the net pension liability follows.

**Actuarial Assumptions** – The total pension liabilities in the June 30, 2018 actuarial valuations were determined using the following actuarial assumptions:

	<b>Miscellaneous</b>
Valuation date	June 30, 2018
Measurement date	June 30, 2019
Actuarial cost method	Entry Age Normal Cost Method
 Actuarial assumptions:	
Discount rate	7.15%
Inflation	2.75%
Payroll growth	3.00%
Projected salary increase	Varies by Entry Age and Service (1)
Investment rate of return	7.375% (2)
Mortality	Derived using CalPERS' Membership Data for all Funds

(1) Depending on age, service, and type of employment

(2) Net of pension plan investment expenses, including inflation

The underlying mortality assumptions and all other actuarial assumptions used in the June 30, 2018 valuation were based on the results of a 2014 CalPERS actuarial experience study for the period 1997 to 2011. Further details of the Experience Study can be found on the CalPERS website.

**City of Moreno Valley  
Community Services District**

**Notes to Financial Statements  
For the Year Ended June 30, 2020 (Continued)**

**Note 4 Pension Plans (Continued)**

**Discount Rate** – The discount rate used to measure the total pension liability was 7.15% for each Plan. To determine whether the municipal bond rate should be used in the calculation of a discount rate for each plan, CalPERS stress tested plans that would most likely result in a discount rate that would be different from the actuarially assumed discount rate. Based on the testing, none of the tested plans run out of assets. Therefore, the current 7.15% discount rate is considered to be adequate and the use of the municipal bond rate calculation is not necessary. The long-term expected discount rate of 7.15% is without reduction of pension plan administrative expenses and is applied to all plans in the Public Employees Retirement Fund (PERF). The stress test results are presented in a detailed report that can be obtained from the CalPERS website.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class.

In determining the long-term expected rate of return, CalPERS took into account both short-term and long-term market return expectations as well as the expected pension fund cash flows. Using historical returns of all the funds' asset classes, expected compound returns were calculated over the short-term (first 10 years) and the long-term (11-60 years) using a building-block approach. Using the expected nominal returns for both short-term and long-term, the present value of benefits was calculated for each fund. The expected rate of return was set by calculating the single equivalent expected return that arrived at the same present value of benefits for cash flows as the one calculated using both short-term and long-term returns. The expected rate of return was then set equivalent to the single equivalent rate calculated above and rounded down to the nearest one quarter of one percent.

The following table reflects the long-term expected real rate of return by asset class. The rate of return was calculated using the capital market assumptions applied to determine the discount rate and asset allocation. These rates of return are net of administrative expenses.

Asset Class	New Strategic Allocation	Real Return Years 1-10 (a)	Real Return Years 11+ (b)
Public Equity	50%	4.80%	5.98%
Global Fixed Income	28%	1.00%	2.62%
Inflation Sensitive	0%	0.77%	1.81%
Private Equity	8%	6.30%	7.23%
Real Assets	13%	3.75%	4.93%
Liquidity	1%	0.00%	-0.92%
Total	<u>100%</u>		

(a) An expected inflation of 2.00% used for this period.

(b) An expected inflation of 2.92% used for this period.

**Note 4 Pension Plans (Continued)**

**C. Changes in the Net Pension Liability**

The changes in the District's Net Pension Liability over the measurement period are as follows:

Miscellaneous Plan:	Net Pension Liability (Asset)
Balance at June 30, 2018 (MD)	\$ 10,766,051
Changes in the year:	
Service Cost	565,647
Interest on the Total Pension Liability	2,000,403
Differences between Expected and Actual Experience	488,079
Contributions - Employer	(949,858)
Contributions - Employees	(228,971)
Net Investment Income	(1,245,379)
Administrative Expense	13,357
Other Miscellaneous Income/(Expense)	(43)
Net Changes	643,235
Balance at June 30, 2019 (MD)	\$ 11,409,286

***Sensitivity of the Net Pension Liability to Changes in the Discount Rate***

The following presents the net pension liability of the District calculated using the discount rate for the Miscellaneous Plan, as well as what the District's net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower or 1-percentage point higher than the current rate:

	1% Decrease to 6.15%	Current Discount Rate 7.15%	1% Increase to 8.15%
Net Pension Liability	\$ 16,089,283	\$ 11,409,286	\$ 7,540,842

**City of Moreno Valley  
Community Services District**

For the Year Ended June 30, 2020 (Continued)**

**Note 4 Pension Plans (Continued)**

***D. Pension Expenses and Deferred Outflows/Inflows of Resources Related to Pensions***

For the year ended June 30, 2020, the District recognized pension expense of \$504,286. At June 30, 2020, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Pension contributions subsequent to measurement date	\$ 1,067,498	\$ -
Changes of assumptions	32,382	(52,861)
Differences between expected and actual experiences	307,309	(53,347)
Net difference between projected and actual earnings on pension plan investments	-	(510,435)
	\$ 1,407,189	\$ (616,643)

The amount of \$1,067,498 reported as deferred outflows of resources related to contributions subsequent to the measurement date which will be recognized as a reduction of the net pension liability in the year ended June 30, 2021. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized as pension expense as follows:

<b>Measurement Periods Ending June 30,</b>	
2020	\$ 117,946
2021	(218,432)
2022	(217,613)
2023	41,147
2024	-
Thereafter	-

Note: The fiscal year will be one year later than the measurement period. The 2020 measurement period presented in the above table will be listed as year 2021 in the District's fiscal year ending June 30, 2020 financial statements. As of June 30, 2020, the District did not have outstanding amount of contributions to the pension plan required for the year ending June 30, 2020.

**City of Moreno Valley  
Community Services District**

**Notes to Financial Statements  
For the Year Ended June 30, 2020 (Continued)**

**Note 5            Other Post-Employment Benefits (OPEB)**

**a.    General Information about OPEB**

***Plan Description***

The City's defined benefit postemployment healthcare plan provides a portion of certain health care for retired employees. In accordance with City policy, employees hired prior to September 30, 2011, who retire directly from the City under CalPERS (age 50 and 5 years of CalPERS service or disability) and are not temporary employees, are eligible for these benefits. In June 2009, the City established an irrevocable trust fund to begin funding the City's unfunded liability through the California Employers' Retiree Benefit Trust (CERBT), an agent multiple-employer plan administered by California Public Employees' Retirement System (CalPERS), which acts as a common investment and administrative agent for participating public employers within the State of California. A menu of benefit provisions, as well as other requirements, are established by state statutes within the Public Employees' Retirement Law. The City selects optional benefit provisions from the benefit menu by contract with CalPERS and adopts those benefits through local ordinance. The City administers a single-employer defined-benefit post-employment healthcare plan. Benefits vary by hire date and employment status (Management or Non-Management). Benefits continue to the surviving spouses.

CalPERS issues a separate comprehensive annual financial report. Copies of the CalPERS annual financial report may be obtained from the CalPERS Headquarters, 400 Q Street, Sacramento, California 95811.

***Benefits Provided***

The Public Employees' Medical and Hospital Care Act (PEMHCA) minimum amount for retirees participating in PEMHCA is \$139 per month for 2020. PEMHCA amounts are adjusted on an annual basis.

An additional \$318.73 per month will be paid for medical, dental, and vision for full-time employees hired and for City Council elected before September 30, 2011. The total subsidy will not be greater than the premium for the retiree and spouse. Coverage is allowed under any medical plan.

***Employees Covered by Benefit Terms***

At June 30, 2018 (the census date), the following employees were covered by the benefit terms:

**City of Moreno Valley  
Community Services District**

**Notes to Financial Statements  
For the Year Ended June 30, 2020 (Continued)**

**Note 5 Other Post-Employment Benefits (OPEB) (Continued)**

Category	Count
Active employees	296
Inactive employees or beneficiaries currently receiving benefit payments	270
Inactive employees entitled to but not yet receiving benefit payment	0

**Contributions**

The City establishes contributions based on the Actuarially Determined Contribution (ADC). For the year ended June 30, 2020, the City's ADC contribution rate was 4.62% of covered-employee-payroll. Employees do not contribute to the plan, but instead pay the difference between the benefit that they receive and the monthly premium for that benefit.

**b. Net OPEB Liability**

The District's net OPEB liability was valued as of June 30, 2018 and was used to calculate the net OPEB liability measured as of June 30, 2019.

**Actuarial Assumptions**

This valuation assumes that the City will fund the OPEB benefits using the ADC each year, with the ADC calculated as the sum of the Entry Age Normal Cost (cash subsidy only) for the year plus amortization of the Unfunded Actuarial Accrued Liability (UAAL) and estimated administrative expenses. The Normal Cost is the portion of the Actuarial Present Value of benefits allocated to a valuation year. The UAAL is the excess of the Entry Age Normal Actuarial Accrued Liability over the Market Value of Assets.

The total OPEB liability for the June 30, 2019 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified:

Measurement Date:	<u>June 30, 2018</u>	<u>June 30, 2019</u>	
Discount Rate	7.28%	6.17%	
Investment rate of return	7.28%	6.17%	
Inflation	2.50%	2.50%	
Healthcare cost trend rates	n/a	5.50%	Trending down to 3.84% over 55 years.
Salary Increases	2.75%	2.75%	Additional merit-based increases based on CalPERS merit salary increase tables.
Mortality Rates	Based on CalPERS tables.		

**City of Moreno Valley  
Community Services District**

**Notes to Financial Statements  
For the Year Ended June 30, 2020 (Continued)**

**Note 5 Other Post-Employment Benefits (OPEB) (Continued)**

\*Projections of the sharing of benefit-related costs are based on an established pattern of practice.

\*Experience studies come from the CalPERS Pension Assumption Model, revised May 14, 2018.

\*Inactive employees (retirees) pay for the cost of premiums not covered by the plan.

\*There were no ad hoc postemployment benefit changes (including ad hoc COLAs) to the plan.

***Change in Assumptions***

For measurement date ending June 30, 2019 the discount rate and the investment rate of return decreased to 6.17% from 7.28%.

***Discount rate***

The discount rate used to measure the total OPEB liability was 6.17%. The projection of cash flows used to determine the discount rate assumed that the City contribution will be made at rates equal to the actuarially determined contribution rates. Based on those assumptions, the OPEB plan's fiduciary net position was projected to cover all future OPEB payments. Therefore, the discount rate was determined to be the long-term expected rate of return on OPEB plan investments.

***Long-Term Expected Real Rate of Return***

The long-term expected rate of return on OPEB plan investments was determined using the long-term rates of return developed by the CalPERS Investment Office in their report dated August 18, 2014. The target allocation and best estimates of the arithmetic real rates of return for each major asset class are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
Global Equity	57%	8.71%
Fixed Income	27%	5.40%
Treasury Inflation Protection Securities	5%	5.25%
Real Estate Investment Trusts	8%	10.88%
Commodities	3%	7.95%

**City of Moreno Valley  
Community Services District**

**Notes to Financial Statements  
For the Year Ended June 30, 2020 (Continued)**

**Note 5 Other Post-Employment Benefits (OPEB) (Continued)**

**c. Change in the Net OPEB Liability**

	Net OPEB Liability
Balance as of Report Date June 30, 2019	\$ 823,383
Changes for the year:	
Service cost	48,664
Interest on the total OPEB liability and Actual Experience	163,554 (26,983)
Changes of Assumptions	264,523
Contribution - employer	(128,977)
Net investment income	(90,439)
Other charges	1,469
Administrative expense	317
Net Changes	232,128
Balance as of Report Date June 30, 2020	\$ 1,055,511

**Sensitivity of the Net OPEB Liability to Changes in the discount rate**

The net OPEB liability of the District, as well as what the District's net OPEB liability would be if it were calculated using a discount rate that is one percentage point lower (5.17%) or one percentage point higher (7.17%) follows:

	1% Decrease 5.17%	Discount Rate 6.17%	1% Increase 7.17%
Net OPEB Liability	\$ 1,327,974	\$ 1,055,511	\$ 824,773

**Sensitivity of the Net OPEB Liability to changes in the healthcare cost trend rates**

The net OPEB liability of the District, as well as what the District's net OPEB liability would be if it were calculated using healthcare cost trend rates that are one percentage point lower (4.50%) or one percentage point higher (6.50%) than current healthcare cost trend rates follows:

	1% Decrease 4.50%	Trend Rate 5.50%	1% Increase 6.50%
	Decreasing to 2.84%	Decreasing to 3.84%	Decreasing to 4.84%
Net OPEB Liability	\$ 1,016,459	\$ 1,055,511	\$ 1,100,761

**City of Moreno Valley  
Community Services District**

**Notes to Financial Statements  
For the Year Ended June 30, 2020 (Continued)**

**Note 5 Other Post-Employment Benefits (OPEB) (Continued)**

**d. OPEB Expense and Deferred Inflows and Outflows of Resources Related to OPEB**

For the year ended June 30, 2020, the District recognized OPEB expenses of \$8,099. At June 30, 2020, the District reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 12,978	\$ (23,015)
Changes of assumptions	225,622	(81,743)
Net differences between projected and actual earnings on OPEB plan investments	3,026	-
CSD contribution subsequent to the measurement date	126,540	-
	\$ 368,166	\$ (104,758)

The amount of \$126,540 reported as deferred outflows of resources related to contributions subsequent to the measurement date which will be recognized as a reduction of the net OPEB liability in the year ended June 30, 2021. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized as OPEB expense as follows:

<b>Report Year Ending June 30</b>	
2021	\$ 6,261
2022	30,967
2023	23,276
2024	21,180
2025	25,228
Remaining	29,956

**City of Moreno Valley  
Community Services District**

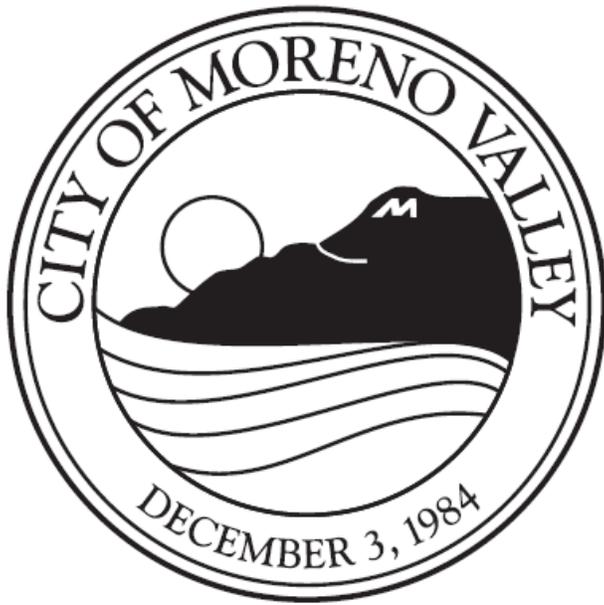

**Notes to Financial Statements  
For the Year Ended June 30, 2020 (Continued)**

**Note 6                    Commitments and Contingencies**

The District is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; and injuries to employees. The City of Moreno Valley established two Self-Insurance Funds (internal service funds) to account for and finance its uninsured risks of loss. Under this program, the self-insurance funds provide coverage for up to a maximum of \$300,000 for each worker's compensation claim and \$250,000 for each general liability claim. The City purchases commercial insurance for claims in excess of coverage provided by the funds and for all other risks of loss. Settled claims have not exceeded this commercial coverage in any of the past three years. All funds of the District participate in the program and make payments to the Self-Insurance Funds based on actuarial estimates of the amounts needed to pay prior and current year claims.

**Note 7                    Subsequent Events**

The District has evaluated events subsequent to June 30, 2020 to assess the need for potential recognition or disclosure in the financial statements. Such events were evaluated through December 10, 2020, the date the financial statements were available to be issued. Based upon this evaluation, it was determined that no subsequent events occurred that require recognition or additional disclosure in the financial statements.
